3. Corporate Members are requested to send a certified copy of the Board Resolution authorizing their representative to attend this AGM, pursuant to Section 113 of the Act, 2013 through e-mail at corpsec@sundaramclayton.com or through post to the registered office of the Company.
4. The Members can join the AGM through VC / OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC / OAVM will be made available for 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of "first come first served" basis.
5. The attendance of the Members attending the AGM through VC / OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Act, 2013.
6. Pursuant to the provisions of Section 108 of the Act, 2013, read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of the Listing Regulations, and the Circulars issued by the Ministry of Corporate

Affairs dated 5th May, 2020 the Company is providing facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with National Securities Depository Limited (NSDL) for facilitating voting through electronic means, as the authorized agency. The facility of casting votes by a member using remote e-Voting system as well as e-Voting at the meeting will be provided by NSDL.

- In line with MCA Circular No. 17/2020 dated 13th April, 2020, the Notice calling the AGM has been uploaded on the website of the Company at www.sundaram-clayton.com. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively and the AGM Notice is also available on the website of NSDL (agency for providing the Remote e-Voting facility) i.e. www.evoting.nsdl.com.
- AGM has been convened through VC / OAVM in compliance with applicable provisions of the Act, 2013, read with Circulars issued by MCA and SEBI from time to time.

Unclaimed Dividend

- In terms of Section 124 of the Act, 2013, the dividend declared by the Company, for earlier years, which remain unclaimed for a period of seven years will be transferred on due dates to the Investor Education and Protection Fund (IEPF), established by the Central Government. The particulars of due dates for transfer of such unclaimed dividends to IEPF are furnished in the Report on Corporate Governance, forming part of the Annual Report.
- Members who have not encashed their dividend warrants in respect of the above period are requested to make their claim(s) by surrendering the un-encashed warrants immediately to the Company.

Pursuant to The Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, the Company is providing / hosting the required details of unclaimed amount referred to under Section 124 of the Act, 2013 on its website and also on the website of MCA viz., www.iepf.gov.in.

General

- With a view to serve the Members better and for administrative convenience, Members who hold shares in identical names and in the same order of names in more than one folio are requested to write to the Company to consolidate their holdings into one folio.
- Members may also note that the Annual Report will also be available on the Company's website viz., www.sundaram-clayton.com for their download.

Members holding shares in electronic form

- The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members are requested to submit their PAN to the Depository Participant(s) (DP) with whom they are maintaining their demat accounts.

- Members are requested to intimate all changes pertaining to their bank details such as bank account number, name of the bank and branch details, MICR code and IFSC Code, Mandates, Nominations, Power of Attorney, Change of Address / Name / e-mail Address / Contact Numbers, etc., to their DP.
- Electronic copy of the Annual Report and the Notice of the AGM inter-alia indicating the process and manner of e-Voting are being sent to all the Members whose e-mail IDs are registered with the Company / DPs for communication purposes.

Members holding shares in physical form

- Members can submit their PAN details to the Company / Share Transfer Agent (STA).
- Members are requested to intimate all changes pertaining to their bank details such as bank account number, name of the bank and branch details, MICR code and IFSC code, Mandates, Nomination as per Section 72 of the Act, 2013 by filling Form SH-13, Power of Attorney, Change of Address / Name / e-mail Address / Contact Numbers, etc., with the Company / STA. Blank forms (SH-13) will be shared on request by e-mail.
- Members holding shares in physical form, in their own interest, are requested to dematerialize the shares to avail the benefits of electronic holding / trading.

Voting

- The businesses set out in the Notice will be transacted through electronic voting system and the Company is providing facility for voting by electronic means. The Members may cast their votes using electronic voting system from a place other than the venue of the meeting ('remote e-Voting').
- In case of joint holders attending AGM, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote.
- In terms of Section 108 of the Act, 2013, read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended ('the Rules') and Regulation 44 of the Listing Regulations, the Company has provided facility to exercise votes through electronic voting system to the Members holding shares as on 18th July 2023 being the "Cut-off Date" ("Cut-Off" for the purpose of Rule 20(4)(vii) of the Rules) fixed for determining voting rights of the Members entitled to participate in the remote e-Voting process through the platform provided by NSDL viz., www.evoting.nsdl.com. The voting rights of the Members / Beneficial Owners will be reckoned on the Equity Shares held by them as on Cut-off date. Members as on the Cut-off date only shall be entitled to avail the facility of remote e-Voting or e-Voting at the meeting.

THE INSTRUCTIONS FOR REMOTE E-VOTING AND E-VOTING AT THE MEETING ARE AS UNDER

The remote e-Voting period begins on 22nd July 2023 at 9:00 A.M. (IST) and ends on 24th July 2023 at 5:00 P.M. (IST). During this period,

Members of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date, may cast their vote by remote e-Voting. The remote e-Voting module shall be disabled by NSDL for voting thereafter. Members who have not cast their vote on any of the resolutions using the remote e-Voting facility can vote on those resolutions during the AGM. Once the vote on a resolution is cast by the Member, the member shall not be allowed to change it subsequently.

3. PERFORMANCE

Indian economy:

India's real Gross Domestic Product (GDP) grew by 7.0% in FY23 against a growth of 8.7% in FY22. The high real GDP growth rate of

13.5% in Q1 FY23 was moderated by low single digit growth rates in Q2, Q3 and Q4 of FY23 amid high inflationary pressures globally led to large spike in prices of energy & commodities. RBI estimated the FY23 inflation in India at 6.7%.

World Bank estimates the World economies' GDP growth at 2.9% in 2022 against the growth rate of 5.9% in 2021. This slowdown in growth was attributed to the concerted significant interest rate hike actions by the central banks across all the major economies to control inflation.

US economy:

The US recorded GDP growth of 0.9% in 2022 compared to the growth of 5.7% in 2021. Retail spends remained strong during the year, despite inflation reaching as high as 9.1% in June 2022 before easing to 6.0% in February 2023. However, the housing demand tapered during the second half of the year.

EU economy:

The EU GDP grew at 3.6% in 2022 compared to the growth of 5.2% in 2021. Inflation in the EU area touched a high of 10.6% during the year due to steep increases in energy prices, mainly Natural Gas prices, which touched a high of USD 70 per million metric British Thermal Unit (mmbtu). Natural Gas prices in EU averaged around USD 37 per mmbtu in 2022 compared to the 10-year long-term average of USD 7 per mmbtu.

Company's Performance:

The Company posted its best ever performance both in turnover and profit terms during the year by focusing on making systemic improvements across the organization, by improving productivity & quality and by delivering the products to the customer on-time. This is despite the adverse macro-economic factors, moderate improvement in supply of semiconductors for the automotive sector and intermittent spikes in COVID infections in China.

The following table highlights the performance of the Company during FY 2022-23:

Particulars	FY 2022-23	FY 2021-22	Growth (in %)
Sales (Tonnage)	43,315	38,982	11
Sale of goods (₹ in Cr)	1,979.66	1,648.67	20
Domestic sales (₹ in Cr)	1,060.86	868.57	22
Export sales (₹ in Cr)	918.80	780.10	18
Profit before Tax (₹ in Cr)	218.86	158.14	38

The revenue of the Company is derived from Medium & Heavy Commercial Vehicles (MHCV) segment (61%), followed by Two-wheeler segment (21%) and the Passenger Vehicle segment (18%).

4. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

I. INDUSTRY STRUCTURE AND DEVELOPMENT:

Domestic

The segment wise performance in the Indian automotive industry is given in the following table.

(Figures in '000 nos)

Category	FY 2022-23	FY 2021-22	Growth (in %)
Two Wheelers	19,443	17,909	9
Passenger Vehicles	4,108	3,272	26
Commercial Vehicles (M&HCV)	372	273	36

(Source: SIAM+DICV internal estimate)

Despite shortage of semiconductors, supply chain uncertainties, high logistics costs and rising commodity prices, the Indian automotive industry performed better than expected during the year FY23.

While Government spending on infrastructure projects improved the demand for MHCVs, improvement in personal mobility resulted in increased demand for passenger vehicle demand. In two-wheeler segment, domestic demand was healthy despite witnessing sharp changes over the quarters, but the exports demand was affected by liquidity crunch, currency devaluations and country specific local socio-political and economic disturbances.

Despite external pressures, India's service exports have continued to increase. The agricultural sector grew by 3.5%, and also strengthened Company's position as a net exporter of agricultural products.

In fiscal 2023, the overall growth of rural was slower than urban due to relatively slower recovery in the rural non-agricultural sector.

Exports

The following table highlights the North American and European truck registration figures in vehicle units:

(Figures in '000 nos)

Market	Category	CY 2022	CY 2021	Variance (in %)
North America	Class 8 Trucks	310	271	14
North America	Class 4-7 Trucks	247	266	(7)
Europe	Heavy trucks (>16T)	290	270	7

(Source: FTR & ACEA)

North America: The Class 8 trucks sales were strong in 2022 despite a slow start in Q1 2022. Although high inflation and interest rate hikes were major threats to the Class 8 truck demand, their sales registered a growth of 14% in 2022 and defied the recession fears due to high pent-up demand, fleet replacement, strong consumer spending and stable freight rates. The global truck manufacturers circumvented the semiconductors shortages by re-allocating semiconductors from other segments (Class 4-7) and by developing technical solutions that allowed interchangeability of semiconductors.

Europe: In the EU markets, heavy commercial vehicles (>16 Ton category) registered a decent growth of 7% in 2022 compared to 2021. Within the region's largest markets, only Germany remained in negative territory (-0.9%), while all the other high-volume EU markets for heavy trucks recorded growth in 2022: Spain (+13.6%), Poland (+6.6%), Italy (+5.1%) and France (+2.3%). However, the numbers were still below the pre-pandemic levels of 2019.

II. BUSINESS OUTLOOK AND OVERVIEW

The business environment is expected to be challenging in export markets and healthy in India during 2023. The Company is optimistic about its future considering the following scenario in all major markets that are of interest to the Company.

India :

The Government allocated higher budget to infrastructure development projects. In the Budget 2023-24, the Government has increased the outlay for capital expenditure (capex) on infrastructure sector by 33 per cent from ₹ 7.5 lakh crore to ₹ 10 lakh crore. Current Account Deficit (CAD) of India is projected to be around 2.3% of GDP in FY23 and further narrow down in FY24 on the back of increasing services export. Rainfall is expected to be normal and inflation is expected to be within the comfort range of RBI and GDP growth rate in FY24 is expected to be in the range of 5.8% to 6.5%.

In the medium term, there are various initiatives in place to continue India's growth momentum. Production Linked Incentives for Automotive & Auto Component sector & other sectors are expected to strengthen the manufacturing sector in India, continuation of FAME scheme to transition to EV and special focus on setting up semiconductor manufacturing in India are going to be major drivers for Auto industry's growth.

In FY24, the sales of Passenger Vehicle and Commercial Vehicle segments in India are expected to register around 10% growth and the sales of Two-wheelers are expected to grow by around 5%.

Global scenario:

Global GDP growth rate is expected to decelerate to 1.7% in 2023 from 2.9% in 2022, due to geopolitical strife that emerged last year though localized had global ramifications. This specter of strife hangs over the global economy and trade, which impacted all major commodity prices and cross border trade.

The recent banking crisis is also expected to have an impact on global growth. Central banks across the globe are now increasing the interest rates to rein the high inflation that was not seen in the last few decades.

North America:

In 2023, the US economy is expected to maintain the GDP growth rate of around 0.7%, similar to the growth rate of 2022. The Fed raised interest rates by 425 basis points in 2022 and by an additional 50 basis points as of March 2023. Fed may tighten the supply of money by raising the interest rates *vice-versa* at a slower rate, to rein in inflation. Therefore, the US Class 8 truck market volumes are expected to be almost flat in 2023.

Europe :

EU economy is still facing the headwinds due to high energy prices, despite some moderation in prices since January 2023. The European Central Bank has increased the interest rates by 250 basis points in 2022 and an additional 100 basis points as of March 2023 to control inflation. The economic activity is expected to be muted in EU with no GDP growth in 2023, however, the chances of de-growth appear low as of now. Consequently, the sales of EU heavy commercial vehicles (>16 Ton category) in 2023 are expected to be same as those in 2022 with no growth or minimal de-growth.

To summarize the export market outlook, the truck industry in the US and the EU is expected to witness a low single digit growth in 2023.

III. OPPORTUNITIES & THREATS

The Company supplies aluminium castings for commercial vehicles, passenger cars and two-wheeler segments of the automotive industry.

In the long term, technology changes such as stringent emission norms, fuel economy regulations, adoption of alternate drivetrain technologies, etc., are the major challenges the industry needs to tackle. Global truck manufacturers are already offering zero emission vehicles in the US and the EU. However, the thrust towards light-weighting and zero emission vehicles is bound to increase leading to higher content of aluminium in all vehicle types. This shift to zero emission vehicles provides increased growth opportunities to the Company and it is well placed to leverage these emerging opportunities, being a preferred source for aluminium castings to major OEMs in India, the US and the EU.

Many companies are expected to move out of China, which is a major source of supplies for automotive parts. This is expected to provide additional growth opportunities to the Company.

OEMs are estimating carbon footprint in every leg of their supply chain in an effort to move towards net zero emissions and would eventually reorganize their global purchasing strategies, which could result in a strong push for localization to cut down their carbon footprint. The threat to business from this potential change in sourcing policy is mitigated as the Company has already set up a manufacturing in the US. The Company is closely monitoring these developments and will act to capitalize on business opportunities to ensure continued growth. The Company is also taking various green initiatives across its manufacturing sites and working to use more renewable energy in its manufacturing processes as part of its sustainability measures.

Several Indian die casting companies and OEMs have set up or have been setting up new capacities over the past few years. The Company will be continuing its actions to secure new businesses to ensure better utilization of assets despite the increased competition and cost pressure.

Intense competition makes it extremely difficult to seek price increases to compensate the effects of inflation bringing the margins under severe pressure. However, the Company's supply contracts provide for periodic price adjustments indexed to the domestic and international prices of aluminium and this should offer some protection against volatility of

commodity prices. The Company is practicing strong cost reduction initiatives including VA/VE to mitigate the margin pressures.

IV. RISKS AND CONCERNS

Macroeconomic risks

There are several possible risks on the horizon, both global and domestic level. In India, rural recovery continues to be slow, and this significantly impacts the growth trajectory of the economy. Less than normal monsoon may also lead to a weaker performance of the rural agricultural sector impacting the already weakened rural demand. Further the economic recovery could be hampered due to any increase in oil & gas price. The above stated factors can create disruption to an already fragile global trade & supply chain situation, increased inflation, and dampen the demand.

Industry and Company specific risks

The truck sales in the US and the EU are expected to witness no growth or low single-digit growth in 2023.

In India, increase in manufacturing activity, steady agricultural output, and the government's increased spending on infrastructure and moderated freight costs are all expected to drive the demand. But disruptions like semiconductor shortages and increased raw material prices could constrain the supply.

Significant unfavourable movement in prices of key raw material, aluminium, in global markets is one key factor that can affect the profit margins of the Company. The aftermath of COVID led supply chain disruptions and increase in power tariff domestically are major factors that can impact financial performance in FY24. The management is continuously monitoring the costs of raw material & logistics and taking appropriate cost reduction measures or contract price negotiations to maintain and improve the profit margins.

Forex

With significant exports, import of raw materials and capital goods, the Company is always exposed to impact on account of currency fluctuations. However, the Company has a well-defined forex hedging policy to mitigate the risks.

Contractual

The stipulation and requirements of the automobile industry demands high quality products. Robust quality management systems meeting international standards like IATF 16949 are in place to ensure excellent product quality. Additionally, the Company has also taken appropriate recall and product liability insurance in line with standard industry practice.

Just-in-time delivery is another important contractual obligation. Robust quality and project management systems are in place to avoid delay in deliveries due to quality issues or project implementation.

Capacity utilization

The Company adds capacity as required, in existing and new locations, to meet the projected demand of customers. The Company closely

monitors the progress of customer projects / volumes and appropriately deploys the assets to protect from both underutilization and capacity shortages to meet the demand.

Risk Management Policy

The Board has established a Risk Management Policy which formalizes the Company's approach to overview and manage material business risks. The policy is implemented through a top down and bottom-up approach for identifying, assessing, monitoring and managing key risks across the Company's business units.

Company's risk management framework is well embedded and continually reviewed by the Risk Management Committee. The Committee is regularly reporting to the Board that the Company's risk management and internal compliance and control system is operating efficiently and effectively in all material respects.

The Board is satisfied that there are adequate systems and procedures in place to identify, assess, monitor and manage risks. The Audit Committee also reviews reports by members of the management team and recommends suitable action. Risk Mitigation Policy has been approved by the Board.

V. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Board is accountable for evaluating and approving the effectiveness of the internal controls, including financial, operational and compliance. The Company has a proper and adequate internal control system to ensure that all the assets of the Company are safeguarded and protected against any loss and that all the transactions are properly authorized and recorded. Information provided to management is reliable and timely and statutory obligations are adhered to.

Company is strengthening the controls by leveraging technology and centralizing processes, enhancing monitoring and maintaining effective tax and treasury strategies. The Audit Committee continues to monitor the effectiveness of internal control through the use of new technologies that impact the financial controls and reporting enterprise risk.

Internal Financial Controls

The Company has an established Internal Financial Control framework including internal controls over financial reporting, operating controls and anti-fraud framework. The framework is reviewed regularly by the management and tested by internal audit team and presented to the Audit Committee. Based on periodical testing, the framework is strengthened, from time to time, to ensure adequacy and effectiveness of Internal Financial Controls.

VI. OPERATIONS REVIEW

A. Manufacturing

The Company has been using Total Quality Management (TQM) as the foundation of its management. The Company implemented the best practices like Total Productivity Management (TPM) and Lean Manufacturing (TPS) in its manufacturing facilities. During FY23, the Company continued working with mentors to improve its systems and

processes. Significant aspect of the same is to synchronize Company's operations with customer demand. This will bring in better planning and execution system along with control over inventories in the pipeline. It also has in place best-in-class practices for safety, pollution control, work environment, water and energy conservation.

Continuous improvement projects are implemented for betterment of the product quality and operational efficiency in all the manufacturing locations. Re-energizing TPM practices helped in improving the equipment reliability and consequently plant Overall Equipment Effectiveness (OEE). The Company has also initiated various projects towards deploying Industry 4.0 practices through connected machines. This will be scaled up in the coming years and is expected to bring significant gains in operational efficiencies across manufacturing locations.

The Company's journey of achieving manufacturing excellence was recognized and rewarded by the following customers during FY23.

- Cummins - Customer support Excellence Award - Direct sourcing for the year 2021.
- DAF - Recognized SCL in "Leaders category". SCL is one among 17 suppliers globally to be selected for this recognition for the 3rd consecutive year.
- Ford - Awarded for Quality and Flow for Panther 2.0 L engine launch.
- Hanon - Awarded as the Best Quality Consistent supplier.

In addition, the Company has also received Best Foundry Award in large scale category at the casting industry event, ALUCAST 2022.

In line with the Company's vision, work is being done on developing several futuristic technologies that will bring value to the customer. One such technology that is now being offered to customers is the Abrasive Flow Machining (AFM) process for which patent is owned in USA and EU. New orders are being given for the AFM technology and our customers are delighted with our R&D facilities and technologies.

B. Quality

Achieving customer delight by consistently providing products of excellent quality is the prime motto of the Company. This is achieved through state-of-the-art technology, training, effective quality system, continuous improvement and total employee involvement.

Poka-yokes, process audits, use of statistical tools for process optimization and online process controls also contribute towards improving and achieving consistency in product quality. During the year special focus has been given on advanced statistical methods and widespread use of Taguchi DOE methodology to further improve the product quality. The quality system is certified for IATF 16949 requirements.

TQM is a way of life in the Company. 100% employee involvement has been successfully achieved for many years.

Employees have completed 362 projects by applying statistical tools through Quality Control Circles (QCC) in FY23. The average number of suggestions implemented per employee was 44.

C. Cost Management

Cost management is a continuous journey, and the Company manages the same through rigorous deployment, monitoring and control of costs across all departments. Cross functional teams are working on projects focussed on Value Added / Value Engineering (VA/VE) and improving operational efficiency. TPM and Lean initiatives are deployed Company-wide to achieve reduction in manufacturing cost. Given the cost pressures due to the current inflationary pressures, significant cross functional team working ensured mutual cross learning and fast horizontal deployment of ideas/projects across our manufacturing locations.

D. Information Technology

The Company uses ERP system that integrates all business processes across the Company. Suppliers and customers are also integrated into the system for better planning and execution. During FY23, IT road map for organization was laid out and deployment of Industry 4.0 projects was initiated to monitor, control and improve manufacturing processes and quality. The Industry 4.0 projects have progressed as per plan and selected cells in all the factories are connected. The Company worked with external agency during the previous financial year and improved the cyber security controls and mechanisms achieving a score of 3.62 / 5.0 and placing it amongst the leaders in the auto component industry. The cyber security program with external agency is ongoing to sustain and improve the security controls. As we move towards digitalization of our processes and systems, special focus is being given to enhance the Information Security of our networks with a special emphasis on cyber security aspects. These digitalization measures across various functions will ensure all the processes and systems are optimised and aligned to deliver customer delight.

VII. KEY FINANCIAL RATIOS

As required under Regulation 34 of the Listing Regulations, details of changes in some of the ratios, as compared to the previous year are given below:

Particulars	Unit of measurement	Standalone		Consolidated	
		2022-23	2021-22	2022-23	2021-22
Return on Networth [§]	%	30.47	23.91	20.97	16.12
Net Debt to Equity **	%	0.93	0.25	3.75	2.20
Interest Service Coverage Ratio [§]	Times	8.53	7.57	11.57	6.87

[§] The ratios have improved in the current year, predominantly due to higher profits driven by better operational performance.

** Due to capitalisation of reserves for issue of bonus preference shares.

VIII. NON-CONVERTIBLE DEBENTURES

The Company had issued and allotted 1,000 unsecured, redeemable, non-convertible debentures (NCD) of face value of ₹ 10 Lakhs each on 18th August 2020 aggregating to ₹ 100 Crores at 7.65% p.a. and redeemable in equal instalments at the end of 4th year and 5th year. The NCDs were listed with National Stock Exchange of India Limited (NSE) on 25th August 2020.

IX. HUMAN RESOURCE DEVELOPMENT

The Company considers employees as vital and most valuable assets. Human Resource Development (HRD) is aligned to business needs

to enhance business performance and results. HRD is practiced through an overall HRD framework with its constituents as resourcing, employee engagement, performance & compensation management, competency- based development, career & succession planning and organization development. Each of these constituents has a structured approach and process to deliver.

As a part of the long-term strategy of the Company, collaborative education program has been initiated with three reputed institutes to develop role-ready engineers with Company-specific knowledge at the entry level. The Company also revamped and launched the yellow belt and green belt programs during the year along with various other systems-oriented training programs. This is expected to not only help solve chronic problems faced on the shop floor but also help in building the competency of our engineers in structured problem solving.

Career development workshop is conducted to identify high potential employees. Such employees are groomed for taking up higher responsibilities. A reward and recognition systems are in place to motivate and also provide fast track growth for the high potential employees.

Our engineers and executives are sponsored for advanced study offered by both Indian and foreign institutions. Customized technical and leadership competency improvement programs are developed and delivered through reputed institutions.

The Company continuously measures and reports employee engagement every year and identifies improvement areas to work on.

An excellent industrial relations environment continues to prevail at all the manufacturing units of the Company.

X. ENVIRONMENT, HEALTH & SAFETY

The Company is fully committed towards employee safety. Safety management is integrated with the overall Environment, Health and Safety (EHS).

The Company has been certified under Integrated Management System (IMS) combining ISO 14001 and ISO 45001 systems and procedures.

The Company is working on its Sustainability roadmap by engaging with a reputed external agency. The Company has already mapped the carbon footprint of its Indian operations and is now working on detailed roadmap with actions to achieve carbon neutrality.

XI. CAUTIONARY STATEMENT

Statements in the Management Discussion and Analysis Report describing the Company's objectives, projections, estimates and expectations may be "forward looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include, amongst others, economic conditions affecting demand / supply and price conditions in the domestic and overseas market in which the Company operates, changes in the Government Regulations, Tax Laws and Other Statutes and Incidental Factors.

CORPORATE RESTRUCTURING

(I) COMPOSITE SCHEME OF ARRANGEMENT OF THE COMPANY FOR ISSUE OF BONUS REDEEMABLE PREFERENCE SHARES AND DEMERGER OF MANUFACTURING UNDERTAKING

The Board at its meeting held on 9th February 2022 has approved the above Composite Scheme of Arrangement ("**Composite Scheme**") of the Company, on the recommendation of the Audit Committee and Independent Directors at their respective meetings held on that date. The Company had filed the Scheme with the Stock Exchanges viz., BSE Limited ("**BSE**") and National Stock Exchange of India Limited ("**NSE**") for "**No Objection**".

The Scheme provides for the following Parts:

- (i) Part I- Deals with definitions, share capital and date of taking effect and implementation of the Scheme;
- (ii) Part II - Deals with the issue of Non-Convertible Redeemable Preference Shares ("**NCRPS**") of the Company by way of bonus to the shareholders of the Company by utilising the general reserves / retained earnings;
- (iii) Part III - Deals with the amalgamation of the TVS Holdings Private Limited ("**TVSH**") with the Company and cancellation of the share capital of the Company held by the TVSH and the consideration thereof;
Further the name of the Company shall stand changed to "TVS Holdings Limited".
- (iv) Part IV - Deals with the amalgamation of VS Investments Private Limited ("**VS IPL**") with the Company and cancellation of the share capital of the Company held by the VS IPL and the consideration thereof; and
- (v) Part V - Deals with the demerger, transfer and vesting of the Demerged Undertaking (as defined in the Scheme) from the Company into Sundaram-Clayton DCD Limited ("**SCL DCD**") on a going concern basis, reduction and cancellation of the paid-up share capital of SCL DCD held by the Company and the consequent issue of shares of SCL DCD by SCL DCD to the shareholders of the Company.

Post Demerger, the name of SCL DCD shall stand changed to "Sundaram-Clayton Limited".

During the year under review, NSE and BSE by their respective letter dated 29th July, 2022, issued to the Company their "**No Objection**" on the Scheme, and based on their No Objection, the Company filed an application with Hon'ble National Company Law Tribunal, Chennai Bench, ("**Hon'ble NCLT**") for approval of the Composite Scheme.

Hon'ble NCLT vide their Order dated 9th November, 2022, directed to convene the meetings of the Equity Shareholders, Unsecured Creditors of the Company, and Secured Creditors of VS IPL, on 16th December, 2022 ("**NCLT Convened Meeting**") for their approval. Pursuant to the directions of Hon'ble NCLT, the NCLT Convened Meetings were held, and the resolutions were passed with requisite majority. Post the approval of the shareholders and creditors, the Company filed a petition with Hon'ble NCLT, and the Composite Scheme was sanctioned vide its Order dated 6th March, 2023.

The Board at its meeting held on 13th March, 2023, noted the Hon'ble NCLT's Order and the first part of the Composite Scheme was made effective on 14th March, 2023. The Board also authorised the issuance of bonus NCRPS, by fixations of Record Date 1 as 24th March, 2023, for the purpose of determining the eligible shareholders of the Company.

The Company has made an application for seeking listing and trading approvals for the above NCRPS to the Stock Exchanges, and the Company has received the in-principle approval of NSE vide letter dated 27th April, 2023. Approval from BSE is awaited. Further, the listing and trading approvals will be provided, subject to the relaxation granted by SEBI under sub-rule (7) of Rule 19 of Securities Contract (Regulation) Rules, 1957.

The Company will intimate to the Shareholders on further developments in connection with other Parts of the Composite Scheme.

5. DIRECTORS' RESPONSIBILITY STATEMENT

In accordance with the provisions of Section 134(5) of the Companies Act, 2013, (the Act, 2013) with respect to Directors' Responsibility Statement, it is hereby stated that -

- i. in the preparation of annual accounts for the financial year ended 31st March 2023, the applicable Accounting Standards had been followed along with proper explanation relating to material departures, if any;
- ii. the Directors had selected such accounting policies and applied them consistently and made judgments and estimates that were reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit of the Company for the year under review;
- iii. the Directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- iv. the Directors had prepared the accounts for the financial year ended 31st March 2023 on a "going concern basis";
- v. the Directors, had laid down internal financial controls to be followed by the Company and that such internal financial controls are adequate and were operating effectively; and
- vi. the Directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

6. CORPORATE SOCIAL RESPONSIBILITY (CSR)

CSR activities have already been textured into the Company's value system through Srinivasan Services Trust (SST), established in 1996 with the vision of building self-reliant rural community.

Over 27 years of service, SST has played a pivotal role in changing lives of people in rural India by creating self-reliant communities that

are models of sustainable development. The Committee formulated and recommended a CSR Policy in terms of Section 135 of the Act, 2013 along with a list of projects / programmes to be undertaken for CSR spending in accordance with the Companies (Corporate Social Responsibility Policy) Rules, 2014. The projects / programmes undertaken by SST and other eligible Trusts are falling within the CSR activities as specified under Schedule VII to the Act, 2013.

Based on the recommendation of the CSR Committee, the Board has approved the projects / programmes carried out as CSR for an amount of ₹ 45 lakhs for undertaking similar programmes / projects constituting more than 2% of the average net profits of the Company, made during the three immediately preceding financial years, towards CSR spending for the financial year 2022-23 and the Company has met the CSR spending through SST. Chief Financial Officer (CFO) of the Company has also ensured the spending through SST for FY 2022-23.

The work, SST has been doing, has matured into a model centered on community participation in all its projects. It follows an integrated, holistic and participatory approach to village development, working very closely with the communities and the Government. SST's focus is to bring about sustainable development in villages. The key focus areas are women empowerment, repairing and renovating the village government infrastructure like the balwadis, primary schools, health centres and veterinary centres, creation of water conservation structures, desilting of water bodies and preserving the environment. SST encourages the community to alter their attitudes and take ownership of changes that bring about lasting development.

To bring in expertise in specific intervention areas like education, health and hygiene, SST is working in collaboration with organizations like Agastya International Foundation, Villmart, Navsahyog Foundation and Gramalaya.

All of the projects undertaken through SST, are within the limit of ₹ 1 Cr individually, and do not require impact assessment.

However, an impact study carried out by Institute of Rural Management (IRMA), Anand has revealed that in the villages in Tiruvannamalai District, where SST has been working show a household income growth of about 141% in 5 years (2017-2022) as compared only to an 38% household income growth in neighbouring areas.

The study also highlights the overall behavioural changes in the community in their approach to development in being more independent and adopting sustainable approaches rather than over dependence on external factors to bring about the change.

Another study by the Centre for Water Resources (CWR), Anna University on 3 minor irrigation (MI) tanks in Krishnagiri, Tiruvannamalai and Tirunelveli districts revealed that partial desilting of water bodies has made the water available for more than one cropping season, 79% of farmers adopted changes in the cropping pattern and cultivating more than one season. The underground water storage capacity has improved and there is an increase in water level in bore wells and open wells in the area.

As required under Section 135 of the Act, 2013 read with Rule 8 of the Companies (Corporate Social Responsibility Policy) Rules, 2014, the

annual Report on CSR, containing the particulars of the projects / programmes approved and recommended by the CSR Committee and approved by the Board for the financial year 2022-23 are given by way of Annexure IV attached to this Report.

It may also be noted that the CSR Committee has approved the projects or programmes to be undertaken by the SST and other eligible trusts for the year 2023-24, preferably in local areas including the manner of execution, modalities of utilisation of funds and implementation schedules and also monitoring and reporting mechanism for the projects or programmes, as required under the Companies Amendment Act, 2020.

7. FINANCIAL PERFORMANCE & POSITION OF SUBSIDIARIES & ASSOCIATES

Acquisitions

During the year under review, the Company had additionally acquired 50.05% stake in Sundaram Holding USA Inc., USA (SHUI) from Sundaram Auto Components Limited (SACL), a subsidiary of the Company on 22nd September 2022, thereby it became a wholly owned subsidiary of the Company effective that date.

Consequent to the above acquisition, the Company's holding in SHUI increased to 100% and thereby SHUI's subsidiaries in USA viz., Green Hills Land Holding LLC, Component Equipment Leasing LLC, Sundaram-Clayton USA LLC and Premier Land Holding LLC have also become wholly owned subsidiaries of the Company.

The Company had also acquired 25,000 shares of EUR 1/- each in Sundaram-Clayton GmbH (SCL GmbH), Germany, effective 8th February 2023, thereby it became a wholly owned subsidiary of the Company. SCL GmbH is incorporated with the objective of establishing an engineering design centre.

