MANAGEMENT’S DISCUSSION AND ANALYSIS

1. OPERATING RESULTS

During the year under review, the Company’s Total Revenue is ₹5482.84 Thousands as compared to ₹3000.30 Thousands in the previous year. The Company incurred total expenses amounted to ₹3498.46 Thousands as compared to ₹3442.62 Thousands during the previous year. Profit after tax stood at ₹1987.88 Thousands as against Loss of ₹420.81 Thousands in the previous year.

2. INDUSTRY STRUCTURE AND DEVELOPMENTS

NBFCs have become important constituents of the financial sector and have been recording higher credit growth than scheduled commercial banks (SCBs) over the past few years. NBFCs are leveraging their superior understanding of regional dynamics and customised products and services to expedite financial inclusion in India. Lower transaction costs, quick decision making, customer orientation and prompt service standards have typically differentiated NBFCs from banks. Considering the reach and expanse of NBFCs, they are well-suited to bridge the financing gap in a large country like India.

Policy environment in the economy remained quite supportive through the financial year with Government continuing to focus on capital expenditure, unweaving of Production Linked Incentive (PLI) schemes, supporting people in the lower strata through schemes like the free food-grain programs and emergency credit line guarantee scheme (ECLGS) for Micro, Small and Medium Enterprises (MSMEs), etc. The RBI policy also maintained accommodative stance with rates being held steady through the year.

3. OPPORTUNITIES AND THREATS

NBFCs offer a wide range of financial products and services including personal loans, commercial vehicle finance, housing loans, infrastructure finance, gold loans, microfinance, money transfer, insurance, education funding, and many more customised finance solutions. The diversity of products and services offered enables them to focus on under-served populations of the economy, and create a niche market for themselves.

The geopolitical conflict in Europe which started in February 2022 has imparted a strong shock that threatens to overwhelm the global economy and its constituents. Negative externalities are already rippling through financial and commodity markets, the international trade and financial systems, supply chains and the global geopolitical order. Surging food and fuel prices, in particular, and shortages of essential items are impacting the disadvantaged adversely.

The informal nature of the NBFC sector increases its regulatory risk. One of the ways this increased regulatory risk can be observed is the frequency of regulatory changes brought in by the RBI. For example, on April 19 2022, RBI issued guidelines for loans and advances by NBFCs and the disclosures they are required to make under a scale-based regulatory framework. A consequence of frequent regulatory changes are compliance costs that are borne by individual NBFCs, which reduces their ability to be competitive and protect their margins.

4. FUTURE PROSPECTS AND OUTLOOK

The escalation of geopolitical tensions into war from late February 2022 has delivered a brutal blow to the world economy, battered as it has been through 2021 by multiple waves of the pandemic, supply chain and logistics disruptions, elevated inflation and bouts of financial market turbulence, triggered by diverging paths of monetary policy normalisation.

NBFCs are playing their part by meeting the diverse financial needs of the economy. They have channelized the savings and investments of the customers and had helped in the capital formation. The non-banking financial companies witnessed a year of ups and down, but still managed to revive and recover from the disruptions caused by the second COVID-19 wave. From July 2021 onwards, the COVID-19 lockdown started easing up and many schemes were also implemented to help NBFCs get the funding they needed. The NBFC sector was seen leaning towards digitisation in 2021, to cope with COVID-19.

5. RISKS AND CONCERNS

The Company like any other Company is exposed to specific risks that are particular to its business and the environment within which it operates. The Company is exposed to the market risk (including liquidity risk) and also the factors that are associated with capital market, which inter alia includes economic/business cycle, fluctuations in the stock prices in the market, besides the interest rate volatility and credit risk.

Risk Management Policy

The Company has implemented a systematic process to assist in the identification, assessment, treatment and monitoring of risks which provides the necessary tools and resources to management and staff to support the effective management of risks.

The Company is primarily engaged in investment in Securities viz. Equity Shares, Preference Shares, Mutual Funds etc. which involves macroeconomic risks, investee company specific risks, market wide liquidity risks and execution risks relating to the Company / its intermediaries.

