COMPANIES VIEW ON COVID-19

The entire world is collectively entangled in fighting the Coronavirus/ COVID-19 pandemic, businesses are facing several financial and physical hardships due to the mandatory government lockdowns. With there being no visibility regarding the duration of the lockdown coupled with the fact that no known cure or vaccine is available to fight the pandemic, everyone is left with great deal of uncertainty and anticipation over the 'new normal'.

In the last month of FY 2019-20, the COVID-19 pandemic developed rapidly into a global crisis, forcing governments to enforce lock-downs of all economic activity. Our company has taken enough measures for the safety of employees and on minimizing disruption of services.

Due to COVID-19 pandemic, there is no impact on operational revenue in the FY 2019-20. However due to shortfall of toll revenues of SPVs, there might be impact on returns from Investments in SPVs.

With respect to the Annuity projects, the subsidiaries and jointly controlled entities, Gayatri Jhansi Roadways limited, Gayatri Lalitpur Roadways limited, Hyderabad Expressways Limited and Cyberabad Expressways Limited have no impact due to COVID-19 pandemic during the year, as all the annuities were received and have no effect on the operations and performance of the entities.

With respect to wholly owned subsidiary Sai MaatariniTollways Limited, due to COVID-19, the process of conciliation with NHAI is being delayed and the release of Termination Payment by NHAI is also delayed. With respect to subsidiary Indore DewasTollways limited and Jointly controlled entity HKR Roadways Limited, due to COVID-19, the voluntary public curfew observed on 22nd March 2020, followed by the nationwide lockdown from 25th March 2020, the Toll collections was drastically reduced from 22nd March 2020 up to 27th March 2020. With effect from 28th March 2020, the Toll Collection was suspended by the Govt of India up to 19th April 2020. However the entities are expected to reach the projected toll revenue for the FY 2020-21.

FUTURE OUTLOOK

The Government of India is taking every possible initiative to boost the infrastructure sector. The sector is highly responsible for propelling India's overall development and enjoys intense focus from the Government. The present Projects and the opportunities in the Indian infrastructure sector provides good visibility towards a sustainable and profitable growth going forward.

Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. Infrastructure sector includes power, bridges, dams, roads and urban infrastructure development.

The traction that the country's infrastructure development has seen in the last few years will, to our minds, continue in the future. Retail (CPI) inflation, projected by the RBI to remain below 4% up to end-2020, should facilitate a soft monetary policy in FY2021. Additionally, the decisive market interventions of the central bank, the recent recapitalization of public sector banks and the ongoing resolution of chronic stressed asset cases through IBC give us reason for a broadly positive outlook.

Your company is steadfast in adopting modern technologies for better execution and improving the margins going forward.

CHANGE IN THE NATURE OF BUSINESS

There is no change in the nature of business in your Company during the year under review.

NHAI had issued a Notice dated 10.04.2019 of "Intention for Termination under clause 37 of the concession agreement dated 28.09.2011" stating default of the concessionaire. In response to this notice, SMTL replied in detail to NHAI that the default is not on part of the Concessionaire. Later the Lenders had exercised their Right to Substitution of concessionaire vide their letter dated 24.04.2019. Based on that NHAI withhold the termination for 9 months.

There after NHAI terminated the Concession Agreement vide their letter dated 28.01.2020 and the project assets have been handed over to the NHAI at 08.00 AM on 30.01.2020.

SMTL, based on Authority's default, has raised a claim of Rs. 2,834.47 Cr (which includes Equity of Rs.835.19 Cr and Total Debt Due of Rs.1999.28 Crs) strictly adopting the relevant clauses of the Concession Agreement.

SMTL has filed a petition as per Section 9 of the Arbitration & Conciliation Act, 1996 in the High Court of Delhi, New Delhi against NHAI on 21st December, 2019 requesting NHAI to deposit 90% of the Debt Due i.e., Rs. 1,765.08 Crore (Rs. 1,961.2 X 90%) as per the provisions of the Concession Agreement.

This Petition was filed to protect the interest of the lenders and to remit an amount of Rs. 1,765.08 Crores to the Consortium of Lenders.

GM(T) of NHAI wrote a letter to SMTL request to submit the Joint application to be filed before Arbitral Tribunal/ court to keep the court proceeding on hold for a min period of 180 days vide their letter no 150796 dated 11.03.2020.

Joint application letter under section 151 CPC seeking suspension of the instant proceeding for a minimum of 180 days was signed by the Authorized representatives of both NHAI and SMTL on 21.05.2020

SMTL and NHAI jointly filed an application on 27.05.2020 before the High Court of Delhi, New Delhi to keep the proceeding on hold for a min period of 180 days for commencement of Conciliation proceedings as per the policy guidelines of NHAI.

The above application heard on 29.05.2020 before the High Court of Delhi, New Delhi and passes an order to put all the proceeding on hold for a min period of 180 days for commencement of Conciliation proceedings as per the policy guidelines of NHAI and next hearing on December 2, 2020.

The proceedings of CCIE is about to start in the month of June and it is expected to settled within 6 months but the process is moving dead slow due to the COVID-19 pandemic and consequent lock-down by the entire Nation.

MANAGEMENT DISCUSSION AND ANALYSIS

COMPANY'S OVERVIEW

Gayatri Highways Limited - GHL ("the Company") (Formerly Gayatri Domicile Private Limited - GDPL) was incorporated during the year 2006 in accordance with the provisions of Companies Act, 1956. The Company on its own and through its jointly controlled entities is in the business of construction, operations and maintenance of carriageways on toll and annuity basis pursuant to the development agreements with the National and State Governments and makes investments in companies engaged in the construction, operations and maintenance of roads, highways, vehicle bridges and tunnels and toll roads. The registered office of the Company is located at 1st Floor, 6-3-1090, TSR Towers, Rajbhavan Road, Somajiguda, Hyderabad-500082, Telangana.

