On the move and climbing to the next level

In a cyclical iron and steel business, success comes from the ability to keep on moving. Over the years we did so by engaging in various growth oriented initiatives:

BY

Strengthening our operational efficiency;

Focusing on lowering the production cost through integration;

Sourcing the raw material at lower cost;

Strengthening the fiscal discipline.

These exclusive traits have helped us to drive ahead to capitalize more on opportunities, strengthen margins, enhance stakeholders value, emerge as the most preferred & trusted vendor in our segment and **climbing to the next level.**

Climbing the next level on the backdrop of these virtual facts and beliefs

Growth rate of India is expected to touch 7.5% by 2020 thereby reversing the declining trend of last 2 years.

Continued thrust of making India self-reliant by "Make for India" campaign.

Increased government focus on infrastructure and real estate development.

Affordable Consumer Loan for Business, Housing and Automobile buyers.

Ease and simplification of GST for the different sectors of economy.

Market consolidation due to various regulatory reforms will lead to better efficiency, productivity, good governance and sustainability.

Climbing to the next level with a deeper domain expertise, concrete foundation and readiness to move ahead.

Supershakti Metaliks Limited, one of the niche players in the domestic iron & steel industry.

A specialist in the production of Billets, Wire Rod, H.B. Wires and Binding Wires based on competitiveness and product acceptability with quality respecting customers.

A company generating adequate cash to grow its business through a prudent financial discipline.

Being in a niche business, today Supershakti Metaliks stands tall & elated and have reached the summit of its business leadership.

Vision

The vision of our organization is to become the fastest growing and the most comprehensive steel company in the nation. Moreover, constantly developing the skills of our employees and fostering team work for the development of our country. We believe that together, we can achieve a new phase of globalization therefore we keep ourselves involved in the welfare of the community through women and child education, providing employment to the needy and a cleaner environment.

Supershakti Metaliks Limited, the corporate

Headquartered at Kolkata and manufacturing plant at Durgapur, Supershakti Metaliks Limited is part of Kolkata based Sai Group. The Company is promoted by Mr. Dilipp Agarwal and Mr. Deepak Agarwal. Today, the Company is one of the name synonym Eastern India for its Wire Rods. The shares of the Company are actively traded at the SME platform of BSE Limited.

Strengths and Competencies

Business: Steel Melting Section to produce semi-finished product i.e. Billet and Rolling Mill Section to produce Wire Rods, HB Wires, Binding Wires.

Infrastructure: We have regularly invested in modernising our plants and equipment's to manufacture products that match standards and benchmarks as per the clients requirements.

Profitability: While we have recorded sustained profits over the years, we have also managed to achieve good growth per tonnee realization of our products and are committed to maintain the same in the coming years.

Complimentary product mix: Our Induction Furnace plant output i.e. Billets can be segregated and may be sold or may be provided as input for the Rolling Mills; and the output of rolling mill i.e. Wire rod can also be sold as well as used as input for the production of HB wire & Binding wire. Thus, our multiple products manufacturing capability enables us to derisk demand / any cost pressure.

Locational Advantage: Our manufacturing plant is situated across the industrial rich belt of Burdawan and Durgapur which helps us in selling the product manufactured in lowest given time. Our locational advantage also helps us in procuring raw material required by us at lower costs.

Pride: Our Company is accorded with ISO 14001:2015 and ISO 9001:2015 certifications for adhering with various quality parameters at the manufacturing facility thereby ensuring superior product quality.

Quality : The company is certified by its respectable client-tele across quality parameters conforming to domestic and international standards.

