MANAGEMENT DISCUSSION & ANALYSIS REPORT

INDUSTRY SCENARIO, STRUCTURE & DEVELOPMENTS:

• STATIONERY BUSINESS

Conventionally, stationery stands for a wide gamut of materials like paper, office supplies, writing implements, greeting cards, etc. However, as per the contemporary definition of the term, 'stationery' more specifically relates to materials used for formal or personal correspondence. Stationery industry occupies a prestigious position among the various manufacturing enterprises, in view of its significant contribution to the society. Role of paper & stationery in promotion of literacy and education makes it an indispensable product. The Indian stationery industry comprises of a wide variety of products and categories. It can roughly be classified into paper products, writing instruments, computer stationery, school stationery, and office stationery and so on.

From childhood and early education to employment and beyond, stationery products touch every stage of life. Products such as pens, pencils, papers and other accessories have a place in homes, offices, businesses and classrooms around the world. The stationery market evolved over the years to offer a wide array of products catering to different consumer segments. While education sector drives significant demand for basic stationery products, office supplies too have been contributing considerably to the market. While carbon paper, inked ribbons, mailing supplies, and writing instruments have been a common feature in office since long, modern enterprise sector, typically corporate and branch office have been generating substantial demand for products such as marking devices, writing pads, binders, and party goods, among others. Health of enterprise sector, as represented by number of new office starts and branch expansions typically dictate growth patterns in office use stationery supply market.

It is always a pleasure to own a set of quality stationery. Fashionable and modern writing equipment's are a matter of pride to the owner. Durability and endurance coupled with good quality is what the organized players in the stationery industry are offering today, thereby signaling a revolution of sorts, much to the delight of the customer. The need for good stationery has increased and the organized players are cashing in on the customers' quality demands.

Stationery products market in India has expanded considerably in the recent years driven by the growth in the literacy rates, increased enrollment and increasing corporate offices. The stationery industry has a number of domestic players who are consolidating their presence to cater to the pan India market. Players are sprucing up their distribution and marketing strategies and are focusing on branding and promotional activities to reach a wider audience. Design and aesthetic appeal of stationery products are now a focus area as a key product differentiator with a view to build brand loyalty. Organized retail channels have aided growth in the stationery market and a few players have also set up exclusive brand outlets for their product range.

Multinational stationery manufacturers are showing a keen interest in the India and several players have entered the industry either through direct subsidiaries or partnerships with domestic companies. Companies are investing in R&D and automation to produce innovative and user friendly products. Stationery industry has a wide range of products ranging from paper, note books and note pads to pens and other writing instruments as well as colour stationery.

Indian stationery industry is a much unorganized group of business usually associated with the schools, colleges and office and plays a very crucial role in working of any organization across the globe. It includes paper stationery which comprises of a vast collection of

products like exercise books, notebooks, stitch, glued & tape pads, refill pads, flap over pads, subject books, plastic cover books, etc. Indian stationary sector is one of the rapidly growing sectors of the Indian economy as there is rapid rise in per capita expenditure on the education. Government is also generously spending on the education sector leading to the rapid growth of stationary business in India. Except few major players this sector is left totally to the unorganized sector. Most of the demand of the local market is being served by the local player. There is not a single player who can claim that it is leader in the stationary sector.

• E-LEARNING SEGMENT

Why E-learning?

E-Learning today has taken the world by storm and helped make learning on-the-go, a norm. Today, learners have access to multiple forms of content which aim to engage the learner. Psychologists state that the average human attention span is approximately eight seconds, although teenagers and adults find it difficult to sustain attention on one thing for more than 20 minutes at a time. To break the barriers teenagers and adults have towards learning, today's online courses and learning engagements strive to make the best use of technology such as smart phones and tablets to disseminate byte-sized learning nuggets. Content is also tailored to suit each niche learner segment. E-Learning is also leveraged to complement Instructor-Led Training Modules, so that learners get the best of both worlds and are able to quickly apply their newly acquired skills, on-the-job. The benefits of e-learning are multi-fold. Some well-known and acknowledged benefits include faster delivery, lower costs, more effective learning and no-geographical constraints. E-Learning will continue to be an effective instrument for self-development for audiences, for years to come.

E-learning or electronic learning is an active learning experience for the learner which works on interactivity or "learning by doing" methodologies rather than a passive learning method in which the learners are sitting in front of the teacher and "learning by telling". E-learning makes learning exciting, engaging and compelling with full involvements of learner in the subject. Difficult and boring subjects can be made easier, more interesting and appealing and learner centric with e-learning. Learning is a social activity, and e-learning means that powerful and enduring learning experiences can be achieved, not just through content, but through the use of online communities and networks. In this mode of learning, the learners are encouraged to communicate, collaborate and share knowledge through internet or similar network. E-learning includes various types of media like text, audio, images, animation, and streaming video etc. to deliver the contents to the learner.

The traditional learning system had been used in India and was sustainable for long. But the educational needs are changing and a global education standard is imposing itself and forcing the Indian education system to undergo many changes. The concept of e-learning is definitely gaining popularity in the country but at a slow pace as compared to other countries. E-learning is a useful medium through which India can attain the goal of reaching the unreached in rural areas, motivating the learners for higher education as well as woman empowerment through their education.

The percentage of literate population in the total population has increased from 65% in 2001 to 74% in 2011. E-learning can prove helpful to reduce the illiteracy as the advancement in technology and communication has made teaching and training possible anywhere, anytime. The learner can learn anywhere; i.e. outside the boundaries of formal classroom. It is a very powerful medium for pre-primary and primary education as it is in audio visual form and can attract even the school dropouts.

India holds an important place in the global education industry. The country has more than 1.4 million schools with over 227 million

students enrolled and more than 36,000 higher education institutes. India has one of the largest higher education systems in the world. However, there is still a lot of potential for further development in the education system.

Indian E-learning technology market grew at a CAGR of around 14.4%. The technologies which elicit education to shift online are e-learning software, hardware and technologies such as cell phones, laptops, connectivity solutions, hybrid devices such as tablets, pen-drives, memory cards, mobile applications etc., and others, as people are increasingly comfortable in operating modern gadgets. The Internet has changed the online learning segment in current times with a larger number of educational institutes, corporates and also training centers providing knowledge by means of online courses and programs.

Sundaram through its Subsidiary has been engaged in preparing ground for it to launch products and services through new and emerging technologies and in particular through Augmented Reality (AR). We have already stitched together a roadmap for growth in this futuristic area, which naturally forms part of our broader business objective of facilitating education through books, stationery, educational accessories, high end learning software, multimedia content etc. As part of the roadmap, we are looking forward to growing through both organic and inorganic models, where inorganic acquisitions are expected to bring in technical knowhow, already developed content in AR etc. The company expects its subsidiary company E-class Education Systems Limited to play a key part in achieving its objectives in this segment.

Our initiatives in the AR domain falls in line with the current day demand for vocational training in the country. Our company proposes to launch various turn-key training solutions tailor-made for the Augmented Training methodology for vocational as well as conventional areas of education. Our AR plans cover AR based Training the trainers also where we envisage teacher training and certification in the AR methodology and use of Augmented Reality simulation for the same. Since the scope and opportunities lies ahead in this business domain is truly global in nature and it brings a high degree of scalability to our business growth.

“Technology In Education”

“TECHNOLOGY can become the “WINGS” that will allow the EDUCATION to FLY farther and faster than ever before- if we will allow it.”

Technology has developed over the years in almost every field. With the development of technology, way of education has also moved on from old tools like the abacus, ruler, pencil and paper to PCs, laptops, tablets, I-Pads, software and apps. Education has become smart. This development has changed the way of teaching, learning, and many more school related activities.

“EFFECTIVE LEARNING comes from INTEGRATING TECHNOLOGY as a LEARNING TOOL.”

E-Learning solutions are also an example of technological development. It delivers excellent quality course material. With technological advancement, this has become convenient and simple.

DEMAND AND MARKET OPPORTUNITY:

Indian Stationery market holds tremendous growth potential as the country has nearly 22-24 crore students studying and requiring notebooks and other stationery materials. Increasing number of schools and offices, improved standard of living as well as shift in focus from inexpensive to premium quality products on account of rapidly burgeoning economy are some of the crucial factors which would drive the demand for stationery products in India over the next six years. Further, government initiatives such as National

Policy on Education and Sarva Shiksha Abhiyan to ensure low cost and quality compulsory education for all would also spur the growth of stationery market in India.

Indian stationery market revenues are projected to grow at a CAGR of 10.5% during 2018-24. In India, major demand for stationery products is generated from education sector due to increasing enrollment of students in schools and higher educational institutions. Further, growing e-commerce industry in the country is also contributing to rising sales of stationery products. Office segment is the second highest consumer of stationery products and is anticipated to register healthy growth during the forecast period due to growing demand for stationery products in the service sector.

Amongst all, paper stationery accounted for the major revenue share in the overall India stationery market. Exercise notebooks, copier paper and premium paper stationery are the key revenue generating segments. Furthermore, exercise notebook segment has captured highest share in paper stationery market. Amongst all the regions, the Northern region accounted for highest revenue share in 2017. Market is expected to surge on account of growing youth population and literacy rate across the country.

Growing levels of literacy has made basic stationery items such as pens, pencils and paper universal products across the globe. The global stationery products market is experiencing growth at the back of rising youth population, need for education, growing number of primary & secondary educational institutions, and ever increasing student enrollments across the world.