Industry Analysis:

Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. Infrastructure sector includes power, bridges, dams, roads and urban infrastructure development. In 2016, India jumped 19 places in World Bank's Logistics Performance Index (LPI) 2016, to rank 35th amongst 160 countries.

According to data released by Department of Industrial Policy and Promotion (DIPP), the construction development sector in India has received Foreign Direct Investment (FDI) equity inflows to the tune of US\$ 24.28 billion in the period April 2000-December 2016. The housing sector alone contributes 5-6 per cent to the country's Gross Domestic Product (GDP).

The Government of India is taking every possible initiative to boost the infrastructure sector.

The Government of India is working to ensure a good living habitat for the poor in the country and has launched new flagship urban missions like the Pradhan Mantri Awas Yojana (Urban), Atal Mission for Rejuvenation and Urban Transformation (AMRUT), and Swachh Bharat Mission (Urban) under the urban habitat model, according to Mr Hardeep Singh Puri, Minister of State (Independent Charge) for Housing.

Opportunities and Threats

In view of more and more competition in construction industry, the opportunities for securing contracts needs continuous innovation in its various core functions. The Company has emerged as a significant Infrastructure Company with diversification in Roads and Expressways. The Company is poised to seize every opportunity to expand the existing line of business. The Company is well equipped to handle threats of competition and challenges or the Company's ongoing execution of Projects.

Road Ahead

India's national highway network is expected to cover 50,000 kilometres, with around 20,000 km of works scheduled for completion in the next couple of years, according to the Ministry of Road Transport and Highways.

The Government of India is devising a plan to provide wifi facility to 550,000 villages for an estimated cost of Rs 3,700 crore (US\$ 577.88 million), as per the Department of Telecommunications, Government of India.

India and Japan have joined hands for infrastructure development in India's north-eastern states and are also setting up an India-Japan Coordination Forum for Development of North East to undertake strategic infrastructure projects in the northeast.

Business outlook:

The Government of India is taking every possible initiative to boost the infrastructure sector. The sector is highly responsible for propelling India's overall development and enjoys intense focus from the Government. The present Projects and the opportunities in the Indian infrastructure sector provides good visibility towards a sustainable and profitable growth going forward.

Your company is steadfast in adopting modern technologies for better execution and improving the margins going forward.

RISKS AND CONCERNS

Inadequate risk management is a primary cause of concern indicated by most organizations in India. To be in a position to have fully identified all risks associated with a project and have a response plan for each; that is clearly a benchmark most organizations acknowledge, nevertheless, do little about it. Risk Management by its very nature is flawed because it only identifies the things project managers know; it fails to appreciate the "unknown", "unknowns", the "un-controllable". That said, the more risks identified and planned for, the better position the project team is in to deliver a successful project. Risk Management has been identified as a best practice by most respondents. Moreover, there is a growing concern among Organizations about inaccurate risk identification. The project will yield continuous flow of revenue for the Company.

INTERNAL CONTROL SYSTEM AND ITS ADEQUACY

The Company has adequate Internal Control Systems and Procedures with regard to purchase of Stores, Raw Materials including Components, Plant and Machinery, equipment, sale of goods and other assets. The company has clearly defined roles and responsibilities for all managerial positions and all operating parameters are monitored and controlled.

The Company designs and maintains accounting and internal control systems to provide reasonable assurance at reasonable cost that assets are safeguarded against loss from unauthorized use or disposition, and that the financial records are reliable for preparing financial statements and maintaining accountability for assets. These systems are augmented by written policies, an organizational structure providing division of responsibilities, careful selection and training of qualified personnel, and a program of internal audits.

INDEPENDENT AUDITOR'S REPORT

To the Members of **GAYATRI HIGHWAYS LIMITED**
(Formerly **GAYATRI DOMICILE PRIVATE LIMITED**)

Report on the audit of the Standalone IndAS financial statements

Opinion

We have audited the Standalone Ind AS financial statements of Gayatri Highways Limited (Formerly Gayatri Domicile Private Limited) ("the Company"), which comprise the Balance Sheet as at 31st March 2020 and the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the Standalone Ind AS financial statements, including a summary of significant accounting policies and other explanatory information for the year ended on that date.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2020, and its loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

"Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	Auditor's Response
<p>1. As at 31.03.2020, the Company has total investments of 538.48 Cr which are classified as financial assets in the financial statements. Out of which the Company has an investment of Rs. 349.89 Cr in the equity and instruments entirely equity in nature of various Subsidiaries of the Company and Rs, 188.58 Cr in the equity, optionally convertible debentures and instruments entirely equity in nature of Jointly controlled entities of the Company which are measured at fair value as per Ind AS 109 read with Ind AS 113.</p> <p>These investments are Level 3 investments as per the fair value hierarchy in Ind AS 113 and</p>	<p>1. Our audit procedures included and were not limited to the following:</p> <ul style="list-style-type: none"> • Reviewed the fair valuation reports obtained by the management by involvement of external valuation experts. • Assessed the methodology and the assumptions applied in determining the fair value by engaging valuation specialists. • Assessed the objectivity, independence and competence of the Company's external specialists involved in the process

accordingly determination of fair value is based on a high degree of judgement and input from data that is not directly observable in the market. Further, the fair value is significantly influenced by the expected pattern of future benefits the tangible assets of subsidiaries/ joint ventures and expected future economic benefits. Accordingly, the same has been considered as a key audit matter.

2. As at 31.03.2020, the Company has total investments of 538.48 Cr which are classified as financial assets in the financial statements. Out of which the Company has an investment of Rs. 349.89 Cr in the equity and instruments entirely equity in nature of various Subsidiaries of the Company and Rs, 188.58 Cr in the equity, optionally convertible debentures and instruments entirely equity in nature of Jointly controlled entities of the Company,

The management regularly reviews whether there are any indicators of impairment on unquoted investments made by the company.