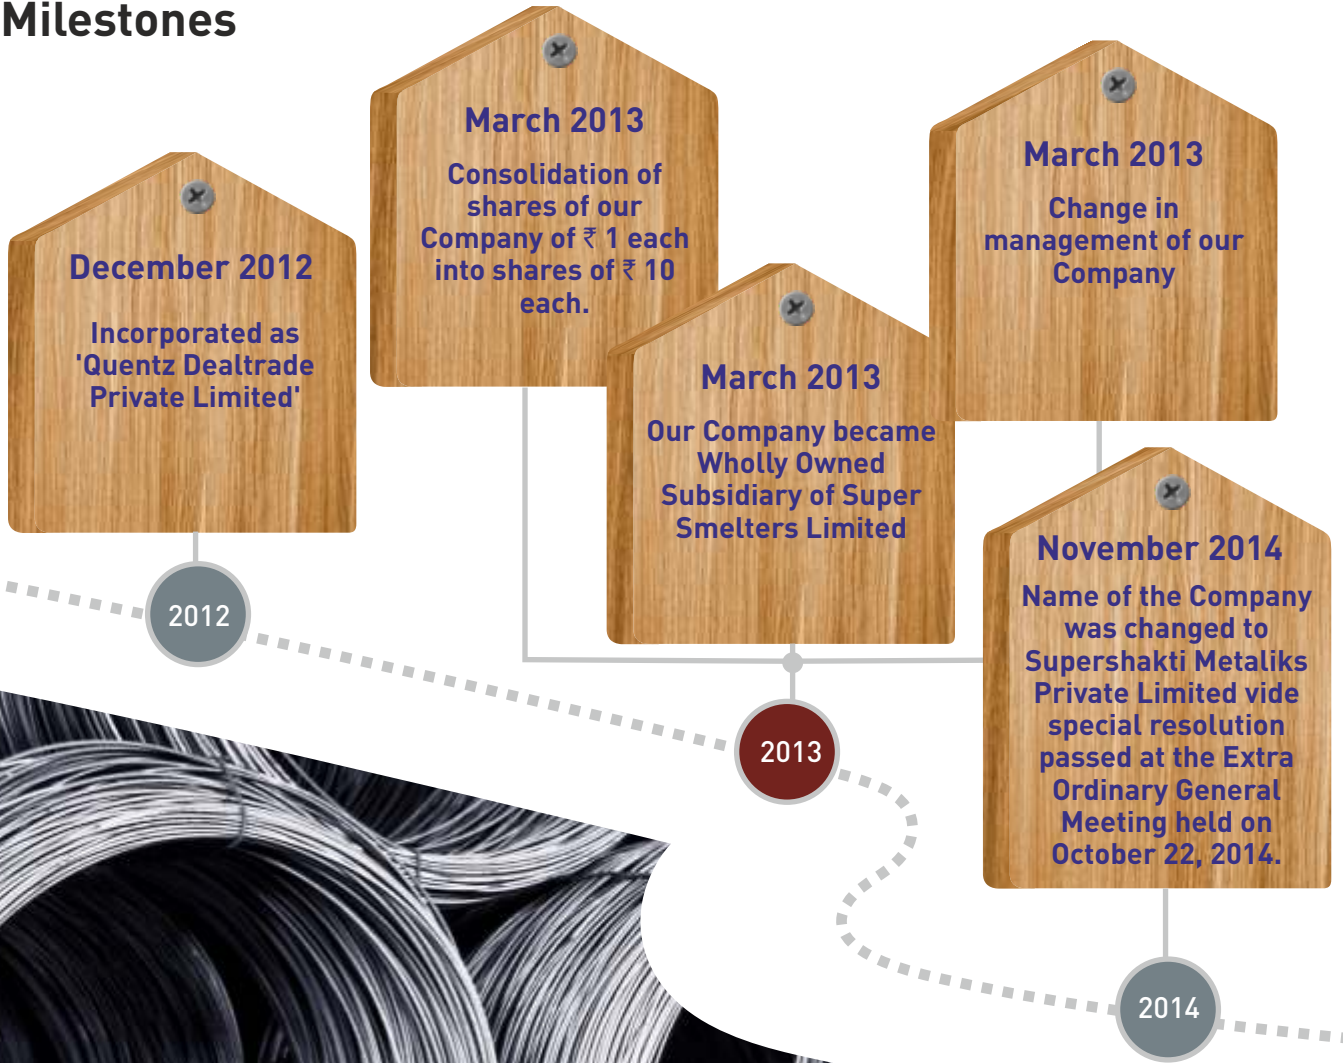

Eco-friendly operations: Green belt in the vicinity of our manufacturing plant; controlled pollution index thereby helps us in facilitating a proper ecological balance.

