Aluminum industry in India

The Indian Aluminum Industry is a highly concentrated industry, with India being the world's second-largest producer. It has a share of nearly 5.3 percent of global aluminium output. In spite of rising demand, India's aluminium industry is thriving at an incredible rate. India's primary aluminium exports have risen rapidly in recent years. India Exports of aluminum was US\$9.06 Billion during 2021.

Aluminium is an important strategic metal for India's economy. After the iron and steel industry, aluminium is the second most important industry. Aluminium is used in the production and distribution of electricity in the modern world (it is a good conductor of electricity), household utensils and electric appliances, aircraft manufacturing, rail coaches, nuclear and defence accessories, and so on. It's also the fastest-growing metal, with nearly a 20-fold increase in the last 60 years (compared to 6 to 7 times for other metals).

In the downstream sector, it created over 8 lakh jobs directly and indirectly, as well as over 4000 SMEs. In terms of the Bauxite reserve base, India ranks seventh in the world. Bauxite is the primary raw material used in the production of aluminium. The National Mineral Exploration Trust was set up to ensure an increase in aluminium production and to make the required volume of raw materials available to the industries.

Government of India is targeted to provide electricity to all villages of the country and joint all villages with the national highways of the Country, which increase demand of aluminum in the country. In India, there is growth of aerospace industry, which is also directed to increase in aluminum supply and growth of aluminum industry.

INDEPENDENT AUDITORS' REPORT

**To,
The Members,
Sacheta Metals Limited,**

Report on the Audit of the Financial Statements**Opinion**

We have audited the accompanying financial statements of **Sacheta Metals Limited (“The Company”)**, which comprise the Balance Sheet as at 31 March 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also :

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i)

planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that :

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.

d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us :

i. The Company has disclosed the impact of pending litigations as on March 31, 2024 on its financial position in its standalone financial statements, Refer Note 28 to the financial statements.

ii. The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The company had not declared or paid dividend during the year.

vi. The company is maintaining books of account at two places i.e. at Talod Gujarat and at Mumbai, Maharashtra. As far as books of account maintained at Talod Gujrat, Based on our examination, which included test checks, the Company has used accounting softwares for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the softwares. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with. However accounting software used at Mumbai, Maharashtra, for maintaining books of account did not had a feature of recording audit trail (edit log) facility and the same was not operated throughout the year for all relevant transactions recorded in software.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the order.

Annexure – A to the Auditors’ Report**Report on the Internal Financial Controls under Clause (i) of Sub - section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of Sacheta Metals Limited (“the Company”) as of 31 March 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

Notes to Financial Statements for the year ended March 31, 2024

1. CORPORATE INFORMATION

Sacheta Metals Ltd (herein referred to as the company) is Public Limited Company established in the year 1990. The Registered Office and Manufacturing Unit of Company is situated at Sacheta Udyog Nagar, Opp.College, Mahiyal, TALOD-383215 Gujarat. Corporate Office is situated at the Business Capital Centre of India Mumbai @ Sakseria Industrial Estate, S.V.Road, Malad (West), Mumbai 400064 (INDIA). The company is one of the major manufacturers & exporters of Aluminium, Stainless and mild steel Houseware kitchenware Utensils - Casting - Sheet - Coils - Circles, Non Stick Cookware - Pressure Cooker, Foil Chaquered sheet, PP Caps / Slug & other Houseware & also Stainless Steel Kitchenware in India.

2. BASIS OF PREPARATION AND PRESENTATION

i. Statement of Compliance

The financial statements as at end of the financial year ended March 31, 2024 have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013 (Ind As compliant Schedule III) as applicable to Standalone Financial Statement.

ii. Accounting Convention and Basis of Measurement

The financial statements have been prepared on the historical cost convention and on an accrual basis, except for the following material items that have been measured at fair value as required by relevant Ind AS:

- a. Certain financial assets and liabilities measured at fair value (refer accounting policy on financial instruments)
- b. Defined benefit Plans – Plan Assets

iii. Functional and Presentation Currency

The financial statements are presented in Indian rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates. All financial information presented in Indian rupees has been rounded to the nearest thousand ('000) except when otherwise indicated.

iv. Use of Judgements, Estimates and Assumptions

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities and assets. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about critical judgements in applying accounting policies, as well as estimates and assumptions in respect of the following areas, that have most significant effect to the carrying amounts within the next financial year are included in the relevant notes.

