NOTES:

1. In view of the outbreak of the COVID-19 pandemic, social distancing norm and continuing restriction on movement of persons at several places in the country and pursuant to General Circular Nos.14/2020, 17/2020 and 20/2020 dated April 8, 2020, April 13, 2020 and May 5, 2020 respectively, issued by the Ministry of Corporate Affairs (“MCA Circulars”) and Circular No. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020 issued by the Securities and Exchange Board of India (“SEBI Circular”) and in compliance with the provisions of the Companies Act, 2013 (“the Act”) and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”), the 27th AGM of the Company is being conducted through VC/OAVM Facility, which does not require physical presence of Members at a common venue. The deemed venue for the 27th AGM shall be Registered Office of the Company.
2. Details as required in sub-regulation (4) of Regulation 26 and sub-regulation (3) of Regulation 36 of the SEBI Listing Regulations and Secretarial Standard on General Meeting (SS-2) of ICSI, in respect of Director seeking appointment / reappointment at the 27th AGM, forms integral part of the Notice of the 27th AGM as Annexure. Requisite declarations have been received from the Directors for seeking appointment/ re-appointment.
3. In terms of the MCA Circulars since the physical attendance of Members has been dispensed with, there is no requirement of appointment of proxies. Accordingly, the facility of appointment of proxies by Members under Section 105 of the Act will not be available for the 27th AGM. However, in pursuance of Section 112 and Section 113 of the Act, representatives of the Members may be appointed for the purpose of voting through remote e-Voting, for participation in the 27th AGM through VC/OAVM Facility and e-Voting during the 27th AGM.
4. The Members may join the 27th AGM through VC/ OAVM Facility by following the procedure mentioned herein below in the Notice which shall be kept open for the Members from 10:45 A.M. IST i.e. 15 (fifteen) minutes before the time scheduled to start the 27th AGM and the Company may close the window for joining the VC/OAVM Facility 15 (fifteen) minutes after the scheduled time to start the 27th AGM. Members may note that the VC/ OAVM Facility, allows participation of at least 1,000 Members on a ‘first come first served’ basis. The large Shareholders (i.e. shareholders holding 2% or more), promoters, institutional investors, directors, key managerial personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, auditors etc. can attend the 27th AGM without any restriction on account of ‘first come first served’ basis
5. The attendance of the Members participating in the 27th AGM through VC/ OAVM Facility shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
6. Voting rights shall be reckoned on the paid-up value of shares registered in the name of member/beneficial owners (in case of electronic shareholding) as on the cut-off date i.e. Wednesday, September 23, 2020.

7. In view of the outbreak of the COVID-19 pandemic, resultant difficulties involved in dispatching of physical copies of the Annual Report and in line with the MCA Circulars issued by the MCA and SEBI Circular, the Annual Report for the year 2019- 20 including Notice of the 27th AGM of the Company, inter alia, indicating the process and manner of e-voting is being sent only by Email, to all the Members whose Email IDs are registered with the Company/ Registrar and Share Transfer Agent or with the respective Depository Participant(s) for communication purposes to the Members and to all other persons so entitled.

Further, in terms of the applicable provisions of the Act, SEBI Listing Regulations read with the MCA Circulars issued by MCA and SEBI Circular, the Annual Report including Notice of the 27th AGM of the Company will also be available on the website of the Company at www.yashmanagement.in. The same can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited at www.bseindia.com, and on the website of CDSL (agency for providing the remote e-voting facility and e-voting system during the 27th AGM) i.e. www.evotingindia.com

8. The Register of Members and Share Transfer Books of the Company will remain closed from Wednesday, September 23, 2020 to Wednesday September 30, 2020 (both days inclusive) for annual closing.
9. Since the 27th AGM will be held through VC/OAVM Facility, the Route Map is not annexed in this Notice.
10. Members holding shares in electronic form are requested to intimate immediately any change in their address or bank mandates to their Depository Participants with whom they are maintaining their demat accounts. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL ECONOMY