As per Ind AS 36 - 'Impairment of Assets' the standard is applicable to financial assets classified as Investments in subsidiaries, associates and joint ventures. Accordingly, in assessing whether there is any indication that an asset may be impaired, an entity shall consider as a minimum, the external and internal sources of information, any other indications or evidences from internal reporting that indicates that the assets may be impaired.

This assessment involves significant judgment especially in relation to determination of expected future economic benefits.

Accordingly the evaluation of impairment of investments in subsidiaries/joint ventures was determined to be a key audit matter.

3. The Company has been incurring operating losses during the past few years and the current liabilities of the Company exceed its current assets.

The Group and parent Company financial statements were prepared on a going concern basis. Management's statement in respect of going concern is set out in Note 33 of the financial statements.

2. In respect of the impairment indicator assessment for the investments in subsidiaries/ joint ventures, our audit procedures included and were not limited to the following:-

- Obtained and read the financial statements of subsidiaries/joint ventures to identify if any disclosure is made for impairment of assets in its standalone financial statements.
- Obtained the impairment indicator assessment performed by the management considering internal/external sources of information.
- We have obtained the management's understanding with regard to impairment of the investments made in loss making subsidiary companies/joint ventures.
- We have obtained the company's management opinion in estimating the realisable value of the investments made by the subsidiary companies/ joint ventures.

3. We have evaluated the assumptions and forecasts made by management. We have specifically devoted attention to the assumptions made with respect to the future value added, the results and the cash flows in order to assess the company's ability to continue meeting its payment obligations and its obligations under the financing covenants in the year ahead

Emphasis of Matter

As stated in note no. 35, the company has no impact of Covid-19 on the performance of the company during the year. Our opinion is not modified in respect of this matter.

Information Other than the Ind AS Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Those Charged with Governance for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is

sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the 'Annexure A' a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss, the statement of changes in equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid Standalone Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on 31st March 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The company does not have any pending litigations which would impact its financial position except those disclosed in financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE - B TO THE INDEPENDENT AUDITORS' REPORT (Referred to in our Report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Gayatri Highways Limited (Formerly Gayatri Domicile Private Limited) ("the Company") as of 31st March 2020 in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Summary of Significant Accounting Policies and Other Explanatory Information

(All amounts in ₹ unless otherwise stated)

1. Nature of operations

Gayatri Highways Limited - GHIL ("the Company") (Formerly Gayatri Domicile Private Limited - GDPL) was incorporated during the year 2006 in accordance with the provisions of Companies Act, 1956. The Company on its own and through its jointly controlled entities is in the business of construction, operations and maintenance of carriageways on toll and annuity basis pursuant to the development agreements with the National and State Governments and makes investments in companies engaged in the construction, operations and maintenance of roads, highways, vehicle bridges and tunnels and toll roads. The registered office of the Company is located in 6-3-1090, TSR Towers, Rajbhavan Road, Somajiguda, Hyderabad-500082.

2. Summary of significant accounting policies

a) Basis of preparation of standalone financial statements

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. Unless otherwise stated, the accounting policies applied by the Group are consistent with those used in the previous year.

All assets and liabilities have been classified as current or non-current as per the group's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of work and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the group has ascertained its operating cycle as up to twelve months for the purpose of current and non-current classification of assets and liabilities

b) Use of estimates

The preparation of the standalone financial statements in conformity with Indian GAAP requires management to make estimates and assumptions that affect the balances of assets and liabilities and disclosures relating to contingent liabilities as at the reporting date of the financial statements and amounts of income and expenses. Examples of such estimates include the provision for doubtful receivables, determination of recoverable amounts of fixed assets, deferred tax assets, employee benefits and useful lives of fixed assets.

Although these estimates are based on management's best knowledge of current events and actions, actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in the current and future periods.

Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

c) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when it is:

- Expected to be settled in normal operating cycle;
- Held primarily for the purpose of trading;
- Due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The Company has identified twelve months as its operating cycle.

d) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Interest income: For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit and loss.

e) Earnings/(loss) per share

Basic earnings per share is calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

f) Provisions and contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to

settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

g) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

h) Taxes

Income tax expense comprises of current and deferred tax. Current income tax assets and liabilities is measured at the amount expected to be recovered from or paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provision where appropriate.

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxation authority.

i) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A) Financial Asset

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a. The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b. Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade receivables and loans.

Equity investments:

All equity investments in jointly controlled entities are measured at cost less diminution other than temporary. All equity investments in scope of Ind AS 109 are measured at fair value. Equity investments which are held for trading are classified as FVTPL. For all other equity investments, the Company may make an irrevocable election to present in OCI subsequent changes in fair value. The Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognised in OCI. There is no recycling of amounts from OCI to P&L, even on sale of investment. Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the P&L.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- a. the rights to receive cash flows from the asset have expired, or
- b. the Company has transferred its rights to receive cash flows from the asset, and (i) the Company has transferred substantially all the risks and rewards of the asset, or (ii) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on debt instruments.

B) Financial Liability**Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, and financial guarantee contracts.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities designated upon initial recognition as at fair value through profit or loss.

Loans and borrowings

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

j) Fixed assets

Tangible assets are stated at cost of acquisition, less accumulated depreciation thereon. The cost of an item of fixed asset comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

Intangible assets represent commercial rights to collect toll fee in relation to roads projects which has been accounted at the cost incurred on the project activity towards reconstruction, strengthening, widening, rehabilitation of the roads on build, operate and transfer basis. It includes all direct material, labour and subcontracting costs, inward freight, duties, taxes, obligation towards negative grant payable to concessionaires, if any, and any directly attributable expenditure on making the commercial right ready for its intended use.

k) Depreciation and amortization

Depreciation of tangible assets is provided on the basis of straight line method in accordance with Schedule II to the Companies Act, 2013.

l) Impairment

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

m) Borrowings Costs

In Case of concession arrangement under financial asset model, borrowing Costs that are attributable to the acquisition and/or construction of the infrastructure are charged to The Statement of Profit and Loss in the period in which such costs are incurred.