Future growth in the global stationery products market is expected to come from emerging economies in Asia, Latin America, Middle East and Africa. Key factors driving growth in these markets include growing population, expanding base of professionals, increasing literacy rates, rising disposable income, increased spending on education, government initiatives to improve education sector, and a parallel increase in number of school establishments. The demand for exercise books is more during the first & fourth quarters of the financial year. Similarly, registers, writing pads etc. are essential in every office, institutions, organizations, etc. Sources like schools, colleges, offices (mainly government agencies) are prime client base for the industry. There are many sorts of stationery products; Paper stationery products include notebooks, exercise books; flip over pads and plastic cover books play a vital part in further increasing the business of these paper stationery products. Products like notebooks and other school and college usable products are mostly sold in the educational category. There are some products which are widely used in the official background such as the noting pads, files and folders and printing sheets. Going by the market research, paper market is gaining huge demands in the recent years and the stationery products segment has primarily been positively impacted globally due to the increase in numbers of educational institutions and offices. Commercial organizations are creeping up due to the business development that is happening throughout the world. The past few years have recorded immense growth in both export and import quantity for the products resulting in profitable trends of the sector. The requirements for these stationery products especially the office stationery segment has risen due to the usage of computers.

SEGMENT WISE PERFORMANCE OF THE COMPANY:

E-learning: During the financial 2017-18, in E-learning segment the Company recorded total revenue of ₹ 216.94 Lacs as against ₹ 489.79 Lacs in the F.Y. 2016-17. Leveraging the powers of Computers and using a blend of Internet, Mobile, and other means of

Digital Communication Technologies, E-class Education System Limited our subsidiary Company is taking quality and affordable education to reach the millions of students across the Maharashtra and even the remote areas of the state. E-class aims at educating the majority of the students across the state by providing various products such as smartphone application, android memory cards, pen-drives etc.

With the increasing government initiatives to promote the vision of digital India, universal digital literacy, universally accessible digital resources, the management is expecting an increase in the demand and growth potential for E-learning content and positive for the future growth of the Company.

BUSINESS REVIEW / STATE OF THE COMPANY'S AFFAIRS:

The global market for Stationery Products is projected to exceed US\$234 billion by 2024, driven by improving literacy rates, rising school enrolments, favorable demographics and growing enterprise activity. The growth in the market is also driven by the strong demand for skilled workforce and growing number of primary and secondary educational institutions; expanding enterprise segment as evidenced by the increase in number of corporate offices and home offices and the ensuing increase in consumption of stationery products. Asia-Pacific ranks as the fastest growing market with a CAGR around 6.1%, led by the factors such as growing population and education needs, increase in literacy rates, increase in business development activities resulting in increase in demand for office stationery products.

Our Company is in the Business of School & Office stationery as well as E-learning segment. The enormous size of School and paper stationery industry of India makes it one of the most important sectors of Indian Economy. Increasing Economic Growth, High Literacy Rate, more Government Spending on Education, Growing Population, Urbanization, higher proportion of young adults, better living standards, shift in focus from inexpensive to quality products etc. are some major factors that are driving the paper stationery business to flourish. The thrust on education by the Government is the prime growth of the notebook industry.

Indian Paper Stationery Industry, which is a part of the huge and scattered Indian stationery Industry, has been going through tremendous alteration in recent years. Despite growing competition from neighboring markets, Indian stationary industry has been able to firm its feet into the market with constant innovation and making it more and more customer centric. Indian companies have learnt that innovation, performance and versatility are the key area to be focused upon. Taking the points under consideration, the businessmen are now researching and developing new products, as the market is now more of consumer oriented which is always looking for cost effective prices.

The key drivers for E-learning market are: Increasing Government initiatives to promote the vision of Digital India, Universal digital literacy, universally accessible digital resources, technology up-gradation, Green Initiative etc. The strong government initiatives pushing student enrolments in higher education and distance learning will keep propelling market expansion at an ever-increasing rate.

INDUSTRY SCENARIO (OPPORTUNITIES & THREATS):

The respect and recall of the printed word, especially educational books, remains significant in India. The result is that even in a largely digital era, the printed books continue to see a steady flow of growth. Sundaram's different categories of School Books continue to contribute a significant portion of the overall revenue. India has a huge children prominence and these are driving our growth in Maharashtra and Gujarat.

Education is the fourth basic need of a man to survive and thus forms a major expenditure. India has a fast growing population and a very fast growing demand for stationery products. With growing economy, the per capita income is also increasing. Also, the Government's spend on education laying emphasis on building more schools have increased the demand for the stationery products in India. Increasing inclination towards reading & writing, rising penetration of Internet, huge base of educated middle class population with increasing discretionary incomes and improving educational systems is driving growth in sales of stationery products. Better living standards have shifted the focus of consumers from inexpensive products to branded quality products.

With extreme precautions, and the good quality products offered and new marketing strategies are followed, the government has also come out with various incentives for SME's. Particularly for stationary industry if we quote would be the education enhancement schemes which are giving growth to this sector. The Indian stationery market is also influenced by macroeconomic development, national income, urbanization.

The Indian stationery industry is highly scattered and is largely dominated by the unorganized sector and the situation is quite alarming for the organized players industry. Factors like lack of modern production facilities, unorganized nature of functioning, marginal demands, government policies and international competition are largely contributing to the slow growth of the organized stationery industry in India. Further, India is constantly challenged by the growing competition, especially from neighbouring countries such as China, Indonesia and many other countries that supply higher quality products, as compared to India.

Also Digitization has altered the way consumers connect and communicate. This is transforming the stationery market by impacting the demand for these products as well as the design. The need for printing has reduced considerably as the digitization of several business processes, such as mail, forms, and data, has eliminated the need for traditional paper-based stationery products. Part of the reason for the growing digitization is that organizations increasingly prefer a paperless environment.

With the existing government emphasizing on Digital India and also GST being coming into force, there is an ample opportunity to redesign our products and prices in order to grow the business and at the same time not impacting the end customer.

A paperless office environment renders the operations cost-effective and eco-friendly. Organizations consider a paperless environment an effective way to manage communication materials, as it increases accuracy in tracking and maintaining data. Vendors are thus making efforts to re-position and integrate stationery and cards in the current communication scenario with the help of technology.

Your Company is one of the prime players in the organized sector with the established brand 'Sundaram'. Your Company has modernized plants and automatic upgraded machines to produce quality products and which also allows your Company to take advantage of the economies of scale. Your company is also providing the platform for E-Learning through its subsidiary viz. E-class Education System Limited.

RISK AND CONCERN:

The risk is always the part and parcel of any business activity. The Company operates in a highly competitive environment that is subject to innovation and varying level of resources available to each player in this segment of business. The common risks inter alia are: Risk to Company Assets and Property, Employees Related Risks, Foreign Currency Risks, Risks associated with Non-Compliance of Statutory enactments, Competition Risks, Operational Risks, Business risk, Technology obsolescence, Investments, Retention of

talent and expansion of facilities. Business risk, inter-alia, further includes financial risk, political risk, fidelity risk, legal risk. Immense competition is faced by the company from the international players and unorganized sectors. The company is constantly reviewing the risk that would impact adversely. Cost of raw material and inflationary pressure also increase the cost of manufacturing, but the availability of raw material from the suppliers at the right time and at the right price has enabled the company to reduce the cost of manufacturing. For inflationary pressures and its impact the company has taken suitable cost control steps.

The company's human risk is minimal as it enjoys a harmonious industrial relationship in the manufacturing units of the Company. Lack of clarity on future Government policy continues to be an area of major concern for the industry. The exact impact of this cannot be evaluated until the proposed changes are actually introduced and implemented.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

Disclosure on Internal Financial Control and their adequacy & brief description on performance with respect to operational performance is given in Directors Report.

CAUTIONARY STATEMENT:

Statement in this Management's Discussion and Analysis detailing the Company's objectives, projections, estimates, expectations or predictions are "forward-looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include global and Indian demand-supply conditions, finished goods prices, stock availability and prices, cyclical demand and pricing in the Company's principal markets, changes in Government regulations, tax regimes, economic developments within India and the countries within which the Company conducts business and other factors such as litigation and labour negotiations.

COMPANY'S POLICY ON DIRECTOR'S APPOINTMENT, REMUNERATION AND EVALUATION:

The Current policy is to have an appropriate proportion of executive and independent directors to maintain the independence of the Board, and separate its functions of governance and management. As on March 31, 2018, the Board consists of six members, including one managing director, two whole-time directors and three are independent directors. The company has framed a Nomination, Remuneration and Evaluation Policy. The information with respect to the Company's policy on directors' appointment and remuneration including criteria for determining qualifications, positive attributes, independence of a director and other matters provided under sub-section (3) of section 178 and Regulation 19 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 is outlined in the Annexure-2 of this report. The said policy is also available on Company's website on <http://www.sundaramgroups.in/wp-content/uploads/2015/02/NOMINATION-REMUNERATION-AND-EVALUATION-POLICY.pdf>. There has been no change in the policy since last financial year.

FORMAL ANNUAL EVALUATION MADE BY BOARD OF DIRECTORS:

The Board of Directors carried out an annual evaluation of its own performance and performance of the Chairman, Board committees and individual Directors pursuant to the provisions of the Section 134(3)(p), 149(8), 178 and Schedule IV Companies Act 2013 and the corporate governance requirements under Regulation 25 (4) of Securities and Exchange Board of India (Listing Obligations and Disclosure) Regulations 2015.

The Board, along with the Nomination and Remuneration Committee, developed and adopted the criteria and framework for the evaluation of each of the Directors and of the Board and its Committees.

The evaluation was then conducted as per the approved process (explained in detail in the Report on Corporate Governance of the Annual report). The Chairman of the Committee also had interactions with each of the Directors and sought their feedback and suggestions on the overall Board Effectiveness and Directors performance.

In addition, pursuant to the provisions of Schedule IV to the Companies Act, 2013 the Independent Directors reviewed the performance of the Non-Independent Directors and of the Board as a whole, performance of the Chairman of the Board taking into account the views of all the Directors, and the quality, quantity and timeliness of flow of information between the Company management and the Board and its sufficiency for the Board to effectively perform its duties.

The Chairman placed the Evaluation Summary before the committee members. The same was discussed in detail, and the members recorded their satisfaction.

