## Airtel 5G Plus now live in all North-East states of India

**Kohima, Dimapur, Aizawl, Gangtok, Silchar, Dibrugarh & Tinsukia gets ultrafast Airtel 5G Plus services in addition to Shillong, Imphal, Agartala, Itanagar and Guwahati**

- *Promises to offer massive speeds, best voice experience, will work on all 5G smart phones and be kinder to the environment*
  - *No SIM change needed; existing Airtel 4G SIM is 5G enabled*
  - *Existing data plans will work on 5G until roll-out is complete*

**Guwahati, February 15, 2023:** Bharti Airtel (“Airtel”), India’s leading telecommunications services provider today announced the launch of its cutting edge 5G services in the North-East cities of **Kohima, Dimapur, Aizawl, Gangtok, Silchar, Dibrugarh & Tinsukia**. Airtel 5G Plus is already live in **Guwahati, Shillong, Imphal, Agartala and Itanagar**.

**Airtel 5G Plus** services will be available to customers in a phased manner as the company continues to construct its network and complete the roll out. Customers with 5G enabled devices will enjoy high speed **Airtel 5G Plus** network at no extra cost until the roll out is more widespread. Airtel will augment its network making its services available across all the cities in due course of time.

Commenting on the launch, **Rajnish Verma, CEO Assam and North-Eastern States, Bharti Airtel** said, *“Airtel remains committed to delivering the highest quality of service to its customers. Connectivity to North Eastern states is in line with our commitment to bridge the digital divide and connect communities who need it the most. Starting today, Airtel 5G Plus is available in Kohima, Dimapur, Aizawl, Gangtok, Silchar, Dibrugarh & Tinsukia in addition to Guwahati, Imphal, Shillong, Agartala and Itanagar. With this, we have successfully powered the entire North-East region of India. Airtel customers in these cities can now experience ultrafast network and enjoy speeds upto 20-30 times faster than the current 4G speeds. We are in the process of lighting up all the cities which will allow customers to enjoy superfast access to High-definition video streaming, gaming, multiple chatting, instant uploading of photos and more.”*

**Airtel 5G Plus** will bolster the entire portfolio of services that Airtel offers. In addition, it will allow superfast access to High Definition video streaming, gaming, multiple chatting, instant uploading of photos and more. With this launch, India will get a fillip to economic growth as **Airtel 5G Plus** revolutionizes education, healthcare, manufacturing, agriculture, mobility and logistics.

In the last one year, Airtel has demonstrated the power of 5G with a host of powerful use cases that will change the way customers lead their lives and do business. From India’s first live 5G network in Hyderabad to India’s first private 5G network at the BOSCH facility in Bengaluru to partnering with Mahindra & Mahindra to make its Chakan manufacturing facility, India’s first 5G enabled auto manufacturing unit, Airtel has been at the forefront of 5G innovation.
