Certain statements in the report may be forward-looking. Many factors may affect the actual results, which could be different from what the Directors envisage in terms of the future performance and outlook.

Covid-19 Overview

During the last month of FY 2020, the COVID-19 pandemic developed rapidly globally thereby forcing the government to enforce complete lock-down since March 24, 2020, of almost all economic activities except essential services which were allowed to operate with limited staff strength. As capital markets and banking services were declared as essential services, your Company continued its operations by strictly adhering to the minimal staff strength requirement and maintaining social distancing and other precautions as per the Government directions. In order to ensure health and well being of the employees, all the other employees were encouraged to work from home and were provided necessary infrastructure to ensure efficient functioning.

All operations and servicing of clients were smoothly ensured without any interruptions as the activities of trading, settlement, Stock Exchanges and depository functions are fully-automated and seamless. Based on the facts and available figures, the Company has been operating in the normal course and there have been no adverse impact on the liquidity, revenues or operational parameters during the year ended March 31, 2021.

Economy Overview

Amidst a weak environment for global manufacturing, trade and demand, Indian economy emerged as one of fastest growing major economy as compared to the advanced and emerging nations in FY 2020-21. However, the growth was subdued as compared to the previous fiscal mainly due to the COVID-19 impact. The deceleration was also most evident in the manufacturing and agriculture sectors, whereas government-related services sub-sectors received significant support from public spending. Though there was rise in government spending, sharp slowdowns in household consumption and investment offset the same. The economy had shown signs of recovery in the third quarter of fiscal 2020 with the rise in purchasing managers index (PMI) in manufacturing hitting an eight year high of 55.3 in January 2020. However, with the onset of COVID-19 pandemic and the resultant lockdown, the revival came to a standstill in March 2020. India’s GDP growth for FY20 has been recorded at 4.0% (Source: IMF WEO April 2021). The overall negative impact on the economy in FY21 will depend on future extent and the resultant outcome of the second wave of COVID-19. Weakness in income growth and a rising unemployment rate is also expected to undermine consumer sentiment. Further, rolling out of vaccination drive across the globe to combat the pandemic is expected to boost economic recovery.

Industry Overview

The Indian financial services industry is vast and diverse consisting of banks, NBFCs, capital markets, insurance sector and the new payment banks. India’s gross national savings (GNS) as a percentage of Gross Domestic Product (GDP) stood at 30.5% in 2019. With increasing finance penetration, the opportunity in India is very high especially in the rural areas for moving from physical savings to financial savings. With increasing internet penetration and financial literacy, the future growth prospects of financial service industry in India is very bright.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF MOONGIPA SECURITIES LIMITED

Opinion

We have audited the accompanying financial statements of **MOONGIPA SECURITIES LIMITED** ("the Company") which comprise the Balance Sheet as at 31st March, 2021, the Statement of Profit and Loss and the Cash Flow Statement for the year ended, and a summary of the significant accounting policies and other explanatory information, attached herewith, being submitted by the company pursuant to the regulation 33 and 52(2) of the SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015, as amended ('Listing Regulations').

In our opinion and to the best of our information and according to the explanations given to us, the statement:

- I. is presented in accordance with the requirements of the Listing Regulations in this regard; and
- II. gives a true and fair view in conformity with the applicable accounting standards and other accounting principles generally accepted in India, of the net profit, other comprehensive loss and other Financial information of the company for the quarter and year ended March 31, 2021.

Basis of Opinion

We conducted our Audit in accordance with the standards on Auditing (SAs) specified under section 143(10) of the companies Act, 2013 as amended ("the Act"). Our responsibility under those standards are further described in the "Auditor's Responsibilities for the audit of Standalone financial Result" section of our Report. We are Independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountant of India together with the ethical Requirement that are relevant to our Audit of the financial statements under the provision of the act and Rules thereunder, and we have fulfilled our other ethical Responsibilities in accordance with these requirement and the code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis of our opinion.

Management's Responsibility for the Financial Statements

The statement has been prepared on the basis of the standalone annual financial statements. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Accounting Standard prescribed under section 133 of the Act read with rules made thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing regulations.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Statement, the Board of Directors is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the board of directors either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Results.

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs

will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

The statement includes the results for the quarter ended March 31, 2021 being the balancing figure between the audited figures in respect of full financial year ended March 31, 2021 and the published unaudited year to date figures in respect of the full financial year, which were subjected to a limited review by us, as required under the Listing Regulations.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF MOONGIPA SECURITIES LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of MOONGIPA SECURITIES LIMITED ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date .

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 .

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance 168 Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements .

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate .

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as on March 31, 2021, based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

Income taxes

The income tax expense or credit for the period is the tax payable on the taxable income of the current period based on the applicable income tax rates adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. The Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the Balance Sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in Other Comprehensive Income or directly in equity. In this case, the tax is also recognised in Other Comprehensive Income or directly in equity, respectively.

Property, Plant and Equipment

All items of property, plant and equipment are stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Acquisition cost may also include transfers from equity of any gains or losses on qualifying cash flow hedges of foreign currency purchases of property, plant and equipment.

Subsequent expenditures are included in the carrying amount of asset or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance expenses are charged to the Statement of Profit and Loss during the period in which they are incurred. Gains or losses arising on retirement or disposal of assets are recognised in the Statement of Profit and Loss.

Depreciation methods, estimated useful lives and residual value:

Depreciation is provided on the straight-line method to allocate the cost of assets, net of their residual values, over their estimated useful lives, as specified in schedule-II of Companies Act, 2013.

18/14 W.E.A. PUSA LANE
KAROL BAGH, NEW DELHI – 110005
(CIN: L74899DL1994PLC057941)

Depreciation is calculated on a pro-rata basis, both, from the date of acquisition/installation in the year of acquisition and upto the date the assets are sold or disposed off, in the year of disposal.

Assets	Useful Life (Years)
Computers	3
Furniture & Fixtures	10
Office equipments	5

Useful life of Assets is taken as per Part c, of schedule II of Companies Act, 2013. There has been no change in the useful lives adopted.

Revenue

Revenue is the gross inflow of economic benefits during the period arising in the course of the ordinary activities of an entity when those inflows result in increases in equity, other than increases relating to contribution from equity participants.

Revenue is recognised only when it is probable the economic benefits associated with the transaction will flow to the entity.

Exclusions from the definition of revenue are:

- Amount collected on behalf of third parties, viz, Goods and Services Tax: These are not economic benefits that will flow to the entity and do not result in equity.
- In agency relationship, amounts collected on behalf of principal.

Entity recognizes revenue on accrual basis, except for dividend which is recognized as and when right to receive payment is established.

Earnings per Share:

Basic and diluted earnings per share for profit or loss from continuing operations attributable to the ordinary equity holders of the entity for each class of ordinary shares that has a different right to share in profit, have been disclosed as per the requirements of Ind AS.

Provision, Contingent Liabilities and Contingent Assets:

A Provision shall be recognized only when:

- a) An entity has a present obligation due to past events
- b) It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and
- c) A reliable estimate can be made of the amount of obligation.

If these conditions are not met, no provision shall be recognized.

A contingent liability is disclosed, as required by paragraph 86, unless the possibility of an outflow of resources embounding economic benefit is remote.

Investment properties:

Property that is held for long-term rental yields or for capital appreciation or both, and that is not in use by the Company, is classified as investment property. Land held for a currently undetermined future use is also classified as an investment property. Investment property is measured initially at its acquisition cost, including related transaction costs and where applicable borrowing costs and subsequently measured at cost less accumulated depreciation less impairment losses, if any.

Transition to Ind AS:

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its investment properties recognised as at April 01, 2015 measured under IGAAP as the deemed cost of investment properties.

Impairment of assets

As per the guidelines of relevant Ind AS, the carrying amount of assets are reviewed at each Balance Sheet date to assess if there is any indication of impairment based on internal | external factors. An impairment loss on such assessment will be recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount of the assets is net selling price or value in use, whichever is higher. While assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital. A previously recognised impairment loss is further provided or reversed depending on changes in the circumstances and to the extent that carrying amount of the assets does not exceed the carrying amount that will be determined if no impairment loss had previously been recognised

Cash and cash equivalents:

Cash and cash equivalents include cash in hand, demand deposits with bank and other short-term (3 months or less from the date of acquisition), highly liquid investments that are readily convertible into cash and which are subject to an In significant risk of changes in value.

Financial Instruments

The company classifies its financial assets in the following measurement categories:

- i. Those to be measured subsequently at fair value (either through other Comprehensive Income, or through profit or loss)
- ii. Those measured at Amortized Cost

The classification depend the business model of the entity for managing financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other Comprehensive income for investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through Other Comprehensive Income. Investment in mutual funds and changes in its fair value are accounted for using the Fair Value through Profit & Loss method.

KAROL BAGH, NEW DELHI – 110005
(CIN: L74899DL1994PLC057941)

Subsequent measurement:

After initial recognition, financial assets are measured at:

- I. Fair value (either through other Comprehensive Income (FVOCI) or through profit or loss (FVPL) or,
- II. Amortized cost

The company subsequently measures all investment in equity instruments at fair value. The management of the company has elected to present fair value gains or losses on such equity investment in Profit and loss. Dividends from such investments are recognized, as and when right to receive is established. Impairment losses (and reversal of impairment losses) on equity instruments measured at FVTPL (Fair value through profit and loss) are not reported separately from other changes in fair value.

Fair Value Measurement:

The objective of a fair value measurement is to estimate the price at which an orderly transaction to sell or to transfer the liability would take place between market participants at the measurement date under current market conditions. A fair value measurement requires an entity to determine all the following:

- a) The particular asset or liability that is the subject of the measurement (consistently with its unit of account)
- b) For a non-financial asset, the valuation premise that is appropriate for the measurement (consistently with its highest and best use).
- c) The principal (or most advantageous) market for the asset or liability.
- d) The valuation technique(s) appropriate for the measurement, considering the availability of data with which to develop input that represent the assumptions that market participants would use when pricing the asset or liability and the level of the fair value hierarchy within which the inputs are categorized.

The relevant Indian Accounting Standard defines "fair value" as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.