In Case of concession arrangement under intangible asset model, borrowing cost of qualifying assets are capitalized as part of cost of such assets till such time the asset is ready for its intended use. A qualifying asset is one that requires substantial period of time to get ready for its intended use. Any income on the temporary investments of borrowings is deducted from the borrowing cost. All borrowing cost subsequent to the capitalization of the intangible assets are charged to the Statement of Profit and Loss in the period in which such costs are incurred.

n) Foreign currency transactions and derivatives

- a. The reporting currency of the company is the Indian Rupee.
- b. Foreign currency transactions are recorded on initial recognition in the foreign currency, using the exchange rate on the date of the transaction.
- c. At each Balance Sheet date, foreign currency monetary items are reported using the closing rate. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of monetary items at the closing rate are adjusted in pre-operative expenses.

Notes to financial instruments

- The management assessed that the fair value of cash and cash equivalents, trade receivables, loans, trade payables and other financial liabilities approximate the carrying amount largely due to short-term maturity of these instruments. The management assessed that the fair value of borrowings approximate the carrying amount largely due to such borrowings carry interest rates or rates are negotiable.
The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.
- Fair value hierarchy**
Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three Levels of a fair value hierarchy. The three Levels are defined based on the observability of significant inputs to the measurement, as follows:
Level 1: Quoted prices (unadjusted) in active markets for financial instruments.
Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data rely as little as possible on entity specific estimates.
Level 3: Inputs for the assets or liabilities that are not based on the observable marked data (unobservable inputs)
Measurement of fair value of financial instruments
The Company's finance team performs valuations of financial items for financial reporting purposes, including Level 3 fair values, in consultation with third party valuation specialist for complex valuations, wherever necessary. Valuation techniques are selected based on the characteristics of each instrument, with the overall objective of maximizing the use of market-based information.

27 Financial risk management

Financial risk factors

The Company's activities expose it to market risk, liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Measurement
Credit risk	Cash and cash equivalent, trade receivables, financial assets measured at amortized cost	Ageing analysis
Liquidity risk	Borrowings and other financial liabilities	Rolling cash flow forecasts
Market risk – Interest rate	Long-term borrowings at variable rates	Sensitivity analysis

The Company's risk management is carried out by a central treasury department (of the group) under policies approved by the board of directors. The board of directors provides written principles for overall risk management, as well as policies covering specific areas, such as interest rate risk, credit risk and investment of excess liquidity.

a. Credit risk

Credit risk arises from cash and cash equivalents, trade receivables, investments carried at amortized cost and deposits with banks and financial institutions.

Credit risk management

The finance function of the Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an on-going basis throughout each reporting period. In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 30 days past due. A default on a financial asset is when the counterparty fails to make contractual payments when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

Expected credit loss for trade receivables under simplified approach

The Company recognises significant income from toll road on the basis of actual collection and hence there are no significant outstanding. Hence, as the Company does not have significant credit risk, it does not present the information related to ageing pattern. The company has widespread customer base and no single customer accounted for 10% or more of revenue in any of the years indicated.

During the periods presented, the Company made no write-offs of trade receivables and it does not expect to receive future cash flows or recoveries from collection of cash flows previously written off.

b. Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

c. Interest rate risk

The Company's fixed rate borrowings are carried at amortized cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, 'Financial Instruments - Disclosures', since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The Company's variable rate borrowing is subject to interest rate. Below is the overall exposure of the borrowing:

	As at 31 March 2020	As at 31 March 2019
Fixed rate borrowing	2,65,70,03,000	2,92,70,03,000
Interest free borrowing	61,32,69,642	16,31,09,642
Total borrowings	3,27,02,72,642	3,09,01,12,642

Interest rate risk

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates.

	For the year ended 31 March 2020	For the year ended 31 March 2019
Interest rates – increase by 50 basis points (50 bps)	(1,32,85,015)	(1,46,35,015)
Interest rates – decrease by 50 basis points (50 bps)	1,32,85,015	1,46,35,015

28 Capital Management

The Company's objectives when managing capital are to:

Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Company monitors its capital using gearing ratio, which is net debt divided by total equity. Net debt includes long term borrowings, short term borrowings, current maturities of long term borrowings less cash and cash equivalents and other bank balances.

	As at 31 March 2020	As at 31 March 2019

Summary of Significant Accounting Policies and Other Explanatory Information

(All amounts in ₹ unless otherwise stated)

31 Interest in Subsidiaries, Associates and Jointly controlled entities(Contd..)

The Company had no contingent liabilities or capital commitments relating to its interest in HKR Roadways Limited as at 31st March 2020 and 31st March 2019, except as disclosed in Note 29. The jointly controlled entity had no other contingent liabilities or capital commitments as at 31st March 2020 and 31st March 2019.

32 The Company's principal objectives are to provide infrastructural facilities either on its own or through incorporating and investing in special purpose vehicles. Consequently, the Company has significant investments in its jointly controlled companies and other entities. On the basis of assessment of the nature of business of the Company, duly supported by an independent opinion from an expert, the management is of the view that the Company is not a Non banking financial institution under the provisions of Section 45-IA of the Reserve Bank of India Act, 1934.

33 Going Concern

The Company has been incurring operating losses during the past few years and the current liabilities of the Company exceed its current assets. Notwithstanding the above, the accompanying financial statements have been prepared on going concern basis as the promoters have guaranteed support to the Company and management believes that the subsidiaries and jointly controlled entities will also generate sufficient cash flows to support the Company in foreseeable future.

34 Segment reporting

The Company primarily engaged in the business of "construction, operations and maintenance of roads, highways, vehicle bridges and tunnels and toll roads", which is as per Indian Accounting Standard - 108 on "Operating Segment" is considered to be the only reportable business segment. The company is operating in India which is considered as a single geographical segment.

35 Impact of Covid - 19

The entire world is collectively entangled in fighting the Coronavirus/ COVID-19 pandemic, businesses are facing several financial and physical hardships due to the mandatory government lockdowns. With there being no visibility regarding the duration of the lockdown coupled with the fact that no known cure or vaccine is available to fight the pandemic, everyone is left with great deal of uncertainty and anticipation over the 'new normal'.

