A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing specified under section 143(10) of the Act, and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independent Auditor's Review Report on Standalone Unaudited Quarterly Financial Results and Year to Date Results of the Company Pursuant to the Regulation 33 and Regulation 52 read with Regulation 63 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

Further, the Company has not recovered the excess managerial remuneration aggregating ₹ 8.69 crore paid to the Chairman and Managing Director for the financial year 31 March 2016, within the time limit prescribed under Section 197. Our audit report dated 9 July 2020 and review report dated 27 August 2020 on the standalone financial results of the Company for the year ended 31 March 2020 and for the quarter ended 30 June 2020, respectively, were also qualified in respect of this matter.
- (ii) Note 7 to the accompanying Statement, the Company's non-current borrowings, current borrowings, other non-current financial liabilities and other current financial liabilities as at 30 September 2020 include balances amounting to ₹ 158.31 crore, ₹ 73.87 crore, ₹ 619.86 crore and ₹ 385.35 crore, respectively, in respect of which confirmations/ statements from the respective banks/ lenders have not been provided to us by the management of the Company. Further, in respect of certain loans while the principal balances have been confirmed from the confirmations/ statements issued by banks / lenders, the interest accrued amounting to ₹ 85.09 crore has not been confirmed by the banks/ lenders. The aforesaid balances have been classified into current and non-current, basis the original maturity terms stated in the agreements which is not in accordance with the terms of the agreements relating to the implications in the event of default. Further, confirmations/ statements from banks have not been received for earmarked balances (included under bank balances other than cash and cash equivalents) as at 30 September 2020 amounting to ₹ 7.33 crore.

In the absence of such confirmations/ statements from banks/ lenders or sufficient and appropriate alternate audit evidence, we are unable to comment on the adjustments and changes in classification of balances in accordance with the principles of Ind AS 1, Presentation of financial statements, if any, that may be required to the carrying value of the aforementioned balances in the accompanying Statement. Our audit report dated 9 July 2020 and review report dated 27 August 2020 on the standalone financial results of the Company for the year ended 31 March 2020 and for the quarter ended 30 June 2020, respectively, were also qualified in respect of this matter.

- (iii) Note 11(b) to the accompanying Statement, the Company had written back a loss provision aggregating ₹ 331.40 crore during the year ended 31 March 2020, which was earlier recognised by the Company during the year ended 31 March 2019 in cognizance of the assignment of beneficial interests / rights in a portfolio of identified arbitration awards and claims based on a non-binding term sheet with a consortium of investors along with a letter of commitment, due to cancellation of the said proposed transaction. However, such write-back is inconsistent with the continued intent of the Company to sell / assign the arbitration awards and claims of the Company to other potential investors on similar terms as evidenced in the proposed resolution plan with lenders. Accordingly, had the loss provision not been written back, other current assets (work-in-progress) and other equity (reserves and surplus) would have been lower by ₹ 331.40 crore as at 30 September 2020. Our audit report dated 9 July 2020 and review report dated 27 August 2020 on the standalone financial results for the year ended 31 March 2020 and for the quarter ended 30 June 2020, respectively, were also qualified in respect of this matter.

Independent Auditor's Review Report on Standalone Unaudited Quarterly Financial Results and Year to Date Results of the Company Pursuant to the Regulation 33 and Regulation 52 read with Regulation 63 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

- (iv) Note 10 to the accompanying Statement, the Company has recognised net deferred tax assets amounting to ₹ 631.66 crore outstanding as at 30 September 2020, on account of carried forward unused tax losses, unused tax credits and other taxable temporary differences which are continued to be recognised by the Company on the basis of expected availability of future taxable profits for utilization of such deferred tax assets. However, in view of the continued losses incurred by the Company and the impact of COVID-19 on business operations, we are unable to obtain sufficient appropriate audit evidence with respect to the current projections prepared by the management and therefore, are unable to comment on any adjustments that may be required to the carrying value of aforesaid net deferred tax assets as at 30 September 2020. Our audit report dated 9 July 2020 and review report dated 27 August 2020 on the standalone financial results for the year ended 31 March 2020 and for the quarter ended 30 June 2020, respectively, were also qualified in respect of this matter.
5. Based on our review conducted and procedures performed as stated in paragraph 3 above, except for the effects/ possible effects of the matters described in previous sections, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in Ind AS 34, prescribed under Section 133 of the Act, and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in accordance with the requirements of Regulation 33 and Regulation 52 read with Regulation 63 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), including the manner in which it is to be disclosed, or that it contains any material misstatement.

