Chairman's Message

Dear Stakeholders,

The uncertainty due to global geopolitical conflict and aftermath of COVID-19 third wave; made 2021-22 a uniquely challenging fiscal year. Overall, the year was marked by rising inputs costs and supply chain bottlenecks, which put pressure on our margins.

At Shankar Lal Rampal Dye-chem Limited, our priority is always with the safety and health; we have adopted all necessary precautions and suggestive practices to safeguard health & interest of communities we work in and client we serve to.

World Chemical industry is sized at US\$ 5 tn and it grew by 25% (mainly because of lower base) in 2021. Indian Chemical industry is sized at US\$ 175 bn and it grew by 29% in 2021-22. This provides for an excellent potential to its constituents to improve, innovate and grow.

Dyes and Chemical Industries also seen a shift in customer preferences. Due to increase in use of hygienic, health and safety measures by customers; the demand for safety and precautionary measures has been increased.

Environmental and social investment in sustainability of good health and hygiene has seen a hike.

The starting of FY 2021-22 the entire economy was shutdown due to Pan-India Lockdown measure adopted by Indian Government; started as a year of no operations; the company still was working on digital mode to supply various materials necessary for various hygiene activities and as the operations were closed; working was slow down. The pandemic has tragically

cost many lives, hampering lifestyles and leaving many temporary and permanent changes in way of working.

Hygiene is the vital term in case of Health and Safety. Use of sanitizers, disinfectant, cleansing agents, masks, etc. has been the most trending outset of business. Your company is already dealing in Disinfectant and chemicals used for Hygiene; hence the company was able to fetch good and foreseen returns from investment in various business related opportunities, the company was able to announce Bonus Issue of equity shares and despite of tremendous problem in logistic, increasing material cost & facing economic slowdown due to several curfew, lockdown, etc.; the company is still able to maintain its sales & customers. In my opinion we were able to serve satisfactorily the market needs. This growing market valuation of our products is due to Shankar Lal Rampal Dye-chem Limited ("Srdyechem/SRDL")'s differentiated strategy, improving capital allocation and most importantly your firm belief in sustainability and growth of your company. Despite these challenges, the Castrol India team demonstrated remarkable resilience and delivered its highest-ever revenue till date of Rs. 303 Crores in 2021-22, marking a tremendous growth over last year. The company has also promoted E-payment or online payment facility among its customers.

The vision of better quality products, loyal customers, safety measures in handling operations and good trade practices have been driving force for your company to

ANNUAL REPORT 2021-22

sustain and earn favorable outcome. Advancing our sustainability agenda in India, we introduced targeted interventions in our operations, packaging, and distribution, with a focus on saving waste, reducing carbon, and improving people's lives.

The opportunities ahead are huge. By staying true to its vision, mission and its values, and by continually investing in building newer capabilities, your Company is positioned well to become the foremost partner of choice to all forward thinking

enterprises in their growth and transformation journeys.

We delivered these results while looking after our people, enabling vaccination for our employees & contractors, and ensuring that everyone was safe and well during testing times. With vaccination rates going up in India and the economic environment moving towards normalcy, we remain confident of the long-term growth opportunities for your company.

On behalf of Board of Directors, I want to thank you all for continued trust and confidence.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. THE COMPANY'S RESPONSE TO THE COVID-19 PANDEMIC:

In 2021, the world continued to reel under the threat of the coronavirus. The second wave of the COVID-19 pandemic hit India hard, and as a company, we were faced with several challenges and disruptions. Your company managed this unprecedented situation with three clear objectives:

- Protecting our employees,
- Supporting our communities, and
- Protecting the financial health of our business

Employees: All employees, except the employees managing business critical activities, worked from home. The Company created safe operating guidelines for its sales teams and standard operating procedures for staff following government advisories and guidelines. Guidelines for safe operations during COVID-19 were deployed at all plants to ensure safeguards for the wellbeing of our people on the frontline. The Company kept teams informed and well

engaged, and offered them psychological, ergonomic and IT support to work comfortably from home and safeguard their health.

Customers: The Company ensured business continuity and fulfilled customer demands during this period despite several logistic challenges. Sanitization services were provided at the branches.

Communities: As a responsible corporate citizen, the Company committed its support as part of a country wide COVID-19 response. Your company made a social investment of around Rs. 11.10 Lacs in 2021-22, collaborating with various national and local stakeholders to ensure sustained interventions.

Business continuity plans: The Company activated business continuity plans to respond effectively to the constantly evolving situation. Response plans were developed and continually monitored to protect the health and long-term sustainability of the company.

ANNUAL REPORT 2021-22

2. INDUSTRY STRUCTURE & DEVELOPMENTS:

Global Dye-Chemical Industry

As the demand for organic chemicals is rising across the world due to the spread of the coronavirus, manufacturers are on the verge of rising the prices of organic chemicals products along with suppliers and online vendors. Globally, the dyes and pigments market is expected to see healthy growth in the coming years, led by growing construction and automotive industries. Market growth is expected to be influenced by the rising demand for organic pigments.

Indian Dye-Chemical Industry

India is a strong global dye supplier, accounting for approximately 16% of the world production of dyestuff and dye intermediates. Chemicals industry in India has been de-licensed except for few hazardous chemicals. Chemicals industry in India is highly diversified, covering more than 80,000 commercial products. It is broadly classified into Basic chemicals, Specialty chemicals, and Agrochemicals. Indian chemicals industry (excluding pharmaceutical products) ranks 14th in exports globally. Indian chemical industry employs more than 2 million people. The Indian industry has fared better and company growth rates have been in higher single digits as relatively stronger domestic consumption has

ensured that Indian chemical companies enjoyed better growth compared to their global peers. The chemical industry in India is a key constituent of Indian economy, accounting for about 2.11 per cent of the GDP. With just a couple exceptions, outlooks for key chemical markets are equally bright.