Caring : Besides being a business focused organisation, we also care for our employees, stakeholders and community at large.

Chairman's communique

Dear Shareholders,

One of the most principal messages that I would like to convey is that even we experienced one of the most challenging periods in the external environment; we performed creditably in this challenging environment.

Reviewing 2018-19

Looking at the scenario of the external levels, we are pleased to report a satisfactory performance during 2018-19. The Company recorded 43% growth in turnover, and EBIDTA increased by 42% over the previous year. Increase in sales volumes and improved cost efficiencies were however offset by rising raw material costs. The net profit after tax grew by 42% over the previous year.

Growth drivers

In my opinion this performance and counter-slowdown is attributed to many reasons – one of them being superior quality of our products.

It is a sign of deep prospects that despite the real estate slowdown in the last couple of years, the country continues to remain one of the most attractive in iron & steel sector opportunities. With a new dawn in the Indian economy, Government of India has also come up with various policy reforms to address the root needs of people. We are of the view that this initiative will boost construction activity thereby increasing the demand for steel

Further, India's urban population is also growing at breath-taking speed. This makes it imperative to strike the right balance of urban development alongside the infrastructure growth. Towards this, our country is foreseeing a massive allocation to the infrastructure sector. This will turn the spotlight on reinforced structures like ports, roads, railways and other areas like affordable housing, physical infrastructure thereby providing necessary momentum to the steel sector to meet its growth targets.

Supershakti is attractively placed to capitalize on India's projected 7.5% GDP growth for 2020 through a combination of prudent vertical

selection, in-depth knowledge, proven competence, best-in-class assets, transparent governance and spare capacity to grow.

Demand and Challenges

Steel production in India grew by 3.1% to 103 million tonnes and consumption increased by 7.9% to 90.7 million tonnes in FY 2017-18. India is currently the second largest producer of steel after China and has recently surpassed Japan. An increase in domestic demand from sectors like infrastructure, real estate and automobiles is anticipated. The government has mooted a plan to boost domestic steel capacity to 300mt per annum by 2030.

The low per capita consumption of around 65 kg in India, compared to the world's average of 214 kg, and an encouraging government stance towards the steel industry, all contribute to India being an attractive location for steel. Additionally, rapidly growing demand, with particular growth in demand from certain sectors such as construction and auto, economising of domestic steel demand and decline in steel capacity in China that is expected over the next decade are further expected to act in the country's favour.

Currently, the steel being used in real estate contributes only 15-20% of total steel production in India. However, Indian real estate sector is likely to be most benefited due to rapid urbanisation which is expected to reach 543 million by 2025. Additionally, growing economy is also driving demand for commercial, hospitality and retail space.

The demand for affordable housing further enabled by the various government schemes and initiatives and the need to grow cities vertically and implementation of regulations regarding resistance and building strength further leading to an increase in steel intensity in construction are also likely to create a huge impact in the industry. Government introduced initiatives such as Pradhan Mantri Awas Yojna-Housing for All, Sardar Patel Urban Housing Mission, 100 Smart Cities Mission (by 2022), Pradhan Mantri Gram Sadak Yojna, Urban Infrastructure Development Scheme for Small & Medium Towns (UIDSSMT), National Heritage City Development and Augmentation Yojana

(HRIDAY), Bharatmala project, 24x7 Power for All initiative (by 2019), Development of Industrial Corridors & National Investment & Manufacturing Zones, 75,000 MW Clean-Energy initiative (by 2022) etc. are expected to drive further demand for steel in India.

Sowing to gain

At Supershakti Metaliks, we believe that through a superior management of factors - enhancing production efficiency, compressing costs, resource security, and phase-wise expansion of the existing facilities we can counter any future threats.

