Subject: Intimation regarding Unaudited standalone and consolidated Financial Results for the quarter and nine months ended December 31, 2020 published in newspapers.

Dear Sir/ Madam,

Pursuant to Regulation 47(1) and (3) read with Schedule III of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the Regulation"), the Company hereby informs that the unaudited standalone and consolidated financial results, in accordance with the Regulation 33, for the quarter and nine months ended on December 31, 2020 have been published in the English Newspaper Business Standard (All Editions) and Marathi Newspaper Loksatta (Pune edition) on January 30, 2021. The copies of said publications are enclosed for your reference.

Kindly take this submission on your record.

Thanking you,

Yours faithfully,
For Cummins India Limited

Vinaya A. Joshi
Company Secretary & Compliance Officer

FY20 GDP grew even slower at 4%

PRESS TRUST OF INDIA
New Delhi, 29 January

The government on Friday revised downwards the economic growth rate for 2019-20 to 4 per cent from 4.2 per cent estimated earlier, mainly due to contraction in secondary sectors like manufacturing and construction.

"Real GDP or GDP at constant (2011-12) prices for the years 2019-20 and 2018-19 stands at ₹145.69 trillion and ₹140.03 trillion, respectively, showing a growth of 4.0 per cent during 2019-20 and 6.5 per cent during 2018-19," National Statistical Office said in revised national account data.

Under the first revision released in January 2020, real GDP or GDP at constant (2011-12) prices for 2018-19 was pegged at ₹139.81 trillion, showing a growth of 6.1 per cent.

THE TRAJECTORY

*Third Revised Estimates; #Second Revised Estimates; @First Revised Estimates
Source: Ministry of Statistics & Programme Implementation

"The growth in real GVA during 2019-20 has been lower than that in 2018-19 mainly due to relatively lower growth in mining and quarrying, manufacturing, electricity, gas, water supply and other utility

services, construction, trade, repair, hotels and restaurants and financial services," the data said.

During 2019-20, the growth rates of the primary sector (comprising agriculture, forestry, fishing and mining and quarrying), secondary sector (comprising manufacturing, electricity, gas, water supply and other utility services, and construction) and tertiary sector (services) have been estimated as 3.3 per cent, (-1.1 per cent and 7.2 per cent as against a growth of 2.2 per cent, 5.8 per cent, and 7.2 per cent, respectively, in the previous year. Nominal net national income at current prices for 2019-20 stands at ₹179.94 trillion as against ₹167.05 trillion in 2018-19, showing a growth of 7.7 per cent as against a rise of 10.3 per cent in the previous year.

Per capita income i.e. per capita net national income at current prices is estimated at ₹1,25,883 and ₹1,34,186, respectively, for 2018-19 and 2019-20. Per capita PFCE at current prices, for 2018-19 and 2019-20 is estimated at ₹84,567 and ₹91,790, respectively.

Fiscal deficit soars to 145% of estimate

PRESS TRUST OF INDIA
New Delhi, 29 January

Union government's fiscal deficit soared to ₹11.58 trillion or 145.5 per cent of the Budget Estimate (BE) at the end of December, as revenue realisation was hit by disruptions in normal business activities. According to the data released by the Controller General of Accounts (CGA), the fiscal deficit at the end of December in the previous fiscal year was 132.4 per cent of the BE of 2019-20.

In absolute terms, the fiscal deficit stood at ₹11,58,469 crore at December-end. For the current fiscal year, the government had pegged the fiscal deficit at ₹796 trillion or 3.5 per cent of the GDP in the Budget which was presented in February 2020. The fiscal deficit or gap between the expenditure and revenue had breached the annual target in July this year.

The government received ₹11.21 trillion (50 per cent of corresponding BE 2020-21 of total receipts) up to December 2020. Of this, ₹9,62,399

crore was tax revenue, ₹1,26,181 crore was non-tax revenue, and ₹33,098 crore was non-debt capital receipts. Non-debt capital receipts consist of recovery of loans (₹14,202 crore) and disinvestment proceeds (₹18,896 crore). The total receipts till December 2020 works out to be 49.9 per cent of the BE. The receipts were 56.6 per cent of the BE 2019-20 at the end of December 2019.

The CGA also said that ₹37,640 crore has been transferred to state governments as devolution of share of taxes by the central government up to December 2020.

The centre's total expenditure stood at ₹22.80 trillion or 75 per cent of corresponding BE 2020-21. Out of this, ₹19,71,173 crore was on revenue account and ₹3,08,974 crore was on capital account.

Of the total revenue expenditure, ₹4,72,171 crore was towards interest payments and ₹2,27,352 crore is on account of major subsidies.

Indexing annuity rates to inflation or G-secs on cards

SUBRATA PANDA
Mumbai, 29 January

The Insurance Regulatory and Development Authority of India (Irdai) is exploring the possibility of indexing annuity rates to government securities or the inflation rate so that they reflect the cost of living of consumers.