3. Economic scenario:

Your Company has been continuously striving to keep its costs to minimum possible to aggressively compete with Indian & global competitors. Moreover, slowly India is getting competitive with respect to global manufacturers, as global environmental rules are becoming stringent like that of India. The lockdowns and restrictions imposed on various business operations due to COVID 19 pandemic have created several obstacles in day to day activities of the company. As stated earlier, retail facilities were shut down entirely during the lockdown phase as the company was not part of Government denominated essential services.

Corporate and regional offices were also shut, but the Company adopted the work from home policy during the entire duration of the lockdown. And In the very initial stage of this pandemic outbreak; the top level management suo-motu decided to make arrangements for sanitization, thermal screening, use of masks, staggered working and lunch schedules for whole staff members and customers. The

ANNUAL REPORT 2021-22

company also offer specialty performance chemicals to the Sanitization, Textile Dyeing and printing industry. The Trading facility of the company is situated at Bhilwara (Rajasthan) and Mumbai (Maharashtra). The facility is spread over 2 states. The company is an ISO 9001:2015 and ISO

14001:2015 certified company. Beside Trading of numerous types of Dyes and chemical products, Our Company has large number of products and offers an entire range of specialty chemicals used in Sanitization based products, Textiles & Garments processing.

4. Key Ratios

As required by SEBI (LODR)(Amendment) Regulations, 2018, the Company is required to furnish the details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios based on standalone financial statement, along with detailed explanations for the changes. Kindly refer Page 6 for details.

Many Ratio show favorable trend as due to the product company deals in, has shown consistent demand in market. The turnover has shown a positive impact due to reasons stated in Business Outlook. Dividend Payout Ratio was unfavorably impacted as company wants to retain some profits to meet exigencies that may arose due to COVID-19 and delayed realization of money.

5. Major challenges & solutions:

1. Manufacturing Facility Not available - Although the company is deal in variety of color shades in dyes, but as presently we don't have manufacturing facility. This restricts us to cater wider category of customers and competition. However, going forward our company would intend to expand its portfolio to develop and established manufacturing plant in future.
2. Dependent on third-party suppliers - Our company deal in Dye and chemical intermediates from third party producers. It does not have its own manufacturing

facility for producing intermediates and hence is largely dependent on third parties. In the past, company has faced cost issues owing to higher prices of intermediates charged by them, we are prone to such threats by them. However, the relationship and the volume of business we generate for them somehow mitigates this weakness of us.

3. Increasing competition - Dye and chemical industry is highly competitive, facing stiff competition from both

ANNUAL REPORT 2021-22

organized and unorganized player. Our company faces tough competition from them in terms of pricing and customer base. Also, there are always the chances of new players entering this sector since barriers to entry are low. Further, there is contingency on how long benefit accruing due to China may be enjoyed. There may be turnaround in China's dye and chemical industry which possess huge threat to Indian market. However, our company has been successful enough to compete with them with increasing market share.

4. Extreme volatility of exchange rate of rupee against US dollar can have significant impact on the Company's operations because company has substantial imports. Any major change in Environment Policy by Government can affect the production on short term basis.
5. Impact of COVID-19 outbreak-The Company is predominantly dependent on trading operations and company also deals with Export orders. There is subsequent impact seen on sale with a reduction

in monthly sale of the products and exports. The sale which was executed during the Lock down period were mostly execution of advance sale orders.

The drop in sales is also expected to impact the profitability in the near term. The exact impact of this pandemic can't be estimated at this point of time but the company expect a substantiate increase in purchase price, material handling, transportation and the same will significantly increase the inventory cost.

6. Government Initiatives

The chemical industry has responded by mass-producing cost-effective hygiene and cleanliness maintenance solutions for domestic and industrial applications in the form of soaps, detergents and sanitizers. The government is also supporting these ventures.

7. Dyes-chemical industries post covid intricacies.

Like many industries, coronavirus has hit chemical manufacturing hard, not only due to shutdowns but also because of moves to restrict the activities of people and consumers. World trade has

ANNUAL REPORT 2021-22

plummeted, while oil prices have fallen.

Post-coronavirus, your business will need to be competitive and achieve more with less. If you're not on a path already, you need to think deeply about what your business can gain from digital transformation.

The key challenges are a mixture of the consequences of the shutdown affecting the spread of fixed costs, labour shortages including contract workers, challenges with working capital and finally the decline in local and export demand.

8. Business outlook:

Your Company has progressively leveraged product quality assurance and good trade practices to trade in higher value products, expanding capacities to optimal scale. The Company has placed a greater focus on better value added chemical storage and delivering process. Comparative low labour costs, excellent army of technical manpower, capabilities to scale up technologies, potential to increase share in undeveloped domestic and global markets shall empower your company's Speciality Chemicals growth.

The company has recently issued Bonus shares to equity shareholders on right issue basis in December, 2021 in ratio of 1:1;

so company is in a comfortable position in view of capital adequacy. Also, Bankers and lenders of the company have provided adequate Bank and O/d limit that will help to meet out working capital requirements.

As expected from previous FY 2021-22 performance the company was able to reduce its overall debts. In view of financial year 2021-22; the company expects a strong position in regards of solvency, liquidity and overall financial outlook of the company.

Several Sanitization chemical in which company and its group firms deal in; will surely provides an opportunity in near quarter and the products will definitely help society and industry to mitigate the risk of virus outbreak.