The outbreak of pandemic Covid-19 all over the world has disturbed the political, social, economic, religious and financial structures of the whole world. World's topmost economies such as the US, China, UK, Germany, France, Italy, Japan and many others are at the verge of collapse. Besides, Stock Markets around the world have been pounded. Many experts on economic and financial matters have warned about the worsening condition of global economic and financial structure as **"a recession at least as bad as during the Global Financial Crisis or worse"**. Moreover, Covid-19 is harming the global economy because the world has been experiencing the most difficult economic situation since World War-II. When it comes to the human cost of the Corona virus pandemic it is immeasurable therefore all countries need to work together with cooperation and coordination to protect the human beings as well as limit the economic damages. For instance, the lockdown has restricted various businesses such as travelling to contain the virus consequently this business is coming to an abrupt halt globally. The spread of the epidemic is picking up speed and causing more economic damages. It also observed that the economic recovery from this fatal disease is only possible by 2021 because it has left severe impacts on the global economy and the countries face multiple difficulties to bring it back in a stable condition. Most of the economists have already predicted about the recession to happen because there is no surety and still no one knows that how for this pandemic fall and how long the impact would be is still difficult to predict. The pandemic crisis is challenging governments to implement monetary and fiscal policies that support credit markets and sustain economic activity.

INDIAN ECONOMY

The COVID-19 outbreaks in India and two months of lockdown longer in some areas have led to a sudden stop in the economy. The India Economy is witnessing a significant slowdown, with GDP growth at 4.7% in Q3 2019-20, its lowest in nearly seven years. The COVID-19 outbreak has compounded the challenges and could send the economy hurtling toward a recession

The economic impact of the 2019–20 coronavirus pandemic in India has been largely disruptive. The World Bank and credit rating agencies have downgraded India's growth for fiscal year 2021 with the lowest figures India has seen in three decades since India's economic liberalization in the 1990s. The former Chief Economic Advisor to the Government of India has said that India should prepare for a negative growth rate in FY21. However, the International Monetary Fund projection for India for the Financial Year 2021-22 of 1.9% GDP growth is the highest among G-20 nations.

The Government of India is aiming to attract companies that wish to move out of China or are looking for an alternative to China

The Prime Minister, in an address to the nation, said that the coronavirus crisis should be seen as an opportunity, laying emphasis on domestic products and "economic self-reliance", an Atmanirbhar Bharat through an Atmanirbhar Bharat Abhiyan. The aim of an Atmanirbhar Bharat Abhiyan is to "spur growth" and "self-reliance India". The 'Self-reliant India Mission' is a repackaged version of Make in India.

RISK AND CONCERNS

- The pandemic and consequent lockdown have hit various sectors, including MSME, hospitality, civil aviation, agriculture and allied sector.
- The pandemic has paralyzed economies, compelling businesses to re-evaluate their strategies. Companies will need to build their financial muscle and focus on developing a lean structure to stir through the uncertain business environment.
- The global nature of the outbreak, coupled with its high intensity and long duration, is expected to change the business landscape by way of shift in trade flows, investments and consumption patterns. Hence, the priority for businesses should be to draft a comprehensive action and recovery plan to mitigate the risks and address the main challenges.
- Restrictions on travel and hospitality services have wreaked havoc on the bulk institutional sales and foodservice businesses of the FMCG companies.

- Since the imposition of the nationwide lockdown, FMCG companies and retailers are dealing with challenges primarily around three highly interconnected issues: surge in demand & depletion of inventory, reduction in workforce, and supply chain disruption.
- The impact on the all sectors would be long-term, reflected in the decline in revenue due to the low utilization of assets. Cash flows and working capital of firms will also remain strained.
- With social distancing becoming a norm, at least for the next few more months, both travel & tourism and entertainment sectors are not expected to recover soon. Furthermore, unemployment and fall in income levels would aggravate the situation.
- The nationwide lockdown in India will have a sizeable impact on the economy mainly on consumption which is the biggest component of GDP.
- Reduction in the urban transaction can lead to a steep fall in the consumption of non-essential goods. It can be severe if disruption causes by the nationwide lockdown and affect the availability of essential commodities.
- Due to weak domestic consumption and consumer sentiment, there can be a delay in investment which further add pressure on the growth.