STATUTORY AUDITORS:**Appointment:**

Pursuant to Section 139 of the Companies Act, 2013 and rules made thereunder, it is mandatory to rotate the statutory auditors on completion of the maximum term permitted under the said section. accordingly, at the 23rd annual general meeting (AGM) of the company held on 15th September, 2017 M/s Bhuta Shah & Co. LLP, Chartered Accountants (firm registration No.W100100), were appointed as statutory auditors of the company for a period of 1 (one) financial year to hold office from the conclusion of the 23rd AGM until the conclusion of the 24th AGM of the company. The audit committee of the company has proposed and the board of directors of the company has recommended to the members the appointment of M/s JMR & Associates LLP, Chartered Accountants, Mumbai, (ICAI firm registration No. 106912W/W100300), Chartered Accountants as statutory auditors of the company to hold office from the conclusion of this annual general meeting until the conclusion of the annual general meeting to be held in calendar year 2023 (i.e. for five financial years from 2018-19 to 2022-23).

The proposed statutory auditors have confirmed their consent and eligibility to the effect that their appointment, if made, would be within the prescribed limits under the Act and that they are not disqualified for appointment.

As required above, the board has, after considering the recommendations of its audit committee, incorporated a suitable resolution for your consideration and approval in the notice calling ensuing annual general meeting of the company.

Auditors Observations & Management's Response:

Auditors have made the following qualifications in their Report on Standalone & Consolidated Financial Statements:

(I) The Company has invested a sum of ₹38.70 Crores in its wholly owned subsidiary i.e. E-Class Education System Limited ("The Subsidiary"). The subsidiary is making losses and its net-worth has been eroded substantially. The company is required to make a provision for diminution in value of investment made in the subsidiary. However, the said provision is not made which is a departure from Ind-AS 109 (Financial Instruments).

(II) In case of the subsidiary, the balances of trade receivable, trade payable & loans & advances are subject to confirmation, reconciliation & consequential adjustment if any. No provision has been made in the financial statements for trade receivable which are doubtful of recovery.

(III) In case of the subsidiary, no provision is made for employees benefits as per Ind-AS 19 due to unavailability of Actuarial Report, which constitute a departure from the Ind-AS 19 "Employee Benefits".

Management Response:

(I) The wholly owned subsidiary is going concern and the core product is in high demand in the market which will result into improved turnover & profitability in upcoming years so the estimation of the impact can't be ascertained. Also the management is revitalizing its wholly owned subsidiary and with the order book position of its subsidiary improving in F.Y.2018-19, the subsidiary will be in a position to make a turn around, and hence requires no provision to be made for its investment in its wholly-owned subsidiary.

(II) The management of the subsidiary considers the trade receivables as good and will be able to recover the same in near future.

(III) The management stated that subsidiary is in process to adopt IND-AS 19.

SECRETARIAL AUDITORS:

Appointment:

Pursuant to Section 204 of the Companies Act, 2013, your Company had appointed Ms. Amisha Shah Proprietor of M/s. A. V. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO:

The particulars relating to Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo, as required to be disclosed under the Act are given below:

Conservation of Energy:

Steps taken on conservation of energy and for utilizing alternate sources of energy:

Your company is always in the lookout for energy efficient measures for operation, and values conservation of energy through usage of latest technologies for improving productivity and quality of products and services.

The company focuses on processes to monitor and improve environmental performance through various means and initiatives focusing on energy, carbon, water and waste. Moreover, operations of the Company also involve low energy consumption, but still the endeavor is to reduce electricity consumption and the resultant carbon footprint. A few of the energy conserving measures include the following:

- a) A factory premise of the company is well equipped with the transparent roofs; the transparent roof drastically enables the company to reduce the artificial lightning.
- b) Company had installed highly efficient machineries which help in conservation of energy and also factory premise is equipped with energy saving lamps.
- c) Company had also installed self-power generation unit. The self-power generator enables the company to overcome the breakdown in the electricity supply and facilitates the continuous working of the production process without any hindrance.
- d) Installing a few LED lights in the office. The plan is to replace in phases CFL based lighting to LED based lighting which will give immense savings in electricity consumption.
- e) Strong measures are being initiated to ensure no unnecessary equipment is left in a switch on mode during non-working hours.

f) Continuous monitoring of floor areas after normal working hours and switching off lights and Air-conditioning. The overall effect of the above measures has led to reduction of energy consumption.

The capital investment on energy conservation equipments:

Capital Investments were incurred in the earlier years, but no investment was made on energy conservations equipment's during the year 2017-18.

Technology absorption:

The Company is equipped with fully auto book manufacturing machine and has also adopted partly automation process. This has resulted into the reduction in the labour cost and the cycle time from raw material to the final output of the product. This technology has helped the company to increase the output with better quality and low amount of wastage.

Foreign exchange earnings & outgo:

Details of foreign exchange earnings & outgo are given in notes forming parts of financial statements.

B. Commission:

Commission may be paid within the monetary limit approved by shareholders, subject to the limit not exceeding 1% of the profits of the Company computed as per the applicable provisions of the Act.

MATTERS PERTAINING TO EVALUATION:

The Company conducts its operations under the overall direction of the Board of Directors within the framework laid down by various statutes, more particularly by the Companies Act, 2013; the Articles of Association, Listing Agreement with Stock Exchanges, Internal Code of Conduct and Policies formulated by the Company for its internal execution. Therefore it is necessary for the company to

carry out the evaluation of all the directors on an annual basis. As regards the evaluation process; the scheme of the Companies Act, 2013 read with SEBI (LODR) Regulations, 2015 contemplates that:

1. As required under Section 134(3)(p) of the Companies Act, the manner of formal evaluation made by Board of Directors of its own performance, that of its committees and individual Directors shall be disclosed in Board's Report;

2. As required under Section 178(2), the Nomination and Remuneration Committee shall carry out evaluation of every Director's performance;

3. As required under Clause VII of Schedule IV to the Companies Act, 2013; in the separate meeting held by the Independent Directors:

i. Performance of the Non-Independent directors and the Board as a whole shall be reviewed and

ii. Performance of the Chairperson of the Company (after taking into account views of Executive and Non-Executive Directors) shall be reviewed.

4. SEBI (LODR) Regulations, 2015 stipulates that the Nomination & Remuneration Committee shall lay down the evaluation criteria for performance evaluation of Independent Directors and

5. SEBI (LODR) Regulations, 2015 stipulates that the performance evaluation of Independent Directors shall be done by the entire Board.

As regards the evaluation criteria to be followed by Board for its evaluation of Committees and other Directors including Independent Director or Non-Independent Directors, the same are dealt in other documents dealing with respective criteria of evaluations including the Duties, Responsibilities and key functions of Board as contemplated under the Act and SEBI (LODR) Regulations, 2015. In all these cases, be it by Board or by Independent Directors, the evaluation of each Director would be done based on parameters like:

A. Well informed and understand the Company, its business and the external environment in which it operates;

B. Prepare well and participate actively in the Board and its committee meetings;

C. Effectively probe to test the assumptions; rendering independent and unbiased opinion;

D. Assertive in holding to their views and resisting pressure from others;

E. Follow-up on matters about which they have expressed concern;

F. Strive to attend all meetings of the board of directors, committees and general meetings;

G. Contributions in development of a strategy, business plan or risk management;

H. Maintenance of good interpersonal and cordial relationship with other board members, KMPs and Senior Management Personnel;

I. Diplomatic and convincing way of presenting their views and listening to views of others;

J. Up-to-date with the latest developments in areas such as the corporate governance framework, financial reporting and in the industry and market conditions etc.,

L. Adhering to ethical standards, Code of Conduct of the company and Insider Trading guidelines etc.,

M. Making timely disclosures of their interest and disclosure of non-independence, when it exists;

N. His/her contribution to enhance overall brand image of the Company.

Pursuant to the provisions of the Companies Act, 2013 and SEBI (LODR) Regulations, 2015, the board will carry out the annual performance evaluation of its own performance, the directors individually as well as the evaluation of the working of its Audit, Nomination and Remuneration and other committees of the board as applicable to the company. Method of performance evaluation will be decided by board from time to time, Such as questionnaire method, comparison method or and other method as may be decided by board. The committee also follows the same in evaluating each director of the company. Further, the executive directors will be evaluated on the basis of targets / criteria given to executive directors by the board from time to time and Independent Directors would be evaluated by entire board based on Professional Conduct, Roles, Functions and Duties as contemplated under schedule IV of the Act, apart from their evaluation as directors based on aforesaid criteria. The performance evaluation of the chairman and the Non-Independent Directors will be carried out by the Independent Directors who will also review the performance of the secretarial department.

Independent Auditors' Report

To the Members of

Sundaram Multi Pap Limited

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone financial statements of Sundaram Multi Pap Limited ("the Company"), which comprise the Balance Sheet as at 31 March, 2018, the Statement of Profit and Loss (including the Statement of Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Standalone Ind AS Financial Statements.")

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and statement of changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standard) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Ind AS financial statements.

Basis for Qualified Opinion

The Company has invested a sum of Rs 38.70 Crores in its wholly owned subsidiary i.e. E-Class Education System Limited ("The Subsidiary"). The subsidiary is making losses and its net-worth has been eroded substantially. The Company is required to make a provision for diminution in value of investment made in the subsidiary. However, the said provision is not made which is a departure from Ind-AS 109 (Financial Instruments).

In view of above, we are unable to comment upon the resultant impact of above on loss for the year, investment and other equity as at balance-sheet date.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion paragraph above, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standard) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016, of the state of affairs of the Company as at 31 March 2018 and its Loss, its cash flows and statement of changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

c. The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity dealt with by this report are in agreement with the books of account;

d. Except for the effect of the matter described in the basis for qualified opinion paragraph above, in our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standard) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016;

e. On the basis of written representations received from the directors as on 31 March 2018 and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2018 from being appointed as a director in terms of Section 164(2) of the Act;

f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B"; and

“Annexure A”

To the Independent Auditors' Report on the standalone Ind AS financial statements of Sundaram Multi Pap Limited for the year ended 31 March 2018

(i) In respect of fixed assets:

(a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) The Company has a program of verification of fixed assets to cover all the items in a phased manner over a period of three years, which in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) According to information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties, as reflected under the head Property, Plant and Equipment, are held in the name of the Company.