Before the COVID-19 pandemic outbreak, the Company embarked upon a proper online payment facility at all its regional offices. This initiative will help company to reduce customer visit to the business place. Company has also adopted online brochure based promotion; which help customers to choose the ideal product from their home itself.

ANNUAL REPORT 2021-22

Company has planned several measures to mitigate risk of increase in inventory cost, material handling charges and for reducing risk of bad debts.

The company is having good solvency position and a viable outlook to pay its long term and short term debts and other finance cost. The company continues a good financial discipline by timely payment of interest and its liabilities.

The Company always strives to cater to the customized demand and main focus is to cater the need of the Textile and Garments Industry, Dyes Industry, Chemical Industry and your company has achieved target revenues with high level of customer satisfaction. With very robust demand for company's products, Company has potential for adding capacities in coming period.

9. Segment wise performance:

In FY 2021-22, around 100% of total sales of the company came from domestic sales of dye and chemical stuff in India. The company mainly got good demand for Sulphur Dyes and Chemicals, Hydrogen Peroxide, Sodium Bi Carbonate, Sodium Meta Bi Sulphite, Soda Ash Light, etc.

10. Internal Control Framework:

Your Company has sound and adequate internal control systems commensurate with its size and nature of business. We constantly upgrade our systems for incremental improvements. The Audit Committee of the Board periodically reviews these systems. These systems ensure protection of assets and proper recording of transactions and timely reporting. Internal audit is conducted out by an independent professional firm on regular basis. The Audit Committee also regularly reviews the periodic reports of the Statutory Auditors, Internal Auditors and Accounts departments. The Company has trained the staff in order to upgrade with the recent changes in the taxation like TDS on sale/purchase and reconciliation of GST Input. Audit Committee constantly tries to add value by evaluating existing systems.

The Company has adopted a bottom-up and top-down approach to drive Enterprise Risk Management. The bottom-up approach includes identification and regular assessment of risks by respective businesses and cross-functional teams and plan for mitigating such risks in a structured manner. This is complemented by a top-down approach where the senior management identifies and assesses long-term and macro risks. Risks are consolidated under major risk themes to create focus areas and prioritise mitigation plans.

11. Financial performance overview:

Your Company has grown progressively on year-to-year basis

ANNUAL REPORT 2021-22

through addition of new products as well as continuous upgradation and optimisation of its trading facilities. The Company has a healthy turnover and profit track record and has a robust outlook for the future. Despite of slow global economic recovery, global issues faced due to pandemic outbreak and nation-wide challenging environment in Dye-chemical and allied Sector, it was only with aggressive strategies on various fronts and with proper utilization of all available facilities by the directors of the company.

12. **Material developments in human resources / industrial relations front, including number of people employed:**

Human capital has always been the most important and valuable asset for the Company. Your Company continued its activities during the year in a cordial atmosphere with utmost co-operation amongst employees and the management. As of the date of the report, the total number of the employees of Company is 9. The management is committed to promote safety, occupational health and proper environment in designing, planning, training and completion of all tasks. Trainings are imparted to workmen in various new techniques and systems. In addition, the company regularly works with external experts for specific initiatives.

SG 2730, Suwana,
Bhilwara-311011(Raj.)

I have examined the compliance of conditions of Corporate Governance by the company for the year ended March 31, 2022, as stipulated in Regulations 17, 17A, 18, 19, 20, 21, 22, 23, 24, 24A, 25, 26, 27 and Clause (b) to (i) of sub-regulation (2) of Regulation 46 and para C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (collectively referred to as 'SEBI Listing Regulations, 2015').

The compliance of conditions of Corporate Governance is the responsibility of the Management. My examination and verification of records was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the Financial Statements of the Company.

In my opinion and to the best of my information and according to the explanations given to me, I certify that the Company has complied with the conditions of Corporate Governance as stipulated in the SEBI Listing Regulations, 2015 and that none of the Directors on the Board of the Company have been debarred or disqualified from being appointed or continuing as directors of companies by the SEBI, the Ministry of Corporate Affairs or any other statutory authority.

I state that such compliance is neither an assurance to the future viability nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

INDEPENDENT AUDITORS' REPORT

**To the Members of
Shankarlal Rampal Dye Chem Limited**

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial statements of Shankarlal Rampal Dye Chem Limited (“the Company”), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by Companies Act, 2013 (“the Act”) in the manner so required, and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“IndAs”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 (“the act”). Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these

requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How the matter was addressed in our audit
<p><u>1.Valuation of Inventories</u></p> <ul style="list-style-type: none">• The net carrying value of inventory as on 31st March, 2022 is 5.96 % of Total Assets of the company.• Sales in the industry can be extremely volatile with consumer demand changing significantly (Seasonal) based on current trends. As a result, there is a risk that the carrying value of inventory exceeds its net realisable value. <p>Hence, we determined the valuation of inventories as a key audit matter.</p> <p><u>Related Disclosures:</u> Please refer to Note for details of the accounting policies of inventories and Note-4 of Notes to Financial Statements</p>	<p><u>Our audit procedure:</u></p> <ul style="list-style-type: none">• We have performed the Inventory physical stock count on sample basis. We performed inventory counts at location, which is selected based on financial significance and risk and we performed the following procedures at each site:<ul style="list-style-type: none">(i) Selected a sample of inventory items and compared the quantities we counted to the quantities recorded.(ii) Observed a sample of management's inventory count procedures to assess compliance with Company's policy, and(iii) Made inquiries regarding obsolete inventory items and inspected the condition of items counted.• We have also evaluated a selection of controls over inventory existence

