Dear Valued Shareholders,

The Indian travel and tourism industry is expected to record an annual growth at 7.1% per annum. In WTTC's Economic Impact 2023 report, India's Travel and Tourism GDP contribution grew by 5.9%.

In 2021, the travel & tourism industry's contribution to the GDP was US\$ 178 billion; this is expected to reach US\$ 512 billion by 2028. By 2029, it is expected to account for about 53 million jobs. In India, the industry's direct contribution to the GDP is expected to record an annual growth rate of 7-9% between 2019 and 2030.

The travel market in India is projected to reach US\$ 125 billion by FY27 from an estimated US\$ 75 billion in FY20. The Indian airline travel market was estimated at ~US\$ 20 billion and is projected to double in size by FY27 due to improving airport infrastructure and growing access to passports. The Indian hotel market including domestic, inbound, and outbound was estimated at ~US\$ 32 billion in FY20 and is expected to reach ~US\$ 52 billion by FY27, driven by the surging demand from travelers and sustained efforts of travel agents to boost the market.

By 2028, international tourist arrivals are expected to reach 30.5 billion and generate revenue of over US\$ 59 billion. However, domestic tourists are expected to drive the growth, post-pandemic. International hotel chains are increasing their presence in the country, and they will account for around 47% share of the tourism and hospitality sector of India by 2020 and 50% by 2022.

As per the Ministry of Tourism, Foreign Tourist Arrivals (FTAs) in December 2023 were 1,070,163. FTAs during the period January-December 2023 were 9,236,108 as compared to 6,437,467 in January-December 2022.

The percentage share of Foreign Tourist Arrivals in India during December 2023 among the top five ports was highest at Delhi Airport (29.92%) followed by Mumbai Airport (18.46%), Haridaspur Land Check Post (7.09%), Chennai Airport (7.02%), Bengaluru Airport (6.20%). FTAs during the period January-December 2023 were 9.24 million.

The percentage share of Foreign Tourist Arrivals in India during April 2024 among the top five source countries was highest from Bangladesh (26.30%), followed by USA (13.74%), UK (8.36%), Australia (4.41%) and Canada (3.55%).

In 2023, 26.52% of foreign tourists visited for Indian Diaspora which marks 9,236,108 foreigners.

FEE during the period January-December 2023 were US\$ 28.1 billion. And FEE during the January-April 2024 period is US\$ 10.90 billion

Domestic visitor spending increased by 20.4% in 2022, only 14.1% below 2019. International visitor spending rose by 81.9% in 2022, but still 40.4% behind 2019 numbers.

Cumulative FDI equity inflow in the Hotel and Tourism industry is US\$ 17.2 billion during the period April 2000-March 2024. This constitutes 2.54% of the total FDI inflow received across sectors.

During the said times, Delphi has been working towards consolidating infrastructure and digitizing processes to prepare itself for future growth wherein Delphi World Money Limited operates 18 branches across India. Delphi group operates airport foreign exchange business which operate at 75+ counters pre COVID which was scaled down to 39 counters across Delhi, Mumbai, Chennai and Kolkata international airports along with 130+ branches in 69 cities which was scaled down to 60 cities with 83+ branches and presence at 12 seaports conducting a total of \$4.8 billion in gross transaction value pre COVID and the inward remittance business of approx. \$7.2 billion gross annual remittance pre COVID makes us the undisputed leadership position in India.

The infusion of new ideas, products and business processes has transformed the organization setting it on a path of expansion and innovation, we will be introducing new ways of doing business that will give us a distinct identity and allow us to consistently achieve and maintain an edge with regards to our research, innovation and progress.

On behalf of the Board of Directors, I am pleased to share that the Profit before Tax from Continuing Operations for the year 2023-24 is INR 226.59 Million as against the profit of INR 214.57 Million in the previous year and the Profit after Tax from Continuing Operations in 2023-24 stood at INR 151.92 Million as against the profit of INR 150.42 in Million in the previous year.

However, Your Company's total income during the year under review was INR 149.89 Million as compared to INR 146.95 Million in the previous year.

I would like to take this opportunity to thank the members of the Board and the Management for their priceless insights, and the dedicated employees for their contribution towards creating industry benchmarks and building the brand to where it stands today. I would like to thank all the stakeholders for their continued support in achieving this feat for the company, which I am confident, is only going to gain pace in the years to come.

With Best Regards
Hariprasad Meenoth Panichikkil

We have examined compliance by **Delphi World Money Limited** (erstwhile Ebixcash World Money India Limited) ('the Company') with the requirements under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) relating to Corporate Governance for the year ended on 31 March 2024.

In our opinion and to the best of our information and according to the explanations given to us and the representation by the Directors and the management, We certify that the Company has complied with the conditions of Corporate Governance as stipulated in the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations).

The compliance of conditions of Corporate Governance is the responsibility of the management of the Company. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance under the Listing Regulations. The examination is neither an audit nor an expression of opinion on the financial statements of the Company or the Corporate Governance Report of the Company.

We state that only two (2) complaints relating to investor's grievance received by the Company are pending unresolved as on 31 March 2024 and no investor grievances are pending for a period exceeding one month against the Company. However, subsequently to the year end the said pending complaints have been resolved by the Company (**Delphi World Money Limited**).

We further state that such compliance is neither an assurance to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

 - f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; **Not applicable during the Audit period and**
 - h. The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018; **Not applicable during the Audit period**
- (vi) All other relevant applicable laws including those specifically applicable to the Company, a list of which has been provided by the management. The examination and reporting of these laws and rules are limited to whether there are adequate systems and processes are in place to monitor and ensure compliance with those laws.

Other specific business/industry related laws applicable to the Company:

- Foreign Exchange Management Act & RBI Act and Master Directions / Circulars issued thereunder.
- The Prevention of Money Laundering Act, 2002 (PMLA)
- Information Technology Act, 2000 and the rules made thereunder;
- Other applicable general laws, rules, regulations and guidelines.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India.
- (ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and amendments made thereunder ("Listing Regulations").

During the period under review and based on our examination and verifications of the documents provided and according to information and explanations given to us during the audit, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. as mentioned above except to the extent mentioned below:

1. Minimum Public Shareholding (MPS) requirements (25%) specified in Rule 19(2) and Rule 19A of the Securities Contracts (Regulation) Rules, 1957 in the manner as specified by the Board from time to time but subsequent to the open offer made by Acquirer EbixCash World Money Limited under SEBI SAST, the Public shareholding of the Company fell to 10.06% on 28th June, 2019 and was 10.45% as on 31st March, 2023. MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

GENERAL ECONOMIC OUTLOOK

India's economy, while facing similar global challenges, is poised to exhibit resilience compared to other advanced and emerging economies. Despite the global slowdown, India's GDP growth for FY 2023-24 is projected to remain robust, albeit slightly moderated, at around 6-6.5%. The primary drivers of this growth include strong domestic demand, continued infrastructure investments, and a rebound in the services sector.

