This strategic move allows a paradigm-shifting opportunity that presents unique competitive advantages for our company. The acquisition of a 55% stake in Pearl GT Holdco Ltd is a significant step forward in our growth strategy. By entering the Central America region, we are seizing near shore manufacturing opportunities that align with our customers' needs, particularly in the post-pandemic era.*

*The COVID-19 pandemic has exposed the vulnerabilities of longer transit countries as sourcing bases, prompting us to prioritize near shore capabilities that emphasize speed and inventory control. With its stable business environment and membership in the Central America Free Trade Agreement (CAFTA) allowing us to tap into duty-free benefits, Guatemala stands out as the most stable environment in the near shore region.*