<p>for relevant disclosures of inventories.</p>	<p>across the company.</p> <ul style="list-style-type: none"> • Examining the Company’s historical trading patterns of inventory sold at full price and inventory sold below full price, together with the related margins achieved for each product lines in order to gain comfort that stock has not been sold below cost. • Evaluating the rationality of the inventory policies such as the policy of inventory valuation and provision for obsolescence and understanding whether the valuation of inventory was performed in accordance with the Company's policy. • Analyzing the inventory aging report and net realizable value of inventories. • Inspecting the post period sales situation and evaluating the net realizable value of measurement applied on aging inventory in order to verify the evaluation accuracy of the estimated inventory allowance by the Company and • Assessing whether the disclosures of provision for inventory valuation are appropriate.
<p><u>2. Trade Receivables</u></p> <ul style="list-style-type: none"> • The recoverability of trade receivables and the level of provisions for doubtful debts are considered to be a significant risk due to the pervasive nature of these 	<p><u>Our Audit Procedure:</u></p> <ul style="list-style-type: none"> • Assessed the design and implementation of key controls around the monitoring of recoverability. • Discussed with the management regarding the level and ageing of trade

<p>balances to the financial statements, and the importance of cash collection with reference to the working capital management of the business.</p> <ul style="list-style-type: none"> •At 31st March, 2022 the trade receivables balances (net of provisions) consist of 72.23 % of the total amount of assets. Accordingly, we determined audit of trade receivables as the key audit matter. <p><u>Related Disclosures:</u> Please refer to Note-5 of Notes to Financial Statements for relevant disclosures of Trade Receivables.</p>	<p>receivables, along with the consistency and appropriateness of receivables provisioning by assessing recoverability with reference to amount received in respect of trade receivables.</p> <ul style="list-style-type: none"> • In addition, we have considered the company's previous experience of bad debt exposure and the individual counter-party credit risk. • Tested these balances on a sample basis through agreement to post period end invoicing and cash receipt. • The accuracy and completeness was verified through, analytical reviews and balance confirmation. • Analyzing the aging schedule of trade receivable, past collection records, industry boom and concentration of customers' credit risk.
<p><u>3. Revenue Recognition</u></p> <ul style="list-style-type: none"> • Revenue is an important measure used to evaluate the performance of the Company. There is a risk that the revenue is presented for amounts higher than what has been actually generated by the Company. Consequently, we considered revenue recognition to be a significant key audit matter. 	<p><u>Our audit procedure:</u></p> <ul style="list-style-type: none"> • Assessing the design, implementation existence and operating effectiveness of internal control procedures implemented as well as test of details to ensure accurate processing of revenue transactions. • Inspecting underlying documentation for any book entries which were considered to be material on a sample basis. • Inspecting the key terms and

Related Disclosures:

conditions of agreements with major customers on a sample basis to assess if there were any terms and conditions that may have affected the accounting treatment of the revenue recognition.

- The accuracy and completeness of revenue was verified through, cut-off test, analytical reviews and balance confirmation.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon. The other information as identified above is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information as identified above, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the IndAS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern.

If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and

qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor's Report) Order, 2020("the order) issued by the Central Government in terms of Section 143(11) of the act, we give in "Annexure I" a statement on the matters specified in paragraph 3 and 4 of the Order

ANNEXURE “II” FORMING PART OF INDEPENDENT AUDITOR’S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”).

We have audited the internal financial controls with reference to financial statements of Shankarlal Rampal Dye Chem LIMITED (“the Company”) as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the

Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to IndAS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal financial controls with reference to financial statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to IndAS financial statements were operating effectively as at March 31, 2022, based on the internal financial controls with reference to IndAS financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note No. 1 - Company Information and Significant Accounting Policies

A. Corporate Overview

Shankarlal Rampal Dye Chem Limited (the “Company”), Incorporated on 19th September, 2005. is a Company domiciled in India and limited by shares (CIN: L24114RJ2005PLC021340). The address of the Company’s Registered Office is S.G. 2730, Suwana, Bhilwara-(Rajasthan 311011). The company is engaged in Trading in Dyes And Chemicals. The company is listed at Bombay Stock Exchange of India Limited.

B. Basis of Preparation

These Separate Financial Statements are prepared on Going Concern basis following Accrual basis of accounting and comply in all material aspects with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto, the Companies Act, 2013 (to the extent applicable), applicable provisions of the Companies Act, 1956.

1. Basis of Measurement/Use of Estimates

- (i) The Financial Statements are prepared on Accrual basis under the Historical Cost convention except certain Financial Assets and Liabilities (including Derivatives instruments) that are measured at fair value.

Historical Cost is generally based on the Fair Value of the consideration given in exchange for goods and services.

Fair Value is the price that would be received to sell an asset or paid to transfer a Liability in an orderly transaction between market participants at the measurement date.

- (ii) The preparation of Financial Statements requires judgments, estimates and assumptions that affect the reported amount of Assets and Liabilities, disclosure of Contingent Liabilities on the date of the Financial Statements and the reported amount of Revenues and Expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized.

2. Functional and Presentation Currency

These Financial Statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR, except as stated otherwise.

3. Current and Non-Current classification

The Company presents Assets and Liabilities in the Balance Sheet based on Current/Non-Current classification.

An Asset is Current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or Cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as Non-Current.

A Liability is Current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

All other Liabilities are classified as Non-Current.

Deferred Tax Assets/Liabilities are classified as Non-Current.

C. Significant Accounting Policies

A summary of the significant Accounting Policies applied in the preparation of the Financial Statements are as given below. These Accounting Policies have been applied consistently to all periods presented in the Financial Statements.