However, inflation remains a concern. While headline inflation is expected to decline from its peak, core inflation may persist due to supply chain disruptions and elevated commodity prices. The Reserve Bank of India (RBI) is likely to maintain a cautious stance, balancing between controlling inflation and supporting growth.

Monetary Policy and Financial Sector Stability

The RBI has been proactive in addressing inflation through successive interest rate hikes. For FY 2023-24, the central bank may continue with a tight monetary policy to ensure inflation remains within the target range. However, any signs of financial sector vulnerabilities, as witnessed globally, could prompt the RBI to reassess its stance and potentially ease rates to ensure liquidity and financial stability.

India's banking sector is relatively insulated but not immune to global financial turmoil. The central bank and financial regulators will need to remain vigilant to prevent contagion from global financial stresses affecting the domestic financial sector. Measures to strengthen the banking sector's resilience, including higher capital requirements and better risk management practices, will be crucial.

Fiscal Policy and Public Investment

The government is likely to continue its focus on fiscal consolidation while supporting growth through targeted public investments. Infrastructure development, particularly in transport, logistics, and urban infrastructure, will remain a priority. Additionally, government initiatives to boost manufacturing under the "Make in India" program and digital economy advancements are expected to support medium-term growth prospects.

Given the potential for higher borrowing costs and the need for fiscal prudence, the government may explore innovative financing mechanisms, such as public-private partnerships and asset monetization, to fund infrastructure projects without exacerbating fiscal deficits.

External Sector and Trade

India's external sector will face headwinds from global economic fragmentation and trade uncertainties. The slowdown in global growth could impact exports, particularly in sectors like textiles, gems and jewelry, and automotive components. However, India's diversified export base and efforts to strengthen trade ties with emerging markets could mitigate some of these effects.

The ongoing geopolitical tensions and disruptions in global supply chains present both challenges and opportunities. India may benefit from realigning global supply chains and attracting foreign direct investment (FDI) as companies seek to diversify their manufacturing bases away from traditional hubs.

Sectoral Outlook

- **Agriculture:** With favorable monsoon forecasts, the agricultural sector is expected to perform well, supporting rural income and demand. Government support through minimum support prices (MSP) and crop insurance schemes will also play a role in stabilizing farm incomes.
- **Manufacturing:** The manufacturing sector is likely to see moderate growth, supported by government initiatives and rising domestic demand. However, global supply chain disruptions and higher input costs could pose challenges.
- **Services:** The services sector, particularly IT and IT-enabled services, is expected to remain strong, driven by digital transformation and global demand. Domestic tourism and hospitality sectors are likely to recover further as pandemic-related restrictions ease.

Risks and Mitigation Strategies

Key risks to India's economic outlook include global financial sector stress, prolonged geopolitical tensions, and domestic inflationary pressures. To mitigate these risks, India needs to:

1. **Strengthen financial sector resilience:** Enhance regulatory oversight, improve risk management, and ensure adequate capitalization of banks.
2. **Diversify trade and investment:** Expand trade partnerships, attract FDI, and develop domestic industries to reduce dependence on global supply chains.
3. **Control inflation:** Implement effective monetary and fiscal policies to manage inflation without stifling growth.
4. **Boost public investment:** Focus on high-impact infrastructure projects and leverage private sector participation to sustain growth momentum.

OUTLOOK, OPPORTUNITIES AND THREATS

Outlook

The international tourism sector in India is set to witness a steady recovery in FY 2023-24, supported by the global easing of travel restrictions, increasing vaccination rates, and pent-up demand for international travel. While challenges persist, the government's proactive measures to promote tourism, coupled with India's diverse attractions, position the country well to attract international tourists.

Key factors influencing the outlook include the stabilization of the global economy, enhanced connectivity, and targeted marketing campaigns to promote India as a safe and diverse travel destination. The government's emphasis on tourism infrastructure development and the introduction of e-visa facilities will further enhance India's appeal to international travelers.

Opportunities

- Cultural and Heritage Tourism:** India's rich cultural heritage, historical landmarks, and UNESCO World Heritage sites are major attractions for international tourists. Promoting cultural festivals, heritage walks, and immersive experiences can draw a large number of foreign visitors.
- Medical and Wellness Tourism:** India is a preferred destination for medical tourism due to its cost-effective treatments and high-quality healthcare services. Additionally, the country's wellness tourism, offering Ayurveda, Yoga, and holistic health retreats, is gaining popularity among international tourists seeking rejuvenation.
- Adventure Tourism:** The diverse landscapes of India, from the Himalayas to the coastal regions, offer vast opportunities for adventure tourism. Activities such as trekking, mountaineering, river rafting, and wildlife safaris can attract adventure enthusiasts from around the world.
- Eco and Sustainable Tourism:** With increasing global awareness of sustainability, India has the potential to develop and promote eco-friendly tourism. Destinations focusing on wildlife conservation, eco-resorts, and community-based tourism can attract environmentally conscious travelers.
- Luxury and Hospitality:** India's burgeoning luxury travel market, with high-end hotels, heritage properties, and bespoke travel experiences, can cater to affluent international tourists. Promoting luxury train journeys and exclusive tours can enhance India's attractiveness to high-spending tourists.
- Digital and Smart Tourism:** Leveraging digital technologies to enhance the travel experience through virtual tours, AI-based travel planning, and seamless online booking systems can attract tech-savvy international tourists.
- Business and MICE Tourism:** India's growing economy and improved infrastructure position it as a key destination for business travel and MICE (Meetings, Incentives, Conferences, and Exhibitions) tourism. Developing world-class convention centers and business facilities can tap into this lucrative segment.

Threats

- Global Economic Uncertainty:** Economic instability in key source markets can impact the disposable income and travel spending of potential tourists, affecting international arrivals in India.

- Health and Safety Concerns:** The ongoing threat of new COVID-19 variants and other health crises can deter international travel. Ensuring robust health and safety protocols will be critical to instilling confidence among travelers.
- Political and Social Stability:** Perceptions of political unrest, social tensions, or regional conflicts can adversely affect India's image as a safe travel destination. Maintaining a stable and welcoming environment is crucial.
- Environmental Degradation and Over-Tourism:** Popular destinations may face the risk of environmental degradation and over-tourism, which can diminish their appeal. Implementing sustainable tourism practices is essential to preserve these attractions.
- Infrastructure Deficiencies:** Despite improvements, infrastructure in some tourist areas still requires significant development. Inadequate facilities, poor connectivity, and lack of tourist amenities can negatively impact the tourist experience.
- Competition from Other Destinations:** Competing with other emerging and established global tourist destinations necessitates continuous innovation and high service standards. India must offer unique and high-value experiences to stand out.