The following companies and bodies corporate are the subsidiaries / associates of the Company:

Subsidiaries

1. TVS Motor Company Limited, Chennai (TVSM)
2. Sundaram-Clayton (USA) Limited, USA

Information pursuant to Section 134(3)(1) of the Companies Act, 2013

A. CONSERVATION OF ENERGY

1. Measures taken – FY 2022-23:

- (i) Implemented the immersion chiller for coolant in the Hardware Management Console (HMC) machines.
- (ii) Replaced the energy efficient (IE3 & IE4) motors in 40 machines.
- (iii) Interfaced the Thyristor drives in the Impregnation plant hot water tanks.
- (iv) Replaced of Nutech furnace to fuel furnace.
- (v) Introduced energy efficient air nozzle in die cleaning activity and air cleaning stations.
- (vi) Idle time cut off of Hydraulic pumps, heaters, Coolant pump and conveyors.
- (vii) Interfaced of Automatic Lid in the Gravity Die Casting Holding Furnaces.
- (viii) Utilized low capacity compressors during low production and Holidays.
- (ix) Introduced Inlet valve flow control in compressor main header to optimize the air flow & energy.
- (x) Replaced conventional fans with BLDC (Brushless DC) fan for office and canteen.
- (xi) Compressor energy consumption reduction by air leak audit study and optimizing the compressed utilization across all plants.
- (xii) Replaced the conventional fans with HVLS (High Volume low speed fans) in the casting shops.
- (xiii) Interfaced the Variable Frequency Drive (VFD) for blowers, Die Coat pumps, Raw water and DM water supply pumps.
- (xiv) Introduced additional Shell & tube heat exchanger to eliminate water chiller in Unit-01 Pressure Die Casting (PDC) machine.
- (xv) Energy efficient Relining work with Zirconia coating to reduce Power consumption in holding furnaces.
- (xvi) Introduced of heat resistance coating for core box in core shop machine.

The above measures have resulted in an annual saving of about ₹ 216.15 Lakhs.

2. Proposed Measures - FY 2023-24:

- (i) Replacement of energy efficiency screw Element in the existing.
- (ii) Compressor to reduce the power consumption.
- (iii) Implement Silcarb furnace instead vertical coil type furnace in Holding Furnaces.

- (iv) Implement heat loss reduction Zirconia Coating in Holding furnaces.
- (v) Replace conventional fans energy efficient BLDC and HVLS fans.
- (vi) Implement VFD for variable demand of melting and replace IE4 motor for Scrubber Induced draft fans.
- (vii) Implement Hydro Pneumatic system for PDC machines Die coat supply.
- (viii) Replacement of APFC panel for Transformer to improve power factor and reduce consumption.
- (ix) Implementing the immersion chiller for coolant in the HMC machines.
- (x) Replacing the energy efficient (IE3 & IE4) motors in 40 machines.
- (xi) Idle time cut off of Hydraulic pumps, heaters, Coolant pump and conveyors.
- (xii) Introduction of Automatic Lid in the Gravity Die Casting Holding Furnaces.
- (xiii) Replacement of energy efficient air dryers & compressors.
- (xiv) Introduction of Inlet valve flow control in compressor main header to optimize the air flow & energy.
- (xv) Replace the energy efficient compressor and dryers.
- (xvi) Conversion of Steam based Canteen Kitchen Equipments to Induction based Equipments.
- (xvii) Introduction Heat recovery system from washing machines and Compressor to reduce power consumption.

The above measures are expected to yield an annual saving of about ₹ 300.85 Lakhs.

3. Steps taken for utilizing alternate sources of energy:

During the year 2022-23, the Company has utilized power generated through wind and solar energy to an extent of 144.4 lakh units and 45.2 lakh units respectively.

The Company also plans to continue the utilization of wind and solar captive energy (190 lakh units) during the year 2023-24.

4. Capital investment in energy conservation equipment:

The Company is planning to invest around ₹ 1,120 Lakhs in 2023-24 towards the green energy generation of Solar (14 MW) and wind power (10 MW) under group captive model.

B. TECHNOLOGY ABSORPTION FOR 2022-23

Research & Development (R & D)

1. Specific areas in which R & D is carried out by the Company

Completed activities:

- (i) Abrasive flow machining (AFM) pilot plant established and over 2000 nos of closed volute compressor housings supplied to the customer.
- (ii) Co-designed Aluminium battery housing casting for EV commercial vehicle.
- (iii) AI based Auto defect recognition (ARD) software has been developed and implemented for Swing Arm X-ray image interpretation in online monitoring.
- (iv) Development of T6 Heat treatment process for HPDC castings through Taguchi DOE for enhancing mechanical properties.
- (v) Implementation of Squeeze technology in GDC parts.
- (vi) Developed EV thermal management heat sink housing using vacuum and thermoregulation technology.
- (vii) Introduced robot fettling for ISX gear housing.
- (viii) Conducted Design of Experiments (DOE) in process optimisation.
- (ix) Developed and tested a prototype die with zero-degree draft.
- (x) Initiated IOT in dies.

Ongoing activities:

- (i) New alloy development with high strength high ductility properties.
- (ii) Structural parts validation using semi-Solid processing in HPDC.
- (iii) Structural parts validation using high Vacuum technology.
- (iv) Establishment of Abrasive flow machining (AFM) automation for compressor housings.
- (v) Proof of concept development using additive manufacturing processes for Aluminium prototyping.
- (vi) Co-development of castings with Customer on process and material conversion for light weighting.
- (vii) Online monitoring of die temperature using thermal imaging camera for automated process control.
- (viii) Lightweighting of castings using design and topology optimization.

2. Benefits derived as a result of R & D:

- (i) Developed new die cast products for customers.
- (ii) Increased competency attained through development of structural High Pressure Die Casting (HPDC) parts.
- (iii) Quality improvement in existing parts.
- (iv) Data capturing online through IOT in dies.
- (v) Initiated enhancement of technical capability through co-developing EV battery housing casting.

3. Future plan of action:

- (i) Development of new alloys for structural application.
- (ii) Development of heat treatment for new HPDC Aluminium alloy.
- (iii) Development of additive manufacturing facility.
- (iv) Indigenization of die steel grades.
- (v) High Vacuum technology implementation for structural parts.
- (vi) Implementation of smart dies using IOT.
- (vii) Upgradation of R&D testing facilities to cater EV component test requirements.

Data relating to imported technology:

Technology imported during the last three years reckoned from the beginning of the financial year - NIL

Expenditure on R&D is ₹ 9.76 Cr.

C. FOREIGN EXCHANGE ACTUAL EARNINGS AND OUTGO

1. Export activities

Export during the year ended 31st March 2023 amounted to ₹ 918.80 Cr as against ₹ 780.10 Cr for the year ended 31st March 2022.

2. Total foreign exchange earned and used (actual) (₹ in Cr.)

a) Foreign exchange used	88.43
b) Foreign exchange earned	965.15

Report on Corporate Governance

1. Company's philosophy on code of governance

The Company has a strong legacy of fair, transparent and ethical governance practices. Company's businesses seek enhancement of shareholder value within this framework. The Company's philosophy on corporate governance is founded on the fundamental ideologies viz., Trust, Value, Exactness and Passion for Customers.

The Company believes in ensuring corporate fairness, transparency, professionalism, accountability and propriety in total functioning of the Company, which are pre-requisites for attaining sustainable growth in this competitive corporate world. Obeying the law, both in letter and in spirit, is the foundation on which the Company's ethical standards are built. The Company would constantly endeavor to improve on these aspects.

Good corporate governance, acting in accordance with the principles of responsible management which aimed at increasing enterprise value on a sustainable basis, is an essential requirement for the Group.

The Company's corporate governance philosophy has been further strengthened by adopting a Code of Business Conduct and Ethics, Whistle Blower Mechanism and Code of Conduct to Regulate, Monitor and Report trading by Insiders for Prevention of Insider Trading by the Directors and Designated Persons and Code of practices for fair disclosure of unpublished price sensitive information.

2. Board of Directors

The Board of Directors (the Board) which consists of eminent persons with considerable professional expertise and experience, provides leadership and guidance to the management, thereby enhancing stakeholders' value.

2.1. Composition and category of Directors:

The Board has sought to balance its composition and tenure and that of its Committees and to refresh them gradually from time to time so that they can benefit from the experience of longer serving Directors, and the fresh external perspectives and insights from newer appointees.

During the year under review, the Company has changed its Articles of Association for periodic shareholders' approval of all Directors including Promoter Directors and the same was approved by the Shareholders on 7th September 2022 through postal ballot.

Mr Venu Srinivasan was designated as Chairman Emeritus & Managing Director (CE & MD) effective 1st April 2022, by the Board at its meeting held on 9th February 2022 and continues to be the Managing Director of the Company. At the same meeting, Mr R Gopalan was appointed as Chairman of the Board effective 1st April 2022.

Dr. Lakshmi Venu was elevated as Managing Director (MD) of the company, effective 6th May 2022.

Mr R Gopalan, ceased to be a Non-Executive Independent Director of the Company effective 23rd July 2022 due to expiry of second term as Independent Director. He was subsequently appointed as Non-Executive Non-Independent Director effective 29th July 2022 by the Board of Directors based on the recommendation of the Nomination and Remuneration Committee with the approval of the shareholders through postal ballot on 7th September 2022.

Mr Anuj Shah and Mr C R Dua were appointed as Non-Executive Independent Director (NE-ID) of the Company by the Board of Directors effective 29th July 2022 and 13th March 2023 respectively, based on the recommendations of the Nomination and Remuneration Committee for a term of five consecutive years. Their appointments were subsequently approved by the shareholders through postal ballot on 7th September 2022 and 27th April 2023 respectively. The terms of appointment include the remuneration payable to them by way of fees and profit related commission, if any.

Mr S Santhanakrishnan, Mr Kamlesh Gandhi, Mr V Subramanian and Mr R Vijayaraghavan ceased as Independent Directors effective 20th August 2022 consequent to expiry of Second term as Independent Director and thereby they also ceased as members of Committees wherever they held membership.

Consequent to the untimely and sad demise of Vice Admiral P J Jacob, on 22nd January 2023, he ceased as a director effective that date and also ceased as a Chairman / Member of the Committees.

As on 31st March 2023, the total strength of the Board was nine. 4. Subsidiary Companies

The Company has five direct subsidiaries viz., TVS Motor Company Limited, Listed Company (TVSM), Sundaram-Clayton DCD Limited, Sundaram-Clayton (USA) Limited, USA, Sundaram-Holding USA Inc, Delaware, USA and Sundaram-Clayton GmbH, Germany unlisted Companies. The other indirect Indian Unlisted subsidiaries of the Company are Sundaram Auto Components Limited, TVS Housing Limited, TVS Motor Services Limited, TVS Electric Mobility Limited, TVS Credit Services Limited, and its subsidiaries viz., Harita Two- wheeler Mall Private Limited, Harita ARC Private Limited, and TVS Housing Finance Private Limited.

The other indirect Foreign subsidiaries are PT. TVS Motor Company Indonesia, TVS Motor Company (Europe) B.V, TVS Motor (Singapore) Pte. Limited, The Norton Motorcycle Company Limited, Swiss E-Mobility Group (SEMG), its subsidiaries viz., Swiss E-Mobility Group (Schweiz) AG, Switzerland, Colag E-Mobility GmbH, Germany, Alexand'Ro Edouard'O Passion Vélo Sàrl, The GO Corporation and its subsidiary viz., EGO Movement Stuttgart GmbH, Germany, and four subsidiaries of Sundaram Holding USA Inc. viz., Green Hills Land Holding LLC, Components Equipment Leasing LLC, Sundaram-Clayton (USA) LLC and Premier Land Holding LLC.

During the year under review, TVS Motor Company Limited, one of the subsidiary, acquired majority stake in the following companies through its overseas subsidiary TVS Motor (Singapore) Pte Limited and thereby those companies have become subsidiaries of the Company.

1. EBCO Limited, UK, dedicated for producing and distributing electric bikes designed for the rapidly expanding British e-bike market, acquired through TVS Motor (Singapore) Pte Limited.
2. Alexand'Ro Edouard'O Passion Vélo Sàrl, primarily engaged in the sale of e-bikes as well as e-bike accessories acquired through Swiss E-Mobility Group (Holding) AG.
3. Celerity Motor GmbH, Germany for undertaking activities related to two-wheeler & three-wheeler vehicles, including Research, Development, Engineering, sales and service thereof, through TVS Motor (Singapore) Pte Ltd.

TVSM has also acquired 48.27% stake in DriveX Mobility Private Limited, Coimbatore on 15th October 2022, engaged in selling, trading, and distributing pre-owned two-wheelers. During the year under review, TVSM has disinvested its entire holding in Intellicar Telematics Private Limited (Intellicar), a wholly owned Subsidiary and thereby Intellicar along with its wholly owned subsidiary, viz., Intellicar Singapore Pte. Ltd., ceased as subsidiaries effective 24th May 2022.

Since all the above indirect subsidiaries are subsidiaries of TVSM, being the listed subsidiary, the Audit Committee of TVSM reviews the financial statements and in particular the investments made by the said unlisted subsidiaries in compliance with the Regulation 24(7) of the Listing Regulations. The minutes of the Board meetings of the said unlisted subsidiaries are periodically placed before the Board of TVSM. In addition to that, the Audit Committee reviews the financial statements and in particular the investments made by the said unlisted subsidiaries. The minutes of the Board meetings of the said unlisted subsidiaries, wherever applicable, are periodically placed before the Board.

The Board is periodically informed about all significant transactions and arrangements entered into by the other overseas direct subsidiary.

Material Subsidiaries Policy:

The Board has duly formulated a policy for determining 'material subsidiaries'. As per the amended Listing Regulations material subsidiary means a subsidiary whose income or net worth exceeds 10% of the consolidated income or net worth respectively, of the listed entity and its subsidiaries in the immediately preceding accounting year.

During the year, the Company had additionally acquired 50.05% stake in Sundaram Holding USA Inc., effective 22nd September 2022. SHUI along with its subsidiaries in USA viz., Green Hills Land Holding LLC, Component Equipment Leasing LLC, Sundaram-Clayton USA LLC and Premier Land Holding LLC have also become subsidiaries of the Company.

From the year 2023-24, Sundaram Holding USA Inc., Foreign subsidiary is covered under the revised definition of "unlisted material subsidiary" of the Company in terms of the Regulation 16(1)(c) of the Listing Regulations.

Since, TVSM, the Company's Listed subsidiary has complied with the requirements laid down under the Listing Regulations for material subsidiaries, the Company has fully complied with the provisions of this regulation. The Company has also ensured that all the identified material unlisted subsidiaries incorporated in India have obtained secretarial audit report from a Company Secretary in Practice for FY 2022-23 and annexed with the annual report of TVSM, a listed subsidiary of the Company, in compliance with Regulation 24 of the Listing Regulations.

Copy of the said policy is available on the Company's website in the link provided in page no. 93 in this Annual Report.

5. Disclosures

5.1. Materially significant related party transactions:

All transactions entered into with related parties (RPTs), as defined under the Act, 2013 and the Listing Regulations during the financial year 2022-23 were in the ordinary course of business and at arm's length and do not attract the provisions of Section 188 of the Act and the rules made thereunder.

There were no materially significant transactions with the related parties during the year, which were in conflict with the interests, and hence no approval of the Company was required in terms of the Listing Regulations.

The transactions with the related parties, namely its promoters, holding, subsidiary and associate companies, etc., of routine nature have been reported in the Annual Report, as per Indian Accounting Standard 24 (IND AS 24) notified vide the Companies (Indian Accounting Standard) Rules, 2015. Details of related party transactions are enclosed as part of accounts for the year ended 31st March 2023.

5.2. Related Party Transaction Policy:

The Board has formulated a policy on related party transactions. The Audit Committee reviews and approves transactions (RPTs) between the Company and related parties, as defined under the Listing Regulations, to ensure that the terms of such RPTs would reasonably be expected of transactions negotiated at arm's length and in the ordinary course of business. The Audit Committee meets prior to each scheduled Board meeting to review all RPTs of the Company on a quarterly basis.

In terms of Regulation 23 of the Listing Regulations, all RPTs for the succeeding financial year, with clear threshold limit, are regularly placed before the Audit Committee meeting convened during last quarter of the financial year for its approval and recommendation to the Board for its approval, wherever required.

RPTs entered during the financial year are reviewed at the same meeting for any upward revision in the threshold limit.

It was also ensured that none of RPTs involving payments with respect to brand usage or royalty during the financial year, exceeded two percent of the annual consolidated turnover of the Company as per the previous audited financial statements of the Company.

As per the Companies Act, 2013, any unforeseen RPT involving amount not exceeding ₹ 1 Cr per transaction entered into by a director or officer of the Company without obtaining prior approval of the Audit Committee and such transactions being RPTs can be ratified by the Audit Committee within three months from the date of such transaction. The Company has engaged an Independent audit firm for ensuring correctness of the approach in complying with both the criteria on arm's length price and ordinary course of business for all RPTs entered into by the Company, during the year under review.

Copy of the said Policy is available on the Company's website in the link as provided in page no. 93 of this Annual Report.

5.3. Disclosure of accounting treatment:

Pursuant to the notification, issued by the Ministry of Corporate Affairs dated 16th February 2015 relating to the Companies (Indian Accounting Standard) Rules, 2015, as amended from time-to-time, the Company has adopted "IND AS" with effect from 1st April 2016. Accordingly, the financial statements for the year 2022-23 have been prepared in compliance with the said Rules.

