SHREEJI embarks on its journey into Railway Rake Handling and Transportation

Vashi, Navi Mumbai, 25th October 2023: Shreeji Translogistics Limited (STL) one of the large integrated national logistical solution providers in India, has started new business vertical of steel material handling at railway siding for its esteemed clients which is also referred as railway rake handling and transportation.

- Shreeji Translogistics Limited (STL), a leading logistics company, is excited to unveil its expansion into railway rake handling and transportation services.
- In this service, we will do steel material handling at railway siding and further optimize to efficiently load steel material into trailers/trucks, facilitating the last-mile delivery to PAN India basis for our valued clients.
- It helps to achieve cost efficiency for customers through Multi Modal Transportation by smoothly combining Rail and Road Networks.
- STL's venture into this specialized field paves the way for the company to expand its reach and capabilities by ensuring seamless, secure, and timely delivery of goods to their intended destinations.

Glimpse of Railway Rake Handling services

Commenting on the announcement, the Management team of *Shreeji Translogistics Limited*, stated:

As we embark in the field of Railway Rake handling and transportation services, we are excited about the opportunities it brings by broadening our customer base. It represents the natural progression in our mission to provide holistic logistics solutions. Handling steel materials at railway sidings and seamlessly transitioning them onto trailers for final delivery is a critical link in the steel supply chain.

We will continue to offer streamlined delivery through our trucks which includes express delivery, package tracking, and secure handling, ensuring that customers receive the highest level of service. For STL, it is not just about offering a service but making the most out of an opportunity to deliver world-class logistics solutions.

This expansion is one more testament to our logistics services and our commitment to our esteemed clients and various stakeholders. We look forward to delivering remarkable logistics solutions in the Rake handling division and upholding our reputation as a distinguished and chosen provider of trucking services.”

About Shreeji Translogistics Limited.

Shreeji Translogistics Limited (STL) was incorporated in 1984, headquartered in Vashi, Navi Mumbai. The Company is engaged in freight management, logistic solutions, and warehousing services. It caters a range of logistical requirements from Over Dimensional Cargo (ODC) movement to bonded trucking movements. The various types of services provided by the Company include full truck load transport services (FTL), parcel and part truck load services/ less than truck load (LTL), import-export services and ODC services. It operates different types of trucks based on design and size along with varying capacities. Its container trucks are used for transportation of parcels, white goods, and consumer packaged goods (FMCG). The Company's platform trucks are mainly used for import-export containers and also for transportation of heavy-duty goods like automotive parts and machineries. It owns and operates a fleet of more than 310 owned trucks and more than 4,500 outsourced trucks. STL is led by a team of seasoned professionals with robust experience in the logistics sector.