Material Uncertainty Related to Going Concern

6. We draw attention to Note 9 of the accompanying Statement which indicates that the Company has incurred a net loss of ₹ 397.28 crore during the six month ended 30 September 2020 and, as of that date, the Company's accumulated losses amounts to ₹ 2,164.91 crore which have resulted in substantial erosion of net worth of the Company and the current liabilities have exceeded its current assets by ₹ 2,220.64 crore as at 30 September 2020. As further disclosed in aforesaid note, the Company has continued to default in repayment of principal and interest in respect of its borrowings and has overdue operational creditors outstanding as at 30 September 2020. A financial creditor and certain operational creditors have also applied to the National Company Law Tribunal ('NCLT') for the debt resolution under the Insolvency and Bankruptcy Code, 2016, which have not been admitted by the NCLT for further proceedings as of the date of this report. The above factors, together with uncertainties relating to the impact of the ongoing COVID-19 pandemic on the operations of the Company as described in Note 8 to the Statement, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. However, based on ongoing discussion with the lenders for restructuring of loans, revised business plans and other mitigating factors as mentioned in the Note 9, management is of the view that going concern basis of accounting is appropriate for preparation of the accompanying Statement. Our conclusion is not modified in respect of this matter.
7. We draw attention to:
- (i) Note 8 to the accompanying Statement, which describes the effects of uncertainties relating to COVID-19 pandemic outbreak on the Company's operations and management's evaluation of its impact on the accompanying Statement as at the reporting date, the extent of which is significantly dependent on future developments.
- (ii) Note 6 to the accompanying Statement in relation to the rectification of the method of measuring the progress towards satisfaction of performance obligation for revenue recognition from output method to input method. Consequent to the aforementioned rectification and the resultant change in accounting policy, the Company has restated the comparative financial information for the quarter and year to date results for the period 1 April 2019 to 30 September 2019 included in the accompanying Statement, in accordance with the requirements of Ind-AS 8 - 'Accounting Policies, Changes in Accounting Estimates and Errors'.

- (iv) Note 4 to the accompanying Statement, regarding uncertainties relating to recoverability of unbilled work-in-progress (other current assets) and current trade receivables amounting to ₹ 785.77 crore and ₹ 386.28 crore, respectively, as at 30 September 2020, which represent various claims raised in the earlier years in respect of projects closed/ substantially closed/ suspended. Notes:

- The Company is engaged in a single business segment viz. "Engineering and Construction", which is substantially seasonal in character. Further, the Company's margins in the quarterly results vary based on the accrual of cost and recognition of income in different quarters due to nature of its business, receipt of awards / claims or events which lead to revision in cost to completion. Due to this reason, quarterly results may vary and may not be indicative of annual results.
- The total balance value of work on hand as at 30 September 2020 is ₹ 18,995 crore (31 March 2020: ₹ 16,857 crore).
- The Company, as at 30 September 2020, has non-current investments amounting to ₹ 1,571.65 crore (31 March 2020: ₹ 1,574.90 crore) in its subsidiary, HCC Infrastructure Company Limited (HIL) which is holding 85.45% in HCC Concessions Limited (HCL) having various Build, Operate and Transfer (BOT) SPVs under its fold. While HIL has incurred losses and consolidated net-worth as at 30 September 2020 has been fully eroded, the underlying projects are expected to achieve adequate profitability on substantial completion. The net-worth of this subsidiary does not represent its true market value as the value of the underlying investments / assets, based on valuation report of an independent valuer, is higher. Further BOT SPVs have several claims including a favorable arbitration award against its customers mainly in respect of cost-overrun arising due to client caused delays, termination of contracts and change in scope of work which are under various stages of negotiation / discussion with clients or under arbitration / litigation wherein management has been legally advised that it has good case on merits. Therefore, based on certain estimates like future business plans, growth prospects as well as considering the contractual tenability, progress of negotiation / discussion / arbitration / litigations and legal advice, the management believes that the realizable amount of the subsidiary is higher than the carrying value of the non-current investments due to which these are considered as good and recoverable.
- Unbilled work-in-progress (Other current assets) and current trade receivables as at 30 September 2020 include ₹ 785.77 crore and ₹ 386.28 crore, respectively, representing various claims raised earlier, based on the terms and conditions implicit in the contracts and other receivables in respect of closed/ suspended projects. Further, non-current trade receivables and current trade receivables as at 30 September 2020 also include ₹ 2,287.28 crore (net of advances of ₹ 470.66 crore) and ₹ 736.04 crore (net of advances of ₹ 2,039.11 crore), respectively, representing claims awarded in arbitration, including interest thereon, in favour of the Company which have been challenged by the customers in higher courts. These receivables are mainly in respect of cost overrun arising due to client caused delays, suspension of projects, deviation in design and change in scope of work; for which Company is at various stages of negotiation/ discussion with the clients or under arbitration/ litigation. Considering the contractual tenability, progress of negotiations/ discussions/ arbitration/ litigations and as legally advised, the management is confident of recovery of the carrying value of the aforementioned receivables and hence no provision is considered necessary.
Further while the Company continues to legally pursue the aforementioned receivables, Company is also in active discussions with a customer to conciliate favourable arbitration award and claims represented by non-current trade receivables, current trade receivables and unbilled work-in-progress (Other current assets) amounting to ₹ 115.46 crore, ₹ 215.94 crore and ₹ 470.71 crore, respectively.
- Pursuant to notification of the Companies (Amendment) Act, 2017 with effect from 12 September 2018, amending Section 197 of the Companies Act, 2013 ('the Act'), the Company's application to the Ministry of Corporate Affairs for approval in respect of managerial remuneration of Chairman and Managing Director (CMD) accrued/ paid in excess of the prescribed limit for the financial years 2014-15 and 2015-16 stands abated. The Company, vide resolution dated 10 September 2019, has obtained approval from the shareholders for the payment of remuneration in respect of the aforesaid years, to be given effect to, only post receipt of the approval of the lenders.
Further on 26 September 2019, the Company in its shareholders' meeting has also obtained approvals vide special resolutions for managerial remuneration of CMD and Whole Time Directors for the period 1 April 2019 to 31 March 2022, to be given effect to, only post receipt of the approval of lenders.