(ii) In respect of its inventories:

As explained to us, the inventories have been physically verified during the year by the management at reasonable intervals and in our opinion, the frequency of verification is reasonable. No material discrepancies were noticed on such verification.

(iii) According to the information and explanations given to us, the company has, during the year, not granted any loans, secured or unsecured, to Companies, Firms, Limited Liability Partnerships or any other parties covered in the register maintained under Section 189 of the Companies Act 2013. Accordingly, Clause (iii) of paragraph 3 of the order is not applicable to the company.

(iv) In our opinion and according to the information and explanations given to us, the company has complied with provisions of section 186 of the Act with respect to loans given and investment made in its wholly owned subsidiary, Further, the company has not given any loans or guarantees or provided any securities to director or any other parties, during the year, attracting the provisions of Section 185 of the Act.

(v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public within the provisions of Sections 73 to 76 of the Companies Act, 2013 and the rules framed there under. Accordingly, Clause (v) of paragraph 3 of the Order is not applicable to the Company.

(vi) We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014 prescribed by the Central Government under sub-section (1) of Section 148 of the Act, and are of the opinion that, prima facie, the prescribed records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the company, the company is generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees' State Insurance, Income-tax, Sales-tax, Service Tax, Goods and Service Tax, duty of Customs, duty of Excise, Value Added Tax, cess and other material statutory dues applicable to it. According to the information and explanations given to us, no undisputed amounts payable in respect of above referred statutory dues were outstanding at the year end, for a period of more than six months from the date they became payable.

(b) According to the information and explanation given to us, there are no dues outstanding in respect of Income tax, sales tax, service tax, duty of custom, duty of excise or value added tax which have not been deposited on account of any dispute.

(viii) In our opinion and according to the information and explanations given to us, the company has made default by 83 days in repayment of term loan to SBI amounting to INR 405.78 lakhs. However, the said default has been rectified by making payment in the month of September, 2017. The company has not taken any loan or borrowing from government nor it has issued debentures during the year.

(ix) Based on our audit procedures and on the information and explanations given to us by the management, the company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year. The term loans were applied for the purposes for which the loans were obtained.

(x) To the best of our knowledge and according to the information and explanations given by the Management, we report that no fraud by the Company or no fraud on the Company by its officers or employees has been noticed or reported during the year.

(xi) Based upon the audit procedures performed and the information and explanations given by the management, the managerial remuneration has been paid / provided in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Companies Act, 2013.

(xii) In our opinion and according to the information and explanations given to us, the Company is not a nidhi company. Therefore, the provisions of clause 3(xii) of the Order are not applicable to the Company.

(xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Companies Act, 2013 where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) According to the information and explanations give to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, Clause (xiv) of paragraph 3 of the Order is not applicable to the Company.

(xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with the directors as referred to in Section 192 of the Companies Act, 2013.

(xvi) According to the information and explanations given to us, the provisions of Section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company.

“Annexure B”

To Independent Auditors' Report on the standalone Ind AS financial statements of Sundaram Multi Pap Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Sundaram Multi Pap Limited (“the Company”) as of 31 March 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“the ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and as specified under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in

reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1 Significant Accounting Policies

i Basis of Preparation

The Financial Statements comply with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standard) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The financial statements upto the year ended 31st March 2017 were prepared in accordance with the accounting standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act.

These financial statements are the first financial statements under Ind AS. Refer Note 39 for an explanation of how the transition from the previous GAAP to Ind AS has affected the financial position, financial performance and cash flows of the Company.

ii Current/non-current classification

All assets and liabilities have been classified as current and non-current as per Company's normal operating cycle and other criteria set out in the division II of Schedule III of the Companies Act, 2013, for a Company whose financial statements are made in compliance with the Companies (India Accounting Standards) Rules, 2015.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of business and their realization in cash and cash equivalents, 12 months has been considered by the Company for the purpose of current / non-current classification of assets and liabilities.

iii Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates, value added taxes and Goods and Service tax.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Company's activities as described below.

Sale of goods :

The Company recognizes revenue on sale of products upon dispatch to the customer or when delivered to the ocean carrier for export sales, which is when risks and rewards of ownership are passed to the customer. Sales are shown net of returns, discounts, excise duty and sales tax.

Dividend and Interest income :

a) Dividend income on investment is accounted for in the year in which the right to receive the payment is established.

b) Interest income is recognized on the time proportion basis taking into account amount outstanding and interest rate applicable.

iv Income Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amount for financial reporting purposes at their reporting date.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

v Property, Plant and Equipment

Property, plant and equipment are stated at original cost net of tax / duty credit availed, less accumulated depreciation and accumulated impairment losses, if any. When a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as replacement if the recognition criterion is satisfied.

Property, plant and equipment is eliminated from the financial statements, either on disposal or on retirement from active use. Losses and gains arising from the retirement/disposal are recognised in the statement of profit or loss in the year of occurrence.

The asset's residual value, useful lives and methods of depreciation are reviewed at each financial year and adjusted prospectively, if appropriate.

On transition to Ind AS, the Company has availed the optional exemption under Ind AS 101 and accordingly it has used the carrying value as at the date of transition i.e. 1st April 2016 as the deemed cost of the property, plant & equipment under Ind AS.

Depreciation is provided on the “straight line method” based on the estimated useful life of assets which are equal to those suggested in Part C of schedule II of the Act.

The management believes that depreciation rates currently used fairly reflect its estimate of the useful lives and residual value of tangible assets.

Depreciation on additions / deletions is provided on pro-rata basis from the date of acquisition / up to the date of deletion.

Changes in expected useful life or the expected pattern of consumption of future economic benefits embodied in an asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

vi Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably.

Intangible assets comprising of "Computer Software" are recorded at acquisition cost and are amortized over the estimated useful life on straight line basis. Estimated useful life of software is assessed to be 2 years.

On transition to Ind AS, the Company has availed the optional exemption under Ind AS 101 and accordingly it has used carrying value as at the date of transition i.e. 1st April 2016 as the deemed cost of intangible assets under Ind AS.

Subsequent to transition date, Intangible Assets acquired separately are measured on initial recognition at cost. Following initial recognition intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses if any.

vii Borrowing Cost:

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

The Company has been granted restructuring of loan facility by its banks State Bank of India (Lead Bank). Lead Bank has discretion to recoup concession given to company at a future date depending on the financial position of the company. The management has decided to account such cost as an when event arises.

viii Impairment of non financial assets:

As at each balance sheet date, the Company assesses whether there is an indication that an asset may be impaired and also whether there is an indication of reversal of impairment loss recognised in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, if any, the Company determines the recoverable amount and impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is determined as the higher of the fair value less cost to sell and the value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss.

ix Lease:

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

x Inventories:

Raw materials, stores and packing materials are valued at lower of cost or net realizable value. Cost is assigned on FIFO basis.

Semi - finished goods are valued at raw material cost plus proportionate manufacturing overheads.

Finished goods are valued at lower of the cost or net realizable value. Unrealized profit, if any, in inter unit transaction is eliminated to the extent possible.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

xi Foreign Currency:

The Company's financial statements are presented in INR, which is also the Company's functional currency.

Transactions in foreign currency are recorded at the rate of exchange prevailing on the date of the transaction. Exchange differences arising on settlement of these transactions are recognized in the Statement of Profit and Loss.

Monetary items (other than those related to acquisition of fixed assets) denominated in foreign currency are revalued using the exchange rate prevailing at date of the Balance Sheet and resulting exchange difference is recognized in the Statement of Profit and Loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction.

xii Employee Benefits:

a) Short Term Employee Benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries and wages, leave salary etc. and the expected cost of ex-gratia are recognized in the period in which the employee renders the related service.

b) Post-Employment Benefits:

i) Defined contribution plans:

A defined contribution plan is a post-employment benefit plan under which the company pays specified contributions to the separate entity. The Company makes specified monthly contributions towards employee provident fund. The Company's contribution paid / payable under the schemes is recognized as an expense in the statement of profit and loss during the period in which the employee renders the related service and contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective funds.

ii) Defined benefit plan:

The Company has defined benefit plans comprising of gratuity. Company's obligation towards gratuity liability is funded and is managed by Life Insurance Corporation of India (LIC). The present value of the defined benefit obligations is determined based on actuarial valuation using the projected unit credit method. The rate used to discount defined benefit obligation is determined by reference to market yields at the Balance Sheet date on Indian Government Bonds for the estimated term of obligations.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling (excluding amounts included in net interest on the net defined benefit liability) and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

c) Leave encashment:

Liability on account of Leave Encashment up to year end has been provided/ paid during the year. None of the employee is allowed to carry forward leave to subsequent period.

xiii Earning per share:

Basic earning per share is computed by dividing the profit/(loss) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

Diluted earning per share is computed by dividing profit/(loss) for the period attributable to equity shareholders as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares by the weighted average number of equity shares considered for deriving basic earning per share and the weighted average number of equity shares which could have been issued on the conversion at all dilutive potential equity shares.

xiv Provisions

The Company creates a provision when there is a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

A disclosure for contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not result in outflow of resources.

When there is a possible obligation or present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

xv Cash and cash equivalent

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of statement of cash flows, cash and cash equivalent consists of cash and short term deposits, as defined above, as they are considered an integral part of the Company's cash management.

xvi Financial Derivatives Hedging Transaction:

In respect of derivatives contract, premium paid, provision for losses on restatement and gains/losses on settlement are recognized in statement of Profit and Loss. The company uses Foreign Currency Hedges to manage its risks associated with Foreign Currencies Fluctuation relating to Export receivable. The company does not use Hedges for speculative purpose.

xvii Financial Instruments

Financial assets:

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in case of financial asset not recorded at fair value through profit or loss, transaction cost that are attributable to the acquisition of the financial asset.