1. Property, Plant & Equipment

1.1. Initial Recognition and Measurement

An item of Property, Plant and Equipment is recognized as an Asset if and only if it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably.

Items of Property, Plant and Equipment are measured at Cost less Accumulated Depreciation/Amortization and Accumulated impairment losses. Cost includes expenditure that is directly attributable to bringing the asset, inclusive of non-refundable taxes & duties, to the location and condition necessary for it to be capable of operating in the manner intended by management.

When parts of an item of property, plant and equipment have different useful lives, they are recognized separately.

Items of spare parts, stand-by equipment and servicing equipment which meet the definition of Property, Plant and Equipment are capitalized.

1.2. Subsequent Costs

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

The cost of replacing part of an item of Property, Plant and Equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day-to-day servicing of Property, Plant and Equipment are recognized in Statement of Profit or Loss as and when incurred.

1.3. Derecognition

Property, Plant and Equipment are derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and Losses on disposal of an item of Property, Plant and Equipment are determined by comparing the proceeds from disposal with the carrying amount of Property, Plant and Equipment, and are recognized in the Statement of Profit and Loss.

1.4. Depreciation

Assets are depreciated using straight line method over the estimated useful life of the asset as specified in Part "C" of Schedule II of Companies Act, 2013 except for Plant & Machinery, after retaining residual life of 5% of original cost. Assets residual values and useful lives are reviewed at each financial year end considering the physical condition of the assets.

Depreciation on additions to/deductions from Property, Plant & Equipment during the year is charged on pro-rata basis from/up to the date on which the asset is available for use/disposed.

Where it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably, subsequent expenditure on a PPE along-with its unamortized depreciable amount is charged off prospectively over the revised useful life determined by technical assessment.

In circumstance, where a property is abandoned, the cumulative capitalized costs relating to the property are written off in the same period.

2. Capital Work-in-Progress

The cost of self-constructed assets includes the cost of materials & direct labour, any other costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by management and borrowing costs.

Expenses directly attributable to construction of property, plant and equipment incurred till they are ready for their intended use are identified and allocated on a systematic basis on the cost of related assets.

3. Intangible Assets and Intangible Assets under Development

3.1. Initial recognition and measurement

An Intangible Asset is recognized if and only if it is probable that the expected future economic benefits that are attributable to the asset will flow to the company and the cost of the asset can be measured reliably.

Intangible assets that are acquired by the Company, which have finite useful lives, are recognized at cost. Subsequent measurement is done at cost less accumulated amortization and accumulated impairment losses. Cost includes any directly attributable incidental expenses necessary to make the assets ready for its intended use.

Expenditure on development activities is capitalized only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable and the Company intends to and has sufficient resources to complete development and to use or sell the asset.

Expenditure incurred which are eligible for capitalizations under intangible assets are carried as intangible assets under development till they are ready for their intended use.

3.2. Subsequent Costs

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

3.3. Derecognition

An Intangible Asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and Losses on disposal of an item of Intangible Assets are determined by comparing the proceeds from disposal with the carrying amount of Intangible Assets and are recognized in the Statement of Profit and Loss.

3.4. Amortization

Intangible Assets having definite life is amortized on straight line method in their useful lives. Useful life of Computer Software is estimated at five years.

4. Borrowing Cost

Borrowing costs that are directly attributable to the acquisition, construction, exploration, development or erection of qualifying assets are capitalized as part of cost of such asset until such time the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for their intended use or sale. Capitalization of borrowing costs ceases when substantially all the activities necessary to prepare the qualifying assets for their intended uses are complete. Borrowing costs consist of:

- (a) interest expense calculated using the effective interest method as described in Ind AS 109 – ‘Financial Instruments’,
- (b) finance charges in respect of finance leases recognized in accordance with Ind AS 116 – ‘Leases’,
- (c) exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs and,
- (d) other costs that an entity incurs in connection with the borrowing of funds. Income earned on temporary investment of the borrowings pending their expenditure on the qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are charged to revenue as and when incurred.

5. Statement of Cash Flows

Cash Flow Statement has been prepared in accordance with the Indirect method prescribed in Ind AS 7 ‘Statement of Cash Flows’.

6. Inventories

Inventories are valued at the lower of cost and net realizable value. Cost includes cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Costs of purchased inventory are determined after deducting rebates and discounts. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Spare parts other than those capitalized as Property, Plant and Equipment are carried as inventory.

The diminution in the value of obsolete, unserviceable and surplus stores & spares is ascertained on review and provided for.

7. Cash and Cash Equivalent

Cash and cash equivalent in the Balance Sheet comprises Cash at Banks, Cash on Hand and Short-Term Deposits with an original maturity of three months or less, which are subject to insignificant risk of change in value.

8. Government Grants

Government grants are recognised where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions. When the government grant relates to an asset, the asset is disclosed by deducting that grant in arriving at the carrying amount of that asset. Government grants that compensate the Company for expenses incurred are recognised in the statement of profit and loss, as income or deduction from the relevant expense, on a systematic basis in the periods in which the expense is recognised.

9. Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset

if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Contingent Liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a Contingent Liability, unless the probability of outflow of economic benefits is remote. Contingent Liabilities are disclosed on the basis of judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

Contingent Assets are possible assets that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent Assets are disclosed in the financial statements when inflow of economic benefits is probable on the basis of judgment of management. These are assessed continually to ensure that developments are appropriately reflected in the financial statements.

10. Foreign Currency Transactions and Translation

Transactions in foreign currencies are initially recorded at the functional currency rates at the date the transaction first qualifies for recognition.

Monetary Assets and Liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in Statement of Profit and Loss in the year in which it arises.