Pending receipt of lenders approval, managerial remuneration continue to be accrued / paid held-in-trust by the Company as detailed below:

Financial Year	Designation	(₹ in crore)				
		Remuneration accrued	Remuneration paid	Remuneration as per prescribed limit	Excess remuneration accrued / paid	Excess remuneration paid held in trust
		(a)	(b)	(c)	(d = a - c)	(e = b - c)
2014-15	CMD	10.66	-	1.95	8.71	-
2015-16	CMD	10.66	10.66	1.97	8.69	8.69 ^
2019-20	CMD & Whole Time Directors	13.57	3.75	-	13.57	3.75
2020-21	CMD & Whole Time Director	6.75	0.72	-	6.75	0.72
Total		41.64	15.13	3.92	37.72	13.16

^ In accordance with provisions of Section 197(9), the excess remuneration paid was required to be refunded to the Company on or before 11 September 2020. However, the Company on 8 September 2020, has made an application to the Ministry of Corporate Affairs requesting for extension of time till 31 March 2021 to obtain the lenders' approval for the payment of remuneration of above mentioned financial years. Pending the outcome, the excess remuneration continues to be held in trust by CMD.

Statutory auditors review report is modified in respect of this matter.

- During the quarter ended 31 March 2020, the Company had changed the method of measuring progress i.e. from output method to input method as specified in Ind AS 115 - 'Revenue from Contract with Customers' consequent to change in the circumstances including change in the nature of contracts secured by the Company during recent years. Management believes that input method, a method widely also used by most other engineering and construction companies, would be more reliable and relevant in measuring the progress of the projects and therefore also be more accurate on a comparative basis in measuring the Company's performance in transferring control of goods and services promised to the customers until completion of the contracts. Pursuant to the impact of this change in method, the Company has restated the comparative financial statements/ information for the quarter and six month ended 30 September 2019, in accordance with the requirements of Ind-AS 8 - 'Accounting Policies, Changes in Accounting Estimates and Errors'. The impacts of the restatement are as follows:

- 7 Non-current borrowings, current borrowings, other non-current financial liabilities and other current financial liabilities as at 30 September 2020 include balances amounting to ₹ 158.31 crore (31 March 2020: ₹ 165.55 crore), ₹ 73.87 crore (31 March 2020: Nil), ₹ 619.86 crore (31 March 2020: ₹ 591.04 crore) and ₹ 385.35 crore (31 March 2020: ₹ 336.82 crore), respectively, in respect of which confirmation/statements from the respective banks/ lenders have not been received. Further, in respect of non-current borrowings and current borrowings aggregating ₹ 1,086.49 crore (31 March 2020: ₹ 864.23 crore), while the lenders have confirmed the principal outstanding, the accrued interest aggregating ₹ 85.09 crore (31 March 2020: ₹ 42.76 crore) have not been confirmed. In the absence of confirmations/ statements from the lenders, the Company has provided for interest and other penal charges on these borrowings based on the latest communication available from the respective lenders at the interest rate specified in the agreement. The Company's management believes that amount payable on settlement will not exceed the liability provided in books in respect of these borrowings. Also, the classification of these borrowings into current and non-current as at 30 September 2020 is also based on the original maturity terms stated in the agreements with the lenders. Further, earmarked balances (included under bank balances other than cash and cash equivalents) and guarantees issued by banks on behalf of the Company as at 30 September 2020 includes balances amounting to ₹ 7.33 crore (31 March 2020: ₹ 5.46 crore) and Nil (31 March 2020: ₹ 76.93 crore), respectively, in respect of which confirmation/ statements from banks have not been received inspite of incessant efforts by Company's management. Statutory auditors review report is modified in respect of this matter.
- 8 The outbreak of COVID-19 pandemic has disrupted regular business operations of the Company due to the lock down restrictions and other emergency measures imposed by the Government from time to time. The business operations have recommenced post relaxation of lockdowns. The Company has also adopted measures to curb the spread of infection in order to protect the health of its employees and ensures business continuity with minimal disruption. Accordingly, the results for the quarter are not comparable with those for the previous quarters. The management has taken into account the possible impacts of known events, upto the date of the approval of these financial results, arising from COVID-19 pandemic on the carrying value of the assets and liabilities as at 30 September 2020. However, there exists significant estimation uncertainty in relation to the future impact of COVID-19 pandemic on the Company and, accordingly, the actual impact in the future may be different from those presently estimated. The Company will continue to monitor any material change to the future economic conditions and consequential impact on the financial results.
- 9 The Company has incurred net loss of ₹ 397.28 crore during the six month ended 30 September 2020 and as of that date has accumulated losses aggregating ₹ 2,164.91 crore which has resulted in substantial erosion of its net worth and its current liabilities exceeded its current assets by ₹ 2,220.64 crore. The Company also continues to default on payment to lenders along with overdue to operational creditors. A financial creditor and certain operational creditors have applied before the National Company Law Tribunal ("NCLT") for the debt resolution under the Insolvency and Bankruptcy Code, 2016, none of which has been admitted so far. Further, the COVID-19 pandemic has also resulted in temporary suspension of site operations across India, supply chain disruptions, loss of migrant labour and evolving regulation while restarting works has led to material impact on the Company's operations. The above factors indicate that events or conditions exist, which may cast significant doubt on the entity's ability to continue as a going concern. The Company is in process of formulating a resolution plan with lenders. Based on the expectation of the implementation of the resolution plan with lenders, underlying strength of the Company's business plans and future growth outlook as assessed, the management is confident of improving the credit profile of the Company, including through time-bound monetisation of assets including arbitration awards; claims and other assets which would result in it being able to meet its obligations in due course of time. Accordingly, the Management considers it appropriate to prepare these financial results on a going concern basis.
- 10 On 20 September 2019, vide the Taxation Laws (Amendment) Ordinance 2019, the Government of India inserted Section 115BAA in the Income Tax Act, 1961 which provides domestic companies a non-reversible option to pay corporate tax at reduced rates effective 1 April 2019 subject to certain conditions. However, the Company having significant amount of brought forward tax losses and unabsorbed depreciation on which deferred tax asset has been recognised, is still evaluating and has not yet elected to exercise the option permitted under section 115BAA. In view of the above, there is no impact of the new tax rate on the standalone financial results for the current period. As at 30 September 2020, the Company has continued to recognize net deferred tax assets amounting to ₹ 631.66 crore (31 March 2020: ₹ 437.08 crore) on account of carried forward unused tax losses, unused tax credits and other taxable temporary differences. Based on the expected profits from the unexecuted orders on hand, outcome of the ongoing discussion with lenders for restructuring of loans and expected settlement of arbitration awards, the Company management is confident that sufficient future taxable income will be available against which such deferred tax assets will be realized. Statutory auditors review report is modified in respect of this matter.

In the absence of such confirmations/ statements from banks/ lenders or sufficient and appropriate alternate audit evidence, we are unable to comment on the adjustments and changes in classification of balances in accordance with the principles of Ind AS 1, Presentation of financial statements, if any, that may be required to the carrying value of the aforementioned balances in the accompanying Statement. Our audit report dated 9 July 2020 and review report dated 27 August 2020 on the consolidated financial results of the Group for the year ended 31 March 2020 and for the quarter ended 30 June 2020, respectively, were also qualified in respect of this matter.

- (iii) Note 10(b) to the accompanying Statement, the Holding Company had written back a loss provision aggregating ₹ 331.40 crore during the year ended 31 March 2020, which was earlier recognised by the Holding Company during the year ended 31 March 2019 in cognizance of the assignment of beneficial interests / rights in a portfolio of identified arbitration awards and claims based on a non-binding term sheet with a consortium of investors along with a letter of commitment, due to cancellation of the said proposed transaction. However, such write-back is inconsistent with the continued intent of the Holding Company to sell/ assign the arbitration awards and claims of the Holding Company to other potential investors on similar terms as evidenced in the proposed resolution plan with lenders. Accordingly, had the loss provision not been written back, other current assets (work-in-progress) and other equity (reserves and surplus) would have been lower by ₹ 331.40 crore as at 30 September 2020. Our audit report dated 9 July 2020 and review report dated 27 August 2020 on the consolidated financial results for the year ended 31 March 2020 and for the quarter ended 30 June 2020, respectively, were also qualified in respect of this matter.