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial asset measured at amortised cost.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified into two broad categories:

- '-Financial asset at fair value
- '-Financial asset at amortised cost

Where assets are measured at fair value, gains and losses are either recognised entirely in the statement of profit or loss (i.e. fair value through profit or loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income)

A financial asset that meet the following two conditions is measured at amortised cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

Business model test : the objective of the Company's model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realise its fair value changes)

Cash flow characteristics test : The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

A financial asset that meet the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option.

Business model test : the financial asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets

Even if an instrument meets the two requirements to be measured at amortised cost or fair value through other comprehensive income, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as an 'accounting mismatch') that would otherwise arise from measuring assets or liabilities or recognising the gains or losses on them on different basis.

All other financial asset is measured at fair value through profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- '-The rights to receive cash flows from the asset have expired, or
- '-The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either

- a) the Company has transferred substantially all the risks and rewards of the asset, or
- b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial asset

The Company assesses impairment based on expected credit losses (ECL) model to the following:

'-Financial asset measured at amortised cost

'-Financial asset measured at fair value through other comprehensive income

Expected credit losses are measured through a loss allowance at an amount equal to:

'-12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or

Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivable.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates, if any. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

Financial liabilities:

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Loans and borrowings – subsequent measurement

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the Effective Interest Rate (EIR) amortisation process.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Cash Flow Statement:

Cash flows are reported using indirect method, whereby profit/(loss) before extraordinary item and tax is adjusted for the effects of transactions of non cash nature and any deferrals or accruals of past or future, cash receipts or payments. The cash flow from operating, investing and financing activities of the company are segregated based on the available information.

Significant Accounting judgements, estimates and assumptions

The preparation of Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and

liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Defined Benefit plans

The cost of defined benefit plans and other post employment benefits and the present value of such obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Useful life

The estimated useful lives of items of property, plant and equipment and intangible assets for the current and the comparative periods are as follows:

Asset	Management estimate of useful life	Useful life as per Schedule II
Building	30 Years	30 Years
Plant & Machinery	15 Years	15 Years
Furniture & Fixture	10 Years	10 Years
Vehicles		
-Motor Car	8 Years	8 Years
-Scooter	10 Years	10 Years
Office Equipments	5 Years	5 Years

Fair valuation of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation technique including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include consideration of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

First Time Adoption of Ind AS

Transition to Ind AS

These are the Company's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in note 1 have been applied in preparing the financial statements for the year ended 31 March 2018, the comparative information presented in these financial statements for the year ended 31 March 2017 and in the preparation of an opening Ind AS balance sheet at 1 April 2016 (the company's date of transition). In preparing its opening Ind AS balance sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other relevant provisions of the Act (Indian GAAP). An explanation of how the transition from

previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes:

Exemptions from retrospective application

Fair value as deemed cost exemption

Ind AS 101 permits a first-time adopter to select to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets. Accordingly, the company has elected to measure all of its property, plant and equipment, intangible assets at their previous GAAP carrying value, except for brand which is measured at fair value as deemed cost.

b Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates as at 1 April 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP except for the Impairment of financial assets based on expected credit loss model where application of the Indian GAAP did not require estimation.

Classification and measurement of financial assets:

The Company has classified financial assets in accordance with Ind AS 109 on the basis of facts and circumstances that exist at the date of transition to Ind AS.

Investments in subsidiary

The Company has elected to measure investment in subsidiary at cost.

B. Fair value heirarchy

Ind AS 107, 'Financial Instrument - Disclosure' requires classification of the valuation method of financial instruments measured at fair value in the Balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to un-observable inputs (Level 3 measurements). The three levels of the fair-value-hierarchy under Ind AS 107 are described below:

Level 1: Level 1 heirarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level. This is the case for unlisted equity securities included in level 3.

28 Financial Risk Management

The Company's activities expose it to market risk, liquidity risk and credit risk. Market risk is the risk of loss of future earnings, fair value or future cashflows that may result from a change in the price of financial instrument. The value of a financial instrument may change as a result of changes in interest rates, foreign currency exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market sensitive financial instruments including investments and deposits, foreign currency receivable and payables and loans and borrowings.

If the risk exposure is significant then management reviews the position and takes decision regarding hedging / other risk strategies to mitigate such risk exposures.

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rate.

Foreign Currency Risk

The Company is exposed to foreign exchange risk through its purchases from overseas suppliers in various foreign currencies. These exposures are unhedged.

However, the Company did not have any outstanding dues as on 31st March, 2018

Credit Risk

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- (i) Actual or expected significant adverse change in business
- (ii) Actual or expected significant change in the operating results of the counterparty
- (iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligation.

A default on a financial asset is when the counterparty fails to make contractual payments within 30-60 days of when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

Financial assets are written off when there is no reasonable expectation of recovery. Where loans or receivables have been written off, the Company may engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

The carrying amounts of financial assets represent the maximum credit risk exposure

Exposure to Credit Risk	31-Mar-18	31-Mar-17
Financial risk for which loss allowance is measured using 12 months expected Credit Losses (ECL)		
Loans	3.35	3.00
Cash & cash equivalent	3.21	15.81
Bank deposits with more than 12 months maturity	-	-
Financial risk for which loss allowance is measured using Lifetime expected Credit Losses (ECL)		
Trade Receivables	1,620.77	2,484.56

The Company uses an allowance matrix to measure the expected credit losses of trade receivables (which are considered good). The following table provides information about the exposure to credit risk and loss allowance (including expected credit loss provision) for trade receivables:

Ageing	Gross Carrying Amount	Expected Credit Loss Rate	Credit Loss	Net Carrying Amount
0-30 days past due	368.23	3.68	1%	364.55
31-60 days past due	313.17	3.13	1%	310.04
61-90 days past due	104.61	2.09	2%	102.52
91-120 days past due	13.57	0.41	3%	13.17
More than 180 days past due	883.51	53.01	6%	830.50
Total	1,683.09	62.32		1,620.77

There are no specific forward looking information estimated by the management.

Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the company's net liquidity position through rolling forecasts on the basis of expected cash flows.

Notes to first time adoption

1 Fair valuation as deemed cost for Intangible Assets:

The Company has considered net block as on 01-Apr-2016 as the fair value for intangible assets, except brand of Rs. 100.28 lakhs, in accordance with stipulations of Ind AS 101 with the resultant impact being accounted for in the reserves. The Company has written off brand since it is not probable that the expected future economic benefits that are attributable to the asset will flow to the entity.

2 Fair valuation for Financial Assets:

The Company has valued financial assets (other than Investment in subsidiary which is accounted at cost), at fair value. Impact of fair value changes as on the date of transition, is recognised in opening reserves and changes thereafter are recognised in Statement of Profit and Loss or Other Comprehensive Income, as the case may be.

3 ECL Model

Under Ind AS, impairment allowance has been determined based on ECL model. Due to this model, the company impaired its trade receivable by Rs.414.86 lakhs as on the date of transition which is recognised in retained earnings. The impairment of Rs. 414.86 lacs for the year ended 31st March, 2017 is recognised in profit or loss.

4 Loan from SICOM (Nagpur)

As per Ind AS 8, an entity shall correct material prior period errors retrospectively in the first set of financial statements approved for issue after their discovery by:

- restating the comparative amounts for the prior period(s) presented in which the error occurred; or
- if the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and equity for the earliest prior period presented.

Under Indian GAAP, prior period error relating to payable to SICOM was accounted in borrowing for the year ended 31-Mar-16 of INR 20.64 lakhs. This is adjusted in the opening balance sheet as it related to earlier years resulting in increase in retained earnings and reduction in Borrowings of Rs. 20.64 lakhs on the date of transition.

5 Deferred Tax:

The impact of transition adjustments together with Ind AS mandate of using balance sheet approach (against profit and loss approach in the previous GAAP) for computation of deferred taxes has resulted in charge to the Reserves, on the date of transition, with consequential impact to the Statement of Profit and Loss for the subsequent periods.

6 Prior Period Error

"As per Ind AS 8, an entity shall correct material prior period errors retrospectively in the first set of financial statements approved for issue after their discovery by:

- (a) restating the comparative amounts for the prior period(s) presented in which the error occurred; or
- (b) if the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and equity for the earliest prior period presented.

Under Indian GAAP, prior period error relating to expenses were recognised in the statement of profit or loss for the year ended 31 March 2016 of Rs. 9.17 lakhs. This is adjusted in the opening balance sheet as it related to earlier years resulting in reduction in retained earnings and increase in Trade Payables of Rs. 9.17 lakhs on the date of transition.

7 Change in accounting policy for recognition of costs relating to Post Employment Benefit Plan:

Both under Indian GAAP and Ind AS, the company recognised costs related to its post employment defined benefit plan on actuarial basis. Under Indian GAAP, the entire cost, including actuarial gain and loss, are charged to profit or loss. Under Ind AS, remeasurements (comprising of actuarial gains and losses, the effects of asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on the plan assets excluding the amount included in net interest on the net defined benefit liability) are recognised in balance sheet through other comprehensive income. Thus, employee benefits expense is reduced by Rs. 16.86 lacs and is recognised in other comprehensive income during the year ended 31 March 2017.

40 Previous year figures have been re-grouped/re-classified wherever considered necessary to compare with current year figures.

Independent Auditors' Report

To the Board of Directors of
Sundaram Multi Pap Limited

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of Sundaram Multi Pap Limited ("the Holding Company"), and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group"), which comprise the consolidated Balance Sheet as at 31st March 2018, the consolidated Statement of Profit and Loss (including the statement of Other Comprehensive Income), the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, a summary of the significant accounting policies and other explanatory information. (hereinafter referred to as "the consolidated Ind AS financial statements")

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 ("the Act"), that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standard) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and

the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our qualified audit opinion on the consolidated Ind AS financial statements.

