Mobile phone exports top ₹90,000 cr in FY23

Surpasses estimated ₹75,000 crore, says industry body

FE BUREAU New Delhi, April 12

INDIA'S MOBILE PHONE exports doubled year-on-year to ₹90,000 crore in FY23, surpassing the estimated ₹75,000 crore, the India Cellular and Electronics Association (ICEA) said on Wednesday.

FE was the first to report on March 17 that exports will cross the targeted ₹75,000 crore mark, with Apple all set to export iPhones in excess of ₹37,000 crore.

"With the doubling of exports of smartphones to more than \$11 billion, India is well on its way to become a leader in the mobile device market of the world and play a major role in electronics exports. This is a major win for PM Narendra Modi's Make in India programme," said Union minister Ashwini Vaishnaw on the record smartphone exports from India.

A robust growth in the mobile phone exports was led by strong performance of Apple and Samsung, which got a boost from the production-linked incentive (PLI) scheme for mobile phones. With strong BEATING

With strong growth during the year, mobile exports now account for 46% of overall electronic goods exports

growth during the year, mobile phone exports now account for 46% of the overall electronic goods exports, thereby playing a prominent role in India's electronics export market, ICEA said. The total exports of electronic goods in FY23 increased 58% YoY to estimated ₹1.85 trillion from ₹1.17 trillion in FY22.

"No economy or sector in the economy can become a great

and vibrant global economy without large exports. The mobile phone export juggernaut continues," said Pankaj Mohindroo, chairman, ICEA. "The outstanding performance of the PLI for mobile phones serves as an inspiration for other electronic segments to emulate this success in increasing manufacturing and exports," Mohindroo added.

For Apple, FY23 was the best in terms of growth in exports from India and contribution to the Made in India smartphone shipments.According to industry estimates, the company has surpassed exports worth ₹40,000 crore in FY23, which was a fourfold growth from the last year. In March, Apple made record exports of iPhones from India at \$1.14 billion (over ₹8,200 crore), surpassing its earlier record export in December 2022. According to the ICEA, the exports in FY23 was led by Apple and the top exporting destinations for mobile phones include the UAE, the US, Netherlands, the UK and Italy.

"By fostering a collaborative environment between the industry and the government, we can create new opportunities for growth and innovation, ultimately fulfilling the ambitious vision of \$300 billion for the electronics sector by 2025-26,"

Hilton, Dangayach Group to bring Waldorf Astoria to India

New Delhi, April 12

HILTON AND DANGAYACH Group on Wednesday announced the launch of Waldorf Astoria Jaipur, marking the debut of Waldorf Astoria Hotels & Resorts in India. The signing of a branding and management pact was held in Bengaluru.

Waldorf Astoria comprises a portfolio of more than 30 iconic properties across the globe. The luxury brand is on a growth path with a pipeline of 27 properties across the world.

Commenting on the development, Christopher J Nassetta, president & chief executive officer of Hilton, said, "We are excited to partner with Dangayach Group to bring Waldorf Astoria Jaipur to life. India is a

key market for Hilton, and this hotel will set a new benchmark for luxury in Jaipur. Jaipur has a rich culture and history, home to many architectural jewels, and we look forward to creating unforgettable experiences in this incredible landscape."

Waldorf Astoria Jaipur will be spread over 22 acres and will overlook the Aravalli Hills. It will include 51 expansive pool villas and 174 rooms, besides Peacock Alley, the iconic lounge and bar synonymous with the Waldorf Astoria brand.

PhonePe raises additional funding of \$100 mn from General Atlantic

SALMAN SH Bengaluru, April 12

FINTECH DECACORN PHONEPE on Wednesday secured an additional \$100 million in funding from General Atlantic, a notable investor that had previously injected \$350 million into the company in January.

With the latest capital infusion, PhonePe's total fundraisinghas touched \$750 million in just three months despite the ongoing funding winter.

Marquee global and Indian investors are also expected to participate in the ongoing round, which will go up to \$1 billion in multiple tranches, according to an earlier company statement.

In the ongoing round, PhonePe is seeking a pre-money valuation of \$12 billion, more than double the public market valuation of its close competitor Paytm. The fresh funding also makes PhonePe one of the mostvalued consumer internet firms alongside others such as Byju's, Swiggy, OYO Rooms, Ola and

PhonePe's potential \$1-billion fundraising also comes at a time when the global startup ecosystem has been going through a funding slowdown. Both global and domestic investors have turned conservative after the tech stock crash in the India and US markets. Startups in India raised a total of \$24 billion in CY22, a drop of 33% in comparison to CY21. However,

twice the funds raised in CY20 and CY19 each, according to a recent PwC India report.