Future focused

Our Company is ready to expand provided it gets a good opportunity either through expansion or via acquisition of any potential opportunity that may come in our way. The Company can either go for any green field projects or brown field projects in future in order to tap growing demand.

Our driving force

The belief that 'great people create great organizations' is the philosophy of the Company's approach to its people. We continued to make significant investments for training in the areas of marketing excellence, customer service and building capabilities for organized retail trade. Human Resources always have been, and shall continue to be, central to the growth of our Company. We are continuously making efforts in the development of Human Resource through a series of employee-friendly measures aimed at talent acquisition, development, motivation and

retention. Our endeavour is to develop a culture where a sense of belongingness and ownership of work are the key motivating factors and provide world class training to create a world-class work force.

Expectations and Prospects

India is expected to report steady growth over the foreseeable future backed by stable government. This growth will be manifested in rising disposable incomes, post-GST stabilisation and increased aspirations. Given this context, I am pleased to state that Supershakti Metaliks Limited is the right company in the right verticals at the right time. My optimism stems from the fact that we have created a strong foundation and a rich repository of sectoral experience. The products in which your company deals are both used by industries and consumers and since our products commands premium value it helps in quick sales realisation.

We will continue to focus on enhancing efficiency, optimising costs and increasing liquidity and preparing for the big leap when the sector rebounds. We are optimistic that this will translate into superior margins, returns on capital employed and market capitalization, enhancing value in the hands of all those who own shares in our company.

With warm regards,

Sincerely,

Dilipp Agarwal

Pursuant to Section 148(3) of the Companies Act, 2013 read with Rule 14 of the Companies (Audit and Auditors) Rules, 2014, the remuneration, as approved by the Board of Directors of the Company on the recommendation of the Audit Committee, is required to be subsequently ratified by the Members of the Company.

The Resolution as at Item No. 4 of the Notice is therefore set out as an Ordinary Resolution for approval and ratification by the Members.

Your Directors recommend the resolution as at Item No. 4 for your approval.

None of the Directors and/or Key Managerial Personnel of the Company and their relatives is concerned or interested financially or otherwise in the resolution set out at Item No. 4 of the Notice.

ITEM NO. 5

Pursuant to the provisions of Section 188 of the Companies Act, 2013 (the Act) read with Rules made there under, all Related Party Transactions; beyond the prescribed threshold limit require Shareholders approval.

In terms of the above, approval of the Members is required on the transaction(s), which are expected to exceed the prescribed threshold limit and therefore, the Board has proposed the same to be placed before the shareholders for their approval as an Ordinary Resolution.

All the proposed transactions put up for approval are in ordinary course of business and at arm's length. Though the transactions mentioned are in ordinary course of business and at prevailing market prices, as a matter of abundant caution the board of directors thought it prudent to seek shareholder's approval further.

As a part of its regular business, the Company regularly transacts with Super Smelters Ltd./Sai Electrocasting Pvt. Ltd./ Sai Sponge (India) Pvt. Ltd. at arm's length in the Ordinary Course of business and are ongoing transactions. Information required to be provided under Rule 15(3) of the Companies (Meeting of the Board and its Power), 2014 is as under:

In compliance with the provisions of the Companies Act, 2013, the related parties shall abstain from voting on the proposed resolution.

ITEM NO. 6

Pursuant to the provisions of Section 186 of the Companies Act, 2013 ('Act'), the shareholders of the Company on 10 May, 2018 accorded approval to give loans or to give guarantee(ies) or to provide security(ies) or to make investment(s) up to an aggregate amount not exceeding ₹ 500 Crore (Rupees Five Hundred Crore Only). The Company is expected to render support for the business requirements of other Companies in the Sai Group, from time to time. However, owing to certain restrictive provisions contained in the section 185 of the Companies Act, 2013, the company was unable to extend financial assistance by way of loan, guarantee or security to other entities in the group or to any person in whom any of the director of the company is interested. However, vide Companies (Amendment) Act, 2017 Section 185 of the Act has been amended and the same was notified by the Ministry of Corporate Affairs on 7 May, 2018. In terms of the amended Section 185 of the Act, a company may advance any loan including any loan represented by a book debt, or give any guarantee or provide any security in connection with any loan taken by any person in whom any of the Director of the Company is interested subject to the condition that approval of the shareholders of the Company is obtained by way of Special Resolution and requisite disclosures are made in the Explanatory Statement.

