4 The Group's operations and financial results for the year ended March 31, 2021 were recently impacted by the outbreak of COVID-19 pandemic and the consequent series of lockdowns announced by the Government of India due to which the operations were suspended for part of first quarter and gradually resumed with requisite precautions and then continued normally. The results for the year ended March 31, 2021 are therefore not comparable with those for the previous period. The Group has considered the possible effects that may result from this pandemic on the carrying amounts of property, plant and equipment, investment, inventories, receivables and other current assets. The Group expects the carrying amount of these assets will be recovered and no material adjustment required in the financial statement. The Group will continue to closely monitor any material changes to future economic conditions.