5.4. Risk Management:

The Committee assists with the oversight of the Company's risk appetite, tolerance and strategy. The Company has established Risk Management Policy which formalizes its approach to the oversight and management of material business risks. The policy is implemented through a top down and bottom up approach for identifying, assessing, monitoring and managing key risks across the Company's business units.

Risks and effectiveness of management are internally reviewed and reported regularly to the Board. As a process, the risks associated with the business are identified and prioritized based on severity, likelihood and effectiveness of current detection.

It also monitors current and potential risk exposures, the effectiveness of the risk management framework and adherence to the various risk policies approved by the Board. Such risks are reviewed by the Senior Management on quarterly basis. Process owners are identified for each risk and metrics are developed for monitoring and reviewing the risk mitigation.

The Board is satisfied that there are adequate systems and procedures in place to identify, assess, monitor and manage risks. The Risk Management Committee reviews the reports given by members of the management team and recommends suitable action.

Risk Management Committee

As on 31st March 2023, the Committee consists of the following directors viz., M/s R Gopalan, Dr. Lakshmi Venu, K Gopala Desikan and Anuj Shah.

The composition of the Committee is in accordance with the requirements of the Regulation 21 of the Listing Regulations.

Mr R Gopalan is the Chairman of the Committee. Mr R Raja Prakash, Company Secretary acts as the Secretary of the Committee.

During the year under review, Vice Admiral P J Jacob, ID, demised on 22nd January 2023. The Board through a Circular resolution dated 23rd January 2023 appointed Mr Anuj Shah as a Member of the Committee effective that date.

Committee during the year, *inter-alia*, reviewed the mitigation plans for the following critical risks viz., Cyber Threat, Business risks and Covid preparedness.

Cyber Threats:

The Committee received regular updates on the key risks associated with technology, including notable incidents, regulatory developments, governance and strategy, as well as developments in the global cybersecurity threat landscape such as the rise in prominence of ransomware, and the progress of cyber-attack simulation exercises with senior executives and readiness training across all the Companies in the Group.

Covid-19 risks & preparedness:

While most markets have moved to an endemic approach in managing Covid-19, the developments and risks have been continuously monitored by the Committee including the ongoing resilience, and the level of mortality claims and policy lapses or surrenders in certain markets.

As required under the Listing Regulations, the Committee met on 29th July 2022 and 25th January 2023 and details of attendance of directors are as follows:

6.3. The broad terms of reference of the NRC are as under:

- Guiding the Board for laying down the terms and conditions in relation to the appointment and removal of Director(s), Key Managerial Personnel (KMP) and Senior Management Personnel (SMP) of the Company.
- Evaluating the performance of the Director(s) and providing necessary report to the Board for its further evaluation and consideration.
- Recommending to the Board on remuneration payable to the Director(s), KMP and SMP of the Company based on:
 - (i) the Company's structure and financial performance and
 - (ii) remuneration trends and practices that prevail in peer companies across the automobile industry.
- Retaining, motivating and promoting talent amongst the employees and ensuring long term sustainability of talented SMP by creation of competitive advantage through a structured talent review.

6.4. The role / scope of NRC is as follows:

- To make recommendations to the Board with respect to incentive compensation plans for Executive Director(s) and remuneration of NED(s) of the Company.
- To identify persons who are qualified to become Director(s) / KMP and SMP of the Company.
- To recommend to the board for appointment / removal of Director(s), KMP / SMP of the Company.
- To formulate criteria for determining qualification, positive attributes and independence of a Director of the Company.
- To recommend to the Board a Policy for remuneration of Director(s), KMP and SMP of the Company.

6.5. Evaluation Criteria

The NRC lays down the criteria for evaluating the performance of every Director, Committees of the Board and the Board as a whole and also the performance of KMP and SMP.

The performance evaluation of the Board as a whole was assessed based on the criteria, like its composition, size, mix of skills and experience, its meeting sequence, effectiveness of discussion, decision making, follow up action, quality of information, governance, oversight of different areas, risk management and internal controls, succession planning, and the performance and reporting by various Committees set up by the Board.

NRC prescribed a peer evaluation methodology by way of set of questionnaire to evaluate the performance of individual Directors, Committee(s) of the Board, Chairman and the Board as a whole, and the Board carried out the performance evaluation as per the methodology.

The performance evaluation of individual Director was carried out based on his / her commitment to the role and fiduciary responsibilities as a board member, attendance and active

participation, strategic and lateral thinking, contribution and recommendations given professionally, heading / acting as Member of various Committees etc.

The performance of SMP was measured against their achievement of the business plans approved by the Board during and at the completion of the financial year and their annual performance incentive which reflects their business plan achievements. An evaluation of performance has been undertaken based on the criteria for all SMP and this has been in accordance with the above process

NRC has the overall responsibility for evaluating and approving the compensation plans, policies and programmes applicable to the SMP. NRC also delegates its authority to the Executive Directors, wherever appropriate, for this purpose.

6.6. Remuneration Policy

The Nomination and Remuneration Policy has been placed on the website of the Company. The details of the website link is available on the Company's website as provided in page no. 93 of this Annual Report.

The salient features of the policy are as follows: NRC formulates policies to ensure that -

- the level and composition of remuneration are reasonable
- and sufficient to attract, retain and motivate Director(s) of the quality required to run the Company successfully;
- the relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
- the remuneration to Director(s), KMP and SMP of the Company involve a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the Company and its goals.

6.7. Remuneration to Directors:

Executive Director(s)

The remuneration payable to CE & MD, MD and D & GCFO for FY 2022-23 is fixed by the Board and are within the limits approved by the shareholders in terms of the relevant provisions of the Act, 2013 read with Regulation 17 of the Listing Regulations.

Particulars of remuneration paid to Executive Directors during the financial year 2022-23:

(₹ in Cr)

Executive Directors	Salary and Perquisites	Commission	Total
CE & MD	0.99	–	0.99
MD	1.87	7.75	9.62
D & GCFO	0.28	–	0.28

There is no separate provision for payment of severance fees. The notice period is mutually agreed between these Directors and the Board. The tenure of office of Executive Directors is for five years from their respective dates of re-appointment.

The above remuneration to Mr Venu Srinivasan, CE & MD is notwithstanding his holding similar position in the subsidiary Company, viz., TVS Motor Company Limited (TVSM) and drawing remuneration, as approved by its shareholders, from time to time, provided that the total remuneration drawn by him as CE&MD from the Company and TVSM does not exceed the higher maximum limit admissible, from any one of these two companies.

Similarly, the above remuneration to MD is notwithstanding her holding position of Deputy Managing Director (DMD) in TAFE Motors and Tractors Limited (TMTL), as approved by its shareholders, from time to time, provided that the total remuneration drawn by her as MD and DMD from the Company and TMTL does not exceed the higher maximum limit admissible, from any one of these two companies.

The Directors are paid commission within the permissible limits approved by the Members and determined by the Board every year depending upon the performance of the Company.

Non- Executive / Independent Director(s)

Sitting fees

₹ 10,000/- each is paid to the Non-Executive Directors for every meeting of the Board and / or Committee thereof attended by them, which is within the limits, prescribed under the Act, 2013.

Commission

The Company benefits from the expertise, advice and inputs provided by NE-IDs. NE-IDs devote their valuable time in deliberating on strategic and critical issues in the course of Board and Committee meetings of the Company and give their valuable advice, suggestions and guidance to the management of the Company, from time to time and hence, NE-IDs are being paid by way of sitting fees and commission.

At the 59th AGM held on 30th July 2021, the Shareholders have approved payment of commission to Non-Executive and Independent Directors, based on performance of the Company, not exceeding 1% of the net profits of the Company, in aggregate, subject to a maximum, as determined by the Board, for each such Director for every financial year effective 1st April, 2021.

A commission of ₹ 18 lakhs was approved at the Board Meeting held on 5th May 2023 to each such NE-IDs, who serve as members of any one of the Committees of the Company as well and ₹ 15 lakhs to other NE-IDs for the year 2022-23. The amount of commission for every financial year will be decided by the Board, as approved by the shareholders at AGM held on 30th July 2021, subject to the limit of 1% of net profits of the Company, in aggregate, as calculated pursuant to Section 198 of the Act, 2013. The above compensation structure is commensurate with the best practices in terms of remunerating NE-IDs and it adequately compensates for the time and contribution made by NE-IDs.

The remuneration was determined by NRC considering the varying demands of the business, time commitment and other requirements of the role of Non-Executive Directors.

In terms of the amended Listing Regulations, it has also been ensured that the remuneration payable to one NE-ID does not exceed 50% of the total annual remuneration payable to all NE-IDs of the Company.

Presently, the Company does not have a scheme for grant of stock options either to the Directors or employees of the Company.

**Standalone Financial Statements
of
Sundaram-Clayton Limited**

Independent Auditor's Report for the year ended 31st March 2023

To the Members of
Sundaram-Clayton Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Sundaram-Clayton Limited ("the Company"), having its registered office at "Chaitanya", No.12, Khader Nawaz Khan Road, Nungambakkam, Chennai - 600 006, Tamil Nadu which comprise the Balance Sheet as at 31st March 2023, the Statement of Profit and Loss, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act, of the state of affairs of the Company as at 31st March 2023, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in Annual Report to the Shareholders but does not include the standalone financial statements and our auditor's report thereon. The Annual Report to the Shareholders is expected to be made available to us after the date of this Auditor's Report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those charged with governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance) changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance

of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a

material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance, a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter, or when in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order

Annexure 'A' to Independent Auditors' Report - 31st March 2023 (Referred to in our report of even date)

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Sundaram-Clayton Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of the Company's Property, Plant and Equipment, right-of-use assets and Intangible Assets:
- (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Property, Plant and Equipment and right-of-use assets have been physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion, the frequency of verification of the fixed assets is reasonable having regard to the size of the Company and the nature of its assets.
- (c) Based on our examination of the property tax receipts and lease agreement for land on which building is constructed, registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title in respect of self-constructed buildings and title deeds of all other immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the standalone financial statements included under Property, Plant and Equipment are held in the name of the Company as at the balance sheet date.
- (d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii. (a) The management has conducted physical verification of inventory at reasonable intervals during the year. In our opinion the coverage and the procedure of such verification by the management is appropriate. Discrepancies noticed on such physical verification, were less than 10% in aggregate for each class of inventory and have been properly dealt with in the books of account;
- In respect of inventories with third parties, which have not been physically verified, there is a process of obtaining confirmation from such parties.
- (b) The Company has been sanctioned working capital limits in excess of ₹ 5 crore during the year, from banks on the basis of security of current assets and in our opinion, the quarterly returns or statements filed by the Company are in agreement with the books of accounts.
- iii. The Company has made investments in companies during the year in respect of which:
- (a) The Company has not provided any loans or advances in the nature of loans or stood guarantee, or provided security to any other entity during the year, and hence reporting under Clause 3(iii)(a) of the Order is not applicable;
- (b) In our opinion, the investments made and guarantee given during the year are, prima facie, not prejudicial to the Company's interest.
- (c) The Company has not granted any loans or advances in the nature of loans hence reporting under Clause 3(iii)(c) of the Order is not applicable.
- (d) The company has not granted any loan or advances in the nature of loans hence reporting under Clause 3(iii)(d) of the Order is not applicable.
- (e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties.
- (f) The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under Clause 3(iii)(f) is not applicable.
- The Company has not made investments in Firms and Limited Liability Partnerships during the year. Further the Company has not provided any security, guarantee or granted any advances in the nature of loans, secured or unsecured, to Companies, Firms, Limited Liability Partnerships or any other parties.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Act in respect of investments made. The company has not granted loans or provided any security or guarantee.
- v. The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under Clause 3(v) of the Order is not applicable.
- vi. The maintenance of cost records has been specified by the Central Government under Section 148(1) of the Companies Act, 2013 in respect of the products manufactured by the Company. We have broadly reviewed the books of account maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under section 148(1) of the Companies Act, 2013 in respect of manufacture of products and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have

not made a detailed examination of the cost records with a view to determine whether they are accurate or complete;

vii. In respect of statutory dues:

- (a) The Company is regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, Goods and service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, to the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they become payable;
- (b) There are no dues in respect of income-tax, sales-tax, Goods and service tax, duty of customs, duty of excise and value added tax that have not been deposited with the appropriate authorities on account of any dispute except the following:

Nature of Duty / Tax under Dispute	Nature of the Statute	Period	Forum where dispute is pending	Amount Involved ₹ In Crore
Income Tax	Income Tax Act, 1961	AY 2008-09	Commissioner (Appeals)	6.12
Income Tax	Income Tax Act, 1961	AY 2011-12	Commissioner (Appeals)	1.82
Goods and Service Tax	Goods and Service Tax Act, 2017	FY 2021-22	Appellate Authority	0.25
Goods and Service Tax	Goods and Service Tax Act, 2017	FY 2017-18	These demands are disputed and the Company intends to file the appeal within the due dates, as applicable.	0.26
Goods and Service Tax	Goods and Service Tax Act, 2017	FY 2017-18		1.55
Goods and Service Tax	Goods and Service Tax Act, 2017	FY 2019-20		57.86

viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (Section 43 of 1961);

- ix. (a) The Company has not defaulted in repayment of loans or borrowings to any lender during the year;
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority;
- (c) In our opinion and according to the information and explanations given to us, the company has utilized the money obtained by way of term loans during the year for the purposes for which they were obtained;

- (d) On an over all examination of the standalone financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company;
- (e) On an overall examination of the standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries and hence reporting on clause 3(ix)(e) of the order is not applicable;
- (f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies and hence reporting on Clause 3(ix)(f) of the Order is not applicable;
- x. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under Clause 3(x)(a) of the Order is not applicable;
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under Clause 3(x)(b) of the Order is not applicable;
- xi. (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year;
- (b) No report under sub-section (12) of Section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report;
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year;
- xii. The Company is not a Nidhi Company and hence reporting under Clause (xii) of the Order is not applicable;
- xiii. In our opinion, all transactions with the related parties are in compliance with Section 188 of the Act, where applicable, and the requisite details have been disclosed in the standalone financial statements, as required by the applicable Ind AS;
- xiv. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures;
- xv. In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company;
- xvi. (a) In our opinion, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

- (b) Hence, reporting under Clause 3(xvi)(a), (b) and (c) of the Order is not applicable;
- (c) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under Clause 3(xvi)(d) of the Order is not applicable;
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year;
- xviii. There has been no resignation of the statutory auditors of the Company during the year;
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due;
- xx. (a) According to the information and explanations given to us in respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub section 5 of Section 135 of the Act. This matter has been disclosed in note no. 36(iv) to the Standalone financial statements;
- (b) According to the information and explanations given to us and based on the records, there are no unspent amounts in respect of ongoing projects that are required to be transferred to a special account in compliance of provision of sub section (6) of Section 135 of Companies Act. This matter has been disclosed in note no. 36(iv) to the Standalone financial statements.

Annexure 'B' to the Independent Auditors' Report for the year ended 31st March 2023

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Sundaram-Clayton Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of subsection 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls over financial reporting of Sundaram-Clayton Limited (the "Company") as of March 31, 2023 in conjunction with our audit of the Ind AS standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining

an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods

are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the criteria for internal financial control over financial reporting established by the Company considering

the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

1 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies mentioned herein are relating to the standalone financial statements of the Company.

a) Brief description of the Company

Sundaram-Clayton Limited ('the Company') is a public limited company incorporated in India whose shares are publicly traded. The registered office is located at Chaitanya, No.12, Khader Nawaz Khan Road, Chennai - 600006, Tamil Nadu, India.

The Company manufactures non-ferrous gravity and pressure die castings. The Company has four manufacturing plants located in Tamil Nadu.

b) Basis of preparation

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

The financial statement has been prepared on the historical cost convention under accrual basis of accounting except for certain assets and liabilities (as per the accounting policy below), which have been measured at fair value. These financial statements for the year ended 31st March 2023 have been approved and authorised for issue by the Board of Directors at its meeting held on 05th May 2023.

c) Going Concern

The Company's financial statements have been prepared on a going concern basis.

d) Use of estimates

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. The management believes that these estimates and assumptions are reasonable and prudent. However, actual results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in the current and future period.

This note provides an overview of the areas that involved a higher degree of judgment or complexity. It also provides an overview of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in the relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

e) Cost Recognition

Costs and expenses are recognised when incurred and are classified according to their nature. Expenditure are capitalized where appropriate.

f) Significant Estimates and judgments

The areas involving significant estimates or judgments are:

- i) Estimation of defined benefit obligation - (Refer Note 32)
- ii) Estimation of useful life of Property, Plant and Equipment and Intangible Assets [Refer Note 1(j) and 1(k)].

g) Revenue recognition

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

i) Sale of products:

Revenue from sale of products is recognised when significant risk and rewards of ownership pass to the customers, as per the terms of the contract and it is probable that the economic benefits associated with the transaction will flow to the Company.

ii) Revenue from Services:

Revenue from Services is recognised in the accounting period in which the services are rendered and when invoices are raised.

iii) Dividend income:

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established and it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of dividend can be reliably measured.