Strategies for Mitigation and Growth

- Enhancing Tourism Infrastructure:** Invest in developing world-class tourism infrastructure, including transportation, accommodation, and tourist facilities. Ensure seamless connectivity and high-quality amenities at key destinations.
- Promoting Sustainable Tourism:** Adopt sustainable tourism practices to protect natural and cultural heritage. Engage local communities in tourism initiatives to ensure benefits are widely distributed and environments are preserved.
- Strengthening Health and Safety Measures:** Implement stringent health and safety protocols to reassure international travelers. Promote India as a safe and hygienic destination through targeted campaigns.
- Diversifying Tourist Offerings:** Promote lesser-known destinations and unique travel experiences to reduce pressure on popular sites and attract diverse tourist segments.
- Leveraging Digital Technology:** Enhance the digital presence of India's tourism sector through comprehensive online platforms for information, bookings, and virtual experiences. Utilize social media and digital marketing to reach global audiences.
- Building Strategic Partnerships:** Foster collaboration between the government, private sector, and international tourism boards to create a cohesive tourism strategy. Partnerships with airlines, travel agencies, and global hospitality brands can boost tourist arrivals.
- Focused Marketing Campaigns:** Increase marketing efforts to highlight India's diverse attractions. Utilize global platforms, travel fairs, and targeted campaigns to promote India as a premier travel destination.

RISKS AND CONCERNS

Company has laid down a detailed risk management policy, customer identification and acceptance procedure. Credit procedure envisaged by the Company's credit policy ensures identification of the operational and business risk while entering into any transactions

with the prospective customers. The financial risks involved are evaluated through a well laid down procedure. However, all the inherent business risks are adequately insured by the Company.

Exchange rate volatility faced is not only faced by the Company but is attuned to the forex industry globally. To mitigate the said risks Company closely monitors the exchange rate movement and hedges its liability on this account in the Forwards Forex market.

The inward remittances due to the Company in its Money Transfer business acts a natural hedge for its Money Exchange business. The company's business is also subjected to a regulatory framework established by RBI & FIU, which calls for periodical reporting to guard the inherent risks associated with the Money Exchange & Money Transfer business activities.

Hence, there is a regulatory control also in addition to the self-control on the operations of the Company warrants continuous upgrading of its controls systems to mitigate different forms of risks.

INTERNAL CONTROL SYSTEM

The Company has already put in place an elaborate Internal Control and Internal Audit systems. The system ensures adequate periodical checks and balances are exercised.

Continuous monitoring by the Internal Audit team of these checks and balances due to the inherent risks associated with the nature of Company's activities, ensures compliance of the regulatory framework of RBI & FIU.

The Audit team is suitably guided and updated by the Audit Committee of the various regulatory requirements from time to time. The Company has put in place a strict credit policy for extending credit to its corporate customers. The same is continuously monitored and reviewed periodically for any updating to ensure funds at Company's disposal are being judiciously utilised and efficiently managed vis a vis the business requirements.

The Management Discussion and Analysis explaining the objectives of the Company, the opportunities and threats, the outlook for the future, the risks and concerns have to be read with the meaning of relevant applicable laws and regulations. The actual performance may differ materially from those explained herein above. As in any other business the performance of the Company is totally dependent on the market conditions of demand and supply, the volatility in exchange rate, the Government policy & regulations, the economy of the country and other factors.

MATERIAL DEVELOPMENT IN HUMAN RESOURCES

Your Company being part of the Banking and Financial Services sector, human resources has always been the main pillar for all the activities of the Company. Customer Satisfaction being the ultimate objective of the Company, to ensure sustained business growth. Company's focus has been to improve the staff's contribution towards the various services offered. To achieve this objective Company has ensured that all its employees receive continuous update on the Company's policies as well as the regulatory framework, by conducting continuous programs for learning and development on functional and behavioural training.

INDEPENDENT AUDITOR'S REPORT

**To The Members of Delphi World Money Limited
Report on the Audit of the Financial Statements**

Opinion

We have audited the Financial Statements of **Delphi World Money Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the Financial Statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing ("SA") specified under Section 143(10) of the Companies Act, 2013, as amended ("the Act"). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Emphasis of Matter Paragraph

We draw attention to:

- a) note no. 39 (II) (a) of Financial Statements, which refers to the adjudication orders issued by the Directorate of Enforcement ('ED'), imposing a total monetary penalty of ₹329.07 million on the Company and ₹35.20 million on its Principal Officer for non-compliance with certain provisions of Foreign Exchange Management Act, 1999 (FEMA, 1999). The said matters have arisen, related to the period, prior to the acquisition of the Company by the current promoters, i.e. EbixCash World Money Limited from the erstwhile promoters of the Company under the Share Purchase Agreement dated December 31, 2018 and is covered by the indemnities given by the erstwhile Promoters under the Share Purchase Agreement and therefore, the liability for the payments, if any, shall be reimbursed by the erstwhile Promoters of the Company. The matters are sub-judice and indemnities have been provided by the erstwhile Promoters and the Company believes there would not be any financial impact on the Company.
- b) note no. 54 of Financial Statements, regarding Inter Corporate Deposits ("ICDs") of an amount ₹1,637.43 million as of March 31, 2024, given by the company to some of its group companies. Two of the borrower group companies have incurred continued operating losses and have negative net worth. The collectability of the ICD is dependent on the support provided by the India

holding Company i.e. EbixCash Limited (i.e. intermediary holding company in India and referred to as "ECL") and Ebix, Inc (i.e. ultimate holding company). The Management is of the opinion, that even though Ebix Inc. has filed for voluntary petitions to commence proceedings under Chapter 11 (the "Chapter 11 Cases") of the United States Code (the "Bankruptcy Code"), Ebix, Inc. and EbixCash Limited have adequate revenue-generating assets to provide financial support to these borrower companies.

Our opinion is not modified with respect to these matters.