- (iv) Note 6 to the accompanying Statement, the Holding Company has recognised net deferred tax assets amounting to ₹ 631.66 crore outstanding as at 30 September 2020, on account of carried forward unused tax losses, unused tax credits and other taxable temporary differences which are continued to be recognised by the Holding Company on the basis of expected availability of future taxable profits for utilization of such deferred tax assets. However, in view of the continued losses incurred by the Holding Company and the impact of COVID-19 on business operations, we are unable to obtain sufficient appropriate audit evidence with respect to the current projections prepared by the management and therefore, are unable to comment on any adjustments that may be required to the carrying value of aforesaid net deferred tax assets as at 30 September 2020. Our audit report dated 9 July 2020 and review report dated 27 August 2020 on the consolidated financial results for the year ended 31 March 2020 and for the quarter ended 30 June 2020, respectively, were also qualified in respect of this matter.
5. As given in Note 16 to the accompanying Statement, the following qualification is given by another firm of Chartered Accountants vide their report dated 10 November 2020 on the financial results of HCC Operations and Maintenance Limited, a step-down subsidiary of the Holding Company, which is reproduced by us as under:
- "Attention is drawn to Note XX, the Company (HOML) had signed a debenture Sale Purchase (DSP) agreement on 29 September 2017 with SSG Investment Holding India Ltd (SSG) and India Opportunities Pte I Ltd. (IOPL) for purchasing of debentures of Lavasa Corporation Limited, in the event of any default. As per terms of the agreement, Company has committed to purchase debentures from SSG and IOPL in the event of default by issuer for an aggregate consideration of ₹ 138 crore plus Interest @ 10.27 % per annum. The Company has not accounted interest cost of ₹ 72.46 crore but has disclosed the same as contingent liability. This has resulted in understatement of loss for the period by ₹ 72.46 crore and over statement of contingent liability by ₹ 72.46 crore and understatement of current financial liabilities by the same amount." Our audit report dated 9 July 2020 and review report dated 27 August 2020 on the consolidated financial results for the year ended 31 March 2020 and for the quarter ended 30 June 2020, respectively, were also qualified in respect of this matter.
6. Based on our review conducted and procedures performed as stated in paragraph 3 above and upon consideration of the review reports of the other auditors referred to in paragraph 9 below, except for the effects/ possible effects of the matters described in previous section, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in Ind AS 34, prescribed under Section 133 of the Act, and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), including the manner in which it is to be disclosed, or that it contains any material misstatement.
7. We draw attention to Note 7 of the accompanying Statement which indicates that the Group has incurred a net loss of ₹ 885.87 crore during the six month ended 30 September 2020 and, as of that date, the Group's accumulated losses amounts to ₹ 4,528.49 crore which has resulted in complete erosion of Group's net worth and the current liabilities have exceeded its current assets by ₹ 2,762.26 crore as at 30 September 2020. As further disclosed in aforesaid note, the Holding Company has continued to default in repayment of principal and interest in respect of its borrowings and has overdue operational creditors outstanding as at 30 September 2020. A financial creditor and certain operational creditors have also applied to the National Company Law Tribunal ('NCLT') for the debt resolution under the Insolvency and Bankruptcy Code, 2016, which have not been admitted by the NCLT for further proceedings as of the date of this report. The above factors, together with uncertainties relating to the impact of the ongoing COVID-19 pandemic on the operations of the Group as described in Note 4 to the Statement, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. However, based on ongoing discussion with the lenders for restructuring of loans, revised business plans and other mitigating factors as mentioned in the Note 7, management is of the view that going concern basis of accounting is appropriate for preparation of the accompanying Statement.

Notes:

- Hindustan Construction Company Limited (the 'Holding Company') and its subsidiaries are together referred to as 'the Group' in the following notes. These consolidated financial results have been prepared to comply in all material respects with the Indian Accounting Standards ('Ind AS') as prescribed under Section 133 of the Companies Act, 2013 ('the Act') read with Companies (Indian Accounting Standards) Rules as amended from time to time. The Audit Committee has reviewed these results and the Board of Directors have approved the above consolidated unaudited financial results at their respective meetings held on 12 November 2020.
- Unbilled work-in-progress (Other current assets) and current trade receivables as at 30 September 2020 include ₹ 785.77 crore and ₹ 386.28 crore, respectively, representing various claims raised earlier, based on the terms and conditions implicit in the contracts and other receivables in respect of closed/ suspended projects. Further, non-current trade receivables and current trade receivables as at 30 September 2020 also include ₹ 2,287.28 crore (net of advances of ₹ 470.66 crore) and ₹ 736.04 crore (net of advances of ₹ 2,039.11 crore), respectively, representing claims awarded in arbitration, including interest thereon, in favour of the Holding Company which have been challenged by the customers in higher courts. These receivables are mainly in respect of cost over-run arising due to client caused delays, suspension of projects, deviation in design and change in scope of work; for which Holding Company is at various stages of negotiation/ discussion with the clients or under arbitration/ litigation. Considering the contractual tenability, progress of negotiations/ discussions/ arbitration/ litigations and as legally advised, the Holding Company management is confident of recovery of the carrying value of the aforementioned receivables and hence no provision is considered necessary.
Further while the Holding Company continues to legally pursue these arbitration awards, the Holding Company is also in active discussions with a customer to conciliate favourable arbitration award and claims represented by non-current trade receivables, current trade receivables and unbilled work-in-progress (Other current assets) amounting to ₹ 115.46 crore, ₹ 215.94 crore and ₹ 470.71 crore, respectively.
- The Group, as at 30 September 2020, has a non-current investment amounting to ₹ 94.90 crore (31 March 2020: ₹ 321.12 crore) in HCC Concessions Limited ('HCL'), a joint venture company of HCC Infrastructure Company Limited ('HICL') (85.45% holding), a wholly owned subsidiary, having various Build, Operate and Transfer (BOT) SPVs under its fold. While consolidated net-worth of HCL as at 30 September 2020 has been partially eroded, the underlying projects are expected to achieve adequate profitability on substantial completion. The net-worth of HCL does not represent its true market value as the value of the underlying investments / assets, based on valuation report of an independent valuer, is higher. Further BOT SPV's also have several claims, including favourable arbitration award against its customers mainly in respect of cost- overrun arising due to client caused delays, termination of contracts and change in scope of work which are under various stages of negotiation / discussion with clients or under arbitration / litigation wherein management has been legally advised that it has good case on merits. Therefore, based on certain estimates like future business plans, growth prospects as well as considering the contractual tenability, progress of negotiation / discussion / arbitration / litigations and legal advice, the management believes that the realizable amount of HCL is higher than the carrying value of the non-current investments due to which these are considered as good and recoverable.
- The outbreak of COVID-19 pandemic has disrupted regular business operations of the Group due to the lock down restrictions and other emergency measures imposed by the Government from time to time. The business operations have recommenced post relaxation of lockdowns. The Group has also adopted measures to curb the spread of infection in order to protect the health of its employees and ensures business continuity with minimal disruption. Accordingly, the results for the quarter are not comparable with those for the previous quarters.
The management has taken into account the possible impacts of known events, upto the date of the approval of these financial results, arising from COVID-19 pandemic on the carrying value of the assets and liabilities as at 30 September 2020. However, there exists significant estimation uncertainty in relation to the future impact of COVID-19 pandemic on the Group and, accordingly, the actual impact in the future may be different from those presently estimated. The Group will continue to monitor any material change to the future economic conditions and consequential impact on the financial results.
- Pursuant to notification of the Companies (Amendment) Act, 2017 with effect from 12 September 2018, amending Section 197 of the Companies Act, 2013 ('the Act'), the Holding Company's application to the Ministry of Corporate Affairs for approval in respect of managerial remuneration of Chairman and Managing Director (CMD) accrued/ paid in excess of the prescribed limit for the financials years 2014-15 and 2015-16 stands abated. The Holding Company, vide resolution dated 10 September 2019, has obtained approval from the shareholders for the payment of remuneration in respect of the aforesaid years, to be given effect to, only post receipt of the approval of the lenders.
Further on 26 September 2019, the Holding Company in its shareholders' meeting has also obtained approvals vide special resolutions for managerial remuneration of CMD and Whole Time Directors for the period 1 April 2019 to 31 March 2022, to be given effect to, only post receipt of the approval of lenders.