- a. Useful lives of property, plant, equipment and intangibles
- b. Measurement of defined benefit obligations
- c. Measurement and likelihood of occurrence of provisions and contingencies
- d. Recognition of deferred tax assets.
- e. Impairment of intangibles
- f. Expenditure relating to research and development activities.

3. MATERIAL ACCOUNTING POLICIES

i. Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification.

An asset is treated as Current when it is

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current. A liability is current when:

- It is expected to be settled in normal operating cycle;

- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

ii Property Plant and Equipment

- a) Property Plant and Equipment are measured at cost less accumulated depreciation and impairment losses.
- b) The cost of property, plant and equipment includes those incurred directly for the construction or acquisition of the asset and directly attributable to bringing it to the location and condition necessary for it to be capable of operating in the manner intended by the management and includes the present value of expected cost for dismantling/ restoration wherever applicable.
- c) The cost of major spares is recognised in the carrying amount of the item of property, plant and equipment in accordance with the recognition criteria set out in the standard. The carrying amount of the replaced part is derecognised at the time of actual replacement. The cost of the day-to-day servicing of the item are recognised in statement of profit and loss account.
- d) Depreciation on all fixed assets is provided under written down value method over the useful life of assets specified in Part C of Schedule II to the Companies Act, 2013 and manner specified therein. Assets costing less than INR 5,000/- are fully depreciated in the year of purchase.

ii. Intangible Assets

- a) Intangible asset is recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Expenditure incurred for creating infrastructure facilities where the ownership does not rest with the Company and where the benefits from it accrue to the Company over a future period is also considered as intangible asset.
- b) New product development expenditure, software licences, technical know-how fee, infrastructure and logistic facilities etc., are recognised as intangible asset upon completion of development and commencement of commercial production

c) Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry, and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. Amortization methods and useful lives are reviewed periodically including at each financial year end.

iii. Inventories

Items of inventories are valued at lower of cost or net realisable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs incurred in bringing them to their respective present location and condition. Cost of raw material is determined on FIFO method. Appropriate provisions will be made for non-moving / slow-moving items.

iv. Foreign Currency Transactions

- a) Transactions relating to non-monetary items and purchase and sale of goods / services denominated in foreign currency are recorded at the exchange rate prevailing or a rate that approximates the actual rate on the date of transaction.
- b) Assets and liabilities in the nature of monetary items denominated in foreign currencies are translated and restated at prevailing exchange rates as at the end of the reporting period.
- c) Exchange differences arising on account of settlement / conversion of foreign currency monetary items are recognised as expense or income in the period in which they arise.
- d) Foreign currency gains and losses are reported on a net basis.

v. Revenue Recognitions

The Company's contracts with customers include promises to transfer multiple products and services to a customer. Revenues from customer contracts are considered for recognition and measurement when the contract has been approved, by the parties to the contract, the parties to contract are committed to perform their respective obligations under the contract, and the contract is legally enforceable. The Company assesses the services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligations to determine the deliverables and the ability of the customer to benefit

independently from such deliverables, and allocation of transaction price to these distinct performance obligations involves significant judgment.

Fixed-price maintenance revenue is recognized ratably on a straight-line basis when services are performed through an indefinite number of repetitive acts over a specified period. Revenue from fixed-price maintenance contract is recognized ratably using a percentage-of-completion method when the pattern of benefits from the services rendered to the customer and Company's costs to fulfil the contract is not even through the period of the contract because the services are generally discrete in nature and not repetitive. The use of method to recognize the maintenance revenues requires judgment and is based on the promises in the contract and nature of the deliverables.

The Company uses the percentage-of-completion method in accounting for other fixed-price contracts. Use of the percentage-of-completion method requires the Company to determine the actual efforts or costs expended to date as a proportion of the estimated total efforts or costs to be incurred. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. The estimation of total efforts or costs involves significant judgment and is assessed throughout the period of the contract to reflect any changes based on the latest available information.

Provisions for estimated losses, if any, on incomplete contracts are recorded in the period in which such losses become probable based on the estimated efforts or costs to complete the contract.

vi. Employee Benefits

a) Short term Benefits

All employee benefits falling due wholly within twelve months of rendering the service are classified as short-term employee benefits. The cost of the benefits like salaries, wages, medical, short term compensated absences, bonus, exgratia etc., are recognised as an expense in the period in which the employee renders the related service.

b) Post-employment benefits

1. Defined Contribution Plans

The contribution paid / payable under provident fund scheme, ESI scheme, and employee pension scheme is recognised as expenditure in the period in which the employee renders the related service.

