K

The Company has incurred a loss of Rs. 2,791.53 crore during the year ended 31 March 2019 (year ended 31 March 2018 Rs. 418.14 crore), and as of that date, Company's accumulated losses from operations amounts to Rs. 4,116.74 crore (as of 31 March 2018 Rs. 1,325.21 crore) and its current liabilities exceed current assets by Rs. 2,858.70 crore (as of 31 March 2018 Rs. 2,438,31

core). The Company continued to operate at sub-optimal levels due to lower dispatch schedule from Maharashitra State Electricity Distribution Company Limited (MSEDCL). The Company has worked extensively with the Lenders ('Lenders') to implement restructuring of its debt under the various schemes and guidelines issued by the Reserve Bank of India (RBI) to address its burgeoning debt and the financial stress faced by the Company, including under RBi's Scheme for Sustainable Structuring of Stressed Assets (SAA). However, with the issuance of RBI's circular on 'Resolution of Stressed Assets – Revised Framework' dated 12 February 2018, the SAA scheme was withdrawn. The Hon'ble Supreme Court vide its order dated 02 April 2019 has quashed RBI's aforesaid notification.

With this background and with an aim to resolve the severe financial stress faced by the Company, the Promoters along with the Company offered Binding One Time Settlement Proposal to the Lenders on O6 December 2018 (Binding Settlement Proposal). The Company received letter of intent (the "Company February 2019") form Lenders, who had funded its 1350 MW themap power plant project (Phase I) in Amravati, Maharashtra with respect to the Binding Settlement Proposal. In view of the above and in accordance with the terms of the Binding Settlement Proposal the Board on meeting held on 04 February 2019 approved the composite debt restructuring proposal.

The Binding Settlement Proposal contemplates payment of Rs. 4,050 crore to the Lenders towards settlement of Phase I debt of Rs. 7,874.35 crore. As a composite scheme of restructuring, the objectives of the Binding Settlement Proposal includes: (i) restructuring the outstanding debt owed to the Lenders which is being acquired by the Investor into sustainable and unsustainable portion; (ii) convert a portion of the unsustainable debt into nominal coupon bearing long term instrument; (iii) increase the net-worth of the Company; (iv) providing for settlement of identified liabilities of the Company through funding support from the Promoter Group entities. Subsequently Management has submitted a revised Settlement Proposal to the lenders which is currently under discussion between Lenders, Investors and the Company. It is expected that such

discussion will be concluded soon, subsequent to which Lenders will carry out appropriate process for consummation of Binding Settlement Proposal. As a positive step towards ongoing negotiations, subsequent to the balance sheet date, the Lenders on 14 May 2019 have also withdrawn their petition with National Company Law Tribunal (NCLT) against the Company under the source of the balance sheet date, the Lenders on 14 May 2019 have also withdrawn their petition with National Company Law Tribunal (NCLT) against the Company under the balance sheet date, the Lenders on 14 May 2019 have also withdrawn their petition with National Company Law Tribunal (NCLT) against the Company under the balance sheet date, the Lenders on 14 May 2019 have also withdrawn their petition with National Company Law Tribunal (NCLT) against the Company under the balance sheet date. vency & Bankruptcy Code Conditions explained above, unless resolved as stated above, indicate existence of material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern

However, on expectation of resolution of debt with Lenders, restoration of full operations on higher demand from MSEDCL and availability of coal, these standalone financial results have bee

Provever, on expectation of resolution of debt with Lenders, restoration of full operations on higher demand from MSEDCL and availability of coal, these standalone financial results have been prepared on a going concern basis. The statutory auditors have drawn a separate paragraph as Material Uncertainty Related to Going Concern in respect of this matter. The construction activity at Company's 1350 MW power plant (Phase II) is currently suspended. As of 31 March 2019, Phase II capital work in progress (CWIP) balance is Rs. 546.57 core. The management believes that the suspension is not likely to lead to impairment of the aforementioned CWIP balance. The Company has all necessary environmental clearances and infrastructure like Fuel Supply Agreement (FSA), land, railway and water connection which are difficult to secure in the current environment. Further the cost of setting up this plant is significantly lower than the company.

In view of aforesaid factors along with external factors such as increasing power consumption and related demand in market, management is confident that the project is fully viable and hopeful or reviving the project at appropriate time. Considering above factors and the ongoing discussion with suppliers, the management believes, no impairment is required to the afores carrying amount of CWIP in these standalone financial results. The statutory auditors have expressed an Emphasis of Matter in respect of this matter

The Company has non-current investment of Rs. 3,026.26 crore in, and loans under current financial assets of Rs. 50.98 crore and trade receivables of Rs. 5.33 crore recoverable from, Sinnar Thermal Power Limited (Formerly known as RattanIndia Nashik Power Limited) ('STPL'), a wholly-owned subsidiary of the Company. 5

STPL has incurred losses since its inception and is yet to commence operations. Subsequent to defaults in debt repayments, STPL Initiated discussion with consortium of lenders for restructuring of debt under Strategic Debt Restructuring Scheme ("SDR") as per the Reserve Bank of India (RBI) guidelines. However, RBI's notification dated 12 February 2018 repealed all debt restructuring schemes (including SDR) which resultantly impacted progress made by STPL under SDR, STPL is in active discussion with lenders for successful resolution of debt. In the meanwhile, PFC (Lead lender) filed an application under IBC before NCLT Delhi on 10 September 2018 which was subsequently withdrawn on 14 May 2019.