Key Audit Matters

Key audit matters ("KAM") are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the Key Audit Matter
1. Revenue recognition:	
<p>The Company has revenue from the Sale and Purchase of Foreign exchange products and Inward & Outward remittances. Revenue is measured based on consideration received / receivable for services. Revenue from Foreign Exchange products, Inward & Outward Remittance and related services are a key audit matter due to the exposure to the risk of fraud due to the involvement of significant amounts of cash & cash equivalent. Additionally, the Company relies heavily on its IT system to record, process and report a high volume of revenue transactions and their integration into the back-office system. The audit approach relies on the effectiveness of automated controls of these applications and controls around the interface of systems.</p>	<p>Principal Audit Procedures</p> <p>Our audit procedures performed included:</p> <ul style="list-style-type: none"> ▪ Assessing the accounting policies with respect of revenue recognition to be in compliance with the applicable accounting standards; ▪ Evaluating the design, testing the implementation and operating effectiveness of the Company's internal controls over recognition of revenue along with the effectiveness of Information Technology controls built into the automated processes; ▪ Assessment of internal controls on the handling of cash including cash verifications performed by the management and performing cash count procedures on a sample basis; ▪ Selecting samples of revenue transactions and testing the sample for existence and accuracy; ▪ Testing the revenue based on agreements, where applicable; and ▪ Assessing journal entries posted to revenue to identify unusual items not already covered by us. <p>Based on our audit procedures we did not identify any evidence of material misstatement in the revenue recognized for the year in the financial statements.</p>

2. Contingent Liabilities- Contingencies related to Regulatory, Direct and Indirect tax matters	
<p>The Company has a number of litigations pending, related to Regulatory, Direct and Indirect tax matters which are under dispute with various authorities as more fully described in Note 39 to the Financial statements. This is identified as Key Audit Matter because of the involvement of significant estimates, a degree of management's judgement for estimating the amount to be disclosed as contingent liability and possibilities of management bias.</p>	<p>Principal Audit Procedures:</p> <p>We have obtained an understanding of the Company's internal instructions and procedures with respect to the estimation and disclosure of contingent liabilities and adopted the following audit procedures:</p> <ul style="list-style-type: none"> ▪ Understanding and Testing the designs and operating effectiveness of controls as established by management for obtaining all the relevant information for pending litigations; ▪ Holding discussions with management for any material developments and the latest status of legal matters; ▪ Reviewed the experts' note and/ or legal opinions from independent legal counsel obtained by the management with respect to certain contentious matters; ▪ Examining management's judgements and assessments of whether provisions are required considering the management's assessment of those matters that are not disclosed as the probability of material outflow is considered to be remote; and ▪ Verified the adequacy of disclosures in the financial statements in this respect. <p>Based on the above procedures performed, the estimation and disclosures of contingent liabilities are considered to be adequate and reasonable.</p>
3. Assessment of Impairment of Inter Corporate Deposits (ICD) given to the Group companies	

Key Audit Matter	How our audit addressed the Key Audit Matter
<p>There are Inter Corporate Deposits ("ICDs") of an amount ₹1637.43 million as of March 31, 2024, given by the company to some of its group companies. As of March 31, 2024, impairment indicators have been identified for two of the borrower group companies that have incurred continued operating losses and have negative net worth. Further, Ebix Inc. has filed for voluntary petitions to commence proceedings under Chapter 11 (the "Chapter 11 Cases") of the United States Code (the "Bankruptcy Code"). Considering the petition filed by Ebix Inc. the assessment of the collectability of ICD has been considered as a Key audit matter.</p>	<p>We performed the following key audit procedures to assess management's estimation of the recoverable amounts of inter-corporate deposits provided to Group Companies:</p> <ol style="list-style-type: none"> 1 Assessed the information used to identify impairment indicators, including the financial conditions, and market conditions in which these entities operate; 2 Management evaluation of the recoverability of loans granted to its Group companies; 3 Comfort letter issued by the India holding Company i.e. EbixCash Limited (i.e. intermediary holding company in India). 4 Evaluated disclosures made in the Financial Statements for compliance with the requirements of applicable accounting standards. <p>Based on the above procedures performed, we did not identify any evidence of material misstatement on the value of ICD in the financial statements.</p>

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Report on Corporate Governance and Director's Report including Annexures to Director's Report, and Shareholder's Information, but does not include the Financial Statements and our auditor's report thereon. The aforesaid report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Company's annual report and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and shall take appropriate actions, if required.

Responsibilities of Management and Board of Directors for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of

the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

Those Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Annual Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has an adequate internal financial controls system with reference to the Standalone Financial statement in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant

doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Annual Financial Statements, including the disclosures, and whether the Annual Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in the aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work, and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our report, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books; except for the matters stated in paragraph 1(B)(f) below on reporting under rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended) ("the Rules");
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flow dealt with by this report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid Financial Statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7

of the Companies (Accounts) Rules, 2014;

(e) On the basis of the written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of Section 164 (2) of the Act;

(f) With respect to the adequacy of the internal financial controls over financial reporting with reference to the Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

(a) The Company has disclosed the impact of pending litigations as at March 31, 2024, on its financial position in its Financial Statements. Refer to note 39 of the Financial Statements;

(b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

(c) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

(d) (i) The Management has represented that, to the best of its knowledge and belief, as disclosed in note 53(iv) to the financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(ii) The Management has represented, that, to the best of its knowledge and belief, as disclosed in note 53(v) to the financial statements, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

(e) The company has neither declared nor paid any dividend

during the year, therefore reporting under rule 11 (f) is not applicable.

(f) Based on our examination which included test checks the Company has used accounting software for maintaining its books of account, which has a feature of recording audit trail (edit log) facility and; the same has operated throughout the year for all relevant transactions recorded in the respective software except that the feature of recording audit trail (edit log) facility at the database level to log any direct data changes for the accounting software used for maintaining the books of accounts cannot be commented upon, as the SOC Type 2 report does not specifically cover any controls related to the audit trail.

For accounting software for which audit trail feature is enabled, the audit trail facility has been operating throughout the year for all relevant transactions recorded in the software and we did not come across any instance of audit trail feature being tampered with during the course of our audit.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on the preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

C. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended,

In our opinion and according to the information and explanation given to us, the remuneration paid during the current year by the Company to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which is required to be commented upon by us.

2. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Referred to in paragraph 1 (A) (f) under the 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of Delphi World Money Limited on the Financial Statements for the year ended March 31, 2024

Report on the Internal Financial Controls with reference to aforesaid Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls over the financial reporting of **Delphi World Money Limited** ("the Company") as of March 31, 2024, in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls were operating effectively as at March 31, 2024, based on the internal financial controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal financial controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risk of misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Annexure B to the Independent Auditors' Report

Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of Delphi World Money Limited on the Financial Statements for the year ended March 31, 2024

i) In respect of the Company's Property, Plant and Equipment and Intangible Assets:

- a. (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets covered under Ind AS 116, 'Leases'.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- b. The Company has a program of verification of property, plant and equipment, and right-of-use assets so as to cover

- all the items at least every 1-2 years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, some of the Property, Plant and Equipment, were physically verified during the year by the Management. According to the information and explanations given to us, no material discrepancies were noticed in such verification.
- c. The Company does not have immovable properties as at March 31, 2024. Accordingly, paragraph 3(i)(c) of the Order is not applicable to the Company.
- d. The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.
- e. According to the information and explanations given to us, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2024, for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

ii) In respect of the Company's Inventory:

- a. The inventories were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate, for each class of inventories were noticed on such physical verification of inventories when compared with books of account.
- b. According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, from banks on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly statements comprising stock statements and book debt statements, filed by the Company with banks are in agreement with the unaudited books of account of the Company of the respective quarters and no material discrepancies have been observed. Refer to note 50(i) of the Financial Statements.

iii) In respect of the Company's Loans, Investments, guarantee or security, etc.

