Issue norms on ex gratia for Covid victims' kin: SC

he Supreme Court on Wednesday directed the National Disaster Management Authority (NDMA) to issue fresh guidelines for providing minimum standards of financial help to families of those who lost their lives to Covid-19.

A special bench of Justices Ashok Bhushan and M R Shah said the court cannot direct the Centre to fix a particular amount of financial help but the government can fix the minimum standard of amount to be paid as ex-gratia to family members of those who lost their lives due to Covid-19 while keeping various aspects in mind.

The bench said the government can fix a reasonable amount while keeping in the mind the funds and resources available with the country.

The top court directed the Centre and the NDMA to issue fresh guidelines within six week for minimum standard of relief to be granted to families of victims of Covid-19.

It also directed the authorities to issue guidelines for simplifying the process of issuing death certificates for Covid-19

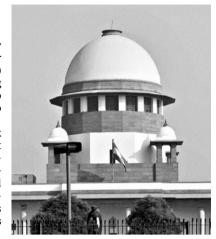

The top court asked the Centre to consider formulating an insurance scheme for cremation workers as proposed by the Finance Commission.

The bench also rejected the argument of the Centre for reading "shall" as "may" in section 12 of the Disaster Management Act for grant of ex-gratia amount to victims of disaster, and said that the NDMA has failed to perform its statutory duties.

The top court's verdict came on two separate pleas filed by lawyers Reepak Kansal and Gaurav Kumar Bansal seeking directions to the Centre and the states to provide ₹4 lakh compensation to the families of coronavirus victims as provisioned under the Act.

On June 21, the top court had reserved its verdict on the batch of pleas which also sought formulation of a uniform policy for issuing of death certificates.

The Centre has told the top court that though there was no issue of "fiscal affordability" with it, but ex-gratia compensation of ₹4 lakh to the families of those who have died of Covid cannot be

paid keeping in mind the "rational, judicious and optimum usage of resources of the nation".

In its additional affidavit, the government has termed Covid as "once in a lifetime pandemic inflicted on the entire world" and said that various steps to strategise the nation's response to the pandemic have been taken and not just the funds of National Disaster Response Force (NDRF) and State Disaster Response Fund (SDRF), but even the funds of Consolidated Fund of India are being utilised according to advice of experts.

Advocate Sumeer Sodhi, appearing for four intervening applicants who had lost their family members to Covid, had submitted that there cannot be any discrimination in the amounts being paid by different states to family members of those who had succumbed to the deadly infection.

Sodhi had submitted that some states pay higher sum in compensation and others pay less and this discrimination should not be allowed to remain and the Centre should frame a uniform policy under the Disaster Management Act.

The top court had that the Finance Commission's recommendations on dealing with disasters cannot override the statutory schemes on compensation under section 12 of the DMA.

The government has said that it has already extended for one more year, starting from April 2021, the benefit of the 'Pradhan Mantri Garib Kalvan Insurance Scheme' of ₹50 lakh to about 2.2 million

SC asks Ramdev to place original record of his statement on allopathy

The Supreme Court on Wednesday asked Baba Ramdev to place before it the original record of his statement allegedly given against the use of allopathic medicine during Covid-19 pandemic. "What is the original thing which he has said? You have not placed the whole thing," a bench headed by Chief Justice NV Ramana told senior advocate Mukul Rohatgi, who was appearing for the yoga guru. Rohatgi told the Bench, also comprising Justices AS Bopanna and Hrishikesh Roy, that he would file the original video along with the transcript of the statement. "Heard senior counsel appearing for the petitioner – Swami Ram Dev for some time. Advocate-on-record appearing for the petitioner is directed to file additional documents in the matter," the Bench said in its order and posted the matter for hearing on July 5. The top court was hearing Ramdev's plea seeking stay on the proceedings in connection with multiple FIRs lodged against him by Indian Medical Association (IMA) in Bihar and Chhattisgarh over his alleged remarks against use of allopathic medicine during Covid-19 pandemic.

healthcare professionals.

It had said the guidelines, meant for 2015 to 2020, recommended expenditure for providing financial relief against 12 specific identified disasters on the national level that is "cyclone, drought, earthquake, fire, flood, tsunami, hailstorm, landslide, avalanche, cloudburst, pest-attack, frost and cold wave" and the CCovid-19 was not included.

"It is submitted that information has been received from all the States and UTs in this respect. However, as per information received, it is clarified that no State/UT has provided any ex-gratia to Covid-19 victims from SDRF," the Centre

At their peak, the erstwhile Vodafone India and Idea Cellular had reported combined net sales of nearly Rs 87,000 crore in FY15. In contrast, the merged entity reported annualised revenues of Rs 42,000 crore in FY21.

Similarly, BSNL's net sales are down 40 per cent in the last five years — from ₹28,400 ₹17000 crore in FV21 based on the EUA. The country's health its results for the first half of

Bharti Airtel, the operator least impacted by the entry of Reliance Jio, has also failed to grow. Its India mobile division notched up revenues of ₹55,600 crore in FY21, which were two per cent lower than its peak revenues in FY17.

Revenue contraction has increased the financial burden on operators as the industry's fixed costs did not decline during the period. The telcos' combined asset base went up by 8 per cent since FY16. This has created a huge gap between companies' revenues from operations and fixed costs such as interest and depreciation. This is especially true of financially and operationally weak companies such as Vodafone Idea and BSNL, as the bulk of their capex in the last 5-6 years has been funded through debt due to the lack of internal accruals.

For example, Vodafone Idea's asset base has tripled since FY16 while its interest cost rose 10 times — from ₹1800 crore in FY16 to around ₹18000 crore in FY21. In contrast, the company's revenues were up by just 17 per cent during the period.

Similarly, BSNL's interest cost has more than trebled in the last five years — from ₹587 crore in FY16 to an estimated Rs 2550 crore in FY21. This, while the company's revenues are down by 40 per cent over the same period.

Not surprisingly, Vodafone Idea has been reporting losses for the last five-years while BSNL has been in red since FY10.

As for Bharti Airtel, while revenues have been flat over the last five years, its interest cost has doubled during the