In view of the above; and in line with the approval of the shareholders accorded under section 186 of the Act & as an abundant caution, the Board at its meeting held on 28 May, 2019 decided to seek approval of the shareholders pursuant

NOTICE

to the amended provisions of Section 185 of the Act to advance any loan including any loan represented by book debt, or give guarantee or provide any security in connection with any loans / debentures / bonds etc. raised by any subsidiary company(ies) / body corporate in whom any of the Director of the Company is interested up to an aggregate amount not exceeding ₹ 500 Crore. The members may note that board of directors would carefully evaluate proposals and provide such loan, guarantee or security proposals through deployment of funds out of internal resources/accruals/ and or any other appropriate sources, from time to time ,only for principal business activities of the borrowing entities Hence in order to enable the Company to advance loan to Subsidiaries/joint ventures/associates /other companies /firms in which directors are interested directly or indirectly under section 185 of the Companies Act 2013 requires approval of members by a Special Resolution .

Your Directors recommend the Special Resolution for approval of the members. .

None of the directors or Key Managerial Personnel and / or their relatives is deemed to be interested or concerned financial or otherwise, in this resolution, except to the extent of their shareholding, if any, in the Company.

ITEM NO. 7 & 8

The equity shares of the Company are listed and actively traded on Bombay Stock Exchange of India Limited. With a view to encourage the participation of small investors by making equity shares of the Company affordable and increasing the liquidity of the equity shares, the Board in its Meeting held on 23 August, 2019 recommended an issue of Bonus Shares in the proportion of 1 (One) New Equity Share for every 1 (One) existing Equity Share of the Company of ₹ 10/- each held by the Members on the Record Date, by capitalizing the amount standing to the credit of Securities Premium first and if required /Surplus in the Statement of Profit & Loss as at 31 March, 2019.

Presently, the Authorized Share Capital of the Company is ₹ 6,00,00,000/- (Rupees Six Crore) divided into 60,00,000 (Sixty Lakh) Equity Shares of ₹ 10/- (Rupees Ten) each. It is proposed to increase the Authorized Share Capital from ₹ 6,00,00,000/- (Rupees Six Crore) to ₹ 15,00,00,000/- (Rupees Fifteen Crore) divided into 1,50,00,000 (One Crore Fifty Lakh) Equity Shares of ₹ 10/-(Rupees Ten) each by creation of additional 90,00,000 (Ninety lakh) Equity Shares of ₹ 10/- each ranking pari passu in all respect with the existing Equity Shares of the Company.

The proposed increase of Authorized Share Capital, issue of bonus shares requires the approval of members in general meeting in terms of Sections 61 and 63 of the Companies Act, 2013 and any other applicable statutory and regulatory approvals. Consequent upon the increase of Authorized Share Capital, the Company's Memorandum of Association will also be required to be altered so as to reflect the increase in share capital.

The draft copy of Memorandum of Association of the Company is available for inspection at the registered office of the Company from Monday to Friday during business hours till the date of ensuing Annual General Meeting.

Management Discussion and Analysis

A. Industry Outlook and Development

India was the world's second-largest steel producer with production standing at 106.5 MT in 2018. The growth in the Indian steel sector has been driven by domestic availability of raw materials such as iron ore and cost-effective labour. Consequently, the steel sector has been a major contributor to India's manufacturing output.

The Indian steel industry is very modern with state-of-the-art steel mills. It has always strived for continuous modernization and up-gradation of older plants and higher energy efficiency levels.

Indian steel industries are classified into three categories such as major producers, main producers and secondary producers. India's finished steel consumption grew at a CAGR of 5.69 per cent during FY08-FY18 to reach 90.68 MT.

India's crude steel and finished steel production increased to 103.13 MT and 104.98 MT in 2017-18, respectively.