- (a) The macroeconomic risks, investee company specific risks are covered by investment decisions based on third party research and internal assessment.
- (b) Market wide risks are assessed and managed by investment timing decisions.
- (c) The execution risk is managed by dealing with reputed intermediaries and through own back office discipline re accounting and follow up of trades.

- (d) All investment decisions are made after distinguishing among alternative courses of action with identification of expected risks.

The Company also faces credit default risks, concentration risk and industry specific risk while making Inter corporate loans to other body corporate. The Company performs the credit check on the prospective borrower considering various factors relating to the loan such as loan purpose, credit rating, and loan-to-value ratio and estimates the effect on yield (credit spread). The Company mitigates the concentration risk, industry specific risks by diversifying the borrower pool relating to different industries. The Company periodically monitors and reviews the financial condition, credit rating, debt to equity ratio to minimize the credit default risks associated with the borrowers.

The Company has established Internal Financial Control Systems to provide reasonable assurance regarding safeguarding of assets, maintenance of proper accounting records and the reliability of financial reporting.

The Company controls the operational risks associated with its business activities by way of prescribing / amending processes, imposing controls and defining roles and responsibilities.

The Company assesses the effectiveness of its risk management plan through structured continuous improvement processes to ensure risks and controls are continually monitored and reviewed.

6. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has proper and adequate system of Internal Controls to ensure that all its assets are safeguarded and protected against loss from unauthorized use or disposition of assets and that the transactions are recorded and reported.

The Company ensures adherence to all Internal Control policies and procedures as well as compliance with all regulatory guidelines. The Internal Auditor monitors and evaluates the efficacy and adequacy of Internal Control Systems in the Company, its compliance with the operating systems, accounting procedures and policies. The Audit Committee reviews the internal controls at periodic intervals in close coordination with the Internal Auditors.

Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

Key Audit Matters

We have determined that there are no key audit matter to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors report to be included in the Company's Annual report, but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether

due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the financial year ended 31st March, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the **Annexure 'A'** a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the statement of changes in equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to **Annexure 'B'**. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

Annexure – B to the Auditors' Report

Report on the Internal Financial Control under clause (i) of sub section 3 of section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **HB Leasing & Finance Company Limited** (“the Company”) as of 31st March 2022 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

- b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or convertible debentures (fully, partly or optionally convertible) during the year. Accordingly, provisions of clause 3 (x)(b) of the Order is not applicable to the Company.
- 11. a) In our opinion and according to the information and explanation given to us, no fraud by the company or on the Company has been noticed or reported during the course of our audit.
- b) During the year no report under sub-section 12 of section 143 of the Act has been filed in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- c) According to the information and explanations given to us, there were no whistle blower complaints received during the year by the Company.
- 12. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, paragraph 3(xii) of the order is not applicable.
- 13. According to the information and explanations given to us and based on or examinations of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transaction have been disclosed in the financial statements as required by the applicable accounting standards.
- 14. a) In our opinion the company has an adequate internal audit system commensurate with the size and the nature of its business.
- b) We have considered, the internal audit reports for the year under audit, issued to the company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- 15. According to the information and explanations given to us and based on our examination of the record of the Company, the Company has not entered into non-cash transactions with directors or persons connected with its director. Accordingly, paragraph 3(xv) of the order is not applicable.
- 16. a) The Company is required to be registered under section 45-IA of the Reserve bank of India Act, 1934 and such registration has been obtained by the Company.
- b) The Company has not conducted any Non-Banking Financial activities without obtaining a valid Certificate of registration from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.]
- c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi)(c) of the Order is not applicable to the Company.
- d) There is no Core Investment Company as a part of the Group. Accordingly, the requirement to report on clause 3(xvi)(d) of the Order is not applicable to the Company.
- 17. The Company has not incurred cash losses in the current year. However, the Company had cash losses of Rs. 442.32 thousand in the immediately preceding financial year.
- 18. There has been no resignation of the statutory auditor during the year. Hence, the reporting para 3(xviii) of the order is not applicable to the Company.
- 19. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, the our knowledge of the Board of Directors and Management plans and based on our examination of evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date to the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company and when they fall due.
- 20. The Company is not required to spend any amount under sub section 5 of Section 135 of the Act. Accordingly, the reporting para 3(xx) of the order is not applicable to the Company.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

1. Company Information / Overview

The Company is public limited company incorporated and domiciled in India having its registered office at Gurugram, India. The Company is a Non-banking Financial Company- Non-Systemically important Non-Deposit taking Company registered with Reserve Bank of India. Equity share of the company are listed on BSE Limited.