Non-monetary items are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

11. Revenue Recognition

The Company derives revenues primarily from business of textiles. Effective April 1, 2018, the Company adopted Ind AS 115 “Revenue from Contracts with Customers” using cumulative catch-up transition method, applied to contracts that were not completed as of April 1, 2018. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The following is a summary of new and/or revised significant accounting policies related to revenue recognition. Refer Note1“Significant Accounting Policies,” in the

Company's 2018 Annual Report for the policies in effect for Revenue prior to April 1, 2018.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services.

Ind AS 115 moves away from the “transfer of risk and rewards” approach and introduces a new “transfer of control” approach delivered through the new five-step model described as follows:

1. Identify the contract with a customer.
2. Identify the separate performance obligations in the contract.
3. Determine the transaction Price.
4. Allocate the transaction price to the separate performance obligations.
5. Recognize revenue when (or as) each performance obligation is satisfied.

At contract inception, an entity assesses the goods or services promised in a contract with a customer and identify each performance obligation promised to be transferred to the customer either:

- (a) a good or service (or a bundle of goods or services) that is distinct; or
- (b) a series of distinct goods or services that are substantially the same and that have the same pattern of transfer to the customer.

The company classifies the right to consideration in exchange for deliverables as either a receivable or as a contract asset. A receivable is a right to consideration that is unconditional upon passage of time. Revenues in excess of billings is recorded as contract asset and is classified as a financial asset for these cases a right to consideration is unconditional upon passage of time. This would result in the timing of revenue recognition being different from the time of billing the customers. Company classifies amount received as advance from customers against sales as contract liability.

Trade receivables and unbilled revenues are presented net of impairment in the Balance Sheet.

11.1 Sale of Goods

Revenue from the sale of goods is recognised upon transfer of control of the goods have passed to the buyer, which generally coincides with dispatch. Revenue from export sales are recognised on shipment basis. Revenue from the sale of goods is measured at an amount that reflects the consideration we expect to receive in exchange for those products (i.e. the transaction price). The Company presents revenues net of indirect taxes, returns and allowances, trade discounts and volume rebates in its Statement of Profit and Loss. Inter-divisional sales comprising of sale of power for captive consumption is reduced from gross turnover in arriving Net Turnover.

11.2 Rendering of services

Revenue from Job work services is recognised based on the services rendered in accordance with the terms of contracts.

11.3 Other Export Benefit

Export benefits are accounted for in the year of export at net market realizable value.

11.4 Other Income

Revenue from transactions or events that do not arise from a contract with a customer not in the scope of Ind AS 115 are continue to be recognized in accordance with the other standards. Such Income includes Interest and Dividend income which are dealt with in Ind AS 109 and Rental income to be accounted as per Ind AS 116.

11.5 Interest Income

For all financial instruments measured at amortized cost and interest-bearing financial assets classified as fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). The EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit or loss.

11.6 Dividend

Dividend Income is recognized when the company's right to receive is established which generally occurs when the shareholders approve the dividend.

11.7 Income other than Interest and Dividend

Other income is recognized in the Statement of Profit and Loss when increase in future economic benefits related to an increase in an asset or a decrease of a liability has arisen that can be measured reliably.

12. Employee Benefits

12.1. Short Term Benefit

Short-term employee benefit obligations are measured on an undiscounted basis and are booked as an expense as the related service is provided.

A liability is recognized for the amount expected to be paid under performance related pay if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

12.2. Post-Employment Benefits

Employee Benefit that are payable after the completion of employment are Post-Employment Benefit (other than termination benefit). These are of two types:

12.2.1. Defined Contribution Plans

Defined contribution Plans are those plans in which an entity pays fixed contribution into separate entities and will have no legal or constructive obligation to pay further amounts. Provident Fund and Family Pension Funds are Defined Contribution Plans in which company pays a fixed contribution and will have no further obligation.

12.2.2. Defined Benefit Plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan.

Company pays Gratuity as per provisions of the Gratuity Act, 1972. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service costs and the fair value of any plan assets are deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a liability to the company, the present value of liability is recognized as provision for employee benefit. Any actuarial gains or losses in respect of gratuity are recognized in OCI in the period in which they arise.

12.3 Other Long-Term Employee Benefits

Benefits under the Company's Leave Encashment Scheme constitute other long-term employee benefits. The Company's net obligation in respect of leave encashment is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to

determine its present value, and the fair value of any related assets is deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations. The calculation is performed using the projected unit credit method. Any actuarial gains or losses are recognized in profit or loss in the period in which they arise.

13. Income Taxes

Income Tax Expense comprises Current and Deferred Tax. Current Tax Expense is recognized in Statement of Profit and Loss A/c except to the extent that it relates to items recognized directly in other comprehensive income or equity, in which it is recognized in OCI or Equity.

Current Tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted and as applicable at the reporting date, and any adjustment to tax payable in respect of previous years. Current Income Taxes are recognized under 'Income Tax payable' net of payments on account, or under 'Tax receivables' where there is a debit balance.

Deferred Tax is recognized using the Balance Sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred Tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred Tax Assets and Liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle Current Tax Liabilities and Assets on a net basis or their tax assets and liabilities will be realized simultaneously.

Deferred Tax is recognized in Statement of Profit and Loss except to the extent that it relates to items recognized directly in OCI or Equity, in which case it is recognized in OCI or Equity.

A Deferred Tax Asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized. Minimum Alternate Tax credit is recognized as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal Income Tax during the specified period.

Additional Income Taxes that arise from the distribution of dividends are recognized at the same time that the liability to pay the related dividend is recognized.

