24 feared dead as dam breach washes away Ratnagiri villages

SUSHANT KULKARNI Chiplun (Ratnagiri), July 3

AT LEAST 10 people were killed and another 14 reported missing after several houses in Chiplun taluka of Ratnagiri district were swept away when the wall of the Tiware dam breached Tuesday night following heavy rains over the last 48 hours.

The Tiware dam in Chiplun, Ratnagiri district of Maharashtra, breached Wednesday after heavy rain, causing a flood-like situation in several villages downstream

The Tiware dam located off the Karad-Chiplun Road, which according to residents was due for repairs, had started overflowing in the evening. Around 9:30 pm, a part of the wall was breached, causing a flood-like situation and subsequently the entire wall of the dam was ruptured from the force of the water.

The resulting tide swept away around 12 houses in the Bhendwad hamlet which had 24 inhabitants. Further downstream, six more villages or hamlets with a population around 3,000 were surrounded by flood water and physically cut off. The affected villages or hamlets are Owai,

Riktoll, Aakale, Daard, Nandivane and Kalakavane.

Local police, fire brigade and the district administration dispatched teams to the spot which along with local residents started the search for those missing around midnight. At least 30 more people living in high-risk areas were evacuated. The National Disaster Response Force (NDRF) has been called in — one NDRF team stationed in

houses in Bhendwad hamlet, located around 300 metres from the dam were washed away. We launched search and rescue around midnight. NDRF has joined in the morning.

Asked whether the 20-year-old dam was due for repairs, Ratnagiri district collector Sunil Chavan said, "Our priority right now is search, rescue and safety of people. But these aspects will be certainly probed, adding that "Based on complaints received or if there are orders from the government, a probe will be conducted."

Local villagers had complained to the irrigation department and the cracks developing in the dam wall. Since May, leakages from these cracks had worsened, said residents. The dam was constructed 20 years ago on the rivulet which is a tributary of Vashahithi river. The dam capacity is 0.08 TMC (one hundred million cubic feet) and collects water from the hill region of the Western Ghats in Ratnagiri and Satara districts.

Cabinet clears Bill to make arbitrators more accountable

THE UNION CABINET on Wednesday cleared a Bill which seeks to make India a hub of domestic and global arbitration for settling commercial disputes, sources said.

The Arbitration and Conciliation (Amendment) Bill 2019 provides for a time-bound settlement of disputes as well as accountability of the arbitrator. A previous bill was cleared by Lok Sabha in August 2018 but could not be passed by Rajya Sabha. The Bill lapsed following the dissolution of the 16th Lok Sabha. Successive governments have been pushing to make India a centre of domestic and international arbitration. The new Bill seeks to provide for

a robust mechanism to deal with institutional disputes, the sources said.

The amendments will facilitate achieving the goal of improving institutional arbitration by establishing an independent body to lay down standards, make arbitration process more friendly, cost-effective and ensure timely disposal of cases. It provides for setting up of an independent body — Arbitration Council of India (ACI) — to frame arbitral institution and accredited arbitrators by laying down norms. The ACI would be mandated to frame rules on how institutions would be graded, norms to be followed and monitoring of quality and performance. —PTI

NCLT clears Airtel fibre business demerger

FE BUREAU New Delhi, July 3

THE NATIONAL COMPANY LAW Appellate Tribunal (NCLT) has approved the scheme of demerger of which Bharti Airtel has transferred its optical fibre business (OFC) business into a separate subsidiary named Teleports Networks Ltd.

The shareholders and creditors of Airtel had earlier approved the demerger proposal. As part of the scheme of arrangement, Airtel shall transfer its OFC business for a lump sum cash consideration of Rs.564.70 crore.

Teleonic will have the option to arrange the funds through internal accruals, external borrowings, loans or proceeds from issuance of equity shares. "However, the overall consideration shall in no event exceed Rs.560 crore," the company had said.

The optical fibre business of Bharti Airtel includes both underground and overground fibres. It is mentioned that Vodafone Idea, too, has got NCLT approval to offload its fibre assets into a separate entity named Vodafone Towers. Airtel had also asked Vodafone Idea to combine their fibre assets with the new entity in order to achieve capacity.

"We will have our fibre company in place and in that we have invited Vodafone to come and join. The invitation is on the same lines of Indus Towers where Vodafone and Idea, CellC, have stakes. Currently, Teleonic is a subsidiary of Airtel and if Vodafone wants to come, there will be a new structure," Bharti Airtel chairman Sunil Bharti Mittal had said a few months ago.

Airtel has around 2.46-lakh route kilometre fibre assets and in case both the companies decide to form a joint venture, it will give tough competition to Reliance Jio, which has fibre to the tune of 3.16 lakh route kilometres. As per estimates, Vodafone Idea has around 1.56 lakh route kilometre of fibre assets.

In its affidavit submitted to NCLT, the Department of Telecommunications (DoT) has mentioned dues of Rs.71.14 crore, one time spectrum charges (OTSC) of Rs.5.13 crore, one time spectrum charges (OTSC) of Rs.4.14 crore and deferred

NOTICE BEFORE THE REGIONAL DIRECTOR, WESTERN REGION, NEW DELHI
