## Airtel 5G Plus now live in Kolkata

### 5G services now live in 26 cities of West Bengal

- Promises to offer massive speeds, best voice experience, will work on all 5G smart phones and be kinder to the environment
- No SIM change needed; existing Airtel 4G SIM is 5G-enabled
- Customers can enjoy unlimited 5G data to experience the power of the Airtel 5G Plus network

**Kolkata, March 22, 2023:** Bharti Airtel (“Airtel”), India’s leading telecommunications services provider, today announced the launch of its cutting edge 5G services in Kolkata. Airtel’s 5G services are already live in Haldia, Ranaghat, Contai, Krishnanagar, Puruliya, Bongaon, Bankura, Raniganj and Kolaghat.

**Airtel 5G Plus services** will be available to customers in a phased manner as Airtel continues to construct its network and complete the roll out. Customers with 5G-enabled devices will enjoy a high-speed Airtel 5G Plus network at no extra cost until the roll out is more widespread. Airtel will augment its network making its services available to cities across the entire state in due course. Customers will now be able to experience ultrafast, reliable and secure 5G Plus services without having to worry about data exhaustion as the company removes the capping on data usage across all existing plans.

Commenting on the launch, **Ayan Sarkar, CEO – West Bengal, Bharti Airtel** said, *“I am delighted to announce the roll-out of **Airtel 5G Plus** in Kolkata in addition to Haldia, Ranaghat, Contai, Krishnanagar, Puruliya, Bongaon, Bankura, Raniganj, Kolaghat and more. Airtel customers in these twenty-six cities can now experience the power of ultrafast 5G network and enjoy speeds up to 20-30 times faster than the current 4G speeds. We are in the process of lighting up the entire city which will allow customers to enjoy superfast access to high-definition video streaming, gaming, multiple chatting, instant uploading of photos and more.”*

**Airtel 5G Plus** will bolster the entire portfolio of services that Airtel offers, revolutionising education, healthcare, manufacturing, agriculture, mobility and logistics.

In the last one year, Airtel has demonstrated the power of 5G with a host of powerful use cases that will change the way customers lead their lives and do business. From India’s first live 5G network in Hyderabad to India’s first private 5G network at the BOSCH facility in Bengaluru to partnering with Mahindra & Mahindra to make its Chakan manufacturing facility, India’s first 5G enabled auto manufacturing unit, Airtel has been at the forefront of 5G innovation.

#### **About Bharti Airtel Limited**