14. Leases:

14.1 Recognition:

The Company as a Lessee

The Company's Lease Asset classes primarily consist of Leases for Land and Buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

14.2 Accounting for

14.2.1 Operating Leases

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating lease. Payments made under operating leases are recognized as an expense over the lease term.

14.2.2 Finance Lease

Leases of Property, Plant and Equipment where the Company, as lessee has substantially all risks and rewards of ownership are classified as finance lease. On initial recognition, assets held under finance leases are recorded as Property, Plant and Equipment and the related liability is recognized under borrowings. At inception of the lease, finance leases are recorded at amounts equal to the fair value of the leased asset or, if lower, the present value of the minimum lease payments. Minimum lease payments made under finance leases are apportioned between the finance expense and the reduction of the outstanding liability.

15. Impairment of Non-Financial Assets

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, then the asset's recoverable amount (higher of its fair value less costs to disposal or its value in use) is estimated.

An impairment loss is recognized if the carrying amount of an asset or its Cash Generating Unit (CGU) exceeds its estimated recoverable amount. Impairment losses are recognized in profit or loss.

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount which is only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

16. Dividends

Dividends and Interim dividends payable to a Company's shareholders are recognized as changes in equity in the period in which they are approved by the shareholders' meeting and the Board of Directors respectively.

17. Material Prior Period Errors

Material prior period errors are corrected retrospectively by restating the comparative amounts for the prior periods presented in which the error occurred. If the error occurred before the earliest prior period presented, the opening balances of assets, liabilities and equity for the earliest prior period presented, are restated.

18. Earnings Per Share

Basic earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

19. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a. Financial Assets

Initial recognition and measurement

All financial assets are recognized initially at fair value plus or minus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition or issue of the financial asset.

Impairment of Financial Assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets and credit risk exposure.

For recognition of impairment loss on financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, the credit quality of the instrument improves then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

In respect of Trade receivables or any financial asset that result from transactions that are within the scope of Ind AS 115, company follows 'simplified approach' for recognition of impairment loss allowance within the scope of Ind AS 115, if they do not contain a significant financing component. It recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

b. Financial Liabilities

Initial recognition and measurement

All Financial Liabilities are recognized at fair value and in case of loans, net of directly attributable transaction cost. Fees of recurring nature are directly recognized in the Statement of Profit and Loss as finance cost.

Subsequent Measurement

Financial Liabilities are carried at amortized cost using the effective interest method. Amortized cost is calculated by taking into account any discount or premium on acquisition and any material transaction that are any integral part of the EIR. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate the fair value of the instrument.

Derecognition

A Financial Liability is derecognized when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

c. Derivative Financial Instruments

The Company uses forwards to mitigate the risk of changes in interest rates, exchange rates and commodity prices. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value on the reporting date. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken to cash flow hedge reserve through Statement of Other Comprehensive Income.

These are accounted for as follows:

a)Cash flow hedge

When derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in the cash flow

hedging reserve being part of other comprehensive income. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Statement of Profit and Loss. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Statement of Profit and Loss upon the occurrence of the underlying transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified in the Statement of Profit and Loss.

b) Fair Value Hedge

Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of a hedged item for which the effective interest method is used is amortized to Statement of Profit and Loss over the period of maturity.

20. CSR Expenditure

Amount spent on CSR activities during the year is charged to Statement of Profit & Loss, if the same is of revenue nature. If the expenditure is of such nature, which may give rise to a capital asset, the same is recognized in the Balance Sheet as “CSR Assets” under respective head of Property, Plant & Equipment.

D. Major Estimates made in preparing Financial Statements:

1. Useful life of Property, Plant and Equipment and Intangible Assets

The estimated useful life of Property, Plant and Equipment is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Useful life of the assets other than Plant and machinery (except Laboratory Equipments, Fire Fighting Equipments and Tools & Equipments) are in accordance with Schedule II of the Companies Act, 2013.

The Company reviews at the end of each reporting date the useful life of property, plant and equipment, and are adjusted prospectively, if appropriate.

Intangible assets are being amortized on straight line basis over the period of five years.

2. Post-Employment Benefit Plans

Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have a material impact on the resulting calculations.

3. Provisions and Contingencies

The assessments undertaken in recognizing provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events requires best judgment by management regarding the probability of exposure to potential loss. In case of change in the circumstances the following unforeseeable developments, the likelihood could alter.

4. Estimation of uncertainties relating to the Global Health Pandemic from COVID-19

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of receivables, and inventory. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company, as at the date of approval of these financial statements has used internal and external sources of information including credit reports and related information, economic forecasts. The Company has performed sensitivity analysis on the assumptions used and based on current estimates expects the carrying amount of these assets will be recovered. The impact of COVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements.

i.Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to ensure that it maintains an efficient capital structure and healthy capital ratios in order to support its business and maximize shareholder value. The Company manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to shareholders. The capital structure of the Company is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor, creditors and market confidence. The management and the Board of Directors monitors the return on capital as well as the level of dividends to shareholders. The Company may take appropriate steps in order to maintain, or if necessary adjust, its capital structure. The Company monitors capital using a gearing ratio, which is calculated by dividing Net Debt from the Equity. The Company includes within Net Debt, interest bearing loans and borrowings less cash and short-term deposits (including other bank balance) and under Equity, the Equity Share Capital plus other Equity (excluding Preference Share Capital) is considered.

Particulars	As at 31st March 2022	As at 31st March 2021

i.Financial Risk Management

The Company's Financial Risk Management is an integral part of how to plan and execute its business strategies. The Company's financial risk management is set by the Managing Board.

