## Airtel 5G Plus now live in 5 cities of Delhi NCR

Noida, Ghaziabad and Faridabad gets ultrafast Airtel 5G Plus services in addition to Delhi and Gurugram

- Promises to offer massive speeds, best voice experience, will work on all 5G smart phones and be kinder to the environment
  - No SIM change needed; existing Airtel 4G SIM is 5G enabled
  - Existing data plans will work on 5G until roll-out is complete

**New Delhi, January 18, 2023:** Bharti Airtel (“Airtel”), India’s leading telecommunications services provider today announced the launch of its cutting edge 5G services in NCR (national capital region) cities of Noida, Ghaziabad and Faridabad. Airtel's 5G services are already live in Delhi and Gurugram.

**Airtel 5G Plus services** will be available to customers in a phased manner as the company continues to construct its network and complete the roll out. Customers with 5G enabled devices will enjoy high speed **Airtel 5G Plus network** at no extra cost until the roll out is more widespread. Airtel 5G Plus is currently operational in the following places in these cities.

The company will augment its network making its services available across many other locations in these cities in due course of time.

**Nidhi Lauria, CEO Delhi - NCR**, said, *“I am thrilled to announce the launch of **Airtel 5G Plus** in Noida, Ghaziabad and Faridabad in addition to Delhi and Gurugram. Airtel customers in these cities can now experience ultrafast network and enjoy speeds upto 20-30 times faster than the current 4G speeds. We are in the process of lighting up the entire city which will allow customers to enjoy superfast access to High-definition video streaming, gaming, multiple chatting, instant uploading of photos and more.”*

**Airtel 5G Plus** will bolster the entire portfolio of services that Airtel offers. In addition, it will allow superfast access to High-Definition video streaming, gaming, multiple chatting, instant uploading of photos and more. With this launch, India will get a fillip to economic growth as **Airtel 5G Plus revolutionizes** education, healthcare, manufacturing, agriculture, mobility and logistics.

In the last one year, Airtel has demonstrated the power of 5G with a host of powerful use cases that will change the way customers lead their lives and do business. From India’s first live 5G network in Hyderabad to India’s first private 5G network at the BOSCH facility in Bengaluru to partnering with Mahindra & Mahindra to make its Chakan manufacturing facility, India’s first 5G enabled auto manufacturing unit, Airtel has been at the forefront of 5G innovation.