SIGNIFICANT ACCOUNTING POLICIES - (continued)

h) Dividend

Any dividend declared by Company is based on the profits available for distribution as reported in the statutory Standalone financial statements. Indian law permits the declaration and payment of dividend out of profits for the year or previous financial year(s) as stated in the statutory Standalone financial statements after providing for depreciation as per the Companies Act, 2013.

However, in the absence or inadequacy of the said profits, it may declare dividend out of free reserves, subject to certain conditions as prescribed under the Companies (Declaration and Payment of Dividend) Rules, 2014.

i) Property, Plant and Equipment

Freehold Land is stated at historical cost. All other items of Property, Plant and Equipment are stated at cost of acquisition / construction less accumulated depreciation / amortization and impairment, if any. Cost includes:

- (i) purchase price,
- (ii) taxes and duties,
- (iii) labour cost
- (iv) directly attributable overheads incurred upto the date the asset is ready for its intended use, and
- (v) Government grants that are directly attributable to the assets acquired.

However, cost excludes excise duty, value added tax, service tax and GST, and to the extent credit of the duty or tax is availed of.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Government grants relating to the purchase of property, plant and equipment are capitalized and included as cost to fixed assets.

Gains or losses on disposals are determined by comparing proceeds with the carrying amount. These are included in the Statement of Profit and Loss within Other gains / (losses).

j) Depreciation

i) Depreciation on tangible fixed assets is charged over the estimated useful life of the asset or part of the asset (after considering double/triple shifts) as evaluated by a Chartered Engineer and in accordance with Ind AS 16, taking into consideration both usage, useful life and legal limitations on the use of assets, on straight line method, in accordance with Part A of Schedule II to the Companies Act, 2013. Depreciation is adjusted for the proportionate usage with reference to the asset's expected capacity or physical output during the reporting period

ii) The estimated useful life of the tangible fixed assets as assessed by the Chartered Engineer and followed by the Company is furnished below:

Description	Years
Factory building and other buildings	30 to 64
Plant and Equipment	8 to 21
Electrical Equipment	15
Furniture and Fixtures	10
Computers	3
Mobile phones	1
Vehicles	6

iii) The residual value for all the above assets is retained at 5% of the cost except for Mobile phones for which nil residual value is considered. Residual values and useful lives are reviewed, and adjusted, if appropriate, for each reporting period.

iv) On tangible fixed assets added / disposed off during the year, depreciation is charged on pro-rata basis for the period for which the asset was purchased and used.

v) Depreciation in respect of tangible assets costing individually less than ₹ 5,000/- is provided at 100%.

SIGNIFICANT ACCOUNTING POLICIES - (continued)

k) Amortization of Intangible assets

Intangible assets acquired are accounted at their acquisition cost and are amortised over their useful lives, viz., 2 years in the case of software.

l) Impairment

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

m) Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). i.e. in Indian rupees (INR) and all values are rounded off to nearest crores except where otherwise indicated.

(ii) Transactions and balances

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of transaction.

- (a) Foreign currency monetary assets and liabilities such as cash, receivables, payables, etc., are translated at year end exchange rates.
- (b) Non-monetary items denominated in foreign currency such as investments, fixed assets, etc., are valued at the exchange rate prevailing on the date of transaction.
- (c) Exchange differences arising on settlement of transactions and translation of monetary items are recognised as income or expense in the year in which they arise.

n) Hedge accounting

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged. The Company designates certain derivatives as either:

- hedges of the fair value of recognised assets or liabilities or a firm commitment (fair value hedges)
- hedges of a particular risk associated with the cash flows of recognised assets and liabilities and highly probable forecast transactions (cash flow hedges), or
- hedges of a net investment in a foreign operation (net investment hedges).

The Company documents at the inception of the hedging transaction the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions. The Company also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions have been and will continue to be highly effective in offsetting changes in fair values or cash flows of hedged items.

The fair values of various derivative financial instruments used for hedging purposes are disclosed in Note 33. Movements in the hedging reserve in shareholders' equity are shown in Note 34 (D). The full fair value of a hedging derivative is classified as a non-current asset or liability when the remaining maturity of the hedged item is more than 12 months; it is classified as a current asset or liability when the remaining maturity of the hedged item is less than 12 months.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges are recognized in the other comprehensive income in cash flow hedging reserve within equity, limited to the cumulative change in fair value of the hedged item on a present value basis from the inception of the hedge. The gain or loss relating to the ineffective portion is recognised immediately in the Statement of Profit and Loss, within other gains / (losses).

When forward contracts are used to hedge forecast transactions, the company generally designates only the change in fair value of the forward contract related to the spot component as the hedging instrument. Gains or losses relating to the effective portion of the

SIGNIFICANT ACCOUNTING POLICIES - (continued)

change in the spot component of the forward contracts are recognised in other comprehensive income in cash flow hedging reserve within equity. In some cases, the entity may designate the full change in fair value of the forward contract (including forward points) as the hedging instrument. In such cases, the gains and losses relating to the effective portion of the change in fair value of the entire forward contract are recognised in the cash flow hedging reserve within equity.

Amounts accumulated in equity are reclassified to profit or loss in the periods when the hedged item affects the Statement of Profit and Loss (for example, when the forecast sale that is hedged takes place).

When a hedging instrument expires, or is sold or terminated, or when a hedge no longer meets the criteria for hedge accounting, any cumulative deferred gain or loss and deferred costs of hedging in equity at that time remains in equity until the forecast transaction occurs. When the forecast transaction is no longer expected to occur, the cumulative gain or loss and deferred costs of hedging that were reported in equity are immediately reclassified to the Statement of Profit and Loss within other gains / (losses).

o) Inventories

Inventories are valued at the lower of cost and net realisable value.

- i) Cost of raw materials, components, stores, spares, work-in-process and finished goods are determined on a moving average basis.
- ii) Cost of finished goods and work-in-process comprises of Direct materials, Direct labour and an applicable proportion of Variable and Fixed overhead expenditure, Fixed Overhead Expenditure absorbed on the basis of normal operating capacity.
- iii) Costs are assigned to individual items of inventory on the basis of weighted average costs. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.
- iv) Materials and supplies held for use in production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost. Slow and non-moving material, obsolescence, defective inventories are duly provided for.

p) Employee benefits

i) Short term obligations:

Short term obligations are those that are expected to be settled fully within 12 months after the end of the reporting period. They are recognized upto the end of the reporting period at the amounts expected to be paid at the time of settlement.

ii) Other long term employee benefit obligations:

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are, therefore, recognized and provided for at the present value of the expected future payments to be made in respect of services provided by employee upto the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Other Comprehensive Income.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for atleast twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

iii) Post-employment obligation:

The Company operates the following post-employment schemes:

- a) Defined benefit plans such as gratuity for its eligible employees, pension plan for eligible senior managers; and
- b) Defined contribution plan such as provident fund.

Pension and gratuity obligation:

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the government bonds that have terms approximating to the terms of the related obligation.

SIGNIFICANT ACCOUNTING POLICIES - (continued)

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income (net of deferred tax). They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the Statement of Profit or Loss as past service cost.

Provident fund:

The eligible employees of the Company are entitled to receive benefits in respect of provident fund, a defined contribution plan, in which both employees and the Company makes monthly contributions at a specified percentage of the covered employees' salary. The provident fund contributions are made to an irrevocable trust set up by the Company. The Company is generally liable for annual contributions and any shortfall in the fund assets based on the Government specified minimum rates of return and recognises such contributions and shortfall, if any, as an expense in the year in which it is incurred.

iv) Bonus plans:

The Company recognises a liability and an expense for bonus. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

q) Taxes on income

Tax expense comprises of (i) current tax and (ii) deferred tax. The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions, where appropriate, on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the balance sheet method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

r) Provisions and contingent liabilities

i) Provision:

A provision is recorded when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated. The estimated liability for product warranties is accounted based on technical evaluation, when the products are sold.

SIGNIFICANT ACCOUNTING POLICIES - (continued)

Provisions are evaluated at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expenses.

ii) Contingent liabilities:

Wherever there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognised because (a) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or (b) the amount of the obligation cannot be measured with sufficient reliability are considered as contingent liability. Show cause notices are not considered as Contingent Liabilities unless converted into demand.

s) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

t) Leases

From 1 April 2019, leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company. Contracts may contain both lease and non-lease components. The Company allocates the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices. However, for leases of real estate for which the Company is a lessee, it has elected not to separate lease and non-lease components and instead accounts for these as a single lease component.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable
- variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date
- amounts expected to be payable by the Company under residual value guarantees
- the exercise price of a purchase option if the Company is reasonably certain to exercise that option, and
- payments of penalties for terminating the lease, if the lease term reflects the Company exercising that option

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Company:

- where possible, uses recent third-party financing received by the individual lessee as a starting point, adjusted to
- reflect changes in financing conditions since third party financing was received
- uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk for leases held by the Company
- which does not have recent third party financing, and
- makes adjustments specific to the lease, e.g. term, country, currency and security.

The Company is exposed to potential future increases in variable lease payments based on an index or rate, which are not included in the lease liability until they take effect. When adjustments to lease payments based on an index or rate take effect, the lease liability is reassessed and adjusted against the right-of-use asset. Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Variable lease payments that depend on sales are recognised in profit or loss in the period in which the condition that triggers those payments occurs.

SIGNIFICANT ACCOUNTING POLICIES - (continued)

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life

Payments associated with short-term leases of equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise IT equipment and small items of office furniture.

u) Cash and Cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

v) Trade receivables

Trade receivables are recognised initially at fair value after adjusting the transaction costs using the effective interest rate method, less provision for impairment.

w) Investments and Other financial assets

i) Classification:

The Company classifies its financial assets in the following categories:

- Those to be measured subsequently at fair value (either through other comprehensive income, or through statement of profit and loss), and
- Those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flow.

ii) Measurement:

At initial recognition, the Company measures a financial asset at its fair value plus (in the case of a financial asset not a fair value through profit or loss) transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

Debt Instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the Company classifies its debt instruments.

(i) Amortised Cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on debt instrument that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in the Statement of Profit and Loss when the asset is de-recognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

SIGNIFICANT ACCOUNTING POLICIES - (continued)

(ii) Fair Value through profit or loss:

Assets that do not meet the criteria for amortised cost or Fair Value through Other Comprehensive Income (FVOCI) are measured at Fair Value through Profit or Loss (FVTPL). A gain or loss on a debt instrument that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented in the statement of profit and loss within other gains / (losses) in the period in which it arises. Interest income from these financial assets is included in other income.

(iii) Equity instruments:

Subsequent to initial recognition, the Company measures all investments in equity (except of the subsidiaries / associates) at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there will be no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Company's right to receive payments is established.

Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately. Where the Company elects to measure fair value through profit or loss, changes in the fair value of such financial assets are recognised in the statement of profit and loss.

Investment in subsidiaries / associates:

Investment in subsidiaries / associates are measured at cost less provision for impairment.

iv) Impairment of financial assets:

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been significant increase in credit risk. Note 34(A) details how the company determines whether there has been a significant increase in credit risk.

For trade receivables, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected credit losses to be recognised from initial recognition of the receivables.

v) De-recognition of financial assets:

A financial asset is derecognised only when:

- a) the Company has transferred the rights to receive cash flows from the financial asset or
- b) the Company retains the contractual rights to receive the cash flows of the financial asset, but expects a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised, if the Company has not retained control of the financial asset. Where the company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

x) **Borrowings**

Borrowings are initially recognised at fair value, net of transaction cost incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction cost) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings, using the effective interest method. Fees paid on the established loan facilities are recognised as transaction cost of the loan, to the extent that it is probable that some or all the facility will be drawn down.

SIGNIFICANT ACCOUNTING POLICIES - (continued)

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in the Statement of Profit and Loss as other gain / (loss).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for over or at least 12 months after the reporting period.

y) Borrowing cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

z) Government Grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants receivable as compensation for expenses or financial support are recognized in profit or loss of the period in which it becomes available.

Government grants relating to the purchase of property, plant and equipment are included in current / non-current liabilities as deferred income and are credited to profit or loss as and when the obligations are fulfilled.

aa) Current and Non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

Cash or cash equivalent is treated as current, unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. In respect of other assets, it is treated as current when it is:

- expected to be realised or intended to be sold or consumed in the normal operating cycle
- held primarily for the purpose of trading
- expected to be realised within twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- it is expected to be settled in the normal operating cycle
- it is held primarily for the purpose of trading
- it is due to be settled within twelve months after the reporting period, or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. In Company's considered view, twelve months is its operating cycle.

32 EMPLOYEE BENEFIT OBLIGATIONS – (continued)

(ii) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Gratuity	Change in assumption		Impact on defined benefit obligation			
			Increase in assumption		Decrease in assumption	
Details	March 31, 2023	March 31, 2022	March 31, 2023	March 31, 2022	March 31, 2023	March 31, 2022

Leave Salary	Change in assumption		Impact on defined benefit obligation			
			Increase in assumption		Decrease in assumption	
Details	March 31, 2023	March 31, 2022	March 31, 2023	March 31, 2022	March 31, 2023	March 31, 2022
Discount rate	0.50%	0.50%	7.49	8.62	8.15	9.38
Salary growth rate	0.50%	0.50%	8.16	9.39	7.48	8.62
Mortality rate	5.00%	5.00%	7.81	8.99	7.81	8.99

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied when calculating the defined benefit liability recognised in the balance sheet.

(iii) Risk exposure

Through its defined benefit plans, the company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility: The plan liabilities are calculated using a discount rate set with reference to bond yields; if plan assets underperform this yield, this will create a deficit. Most of the plan asset investments are in fixed income securities with high grades and in government securities. These are subject to interest rate risk and the fund manages interest rate risk with derivatives to minimise risk to an acceptable level. A portion of the funds are invested in equity securities and in alternative investments which have low correlation with equity securities. The equity securities are expected to earn a return in excess of the discount rate and contribute to the plan deficit. The company has a risk management strategy where the aggregate amount of risk exposure on a portfolio level is maintained at a fixed range. Any deviations from the range are corrected by rebalancing the portfolio. The company intends to maintain the above investment mix in the continuing years.

Changes in bond yield: A decrease in bond yields will increase plan liabilities, although this will be partially offset by an yields increase in the value of the plans' bond holdings.

Inflation risks: In the pension plans, the pensions in payment are not linked to inflation, so this is a less material risk.

Life expectancy: The pension plan obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan liabilities. This is particularly significant where inflationary increases result in higher sensitivity to changes in life expectancy.

Defined contribution plans: The Company's contribution to defined contribution plan i.e., provident fund of ₹ 6.75 crores (previous year ₹ 6.68 crores) has been recognised in the Statement of Profit and Loss.

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

There are no transfers between levels 1 and 2 during the year.

The company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of interest rate swaps is calculated as the present value of estimated cash flows based on observable yield curves.
- the fair value of forward exchange contract and principle only swap is determined using forward exchange rate at the balance sheet date.
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

FVTPL - Fair value through statement of Profit and Loss; FVOCI - Fair value through Other Comprehensive Income.

34 FINANCIAL RISK MANAGEMENT

The Company's activities expose it to market risk, liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements.

Risk	Exposure arising from	Risk Parameters and Mitigation
Market Risk - Foreign exchange		i) The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions. ii) Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the company's functional currency (INR). iii) The risk is measured through a forecast of highly probable foreign currency cash flows. The Company has a forex management policy which is duly approved by the Board. iv) The objective of the hedges when taken is to minimise the volatility of the INR cash flows of highly probable forecast transactions.
Market Risk - Interest rate	Foreign currency denominated borrowings	i) The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow risk. ii) Company's policy is to maintain most of its borrowings at fixed rate using interest rate swaps. The Company's fixed rate borrowings are carried at amortised cost. iii) Foreign currency borrowings are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.
Liquidity Risk	Borrowings [Other than soft loans given by Govt. Authorities)	i) The company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans. ii) The Company prepares a detailed annual operating plans to assess the fund requirements - both short term and long term. iii) Detailed month wise cash flow forecast is also carried out along with required sensitivities. Based on these factors adequate working capital credit limits are organised in advance. iv) Company has pre-approved credit lines with various banks and these are constantly reviewed and approved by the Board. v) For long term fund requirements, Company targets various options such as rupee term loan, external commercial borrowing, debentures etc. vi) The Company obtains a credit rating for the various borrowing facilities on annual basis. Company constantly monitors the free cashflow from operations to ensure that the borrowings are minimized.
Credit Risk		i) Credit risk primarily arises from cash and cash equivalents, trade receivables and investments carried at amortised cost. ii) The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. iii) To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. iv) It considers available reasonable and supportive forward-looking information (more specifically described below). v) A default on a financial asset is when the counterparty fails to make contractual payments within 180 days of when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.
a.	Cash and Cash Equivalents	Surplus cash is deposited only with banks / financial institutions with a high external credit rating.
b.	Domestic Trade Receivables	i) The Company extends credit to the customers and such extension of credit is based on customers' credit worthiness, ability to repay and past track record. ii) The Company has extensive reporting systems and review to constantly monitor the receivables.
c.	Export Trade Receivables	The Company's export customers are Original Equipment Manufacturers with high credit rating. Export receivables are also covered through Insurance with Export Credit Guarantee Corporation of India Limited.