Pending receipt of lenders approval, the managerial remuneration continue to be accrued / paid held-in-trust by the Holding Company as detailed below:

Financial Year	Designation	(₹ crore)				
		Remuneration accrued (a)	Remuneration paid (b)	Remuneration as per prescribed limit (c)	Excess remuneration accrued / paid (d = a - c)	Excess remuneration paid held in trust (e = b - c)
2014-15	CMD	10.66	-	1.95	8.71	-
2015-16	CMD	10.66	10.66	1.97	8.69	8.69 ^
2019-20	CMD & Whole Time Directors	13.57	3.75	-	13.57	3.75
2020-21	CMD & Whole Time Directors	6.75	0.72	-	6.75	0.72
Total		41.64	15.13	3.92	37.72	13.16

^ In accordance with provisions of Section 197(9), the excess remuneration paid was required to be refunded to the Holding Company on or before 11 September 2020. However, the Holding Company on 8 September 2020, has made an application to the Ministry of Corporate Affairs requesting for extension of time till 31 March 2021 to obtain the lenders' approval for the payment of remuneration of above mentioned financial years. Pending the outcome, the excess remuneration continues to be held in trust by CMD.

Statutory auditors review report is modified in respect of this matter.

- On 20 September 2019, vide the Taxation Laws (Amendment) Ordinance 2019, the Government of India inserted Section 115BAA in the Income Tax Act, 1961 which provides domestic companies a non-reversible option to pay corporate tax at reduced rates effective 1 April 2019 subject to certain conditions. However, the Holding Company having significant amount of brought forward tax losses and unabsorbed depreciation on which deferred tax asset has been recognised, is still evaluating and has not yet elected to exercise the option permitted under section 115BAA. In view of the above, there is no impact of the new tax rate on the consolidated financial results for the current period.
As at 30 September 2020, the Holding Company has continued to recognize net deferred tax assets amounting to ₹ 631.66 crore (31 March 2020: ₹ 437.08 crore) on account of carried forward unused tax losses, unused tax credits and other taxable temporary differences. Based on the expected profits from the unexecuted orders on hand, outcome of the ongoing discussion with lenders for restructuring of loans and expected settlement of arbitration awards, the Holding Company management is confident that sufficient future taxable income will be available against which such deferred tax assets will be realized.
Statutory auditors review report is modified in respect of this matter.

7 The Group has incurred net loss of ₹ 885.87 crore during the six month ended 30 September 2020 and has accumulated losses aggregating ₹ 4,528.49 crore as at 30 September 2020, which has resulted in full erosion of its net worth. Further, as of that date, its current liabilities exceeded its current assets by ₹ 2,762.26 crore. During the current period, the Holding Company has defaulted on payment to lenders along with overdue operational creditors. A financial creditor and certain operational creditors have applied before the National Company Law Tribunal ('NCLT') under the Insolvency and Bankruptcy Code, 2016, none of which has been admitted so far. Further, the COVID-19 pandemic has also resulted in temporary suspension of site operations, supply chain disruptions, loss of migrant labours and evolving regulation while resuming operations has led to material impact on the operations of the Group.