2. Basis of preparation of Financial Statements.

(A) Compliance with Ind AS

The financial statements of the Company comply in all material aspects with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act. Any directions issued by the RBI or other regulators are implemented as and when they become applicable.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to the existing accounting standard requires a change in the accounting policy hitherto in use.

(B) Presentation of Financial Statements

The Balance Sheet, the statement of Changes in Equity and the Statement of Profit and Loss are presented in the format prescribed under Division III of Schedule III of the Act, as amended from time to time, for Non-Banking Financial Companies ('NBFCs') that are required to comply with Ind AS. The statement of Cash Flows has been presented as per the requirements of Ind AS 7 Statement of Cash Flows.

(C) Basis of preparation

The financial statements have been prepared under the historical cost convention on the accrual basis except for certain financial instruments and plan assets of defined benefit plans, which are measured at fair values at the end of each reporting as explained in the accounting policies below.

3. Significant Accounting Policies

3.1 Use of estimates and judgement

The preparation of financial statements in conformity with Ind AS requires that management make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of revenues, expenses, assets, liabilities and disclosures of contingent assets and liabilities at the end of the reporting period. The actual results could differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In particular, information about significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

A) Effective Interest Rate (EIR) Method

The Company recognizes interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loans given / taken. This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well as expected changes to other fee income/expense that are integral parts of the instrument.

B) Impairment of loans portfolio

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

C) Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

D) Fair value measurement:

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to

these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

E) Other Estimates:

These include contingent liabilities, useful lives of tangible and intangible assets etc.

3.2 Financial Instruments

A) Initial Recognition and measurement

All financial assets and financial liabilities are recognised when the company become a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of the financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in Statement of profit and loss.

B) Classification and Subsequent measurement of financial assets-

The company classifies its financial assets into various measurements categories. The classification depends on the contractual terms of the financial assets' cash flows and the company's business model for managing financial assets.

a. Amortised Cost

A financial asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. FVOCI- debt instruments

A debt instruments in nature of financial asset is measured at FVOCI when the instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets; and the contractual terms of the Financial Asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c. FVOCI- Equity Instruments

Equity instruments in nature of financial assets are measured at fair value through profit or loss, unless the Company's management has elected to classify irrevocably some of its equity instruments at FVOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments and are not held for trading.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

d. FVTPL

A financial asset which is not classified in any of the above categories are measured at FVTPL.

Subsequent Measurement of Financial Assets

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in Statement of profit and loss. Any gain and loss on derecognition is recognised in Statement of profit and loss.

Debt investment at FVOCI are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment are recognised in Statement of profit and loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to Statement of profit and loss.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to Statement of profit and loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for strategic purpose. Dividend income received on such equity investments are recognised in Statement of profit and loss.

Equity investments that are not designated as measured at FVOCI are designated as measured at FVTPL and subsequent changes in fair value are recognised in Statement of profit and loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in Statement of profit and loss.

C. Financial Liabilities and Equity Instruments

Classification as Debt or Equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by Company are recognised at the proceeds received. Transaction costs of an equity transaction are recognised as a deduction from equity.

Financial Liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-fortrading or it is a derivative or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in Statement of profit and loss. Any gain or loss on derecognition is also recognised in Statement of profit and loss.

D. Derecognition

Financial Assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial Liabilities

A financial liability is derecognised when the obligation in respect of the liability is discharged, cancelled or expires. The difference between the carrying value of the financial liability and the consideration paid is recognised in Statement of profit and loss.

E. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

F. Impairment

The Company recognises lifetime expected credit losses (ECL) when there has been a significant increase in credit risk since initial recognition and when the financial instrument is credit impaired. If the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12 month ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition. 12 month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

3.3 Cash and Cash Equivalents

Cash and cash equivalents comprise of cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts if any, as they are considered an integral part of the Company's cash management.