"Due to COVID-19 pandemic, there is no impact on operational revenue in the FY 2019-20. However due to shortfall of toll revenues of SPVs, there might be impact on returns from investments in SPVs and annuities might get slightly delayed."

36 Previous year's figures have been regrouped / reclassified wherever necessary to conform to the current year's classification / disclosure.

**INDEPENDENT AUDITOR'S REPORT**

**To the Members of GAYATRI HIGHWAYS LIMITED
(Formerly GAYATRI DOMICILE PRIVATE LIMITED)**

Report on the audit of the Consolidated Ind AS financial statements**Opinion**

We have audited the Consolidated Ind AS financial statements of **Gayatri Highways Limited (Formerly Gayatri Domicile Private Limited)** ("the Holding Company") and its subsidiaries and joint ventures (the Company and its subsidiaries and joint ventures together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31st March 2020 and the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Ind AS financial statements, including a summary of significant accounting policies and other explanatory information for the year ended on that date.

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in the Basis for Opinion section of our report, the aforesaid Consolidated Ind AS financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Group as at 31st March 2020, and its loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

"Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	Auditor's Response
<p>1. As at 31.03.2020, the Company has total investments of 102.06 Cr which are classified as financial assets in the financial statements. It is in the form of equity, optionally convertible debentures and instruments entirely equity in nature of Jointly controlled entities of the Company.</p> <p>The management regularly reviews whether there are any indicators of impairment on unquoted investments made by the company.</p>	<p>1. In respect of the impairment indicator assessment for the investments in subsidiaries/ joint ventures, our audit procedures included and were not limited to the following:-</p> <ul style="list-style-type: none"> • Obtained and read the financial statements of subsidiaries/joint ventures to identify if any disclosure is made for impairment of assets in its standalone financial statements. • Obtained the impairment indicator assessment performed by the management considering internal/external sources of information.

As per Ind AS 36 - 'Impairment of Assets' the standard is applicable to financial assets classified as subsidiaries, associates and joint ventures. Accordingly, in assessing whether there is any indication that an asset may be impaired, an entity shall consider as a minimum, the external and internal sources of information, any other indications or evidences from internal reporting that indicates that the assets may be impaired.

This assessment involves significant judgment especially in relation to determination of expected future economic benefits.

Accordingly the evaluation of impairment of investments in subsidiaries/joint ventures was determined to be a key audit matter.

2. The Company has been incurring operating losses during the past few years and the current liabilities of the Company exceed its current assets.

The Group and parent Company financial statements were prepared on a going concern basis except one of the subsidiary "Sai Maatarini Tollways Limited", where the financial statements are prepared on non-going concern basis.

- We have obtained the management's understanding with regard to impairment of the investments made in loss making subsidiary companies/joint ventures.
- We have obtained the company's management opinion in estimating the realizable value of the investments made by the subsidiary companies/joint ventures.

2. We have evaluated the assumptions and forecasts made by management. We have specifically devoted attention to the assumptions made with respect to the future value added, the results and the cash flows in order to assess the company's ability to continue meeting its payment obligations and its obligations under the financing covenants in the years ahead.

Emphasis of Matter

As stated in note no. 46, the company has no impact of Covid-19 on the performance of the company during the year. Further there might be impact on returns from Investments in SPVs as the Toll Revenue is reduced and annuities might get slightly delayed. Our opinion is not modified in respect of this matter

As stated in note no. 47, the wholly owned subsidiary "Sai Maatarini Tollways Limited" which is a SPV for Road project of NHAI on DBFOT pattern, during the period of audit, terminated the project and handed over to NHAI and the financial statements are prepared on non-going concern basis. For the purpose of consolidation, the same is considered and accounted as per Ind AS 105 – Discontinued operations. Our opinion is not modified in respect of this matter.

Other Matter

We did not audit the financial statements of three subsidiaries and five joint ventures, in which the Holding Company's share of loss aggregated to ₹237.59/- Crores for the year ended 31st March 2020, as considered in the consolidated Ind AS financial statements.

In the Group, the financial statements of two joint ventures, in which the Holding Company's share of loss aggregated to ₹3.34/- Crores have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and joint ventures, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and joint ventures, is based solely on the reports of the other auditors.

Our opinion above on the consolidated Ind AS financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

In the Group, the financial statements of three subsidiaries and three joint ventures, in which the Holding Company's share of loss aggregated to ₹256.41/- Crores has not been audited by other auditors. The financial information of these subsidiaries and joint ventures is unaudited and has been furnished to us by the management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and joint ventures, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and joint ventures, is based solely on the unaudited financial information which is certified by the Management. However, we have done the limited review of the financial information of these subsidiaries and joint ventures which is certified by the Management.

Our opinion above on the consolidated Ind AS financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the financial information certified by the Management.

Information Other than the Ind AS Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Ind AS financial statements and our auditor's report thereon.

Our opinion on the Consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Those Charged with Governance for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated Ind AS financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated Ind AS financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that :
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors of the Company as on 31st March 2020 taken on record by the Board of Directors of the Company and its subsidiaries incorporated in India and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on 31st March 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditor's reports of the Company and its subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of those companies, for reasons stated therein.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended :
- In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us :
- i. The consolidated financial statements disclose impact of pending litigations on the consolidated financial position of the Group.
 - ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its subsidiary companies incorporated in India.