Further, in respect of Steiner AG, a material foreign subsidiary group, there are uncertainties consequent to impact of COVID-19 including its impact on budget and liquidity planning as well as uncertainties related to the pending renewal of syndicate revolving guarantee facility agreement which are expiring on 30 November 2020. There are also events or conditions existing in few other group entities, casting significant doubt on the ability of these entities to continue to as going concern.

The above factors indicate that events or conditions exist, which may cast significant doubt on the Group's ability to continue as a going concern. The Holding Company and certain group entities are in process of formulating a resolution plan with its lenders. Based on the expectation of the implementation of the resolution plan with lenders, underlying strength of the Group's business plans and future growth outlook as assessed, the management is confident of improving the credit profile of the Group, including through time-bound monetisation of assets including arbitration awards, claims and other assets which would result in it being able to meet its obligations in due course of time. Accordingly, the Management considers it appropriate to prepare these consolidated financial results on a going concern basis.

8 During the quarter ended 31 March 2020, the Group had changed the method of measuring progress i.e. from output method to input method as specified in Ind AS 115 – 'Revenue from Contract with Customers' consequent to change in the circumstances including change in the nature of contracts secured by the Group during recent years. Management believes that input method, a method widely also used by most other engineering and construction companies, would be more reliable and relevant in measuring the progress of the projects and therefore also be more accurate on a comparative basis in measuring the Group's performance in transferring control of goods and services promised to the customers until completion of the contracts. Pursuant to the impact of this change in method, the Group has restated the comparative financial statements / information for the quarter and six month ended 30 September 2019, in accordance with the requirements of Ind-AS 8 - 'Accounting Policies, Changes in Accounting Estimates and Errors'.

The impacts of the restatement are as follows:

	Quarter ended 30 September 2019	Six month ended 30 September 2019

9 Non-current borrowings, current borrowings, other non-current financial liabilities and other current financial liabilities as at 30 September 2020 include balances amounting to ₹ 164.37 crore (31 March 2020: ₹ 171.59 crore), ₹ 73.87 crore (31 March 2020: Nil), ₹ 619.86 crore (31 March 2020: ₹ 591.04 crore) and ₹ 385.45 crore (31 March 2020: ₹ 337.09 crore), respectively, in respect of which statements from the respective banks/ lenders have not been received. Further, in respect of non-current borrowings and current borrowings aggregating ₹ 1,086.49 crore (31 March 2020: ₹ 864.23 crore), while the lenders have confirmed the principal outstanding, the accrued interest aggregating ₹ 85.09 crore (31 March 2020: ₹ 42.76 crore) have not been confirmed. In the absence of confirmations/ statements from the lenders, the Group has provided for interest and other penal charges on these borrowings based on the latest communication available from the respective lenders at the interest rate specified in the agreement. The Group's management believes that amount payable on settlement will not exceed the liability provided in books in respect of these borrowings. Accordingly, classification of these borrowings into current and non-current as at 30 September 2020 is also based on the original maturity terms stated in the agreements with the lenders. Further, earmarked balances (included under bank balances other than cash and cash equivalents) and guarantees issued by banks on behalf of the Group as at 30 September 2020 includes balances amounting to ₹ 7.33 crore (31 March 2020: ₹ 5.46 crore) and Nil (31 March 2020: ₹ 76.93 crore), respectively, in respect of which confirmation/ statements from banks have not been received inspite of incessant efforts by Group's management.

Statutory auditors review report is modified in respect of this matter.

Note:

(i) During the quarters ended 30 September 2020 and 30 June 2020, the Holding Company has entered into Settlement Agreements with one of its customers to conciliate long pending dispute in respect of the Arbitration Awards published in Holding Company's favour, for two projects completed during earlier years, which were being contested by the customer before the Hon'ble High Courts. Pursuant to these settlements, the Holding Company would realise/ have realised ₹ 32.35 crore and ₹ 218.94 crore as full and final settlement with an understanding that all pending disputes stand resolved. Pursuant to the settlement agreements, the Holding Company has recognised exception losses of ₹ 84.46 crore and ₹ 242.37 crore during the quarter ended 30 September 2020 and 30 June 2020, respectively.

Though the Holding Company had a fair chance to recover entire money over the period, however, considering the time involved in the litigation and urgent need to realize monies urgently to tie up its cashflow deficit for its operations, the Holding Company has opted for this conciliation, as per the scheme provided u/s 73 of Arbitration and Conciliation Act, 2015 by Ministry of Road Transport Highways.