2. Defined Benefit Plans

The Company's obligation towards gratuity is a defined benefit plan. As there are frequent changes in workers/employees, the company record retirement benefits on cash basis.

vii. Borrowing Cost

- a) Borrowing costs incurred for obtaining assets which take substantial period to get ready for their intended use are capitalised to the respective assets wherever the costs are directly attributable to such assets and in other cases by applying weighted average cost of borrowings to the expenditure on such assets.
- b) Other borrowing costs are treated as expense for the year.
- c) Significant transaction costs in respect of long-term borrowings are amortised over the tenor of respective loans using effective interest method.

viii. Provision for Current and Deferred Tax

a) Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profits differ from the profit as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantially enacted by the end of the reporting period. In the event of tax computed as stated is less than the tax computed under section 115JB of the Income tax Act., 1961, provision for current tax will be made in accordance with such provisions.

b) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax asset is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period to recover or settle the carrying amount of its assets and liabilities.

c) Current and deferred Tax for the year

Current and deferred tax are recognised in profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Deferred tax resulting from “timing difference” between taxable and accounting income is accounted for using the tax rates and laws that are enacted or substantively enacted as on the balance sheet date. Deferred tax asset is recognised and carried forward only to the extent there is reasonably certain that there will be sufficient future income to recover such Deferred Tax Asset.

ix. Minimum Alternate Tax Credit

Minimum Alternate Tax Credit Entitlement is recognized in the books of account when there is convincing evidence that the Company will pay normal income tax during the specified period. The entitlement is reviewed at each balance sheet date with regard to the correctness of the carrying amount

x. Research and Development

Research and Development Costs that are in the nature of tangible assets and are expected to generate probable future economic benefits are capitalised as tangible assets. Revenue expenditure on research and development is charged to the Statement of Profit and Loss in the year in which it is incurred.

xi. Claims

Claims by and against the Company, including liquidated damages, are recognised on acceptance basis.

xii. Leases

The Company as a lessee:

The Company’s lease asset classes consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the

use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

As a lessee, the Company determines the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Sacheta's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

xiii. Financial Instruments

a) Initial Recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

b) Subsequent measurement

1. Non-derivative financial instruments

- Financial assets carried at amortized cost
A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- Financial assets at fair value through other comprehensive income (FVOCI)
A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.
- Financial assets at fair value through profit or loss
A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.
- Financial Liabilities
Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit or loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

c) Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

d) Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

e) Impairment

1. Financial Assets

Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments and are measured at amortized cost whether applicable for e.g. loans debt securities, deposits, and bank balances.

- Trade Receivables

Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

2. Non – financial assets

Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, the Company estimates the amount of impairment loss.

Equity instruments: The Company measures its equity investment other than in subsidiaries, joint ventures and associates at fair value through profit and loss. However where the Company's management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income (Currently no such choice made), there is no subsequent reclassification, on sale or otherwise, of fair value gains and losses to the Statement of Profit and Loss.

xiv. Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to

settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

xv. Application of New Accounting Pronouncements

The Company has applied the following Ind AS pronouncements pursuant to issuance of the Companies (Indian Accounting Standards) Amendment Rules, 2023 with effect from 1st April, 2023. The effect is described below

Amendment to Ind AS 1 “Presentation of Financial Instruments”

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. The disclosure of accounting policies has been accordingly modified wherever deemed fit. The impact such modifications to the accounting policies are insignificant.

Amendment to Ind AS 12 “Income Taxes”

The# definition of deferred tax asset and deferred tax liability is amended to apply initial recognition exception on assets and liabilities that does not give rise to equal taxable and deductible temporary differences. There is no impact of the amendment on the financial statements.

Amendment to Ind AS 8 “Accounting Policies, Changes in Accounting Estimates and Errors”

The amendment added definition of accounting estimate and clarifies what is accounting estimate and treatment of change in the accounting estimate and accounting policy. There is no impact of the amendment on the financial statements.

Note -28:- Point (h) (I) of independent Auditors' Report

In the ordinary course of business, the Company faces claims and assertions by various parties. The Company assesses such claims and assertions and monitors the legal environment on an on-going basis with the assistance of external legal counsel, wherever necessary.

The Company records a liability for any claims where a potential loss is probable and capable of being estimated and discloses such matters in its financial statements, if material. For potential losses that are considered possible, but not probable, the Company provides disclosure in the financial statements but does not record a liability in its accounts unless the loss becomes probable.

The following is a description of claims and assertions where a potential loss is possible, but not probable. The Company believes that none of the contingencies described below would have a material adverse effect on the Company's financial condition, results of operations or cash flows.