Recently on 30 April 2019, MSEDCL has issued letter of intent to STPL for execution of PPA of 507 MW (net capacity). Lenders of STPL have also shown interest in starting operations and in granting required working capital and non-fund based facilities oa sto implement aforementioned PPA with MSEDCL. Conditions explained above, indicate existence of uncertainties that may cast significant doubt on the STPL's ability to continue as a going concern due to which the STPL may not be able to realise its assets and discharge its liabilities in the normal course of business. However, on expectation of resolution of debt with lenders within the available time frame and implementation of

PPA soon, management is of the view that STPL's going concern basis of accounting is appropriate. The management of Company had undertaken assessment of recoverability of it's investment in STPL and has created necessary provision in books The statutory auditors have expressed qualification in respect of this matter.

12

湯

6 The Company had non-current investment of Rs. 432.77 crore in, and loan under non-current financial assets of Rs. 122.58 crore recoverable from Bracond Limited, a wholly-owned subsidiary of the Company. Bracond Limited had further invested in two wholly-owned subsidiaries namely Renemark Limited and Genoformus Limited who had given advances to non-related parties for business purposes. The management has undertaken assessment of recoverability and has created provision of these financial assets wherever necessary.

7 The exceptional items primarily include, as per the re-assessment done by the management, an amount of Rs. 2,337.31 crore as provided for/ written off, during the period ended 30 September 2018 on account of impairment of Investments in/ amounts receivables from wholly owned subsidiaries and certain other receivables/ payables which are uncertain on their recoverability as detailed in notes 3 to 6 above

- In the light of the direction of the Hon'ble Supreme Court in case of Energy Watchdog dated 11 April 2017, Maharashtra Electricity Regulatory Commission (MERC) vide its order dated 3 April 2018 principally held that the Company is entitled to compensation for procurement of additional coal for fulfilling its obligations under the PPA signed with MSEDCL. MERC also provided mechanism for computation of the compensation. The Company has filed an appeal against the MERC order since the methodology passed by MERC is not fully on the principle of "restoration of 8 the affected party to the same economic position as if the change in law event did not occur<sup>2</sup>. Company is confident that, the Hon'ble Tribunal is likely to set out a mechanism for compensation restoring the Company to the same economic position as if such Change in Law has not occurred. Hence, it would not be unreasonable to expect the ultimate collection of an equivalent amount of compensation including related late payment surcharge recorded in books of account on account of aforesaid matter. Revenue from operations on account of Change in Law events in terms of Power Purchase Agreements (PPA) with MSEDCL is accounted for by the Company based on the best management

setimates in biological of the set of the se 10 Company

The figures for the quarter ended 31 March 2019 and 31 March 2018 are the balancing figures between the audited figures in respect of the full financial year and the year to date figures upto the 11 third quarter ended 31 December 2018 and 31 December 2017 respectively 12 Previous period/ year's figures have been regrouped/ reclassified wherever considered necessary.

as well as one its subsidiary company STPL. The construction activities at both these projects are currently suspended. The management believes that the suspension is temporary and is not likely to lead to impairment of the atorementioned CWIP. For both the Projects, the Group has all necessary environmental clearances and infrastructure like land, railway, water connection and FSA (only in case of Company) which are difficult to secure in the current environment. Further the cost of setting up these plants is significantly lower than setting up a new plant due to common facilities available with the Group. In view of the aforementioned factors along with external factors such as increasing power consumption and related demand in market, management is confident that the Projects are fully viable and hopeful of reviving these Projects at appropriate time. Considering these factors and the ongoing discussion with suppliers, the management believes, no impairment is required to the aforementioned carrying amount of CWIP in these consolidated financial results. The exceptional items primarily include, as per the re-assessment done by the management, an amount of Rs. 1,329.21 crore as provided for/ written off, during the period ended 30 September 2018 on account of other receivables which are uncertain on their recoverability. The Group is engaged in power generation and the setting up of power projects for generating, transmitting and supplying all forms of electrical energy and to undertake allied/ incidental activities in connection therewith. Considering the nature of the Company's business and operations, and the information reviewed by the Chief Operating Decision Maker (CODM) to allocate resources and assess performance, the company has one reportable business segment i.e. "Power generation and allied activities" as per the requirements of Ind AS 108 – 'Operating Segments'. Previous year's figures have been regrouped/ reclassified wherever considered necessary.