OPPORTUNITIES & THREATS

- Post-COVID-19, some economies are expected to adopt de-risking strategies and shift their manufacturing bases from China. This can create opportunities for India. Opportunities will largely depend on how quickly the economy recovers and the pace at which the supply chain issues are addressed.
- India could potentially lead the change in a post-COVID world with its vast array of engineers and investment opportunities.
- We are going through a restart in a lot of respects globally where everything that we used to do for business does not really work anymore. We are trying to evolve how we do business, dealing with more people and having to stay at home. So post-COVID for us is about opportunity. It is about talking to entrepreneurs, talking to people and employees and looking for new ideas on how we can do business.
- Because of the coronavirus crisis which originated from Wuhan, China, several companies are looking to move out of China. In fact, the Japanese government has allocated an economic stimulus package of \$2.2 billion to help its manufacturing firms shift production out of China, where supply chains have been disrupted due to pandemic. India is planning to attract some of these companies looking to diversify their manufacturing units and supply chains.
- US and Japan – deemed as the two major manufacturing hubs of the world – who had so far made deep investments in China, will be looking towards alternate hotspots. India is on top of their list. This could be a turning point in the development of India, emphasizing that it's only possible if the political and business leadership continue to display the resoluteness and agility that they have demonstrated in handling the pandemic.
- **“Disruption is always an opportunity,”** and it all depends on what one makes of these new possibilities. Prime Minister Narendra Modi unveiled a comprehensive package to make India self-reliant as it battles the covid-19 pandemic. This is worth almost 10% of the nation's GDP.
- India MSME and other companies often faced unfair competition from foreign companies. Therefore, global tenders will be disallowed in Government procurement tender up to Rs. 200 Crore. This will be a step towards Self Reliant India and support Make in India. This will also help MSME to increase their business.

FUTURE OUTLOOK

Global Economy in Recession in - 2020

Global growth is projected at 3.0 percent in 2020, an outcome far worse than during the 2009 global financial crisis. The growth forecast is marked down by more than 6 percentage points relative to the October 2019 World Economic Outlook (WEO) and January 2020 WEO Update projections an extraordinary revision over such a short period of time.

Severe Risks of a Worse Outcome

Even after the severe downgrade to global growth, risks to the outlook are on the downside. The pandemic could prove more persistent than assumed in the baseline. Moreover, the effects of the health crisis on economic activity and financial markets could turn out to be stronger and longer lasting, testing the limits of central banks to backstop the financial system and further raising the fiscal burden of the shock. Of course, if a therapy or a vaccine is found earlier than expected, social distancing measures can be removed and the rebound may occur faster than anticipated.

INDEPENDENT AUDITORS' REPORT

To the Members of

Yash Management & Satellite Limited.

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the Standalone financial statements of **Yash Management & Satellite Limited** (the 'Company'), which comprise the Balance Sheet as at March 31, 2020, and the Statement of Profit and loss (including other comprehensive income), the statement of Changes in Equity and the Statement of Cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the company (Indian Accounting Standards) Rules, 2015 as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and its loss, total comprehensive income, the changes in Equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under section 143 (10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (the 'ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on financial statement.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. There are no key audit matters to be communicated in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

- The Company's management and the Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair

view of the financial position, financial performance including other comprehensive income, changes in Equity and cash flows of the Company in accordance with the Ind AS and Other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making Judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and Completeness of the accounting records, relevant to the preparation and presentation of the financial Statements that give a true and fair view and are free from materials misstatement, whether due to fraud or error.

In preparing the financial statements, management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 (the Order) issued by the Central Government in terms of Sub-section (11) of Section 143 of the Act, we enclosed in the Annexure A statement on matters specified in paragraph 3 & 4 of the said order.

As required by Section 143 (3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, the statement of changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2020 and taken on record by the Board of Directors, we report that none of the directors is disqualified as on March 31, 2020 from being appointed as a directors in terms of section 164(2) of the Act.
- f) Report on the Internal Financial Controls under Clause (1) of Sub-section 3 of section 143 of the companies Act, 2013 ("the Act") is enclosed as an Annexure B to this report.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE 1

TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF YASH MANAGEMENT & SATELLITE LIMITED

With reference to the Annexure A referred to in the Independent Auditors' report to the members of YASH MANAGEMENT & SATELLITE LIMITED ('the Company') on the standalone financial statements for the year ended March 31, 2020 we report the following:

1. In respect of its fixed assets:
 - a. The Company is maintaining proper records showing full particulars including quantitative details and situation of fixed assets.
 - b. The Company has a regular program of physical verification of fixed assets which is, in our opinion, reasonable having regard to the size of the Company and the nature of its assets. In accordance with this program, certain fixed assets have been physically verified by the management during the year and no material discrepancies have been noticed on such verification.
 - c. Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to information and explanations given by the management, the title deeds of immovable properties are held in the name of the Company.
2. The inventory has been physically verified during the year by the management. In our opinion, the frequency of verification is reasonable. There were no material discrepancies noticed on physical verification of inventories as compared to the book records.
3. As explained to us, the company had not granted any loans, secured or unsecured, to any companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Act and hence provisions of Clause 3(iii) of the aforesaid Order are not applicable to the Company.
4. In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013, as applicable, in respect of loans, investments, guarantees, and security.
5. In our opinion and according to the information and explanations given to us, the Company has not accepted deposits from the public within the meaning of Sections 73 to 76 of the Act and the Rules framed thereunder to the extent notified. In respect of unclaimed deposits the Company has complied with the provisions of Sections 74 and 75 or any other relevant provisions of the Act.
6. In our opinion and according to the information and explanations given to us maintenance of cost records under sub-section (1) of the Section 148 of the Companies Act, 2013 has not been prescribed by the government.
7.
 - a. According to the records of the Company, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income tax, sales tax, wealth tax, duty of customs, duty of excise, value added tax, Goods and Service tax or cess and other statutory dues applicable to it. No undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, sales tax, wealth tax, duty of customs, duty of excise, value added tax, Goods and Services tax or cess and other statutory dues were outstanding, as at March 31, 2020, for a period of more than six months from the date they became payable.
 - b. According to the records of the Company and information and explanations given to us no dues of income tax, sales tax, wealth tax, service tax, duty of customs, duty of excise, value added tax or cess that have not been deposited on account of any disputes.
8. In our opinion and according to the information and explanation given to us, the Company has not defaulted in the repayment of dues to banks.
9. The Company has not raised any money by way of initial public offer, further public offer (including debt instruments) and term loans and hence provisions of Clause 3(ix) of the aforesaid Order are not applicable to the Company.

10. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.
11. The Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provision of the Section 197 read with Schedule V of the Act.
12. The Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to the Company and hence provisions of Clause 3(xii) of the aforesaid Order are not applicable to the Company.
13. According to the information and explanations given to us and based on our examination of the records of the company transactions with related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the financial statements etc. as required by the applicable accounting standards.
14. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence provisions of Clause 3(xiv) of the aforesaid Order are not applicable to the Company.
15. According to the information and explanations given to us and based on our examination of the records of the company, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the order is not applicable.
16. The company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE 2

TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF YASH MANAGEMENT & SATELLITE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Yash Management & Satellite Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the financial statements for the year ended March 31, 2020

Basis of preparation:

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (referred to as Ind-AS) as prescribed under section 133 of the Companies, Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of the accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been applied consistently over all the periods presented in these financial statements.

The Company's financial statements are reported in Indian Rupees, which is also the Company's functional currency, and all values are rounded to the nearest Thousand (INR 000), except when otherwise indicated.

1. Summary of significant accounting policies:

a) Classification of Current and Non-Current

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- i. Expected to be realized or intended to sold or consumed in the normal operating cycle.
- ii. Held primarily for the purpose of trading
- iii. Expected to be realized within twelve months after the reporting period, or
- iv. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- i. It is expected to be settled in normal operating cycle
- ii. It is held primarily for the purpose of trading
- iii. It is due to be settled within twelve months after the reporting period, or
- iv. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b) Use of Judgements, Estimates and Assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

c) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for customer returns.

The following specific recognition criteria must also be met before revenue is recognised:

Sale of services

The Company recognizes revenue on accrual basis when the significant terms of the arrangement are enforceable, services have been delivered and the collectability is reasonably assured. The method of recognizing the revenues and costs depends on the nature of the services rendered. Revenue is recognized when no significant uncertainty exists as to its realization or collection.

Notes to the financial statements for the year ended 31st March 2020

Sale of goods

Revenue from sale of goods are recognised when significant risks and rewards of ownership are passed to the buyer, which generally coincides with dispatch of goods. However, Goods & Service tax (GST) is not received by the Company on its own account. Rather, it is tax collected on value added to the commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue.

Interest & Dividend income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition and dividend income is recognised when the Company's right as a shareholder/unit holder to receive payment is established by the reporting date.