ANNEXURE - A TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1 (f) under the heading "Report on Other Legal and Regulatory Requirements" of our report on even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Gayatri Highways Limited (Formerly Gayatri Domicile Private Limited)** ("the Company") as of 31st March 2020 in conjunction with our audit of the Consolidated Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance

regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company and its subsidiaries and joint ventures has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2020, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Summary of Significant Accounting Policies and Other Explanatory Information

(All amounts in ₹ unless otherwise stated)

1. Corporate information

Gayatri Highways Limited - GHIL ("the Company") (Formerly Gayatri Domicile Private Limited - GDPL) was incorporated during the year 2006 in accordance with the provisions of Companies Act, 1956. The Company on its own and through its jointly controlled entities is in the business of construction, operations and maintenance of carriageways on toll and annuity basis pursuant to the development agreements with the National and State Governments and makes investments in companies engaged in the construction, operations and maintenance of roads, highways, vehicle bridges and tunnels and toll roads. The registered office of the Company is located in 6-3-1090, TSR Towers, Rajbhavan Road, Somajiguda, Hyderabad-500082.

2. Investment in associate and Joint Ventures

Investments in its associate and joint venture are accounted for using the equity method. Under the equity method, the investment in an associate or a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the share of net assets of the associate or joint venture since the acquisition date.

The statement of profit and loss reflects the share of the results of operations of the associate or joint venture. Any change in OCI of those investees is presented as part of the OCI. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Company recognises its share of any changes, when applicable, in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Company and the associate or joint venture are eliminated to the extent of the interest in the associate or joint venture.

If an entity's share of losses of an associate or a joint venture equals or exceeds its interest in the associate or joint venture (which includes any long term interest that, in substance, form part of the Company's net investment in the associate or joint venture), the entity discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Company has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture. If the associate or joint venture subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The financial statements of the associate or joint venture are prepared for the same reporting period as the Company. When necessary, adjustments are made to bring the accounting policies in line with those of the Company.

After application of the equity method, the Company determines whether it is necessary to recognise an impairment loss on its investment in its associate or joint venture. At each reporting date, the Company determines whether there is objective evidence that the investment in the associate or joint venture is impaired. If there is such evidence, the Company calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value, and then recognises the loss as 'Share of profit of an associate and a joint venture' in the statement of profit or loss.

Upon loss of significant influence over the associate or joint control over the joint venture, the Company measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in profit or loss.

**3. List of Entities consolidated**

The following entities, incorporated in India, have been considered for the purpose of preparation of consolidated financial statement:

Name of Subsidiaries	Interest in Subsidiary as on	
	31-Mar-2020	31-Mar-2019

Gayatri Jhansi Roadways Limited	51%	51%
Gayatri Lalitpur Roadways Limited	51%	51%
Cyberabad Expressways Limited	20%	20%
Hyderabad Expressways Limited	50%	50%
HKR Roadways Limited	50%	50%

4. Summary of significant accounting policies**a) Basis of preparation of consolidated financial statements**

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. Unless otherwise stated, the accounting policies applied by the Group are consistent with those used in the previous year.

All assets and liabilities have been classified as current or non-current as per the group's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of work and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the group has ascertained its operating cycle as up to twelve months for the purpose of current and non-current classification of assets and liabilities.

b) Use of estimates

The preparation of the consolidated financial statements in conformity with Indian GAAP requires management to make estimates and assumptions that affect the balances of assets and liabilities and disclosures relating to contingent liabilities as at the reporting date of the financial statements and amounts of income and expenses. Examples of such estimates include the provision for doubtful receivables, determination of recoverable amounts of fixed assets, deferred tax assets, employee benefits and useful lives of fixed assets.

Although these estimates are based on management's best knowledge of current events and actions, actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in the current and future periods.

c) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or

- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when it is:

- Expected to be settled in normal operating cycle;
- Held primarily for the purpose of trading;
- Due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The Company has identified twelve months as its operating cycle.

d) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Interest income: For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit and loss.

e) Earnings/(loss) per share

Basic earnings per share is calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

f) Provisions and contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

g) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

h) Taxes

Income tax expense comprises of current and deferred tax. Current income tax assets and liabilities is measured at the amount expected to be recovered from or paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provision where appropriate.

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxation authority.

i) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A) Financial Asset

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a. The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

- b. Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade receivables and loans

Equity investments:

All equity investments in jointly controlled entities are measured at cost less diminution other than temporary. All equity investments in scope of Ind AS 109 are measured at fair value. Equity investments which are held for trading are classified as FVTPL. For all other equity investments, the Company may make an irrevocable election to present in OCI subsequent changes in fair value. The Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognised in OCI. There is no recycling of amounts from OCI to P&L, even on sale of investment. Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the P&L.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- the rights to receive cash flows from the asset have expired, or
- the Company has transferred its rights to receive cash flows from the asset, and (i) the Company has transferred substantially all the risks and rewards of the asset, or (ii) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on debt instruments.

B) Financial Liability

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, and financial guarantee contracts.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities designated upon initial recognition as at fair value through profit or loss.

Loans and borrowings

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

j) Fixed assets

Tangible assets are stated at cost of acquisition, less accumulated depreciation thereon. The cost of an item of fixed asset comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

Intangible assets represent commercial rights to collect toll fee in relation to roads projects which has been accounted at the cost incurred on the project activity towards reconstruction, strengthening, widening, rehabilitation of the roads on build, operate and transfer basis. It includes all direct material, labour and subcontracting costs, inward freight, duties, taxes, obligation towards negative grant payable to concessionaires, if any, and any directly attributable expenditure on making the commercial right ready for its intended use.

k) Depreciation and amortization

Depreciation of tangible assets is provided on the basis of straight line method in accordance with Schedule II to the Companies Act, 2013.

l) Impairment

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

m) Borrowings Costs

In Case of concession arrangement under financial asset model, borrowing Costs that are attributable to the acquisition and/or construction of the infrastructure are charged to The Statement of Profit and Loss in the period in which such costs are incurred.