Annuity products may shift from fixed rates, which generally give lower returns, to floating rates.

Subhash Chandra Khuntia, Irdai chairman, said: "If the annuity rate is indexed to something that reflects the cost of living, it will be good for both the insurer and the policyholders."

A group has been constituted to look at this.

Annuity plans enable customers to receive payments regularly throughout their lives after they invest a lump sum. The insurance industry has seen a surge in demand for annuity products due to increasing life expectancy and rapidly declining interest rates. Experts have said the recent fall in bank interest rates has made annuity products attractive and the demand for such products will continue to soar in the coming years with a huge section of the Indian population working in the unorganised sector, where there is no pension.

IN THE PIPELINE

- A group has been formed by the regulator on this issue
- Falling interest rates has led to demand for annuity products
- Irdai has launched a standard individual annuity
- COVID PRODUCTS REPORT CARD
- 4.2 million lives covered under Corona Kavach; 536,000 under Corona Rakshak
- Overall, 12.8 million lives covered under Covid-specific products
- Around ₹1,000 crore premiums have been collected
- And, sum insured for these policies has surpassed ₹12 trillion

₹12 trillion. The chairman said insurance companies had been asked to have agreements with network providers (hospitals) on the cost of disposables and Covid treatment. In the initial days of the pandemic the health insurance industry saw costs rising due to disposables because there was no standard charge for such products and customers had to pay for them. But he said it was a transient phenomenon and the costs had come down.

"We would like to develop such agreements between health providers and insurers so that there is some certainty and policyholders are not asked to pay anything extra. Now, things are under control and we are keeping a watch on the situation," he said.

Core sector output shrinks 1.3% in Dec

PRESS TRUST OF INDIA
New Delhi, 29 January

The output of eight core infrastructure sectors contracted for the third month in a row by 1.3 per cent in December, dragged down by poor show by crude oil, natural gas, refinery products, fertiliser, steel and cement sectors.

The core sectors had expanded by 3.1 per cent in December 2019, according to the provisional data released by the Commerce and Industry Ministry on Friday. Barring coal and electricity, all sectors recorded negative growth in December 2020.

During April-December 2020-21, the sectors' output

PERFORMANCE OF EIGHT CORE INDUSTRIES

Sector	Coal	Crude oil	Natural gas	Refinery products	Fertilisers	Steel	Cement	Electricity	Overall growth
Weight	10.33	8.98	6.88	28.04	2.63	17.92	5.37	19.85	100
Dec '19	6.1	-7.4	-9.2	3	10.2	8.7	5.5	-0.02	3.1
Jan '20	8	-5.3	-9	1.9	-0.1	1.6	5.1	3.2	2.2

Mar '20	4	-5.5	-15.1	-0.5	-11.9	-21.9	-25.1	-8.2	-8.6
Apr '20	-15.5	-6.4	-19.9	-24.2	-4.5	-82.8	-85.2	-22.9	-37.9
May '20	-14	-7.1	-16.8	-21.3	7.5	-40.4	-21.4	-14.8	-21.4
Jun '20	-15.5	-6	-12	-8.9	4.2	-23.2	-6.8	-10	-12.4
Jul '20	-5.7	-4.9	-10.2	-13.9	6.9	-6.5	-13.5	-2.4	-7.6
Aug '20	3.6	-6.3	-9.5	-19.1	7.3	0.5	-14.5	-1.8	-6.9
Sep '20	21	-6	-10.6	-9.5	-0.3	6.2	-3.4	4.8	0.6
Oct '20	11.7	-6.2	-8.6	-17	6.3	4	3.2	11.2	-0.9
Nov '20*	3.3	-4.9	-9.3	-4.8	1.6	-0.5	-7.3	3.5	-1.4
Dec '20*	2.2	-3.6	-7.2	-2.8	-2.9	-2.7	-9.7	4.2	-1.3

declined by 10.1 per cent against a growth rate of 0.6 per cent in the same period

of the previous year. The output of crude oil, natural gas, refinery products, fertiliser, steel and cement declined by 3.6 per cent, 7.2 per cent, 2.8 per

cent, 2.9 per cent, 2.7 per cent, and 9.7 per cent, respectively.

The growth in coal production slowed down to 2.2 per cent in the month under review from 6.1 per cent in the same month last year. However, electricity output grew by 4.2 per cent in December 2020.

The eight core industries constitute 40.27 per cent of the Index of Industrial Production.

The government also revised core sector output data for September 2020 showing a growth rate of 0.6 per cent in the month against the earlier projection of 0.1 per cent contraction.

Commenting on the data, ICRA Principal Economist Aditi Nayar said that discouragingly, the core index continued to contract for the third consecutive month in December 2020.

"Based on the plateau in the core sector data, juxtaposed with the uptick in auto production trends and recovery in non-oil merchandise exports, we expected the IIP to rebound to a modest growth of 0.5-1.5 per cent in December 2020, trailing the level seen in October 2020," she said.