Rental Income

Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in other income in the statement of profit or loss.

d) Inventories

Inventories consist of traded goods and are valued at lower of cost and net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a first in first out basis. Net realisable value is the estimated selling price in the ordinary course of business.

e) Taxes

Current income tax

Income tax expense comprises current and deferred taxes. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items recognized directly in equity, in which case it is recognized in equity.

Current Tax is the amount of tax payable on the taxable income for the year and is determined in accordance with the provisions of the Income Tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company. The carrying amount of MAT is reviewed at each reporting date and the asset is written down to the extent the Company does not have convincing evidence that it will pay normal income tax during the specified period.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and written off to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or

Notes to the financial statements for the year ended March 31, 2020

substantively enacted at the reporting date. Deferred tax relating to items recognised outside the Statement of profit and loss is recognised outside Statement of profit and loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

f) Employee Benefits

Short term employee benefits:

Short term employee benefits includes short term compensated absences which is recognized based on the eligible leave at credit on the Balance Sheet date, and the estimated cost is based on the terms of the employment contract.

Other defined contributions Plan are not applicable to the company since there are no employees eligible for retirement and other employees benefits.

g) Foreign Currency Transactions and Translations:

The Company's financial statements are presented in INR, which is also the Company's functional currency.

Initial recognition

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at the average rates that closely approximate the rate at the date of the transaction.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Treatment of Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements are recognised as income or as expenses in the year in which they arise.

h) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares, if any.

i) Property, Plant and Equipment and intangible fixed assets

The Company has elected to adopt the carrying value of Property, Plant and Equipment under the Indian GAAP as on March 31, 2016, as the deemed cost for the purpose of transition to IND AS.

Property, Plant and Equipment are stated at original cost net of tax/duty credit availed, less accumulated depreciation/amortisation and impairment losses, if any. The cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Capital work-in-progress includes cost of property under construction as at the balance sheet date.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance.

Notes to the financial statements for the year ended 31st March 2020

Gains and losses arising from disposal of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the property, plant and equipment and are recognised in the statement of profit and loss when the property, plant and equipment is derecognised.

j) Depreciation and amortisation:

Depreciation is provided using the straight line method as per the useful lives of the assets estimated by the management as follows:

Assets	Useful life (in Year)
Building	60
Furniture and fittings	10
Office equipment	5
Computers	3
Air Conditioner (Plant & Machinery)	10
Editing Equipment	13
Vehicles (Motor cars /Motor Cycle)	8 / 10

k) Impairment of Non - Financial Assets

As at each balance sheet date, the Company assesses whether there is an indication that an asset may be impaired and also whether there is an indication of reversal of impairment loss recognized in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, if any, the Company determines the recoverable amount and impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount.

l) Investment Properties

The Company has elected to adopt the carrying value of Investment property under the Indian GAAP as on 31st March 2016, as the deemed cost for the purpose of transition to IND AS.

Investment property represents property (land or a building or part of a building or both) held by the owner to earn rentals or for capital appreciation or both.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated impairment loss, if any. Repair and maintenance costs are recognised in Statement of profit and loss as incurred.

Though the Company measures investment property using cost basis measurement, the fair value of investment property is disclosed in the notes. Fair values are determined on basis of ready reckoner rate notified by Govt. of that states every year.

Investment properties are derecognized when either they have been disposed off or when the investment property is permanently withdrawn from use and no future economic benefit from its disposal.

The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the statement of profit and loss in the period of derecognition.

m) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of

Notes to the financial statements for the year ended March 31, 2020

the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

n) Provision

Provisions are recognised when the Company has a present obligation, legal or constructive, as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

o) Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. The Company does not recognize a contingent liability but discloses its existence in the financial statements. Payments in respect of such liabilities, if any are shown as advances.

p) Fair value measurement

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

Fair value for measurement and /or disclosure purpose in these financial statements is determined on such a basis, except for measurements that have some similarities to fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36, if any.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

q) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand including cheques on hand and short-term investments with maturity date of three months or less, which are subject to an insignificant risk of changes in value.

r) Cash flow statement

Cash flows are presented using indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from operating, investing and financing activities of the Company is segregated based on the available information

Notes to the financial statements for the year ended 31st March 2020

s) Exceptional Items

Exceptional items are disclosed separately in the financial statements where it is necessary to do so to provide further understanding of the financial performance of the Company. These are material items of income or expense that have to be shown separately due to their nature or incidence.

t) Financial instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets:

Initial recognition and measurement:

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified in two broad categories:

- Financial assets at fair value
- Financial assets at amortised cost

Where assets are measured at fair value, gains and losses are either recognised entirely in the statement of profit and loss (i.e. fair value through profit or loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income).