Based on the books of account examined by us and according to information and explanation given to us, the Company has granted unsecured loans during the year to the following persons, in respect of which:

- a. The Company has granted unsecured loans, during the year, details of which are given below:

Particulars	Loans (amount in ₹ Millions)
A. Aggregate amount granted/provided during the year:	
Other Group Companies	3,009.13
B. Balance outstanding as of balance sheet date in respect of the above cases:	
Other Group Companies	1,637.43
* The amounts reported are gross amounts.	

The Company has not made any investment or provided advance in nature of loan or security or Guarantee to any other entity during the year.

- b. In our opinion, the terms and conditions of the grant of all the above-mentioned loans, during the year are, prima facie, not prejudicial to the Company's interest.
- c. The Company has granted loans that are repayable on demand. During the year the Company has not demanded such loans. Having regard to the fact that the repayment of principal or payment of interest has not been demanded by the Company, in our opinion the repayments of principal amounts and receipts of interest are regular.
- d. According to information and explanations given to us and based on the audit procedures performed, in respect of loans granted by the Company, there is no overdue amount remaining outstanding as of the balance sheet date.
- e. No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties.
- f. According to information and explanations given to us and based on the audit procedures performed, the Company has granted loans that are repayable on demand, details of which are given below:

<i>(amount in ₹ Millions)</i>			
Particulars	All Parties*	Promoters*	Related Parties*
Aggregate of loans (as at March 31, 2024)

- Agreement does not specify any terms or period of repayment (B)	0	0	0
Total (A+B)	1,637.43	0	1,637.43
Percentage of loans/ advances in nature of loans to the total loans	100%		100%
*The amounts reported are gross amounts, without considering provisions made.			

iv) Compliance of section 185 and 186

The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.

v) Public Deposits

The Company has not accepted any deposits from the public or amounts that are deemed to be deposited within the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act 2013 and the Rules framed thereunder. Accordingly, clause 3(v) of the Order is not applicable to the Company.

vi) Cost Records

In our opinion and according to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act, for any of the goods sold and services rendered by the Company.

vii) In respect of Statutory Dues

- a. Undisputed statutory dues, including Goods and Service Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Duty of Custom, Duty of Excise, Value Added Tax, cess and other material statutory dues applicable to the Company have been generally deposited regularly by it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, Duty of Custom, Duty of Excise, Value Added Tax, cess and other material statutory dues in arrears as at March 31, 2024, for a period of more than six months from the date they became payable.

- b. In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of the audit and to the best of our knowledge and belief, we state that there are no dues of income tax or sale tax or service tax or goods and service tax or duty of customs or duty of excise or value added tax or cess which have not been deposited on account of any dispute except as mentioned below:

S. No	Name of the Statute	Nature of Dues	Amount in ₹ Millions	Period to which the amount relates	Forum where the dispute is pending
1	Service Tax Act 1994	Service Tax	383.70	14.10.2016 to 30.06.2017	Honourable High Court of Bombay
2	Goods & Service Tax Act	GST	501.24	July 2017 to March 2021	Appellate Tribunal
3	Income Tax Act 1961	Income Tax	5.65	2018-19	Commissioner of Income Tax (Appeals)

viii) Undisclosed Income

According to the information and explanations given to us and the records of the Company examined by us, there were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

ix) Borrowings

- In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
- According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or government or any government authority.
- The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year, hence, reporting under clause (ix)(c) of the Order is not applicable.
- On an overall examination of the financial statements of the Company, funds raised on a short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- The Company has not made any investment in or given any new loan or advances to any of its subsidiaries, associates or joint ventures during the year and hence, reporting under clause (ix)(e) of the Order is not applicable.
- The Company has not raised loans during the year on the pledge of securities held in its subsidiaries or joint ventures or associate companies, hence reporting under clause (ix)(f) of the Order is not applicable.

x) Issue of securities

- The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, clause 3 (ix) of the Order is not applicable to the Company.
- During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.

xi) Fraud

- To the best of our knowledge, and information and explanations given by the management, we report that, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 (as prescribed) under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

xii) Nidhi company

The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

xiii) Related parties

In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

xiv) Internal Audit

- In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- We have considered, the internal audit reports issued to the Company, during the year and to date, in determining the nature, timing and extent of our audit procedure.

xv) Non-cash transactions

In our opinion, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

xvi) Section 45-IA of the Reserve Bank of India Act, 1934

- The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi) (a) and (b) of the Order is not applicable.

- b. The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, reporting under clauses (xvi)(c) of the Order is not applicable.
- c. The Group does not have any CIC as part of the group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.

xvii) Cash loss

The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

xviii) Resignation of statutory auditors

There has been no resignation of the statutory auditors of the Company during the year. Accordingly reporting under clause (xiii) of the Order is not applicable.

xix) Ability to pay liabilities

On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that the Company is not capable of meeting its liabilities existing at the date of the balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xx) CSR unspent amount

The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

2 Summary of Material Accounting Policies

2.1 Basis of Preparation

a. Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 (the 'Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act. In addition, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also applied.

b. Historical Cost Convention

The financial statements have been prepared on Historical Cost basis except for-

1. Certain financial assets and liabilities measured at fair value
2. Investment in Equity (Excluding Investment in Associates)
3. Defined benefit plans- plan assets measured at fair value and the present value of the defined benefit obligations as per actuarial valuation.

c. Basis of Accounting

The Company maintains accounts on accrual basis following the historical cost convention, except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period, as explained in the accounting policies below.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fair value measurements under Ind AS are categorised as below based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

- i. Level 1 inputs are quoted prices (unadjusted) in active markets

for identical assets or liabilities that the company can access at measurement date;

- ii. Level 2 inputs are inputs, other than quoted prices included in level 1, that are observable for the asset or liability, either directly or indirectly; and

- iii. Level 3 inputs are unobservable inputs for the valuation of assets/liabilities

d. Presentation of Financial Statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Division II of Schedule III to the Act. The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7, Statement of Cash flows. The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Ind AS and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.