In 2017-18, the country's finished steel exports increased 17 per cent year-on-year to 9.62 million tonnes (MT), as compared to 8.24 MT in 2016-17. Exports and imports of finished steel stood at 5.77 MT and 7.13 MT, during April 2018-February 2019 (P).

Government Initiatives

Some of the other recent government initiatives in this sector are as follows:

- An export duty of 30 per cent has been levied on iron ore (lumps and fines) to ensure supply to domestic steel industry.
- Government of India's focus on infrastructure and restarting road projects is aiding the boost in demand for steel. Also, further likely acceleration in rural economy and infrastructure is expected to lead to growth in demand for steel.
- The Union Cabinet, Government of India has approved the National Steel Policy (NSP) 2017, as it seeks to create a globally competitive steel industry in India. NSP 2017 envisages 300 million tonnes (MT) steel-making capacity and 160 kgs per capita steel consumption by 2030-31.
- The Ministry of Steel is facilitating setting up of an industry driven Steel Research and Technology Mission of India (SRTMI) in association with the public and private sector steel companies to spearhead research and development activities in the iron and steel industry at an initial corpus of ₹ 200 crore (US\$ 30 million).
- The Government of India raised import duty on most steel items twice, each time by 2.5 per cent and imposed measures including anti-dumping and safeguard duties on iron and steel items.

B. Opportunities & Threats, Risks & Concern

The National Steel Policy, 2017, has envisaged 300 million tonnes of production capacity by 2030-31. In 2018, steel consumption of the country is expected to grow 5.7 per cent year-on-year to 92.1 MT*.

Further, India is expected to surpass USA to become the world's second largest steel consumer in 2019*. Huge scope for growth is offered by India's comparatively low per capita steel consumption and the expected rise in consumption due to increased infrastructure construction and the thriving automobile and railways sectors. Secondly company is also exploring the possibilities of expansion either by setting a new plant or by acquisition of any existing plant if it gets a good deal to tap the growing demand. The only risks or concern that may arise is the availability of raw materials and fluctuation in its price, political environment, clearances from the ministry.

C. Product-Wise Performance

The Company is mainly manufacturing billets and these billets are being used as raw material for manufacturing of Wire rods and HB wire as its main products. The Company has set up a wire drawing unit which produces different sizes of wire for industrial use. Wire Rods has contributed around 81% of sale where as H B Wire contributed around 16% of total sales of finished products.

E. Internal Control Systems and their Adequacy

The Company's Internal Financial Control framework is commensurate with the size and the nature of its operations. These have been designed to provide reasonable assurance about recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorized use, executing transactions with proper authorization and ensuring compliance of Corporate Policies. The Company has laid down procedures and policies to guide the operations of the business. The Company has a well-defined SOP to take care of functions of the company. Unit/functional heads are responsible to ensure compliance with the policies and procedures laid down by the management. The operating management assessed the effectiveness of the Company's internal controls over financial reporting as of 31 March, 2019. M/s. Singhi & Co, the Statutory Auditors of the Company audited the Financial Statements included in this Annual Report and issued a report on the internal controls over financial reporting (as defined in Section 143 of the Companies Act, 2013). The Company has appointed reputed firms of Chartered Accountants to carry out internal audits. The audit is based on focused and risk based internal audit plan, which is reviewed each year after consulting the Audit Committee. In line with international practice, the conduct of internal audit is oriented towards the review of internal controls and risks in its operations of its business. The internal audit function endeavors to make meaningful contributions to the organization's overall governance, risk management and internal controls.

The Audit Committee reviews reports submitted by internal auditors. Suggestions to improve any process are considered by the management and the audit committee follows up on corrective actions taken by the management.

The Audit Committee also meets the Company's statutory auditors to ascertain, inter alia, their views on the adequacy of internal control systems and keeps the Board of Directors informed of its major observations periodically. Based on its evaluation (as provided under Section 177 of the Companies Act, 2013 and Clause 18 of SEBI Listing Regulations), the Audit Committee has concluded that as of 31 March 2019, the Internal Financial Controls were adequate and operating effectively.