34 FINANCIAL RISK MANAGEMENT – (continued)

Risk	Exposure arising from	Risk Parameters and Mitigation
Export trade receivables and Import Payables		i) The Company has a forex management policy duly approved by the Board. The Company's policy is to hedge most of its net currency exposure. ii) Company reviews the forex exposure on a regular basis and also reports its adherence to the Board on a quarterly basis. The recording and reporting requirements are strictly adhered.
Foreign currency denominated borrowings		The Company has hedged its borrowings by covering the principal repayments using Principal Only Swaps and cost reduction structure viz., Call Spread under the approved Forex management policy.

(A) Credit risk

Basis of recognition of expected credit loss & providing for such loss

Rating	Category	Description of category	Investments	Loans and deposits	Trade receivables
1	High Quality assets, negligible credit risk	Assets where the counter-party has strong capacity to meet the obligations and where the risk of default is negligible or nil.	12 month expected credit losses		Life time expected credit losses (simplified approach)
2	Quality assets, low credit risk	Assets where there is low risk of default and where the counter-party has sufficient capacity to meet the obligations and where there has been low frequency of defaults in the past.			
3	Standard Assets, moderate credit risk	Assets where the probability of default is considered moderate and where the counter-party's capacity to meet the obligations is not strong.			
4	Substandard Assets, relatively high credit risk	Assets where there has been a significant increase in credit risk since initial recognition.	Life time expected credit losses		
5	Low quality assets, very high credit risk	Assets where there is a high probability of default. Also includes assets where the credit risk of counter-party has increased significantly though payments may not be more than 180 days past due.			
6	Doubtful assets, credit impaired	Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in statement of profit and loss.	Asset is written off

35 CAPITAL MANAGEMENT

(a) Risk management

The Company's objectives in regard to managing capital are

- safeguard its status as a going concern
- to ensure returns to shareholders
- to ensure benefits to stakeholders

In order to maintain optimum capital structure, the board may

- increase the capital by fresh issue of shares or
- reduce the same by return to equity holders
- vary the equity by increasing or reducing the quantum of dividend

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:

Net debt divided by total equity

Gearing ratio refers to the level of a company's debt compared to its total equity.

The Company's strategy is to maintain an optimum gearing ratio. The gearing ratios were as follows:

Particulars	31-Mar-23	31-Mar-22
Net debt	661	728
Total equity (excluding exceptional income arising out of sale of shares)	711	645
Net debt to equity ratio	0.93	1.13

36 OTHER DISCLOSURES – (continued)

(ix) Borrowing costs capitalised :

Borrowing cost capitalised during the year ₹ 0.89 Cr (Previous year- ₹ 0.50 Cr)

The capitalisation rate used to determine borrowing costs to be capitalised is weighted average interest rate of 8.20%

(x) Composite scheme of arrangement:

On February 9, 2022, the board of directors of the Company approved a composite scheme of arrangement (the Scheme) of Sundaram-Clayton Limited ("Transferee Company" or "Demerged Company") and TVS Holdings Private Limited ("Transferor Company 1") and VS Investments Private Limited ("Transferor Company 2") and Sundaram-Clayton DCD Limited ("Resulting Company") subject to necessary approvals of shareholders, creditors, SEBI, Stock Exchanges, National Company Law Tribunal, Chennai, (NCLT), other governmental authorities and third parties as may be required.

During the year under review, NSE and BSE by their respective letter dated July 29, 2022, issued to the Company have conveyed their "No Objection" on the Scheme, and based on their No Objection, the Company filed an application with Hon'ble National Company Law Tribunal, Chennai Bench, ("Hon'ble NCLT") for approval of the Scheme.

Hon'ble NCLT vide their Order dated November 9, 2022, directed to convene the meetings of the Equity Shareholders, Unsecured Creditors of the Company, and Secured Creditors of Transferor Company 2, on December 16, 2022 ("NCLT Convened Meeting") for their approval. Pursuant to the directions of Hon'ble NCLT, the NCLT Convened Meetings were held, and the resolutions were passed with requisite majority. Post the approval of the shareholders and creditors, the Company filed a petition with Hon'ble NCLT, and the Composite Scheme was sanctioned vide its Order dated March 6, 2023.

The Board at its meeting held on March 13, 2023, noted the Hon'ble NCLT's Order and the first part of the Scheme was made effective on March 14, 2023. The Board also authorised the issuance of bonus NCRPS, by fixations of Record Date as March 24, 2023, for the purpose of determining the eligible shareholders of the Company.

The Company has made an application for seeking listing and trading approvals for the above NCRPS to the Stock Exchanges, and the Company has received the in-principle approval of NSE vide its letter dated April 27, 2023 and the approval from BSE is awaited. Further, the listing and trading approvals will be provided, subject to the relaxation granted by SEBI under sub-rule (7) of Rule 19 of Securities Contract (Regulation) Rules, 1957.

Opinion

We have audited the accompanying consolidated financial statements of Sundaram-Clayton Limited (hereinafter referred to as the 'Holding Company') and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), and its associates, which comprise the consolidated Balance Sheet as at 31st March, 2023, and the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act 2013, ('the Act') in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associates as at 31st March, 2023, the consolidated profit, the consolidated total comprehensive Income, consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the *Code of Ethics issued by Institute of Chartered Accountants of India (ICAI)*, together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of the most significant in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report:

S.No.	Key Audit Matter	Auditor's Response
1	<p>Carrying Value of Goodwill:</p> <p>The group has recognized a 'goodwill on consolidation' in its Consolidated Financial Statements, pursuant to a business combination.</p> <p>The goodwill has to be tested for impairment annually, which requires significant judgment on the part of the management in identifying and valuing the relevant Cash Generating Unit that contains goodwill.</p>	<p>Principal Audit Procedures</p> <p>Management has obtained a valuation of the Cash Generating Unit wherein valuers have arrived at a fair value, based on weighted average of the Discounted Cash Flow Method and Comparable Companies Multiples Method. We gained an understanding of the key assumptions used to forecast the cash flows and the discount rates applied Weighted Average Cost of Capital (WACC) as well as the Comparable Companies considered in arriving at the fair value.</p> <p>We consider that the management conclusions concerning the absence of impairment in the goodwill are adequately supported and consistent with the information currently available.</p>

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors and management are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report. Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors, for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 that gives a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income,

Consolidated Financial Statements of Sundaram-Clayton Limited

consolidated changes in equity and consolidated cash flows of the Group including its associates, in accordance with the Ind AS and other accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associates and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the respective consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and its associates are responsible for assessing the ability of each of the companies in the Group and its associates, to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and its associates or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and its associates, are responsible for overseeing the financial reporting process of each of the companies in the Group and its associates.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher, than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate

in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company, its subsidiary companies and its associates which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls;

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the companies in the Group and its associates, to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Group and its associates, to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation;
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the consolidated financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we

Consolidated Financial Statements of Sundaram-Clayton Limited

determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements / consolidated financial statements of 11 subsidiaries, whose financial statements reflect of total assets (before consolidation adjustments) of ₹ 41,841.67 crores as at 31 March 2023, total revenue (before consolidation adjustments) of ₹ 32,328.92 crores, total net profit after tax (before consolidation adjustments) of ₹ 1,587.78 crores, and the total comprehensive income (before consolidation adjustments) of ₹ 1,598.25 crores for year ended 31 March 2023, and total net cash outflows (before consolidation adjustments) of ₹ 443.01 crores for the year ended on that date, as considered in the consolidated annual financial statements. The consolidated annual financial statements also include the net loss (before consolidation adjustments) of ₹ 31.68 crores, and other comprehensive income (before consolidation adjustments) of ₹ 0.03 crores for the year ended 31 March 2023, as considered in the consolidated annual financial statements, in respect of 4 associates. These financial statements / consolidated financial statements have been audited by other auditors whose independent auditors' reports on financial statements have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associates and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

The accompanying Consolidated Financial Statements include unaudited financial statements and other unaudited financial information in respect of 16 subsidiaries, whose financial statements and other financial information reflect total assets of ₹ 1,797.45 crore as at March 31, 2023, and total revenues of ₹ 680.90 crores and total net loss after tax (before consolidation adjustments) of ₹ 330.07 crores for the year ended March 31, 2023. Our opinion, in so far as it relates amounts and disclosures included in respect of these subsidiaries and associates, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, joint ventures and associates, is based solely on such unaudited financial statements and other unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements and other financial information are not material to the Group.

The subsidiaries and associates located outside India whose financial information and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries. The Holding Company's Management has

converted these financial information from accounting principles generally accepted in their respective countries, to Indian accounting standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 and other accounting principles generally accepted in India. We have reviewed these conversion adjustments made by the Holding Company's Management. Our conclusion in so far as it relates to such subsidiaries and associates located outside India, is based on the conversion adjustments prepared by the Holding Company's Management and reviewed by us.

Our opinion on the consolidated annual financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Sundaram-Clayton Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31st March 2023, we have audited the internal financial controls over financial reporting of Sundaram-Clayton Limited (hereinafter referred to as the 'Holding Company') and its subsidiaries and its associate companies which are incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Boards of Directors of the Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the

Consolidated Financial Statements of Sundaram-Clayton Limited

design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI") and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the company, its subsidiaries and its associate companies, which are companies incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in

accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the Company; and

- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company its subsidiary companies and its associate companies which are incorporated in India, have, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2023, based on internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by Institute of Chartered Accountants of India.

Other matters

Our aforesaid report under Section 143 (3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to its subsidiary companies and associate companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

* During the financial year 21-22, the Company had sold equity shares representing 7.14% stake in its subsidiary, TVS Motor Company Limited, resulting in a gain of ₹ 2,094.43 crores. As per Ind AS 110 - Consolidated Financial Statements, the changes in ownership interest in a subsidiary that do not result in the parent losing control of the subsidiary are equity transactions (i.e. transactions with owners in their capacity as owners). Accordingly, the gain arising out of the above transactions over and above the relative interest in the subsidiary on the date of sale is recognised directly in retained earnings within equity.

Nature and purpose of reserves:

Security premium reserve: This consist of premium realised on issue of shares and will be applicable / utilised in accordance with the provisions of the Companies Act, 2013.

General reserve: General reserve is part of retained earnings. This is available for distribution to shareholders as dividend and capitalisation.

Consolidated Financial Statements of Sundaram-Clayton Limited

1 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies mentioned herein are relating to the Consolidated financial statements of Sundaram-Clayton Limited and its subsidiaries and associates.

a) Brief description of the Company

Sundaram-Clayton Limited ('the Company') is a public limited company incorporated in India whose shares are publicly traded. The registered office is located at "Chaitanya", 12, Khader Nawaz Khan Road, Nungambakkam Chennai - 600 006, Tamil Nadu, India. The Company together with its subsidiaries and associates (collectively referred to as the "Group") operate in a wide range of activities such as manufacturing of automotive vehicles, automotive components, spare parts & accessories thereof, housing development and financial services.

b) Basis of preparation

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

The Company's financial statements have been prepared on a going concern basis.

The financial statement has been prepared on the historical cost convention under accrual basis of accounting except for certain assets and liabilities (as per the accounting policy below), which have been measured at fair value. These financial statements for the year ended 31st March 2023 have been approved and authorised for issue by the Board of Directors at its meeting held on 5th May 2023.

Principles of consolidation

Business Combination:

Acquisitions of subsidiaries and businesses are accounted for using the acquisition method. Acquisition related costs are recognised in profit or loss as incurred. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition are recognised at their fair value at the acquisition date, except certain assets and liabilities that are required to be measured as per the applicable standard.

Purchase consideration in excess of the Company's interest in the acquiree's net fair value of identifiable assets, liabilities and contingent liabilities is recognized as goodwill. Excess of the Company's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the purchase consideration is recognised, after reassessment of fair value of net assets acquired, in the Capital Reserve.

Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together, items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests (if any) in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet, respectively.

Associates

Associates are all entities over which the Group has significant influence but not control or joint control. (This is generally the case where the Group holds between 20% and 50% of the voting rights). Investments in associates are accounted for using the equity method of accounting after initially being recognised at cost.

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in profit and loss and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Consolidated Financial Statements of Sundaram-Clayton Limited

SIGNIFICANT ACCOUNTING POLICIES - (continued)

Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

c) Use of estimates

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. The management believes that these estimates and assumptions are reasonable and prudent. However, actual results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in the current and future period. The estimates and underlying assumptions are reviewed on an ongoing basis.

This note provides an overview of the areas that involved a higher degree of judgment or complexity. It also provides an overview of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in the relevant notes together with the information about the basis of calculation for each affected line item in the financial statements.

d) Significant estimates and judgments

The areas involving significant estimates or judgments are:

- i) Estimation of fair value of unlisted securities - (Refer Note 33 (iii))
- ii) Estimation of defined benefit obligation - (Refer Note 38)
- iii) Estimation of useful life of Property, Plant and Equipment and Intangible Assets - (Refer Note 1(i) and 1(k))
- iv) Estimation of impairment of goodwill - (Refer Note 44)
- v) Estimation of Expected Credit Loss on Loans from financing receivable from financing activity & Trade receivables - [Refer Note 35 & 34(A)]
- vi) Estimation of product warranty - (Refer Note 17)

e) Cost Recognition

Costs and expenses are recognised when incurred and are classified according to their nature. Expenditure are capitalized where appropriate, in accordance with the policy for internally generated intangible assets and represents employee costs, stores and other manufacturing supplies, and other expenses incurred for construction and product development undertaken by the Group.

f) Revenue recognition

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Group as part of the contract.

i) Sale of automotive vehicles, parts and automotive components:

Revenue from sale of products is recognised when significant risk and rewards of ownership pass to the customers, as per the terms of the contract and it is probable that the economic benefits associated with the transaction will flow to the Group.

ii) Sale of Services:

Revenue from Services is recognised in the accounting period in which the services are rendered and when invoices are raised.

iii) Revenue from Financing:

- Interest income for loans (other than Purchase of Originally Credit Impaired (POCI) is recognised using the Effective Interest Rate (EIR) method.
- For financial assets that are not "POCI" but have subsequently become credit-impaired (or 'stage-3'), for which interest revenue is calculated by applying the effective interest rate to their amortised cost (i.e. net of the expected credit loss provision).
- Income in the nature of overdue interest and bounce charges are recognized on realization, due to uncertainty of collection.

iv) Significant judgements:

There are no significant judgements made by the Group in determining the timing of satisfaction of performance obligation. It is determined as per the terms of the contract. In case of multiple performance obligations, the Group uses the adjusted market

Consolidated Financial Statements of Sundaram-Clayton Limited

SIGNIFICANT ACCOUNTING POLICIES - (continued)

assessment approach to allocate the transaction price between multiple performance obligations. If a discount is granted, the same is adjusted against the transaction price of the contract.

g) Dividend:

Any dividend declared by Company is based on the profits available for distribution as reported in the statutory Standalone financial statements. Indian law permits the declaration and payment of dividend out of profits for the year or previous financial year(s) as stated in the statutory Standalone financial statements after providing for depreciation as per the Companies Act, 2013.

However, in the absence or inadequacy of the said profits, it may declare dividend out of free reserves, subject to certain conditions as prescribed under the Companies (Declaration and Payment of Dividend) Rules, 2014.

h) Property, Plant and Equipment

Freehold Land is stated at historical cost. All other items of Property, Plant and Equipment are stated at cost of acquisition / construction less accumulated depreciation / amortization and impairment, if any. Cost includes:

- i) purchase price,
- ii) taxes and duties,
- iii) labour cost, and
- iv) Directly attributable overheads incurred up to the date the asset is ready for its intended use.
- v) Government grants that are directly attributable to the assets acquired.

However, cost excludes GST, to the extent credit of the duty or tax is availed of.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is derecognized when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Government grants relating to the purchase of property, plant and equipment are capitalized and included as cost to fixed assets.