Functional Currency

These financial statements are presented in Indian Rupees in Million rounded off to two decimal places as permitted by Schedule III to the Act. Per share data are presented in Indian Rupees to two decimals places.

e. Classification of Current / Non-Current Assets and Liabilities

All the assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- i) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- ii) it is held primarily for the purpose of being traded;
- iii) it is expected to be realised within twelve months after the reporting date; or
- iv) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- i) it is expected to be settled in the Company's normal operating cycle;
- ii) it is held primarily for the purpose of being traded;
- iii) it is due to be settled within twelve months after the reporting date; or
- iv) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other assets/ liabilities are classified as non-current. Based on the nature of the products and services, the Company has

ascertained its operating cycle as twelve months for the purpose of Current / Non-current classification of assets and liabilities.

f. Key estimates and assumptions

The preparation of financial statements in accordance with Ind AS requires use of estimates and assumptions for some items, which might have an effect on their recognition and measurement in the (i) balance sheet and (ii) statement of profit and loss. The actual amounts realised may differ from these estimates.

The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/ materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

g. Estimates and assumptions are required in particular for:

i. Determination of the estimated useful lives of tangible assets

Useful lives of tangible assets are based on the life prescribed in Schedule II to the Act. In cases, where the useful lives are different from that prescribed in Schedule II to the Act, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers’ warranties and maintenance support.

ii. Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations.

iii. Recognition of deferred tax assets

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax base, and unutilized business loss and depreciation carry-forwards and tax credits. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

iv. Recognition and measurement of other provisions

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore vary from the amount included in other provisions.

v. Recoverability of trade receivable

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include

the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

2.2 Property, Plant and Equipment

2.2.1 Recognition and measurement

Property, plant and equipment are tangible items that are held for use in the production or supply for goods and services, rental to others or for administrative purposes and are expected to be used during more than one period.

Property, plant and equipment (PPE) are stated at the cost of acquisition including incidental costs related to acquisition and installation less accumulated depreciation and impairment loss, if any. Cost of acquisition is inclusive of freight, duties, taxes and other incidental expenses necessary for it to be capable of operating in the manner intended by management.

The cost and related accumulated depreciation are eliminated from the financial statement upon sale or retirement of the asset and resultant gain or loss are recognized in the Statement of Profit and Loss.

Property Plant and Equipment are depreciated based on the revised remaining useful life of the assets as per the requirement of Schedule II to the Act.

2.2.2 Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight line method, and is generally recognized in the Statement of Profit and Loss. Freehold land is not depreciated. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013, which are given in below table. Depreciation on additions/ disposals is provided on a pro-rata basis i.e. from (up to) the date on which asset is ready for use/ disposed of.

Assets	Useful lives
Furniture and Fixtures	10 years
Computer	3 years
Office Equipment	5 years
Vehicle	8 years

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.3 Intangible Assets

Intangible assets are recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably.

Administrative and other general overhead expenses that are specifically attributable to acquisition of intangible assets are allocated and capitalised as a part of the cost of the intangible assets.

Intangible assets not ready for the intended use on the date of the Balance Sheet are disclosed as “intangible assets under development

Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, is recognised in the statement of profit and loss.

Intangible assets are amortised over their estimated useful life as under:

- (a) Computer software - 3 years

2.4 Investments

(a) Non-current investments are carried at cost, after providing for any diminution in value, to recognise a decline other than temporary in nature.

(b) Current investments are carried at lower of cost and fair value.

The determination of carrying amount of such investments is done on the basis of weighted average cost of each individual investment.

The Company measures its investment in Equity instruments (other than Associates) at its Fair Value as defined under Ind AS 109, Financial Instruments.

2.5 Impairment of Assets

As at each balance sheet date, the carrying amount of assets is tested for impairment so as to determine :

- (a) the provision for impairment loss, if any ; and
- (b) the reversal of impairment loss recognised in previous periods, if any.

Impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined :

- (a) in the case of an individual asset, at the higher of net selling price and the value in use; and
- (b) in the case of cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of the cash generating unit's net selling price and the value in use.

(Value in use is determined as the present value of estimated future cash flows from the continuing use of an asset and from its disposal at the end of its useful life.)

2.6 Inventories

Foreign currencies - notes and paid documents on hand are valued at lower of Average Cost and Inter Bank Rate as on the last day of the financial year for each currency.

2.7 Cash and Cash Equivalents

(a) Cash comprises cash on hand and demand deposits with banks.

(b) Cash equivalents are short-term, highly liquid investment that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

2.8 Borrowings and Loans

Borrowings and loans are initially recognised at fair value, net of transaction costs incurred. It is subsequently measured at amortised cost using the effective interest rate method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or transaction costs that are an integral part of the effective interest rate. Any difference between the proceeds (net of transaction costs) and the redemption amount is

recognised in the Statement of profit and loss over the period of borrowings using the effective interest rate.

2.9 Taxation

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of Income Tax Act, 1961, and based on the expected outcome of assessments / appeals, is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- a) has a legally enforceable right to set off the recognised amounts; and
- b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences.

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Transaction or event which is recognised outside profit or loss, either in other comprehensive income or in equity, is recorded along with the tax as applicable.

2.10 Asset held for sale

Assets held for sale as required to be disclosed in accordance with Ind AS 105, Non-Current Assets held for Sale and Discontinued Operations, are measured at lower of its carrying amount and fair value less cost to sell.

2.11 Provisions and Contingencies

Provisions are recognised when the Company has a present

obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement. Provisions are not recognised for future operating losses.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Contingent liabilities are disclosed in the notes.

A contingent asset is not recognised but disclosed, when probable asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

- a) estimated amount of contracts remaining to be executed on capital account and not provided for;
- b) other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

2.12 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Company recognises a financial asset or a liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

a. Financials Assets

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument.

“Initial Recognition

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified as measured at Amortised Cost-

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest

on the principal amount outstanding.

Fair Value Through Other Comprehensive Income (FVOCI)-

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value Through Profit and Loss (FVTPL)-

A financial asset which is not classified in any of the above categories are measured at FVTPL.

Derecognition of financial assets-

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's financial statements) when:

- a. The rights to receive cash flows from the asset have expired, or
- b. The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either

(i) the Company has transferred substantially all the risks and rewards of the asset, or

(ii) the Company has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset

Ind AS 109 requires Expected Credit Losses (ECL) to be measured through a loss allowance. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instruments.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of it trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized

during the period is recognized as income / expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the Statement of Profit and Loss.

b. Financial Liabilities and Equity Instruments

Classification as debt or equity

An instrument issued by a company is classified as either financial liability or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Initial Recognition-

Equity instruments are any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.

Subsequent Measurement-

Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Derecognition of Financial Liabilities-

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

2.13 Revenue Recognition

Effective , the Company has applied Ind AS 115, Revenue from Contracts with Customers which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18, Revenue and Ind AS 11, Construction Contracts ('Not applicable to the Company').

Under Ind AS 115, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for services to a customer.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

(a) Sales of foreign currencies/encashed traveller's cheques is recognised when the delivery is completed and invoice raised.