We have audited the accompanying financial statements of **Supershakti Metaliks Limited ("the Company")**, which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, its profit and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

OTHER INFORMATION

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including annexure to Board's Report, Business Responsibility Report, and Shareholders' Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance and conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

INDEPENDENT AUDITORS' REPORT

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure of about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interests of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE - 2 to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Supershakti Metaliks Limited ("the Company")** as of 31st March 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

ANNEXURE - 2 to the Independent Auditor's Report

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS *for the year ended on 31st March, 2019*

Note No 1. SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Preparation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules 2014. The financial statements have been prepared on an accrual basis and under the historical cost convention.

B. Use of Estimates

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized.

C.1. Property, Plant & Equipment

- i) Tangible Fixed Assets are stated at cost of acquisition or construction (net of GST where GST credit is available) less accumulated depreciation and impairment losses. The cost of assets comprises of its purchase price and any directly attributable cost of bringing the assets to their location and working condition upto the date of its intended use.
- ii) Capital Work-in-progress is stated at cost which includes expenses incurred during construction period, interest on amount borrowed for acquisition / construction of qualifying assets and other expenses incurred in connection with project implementation in so far as such expenses relate to the period prior to the commencement of commercial production.

C.2. Intangible Assets

Intangible assets are stated at cost less accumulated amortization. Cost includes directly attributable expenditure for making the assets for its intended use.

D. Component Accounting

The company has adopted component accounting as required under Schedule II to the Companies Act, 2013, from 1 April, 2015. The company was previously not identifying components of fixed assets separately for depreciation purposes; rather, a single useful life/ depreciation rate was used to depreciate each item of property, plant and equipment.

Due to application of Schedule II to the Companies Act, 2013, the company has changed the manner of depreciation for its fixed assets. Now, the company identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset. These components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset.

E. Depreciation and Amortization

Depreciation on Tangible Fixed Assets is provided on prorata basis for the period of use, on straight-line method at the rates determined based on useful lives of respective assets as prescribed in the Schedule II of the Companies Act, 2013. Certain plant & machinery have been considered Continuous process plant on the basis of technical assessment. Leasehold land is amortised on straight line method over the period of the lease.

F. Impairment

The carrying amounts of Tangible Fixed Assets are reviewed at each balance sheet date to determine, if there is any indication of impairment based on external/internal factors. An impairment loss is recognized wherever the carrying amount of Tangible Fixed Assets exceeds its recoverable amount which represents greater of the "net selling price" and "value in use" of the respective assets. The impairment loss recognized in prior accounting period is reversed if there has been an improvement in recoverable amount.

NOTES TO FINANCIAL STATEMENTS *for the year ended on 31st March, 2019*

G. Leases

Lease payments under an operating lease are recognized as expense in the Statement of Profit and Loss as per terms of lease agreement.

Leases which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item are classified and accounted for as finance lease. Lease rental receipts are apportioned between the finance income and capital repayment based on the implicit rate of return.

H. Investments

- i) Investments which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments. The portion of long term investments expected to be realized within twelve months after the reporting date are disclosed under current investments.
- ii) On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees & duties.
- iii) Long-Term Investments are stated at cost. Provision for diminution is made if the decline in value, in the opinion of the management, is other than temporary in nature.

I. Inventories

Inventories of stores and spare parts are valued at cost after providing for cost of obsolescence and other anticipated losses wherever considered necessary.

Inventories of items other than those stated above are valued at cost or net realizable value whichever is lower. Cost in respect of:

- a) Raw Materials, Consumables, Stores & Spares are computed under weighted average basis;
- b) Work-in-Progress and Finished Goods are computed under weighted average basis.
- c) By- Products are valued at net realisable value.

Net Realizable Value is the estimated selling price in the ordinary course less the estimated cost of completion and the estimated costs necessary to make the sale.

Materials and other supplies held for use in the production of inventories are not written down below cost if the finished productions in which they will be incorporated are expected to be sold at or above cost.

