LOAN MORATORIUM
Blanket interest relief to wipe out half of SBI net worth, govt tells SC

FE BUREAU
New Delhi, December 8

THE GOVERNMENT ON Tuesday argued against any further waiver of interest on all the loans and advances given to borrowers during the six-month moratorium period that ended on August 31, saying, "this will mean forgoing an estimated over ₹6 lakh crore."

According to the government's latest affidavit on the matter in the Supreme Court, in the case of State Bank of India (SBI) alone, waiver of six months' interest would completely wipe out over half of the bank's net worth which has accumulated over nearly 65 years of its existence.

During the hearing, the apex court bench led by Justice Ashok Bhushan, however, observed that it would not pass any order that will risk the economy going "haywire."

The court had earlier asked the government, Reserve Bank of India (RBI) and banks if power and real estate sectors could be given succour on the debt front. "If the interest is waived on all the loans and advances for the moratorium period, about all classes and categories of borrowers, the amount to be foregone would be more than ₹6 lakh crore...if the banks were to bear this burden, it would necessarily wipe out a substantial and a major part of their net worth, rendering most of the banks unviable and raising a very serious question mark over their very survival. This was one of the main reasons why a waiver of interest was not even contemplated and only payment of instalments was deferred," Solicitor General Tushar Mehta told the court.

"Continued payment of interest (including interest on interest) to depositors is not only

one of the most essential banking activities but is a huge responsibility that can never be compromised as most of the depositors are bound to be small depositors, pensioners, etc, surviving on the interest from their deposits," the SG said.

It submitted that banks can't bear the burden resulting from waiver of compound interest without passing this burden on to the depositors or affecting their net worth adversely, which would not be in the larger national economic interest.

He said that a possible crippling of the banking sector was one of the main reasons for "not even contemplating waiver interest" and restricting relief to "deferment of payment of instalments".

Mehta said that for every loan account, there are about 8.5 deposit accounts in the Indian banking system. As mentioned by the Indian Banks Association, the SBI has stated that interest amount from borrowers during six months moratorium works out to be around ₹88,078 crore whereas the interest payable to the depositors during the said period works out to be around ₹75,157 crore.

Mehta said that the Finance Ministry under the Disaster Management Act, and RBI have acted pro-actively.

"The overriding objective was to prevent financial markets from freezing up; ensure normal functioning of financial

Travel restrictions effective in countries with low number of coronavirus cases: Lancet study

PRESS TRUST OF INDIA
New Delhi, December 8

TRAVEL RESTRICTIONS ARE effective in countries with low numbers of Covid-19 cases, or that have strong travel links with nations experiencing high rates of the viral infection, according to a study published in The Lancet Public Health journal.

The study also suggests that travel restrictions may have been most effective during the early stages of the pandemic, and the measures are unlikely to be effective when the virus is already

spreading rapidly within a country.

"We recognise that these measures carry a high economic and social cost, so it is important that governments use travel restrictions in a targeted way," said Professor Mark Jit from the London School of Hygiene and Tropical Medicine, who led the study.

India at advantage with huge skilled workforce for post-Covid world: PM

PRESS TRUST OF INDIA
Hyderabad, December 8

OBSERVING THAT OVERCOMING challenges in the post Covid-19 world and keeping up with the emerging trends is crucial for businesses, Prime Minister Narendra Modi said India was in an advantageous position with its huge pool of skilled workforce.

In a written message to the

three-day TIE Global Summit (TGS) being held virtually, Modi said over the last six and a half years, the Centre has injected a new spirit via wide-ranging reforms in policies and governance and as a force multiplier, technology has been making a positive impact in lives of people.

"Overcoming the challenges in the post Covid-19 world and keeping up with the emerging trends and opportunities is cru-

cial for the businesses and enterprises to stay relevant. In such a scenario India finds itself in an advantageous position with its huge pool of skilled workforce and demographic potential," he said.

The PM said the nation was marching ahead with its resolute resolve to build a strong and self-resilient India that encapsulates the vision of world welfare and full integration.