Gains or losses on disposals are determined by comparing proceeds with the carrying amount. These are included in the Statement of Profit and Loss within Other gains / (losses).

i) Depreciation

i) Depreciation on tangible fixed assets is charged over the estimated useful life of the asset or part of the asset (after considering double / triple shifts) as evaluated by a Chartered Engineer, on straight line method and in accordance with Ind AS 16, taking into consideration both usage, useful life and legal limitations on the use of assets, on straight line method, in accordance with Part A of Schedule II to the Companies Act, 2013. Depreciation is adjusted for the proportionate usage with reference to the asset's expected capacity or physical output during the reporting period

ii) The estimated useful life of the tangible fixed assets as assessed by the Chartered Engineer and followed by the Group is furnished below:

Description	Years
Factory building and other buildings	5 to 64
Plant and Equipment	4 to 21
Electrical Equipment	15
Furniture and Fixtures	4 to 10
Computers	3 to 4
Mobile phones	1 to 2
Vehicles	5 to 6

iii) Tools and dies used for two wheelers are depreciated based on quantity of components manufactured and the life of tools and dies, subject to a maximum of 5 years. Tools and dies used for three wheeler operations are depreciated over a period of 9 years.

iv) The residual value for all the above assets are retained at 5% of the cost except for Mobile phones for which nil residual value is considered. Residual values and useful lives are reviewed, and adjusted, if appropriate, for each reporting period.

Consolidated Financial Statements of Sundaram-Clayton Limited

SIGNIFICANT ACCOUNTING POLICIES - (continued)

- v) On tangible fixed assets added / disposed off during the year, depreciation is charged on pro-rata basis for the period for which the asset was purchased and used.
- vi) Depreciation in respect of tangible assets costing individually less than ₹ 5,000/- is provided at 100%.

j) Investment properties

Property that is held for long term rental yields or for capital appreciation or both, and that is not occupied by the Group is classified as investment property. Investment Property is measured initially at its cost and including related transaction cost where applicable, borrowing cost. Subsequent expenditure is capitalized to the assets carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Group and the cost of the item is measured reliably.

k) Intangible assets

Goodwill

Goodwill on acquisition of business is included in intangible assets. Goodwill is not amortized but is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired and is carried at cost less accumulated impairment losses.

Goodwill is allocated to the cash generating units for the purpose of impairment testing. The allocation is made to those cash generating units or group of cash generating units that are expected to benefit from the business combination in which the goodwill arose. The units or group of units are identified at the lowest level at which goodwill is monitored for internal management purposes, which in our case are the cash generating units.

Other intangible assets

Intangible assets acquired separately:

Intangible assets with finite useful lives that are acquired separately and the estimated useful life is more than one year, is capitalised and carried at cost less accumulated amortisation and accumulated impairment losses.

Internally-generated intangible assets - research and development expenditure:

Expenditure on research activities is recognised as an expense in the period in which it is incurred. An internally generated intangible asset arising from development phase of internal project is recognised, if and only if, the conditions under the Ind AS 34 - Intangible Asset, are fulfilled. If the conditions are not fulfilled the same is recognised in profit and loss in the period in which it is incurred.

The intangible assets are amortised on straight line basis over its useful life, viz., 2 years in the case of software, 8 years in case of acquired brands and trade marks and 6 to 10 years in the case of Design, Development and Technical knowhow.

l) Loans (receivable from financing activity)

The Loans (receivable from financing activity) are stated the contract value plus transaction costs less origination income that are directly attributable to the acquisition of the loan. Interest income is recognised using the Effective Interest Rate (EIR) method. Loans are stated at carrying value less impairment loss.

m) Impairment

At each balance sheet date, the Group assesses whether there is any indication that any property, plant and equipment and intangible assets may be impaired. If any such impairment exists the recoverable amount of an asset is estimated to determine the extent of impairment, if any. Where it is not possible to estimate the recoverable amount of an individual asset, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).

The group estimates the recoverable amount of the cash-generating unit (CGU's) to which the asset belongs/or the individual and property, plant and equipment and intangible assets.

When necessary, the entire carrying amount of the Equity accounted investments is tested for impairment as a single asset by comparing its recoverable amount with its carrying amount.

An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's/CGU's fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the

Consolidated Financial Statements of Sundaram-Clayton Limited

SIGNIFICANT ACCOUNTING POLICIES - (continued)

time value of money and the risks specific to the asset (or cash generating unit) for which the estimates of future cash flows have not been adjusted.

Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

n) Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). i.e. in Indian rupees (INR) and all values are rounded off to nearest crores except where otherwise indicated.

(ii) Transactions and balances

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of transaction.

- (a) Foreign currency monetary assets and liabilities such as cash, receivables, payables, etc., are translated at year end exchange rates.
- (b) Non-monetary items denominated in foreign currency such as investments, fixed assets, etc., are valued at the exchange rate prevailing on the date of transaction.
- (c) Exchange differences arising on settlement of transactions and translation of monetary items are recognised as income or expense in the year in which they arise.

(iii) Group companies

The results and financial position of foreign operations (none of which has the currency of a hyper inflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- a) assets and liabilities are translated at the closing rate at the date of that balance sheet
- b) income and expenses are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions), and
- c) all resulting exchange differences are recognised in other comprehensive income.

o) Hedge accounting

Derivatives are initially recognized at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged. The Group designates certain derivatives as either:

- hedges of the fair value of recognized assets or liabilities or a firm commitment (fair value hedges)
- hedges of a particular risk associated with the cash flows of recognized assets and liabilities and highly probable forecast transactions (cash flow hedges), or
- hedges of a net investment in a foreign operation (net investment hedges).

The Group documents at the inception of the hedging transaction the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions. The Group also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions have been and will continue to be highly effective in offsetting changes in fair values or cash flows of hedged items.

The fair values of various derivative financial instruments used for hedging purposes are disclosed in Note 33. The full fair value of a hedging derivative is classified as a non-current asset or liability when the remaining maturity of the hedged item is more than 12 months; it is classified as a current asset or liability when the remaining maturity of the hedged item is less than 12 months.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in the other comprehensive income in cash flow hedging reserve within equity, limited to the cumulative change in fair value of the hedged item on a present value basis from the inception of the hedge. The gain or loss relating to the ineffective portion is recognized immediately in the Statement of Profit and Loss, within other gains / (losses).

Consolidated Financial Statements of Sundaram-Clayton Limited

SIGNIFICANT ACCOUNTING POLICIES - (continued)

When forward contracts are used to hedge forecast transactions, the Group generally designates only the change in fair value of the forward contract related to the spot component as the hedging instrument. Gains or losses relating to the effective portion of the change in the spot component of the forward contracts are recognized in other comprehensive income in cash flow hedging reserve within equity. In some cases, the entity may designate the full change in fair value of the forward contract (including forward points) as the hedging instrument. In such cases, the gains and losses relating to the effective portion of the change in fair value of the entire forward contract are recognized in the cash flow hedging reserve within equity.

Amounts accumulated in equity are reclassified to profit or loss in the periods when the hedged item affects the Statement of Profit and Loss (for example, when the forecast sale that is hedged takes place).

When a hedging instrument expires, or is sold or terminated, or when a hedge no longer meets the criteria for hedge accounting, any cumulative deferred gain or loss and deferred costs of hedging in equity at that time remains in equity until the forecast transaction occurs. When the forecast transaction is no longer expected to occur, the cumulative gain or loss and deferred costs of hedging that were reported in equity are immediately reclassified to the Statement of Profit and Loss within other gains / (losses).

p) Inventories

Inventories are valued at the lower of cost and net realizable value.

- i. Cost of raw materials, components, stores, spares, work-in-process and finished goods are determined on a moving average basis.
- ii. Cost of finished goods and work-in-process comprises of direct materials, direct labour and an applicable proportion of variable and fixed overhead expenditure, fixed overhead expenditure absorbed on the basis of normal operating capacity.
- iii. Costs are assigned to individual items of inventory on the basis of weighted average costs. Costs of purchased inventory are determined after deducting rebates and discounts. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.
- iv. Materials and supplies held for use in production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost. Slow and non-moving material, obsolescence, defective inventories are duly provided for.

Land held for development/sale by the real estate subsidiary is valued at the lower of cost and net realizable value. Cost includes cost of acquisition and all related costs.

q) Employee benefits

i) Short term obligations:

Short term obligations are those that are expected to be settled fully within 12 months after the end of the reporting period. They are recognized up to the end of the reporting period at the amounts expected to be paid at the time of settlement.

ii) Other long term employee benefit obligations:

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are, therefore, recognized and provided for at the present value of the expected future payments to be made in respect of services provided by employee upto the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognized in Other Comprehensive Income.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for atleast twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

iii) Post-employment obligation:

The Group operates the following post-employment schemes:

- a) Defined benefit plans such as gratuity for its eligible employees, pension plan for eligible senior managers; and
- b) Defined contribution plan such as provident fund.

Consolidated Financial Statements of Sundaram-Clayton Limited

SIGNIFICANT ACCOUNTING POLICIES - (continued)

a) Pension and gratuity obligation:

The liability or asset recognized in the balance sheet in respect of defined benefit pension and gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income (net of deferred tax). They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in the Statement of Profit and Loss as past service cost.

b) Provident fund:

The eligible employees of the Group are entitled to receive benefits in respect of provident fund, a defined contribution plan, in which both employees and the Group make monthly contributions at a specified percentage of the covered employees' salary. The provident fund contributions are made to an irrevocable trust set up by the Group. The Group is generally liable for annual contributions and any shortfall in the fund assets based on the Government specified minimum rates of return and recognizes such contributions and shortfall, if any, as an expense in the year in which it is incurred.

iv) Bonus plans:

The Group recognizes a liability and an expense for bonus. The Group recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

r) Taxes on income

Tax expense comprises of (i) current tax and (ii) deferred tax.

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions, where appropriate, on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

Where the Group is entitled to claim special tax deductions for investments in qualifying assets or in relation to qualifying expenditure (the Research and Development or other investment allowances), the Group accounts for such allowances as tax credits, which means that the allowance reduce income tax payable and current tax expense. A deferred tax asset is recognized for unclaimed tax credits that are carried forward as deferred tax assets.

Consolidated Financial Statements of Sundaram-Clayton Limited

SIGNIFICANT ACCOUNTING POLICIES - (continued)

s) Government Grants

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants receivable as compensation for expenses or financial support are recognized in profit or loss of the period in which it becomes available.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

In case of waiver of duty under EPCG licence, such grant is considered as revenue grant and recognized in "Other Income" on completion of export obligation as approved by Regulatory Authorities.

t) Provisions and contingent liabilities

i) Provision:

A provision is recorded when the Group has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated. The estimated liability for product warranties is accounted based on technical evaluation, when the products are sold.

Provisions are evaluated at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expenses.

ii) Contingent liabilities:

Wherever there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because (a) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or (b) the amount of the obligation cannot be measured with sufficient reliability are considered as contingent liability. Show cause notices are not considered as Contingent Liabilities unless converted into demand.

u) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The group has identified the following business segments as reportable segments, (on the basis of products and production process) viz., (1) Automotive vehicles and parts, (2) Automotive components (3) Financial Services and (4) Others

v) Leases

Leases are recognized as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company. Contracts may contain both lease and non-lease components. The Company allocates the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices. However, for leases of real estate for which the Company is a lessee, it has elected not to separate lease and non-lease components and instead accounts for these as a single lease component.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable
- variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date
- amounts expected to be payable by the Company under residual value guarantees
- the exercise price of a purchase option if the Company is reasonably certain to exercise that option, and
- payments of penalties for terminating the lease, if the lease term reflects the Company exercising that option

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would

Consolidated Financial Statements of Sundaram-Clayton Limited

SIGNIFICANT ACCOUNTING POLICIES - (continued)

have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Company:

- where possible, uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received
- uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk for leases held by the Company which does not have recent third party financing, and
- makes adjustments specific to the lease, e.g. term, country, currency and security.

The Company is exposed to potential future increases in variable lease payments based on an index or rate, which are not included in the lease liability until they take effect. When adjustments to lease payments based on an index or rate take effect, the lease liability is reassessed and adjusted against the right-of-use asset.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Variable lease payments that depend on sales are recognized in profit and loss in the period in which the condition that triggers those payments occurs.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- Restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

Payments associated with short-term leases of equipment and all leases of low-value assets are recognized on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise IT equipment and small items of office furniture.

w) Cash and Cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

x) Trade receivables

Trade receivables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest rate method, less provision for impairment.

y) Contract Liabilities

A contract liability is the obligation to transfer goods to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognized when the consideration is received. Contract liabilities are recognized as revenue when the Company performs under the contract.

z) Investments and Other financial assets

i) Classification

The Group classifies its financial assets in the following categories:

- Those to be measured subsequently at fair value (either through other comprehensive income, or through statement of profit and loss), and
- Those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flow.

Consolidated Financial Statements of Sundaram-Clayton Limited

SIGNIFICANT ACCOUNTING POLICIES - (continued)

ii) Measurement

At initial recognition, the Group measures a financial asset at its fair value plus (in the case of a financial asset not a fair value through profit or loss) transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

A) Debt Instruments:

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the Group classifies its debt instruments.

i) Amortised Cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on debt instrument that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in the Statement of Profit and Loss when the asset is de-recognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

ii) Fair Value through profit or loss:

Assets that do not meet the criteria for amortized cost or Fair Value through Other Comprehensive Income (FVOCI) are measured at Fair Value Through Profit or Loss (FVTPL). A gain or loss on a debt instrument that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognized in profit or loss and presented in the statement of profit and loss within other gains / (losses) in the period in which it arises. Interest income from these financial assets is included in other income.

B) Equity instruments:

The Group subsequently measures all investments in equity (except of the subsidiaries/associates) at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there will be no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognized in the Statement of Profit and Loss as other income when the Group's right to receive payments is established.

Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately. Where the Group elects to measure fair value through profit and loss, changes in the fair value of such financial assets are recognized in the statement of profit and loss.

iii) Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been significant increase in credit risk. Note 34(A) and Note 35 details how the Group determines whether there has been a significant increase in credit risk.

For trade receivables, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected credit losses to be recognized from initial recognition of the receivables.

For loans given by financial enterprise the impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 35 details how the Group determines whether there has been a significant increase in credit risk.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

iv) Derecognition of financial assets

A financial asset is derecognised only when:

- a) the Group has transferred the rights to receive cash flows from the financial asset or
- b) The Group retains the contractual rights to receive the cash flows of the financial asset, but expects a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Consolidated Financial Statements of Sundaram-Clayton Limited

SIGNIFICANT ACCOUNTING POLICIES - (continued)

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised, if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

v) Income recognition

Interest income:

Interest income from debt instruments is recognized using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

Dividend income:

Dividends are recognized in statement of profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of dividend can be reliably measured.

aa) Borrowings

Borrowings are initially recognized at fair value, net of transaction cost incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction cost) and the redemption amount is recognized in the Statement of Profit and Loss over the period of the borrowings, using the effective interest rate method. Fees paid on the established loan facilities are recognized as transaction cost of the loan, to the extent that it is probable that some or all the facility will be drawn down.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in the Statement of Profit and Loss as other gain / (loss).

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for over or atleast 12 months after the reporting period.

ab) Current and Non-current classification

The Group presents assets and liabilities in the balance sheet based on current / non-current classification.

Cash or cash equivalent is treated as current, unless restricted from being exchanged or used to settle a liability for atleast twelve months after the reporting period. In respect of other assets, it is treated as current when it is:

- expected to be realized or intended to be sold or consumed in the normal operating cycle
- held primarily for the purpose of trading
- expected to be realized within twelve months after the reporting period

All other assets are classified as non-current.

A liability is treated as current when:

- it is expected to be settled in the normal operating cycle
- it is held primarily for the purpose of trading
- it is due to be settled within twelve months after the reporting period, or
- there is no unconditional right to defer the settlement of the liability for atleast twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Consolidated Financial Statements of Sundaram-Clayton Limited

SIGNIFICANT ACCOUNTING POLICIES - (continued)

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. In Group's considered view, twelve months is its operating cycle for all entities within the Group other than real estate.

The normal operating cycle in respect of operation relating to real estate project depends on signing of agreement, size of the project, phasing of the project, type of development, project complexities, approvals needed and realization of project into cash and cash equivalents and range from 3 to 7 years. Accordingly, assets and liabilities have been classified into current and non-current based on operating cycle.

ac) Borrowing cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

ad) Earnings Per Share (EPS)

Basic earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year / period.

Diluted earnings per share is computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

33 FAIR VALUE MEASUREMENTS - (continued)

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, preference shares and other non current investments included in level 3.

There are no transfers between levels 1 and 2 during the year.

(ii) Valuation technique used to determine fair value (Level 2)

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of interest rate swaps is calculated as the present value of estimated cash flows based on observable yield curves.
- the fair value of forward exchange contract and principle only swap is determined using forward exchange rate at the balance sheet date.
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

(iii) Fair value measurement using significant unobservable inputs (Level 3)

Debt Instrument	49.12	-	a) Earnings growth rate	1-3%	1-3%
			b) Risk adjusted discount rate	8%	8%

* Sensitivity is not significant.