(b) Income on money transfer is recognised when the payment is made to beneficiaries of remittance.

(c) Commission is recognised on sale of currency/encashed traveller's cheques.

(d) Other operational income represents income earned from activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.

(e) Interest income on deposits, securities and loans is recognised at the agreed rate on time proportion basis.

(f) Income from sale of entitlements from wind power projects are accounted for as and when sold.

2.14 Employee Benefits

(a) Short term employee benefits

All Employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences and bonus are recognised in the period in which the employee renders this related services.

(b) Post-employment benefits

(1) Defined contribution plans : Company's contribution paid/payable during the year to Provident fund, and ESIC are recognised in Statement of Profit and Loss during the period in which the employee renders the related service.

(2) Defined benefit plans : Company has covered its gratuity liability with Life Insurance Corporation of India (LIC). Any amount payable to the employees in the year of separation in excess of amount received from LIC is charged to Statement of Profit and Loss. The present value of the obligation under defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method. Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation.

The service cost and net interest on the net defined benefit liability/(asset) is included in employees benefits expenses in the statement of profit and loss.

(c) Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the balance sheet date. Company provides for Leave Encashment Liability on Privilege Leave, Sick Leave and Casual Leaves.

2.15 Borrowing Costs

Borrowing costs includes interest and other costs incurred in connection with the borrowing of funds and charged to Statement of profit and loss on the basis of effective interest rate. Borrowing costs net of any investment income from temporary investment of related borrowings that are directly attributable to the acquisition, construction or production of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are recognised as expense in the Statement of profit or loss in the period in which they are incurred.

2.16 Leases

Ind AS 116, Leases, requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease

basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

The Company as a lessee:

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset; (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease; and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a Right-of-Use asset (RoU) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. RoU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The RoU assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

The RoU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. RoU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e., the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related RoU asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and RoU asset have been separately presented in the Balance sheet and lease payments have been classified as financing cash flows.

2.17 Foreign Currency Transactions

Purchases and sales of foreign currencies and traveller's cheques are accounted at the contracted rates. Other transactions in foreign currencies are initially recognised at the rate at which the transaction is entered into. On settlement of such transactions the profit/loss arising from exchange differences is recognised in the Statement of profit and loss. Receipts of foreign exchange in money transfer are accounted on the prevalent bank conversion rate or forward contract rate as the case may be and the profit / loss arising from exchange differences is recognised in the Statement of profit and loss. Assets and liabilities denominated in foreign currencies are restated at the rates prevailing at the year end / forward contract rate, as the case may be. The profit / loss so determined are also recognised in the Statement of Profit and Loss.

2.18 Segment Reporting

The Chief Operational Decision Maker monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit or loss in the financial statements.

Segment assets include all operating assets used by the business segments and consist principally of fixed assets, trade receivables and inventories. Segment liabilities include the operating liabilities that result from the operating activities of the business.

Segment assets and liabilities that cannot be allocated between the segments are shown as part of unallocated corporate assets and liabilities respectively. Income / Expenses relating to the enterprise as a whole and not allocable on a reasonable basis to business segments are reflected as unallocated corporate income / expenses.

2.19 Earnings Per Share

Basic Earnings per share is calculated by dividing the net profit for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit for the period attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

Note 29.3: IND AS 115 'Revenue from Contracts with Customers'

i. Details of Revenue from contracts with customers recognized by the Company, net of indirect taxes in its Statement of Profit and Loss. The Following table also presents company revenue disaggregated by type of revenue stream:

Revenue from contract with customers		(₹ in Million)	
		For the year ended March 31, 2024	For the year ended March 31, 2023
Money Transfer Services		320.05	385.71
Foreign Currency Services		486.50	478.15
		806.55	863.86

ii. The Company renders services to the customers domiciled in India, which company considers as one geography. Therefore, revenue disaggregation by geography is not applicable.

iii. The Company generates its entire revenue from contracts with customers for the services at a point in time.

iv. Disclosure of contract balances

"Contract assets are recognized when there is excess of revenue earned over billings on contracts. Contract assets are transferred to unbilled revenue when there is an unconditional right to receive cash, and only passage of time is required, as per contractual terms.

The contract liabilities primarily relate to the advance consideration received from the customers which are referred as 'advances from customers'.

Advance Collections is recognized when payment is received before the related performance obligation is satisfied. This includes advances received from the customer towards tour / holiday packages. Revenue on tours / holiday's packages are recognized on the completion of the performance obligation which is on the date of departure of the tour."

II. Other Legal Matters and Regulatory Matters	
a.	<p>Case with Directorate of Enforcement on sale of SGD travel cards</p> <p>The Enforcement Directorate (ED) vide its adjudication orders has imposed a total monetary penalty of ₹329.07 million on the Company and ₹35.20 million on its Principal Officer. Being aggrieved by the adjudication orders passed by the ED, the Company has filed appeals with the Hon'ble Appellate Tribunal for Foreign Exchange (ATFP) and Special Director (Appeals) against these adjudication orders, disputing the monetary penalties imposed for non-compliance with the provisions of the Foreign Exchange Management Act, 1999 (FEMA, 1999). The proceedings are ongoing, and the matters have been listed for hearing.</p> <p>These matters are related to the period preceding the acquisition of the Company by the current promoters, EbixCash World Money Limited (Holding Company), under the Share Purchase Agreement dated December 31, 2018. The Company believes that there are substantial grounds to challenge the adjudication order. Moreover, the Company is covered by indemnities provided by the erstwhile Promoters under the Share Purchase Agreement. Therefore, any liability for payments, if incurred, will be reimbursed by the erstwhile Promoters and will not have a financial impact on the Company. As the matters are sub-judice and indemnities have been provided by the erstwhile Promoters, the Company has not considered any potential consequential effects on these results.</p>
b.	<p>GST Demand Orders on Intermediary Services</p> <p>The GST Authorities via demand orders have imposed a monetary demand of ₹456.98 million, plus a penalty of ₹ 44.26 million, on the Company, in respect of providing Inward Money Transfer Services ("Intermediary Services") pertaining to the period July 2017 to March 2021. The GST Authority has considered that while providing Inward Money Transfer Services' the company acted as an intermediary and the place of provision of intermediary service is the location of the service provider and is subject to the GST as these would not be considered as Export of Service. Being aggrieved by the orders passed by the GST Authorities, the Company has filed an appeal with the Goods & Services Tax Appellate Tribunal (GSTAT) against the demand orders. Based on the facts of the case, the Company believes that it has a strong case on merits to get the demand reversed and accordingly the Company has not considered any potential effect on these results.</p>

(ii)	Defined benefit plan :		
(a)	In respect of non funded defined benefit scheme of gratuity (Based on actuarial valuation) :		
<p>The gratuity plan is governed by the payment of Gratuity Act,1972. Under the said Act an employee who has completed five years of services is entitled to specific benefit. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company.</p> <p>The Company is exposed to various risks in providing the above gratuity benefit which are as follows:</p> <p>Interest Rate risk : The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).</p> <p>Salary escalation risk : The present value of the defined benefit plan is calculated with the assumption of salary increase 5.00% per annum of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.</p> <p>Actual mortality & disability : deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.</p> <p>The following tables summaries the components of net benefit expense recognized in the Statement of Profit and Loss:</p>

Sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

The sensitivity analysis above has been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring as at the balance sheet date.