In Case of concession arrangement under intangible asset model, borrowing cost of qualifying assets are capitalized as part of cost of such assets till such time the asset is ready for its intended use. A qualifying asset is one that requires substantial period of time to get ready for its intended use. Any income on the temporary investments of borrowings is deducted from the borrowing cost. All borrowing cost subsequent to the capitalization of the intangible assets are charged to the Statement of Profit and Loss in the period in which such costs are incurred.

n) Foreign currency transactions and derivatives

- The reporting currency of the company is the Indian Rupee.
- Foreign currency transactions are recorded on initial recognition in the foreign currency, using the exchange rate on the date of the transaction.
- At each Balance Sheet date, foreign currency monetary items are reported using the closing rate. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of monetary items at the closing rate are adjusted in pre-operative expenses.

Terms & Conditions for Loans in IDTL:

Note: National Highways Authority of India has approved the proposal for the deferment of premium payable as per the sanction letter dated 11th June, 2014. NHAI reviews the Annual accounts every year.

Extension of Maratorium for Term Loans : In view of the prevailing COVID-19 situation, and as per guidelines issued by the Reserve Bank of India and Ministry of Finance the Lenders have been given instructions to banks on allowing moratorium in payment of EMIs, and to defer recovery of installment in our Term Loan accounts until June 2020.

Further the announcement has also been made by the Honorable Finance Minister of India on 17th May 2020 on "Further enhancement of Ease of doing business through IBC related measures."

Accordingly the current maturities with respect to the Term loan I - Principal repayment for the FY 2020-21 will be Rs 9,37,50,000/- and towards Funded Interest Term loan principal repayment is Rs.20,57,08,000/- for the FY 2020-21. The Rate of Interest charged by all the Lenders during the current Financial year is 10.10% pa.

Terms of Repayment

Secured Loans:

(a) As per the terms of the sanction, the Term Loan II of Rs.40,00,00,000 is repayable within 20 equal instalments immediately from the next month of the disbursement. The total amount of term loan II disbursed was Rs. 31,12,00,000/- which has been fully repaid during the FY 2017-18. The draft Restructuring documents on 5th May, 2015 to National Highways Authority of India for review, and also submitted the executed documents on 26th July, 2015 for approval to National Highways Authority of India .

(b) As per the terms of the Restructuring package, an amount of Rs.39.20 Crs were kept as Debt Service Reserve Account with the Lead bank for the FY: 2014-15 to 2016-17. As per the decision of the consortium of Lenders and the Minutes of the Meeting dated 19th May, 2017, the DSRA lying in the form of FDRs amounting to Rs. 39.20 crs was redeemed and the proceeds were utilised for the prepayment of 25% of the Funded Interest Term proportionately to the Lenders along with the repayment of Term Loan II in full, so as to to reduce the interest burden on the SPV.

Hence the Interest and Principal payments for the FY 2017-18 & FY 2018-19 & Partially for FY 2019-20 have been serviced in advance by way of pre payment of FITL loan as per the repayment schedule . The repayment on account of Interest and Principal obligations to FITL account has started in the FY 2019-2020 after the adjustment of the amounts prepaid.

(c) The additional term loan of ₹40,00,00,000 has been sanctioned by the lenders for the completion of the balance EPC works which were delayed due to the below mentioned reasons:

- (i) Delay on the part of National Highways Authority of India in handing over of the Right Of Way. There was also a delay on the part of National Highways Authority of India in publishing the Gazette notification for Toll collection.
- (ii) Delay on the part of National Highways Authority of India in shifting of Utilities ie., electrical poles, drinking water pipe lines etc, which created a hindrance for the completion of the project works.
- (iii) Delay on the part of National Highways Authority of India in declaring the Appointed date (1st Sep, 2011) after signing of the Concession Agreement (17th May, 2010). (delay of 7 months from the date of financial closure ie 8th Feb, 2011).
- (iv) The Right of Way issue & the shifting of the drinking water pipe line at Rau junction was pending at the time of issue of Provisional Completion certificate ie on 29th May, 2015 and is not resolved till date. Due to all the above reasons, the Schedule Project Completion Date was delayed.

d) Due to all the above factors, the Interest during construction has increased as against the budgeted amount stipulated in the Project cost and the funds budgeted for EPC cost were utilized for the purpose of servicing interest to the lenders. In lieu of the above the lenders have agreed to fund the additional term loan for the completion of the balance EPC works.

e) Terms of the Restructuring Package:

- 1) The Restructuring package is approved with a cut off date of July 01, 2014.

- 2) Reduction in interest rates on all Term Loan facilities (Term Loan -I ₹ 450,00,00,000, Funded Interest Term Loan ₹136,18,58,057 & Term Loan -II ₹ 40,00,00,000) to 11% fixed p.a. upto FY: 2016-17, which is to be linked to the Base Rate of the Lead Lender.
- 3) The interest on Term Loan for 11 quarters from cut-off date (July 1, 2014) to March 31, 2017 is to be funded through Funded Interest Term Loan (₹136,18,58,057).
- 4) Moratorium of 2 years 9 months for the repayment of Term Loan - I & Funded Interest Term Loan.

f) Security for Term Loans:

Term Loans from lenders are secured by

- (i) All monies including Toll collected on the Project Highway to the credit of the Escrow Account as per the provisions of the Concession Agreement.
- (ii) All the Borrower's Properties and Assets excluding the Project Assets as defined in the Concession Agreement
- (iii) All Tangible Assets of the Company not limited to Goodwill, undertaking and uncalled capital of the company.
- (iv) Pledge of shares aggregating to 66.64% of the paid-up equity capital of the Borrower, Provided that any enforcement of the pledge over shares shall be subject to prior approval of NHAI as provided in the Concession Agreement.
- (v) A first charge by way of assignment or creation on Security Interest on:
 - a) All rights, title, interest, benefits, claims and demands of Indore Dewas Tollways Limited under project documents subject to the provisions of the Concession Agreement.
 - b) Assignment of rights in favour of the lenders in accordance with the substitution agreement in respect of financing by the senior lenders under the financing documents for the project.
 - c) Lenders to be named as loss payees in the insurance policies.

g) Terms of Repayment of Term Loan from Lenders

- a) The tenor of the repayment of the Term Loan - I for ₹450,00,00,000 shall be for a period of 12 years (twelve) years excluding 2.9 years of moratorium with 48 structured unequal quarterly Instalments ranging from ₹ 5,00,000 to ₹ 78,66,00,000 per annum as per the approved restructuring package.
- b) The tenor of the repayment of Funded Interest Term Loan for ₹136,18,58,057 shall be for a period of 8 years years excluding 2.9 years of moratorium with 28 structured unequal quarterly instalments ranging from ₹1,00,00,000 to ₹38,80,00,000 per annum as per the approved restructuring package.

h) Restructuring of Term Loan as per the RBI circular dated 7th June 2019.