(ii) During the quarter ended 31 March 2019, the Holding Company had recognized a provision of ₹ 331.40 crore pursuant to the signing of a non-binding term sheet with a consortium of investors along with a letter of commitment, for an assignment of the beneficial interest in portfolio of identified arbitration awards and claims ('specified assets') for an aggregate consideration of ₹ 1,750 crore. The said provision continued thereafter in view of mutual extension of the said transaction till 31 December 2019. In the absence of any further extension, the Holding Company decided to cancel this proposed transaction, which had been reported to and confirmed by statutory auditors. Pursuant to the cancellation of the aforesaid transaction, the provision of ₹ 331.40 crore, related to specified assets, recognized earlier has been written back during the previous year. Statutory auditors review report is modified in respect of reversal of aforesaid provision.

- 11 During the current quarter, HCL has completed the 100% stake sale of its subsidiary i.e. Farakka-Raiganj Highways Limited ('FRHL') to Cube Highways Pte. Ltd. ('Cube'). Pursuant to the above, HCL has received ₹ 104.35 crore towards consideration for sale of equity shares and a resultant loss on sale of FRHL aggregating ₹ 259.31 crore has been recognised during the current quarter.
Additionally as a part of the agreement with Cube, HCC Group would be entitled to certain hold backs (to be released on completion of dispute resolution with NHA), earn-outs (contingent on traffic/ revenue projections), certain revenue share from FRHL over the concessions period and proceeds from claims submitted with NHA, which would overall be material in nature.
- 12 As at 30 September 2020, HREL Real Estate Limited ('HREL'), a subsidiary company, has provided corporate guarantees and put options aggregating ₹ 4,899.25 crore (31 March 2020: ₹ 4,547.71 crore) to the lenders of its erstwhile subsidiaries, Lavasa Corporation Limited ('LCL') and Warasgaon Assets Maintenance Limited ('WAML') in respect of amounts borrowed by these subsidiaries. LCL and WAML were admitted under the Corporate Insolvency and Resolution Process ('CIRP') in accordance with the Insolvency and Bankruptcy Code, 2016 (IBC) dated 30 August 2018 and 17 December 2018, respectively and Resolution Professionals ('RP') have been appointed by the Committee of Creditors (CoC) of the lenders of respective companies. The lenders, to whom these corporate guarantees and put options were furnished, have filed their claims with RP which is presently under the IBC process and have also invoked the corporate guarantee/ put options issued by the HREL. RP is in the process of formulating a resolution plan including identifying potential resolution applicant. The liability of HREL shall be determined once the debts due to these lenders are settled by RP upon completion of the IBC process. Pending the outcome of the resolution process, no provision has been considered necessary in the consolidated financial results by HREL, as impact, if any, is currently unascertainable.
- 13 In response to the National Highway Authority of India ('NHA')'s notice dated 24 August 2017 for 'Intention to Issue Termination Notice' to Baharampore Farakka Highways Limited (BFHL), a subsidiary of HCL, the Independent Engineer has recommended NHA to withdraw intention to issue termination notice on 26 June 2019. Further, as at 30 September 2020, NHA has deposited ₹ 358.98 crore with the Delhi High Court in respect of an arbitration award in favour of BFHL against which BFHL has partially withdrawn ₹ 75 crore against bank guarantee. BFHL has also initiated a conciliation process with the NHA for its arbitration award and entire claims, which is currently under way.
- 14 Non-current borrowings and other current financial liabilities (including current maturities of long-term borrowings) of BFHL, a subsidiary of HCL, as at 30 September 2020 includes ₹ 88.83 crore and ₹ 3.44 crore, respectively in respect of which, in the absence of confirmation from the lenders/ bankers, BFHL has provided for interest and other penal charges based on the latest communication available from the lenders/ bankers at the interest rate specified in the agreements. BFHL's management believes that amount payable on settlement will not exceed the liability provided in books in respect of these borrowings. Further, the classification of these borrowings into current and non-current as at 30 September 2020 is based on the original maturity terms as stated in the agreements with the lenders / bankers.
- 15 Delay in acquisition of land of more than seven years in Raiganj Dalkhola Highways Limited ('RDHL'), a subsidiary of HCL, resulted in a substantial increase of project cost. The inability of the lenders consortium to fund the cost overrun in the absence of extended benefits in the event of termination from NHA has led to the issuance of termination notice by NHA. RDHL has filed claim for ₹ 367 crore as a termination payment and for ₹ 836 crore as losses on account of contractors dues before arbitration tribunal as the requisite land to carry out the desired work was not made available by NHA. Based on the legal advice obtained in this respect, the Group's management is confident of recovering the amount from NHA and HCL's exposure in RDHL is considered to be fully recoverable.
- 16 On 29 September 2017, HCC Operations and Maintenance Limited (HOML), a wholly owned subsidiary of HCL, had signed a Debenture Sale Purchase (DSP) agreement with certain debenture holders for purchase of debentures issued by LCL, in the event of any default for an aggregate consideration of ₹ 138 crore plus interest @ 10.27 % per annum. Pursuant to the above, HOML has till date paid ₹ 21 crore to the aforesaid debenture holders towards these debentures. During the previous year, vide letter dated 8 August 2019, HOML has received recall notice from the debenture holders for ₹ 185.25 crore due to payment default as per DSP agreement.