3.4 Property, plant and Equipments (PPE)

Property, plant and equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment, if any. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly

attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Advances paid towards the acquisition of fixed assets, outstanding at each reporting date are shown under other non-financial assets. The cost of property, plant and equipment not ready for its intended use at each reporting date are disclosed as capital work-in-progress.

Subsequent expenditure related to the asset are added to its carrying amount or recognised as a separate asset only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

Depreciation on PPE is provided on straight-line basis in accordance with the useful lives specified in Schedule II to the Companies Act, 2013 on a pro-rata basis.

The estimated useful lives used for computation of depreciation are as follows:

Particulars	Useful life
Furniture & fixture	10 years
Office equipment	5 years
Computer	3 years
Vehicles	8 years

Assets costing less than Rs.5000/- are fully depreciated in the period of purchase.

PPE is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the net carrying amount of the asset) is recognised in other income / netted off from any loss on disposal in the Statement of profit and loss in the year the asset is derecognised.

3.5 Intangible Assets :

Intangible assets comprises of computer software which is amortized over the estimated useful life. The amortization period is lower of license period or 36 months which is based on management's estimates of useful life. Amortisation is calculated using the straight line method to write down the cost of intangible assets over their estimated useful lives.

3.6 Impairment of assets other than Financial Assets :

The Company reviews the carrying amounts of its tangible and intangible assets at the end of each reporting period, to determine whether there is any indication that those assets have impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Recoverable amount is determined for an individual asset, unless the asset does not generate cash flows that are largely independent of those from other assets or group of assets.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cashgenerating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cashgenerating unit) is increased to the revised estimate of its recoverable amount such that the increased carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised for the asset (or cash-generating unit) in prior years. The reversal of an impairment loss is recognised in Statement of profit and loss.

3.7 Investments in Subsidiaries and Associates :

Investments in subsidiaries and associate are measured at cost less accumulated impairment, if any.

3.8 Provisions :

Provisions are recognised when there is a present obligation as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks

specific to the liability.

When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

3.9 Employee Benefits :

A) Short-term Employee Benefit

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

B) Contribution to Provident Fund and ESIC

Company's contribution paid/payable during the year to provident fund and ESIC is recognised in the Statement of profit and loss.

C) Gratuity

The Company's liability towards gratuity scheme is determined by independent actuaries, using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. Past services are recognised at the earlier of the plan amendment / curtailment and recognition of related restructuring costs/ termination benefits.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of profit and loss.

Remeasurement gains/ losses-

Remeasurement of defined benefit plans, comprising of actuarial gains / losses, return on plan assets excluding interest income are recognised immediately in the balance sheet with corresponding debit or credit to Other Comprehensive Income (OCI). Remeasurements are not reclassified to Statement of profit and loss in the subsequent period.

Remeasurement gains or losses on long-term compensated absences that are classified as other long-term benefits are recognised in Statement of profit and loss.

D) Leave encashment / compensated absences / sick leave -

The Company provides for the encashment / availment of leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment / availment. The liability is provided based on the number of days of unutilized leave at each balance sheet date on the basis of an independent actuarial valuation.

3.10 Revenue recognition

A) Recognition of Interest Income on Loans

Interest income is recognised in Statement of profit and loss using the effective interest method for all financial instruments measured at amortised cost, debt instruments measured at FVOCI and debt instruments designated at FVTPL. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument.

The calculation of the effective interest rate includes transaction costs and fees that are an integral part of the contract. Transaction costs include incremental costs that are directly attributable to the acquisition of financial asset.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is recorded as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through Interest income in the Statement of profit and loss.

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets.

When a financial asset becomes credit-impaired, the Company calculates interest income by applying the effective interest rate to the net amortised cost of the financial asset. If the financial asset cures and is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis.

Additional interest and interest on trade advances, are recognised when they become measurable and when it is not unreasonable to expect their ultimate collection.

Income from bill discounting is recognised over the tenure of the instrument so as to provide a constant periodic rate of return.