Basis for Qualified Opinion

i. The Company has invested a sum of Rs 38.70 Crores in its wholly owned subsidiary i.e. E-Class Education System Limited ("the Subsidiary"). The Subsidiary is making losses and its net-worth has been eroded substantially. The Company is required to make a provision for diminution in value of investment made in the Subsidiary. However, the said provision is not made which is a departure from Ind-AS 109 (Financial Instruments).

ii. In case of the Subsidiary, balances of trade receivable, trade payables, loans and advances are subject to confirmations. Further, no provision has been made in the financial statements for trade receivable which are outstanding since long and doubtful of recovery in absence of complete details.

iii. In case of the Subsidiary, no provision is made for employees benefits as per Ind-AS 19 due to unavailability of Actuarial Report, which constitute a departure from the Ind-AS 19 "Employee Benefits".

In view of above, we are unable to comment upon the resultant impact of above on investment, loss for the year, trade receivable, trade payable, loans and advances, current & non-current liability and other equity as at balance-sheet date.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion paragraph above, the aforesaid Consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standard) Rules, 2015 and Companies (Indian Accounting Standard) Amendment Rules, 2016, of the consolidated financial position of the Group, as at 31st March 2018, its consolidated financial performance (including other comprehensive income), its consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1.As required by Section 143 (3) of the Act, we report, to the extent applicable, that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of aforesaid consolidated Ind AS financial statements;

b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books;

c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (Including Other Comprehensive Income) and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements;

d. except for the effect of matter described in the Basis for Qualified Opinion paragraph above, in our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standard) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

e. On the basis of the written representations received from the directors of the Holding & the Subsidiary Company as on 31 March 2018 taken on record by the Board of Directors of the Holding and its Subsidiary, none of the directors of the Group companies is disqualified as on 31 March 2018 from being appointed as a director in terms of Section 164 (2) of the Act;

f. With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in "Annexure A"; and

g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

(I.) The consolidated Ind AS financial statements disclose the impact of pending litigations on the consolidated financial position of the Group. Refer Note 31 to the consolidated Ind AS financial statements;

(II) The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

(III) There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Holding Company and there is no amount, required to be transferred to the Investor Education and Protection Fund, by the Subsidiary Company.

“Annexure – A”

To Independent Auditors' Report of even date on the consolidated Ind AS financial statements for the year ended 31 March 2018 referred to in paragraph 2(f) under the heading of “Report on Other Legal and Regulatory Requirements”

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Sundaram Multi Pap Limited (“the Holding Company”) and its subsidiary company as of and for the year ended 31 March 2018 in conjunction with our audit of the consolidated Ind AS financial statements of the Company.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding and its subsidiary company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, as prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

(1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;

(2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and

(3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding and its Subsidiary Company, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

1. Significant Accounting Policies

I Basis of Preparation

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016. For all periods up to and including the year ended 31st March 2016, the Group prepared its consolidated financial statements in accordance with the Accounting Standards notified under Section 133 of the Companies Act, 2013 read together with the Companies (Accounts) Rules 2014 (referred as “Indian GAAP”). For the year ended 31st March, 2018, are the first, the Group has prepared consolidated financial statements in accordance with Ind AS notified by Ministry of Corporate Affairs (‘MCA’). The reconciliation of effects of the transition from Indian GAAP on the equity as at 1st April, 2016 and 31st March, 2017 and on the net profit or loss and cash flows for the year ended 31st March, 2017 is

II Principles of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at 31st March 2018. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary. Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies. The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31 March. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

Consolidation Procedure:

(a) The financial statements of the Holding Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.

(b) Offset (eliminate) the carrying amount of the parent's investment in the subsidiary and the parent's portion of equity of the subsidiary.

(c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognized in assets, such as inventory and fixed assets, are eliminated in full).

(d) The Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.

Goodwill / Capital Reserve on consolidation:

The excess of cost to the Parent company of its investment in Subsidiary Company over the Parent Company's portion of equity, at the date on which investment in Subsidiary is made, is recognized as Goodwill in the Consolidated Financial Statements. When the cost to the Parent Company is less than the Parent Company's portion of equity, the difference is recognized in the financial statements as Capital Reserve.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquire are assigned to those units.

III Current/non-current classification

All assets and liabilities have been classified as current and non-current as per Group's normal operating cycle and other criteria set out in the division II of Schedule III of the Companies Act, 2013, for a company whose financial statements are made in compliance with the Companies (India Accounting Standards) Rules, 2015.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

IV Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates, value added taxes and Goods and Service tax.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Groups activities as described below.

Sale of goods :

The Company recognizes revenue on sale of products upon dispatch to the customer or when delivered to the ocean carrier for export sales, which is when risks and rewards of ownership are passed to the customer. Sales are shown net of returns, discounts, excise duty and sales tax.

Dividend and Interest income :

a) Dividend income on investment is accounted for in the year in which the right to receive the payment is established.

b) Interest income is recognized on the time proportion basis taking into account amount outstanding and interest rate applicable.

V Income Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amount for financial reporting purposes at their reporting date.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

VI Property, Plant and Equipment

Property, plant and equipment are stated at original cost net of tax / duty credit availed, less accumulated depreciation and accumulated impairment losses, if any. When a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as replacement if the recognition criterion is satisfied.

Property, plant and equipment is eliminated from the financial statements, either on disposal or on retirement from active use.

Losses and gains arising from the retirement/disposal are recognised in the statement of profit or loss in the year of occurrence.

The asset's residual value, useful lives and methods of depreciation are reviewed at each financial year and adjusted prospectively, if appropriate.

On transition to Ind AS, the Group has availed the optional exemption under Ind AS 101 and accordingly it has used the carrying value as at the date of transition i.e. 1st April 2016 as the deemed cost of the property, plant & equipment under Ind AS.

Depreciation is provided on the "straight line method" based on the estimated useful life of assets which are equal to those suggested in Part C of schedule II of the Act.

The management believes that depreciation rates currently used fairly reflect its estimate of the useful lives and residual value of tangible assets.

Depreciation on additions / deletions is provided on pro-rata basis from the date of acquisition / up to the date of deletion.

Changes in expected useful life or the expected pattern of consumption of future economic benefits embodied in an asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

VII Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably.

Intangible assets comprising of "Computer Software" in the Holding Company are recorded at acquisition cost and are amortized over the estimated useful life on straight line basis. Estimated useful life of software is assessed to be 2 years.

Intangible assets comprising of "Knowledge based Content" and "Website" in the Subsidiary Company are recorded at acquisition cost and are amortized over the estimated useful life on straight line basis.

On transition to Ind AS, the Group has availed the optional exemption under Ind AS 101 and accordingly it has used carrying value as at the date of transition i.e. 1st April 2016 as the deemed cost of intangible assets under Ind AS.

Subsequent to transition date, Intangible Assets acquired separately are measured on initial recognition at cost. Following initial recognition intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses if any.

VIII Borrowing Cost:

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

The Holding Company has been granted restructuring of loan facility by its banks State Bank of India (Lead Bank). Lead Bank has discretion to recoup concession given to company at a future date depending on the financial position of the company. The management has decided to account such cost as an when event arises.

IX Impairment of non financial assets:

As at each balance sheet date, the Group assesses whether there is an indication that an asset may be impaired and also whether there is an indication of reversal of impairment loss recognised in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, if any, the Group determines the recoverable amount and impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is determined as the higher of the fair value less cost to sell and the value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss.

X Lease:

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

In case of leasehold land, being lands having indefinite life are normally classified as operating lease. However, based on the period of lease along with renewal clause or the right of acquisition at below market rate at the end of the lease term, the lease of land may be classified as finance lease.

XI Inventories:

Raw materials, stores and packing materials are valued at lower of cost or net realizable value. Cost is assigned on FIFO basis.

Semi - finished goods are valued at raw material cost plus proportionate manufacturing overheads.

Finished goods are valued at lower of the cost or net realizable value. Unrealized profit, if any, in inter unit transaction is eliminated to the extent possible.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

XII Foreign Currency:

The Groups financial statements are presented in INR, which is also the Company's functional currency.

The Holding Company's transactions in foreign currency are recorded at the rate of exchange prevailing on the date of the transaction. Exchange differences arising on settlement of these transactions are recognized in the Statement of Profit and Loss.

Monetary items (other than those related to acquisition of fixed assets) denominated in foreign currency are revalued using the exchange rate prevailing at date of the Balance Sheet and resulting exchange difference is recognized in the Statement of Profit and Loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the

exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction.

XIII Employee Benefits:**a) Short Term Employee Benefits:**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries and wages, leave salary etc. and the expected cost of ex-gratia are recognized in the period in which the employee renders the related service.

b) Post-Employment Benefits:**i) Defined contribution plans:**

A defined contribution plan is a post-employment benefit plan under which the Group pays specified contributions to the separate entity. The Group makes specified monthly contributions towards employee provident fund. The Groups contribution paid / payable under the schemes is recognized as an expense in the statement of profit and loss during the period in which the employee renders the related service and contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective funds.

A defined contribution plan is a post-employment benefit plan under which the Group pays specified contributions to the separate entity. The Group makes specified monthly contributions towards employee provident fund. The Groups contribution paid / payable under the schemes is recognized as an expense in the statement of profit and loss during the period in which the employee renders the related service and contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective funds.

ii) Defined benefit plan:

The Holding Company has defined benefit plans comprising of gratuity. Its obligation towards gratuity liability is funded and is managed by Life Insurance Corporation of India (LIC). The present value of the defined benefit obligations is determined based on actuarial valuation using the projected unit credit method. The rate used to discount defined benefit obligation is determined by reference to market yields at the Balance Sheet date on Indian Government Bonds for the estimated term of obligations.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling (excluding amounts included in net interest on the net defined benefit liability) and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

c) Leave encashment:

Liability on account of Leave Encashment up to year end has been provided/ paid during the year. None of the employee is allowed to carry forward leave to subsequent period.