- i) Due to Low Toll Collections and the deficit in the cash flows, the SPV is unable to service even the interest obligations towards the Lenders in full. The account has slipped into NPA with Punjab National bank and the bank has issued a recall notice dated 4th Feb 2020 recalling the entire loan outstanding. The account is in SMA2 with Union Bank of India and State bank of India. However all the Lenders have agreed to take up the Resolution proposal with their competent authorities at the consortium meeting held dated 7th Feb 2020 and have also decided to appoint credit rating agencies ie CRISIL & CARE to assess the sustainable and unsustainable debt. Hence the entire O/s loan of PNB is not disclosed under current liabilities.
- ii) In lieu of the continuing stress in the account the SPV has already approached the Lenders to formulate a Resolution Plan as per the RBI circular dated 7th June, 2019.
- iii) The Techno Economic Viability Study has been done by M/s Mott Macdonald & Forensic Audit has been done by M/s Sagar & Associates, Chartered Accountants. Both have submitted the final reports to the Senior Lenders.
- iv) The Lenders Consortium Meeting was held on 7th Feb 2020 and the Lenders have requested the SPV to get the rating done by rating agency to assess the sustainable and Unsustainable debt.
- v) RP4 rating is required from 2 rating agencies for debt restructuring. Accordingly the Lenders have issued mandates to CRISIL & CARE for assessing the sustainability.

CRISIL has issued the RP4 Rating with sustainable debt of Rs. 236 crs (40% of Rs. 589 crs)

CARE rating is in the process of evaluating the RP4 rating post which the proposal will be taken up by the banks to their competent authorities which might take 6 months time.

Notes to financial instruments

i. The management assessed that the fair value of cash and cash equivalents, trade receivables, loans, trade payables and other financial liabilities approximate the carrying amount largely due to short-term maturity of these instruments. The management assessed that the fair value of borrowings approximate the carrying amount largely due to such borrowings carry interest rates or rates are negotiable.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

ii. Fair value hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three Levels of a fair value hierarchy. The three Levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data rely as little as possible on entity specific estimates.

Level 3: Inputs for the assets or liabilities that are not based on the observable marked data (unobservable inputs)

iii. Measurement of fair value of financial instruments

The Company's finance team performs valuations of financial items for financial reporting purposes, including Level 3 fair values, in consultation with third party valuation specialist for complex valuations, whenever necessary. Valuation techniques are selected based on the characteristics of each instrument, with the overall objective of maximizing the use of market-based information.

36 Financial risk management**Financial risk factors**

The Company's activities expose it to market risk, liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Measurement
Credit risk	Cash and cash equivalent, trade receivables, financial assets measured at amortized cost	Ageing analysis
Liquidity risk	Borrowings and other financial liabilities	Rolling cash flow forecasts
Market risk – Interest rate	Long-term borrowings at variable rates	Sensitivity analysis

The Company's risk management is carried out by a central treasury department (of the group) under policies approved by the board of directors. The board of directors provides written principles for overall risk management, as well as policies covering specific areas, such as interest rate risk, credit risk and investment of excess liquidity.

a. Credit risk

Credit risk arises from cash and cash equivalents, trade receivables, investments carried at amortized cost and deposits with banks and financial institutions.

Credit risk management

The finance function of the Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an on-going basis throughout each reporting period. In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 30 days past due. A default on a financial asset is when the counterparty fails to make contractual payments when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

Expected credit loss for trade receivables under simplified approach

The Company recognises significant income from toll road on the basis of actual collection and hence there are no significant outstanding. Hence, as the Company does not have significant credit risk, it does not present the information related to ageing pattern. The company has widespread customer base and no single customer accounted for 10% or more of revenue in any of the years indicated.

During the periods presented, the Company made no write-offs of trade receivables and it does not expect to receive future cash flows or recoveries from collection of cash flows previously written off.

b. Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

c. Interest rate risk

The Company's fixed rate borrowings are carried at amortized cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, 'Financial Instruments - Disclosures', since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The Company's variable rate borrowing is subject to interest rate. Below is the overall exposure of the borrowing:

	As at 31 March 2020	As at 31 March 2019
Fixed rate borrowing	6,84,62,34,048	22,52,89,68,717
Interest free borrowing	61,32,69,642	16,31,09,642
Total borrowings	7,45,95,03,690	22,69,20,78,359

Interest rate risk

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates.

37 Capital Management

The Company's objectives when managing capital are to:

Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Company monitors its capital using gearing ratio, which is net debt divided by total equity. Net debt includes long term borrowings, short term borrowings, current maturities of long term borrowings less cash and cash equivalents and other bank balances.

	As at 31 March 2020	As at 31 March 2019

43 The Company's principal objectives are to provide infrastructural facilities either on its own or through incorporating and investing in special purpose vehicles. Consequently, the Company has significant investments in its jointly controlled companies and other entities. On the basis of assessment of the nature of business of the Company, duly supported by an independent opinion from an expert, the management is of the view that the Company is not a Non banking financial institution under the provisions of Section 45-IA of the Reserve Bank of India Act, 1934.

44 The Company has been incurring operating losses during the past few years and the current liabilities of the Company exceeds its current assets. Notwithstanding the above, the accompanying financial statements have been prepared on going concern basis as the promoters have guaranteed support to the Company and management believes that the subsidiaries and jointly controlled entities will also generate sufficient cash flows to support the Company in foreseeable future.
