**AS PART OF** Indian language computing solutions, the government's Centre for Development of Advanced Computing (C-DAC) has introduced a technology solution to enable website domain names in local languages. Through this, the domain names of websites can actually be written in local language scripts like Devanagari for the Hindi language.

Currently, the solution only supports the Hindi language, and will later be upgraded to support other languages, a top government official said.

The solution assumes significance given the government's emphasis on universalisation of languages on the internet, especially in the searches where English is the dominant language.

# Analysts retain 'Buy' rating on Can Fin Homes shares

**PIYUSH SHUKLA** Mumbai, March 21

THE APPOINTMENT OF Suresh Iver as the new MD & CEO at Can Fin Homes is a positive development for the mortgage lender's shares, as it removes overhang of a key management position lying vacant since September 2022, analysts said.

Iyer was appointed as Can Fin Homes chief on March 18 for a period of three years, which could be extended by a further period of two years after review. Prior to joining Canara Bank backed Can Fin Homes, Iyer worked in Gruh Finance for over 25 years and had become a part of its core management team early in his career. Iyer succeeds Girish Kousgi, who resigned from Can Fin Homes in September last year due to "personal reasons". Kousgi went on to become MD & CEO at PNB Housing Finance head in October.

"MD & CEO appointment (at Can Fin) is positive as it removes overhang of a key management position lying vacant and increases business focus to aid loan growth," brokerage Prabhudas Lilladher said in a recent note. The brokerage retained its 'Buy' rating for Can Fin Homes' shares, and left target price unchanged at ₹700 per share. Can Fin Homes shares ended trading flat, at ₹531.55 per share on the BSE on Tuesday.

"We believe this is a positive given Mr Iyer's long experience in the mortgage industry including as core management at Gruh Finance. The news is not a big surprise given media speculation around his appointment in recent months," analysts at Jefferies said, retaining their

Commentary from new management on growth strategy and managing margins would be the key watchable, the brokerage said, adding it would be "interesting" to see whether Iyer plans any changes in target customer segment and geographies.

'Buy' rating on the stock.

"...Our channel feedback suggests Can Fin has seen rise in attrition at branches and mid management levels in the last six months. Disbursement growth at Can Fin also moderated in 3QFY23 (-1.1% YoY). Thus near term, Mr. Iyer would have to manage attrition, hire to plug in the gaps, and energize the team to drive growth," Jefferies said.

As on December end. Can Fin Home's loan book stood at ₹30,115 crore, up 20% year-on-year (YoY). Average ticket size of incremental housing and non-housing loans was at ₹24 Lakh and ₹8 lakh, respectively, during Q3FY23.

Speaking to *FE*, Gaurav Jani, research analyst at Prabhudas Lilladher, said the new MD & CEO's strategy from hereon on growth will be keenly watched by market particfinancialexp.epapr.in

Such solutions, like local language support, will enable understanding and use of the Internet among the masses.