XIV Earning per share:

Basic earning per share is computed by dividing the profit/(loss) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

Diluted earning per share is computed by dividing profit/(loss) for the period attributable to equity shareholders as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares by the weighted average number of equity shares considered for deriving basic earning per share and the weighted average number of equity shares which could have been issued on the conversion at all dilutive potential equity shares.

could have been issued on the conversion at all dilutive potential equity shares.

XV Provisions

The Group creates a provision when there is a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

A disclosure for contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not result in outflow of resources.

When there is a possible obligation or present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

XVI Cash and cash equivalent

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of statement of cash flows, cash and cash equivalent consists of cash and short term deposits, as defined above, as they are considered an integral part of the Company's cash management.

XVII Financial Derivatives Hedging Transaction:

In respect of derivatives contract, premium paid, provision for losses on restatement and gains/losses on settlement are recognized in statement of Profit and Loss. The Holding company uses Foreign Currency Hedges to manage its risks associated with Foreign Currencies Fluctuation relating to Export receivable. It does not use Hedges for speculative purpose.

XVIII Financial Instruments

Financial assets:

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in case of financial asset not recorded at fair value through profit or loss, transaction cost that are attributable to the acquisition of the financial asset.

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial asset measured at amortised cost.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified into two broad categories:

'-Financial asset at fair value

'-Financial asset at amortised cost

Where assets are measured at fair value, gains and losses are either recognised entirely in the statement of profit or loss (i.e. fair value through profit or loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income)

A financial asset that meet the following two conditions is measured at amortised cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

Business model test : the objective of the Company's model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realise its fair value changes)

Cash flow characteristics test : The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

A financial asset that meet the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option.

Business model test : the financial asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets.

Cash flow characteristics test : The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

Even if an instrument meets the two requirements to be measured at amortised cost or fair value through other comprehensive income, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as an 'accounting mismatch') that would otherwise arise from measuring assets or liabilities or recognising the gains or losses on them on different basis.

All other financial asset is measured at fair value through profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

'-The rights to receive cash flows from the asset have expired, or

'-The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either

a) the Company has transferred substantially all the risks and rewards of the asset, or

b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial asset

The Group assesses impairment based on expected credit losses (ECL) model to the following:

'-Financial asset measured at amortised cost.

'-Financial asset measured at fair value through other comprehensive income

Expected credit losses are measured through a loss allowance at an amount equal to:

'-12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or

Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivable.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates, if any. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

Financial liabilities:

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Loans and borrowings – subsequent measurement

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the Effective Interest Rate (EIR) amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the Effective Interest Rate (EIR). The Effective Interest Rate (EIR) amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

XIX Cash Flow Statement:

Cash flows are reported using indirect method, whereby profit/(loss) before extraordinary item and tax is adjusted for the effects of transactions of non cash nature and any deferrals or accruals of past or future, cash receipts or payments. The cash flow from operating, investing and financing activities of the company are segregated based on the available information.

2 Significant Accounting judgements, estimates and assumptions

The preparation of Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of

contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

I Defined Benefit plans

The cost of defined benefit plans and other post employment benefits and the present value of such obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

II Useful life

The estimated useful lives of items of property, plant and equipment and intangible assets for the current and the comparative periods are as follows :

Asset	Management estimate of useful life	Useful life as per Schedule II
Building	30 Years	30 Years
Plant & Machinery	15 Years	15 Years
Furniture & Fixture	10 Years	10 Years
Vehicles		
-Motor Car	8 Years	8 Years
-Scooter	10 Years	10 Years
Office Equipments	5 Years	5 Years

III Fair valuation of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation technique including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include consideration of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

3 First Time Adoption of Ind AS

Transition to Ind AS

These are the Group's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in note 1 have been applied in preparing the financial statements for the year ended 31 March 2018, the comparative information presented in these financial statements for the year ended 31 March 2017 and in the preparation of an opening Ind AS balance sheet at 1 April 2016 (the Group's date of transition). In preparing its opening Ind AS balance sheet, the Group has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other relevant provisions of the Act (Indian GAAP). An explanation of how the transition from

previous GAAP to Ind AS has affected the Group's financial position, financial performance and cash flows is set out in the following tables and notes:

Exemptions from retrospective application

a Fair value as deemed cost exemption

Ind AS 101 permits a first-time adopter to select to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets. Accordingly, the Group has elected to measure all of its property, plant and equipment, intangible assets at their previous GAAP carrying value, except for brand which is measured at fair value as deemed cost.

b Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates as at 1 April 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP except for the Impairment of financial assets based on expected credit loss model where application of the Indian GAAP did not require estimation.

c Classification and measurement of financial assets:

The Group has classified financial assets in accordance with Ind AS 109 on the basis of facts and circumstances that exist at the date of transition to Ind AS.

Post-employment obligations
Defined contribution plans

The Group makes Provident Fund contributions, Employers Contribution to Employees' State Insurance and Maharashtra Labour Welfare Fund which are defined contribution plans, for qualifying employees. Under the Schemes, the Group is required to contribute a specified percentage of the payroll costs to fund the benefits. Provident Fund, Employers Contribution to Employees' State Insurance and Maharashtra Labour Welfare Fund contributions amounting to INR 16.19 Lacs (31 March 2017: INR 10.48 Lacs; 01 April 2016 : INR 7.33 Lacs) have been charged to the Statement of Profit and Loss. The contributions payable to this plan by the Company is at rates specified in the rules of the scheme.

Defined Benefit Plans

The Holding Company has a defined benefit gratuity plan. Every employee who has completed continuous service for five years or more gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. The scheme is funded with an insurance Company in the form of a qualifying insurance policy.

Since none of the employees of the subsidiary company have completed five years of service, the provisions of Gratuity Act, 1972 are not applicable to the Company; and hence no provision is made towards Gratuity Liability

B. Fair value heirarchy

Ind AS 107, 'Financial Instrument - Disclosure' requires classification of the valuation method of financial instruments measured at fair value in the Balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to un-observable inputs (Level 3 measurements). The three levels of the fair-value-hierarchy under Ind AS 107 are described below:

Level 1: Level 1 heirarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level. This is the case for unlisted equity securities included in level 3.

28 Financial Risk Management

The Company's activities expose it to market risk, liquidity risk and credit risk. Market risk is the risk of loss of future earnings, fair value or future cashflows that may result from a change in the price of financial instrument. The value of a financial instrument may change as a result of changes in interest rates, foreign currency exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market sensitive financial instruments including investments and deposits, foreign currency receivable and payables and loans and borrowings.

If the risk exposure is significant then senior management reviews the position and takes decision regarding hedging / other risk strategies to mitigate such risk exposures.

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rate.

Foreign Currency Risk

The Company is exposed to foreign exchange risk through its purchases from overseas suppliers in various foreign currencies. These exposures are unhedged.

However, the Company did not have any outstanding dues as on 31st March, 2018

Credit Risk

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- (i) Actual or expected significant adverse change in business
- (ii) Actual or expected significant change in the operating results of the counterparty
- (iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligation.

A default on a financial asset is when the counterparty fails to make contractual payments within 30 - 60 days of when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

Financial assets are written off when there is no reasonable expectation of recovery. Where loans or receivables have been written off, the Company may engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

The carrying amounts of financial assets represent the maximum credit risk exposure

Exposure to Credit Risk	31-Mar-18	31-Mar-17
Financial risk for which loss allowance is measured using 12 months expected Credit Losses (ECL)		
Loans	3.35	3.00
Cash & cash equivalent	14.76	21.13
Bank deposits with more than 12 months maturity	-	-
Financial risk for which loss allowance is measured using Lifetime expected Credit Losses (ECL)		
Trade Receivables	2,027.00	3,020.14

The Holding Company uses an allowance matrix to measure the expected credit losses of trade receivables (which are considered good). The following table provides information about the exposure to credit risk and loss allowance (including expected credit loss provision) for trade receivables:

29 Capital Management

For the purposes of the Company's capital management, capital includes issued capital and all other equity reserves. The primary objective of the Company's Capital Management is to maximise shareholder value. The company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial statements

The company monitors capital using gearing ratio, which is total debt divided by total capital plus debt.

Notes to first time adoption

1 Fair valuation as deemed cost for Intangible Assets:

The Group has considered net block as on 01-Apr-2016 as the fair value for intangible assets, except brand of INR 100.28 lakhs, in accordance with stipulations of Ind AS 101 with the resultant impact being accounted for in the reserves. The Holding Company has written off brand since it is not probable that the expected future economic benefits that are attributable to the asset will flow to the entity.

2 Fair valuation for Financial Assets:

The Holding Company has valued financial assets (other than Investment in subsidiary which is accounted at cost), at fair value. Impact of fair value changes as on the date of transition, is recognised in opening reserves and changes thereafter are recognised in Statement of Profit and Loss or Other Comprehensive Income, as the case may be.

3 ECL Model

Under Ind AS, impairment allowance has been determined based on ECL model. Due to this model, the Holding Company impaired its trade receivable by Rs.414.86 lakhs as on the date of transition which is recognised in retained earnings. The impairment of Rs. 414.86 lacs for the year ended 31st March, 2017 is recognised in profit or loss.

4 Loan from SICOM

As per Ind AS 8, an entity shall correct material prior period errors retrospectively in the first set of financial statements approved for issue after their discovery by:

- (a) restating the comparative amounts for the prior period(s) presented in which the error occurred; or
- (b) if the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and equity for the earliest prior period presented.

Under Indian GAAP, prior period error relating to payable to SICOM was accounted in borrowing for the year ended 31-Mar-16 of INR 20.64 lakhs. This is adjusted in the opening balance sheet as it related to earlier years resulting in increase in retained earnings and reduction in Borrowings of Rs. 20.64 lakhs on the date of transition.

5 Deferred Tax:

The impact of transition adjustments together with Ind AS mandate of using balance sheet approach (against profit and loss approach in the previous GAAP) for computation of deferred taxes has resulted in charge to the Reserves, on the date of transition, with consequential impact to the Statement of Profit and Loss for the subsequent periods.