#### Independent Auditor's Report on Standalone Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

#### To the Board of Directors of RattanIndia Power Limited (formerly Indiabulls Power Limited.)

- 1. We have audited the standalone financial results of RattanIndia Power Limited (formerly Indiabulls Power Limited.) ('the Company') for the year ended 31 March 2019, being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Attention is drawn to Note 11 to the standalone financial results regarding the figures for the guarter ended 31 March 2019 as reported in these standalone financial results, which are the balancing figures between audited standalone figures in respect of the full financial year and the published standalone year to date figures up to the end of the third quarter of the financial year. Also, the figures up to the end of the third quarter had only been reviewed and not subjected to audit. These standalone financial results are based on the standalone financial statements for the year ended 31 March 2019 prepared in accordance with the accounting principles generally accepted in India, including Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 ('the Act') and published standalone year to date figures up to the end of the third quarter of the financial year prepared in accordance with the recognition and measurement principles laid down in Ind AS 34, Interim Financial Reporting, specified under Section 133 of the Act, and SEBI Circulars CIR/CFD/CMD/15/2015 dated 30 November 2015 and CIR/CFD/FAC/62/2016 dated 5 July 2016, which are the responsibility of the Company's management. Our responsibility is to express an opinion on these standalone financial results based on our audit of the standalone financial statements for the year ended 31 March 2019 and our review of standalone financial results for the nine months period ended 31 December 2018.
- 2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial results are free of material misstatement(s). An audit includes examining, on a test basis, evidence supporting the amounts disclosed as financial results. An audit also includes assessing the accounting principles used and significant estimates made by management. We believe that our audit provides a reasonable basis for our qualified opinion.

# Walker Chandiok & Co LLP

- As explained in Note 5 to the standalone financial statements, the Company has a non-current 3. investment of Rs. 3,026.26 crores in, inter corporate deposits (classified as loans under current financial assets) of Rs. 50.98 crores and trade receivables of Rs. 5.33 crores recoverable from Sinnar Thermal Power Limited (formerly RattanIndia Nasik Power Limited) ('STPL'), a whollyowned subsidiary of the Company, as at 31 March 2019. The subsidiary company has incurred losses since its inception and is vet to commence operations. The accumulated losses in the subsidiary company amount to Rs. 3,778.24 crores as at 31 March 2019 and the management of the subsidiary company has determined that a material uncertainty exists, as at 31 March 2019, that may cast significant doubt about the subsidiary company's ability to continue as a going concern. The management of the Company, based on an internal estimate, has recorded an impairment against carrying value of investment in STPL amounting to Rs. 1,513.13 crores and has also written of Rs. 48.48 crores and Rs. 5.33 crores from aforementioned balances of inter corporate deposits and trade receivables respectively. In the absence of evidence for such impairment assessment performed by the management, we are unable to obtain sufficient appropriate evidence to comment on any adjustment that may further be required to be made to the net carrying value of the above mentioned non-current investment as at 31 March 2019, and the consequential impact thereof on the accompanying standalone financial results.
- 4. In our opinion and to the best of our information and according to the explanations given to us, the standalone financial results:
  - (i) are presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, read with SEBI Circulars CIR/CFD/CMD/15/2015 dated 30 November 2015 and CIR/CFD/FAC/62/2016 dated 5 July 2016 in this regard except for the possible effects of the matter described in paragraph 3; and
  - (ii) give a true and fair view of the standalone net loss (including other comprehensive income) and other financial information in conformity with the accounting principles generally accepted in India including Ind AS specified under Section 133 of the Act for the year ended 31 March 2019 except for the possible effects of the matter described in paragraph 3.
- 5. We draw attention to Note 3 to the standalone financial result which indicates that the Company has incurred a net loss of Rs. 2,791.53 crores during the year ended 31 March 2019 and, as of that date, the Company's accumulated losses amounts to Rs. 4,116.74 crores and the Company's current liabilities exceed its current assets by Rs. 2,858.70 crores. The Company has also made defaults in repayment of borrowings from banks, including interest, by an amount aggregating Rs. 2,370.51 crores up till 31 March 2019. These conditions along with other matters as set forth in such note, indicate the existence of material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. However, in view of withdrawal of the petition before the National Company Law Tribunal (NCLT) under Insolvency and Bankruptcy Code, 2016 by the lender banks on 14 May 2019, ongoing discussions relating to restructuring of its borrowings and other debts with the lenders which includes a binding One Time Settlement (OTS) offer made by the Company based on identification of new investors and infusion of funds by the promoters, better financial performance as a result of favorable business conditions expected in future and other mitigating factors mentioned in the aforesaid note, the management is of the view that going concern basis of accounting is appropriate for preparation of the accompanying financial statements/results. Our opinion is not modified in respect of this matter.

# Walker Chandiok & Co LLP

6. We draw attention to Note 4 to the accompanying standalone financial results with respect to capital work-in-progress (CWIP) aggregating to Rs. 546.57 crores outstanding as at 31 March 2019, pertaining to construction of second 1350 MW power plant (Phase II) of the Company which is currently suspended. Based on expected revival of the project and other factors described in the aforesaid note, the management believes that no adjustment is required to the carrying value of the aforesaid balances. Our opinion is not modified in respect of this matter.