A financial asset that meets the following two conditions is measured at amortised cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

• **Business model test:** The objective of the Company's business model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realise its fair value changes).

• **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset that meets the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option.

• **Business model test:** The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.

• **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Even if an instrument meets the two requirements to be measured at amortised cost or fair value through other comprehensive income, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as an 'accounting mismatch') that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

All other financial asset is measured at fair value through profit or loss.

All equity investments are measured at fair value in the balance sheet, with value changes recognized through 'other comprehensive income'.

Notes to the financial statements for the year ended March 31, 2020

If an equity investment is not held for trading, an irrevocable election is made at initial recognition to measure it at fair value through other comprehensive income with only dividend income recognised in the statement of profit and loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either;
 - a) the Company has transferred substantially all the risks and rewards of the asset, or
 - b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability.

The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

The Company assesses impairment based on expected credit losses (ECL) model to the following:

- Financial assets measured at amortised cost;
- Financial assets measured at fair value through other comprehensive income (FVTOCI); Expected credit losses are measured through a loss allowance at an amount equal to:
 - the 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
 - full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables

Under the simplified approach, the Company does not track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-months ECL is used to provide for impairment loss. However, if credit

Notes to the financial statements for the year ended 31st March 2020

risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognising impairment loss allowance based on 12-months ECL.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

(ii) Financial liabilities:

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as loans and borrowings, or payables, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another or from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Re-classification of financial assets

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a re-classification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

(iii) Off-setting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis to realise the assets and settle the liabilities simultaneously.

Notes to the financial statements for the year ended March 31, 2020

(iv) Equity Instruments

The Company subsequently measures all equity investments at fair value. There are two measurement categories into which the Company classifies its equity instruments:

Investments in equity instruments at FVTPL:

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for equity instruments which are not held for trading.

Investments in equity instruments at FVTOCI:

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserve for 'equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to Statement of Profit and Loss on disposal of the investments.

34 Financial Instruments, Risk Management Objectives & Policies

The Company's principal financial liabilities, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The management assures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

a Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings.

The below assumption has been made in calculating the sensitivity analysis:

(1) The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2020 and March 31, 2019.

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of financial instrument will fluctuate due to change in market interest rates. The company is not exposed to any significant interest rate risk as at the respective reporting dates.

b Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivables and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

Notes to the financial statements for the year ended March 31, 2020

(All amounts are in Rs. "000", except for share data or as otherwise stated)

Trade Receivables:

Outstanding customer receivables are regularly monitored. An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The calculation is based on exchange losses historical data. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets.

Credit risk from balances with banks is managed by the company's senior management.

c Liquidity risk

Liquidity risk is the risk that an enterprise will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from inability to sell a financial asset quickly at close to its fair value. Liquidity risk is managed by monitoring on a regular basis that sufficient funds are available to meet any future commitments.

The table below summarises the maturity profile of the company's financial liabilities based on contractual undiscounted payments.

35 Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the company. The primary objective of the company's capital management is to maximise the shareholder value.

The company manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents.

Gearing Ratio:

36 Fair value measurements

The Company's certain financial assets are measured at fair value at the end of each reporting period. The following table gives information about the valuation technique(s), inputs used and the fair value hierarchy used in determining such fair values.

Financial Assets	Fair value as at		Fair value hierarchy	Valuation technique(s) and key input(s)
	March 31, 2020	March 31, 2019		
Investment in equity instruments at FVTOCI (quoted) (refer note below)	47,948.69	56,985.74	Level 1	Quoted bid prices in an active market

Note:

These investments in equity instruments are not held for trading. Instead, they are held for medium and long-term purpose. Upon the application of Ind AS 109, the Company has chosen to designate these investments in equity instruments as at FVTOCI as the management believe that this provides a more meaningful presentation than reflecting changes in fair value immediately in profit or loss.