All sensitives are calculated using the same actuarial method as for the disclosed present value of the defined benefits obligation at year end.

Note 45: Financial instruments - Accounting, classification and fair value measurement

I. Financial instruments by category

The criteria for recognition of financial instruments is explained in accounting policies for Company:

II Method and assumptions used to estimate fair values:

1. Fair value of cash and cash equivalents, bank balances other than cash and cash equivalents, trade and other receivables, loans and other current financial assets, short term borrowings from banks and financial institutions, trade and other payables and other current financial liabilities approximate their carrying amounts due to the short-term nature of these instruments.
2. Borrowings (non-current) consists of loans from banks and government authorities, other financial liabilities (non-current) consists of interest accrued but not due on deposits, Loans (non-current) consists of deposits given where the fair value is considered based on the discounted cash flow.
3. The fair value of forward foreign exchange contracts is calculated as the present value determined using forward exchange rates, currency basis spreads between the respective currencies and interest rate curves.

III Fair Value Hierarchy

The fair value of the financial assets and financial liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following table provides the fair value measurement hierarchy of Company's asset and liabilities, grouped into Level 1 to Level 3 as described below :-

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

Management uses its best judgement in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realized or paid in sale transactions as of respective dates. As such, the fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date. In respect of investments as at the transaction date, the Company has assessed the fair value to be the carrying value of the investments as these companies are in their initial years of operations.

Note 46: Financial Risk Management

"The company has in place comprehensive risk management policy in order to identify measure, monitor and mitigate various risks pertaining to its business. Along with the risk management policy, an adequate internal control system, commensurate to the size and complexity of its business, is maintained to align with the philosophy of the company. Together they help in achieving the business goals and objectives consistent with the Company's strategies to prevent inconsistencies and gaps between its policies and practices. The Board of Directors/committees reviews the adequacy and effectiveness of the risk management policy and internal control system. The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk and
- Market risk"

Treasury management

The Company's treasury function provides services to the business, coordinates access to domestic and international financial markets, and monitors and manages the financial risks relating to the operations of the Company through internal risk reports which analyses exposures by degree and magnitude of risks. These risks include market risk (including currency risk and interest rate risk), credit risk and liquidity risk. Treasury management focuses on capital protection, liquidity maintenance and yield maximisation

I. Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from trade receivables, unbilled revenue, cash and cash equivalents and deposits with banks and financial institutions. The carrying amounts of financial assets represent the maximum credit risk exposure. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables.

(i) Trade receivables & Unbilled Revenue

The company provide services related to foreign exchange i.e. sale of foreign currency, prepaid forex card etc. Credit limit of customers are set in the operating software on the basis of review of financials of the customers. A default occurs when in the view of management there is no significant possibility of recovery of receivables after considering all available options for recovery. An impairment analysis is performed at each reporting date. The expected credit losses over lifetime of the asset are estimated by adopting the simplified approach using a provision matrix. The provision matrix takes into account historical credit loss experience and is based on the ageing of the receivable days and the rates as given in the provision matrix. The Company has not experienced any significant impairment losses in respect of trade receivables in the past years.

Unbilled revenue primarily relates to the Company's right to consideration for sale effected but not billed at the reporting date and have substantially the same risk characteristics as the trade receivables for the same type of contracts.

The ageing analysis of trade receivables (gross) has been considered from the date the invoice falls due:

Closing Balance	40.46	86.14

(ii) Cash and bank balances

The Company held cash and cash equivalent and other bank balance of ₹ 557.63 Million (PY: ₹ 761.89 Million). The same are held with bank and financial institution counterparties with good credit rating. Also, company invests its short term surplus funds in bank fixed deposit which carry no market risks for short duration, therefore does not expose the company to credit risk.

(iii) The Company monitors each loans and advances given and makes any specific provision wherever required.

(iv) Others

Other than trade financial assets reported above, the Company has no other financial assets which carries any significant credit risk.

II. Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

(i) Maturities of financial liabilities

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and excluding contractual interest payments and exclude the impact of netting agreements.

Note 46: Financial Risk Management (contd)

"The Company's activities are exposed to market risk, credit risk and liquidity risk. The Company principal financial liabilities comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to manage finances for the Company's operations. The Company principal financial asset includes loan, trade and other receivables, and cash and other financial assets that arise directly from its operations".

(III) Market Risk

"Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other risks, such as regulatory risk and commodity price risk. Financial instruments affected by market risk include loans and borrowings, trade receivables and trade payables involving foreign currency exposure, and inventories. The sensitivity analysis in the following sections relate to the position as at March 31, 2024 and March 31, 2023. The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2024 and March 31, 2023."

(a) Interest rate risk

"Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. As the Company does not have exposure to any floating-interest bearing assets, or any significant long-term fixed interest bearing assets, its interest income and related cash inflows are not affected by changes in market interest rates. Consequently, the Company's interest rate risk arises mainly from borrowings obligations with floating interest rates."

(b) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. A) The Company used foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments. The use of foreign currency forward contracts is governed by the Company's strategy approved by the Board of Directors, which provide principles on the use of such forward contracts consistent with the Company's Risk Management. The outstanding forward exchange contracts entered into by the company at the year end and thereafter disclosed.

(c) Regulatory risk

The Foreign Exchange industry is regulated by the Central Government and the Reserve Bank of India (RBI). Central government's and RBI's, rules, regulations, and policies affect the industry and the Company's operations and profitability.

Note 47: Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity shareholders of the Company. The Company's capital management is intended to maximize the return to shareholders for meeting the long-term and short-term goals of the Company through the optimization of the debt and equity balance.

The Company manages its capital structure and makes adjustments in light of changes in the financial condition and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders (buy back its shares) or issue new shares. The Capital structure of the company consists of net debt (borrowings offset by cash and bank balances) and equity of the Company (Comprising issued capital, reserves and retained earnings).

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. The Company has complied with these covenants and there have been no breaches in the financial covenants of any interest-bearing loans and borrowings.

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The primary objective of the Company's Capital Management is to maximize the shareholder's value. Management also monitors the return on capital. The Board of Directors seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowing and the advantages and security afforded by a sound capital position.

The Company monitors capital using a gearing ratio calculated as below:
