## Paytm Money launches bond investing on its platform

Ahmedabad, One97 Communications Limited (OCL) that owns the brand Paytm, India's leading mobile payments and financial services company, today announced that its wholly-owned subsidiary Paytm Money Limited has launched the most advanced bonds platform for retail investors in India. The company is simplifying bonds for retail investors and enabling them to invest in three types of bonds – government, corporate and

tax-free.

Having been the first to bring easy investments in direct mutual funds and equity investments, Paytm Money continues to be at the forefront of innovation in the Indian capital markets. Bonds on Paytm money app presents investors all relevant information at one place, and converts everything to yield so investors can analyse and understand the returns they can earn. Now, investors will not have to go to different sources for information on coupon vs yield, clean price vs dirty price, coupon frequency, coupon record dates etc, and instead find it all on one dashboard on the Paytm Money app. (19-1)

## 5,000 UG students selected for Reliance Foundation Scholarships

Ahmedabad, Five thousand first-year undergraduate students from 27 states and four Union Territories will be awarded the Reliance Foundation Undergraduate Scholarships for 2022-23. Selected scholars will receive a grant of up to Rs. 2 lakh and an opportunity to be part of an enabling alumni network.

"By enabling access to education, the Reliance Foundation Scholarships hope to give wings to dreams of young people. This is a diverse group of scholars as they are from varying disciplines of study, from nearly all the states of India and with girls and boys being equally represented. We congratulate

every selected scholar and we are confident that they will build a strong future for themselves while contributing to India's progress," said Mr. Jagannatha Kumar, CEO, Reliance Foundation.

The Reliance Foundation

Undergraduate Scholarships are awarded on merit-cum-mean basis to students in any stream of study. For this year, selected scholars are from streams including Engineering/Technology, Science, Medicine, Commerce, Arts, Business/Management, Computer Applications, Law, Education, Hospitality, Architecture and other professional degrees. The 5,000 scholars for 2022-23 cycle, of which 51% are girls, were selected from nearly 40,000 applicants studying at over 4,984 educational institutions through a rigorous selection process, which involved an aptitude test, Class 12 marks and other eligibility criteria. Further reflecting the diversity inherent to the programme, this round saw selection of 99 students with disabilities for award of scholarships.

Ahmedabad, Pepper Advantage, a global credit intelligence company, has acquired Rieom, a specialist AI-driven credit management software platform based in India. Rieom.ai's flagship product is an AI/ML-driven predictive pay-before-pay credit approval tool that uses socio-demographic and profile-based analysis to assess loan application documents to identify fraud

risks and other suspicious behaviour prior to credit approval.

The tool is a continuously learning platform that can support the credit risk assessment of over 60 different document types, from ID verification to bank statements and utility bills. Additionally, it can be integrated directly into the loan originator's credit management systems via API, providing a scalable, holistic, contextual and relationship-driven platform to evaluate loan application and portfolio risk analysis. The product also includes automated transaction monitoring and is highly superior to traditional and individualised internal processes slow credit applications across India's financial services sector.