The fundraiser follows PhonePe's recently announced change of domicile to India and full separation from its parent firm, Flipkart. In December 2022, Flipkart and PhonePe announced a full ownership separation of PhonePe, which involved hiving of the digital payments firm into a separate entity. Both entities will, however, operate under the USbased Walmart. After a partial separation

from Flipkart in December

2020, a number of Flipkart shareholders, led by Walmart, acquired shares. This move, according to both entities, will allow them to "chart their own growth paths, build their businesses independently and help unlock maximise enterprise value for shareholders". Phone Pe plans to deploy the new funds to make significant investments in infrastructure, including the development of data centres and help build financial services offerings at scale in the country. The company also plans to invest in new businesses, including insurance, wealth management and lending.

deadline

Mumbai, April 12 THE LENDERS TO debt-laden Reliance Capital (RCap) have received the bankruptcy court's approval to extend the deadline for completion of the resolution process to July 16. This is a 91 day extension to the current de adline, that was extended mul tiple times, ending on April 16.

Earlier this week, RCap's administrator had moved the National Company Law Tribunal's (NCLT's) Mumbai bench, seeking another extension, as it would be difficult to wind up the process within the stipulated time frame.

"The initial plan was to extend it to May-end, but with the deadline for the e-auction also extended, the CoC now requires more time to conclude the entire process. Following the completion of the e-auction, the administrator needs time to verify the bids, finalise the winner based on the entire resolution plan and get all necessary regulatory approvals," a source close to the development said.

TCS Q4 profit up 5%, revenue growth muted

Krithivasan said the demand environment was good and the company's fourth quarter order book position of \$10 billion Total Contract Value (TCV) is on back of all-time high number of large deals.

TCS posted a 14.7% y-o-y rise in net profit from ₹9,926 crore posted in the same quarter a year ago, while revenues rose 16.9% from ₹50,591 crore.

For the fourth quarter, TCS' operating margins stood at 24.5%, compared with 24.1% a year ago. Its net margins stood at 19.3% in Q4, expanding from 18.6% of the preceding quarter.

"FY23 was a year of transition, as supply-side challenges abated while pandemicdepressed travel and discretionary spends normalised. We navigated this change well, without slowing down our investments in our people, research and innovation and intellectual property. Our longer-term competitiveness remains intact, giving us industry-leading profitability even as we pursue our growth aspirations," TCS CFO

Samir Seksaria said. "During Q4 and through the

year, we successfully delivered transformation programmes of varying size and scale. Cloud and Data continue to generate huge demand both internally from a talent perspective and externally from a solutions point of view," TCS chief operating officer and executive director N Ganapathy Subramaniam said.

Corporate colossus and a gentle soul And this in a year when the

company went in for reduction in the number of employees because of competitive pressures. The entire process was done in a humane manner: workers were first explained the reasons for the layoff decision and were offered full pay even if they stayed at home till the company could find them alternative job opportunities.

The KC Mahindra Trust under his stewardship has been focusing heavily on inclusive growth and educating girls by setting up vocational schools and providing scholarships to the needy. The Mahindra group

has also established the United World College in Pune. A lot of his philanthropic work, however, went largely unnoticed as he always preferred to shun the limelight.

That he stood for principle all his life is undisputed, the most famous example being his decision to turn down a Padma Bhushan because the Union Carbide gas leak trial was still going on. He was the non-executive chairman of Union Carbide India in 1984 when one of the world's biggest industrial disasters happened. But subsequent court hearings were still not over.

During his chairmanship, the Mahindra Group grew from a manufacturer of automobiles to a federation of companies operating in a range of businesses including automobiles, tractors, auto components, real estate, financial services and hospitality. When liberalisation

happened in 1991, Keshub Mahindra wasn't too happy with the speed at which the market was opened up to foreign players and was part of the so-called Bombay Club which demanded a level

soon enough that the process was irreversible and quickly undertook a radical reengineering of M&M's shop floor, a restructuring of its corporate core and a refocusing of its strategy around a smaller group of businesses. Deliberate decisions were made to sell off its oil drilling, a highly profitable division, and business machines businesses. The corporate mission really was in the area of vehicle production where he saw M&M can become globally competitive. He was also one of the first

Indian industrialists to put in place a professionally run structure at a family-owned enterprise. When relinquished his executive position in 1979, BR Sule took over as managing director.

The Cabinet minister offer notwithstanding, Keshub Mahindra had several run-ins with the government. In 1979, he relinquished his executive position at M&M protesting the government's plan to cap executive salaries. His reasoning: the government has no business to get into micro-managing business.

His initial opposition to reforms notwithstanding, he also became a strong advocate against the licence-permit raj when the government stopped him from realising a personal passion: a pure made-in-India car. His plans to tie up with Renault in the 1950s and with Peugeot in the 1980s were also thwarted. That ambition was realised much later when Mahindras partnered with Ford. Such problems, however,

didn't stop the governments from benefitting from his sage advice. He started the Housing and Urban Development Corporation (HUDCO) and ran it for over six years. Besides, he was appointed on many committees, including the Sachar Commission on company law & MRTP, and was a member of the Prime Minister's Council on Trade & Industry from 2004 to 2010.

Just a few days ago,

Mahindra re-entered the Forbes list of billionaires with a net worth of \$1.2 billion. In fact, he was ranked India's oldest billionaire — something he obviously couldn't care less about. For, the gentle corporate giant never wore his wealth on his sleeve.