B) Fees and Commission Income :

Fee based income are recognised when they become measurable and when it is probable to expect their ultimate collection.

Commission and brokerage income earned for the services rendered are recognised as and when they are due.

C) Dividend and interest income on investments :

- Dividends are recognised in Statement of profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

- Interest income from investments is recognised when it is certain that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

3.11 Finance Costs

Finance costs include interest expense computed by applying the effective interest rate on respective financial instruments measured at Amortised cost. Financial instruments include bank term loans, non-convertible debentures, fixed deposits mobilised, commercial papers, subordinated debts and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Finance costs are charged to the Statement of profit and loss.

3.12 Taxation - Current and deferred tax:

Income tax expense comprises of current tax and deferred tax. It is recognised in Statement of profit and loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income.

A) Current Tax :

Current tax comprises amount of tax payable in respect of the taxable income or loss for the year determined in accordance with Income Tax Act, 1961 and any adjustment to the tax payable or receivable in respect of previous years. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

B) Deferred Tax :

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequence that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary difference could be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

3.13 Leases

As a lessee

The Company has applied Ind AS 116. For these short term and low value leases, the Company recognizes the lease payments as an expense in the Statement of Profit and Loss on a Straight line basis over the term of lease.

3.14 Exceptional items

When items of income and expenses within profit or loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such items is disclosed separately as Exceptional items.

3.15 Earning per share

The Company reports basic and diluted earnings per equity share. Basic earnings per equity share have computed by dividing net profit/loss attributable to the equity share holders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share have been computed by dividing the net profit attributable to the equity share holders after giving impact of dilutive potential equity shares for the year by the weighted average number of equity shares and dilutive potential equity shares outstanding during the year, except where the results are anti-dilutive.

The company has adequate cash and bank balances. The company monitors its capital by careful scrutiny of the cash and bank balances, and a regular assessment of any debt requirements. In the absence of any significant amount of debt, the maintenance of debt equity ratio etc. may not be of any relevance to the Company.

29. FINANCIAL RISK MANAGEMENT

Financial Risk Factors

The Company's principal financial liabilities, comprise borrowings and trade and other payables. The main purpose of these financial liabilities is to manage finances for the Company's operations. The Company's principal financial assets include inter corporate deposits, loans, cash and cash equivalents and other receivables. The Company's activities expose it to a variety of financial risks:

I. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: currency rate risk, interest rate risk and other price risks, such as commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, investments.

The company is exposed to market risk primarily related to the market value of its investments.

Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of Financial Instruments will fluctuate because of change in market interest rates. The company does not have exposure to the risk of changes in market interest rate as it has interest free debt obligations.

Currency Risk

Currently company does not have transaction in foreign currencies and hence the company is not exposed to currency risk.

Equity Price Risk

(a) Exposure

The company is exposed to equity price risk arising from Investments held by the company and classified in the balance sheet as fair value through P & L. To manage its price risk arising from investment in equity securities, the company diversifies its portfolio. Diversification of portfolio is done in accordance with the limits set by the company. The majority of the company's equity instruments are listed on the Bombay stock exchange (BSE) or the National stock exchange (NSE) in India.

(b) Sensitivity analysis- Equity price Risk

The table below summarise the impact of increase/ decrease of the index on the company's equity and the profit for the period. The analysis is based on the assumption that the equity/ index had increased by 2% or decreased by 2% with all other variable held constant, and that all the company's equity instruments moved in line with the Index.

	Amount (₹ in Thousand)	
	Impact on Profit & Loss for the year ended 31st March, 2022	31st March, 2021
NSE/ BSE Index - Increase by 2 %	60.63	41.92
NSE/ BSE Index - Decrease by 2 %	(60.63)	(41.92)

II. Credit risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The company is exposed to credit risk from its financing activities towards inter corporate loans where no significant impact on credit risk has been identified.

III. Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company manages its liquidity requirement by analysing the maturity pattern of Company's cash flows of financial assets and financial liabilities.

The table below summarises the maturity profile of the undiscounted cash flows of the Company's financial assets and liabilities.