6 Prior Period Error

"As per Ind AS 8, an entity shall correct material prior period errors retrospectively in the first set of financial statements approved for issue after their discovery by:

- (a) restating the comparative amounts for the prior period(s) presented in which the error occurred; or
- (b) if the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and equity for the earliest prior period presented.

Under Indian GAAP, prior period error relating to Trade Payables were recognised in the statement of profit or loss for the year ended 31 March 2016 of Rs. 9.17 lakhs. This is adjusted in the opening balance sheet as it related to earlier years resulting in reduction in retained earnings and increase in Trade Payables of Rs. 9.17 lakhs on the date of transition.

7 Change in accounting policy for recognition of costs relating to Post Employment Benefit Plan:

Both under Indian GAAP and Ind AS, the company recognised costs related to its post employment defined benefit plan on actuarial basis. Under Indian GAAP, the entire cost, including actuarial gain and loss, are charged to profit or loss. Under Ind AS, remeasurements (comprising of actuarial gains and losses, the effects of asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on the plan assets excluding the amount included in net interest on the net defined benefit liability) are recognised in balance sheet through other comprehensive income. Thus, employee benefits expense is reduced by Rs. 16.86 lacs and is recognised in other comprehensive income during the year ended 31 March 2017.

41 Previous year figures have been re-grouped/re-classified wherever considered necessary to compare with current year figures.

15. Additional information, pursuant to Regulation 36 (3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, and Secretarial Standard 2 in respect of the Directors seeking appointment / re-appointment at the AGM is furnished as annexure to the Notice of AGM. The Directors have furnished consent / declaration for their appointment / re-appointment as required under the Companies Act, 2013 and the Rules made thereunder.

16. The Company has transferred the unpaid or unclaimed dividends declared up to Financial Years 2009-10, from time to time on due dates, to the Investor Education and Protection Fund (the IEPF) established by the Central Government. Pursuant to the provisions of Investor Education and Protection Fund (Uploading of information regarding unpaid and unclaimed amounts lying with companies) Rules, 2012, the Company has uploaded the details of unpaid and unclaimed amounts lying with the Company as on the date of last Annual General Meeting on the website of the Company (www.sundaramgroups.in), as also on the website of the Ministry of Corporate Affairs. The unclaimed dividend amount pertaining to Dividend for the year 2010-11 will be due for transfer to the Investor Education and Protection Fund of the Central Government on November 01, 2018.

17. The Ministry of Corporate Affairs had notified provisions relating to unpaid / unclaimed dividend under Sections 124 and 125 of Companies Act, 2013 and Investor Education and Protection Fund (Accounting, Audit, Transfer and Refund) Rules, 2016 (IEPF Rules). As per these Rules, dividends which are not claimed by the shareholder for a period of seven consecutive years shall be transferred to the Investor Education and Protection Fund (IEPF) Authority. The IEPF Rules mandate the companies to transfer such shares of Members of whom dividends remain unpaid / unclaimed for a period of seven consecutive years to the demat account of IEPF Authority. Hence, the Company requests all the Members to claim their respective dividend. The Members whose shares are transferred to the IEPF Authority can now claim their shares from the Authority by making request to Company or Registrar and Share Transfer Agents.

18. The Securities and Exchange Board of India (SEBI) vide its circular dated April 20, 2018 has mandated registration of Permanent Account Number (PAN) and Bank Account Details for all securities holders. Members holding shares in physical form are

therefore, requested to submit their PAN and Bank Account Details to RTA / Investor Services Department of the Company by sending a duly signed letter along with self-attested copy of PAN Card and original cancelled cheque. The original cancelled cheque should bear the name of the Member. In the alternative Members are requested to submit a copy of bank passbook / statement attested by the bank. Members holding shares in demat form are requested to submit the aforesaid information to their respective Depository Participant.

19. In case of joint holder attending the Meeting, only such joint holder who is higher in order of names will be entitled to vote.

20. Non-Resident Indian Members are requested to inform RTA, immediately of:

a) Change in their residential status on return to India for permanent settlement.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013 ("the Act")

ITEM NO. 4:

Pursuant to the recommendation of the Nomination and Remuneration Committee and subject to approval of the Members of the Company in ensuing Annual General Meeting, the Board of Directors of the Company, at its meeting held on December 12, 2017 appointed Mr. Kalpesh B. Parekh (DIN: 08010094) as Additional Independent Director.

Pursuant to provisions of Section 161(1) of the Companies Act, 2013, Mr. Kalpesh B. Parekh (DIN: 08010094) holds office up to the date of this Annual General Meeting of the Company.

The Company has received from Mr. Kalpesh B. Parekh (DIN: 08010094) (i) consent in writing to act as Director in Form DIR-2 pursuant to Rule 8 of Companies (Appointment & Qualification of Directors) Rules 2014, (ii) intimation in Form DIR-8 in terms of Companies (Appointment & Qualification of Directors) Rules, 2014 to the effect that he is not disqualified under sub-Section (2) of Section 164 of the Companies Act, 2013, and (iii) a declaration to the effect that he meets the criteria of independence as provided in Sub Section (6) of Section 149 of the Companies Act, 2013. The resolution seeks the approval of members for the appointment of Mr. Kalpesh B. Parekh (DIN: 08010094) as an Independent Director of the Company for a period of five years up to December 11, 2022 pursuant to Section 149 and other applicable provisions of the Companies Act, 2013 and the Rules made thereunder. He will not be liable to retire by rotation.

In the opinion of the Board, Mr. Kalpesh B. Parekh (DIN: 08010094), the Independent Director proposed to be appointed, fulfils the conditions specified in the Companies Act, 2013 and the Rules made thereunder and he is Independent of the Management. A copy of the draft letter for the appointment of Mr. Kalpesh B. Parekh (DIN: 08010094) as an Independent Director setting out the terms and conditions is available for inspection without any fee by the members at the Company's registered office during normal business hours on working days up to date of the Annual General Meeting.

None of the Directors and/or Key Managerial Personnel of the Company or their relatives, except Mr. Kalpesh B. Parekh (DIN: 08010094) whose appointment is proposed in this resolution are in any way concerned or interested in the resolution.

The Board recommends the resolution set forth in Item no. 4 for the approval of the members.

ITEM NO. 5:

The Company is required to identify the individuals and entities forming part of its "Promoter & Promoters Group" category and public category and disclose them under the various provisions of the Companies Act, 2013; SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and in compliance with SEBI (SAST) Regulations, 2011 and SEBI (PIT) Regulations, 2015 and any other applicable laws as in force.

Regulation 31A of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 empowers the Stock Exchange to allow re-classification or modification of the existing status of individuals and entities from "Promoter & Promoters Group" category to "Public" category or vice versa, only subject to fulfilment of the conditions as provided therein.

The Company was in receipt of requests from Mr. Hasmukh A. Gada, Ms. Meenaxi H. Gada, Ms. Laxmiben A. Gada & M/s. Hasmukh A. Gada (HUF), members of Promoters or promoters group of the Company, for re-classification from Promoter category to Public category under Regulation 31A (2) & (3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations, 2015'). Details of their shareholding in the Company are as under:

14	M/s. Amrut P. Shah (HUF)	Promoter Group	552000	0.20%
15	M/s. Shantilal P. Shah (HUF)	Promoter Group	780000	0.29%
TOTAL			61816585	22.76%

Further as per Rule 19A of Securities Contract (Regulation) Rules, 1957 the public shareholding as on the date of this notice fulfils the minimum public shareholding requirement of at least 25% of the total share capital.

The Board recommends the Special Resolution set forth in Item no. 5 for the approval of the members.

None of the Directors and Key Managerial Personnel except Mr. Amrut P. Shah (Chairman & Managing Director) of the Company is in any way, concerned or interested, financially or otherwise, in the resolution as set out at Item No. 5 of the notice.

ITEM NO. 6:

The Company is presently engaged in the business of manufacture and distribution of Notebook, Account Book and Register, Paper Stationary such as Voucher, Pad, Receipt Book, Dairies, Files, Envelope, Cards, Writing and drawing instrument and Materials, Continuous Computer Stationary and Packing Material etc.

In view of prevailing market condition and future growth prospects, and in order to diversify into certain new business ventures, your directors are considering various proposals for diversifying the company's activities into other activities as mentioned in the resolution. Therefore Company intends to undertake and enter in to business as mentioned in clause 3 to 12 of the Special Resolution above. Accordingly, the existing Clause III (A) of the Memorandum of Association of the Company are proposed to be modified by inserting sub-clause 3 to 12 as submitted before the meeting and more particularly enumerated in the resolution.

The alteration in the Objects Clause of the memorandum of association as set out in the resolution is to facilitate diversification. This will enable the company to carry on its business economically and efficiently and the proposed activities can be, under the existing circumstances, conveniently and advantageously combined with the present activities of the company. This will also enlarge the area of operations of the company.

In order to enable the Company to undertake the proposed businesses as mentioned above in the Special Resolution, it is proposed to amend the Main Objects Clause of the Memorandum of Association of the Company.

In terms of Section 4 and 13 of the Act, the consent of the Members by way of Special Resolution is required for change in objects clause of the Memorandum of Association of the Company.

The Board of Directors at their meeting held on Tuesday, August 14, 2018 had approved (subject to the approval of members) the amendment in the Memorandum of Association of the Company as aforesaid.

The Board recommends for approval by the members the resolution as set out at Item No. 6 of the Notice as a Special Resolution.

None of the Directors, Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested, financially or otherwise, in the resolutions, as set out at Item No. 6 of the Notice.

The Memorandum and Articles of Association of the Company is available for inspection in physical or in electronic form during

working days in specified business hours i.e. between 10:00 a.m. to 6:00 p.m. at the Registered and Corporate office of the company and copies thereof shall also be made available for inspection in physical or electronic form at the Registered and Corporate office and also at the Meeting.
