Protest-hit Foxconn factory in TN resumes operations

SAJAN C KUMAR
Chennai, January 12

AFTER NEARLY A month, workers have finally returned to Apple contract manufacturer Foxconn's protest-hit Chennai factory, paving the way for resumption of operations, in a small way.

The plant was closed on December 18 last year after protests erupted over the unhygienic living conditions of workers at the dormitories following an incident of food poisoning that affected over 200 employees.

Sources in the Tamil Nadu government told *FE* that workers, though in small numbers, have resumed work on Wednesday. Around 100 workers have come for work and it will take some more time to get the full attendance of the entire workforce, numbering around 15,000, sources at the factory said. Foxconn has been making iPhone 12 and testing the production of iPhone 13 at the facility.

Tamil Nadu industry minister Thangam Thennarasu said the issue was resolved amicably and expressed happiness

over the resumption of operations of the Foxconn plant at Sriperumbudur, near Chennai. He hoped that the factory would continue to function without any issues.

Thennarasu said that chief minister MK Stalin had intervened in the matter and urged Foxconn and all relevant government departments to ensure that the workers were provided with adequate facilities, following which Foxconn assured to take care of the matter.

"This shows the CM's commitment towards the industry development and the welfare of women. Since CM is involved in this issue directly, the factory is able to restart its production so early. I believe the factory will operate and handle everything kindly in future," he said.

In a statement issued recently, Foxconn said they had

implemented a range of corrective actions to ensure that concerns over hygiene issues are not raised again.

iPhone maker Apple recently said the workers at Foxconn's plant at Sriperumbudur will return to work gradually. It said the operations are to be resumed in a step-by-step manner at the factory as hostels and dormitories get ready and certified as per local requirements by the government and Apple's audits.

Apple had said for the past several weeks, teams from the company along with independent auditors, have been working with Foxconn to ensure a comprehensive set of corrective actions are implemented in off-site accommodations and dining rooms at Sriperumbudur.

Following the food poisoning incident, the TN government intervened and instructed the labour department to ensure living standards. Apple had put the Sriperumbudur factory of Foxconn on probation while an assessment revealed the substandard living conditions. It said it will ensure strict standards are met before the unit reopens.

SC warns Supertech directors of jail for not refunding money to homebuyers

FE BUREAU
New Delhi, January 12

SLAMMING REAL ESTATE developer Supertech for not refunding money to its homebuyers for the flats which were ordered to be demolished last year in August, the Supreme Court on Wednesday warned its directors of a jail term for "playing truant" with the court.

The apex court also asked Noida Authority to finalise the name of the agency that would be given the task to demolish its 40-storey twin towers — T 16 (Apex) and T 17 (Ceyane) — in the Emerald Court housing project on the Noida Expressway. The three-month deadline to demolish the 40-storey twin towers, which flouted building laws and diluted safety standards, and other guidelines that affected the quality of life of flat buyers, is long over.

"We will send your directors to jail now. They are playing truant with the Supreme Court," a bench led by Justice D Y Chandrachud told the builder's lawyers. "Interest cannot be charged on Return of Investment. You are looking for all sorts of reasons to not comply

with the order of the court. Ensure that the payments are made by Monday, else there would be consequences," it said while directing Supertech not to deduct any money that is to be refunded to homebuyers.

The apex court was hearing a contempt plea by homebuyers who alleged non-compliance of its August judgment that directed demolition of the twin towers. Homebuyers

Earlier, SC had dismissed Supertech's seeking partial demolition of 224 flats of 1 of its twin towers

informed the court that the builder had asked them to collect their money which will be paid in instalments and after certain deductions.

Earlier, the SC had dismissed Supertech's seeking partial demolition of 224 flats of one tower to save crores of resources from going to waste. The SC had on August 31 accepted the Allahabad High Court's finding that the sanction given to the two towers by the Noida Authority in 2009 was illegal.

Refyne raises \$82 million from Tiger Global, others

REFYNE, AN EARNED wage access (EWA) solution provider, on Wednesday said it has raised \$82 million (about ₹606.6 crore) in funding led by Tiger Global.

The Series B round also saw significant contribution from existing international investors — QED Investors, partners of DST Global, Jigsaw VC, XYZ Capital, and RTP Global — and new investor Digital Horizon, a statement said.

The funds will be used for product development, expansion of the team, and to ramp up various business functions,

it added. Within just 10 months of being operational, Refyne has raised a total of \$106 million, it said.

The company had raised \$16 million in series A funding in June last year from QED Investors, Jigsaw VC, XYZ Capital, partners of DST Global and RTP Global. It had raised \$ 4.1 million in a seed round in December 2020.

"Refyne's current valuation has grown 6.5x its Series A valuation," Refyne CEO and co-founder Chitresh Sharma said but did not disclose further details. —PTI

FPL Tech bags \$75-m funding

FPLTECHNOLOGIES, A fintech start-up based in Pune, has raised \$75 million as part of its Series C funding round, led by existing investor QED Investors along with Janchor Partners, Sequoia Capital India, Matrix Partners and Hummingbird Ventures. The fresh equity was raised at a post-money valuation of \$750 million.

FPL Technologies, founded by Anurag Sinha, Rupesh Kumar and Vibhav Hathi, plans to accelerate expansion and scale up its product teams to grow the issuance of OneCard.

With the current funding, the startup has raised approximately \$125 million till now. The fresh funding comes 10 months after the company's Series B funding of \$35 million. "The growing customer inclination towards digital and contactless payments in our country has presented a promising opportunity to introduce mobile-first credit consumption products," said Anurag Sinha, co-founder & CEO, FPL Technologies.

Power regulator asks Delhi govt not to procure power from NTPC's old plants

ANUPAM CHATTERJEE
New Delhi, January 12

DELHI ELECTRICITY REGULATORY (DERC) has asked the Delhi government to deallocate Delhi's share of 206 megawatt (MW) power from NTPC's gas-based generating stations, given that power from these units are very expensive. Deallocation would mean stopping procurement of power from the units.

The gas-based stations in question are Anta, Dadri and the Auriya power plants. These plants have either completed or are nearing the end of their 25 years of operations.

According to the letter dated December 17, reviewed by *FE*, the DERC has also stated that Delhi should continue procuring 98 MW power from NTPC's Unchahar, Kahalgaon and Farakka power plants owing to their lower supply costs. These units have completed 25 years of operations as well.

In July 2021, BSES — the Reliance Infrastructure-led power distributing company

(discom) in the national capital — wanted to relinquish the electricity supply contract from NTPC's Dadri-I coal-based power plant as it had completed 25 years of operations.

The Union power ministry had clarified that discoms have the freedom to choose the specific plants, crossing 25 years, from which they want to stop sourcing power.

NTPC has moved the Supreme Court regarding the surrender of power from the Dadri-I coal-based power plant. NTPC had claimed that BSES cannot object to procuring power under composite agreements from the Dadri-I plant citing old age while continuing to avail electricity from Singrauli and Rihand plants, which had completed 25 years even before Dadri-I.

Under contractual requirements, discoms have to continue paying the fixed cost to thermal power plants to recover the projects' capital expenditure and cover debt obligations even when they don't procure electricity.