J. Employees Benefit

Retirement benefit in the form of provident fund and superannuation fund are defined contribution schemes. The contributions to the provident fund and superannuation fund are charged to the statement of profit and loss for the year when an employee renders the related service. The company has no obligation, other than the contribution payable to the Provident Fund and superannuation fund.

The company operates a defined benefit plan in the form of gratuity for its employees. The cost of providing benefits under the plan is determined on the basis of actuarial valuation at each year-end. Actuarial valuation is carried out using the projected unit credit method.

Actuarial gains and losses for the defined benefit plan are recognised in full in the period in which they occur in the statement of profit and loss.

Accumulated leave, which is expected to be utilised within the next 12 months, is treated as short-term employee benefit. The company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

K. Revenue Recognition

Revenue is recognised to the extent it is probable that the economic benefits will flow to the company and that the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

SUPERSHAKTI METALIKS LIMITED

(Formerly known as SUPERSHAKTI METALIKS PRIVATE LIMITED)

CIN: L28910WB2012PLC189128 ■

NOTES TO FINANCIAL STATEMENTS for the year ended on 31st March, 2019

Sale of Goods

Revenue from sale of goods is recognised when all the significant risks and rewards of ownership of the goods have been passed to the buyer. The company collects sales taxes and value added taxes (VAT) and GST on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence, they are excluded from revenue. Excise duty deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the years.

Export incentives in the form of duty drawbacks are recognised on accrual basis against goods exported.

Interest income is accounted for on accrual basis. Dividend income is accounted for, when the right to receive income is established.

L. Borrowing Cost

Borrowing cost directly attributable to the acquisition or construction of qualifying assets is capitalized until the time all substantial activities necessary to prepare the qualifying assets for their use are complete. A qualifying asset is the one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are recognized as expenses in the period in which they are incurred.

M. Taxation

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognised for all taxable timing differences. Deferred tax assets are recognised for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the company has unabsorbed depreciation or carry forward tax losses, all Deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i. e. the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of MAT under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

N. Foreign Currency Transactions and Derivatives

Foreign Currency Transactions and balances:

(i) Initial recognition

Foreign Currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Conversion

Foreign Currency monetary items are retranslated using the exchange rate prevailing at the reporting date.

(iii) Exchange differences

The company accounts for exchange differences arising on translation/ settlement of foreign currency monetary items as below:

NOTES TO FINANCIAL STATEMENTS *for the year ended on 31st March, 2019*

1. Exchange differences arising on long-term foreign currency monetary items related to acquisition of a fixed asset are capitalised and depreciated over the remaining useful life of the asset.
 2. All other exchange differences are recognised as income or as expenses in the period in which they arise.
- (iv) Forward exchange contracts entered into to hedge foreign currency risk of an existing asset/ liability The premium or discount arising at the inception of forward exchange contract is amortised and recognised as an expense/ income over the life of the contract. Exchange differences on such contracts, are recognised in the statement of profit and loss in the period in which the exchange rates change. Any profit or loss arising on cancellation or renewal of such forward exchange contract is also recognised as income or as expense for the period. None of the foreign exchange contracts are taken for trading or speculation purpose.

O. Government Grants

Government grants are recognized when there is a reasonable assurance that the same will be received. Capital Grants relating to specific fixed assets are reduced from the gross value of the respective fixed assets. Other capital grants are credited to Capital Reserve. Revenue grants are recognized in the Statement of Profit & Loss.

P. Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

Q. Provisions

A provision is recognised when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. The expense relating to any provision is presented in the statement of profit and loss, net of any reimbursement.

R. Earning Per Share

Basic Earning Per Share (EPS) is computed by dividing the net profit or loss for the year attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by dividing the net profit or loss for the year attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all dilutive potential equity shares, except where the result are anti-dilutive.

S. Cash Flow Statement

Cash Flow Statement presents the Cash Flows by operating, investing and financing activities of the Company. Cash and Cash equivalents presented in the Cash Flow Statement consist of cash on hand, cash at bank, and short - term investments with an original maturity of three months or less.