It is not practicable for the Company to estimate the timings of the cash outflows, if any, pending resolution of the respective proceedings.

Litigations

1. The Company was trading with the Metropolitan Stock Exchange of India Limited (Formerly known as Multi Commodity Exchange of India Limited) since 2012 through Sacheta Commodity and Finance wherein Mr. Satishkumar K. Shah a director of the Company was a proprietor of the said firm and the company has traded various number of transactions of commodity hedging in regular course of business. For one of the transaction for which petition is filed was purchase of aluminium contract in lots containing 5000kg per lots. The concern had an open position of total 306 lots and 243 lots of said aluminium contracts of September and October 2013 respectively. On August 28, 2013 when the market was allegedly volatile, the Metropolitan Stock Exchange of India Limited (Formerly known as Multi Commodity Exchange of India Limited) got panic and has squared off the open positions at maximum higher rate, in clear contravention of the obligations and contracts. Because of the contravention the concern causing aggregate loss of Rs. 6,54,01,200/-.

Mr. Satishkumar K Shah, Proprietor of Sacheta Commodity and Finance through which the company has undertaken the transactions of commodity hedging in regular course of business has preferred an appeal against the Metropolitan Stock Exchange of India Limited (Formerly known as Multi Commodity Exchange of India Limited) on 13th July, 2016 in High Court of Bombay for recovery of principal sum of Rs. 6,54,01,200/- along with interest at the rate of 16% p.a. towards loss and/or damages suffered due to malafide action. The petition is pending before the Hon'ble High Court of Bombay as at end of the financial year.

It may probable that approximately Rs. 4.12 crore rupees loss from Rs. 6.54 crore to be borne by the company.

- The Company has preferred an appeal against order of VAT Department for Financial Year 2008-09 for demand of Rs. 17,15,961/-. Against this demand the company has deposited entire VAT /CST of Rs. 17,15,961/-and preferred an appeal. The Company has preferred an appeal against Assessment order of Income Tax Department for A.Y. 2014-15 (F.Y. 2013-14) for demand of Rs. 1,72,52,604/-. Against this demand the company has deposited income tax of Rs. 85,94,548/-

d. Financial risk management

The Company's principal financial liabilities, other than derivatives, comprise borrowings, lease liabilities, trade and other payables. The main purpose of these financial liabilities is to finance company's operations. The Company's Principal financial assets include trade and other receivable, and cash and cash equivalents that derive directly from its operations. The company also holds investments.

The company is exposed to

- Market Risk
- Credit Risk and

-Liquidity Risk

Company's senior management oversees the management of these risks. It is company's policy that no trading in derivatives for speculative purpose may be undertaken. The Board of Directors review and agree policies for managing each of these risks, which are summarized below.

a) Market Risk

Market Risk is the risk of any loss in future earnings, in realisable fair value or in future cash flows that may a change in the price of a financial instrument.

The value of Financial Instrument may change as a result of change in Interest Rates, Foreign Currency Exchange Rates, Liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

i. Interest Rate Risk:-

The company is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates.

The sensitivity analyses below have been determined based on the exposure to interest rates for borrowings at the end of the reporting period. For floating rate borrowings the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year and the rates are reset as per the applicable reset dates. The basis risk between various benchmarks used to reset the floating rate borrowings has been considered to be insignificant.

Interest Rate sensitivity

100 basis points increase or decrease in Interest rates will have the following impact on profit & loss:

Particulars	(Rs In Thousand)	
	As at 31 March 2024	As at 31 March 2023
- 100 basis points increase	(1,720)	(1,866)
+ 100 basis points decrease	1720	1,866

ii. Foreign Currency Risk

Foreign Currency Risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. However the Company is not exposed to foreign currency risk since it has no unhedged exposure as at reporting date.

(b)Liquidity Risk

Liquidity risk is the risk that the company will face in meeting its obligation associated with its financial liabilities. The Company's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this management considers both normal and stressed conditions.

Due to dynamic nature of the underlying businesses, company maintains flexibility in funding by maintaining availability of under committed credit lines. Management monitors rolling forecasts of the company's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows.

The following table shows the maturity analysis of the company's financial liabilities based on the contractually agreed undiscounted cash flows along with its carrying value as at the Balance sheet date.

(c) Credit Risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through out each reporting period. To assess whether there is a significant increase in credit risk, the company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

Actual or expected significant adverse changes in business, Actual or expected significant changes in the operating results of the counterparty, Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations, Significant increase in credit risk on other financial instruments of the same counterparty, Significant changes in the

value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.