(v) Valuation processes

Discount rates are determined using a capital asset pricing model to calculate a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the asset. Earnings growth factor of preference shares are based on cash flow projections of future earnings of the Company and unlisted equity securities are estimated based on market information for similar types of companies.

Risk adjustments have been derived based on the market risk premium adjusted for companies relevant financial data.

(vi) Fair value of financial assets and liabilities measured at amortised cost

Particulars	31-Mar-23		31-Mar-22	
	Carrying amount	Fair value	Carrying amount	Fair value

Total financial liabilities	25,013.00	25,013.00	16,029.92	16,029.92

The carrying amounts of trade receivables, trade payables, cash and cash equivalents and other current financial assets and liabilities are considered to be the same as their fair values, due to their short-term nature.

The fair values for Preference shares and other debt instruments were calculated based on cash flows discounted using a current lending rate, which approximates the carrying value. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs, including counterparty credit risk.

The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate, which approximates the carrying value. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including own credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

34 FINANCIAL RISK MANAGEMENT

The group's activities expose it to market risk, liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements.

Risk	Exposure arising from	Risk Parameters and Mitigation
Market Risk - Foreign exchange		i) The Group operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions. ii) Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Group's functional currency (INR). iii) The risk is measured through a forecast of highly probable foreign currency cash flows. The Group has a forex management policy which is duly approved by the Board. iv) The objective of the hedges when taken is to minimise the volatility of the INR cash flows of highly probable forecast transactions.
Market Risk - Interest rate	Foreign currency denominated borrowings	i) The Group's main interest rate risk arises from long-term borrowings with variable rates, which expose the Group to cash flow interest rate risk. ii) Group's policy is to maintain most of its borrowings at fixed rate using interest rate swaps to achieve this when necessary. iii) The Group's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.
Market Risk - Foreign Currency	Export trade receivables and Import Payables	i) The Group has a forex management policy duly approved by the Board. The Group's policy is to hedge most of its net currency exposure. ii) Group reviews the forex exposure on a regular basis and also reports its adherence to the Board on a quarterly basis. The recording and reporting requirements under are strictly adhered.
Market Risk - Foreign Currency	Foreign currency denominated borrowings	The Group has hedged its borrowings by covering the principal repayments.
Liquidity Risk	INR denominated borrowings [Other than soft loans given by Govt. Authorities)	i) The Group's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans. ii) The Group prepares a detailed annual operating plans to assess the fund requirements - both short term and long term. iii) Detailed month wise cash flow forecast is also carried out along with required sensitivities. Based on these factors adequate working capital credit limits are organised in advance. iv) Group has pre-approved credit lines with various banks and these are constantly reviewed and approved by the Board. v) For long term fund requirements, Group targets various options such as rupee term loan, external commercial borrowing, debentures etc. vi) The Group obtains a credit rating for the various borrowing facilities on annual basis. Group constantly monitors the free cash flow from operations to ensure that the borrowing is minimized.
Credit Risk		i) Credit risk primarily arises from cash and cash equivalents, trade receivables and investments carried at amortised cost. ii) The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. iii) To assess whether there is a significant increase in credit risk the Group compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. iv) It considers available reasonable and supportive forwarding-looking information (more specifically described below) . In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 30 days past due. v) A default on a financial asset is when the counterparty fails to make contractual payments within 60 days of when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

Risk	Exposure arising from	Risk Parameters and Mitigation
	a. Cash and Cash Equivalents	Surplus cash is deposited only with banks / financial institutions with a high external credit rating
	b. Domestic Trade Receivables	i) Domestic sales to the Dealers are based on advance payments received through banking channels or through inventory funding facilities availed by them from the banks. ii) The Group extends limited credit to the dealers and such extension of credit is based on dealers' credit worthiness, ability to repay and past track record. iii) The Group has extensive reporting systems and review to constantly monitor the outstandings. The Group's export business is mostly based on Letters of credit. Export receivables are also covered through Insurance with Export Credit Guarantee Corporation of India Limited.
	c. Export Trade Receivables	The Group's export business is mostly based on Letters of credit. Export receivables are also covered through Insurance with Export Credit Guarantee Corporation of India Limited.

(A) Credit risk (Except Loans from Financing Activity covered under Note No. 35)

Basis of recognition of expected credit loss provision					
Rating	Category	Description of category	Investments	Loans and deposits	Trade receivables
1	High Quality assets, negligible credit risk	Assets where the counter-party has strong capacity to meet the obligations and where the risk of default is negligible or nil.	12 month expected credit losses		Life time expected credit losses (simplified approach)
2	Quality assets, low credit risk	Assets where there is low risk of default and where the counter-party has sufficient capacity to meet the obligations and where there has been low frequency of defaults in the past.			
3	Standard Assets, moderate credit risk	Assets where the probability of default is considered moderate and where the counter-party's capacity to meet the obligations is not strong.			
4	Substandard Assets, relatively high credit risk	Assets where there has been a significant increase in credit risk since initial recognition.	Life time expected credit losses		
5	Low quality assets, very high credit risk	Assets where there is a high probability of default. Also includes assets where the credit risk of counter-party has increased significantly though payments may not be more than 180 days past due.			
6	Doubtful assets, credit impaired	Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or failing to engage in a repayment plan with the group. Where loans or receivables have been written off, the group continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in statement of profit and loss.	Asset is written off

Decrease in interest rates by 100 bps	76.57	51.31

iii) Price risk

The Group's exposure to equity securities price risk arises from investments held by the group and classified in the balance sheet either as fair value through OCI or at fair value through statement of profit and loss. To manage its price risk from investments in equity securities, the Group diversifies its portfolio. The impact of the changes in price risk is not material.

35 FINANCIAL RISK MANAGEMENT RELATING TO LOANS RECEIVABLE FROM FINANCING ACTIVITY

Credit Risk

Credit Risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The exposure is continuously monitored to determine significant increase in credit risk. The Company monitors the credit assessment on a portfolio basis, assesses all credit exposures in excess of designated limits. The Company does a risk grading based upon the credit worthiness of the borrowers. All these factors are taken into consideration for computation of ECL.

Other financial assets

Credit risk with respect to other financial assets are extremely low. Based on the credit assessment the historical trend of low default is expected to continue. No provision for Expected Credit Loss (ECL) has been created for Other financial Assets.

Loans

The following table sets out information about credit quality of retail loan assets measured at amortised cost based on number of days past due information. The amount represents gross carrying amount.

Particulars	As at 31-03-2023	As at 31-03-2022
Gross carrying value of loan assets:		
Stage-1 (less than 30 days)	19,693.40	12,778.25
Stage-2 (30-90 days) #	989.54	1,097.14
Stage-3 (more than 90 days)*	573.71	528.98
Total gross carrying value on reporting date	21,256.65	14,404.37

Includes restructured contracts under one time resolution framework vide RBI circular dated August 6, 2020 and RBI/2 021- 22/31/ DOR.STR.REC.11 /21.04.048/2021-22 dated 5 May 2021 irrespective of days past due on the reporting date.

* Includes restructured contracts under Prudential Framework for Resolution of Stressed Assets vide circular RBI/2018-19/203 DBR.No.BP.BC.45/21.04.048/2018-19 dated 7th June 2019 irrespective of days past due on the reporting date.

Credit Quality

Financial services business has a comprehensive framework for monitoring credit quality of its retail and other loans based on days past due monitoring. Repayment by individual customers and portfolio is tracked regularly and required steps for recovery is taken through follow ups and legal recourse.

Inputs considered in the ECL model

In assessing the impairment of loans assets under Expected Credit Loss (ECL) Model, the loan assets have been segmented into three stages.

The three stages reflect the general pattern of credit deterioration of a financial instrument. The differences in accounting between stages relate to the recognition of expected credit losses and the calculation and presentation of interest revenue.

The Company categorises loan assets into stages based on the days past due status:

- Stage 1: 30 days past due
- Stage 2: 31-90 days past due
- Stage 3: more than 90 days past due

Assumptions considered in the ECL model

The financial services business has made the following assumptions in the ECL Model:

- "Loss given default" (LGD) is common for all three stages and is based on loss in past portfolio. Actual cash flows are discounted with average rate for arriving loss rate. Effective Interest Rate (EIR) has been taken as discount rate for all loans.

Consolidated Financial Statements of Sundaram-Clayton Limited

Notes to Financial Statements - (continued)

(Rupees in crores)

35 FINANCIAL RISK MANAGEMENT RELATING TO LOANS RECEIVABLE FROM FINANCING ACTIVITY - (continued)

Estimation Technique

The financial services business has applied the following estimation technique in its ECL model:

- "Probability of default" (PD) is applied on Stage 1 and Stage 2 on portfolio basis and for Stage 3 PD is 100%.
- Probability of default for Stage 1 loan assets is calculated as average of historical trend from Stage 1 to Stage 3 in next 12 months.
- Probability of default for Stage 2 loan assets is calculated based on the lifetime PD as average of historical trend from Stage 2 to Stage 3 for the remaining tenor.
- Loss given default is calculated based on discounted actual cash flow on past portfolio in default along with reversals.

The Company considers a broad range of forward looking information with reference to external forecasts of economic parameters such as GDP growth, government borrowing, private consumption expenditure, policy interest rates, etc., as considered relevant so as to determine the impact of macroeconomic factors on the Company's ECL estimates. The internal estimates of PD, LGD rates used in the ECL model may not always capture all the characteristics of the market / external environment as at the date of the financial statements. To reflect this, qualitative adjustments or overlays are made as temporary adjustments to reflect the emerging risks reasonably.

Assessment of significant increase in credit risk

When determining whether the risk of default has increased significantly since initial recognition, the financial services business considers both quantitative and qualitative information and analyses based on the business historical experience, including forward-looking information. The financial services business considers reasonable and supportable information that is relevant and available without undue cost and effort.

The financial services business uses the number of days past due to classify a financial instrument in low credit risk category and to determine significant increase in credit risk in retail. As a backstop, the financial services business considers that a significant increase in credit risk occurs no later than when an asset is more than 30 days past due.

In accordance with the board approved moratorium policy read with the Reserve Bank of India (RBI) guidelines dated March 27, 2020 and April 17, 2020 relating to 'CoVID-19 – Regulatory Package', the Company has offered moratorium upto six months on the payment of installments falling due between March 1, 2020 and August 31, 2020 to all eligible borrowers. The Company has extended One-Time Resolution framework as for CoVID-19-related Stress to eligible customers as per applicable RBI guidelines and as per the policy of the Company. The Company has classified all restructured accounts done under Prudential Framework for Resolution of Stressed Assets vide circular RBI/2018-19/203 DBR.No.BP.BC.45/21.04.048/2018-19 dated 7th June 2019 in Stage 3 and with regard to restructured contracts done under one time resolution framework vide RBI circular dated August 6, 2020 and RBI/2 021- 22/31/DOR.STR.REC.11 /21.04.048/2021-22 dated 5 May 2021 in Stage 2 irrespective of days past due status on the reporting date.

CoVID-19 (including second wave) has severe impact on global as well as domestic macro and micro economies, businesses and consumers. Due to this uncertainty, Company's assessments of impairment loss allowance on its loans are subject to a number of management judgements and estimates. Since the Company's impairment loss allowance estimates are inherently uncertain, actual results may differ from these estimates.

Definition of default

The definition of default used for internal credit risk management purposes is based on RBI Guidelines. Under Ind AS, financial asset to be in default when it is more than 90 days past due. The financial services business considers Loans under default as 'credit impaired' and classified as Stage-3 except for restructured contracts as disclosed above.

36 CAPITAL MANAGEMENT

(a) Risk management

The Group's objectives when managing capital are to

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Group monitors capital on the basis of the following gearing ratio:

Net debt (total borrowings net of cash and cash equivalents) divided by Total 'equity' (as shown in the balance sheet).

The group's strategy is to maintain an optimum gearing ratio. The gearing ratios were as follows:

(i) Post-Employment benefits

Certain companies in the group has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The Company has created an Employees' Group Gratuity Fund which has taken a Group Gratuity Assurance Scheme with the Life Insurance Corporation of India. Company's contributions are based on actuarial valuation arrived at the end of each year and charged to Statement of Profit and Loss .

Significant estimates: actuarial assumptions and sensitivity

The significant actuarial assumptions were as follows:

Details	Gratuity		Pension		Leave salary	
	March 31, 2023	March 31, 2022	March 31, 2023	March 31, 2022	March 31, 2023	March 31, 2022
Discount rate	6.76%	6.83%	6.53%	5.70%	6.73%	6.78%
Salary growth rate	6.63%	6.63%	6.63%	6.63%	6.63%	6.63%
Pre- Retirement Mortality rate	IALM (2006-08) Ultimate					
Post- Retirement Mortality rate	LIC Ann (1996-98)					
Attrition Rate	20%	20%	0%	0%	20%	20%

Assumptions regarding future mortality are set based on actuarial advice in accordance with published statistics and experience. These assumptions translate into an average life expectancy in years for a pensioner retiring at 58 years.

(ii) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Gratuity	Change in assumption		Impact on defined benefit obligation			
			Increase in assumption		Decrease in assumption	
Details	March 31, 2023	March 31, 2022	March 31, 2023	March 31, 2022	March 31, 2023	March 31, 2022
Discount rate	0.50%	0.50%	218.66	211.91	236.10	229.18
Salary growth rate	0.50%	0.50%	236.19	229.39	218.50	211.86
Mortality rate	5.00%	5.00%	227.11	220.29	227.03	220.22

Pension	Change in assumption		Impact on defined benefit obligation			
			Increase in assumption		Decrease in assumption	
Details	March 31, 2023	March 31, 2022	March 31, 2023	March 31, 2022	March 31, 2023	March 31, 2022
Discount rate	1.00%	1.00%	141.38	167.37	174.82	210.91
Salary growth rate	1.00%	1.00%	175.80	198.92	140.40	248.26
Mortality rate	5.00%	5.00%	155.42	185.24	157.98	189.15

Leave salary	Change in assumption		Impact on defined benefit obligation			
			Increase in assumption		Decrease in assumption	
Details	March 31, 2023	March 31, 2022	March 31, 2023	March 31, 2022	March 31, 2023	March 31, 2022
Discount rate	0.50%	0.50%	125.62	91.55	133.36	98.05
Salary growth rate	0.50%	0.50%	133.41	98.10	125.54	91.49
Mortality rate	5.00%	5.00%	129.37	94.67	129.35	94.68

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied when calculating the defined benefit liability recognised in the balance sheet.

(iii) Risk exposure

Through its defined benefit plans, The Group is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility: The plan liabilities are calculated using a discount rate set with reference to bond yields; if plan assets underperform this yield, this will create a deficit. Most of the plan asset investments is in fixed income securities with high grades and in government securities. These are subject to interest rate risk and the fund manages interest rate risk with derivatives to minimise risk to an acceptable level. A portion of the funds are invested in equity securities and in alternative investments which have low correlation with equity securities. The equity securities are expected to earn a return in excess of the discount rate and contribute to the plan deficit. The group has a risk management strategy where the aggregate amount of risk exposure on a portfolio level is maintained at a fixed range. Any deviations from the range are corrected by rebalancing the portfolio. The group intends to maintain the above investment mix in the continuing years.

38 AMOUNT RECOGNISED IN THE BALANCE SHEET AND THE MOVEMENTS IN THE NET DEFINED BENEFIT OBLIGATION / OTHER EMPLOYEE BENEFITS - (continued)

Changes in bond yield: A decrease in bond yields will increase plan liabilities, although this will be partially offset by an yields increase in the value of the plans' bond holdings

Inflation risks: In the pension plans, the pensions in payment are not linked to inflation, so this is a less material risk.

Life expectancy: The pension plan obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan liabilities. This is particularly significant where inflationary increases result in higher sensitivity to changes in life expectancy.

(iv) Defined contribution plans:

The Company's contribution to defined contribution plan i.e., provident fund of ₹ 75.54 crores (previous year ₹ 62.40 crores) has been recognised in the Statement of Profit and Loss.

Goodwill attributable to merger effected prior to Ind AS transition						3.28
Overall Goodwill recognised in the books						307.82

The goodwill is attributable to the expected synergies on acquisition of the financial services business and e-personal mobility business.

Goodwill is tested for impairment on an annual basis and whenever there is an indication that goodwill may be impaired, relying on a number of factors including operating results, business plans and future cash flows. For the purpose of impairment testing, goodwill acquired in a business is allocated to the Group's cash generating units (CGU) or groups of CGUs expected to benefit from the synergies arising from the business combination.

Total impairment loss of a CGU is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rate on the basis of carrying amount of each asset in CGU. An impairment loss on goodwill is recognized in net profit in the Consolidated Statement of Profit and Loss and is not reversed in the subsequent period.

Company assessed impairment of goodwill based on the expected earnings growth of the acquired business.

Revenue and profit contribution for year ended March 31, 2023.