Company is exposed to following risk from the use of its financial instrument:

- Credit Risk
- Liquidity Risk
- Market Risk

(a) Credit Risk

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categories a loan or receivable for write off when a debtor fails to make contractual payments greater than 2 years past due. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in profit or loss.

ANNUAL REPORT 2021-22

Provision for Expected Credit or Loss

(a) Financial assets for which loss allowance is measured using 12 month expected credit losses:

The Company has assets where the counter-parties have sufficient capacity to meet the obligations and where the risk of default is very low. Accordingly, no loss allowance for impairment has been recognized.

(b) Financial assets for which loss allowance is measured using life time expected credit losses:

The Company provides loss allowance on trade receivables using life time expected credit loss and as per simplified approach.

Ageing of Trade Receivables

Ageing	Not Due	0-180 days past due	181-365 days past due	1-2 years past due	2-5 years past due	Total

Hedge Accounting Disclosures

The Cash Flow hedging reserve represents the cumulative effective portion of gains or losses arising on changes in fair value of designated portion of hedging instruments entered into cash flow hedges. The cumulative gain or loss arising on changes in fair value of the designated portion of the hedging instruments that are recognized and accumulated under the heading of cash flow reserve will be reclassified to statement of profit and loss only when the hedged transaction affects the profit or loss or included as a basic adjustment to the non financial hedged item.

(b) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company's finance department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The table below summarizes the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

(c) Market Risk

Considering the Company's existing foothold/experience in the Textile sector, established & diversified client base, association with various international/domestic agents, it's competent sales team and an established marketing setup in India and International Market, it does not foresee any problem in marketing its production.

Market Risk is the risk of loss of future earnings, fair values of future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchanges rates, equity prices and other market changes that effect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, and other market changes. The Company manages market risk through a finance department, which evaluates and exercises independent control over the entire process of market risk management. The finance department recommends risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures, borrowing strategies, and ensuring compliance with market risk limits and policies.

i) Interest Rate Risk

It is the risk where changes in market interest rates might adversely affect the company's financial condition. The short term/immediate impact of changes in interest rates are on the Company's net interest income/expenses. On a longer term, change in interest rate impact the cash flows on the assets, liabilities and off-balance sheet items, giving rise to a risk to the net worth of the Company arising out of all reprising mismatches and other interest rate sensitive positions. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rate. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

At the reporting date the interest rate profile of the Company's interest-bearing financial instruments is as follows:

Detail of financial instrument bearing interest rate risk

At the reporting date the interest rate profile of the Company's interest bearing financial instrument is at its fair value:

Particulars	As at 31st March 2022	As at 31st March 2021
Variable rate instruments		
Long Term Borrowings	-	-
Current Maturities of Long Term Debts	-	-
Short Term Borrowings	2,074.61	1,250.13
Total	2,074.61	1,250.13

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Effect of Profit or Loss	
	50 BP decrease	50 BP increase
31st March 2022		
Term Loans	-	-
Loan repayable on demand	10.37	(10.37)

Total	6.25	(6.25)

ii) Foreign Exchange Risk

It is the risk that the company may suffer losses as a result of adverse exchange rates movements during a period in which it has an open position in an individual foreign currency. In addition, the company may also expose to the following risks on account of foreign exchange exposures as applicable.

Interest Rate Risk - Which arises from the maturity mismatches of foreign currency position

Settlement Risk - On account of risk of default of the counter parties.

ANNUAL REPORT 2021-22

Note 30 - Disclosure as per Ind AS 115 "Revenue from Contract with Customers"

The company has adopted Ind AS 115 "Revenue from Contracts with Customers" which is mandatory for reporting periods beginning on or after 01st April 2018. The Company has adopted the cumulative catch-up transition method, applied to contracts that were not completed as of April 1, 2018. In accordance with this method, the comparatives have not been retrospectively adjusted. Application of Ind AS 115 does not have any material impact on the financial results of the company.

Disaggregate revenue information

The table below presents disaggregated revenues from contracts with customers for the year ended March 31, 2022 by contract-type. The Company believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of our revenues and cash flows are affected by industry, market and other economic factors.

Particulars	As at 31st March 2022	As at 31st March 2021
Revenues on the basis of Geographical area		
- Domestic Sales	30,328.96	17,757.82
- Export Sales (Including Export Incentives)	-	-
Total	30,328.96	17,757.82

Trade receivables and Contract Balances

The Company classifies the right to consideration in exchange for deliverables either as a receivable or as unbilled revenue. A receivable is a right to consideration that is unconditional upon passage of time. Revenues in excess of billings is recorded as unbilled revenue and is classified as a financial asset for these cases as right to consideration is unconditional upon passage of time. This would result in the timing of revenue recognition being different from the timing of billing the customers.

Company classifies amount received as advance from customers against sales as contract liability.

Trade receivable and unbilled revenues are presented net of impairment in the Balance Sheet.

Performance obligations and remaining performance obligations

The remaining performance obligation disclosure provides the aggregate amount of the transaction price yet to be recognized as at the end of the reporting period and an explanation as to when the Company expects to recognize these amounts in revenue. Applying the practical expedient as given in para 121 of Ind AS 115, the Company has not disclosed the remaining performance obligation related disclosures for contracts as the performance obligation is part of a contract that has an original expected duration of less than 1 year.

The impact on account of applying the erstwhile IndAS 18 Revenue instead of IndAS 115 Revenue from contract with customers on the financials results of the Company for the year ended as at March 31, 2022 is insignificant.

Note 31 - Disclosure as per Ind AS 108 "Operating Segments"

(i) The Company is engaged in Business of Dyes and Chemicals. Hence there is no separate business segments. Details of Export outside country and Domestic sales within country are as under:
