25. The voting result will be announced by the Chairman or any other person authorized by him within two working days of the AGM.
26. In case of any queries, members may write to cs.rollatainers@gmail.com to receive an email response.
27. Members are eligible to cast vote electronically only if they are holding shares as on **23rd November, 2021**, being the cut-off date.
28. Pursuant to provisions of Section 108 of the Companies Act, 2013 and Rule 20 of the Companies (Management and Administration) Rules, 2014, **the e-voting period commences on Saturday, 27th November, 2021 (9:00 a.m. IST) and ends on Monday, 29th November, 2021 (5:00 p.m. IST)**. During this period, members holding shares either in physical or dematerialized form, as on the cut-off date, i.e. November 23, 2021 may cast their vote electronically. The e-voting module will be disabled by CDSL for voting thereafter. A member will not be allowed to vote again on any resolution for which the vote has already been cast. The voting rights of members shall be proportionate to their share of the paid-up equity share capital of the Company as on the cut-off date, i.e. 23rd November, 2021. E-voting rights cannot be exercised by a proxy, though corporate and institutional shareholders shall be entitled to vote through their authorized representatives with proof of their authorization.
29. **Voting through electronic means (e-voting):** Pursuant to provisions of Section 108 of the Companies Act, 2013 and Rule 20 of the Companies (Management and Administration) Rules, 2014 substituted by the Companies (Management and Administration) Amendment Rules, 2015 read with Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company has provided a facility to the members to exercise their right to vote electronically through electronic voting (e-voting) service facility provided/made available by the Central Depository Services (India) Limited (CDSL).
The facility for voting through ballot paper will also be made available at the venue of the Annual General Meeting (AGM) and the members who have not already cast their votes by remote e-voting shall be able to exercise their right to vote at the said AGM. Members who have cast their votes by remote e-voting prior to the AGM may attend the AGM but shall not be allowed to vote again. The instructions for e-voting are annexed to the Notice. In case of joint holders attending the meeting, only such joint holder, who is higher in the order of names, will be entitled to vote. Since the resolutions set out in this Notice are being conducted through e-voting, the said resolutions will not be decided on show of hands at the AGM in terms of Section 107 of the Companies Act, 2013.

THE INSTRUCTIONS FOR SHAREHOLDERS VOTING ELECTRONICALLY ARE AS UNDER:

- (i) The voting period begins on **Saturday, November 27, 2021 (9:00 a.m. IST) and will end on Monday, November 29, 2021 (5:00 p.m. IST)**. During this period shareholders of the Company, holding shares either

in physical form or in dematerialized form, as on the cut-off date (record date) of **Tuesday, 23rd November 2021** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter. Shareholders who have already voted prior to the meeting date would not be entitled to vote on the date of meeting.

- (ii) The shareholders should log on to the e-voting website www.evotingindia.com.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual shareholders holding securities in Demat mode CDSL/NSDL** is given below:

EXPLANATORY STATEMENT

(Pursuant To Section 102(1) of the Companies Act 2013 and SEBI (LODR), 2015)

As required by Section 102 of the Companies Act, 2013 (Act), the following explanatory statement sets out all material facts relating to the special business mentioned under Item No. 3 & 4 of the accompanying Notice:

Item No. 3: TO CONSIDER AND APPROVE THE RELATED PARTY TRANSACTION(S) ENTERED WITH THE COMPANY FOR THE FINANCIAL YEAR 2021-22

The provisions of Section 188 of the Companies Act, 2013 and Regulation 23 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, governs the related party transactions, requiring a Company to obtain prior approval of the Board of Directors and in case the sum of transaction exceeds the limits as prescribed in Rule 15 of the Companies (Meetings of Board and its Powers) Amendment Rules 2015, the prior approval of members by way of an Ordinary Resolution is required.

All the prescribed disclosures required to be given under the provisions of the Companies Act, 2013 and the Companies (Meetings of the Board and its Power) Rules, 2014 are set out at Item No. 3 for the kind perusal of members.

Members are informed that pursuant to second proviso of Section 188(1) of the Companies Act 2013, no member of the Company shall vote on such resolution to approve any contract or arrangement which may be entered into by the Company, if such member is a related party. Further, by its recent General Circular No. 30/2014 dated 17.07.2014, the Ministry of Corporate Affairs has clarified that the term 'Related Party' in the second proviso to Section 188(1) refers only to such Related Party as may be a Related Party in the context of the contract or arrangement for which the resolution is being passed.

The Board of Directors of your Company has approved this item in the Board Meeting and recommends this resolution as set out in the accompanying notice for the approval of members of the Company as an Ordinary Resolution.

None of the Directors and Key Managerial Personnel and their relatives are deemed to be concerned or interested, financial or otherwise in the proposed ordinary resolution.

Item No. 04: To consider and approve the variation in the Issue and Redemption of Non Convertible Redeemable Preference Shares (NCRPS)

Rollatainers Limited had issued 40,000 (10% Non Convertible Redeemable Preference Shares) to **WLD Investments Private Limited** which were due for redemption on August 16, 2021. But due to financial crisis as faced by the Company, the Company was not in position to redeem the aforesaid preference shares.

Pursuant to the provisions of Section 48 of Companies Act, 2013, Company has decided to extend the term of NCRPS by Ten (10) years by passing Special Resolution.

In terms of the above, under Regulation 29(3) of SEBI (LODR) Regulations, 2015, Stock Exchanges (NSE and BSE) were intimated atleast 11 days prior to the date of Board Meeting duly held on 15th November 2021. The Board of Directors duly approved the said resolution in the Board Meeting held on 15th November, 2021.

Further for the same, the approval of shareholders of the Company would be required to extend the term of aforesaid NCRPS by Ten (10) years. The Board recommends the Special Resolution as set out in the notice at item no. 04 for the approval of the members.

None of the directors and key managerial personnel and their relatives are concerned or interested, financially or otherwise in the proposed resolution.

Your Company has Subsidiaries and associate company (Joint Venture) and consolidation of the same is mandatory as per the Companies (Amendment) Act, 2017.

The directors also present the audited consolidated financial statements incorporating the duly audited financial statements as prepared in compliance with the Companies Act, 2013, applicable Accounting Standards and SEBI Listing Regulations, 2015 as prescribed by SEBI is provided in the Annual Report. In accordance with Section 129 of the Companies Act, 2013, Consolidated Financial Statements are attached and form part of the Annual Report and the same shall be laid before the ensuing Annual General Meeting along with the Financial Statements of the Company.

4. OPERATIONS REVIEW AND STATE OF COMPANY'S AFFAIRS

Rollatainers Limited (The Company) operates as an integrated packaging solution organisation with business encompassing research, manufacturing and marketing Lined and mono Cartons and Packaging Machines.

The shares of the company are listed on BSE Limited and National Stock Exchange of India Limited.

The State of affairs of the Company is detailed in the "Management Discussion & Analysis Report" forming part of this Annual Report.

5. IMPACT OF COVID-19

The World Health Organisation (WHO) declared COVID-19 a global pandemic on March 2020 and the Ministry of Home Affairs, Government of India on March 24, 2020 notified the first ever nationwide lockdown in India to contain the outbreak of COVID-19. Consequently on March 26, 2020, the operations were shut down completely. Company followed the same, keeping a people-first approach.

The year 2020-21 was plagued with COVID-19 and subsequent lockdowns imposed across the world to contain the virus spread, economic activities came to a standstill initially. The outbreak of the Wuhan Virus and its spread across the globe including the Indian sub-continent has contributed to a significant decline and volatility in the global and Indian financial markets and slowdown in economic activities.

The health of our employees is of paramount importance. With the outbreak of COVID-19 virus, Company has taken extra precautions at workplaces to ensure that all its employees are protected well against the virus. These measures include conducting regular sanitization drives across our offices & factories and regular communication with employees to ensure their physical and mental wellbeing. These are challenging times and the Company has taken several steps to stay connected with our workforce and customers and to support them during these uncertain times.

The Company has carried out its initial assessment of the likely adverse impact on economic environment and financial risk because of the Wuhan Virus (Covid-19). The Company operates as an integrated packaging solution organization with business encompassing research, manufacturing and marketing Lined and mono Cartons and Packaging Machines.

The macroeconomic consequences of the COVID-19 pandemic and the associated impact on our business remain difficult to assess. For certain, a recession is imminent whose extent, duration and development cannot be predicted.

Even if the demand for our products, packaging for consumer staples, has certain resilience and is currently doing well overall, it is difficult for us to assess how much is attributable to end- consumption or stockpiling. On the cost side, we are facing price increases for the important raw material of recovered paper, which we are countering with higher prices for recycled fiber-based carton board. The prices of raw material have been increased by 50% post COVID-19. Due to short-term visibility and macroeconomic uncertainties, a further assessment for the current year is not possible at the moment. In any case, sustained investment activity should further strengthen the competitiveness of your Company.

We will remain resolute in our goals of employee safety, business continuity and of being a trusted partner to our customers.

6. DIVIDEND

During the period under review, your Directors does not recommend any dividend on the equity shares for the year ended March 31, 2021 as the Company requires ploughing back of the profits to the working capital of the Company and expects better results in the coming years.

3. **The Company has defaulted in appointment of Chief Financial Officer in terms of Section 203 of the Companies Act, 2013 read with Rule 8 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014.**
4. **The Company has not filed form INC-20A (Active) and is in Active Non-Compliant state.**
5. **The Company has not filed e-form MGT-14 in terms of Section 117(3) read with Section 179(3) of the Companies Act, 2013.**
6. **The Company has not filed e-form DPT-3 (Transactions not considered as deposit) and e-form MSME-I (Half Year Return) during the reporting period.**
7. **The Company has not filed e-form PAS-6 (Reconciliation of Share Capital Audit Report on half yearly basis during the reporting period).**

We further report that the Board of Directors of the Company is **not duly constituted**. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act and consequently the committees were re-constituted, whenever required.

Notice(s) were generally given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were generally sent in advance to all Directors and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through, while the dissenting members' views, if any, are captured and recorded as part of the minutes.

As per the records, the Company filed all the forms, returns, documents and resolutions as were required to be filed with the Registrar of Companies and other authorities with and without additional fee.

We further report that the Company in its meeting of the members held on December 31, 2020 approved the conversion of redeemable preference shares of Rs. 100,00,00,000/- (Rupees Hundred Crores Only), held by M/s Rollatainers Limited, into unsecured loan. Further, the said loan is repayable at an annual interest of 6%. Furthermore, the said conversion has been made on the condition of repayment, subject to availability of funds and

is also subject to waiver by the company. However, I am not in a position to frame any view as it is difficult to determine the legal validity of such a transaction in absence of any specific provision under the Act.

We further report that there are systems and processes in the Company to commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines which are generally being followed by the Company.

We further report that during the audit period, the Company has following specific events/actions having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards etc. referred to above: -

1. The Company has been continuously making losses that indicates a material uncertainty which may cast significant doubt on the ability of the Company to be a going concern.

CORPORATE GOVERNANCE REPORT

The Directors present the Company's Report on Corporate Governance pursuant to the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

I. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

The Board and Management of Rollatainers believe that operating at the highest level of transparency and integrity in everything that we do is integral to our Company. The Company established a culture that all our activities are for the mutual benefit of the Company and stakeholders comprising customers, regulators, employees, shareholders and the communities at large. The Board and management of Rollatainers are committed to the highest standards of accountability, transparency, social responsiveness, operational efficiency and good ethics with the objective to attain consistent, competitive, responsive growth and creating long-term stakeholders' value.

The Company is committed to sound corporate governance practices as well as compliance with all applicable laws and regulations. The Board also believes that sound governance is critical to retain and enhance stakeholders' trust. The Company perceives governance in its widest sense almost like a trusteeship, a philosophy to be championed, a value to be cherished and an ideology to be lived. Over the years, Rollatainers implemented governance practices that extended beyond the letter of the law. In doing so, the Company not only adopted practices mandated in the Listing Regulations, but also incorporated the relevant non-mandatory compliances, strengthening its positioning as a responsible corporate citizen.

II. BOARD OF DIRECTORS

The Board of Directors believes that good governance is voluntary and self-disciplining, with the strongest impetus coming from Directors and the management itself, and ultimately leads to enhancement of value for all stakeholders. The Board of the Company is in conformity with Regulation 17 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with Section 149 of the Companies Act, 2013. The Board formulates the strategy, regularly reviews the performance of the Company and ensures that the previously agreed objectives are met on a consistent basis. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL ECONOMIC OVERVIEW

The outbreak of the COVID-19 (First and Second wave) pandemic has led to unprecedented personal loss and economic hardship the world over. The pandemic badly hit the world economy in 2020 and infected approximately 176 million, and killed close to 3.8 million people worldwide as per a latest report of BBC (Source: <https://www.bbc.com/news/world-51235105>). The pandemic led to a sharp decline in global trade and tighter liquidity conditions. The disruption caused by the pandemic has affected the human life and economic activity the world over during the financial year 2020-2021 and has resulted in recession with the global GDP recording growth of 3.3% only. The impact was more severe in the first half of the year as most countries went into lockdown to combat the spread of the virus.

However, following the devastating health and economic crisis caused by the pandemic, the global economy appears to be emerging from one of its deepest recessions and beginning a subdued recovery in the last quarter of the Financial Year 2020-21. After an unprecedented contraction in the first half of 2020, economic growth rebounded in Quarter 3. However, growth in Q4 moderated with GDP slowing to 4% and ultimately for the full year of 2020 GDP contracted by 3.5%. (Source: <https://www.imf.org/en/Publications/WEO>) Global growth is projected at 6% in 2021, moderating to 4.4% in 2022. Global challenges — including fiscal strains on governments exacerbated by the COVID-19 pandemic, environmental degradation, resource depletion, and record levels of displacement are threatening recent gains.

The global outlook remains subject to significant downside risks, including the possibility of additional COVID-19 waves and financial stress amid high EMDE debt levels. Policy makers will need to balance the need to support the recovery while safeguarding price stability and fiscal sustainability and to continue efforts toward promoting growth-enhancing reforms.

INDIAN ECONOMIC OVERVIEW

Even before the COVID-19 outbreak, the Indian economy was in slowdown mode. Led by a decline in private consumption growth, weaknesses in the financial sector compounded a collapse in investment demand. The COVID-19 outbreak that triggered a nationwide lockdown followed by phased opening of economic activities, impacted GDP growth in FY 2020-21. The sub-sectors worst affected by the mobility restriction due to the lockdown included aviation, tourism, hospitality, trade, construction and industrial activity. The Government's huge spending on healthcare and infrastructure sectors, RBI's liquidity measures and the massive vaccination drive helped economic recovery in the second half of FY 2020-21. As per the second advance estimates of National Income by the Government's National Statistics Office (NSO), real GDP contraction is estimated around 8 per cent mainly on account of significant growth of subsidies. The massive spending push of over Rs. 4 trillion announced in the Union Budget 2021-22 is expected to boost consumption supported by solid fiscal and quasi-fiscal measures.

As per the World Bank, India's GDP growth is estimated between 7.5-12.5 per cent during FY 2021-22 depending on the success of the vaccination campaign, requirement of mobility restrictions and global economic recovery. As economic activity normalizes domestically and in key export markets, the current account is expected to return to a mild deficit of around 1 per cent in FY 2021-22 and FY 2022-23 while capital inflows are projected basis the continued accommodative monetary policy and abundant international liquidity conditions.

India's Economic Performance in 2020-21:

1. India's gross domestic product (GDP) shrank 7.3% to ¹ 135.13 trillion in 2020-21 which was at ¹ 145.69 trillion in 2019-20. However; the fourth quarter of 2020-21 recorded a growth of 1.6% in GDP.
2. Consumer Price Index (CPI) inflation stood at 4.6% in December 2020, mainly driven by rise in food inflation (from 6.7% in 2019-20 to 9.1% in April-December 2020, owing to build up in vegetable prices).
3. Gross value added (GVA) for manufacturing activity increased significantly to 6.9% in Q4 of 2020-21 as opposed to 1.7% growth posted during the third quarter (Q3) of the same year.
4. Recovery in the service sectors were led by financial, real estate and professional services (5.4%), as well as growth in the public administration, defence and other services (2.3%) segments.

Fiscal Developments:

1. Expenditure policy in 2020-21 initially aimed at supporting the vulnerable sections but was re-oriented to boost overall demand and capital spending once the lockdown was unwound.
2. Monthly GST collections have crossed the Rs. 1 lakh crore (US\$ 13.70 billion) mark consecutively for the last 3 months, reaching its highest levels in December 2020 ever since the introduction of GST.
3. Reforms in tax administration have begun a process of transparency and accountability and have incentivized tax compliance by enhancing honest tax-payers' experience.

PACKAGING INDUSTRY

CONSUMER INDUSTRY

Packaging is among the high growth industries in India and developing @ 20-25% per annum* (as per report from the Packaging Industry Association of India) and becoming a preferred hub for packaging industry. Currently, the 5th largest sector of India's economy, the industry has reported steady growth over past several years and shows high potential for continued growth and expansion, both in the domestic and export markets.

Costs of processing and packaging food can be up to 40% lower than parts of Europe which, combined with India's resources of skilled labour, make it an attractive venue for investment. A high degree of potential exists for almost all user segments which are expanding appreciably-processed foods, hard and soft drinks, fruit and marine products.

The Indian packaging industry has made a mark with its exports that comprise flattened cans, printed sheets and components, crown cork, lug caps, plastic film laminates, craft paper, paper board and packaging machinery, while the imports include tinplate, coating and lining compounds and others. In India, the fastest growing packaging segments are laminates and flexible packaging, especially PET and woven sacks.

Over the last few years Packaging Industry is an important sector driving technology and innovation growth in the country and adding value to the various manufacturing sectors including agriculture and FMCG segments. The growth is also driven by factors like growing pharmaceutical, food processing, manufacturing industry, FMCG, healthcare sector and ancillary in the emerging economies like China, India, Brazil, Russia and few other East European countries.

The Packaging Industry in India is expected to register a CAGR of approximately 26.7% during the period (2021-2026) as compared to 5.6% during 2016-2020. The growth will be heavily influenced by changing demographics such as growing urbanization and the rising proportion of middle class consumers. These changes drive the need for new packaging formats, such as different sizes, materials, and strength. India has been witnessing a surge in its e-commerce sector over the last 5-6 years. The Indian e-commerce market is projected to grow to US\$ 200 billion by 2026 from US\$ 38.5 billion in 2017. This growth is likely to be propelled by an increase in internet and smartphone penetration and the ongoing digital transformation in the country.

During the period 2016-2021, the Soft Drinks and Food industries will be the highest packaging market share gainers (by units) with share growth of 3.4% and 1.3% respectively. The growing organized retail sector has been a significant driver of the growth of the Food & Beverage industries, which in turn drives the growth of Indian packaging industry. In addition, innovations in the packaging industry, such as the development of lighter packaging with better barrier properties, add to the growth of packaging industry. In terms of packaging material, Glass and Rigid Plastics will be among the major share gainers, with share growth of 0.7% and 0.6% respectively during 2016-2021.

The Indian flexible packaging industry is expected to reach a value of `640.38 billion by 2022-23, up from `375 billion in 2017-18, growing at a CAGR of 10% from 2017-2018 to 2022-23. The growth of the industry is due to the increased use of flexible packaging at food service outlets, along with higher demand for packaged beverages. Consumers prefer flexible packaging over rigid packaging since they are lighter, easily disposable and their impact on the environment is significantly less. Fast-moving Consumer Goods (FMCG) is the fourth-largest sector in the Indian economy. The food processing industry, part of the food and beverages segment of the sector, accounts for more than 50% of the total demand for flexible packaging.

With the growth of the industry, demand for flexible packaging is expected to increase. India is the fifth-largest preferred retail destination in the world. It is expected to generate a revenue of ₹1,986.2 billion by 2020. The growth of the retail industry will directly lead to the expansion of the flexible packaging industry in India.

With advancement in technology and general awareness, the packaging sector in India is well poised as most of the raw materials for packaging are abundantly available in the country. Moreover, the per capita spending has increased tremendously, leading to changing rural markets and a growing middle class who demand the best of products. Various upgraded technologies are being used in industry such as aseptic packaging, retort packaging and biodegradable packaging to enhance the life of food product. Moreover, the plastic packaging market is expanding rapidly registering a growth of 20-25 per cent per annum and is valued at 6.8 million tons while the paper packaging industry stands at 7.6 million tons. The packaging industry is poised to grow rapidly led by the increasing use of innovative packaging equipment and the rising flexible packaging market.

STRATEGY AND OUTLOOK

RT Packaging Limited is one of the largest integrated packaging companies in India. It is a leader and preferred supplier of paperboard and flexible laminate based packaging solutions. With its state-of-the-art infrastructure in Haryana, RT is catering to a wide spectrum of packaging requirements for the last three decades. It offers innovative and efficient product ranges across the major segments of packaging from printed lined cartons, laminates to packaging machines.

RT has a unique selling proposition for its customers whereby RT is able to offer and supply different packaging solutions from a fully integrated manufacturing facility covering paperboard based mono or lined cartons or flexible preformed laminate packs, pouches, laminate rolls and gravure labels. The state-of-the-art manufacturing facility is temperature & humidity controlled and dust free, which results in highest standards of hygiene & quality control.

Due to increasing expertise in the packaging of Food and Beverages, Spices, Personal Care products, mono and lined cartons and flexible laminate packaging segment is expected to capture the packaging demand. The overall packaging industry in India has a huge growth potential and is expected to reach 4.81 Trillion in FY2021-22. Additionally, India is growing as a manufacturing hub and the exports are also growing. To cater to the international market, the packaging standards are being uplifted which calls for adopting better packaging methods, materials and machineries to make sure that the quality of end product and visual appeal is top notch. Moreover highly favorable demographic patterns in India such as increasing working age population, growing disposable income, growth in middle class, ongoing urbanization and changing lifestyles etc., will further drive the growth of packaging industry in India.

OPPORTUNITIES & STRENGTHS

The growth of packaging industry in India will be majorly impacted by the performance of the End-Use Industries, growing Consumerism and government initiatives. RT Packaging Limited is suitably positioned to take advantage of the growth that is expected in the End-Use Industries and growing Consumerism in the country. This is due to low utilization of the installed capacities that presents an opportunity to capitalize on the growth in the packaging business.

End-Use Industries

The Indian Food & Beverage industry has nearly 25% yearly growth and there is a major application of paperboard cartons and flexible packaging in food products and beverages. Thus growth in food and beverage sector highlights the growth potential for cartons and laminates in packaging. In this Industry segment, RT is a major supplier to Pepsi, Hindustan Unilever, Perfetti, Nestle, Amul, Mother Dairy, etc. to name a few.

Similarly, personal care sector, which is growing at nearly 15%, will also drive demand for flexible laminates and cartons, as it is the most used material for packaging of small size packs, whether it is shampoos, pickles, spices, etc.

Consumerism

Growing consumerism will also contribute to growing demand. Consumer's preference for the use of convenient packaging and affordable packaging is driving the market towards flexible packaging in India. Consumers today are increasingly looking to buy products which are suitable for handling, long lasting and easy to store and as plastics

can be used with great versatility, they have been the preferred choice in packaging. This growth will also be pushed by the increasing size of middle class population in tier II/III cities in the country.

The Government's "Make in India" campaign which aims to turn the country into a global manufacturing hub will have positive impact on the growth of packaging industry. The proposed policies of government for technology up-gradation fund scheme, setting up of plastic parks, setting up Special Economic Zones (SEZs) to overcome bottlenecks of infrastructure and creating business friendly policies will help in exploring the underlying potential. Also the extended support from Ministry of Chemicals & Fertilizers and the Central Institute of Plastics Engineering & Technology (CIPET) will drive the growth of packaging industry in India.

Socio-economic Factors

The demand for packaging is expected to grow primarily on account of rising personal disposable incomes and evolving tastes and preferences of the consumer. The change in aspirations for better quality consumer products has resulted in higher industry growth rates

Convenient and Eco-friendly Packaging: Amidst growing global environmental concerns and the need to control pollution levels, the demand for sustainable and eco-friendly packaging has increased. One of the main beneficiaries of this trend is the 'convenience packaging' industry. Consumers are increasingly looking for products which are easy to open, consume, store, carry, and dispose of, which has led to an increase in the demand for flexible packaging.

The Boom in E-commerce Industry: Over the last couple of years, the online shopping industry has experienced significant growth. Consumers, attracted by discounts and the convenience of shopping from home, have started to order not just white goods but also everyday items online. This has led to an increase in demand for packaging, especially corrugated cartons which the Company manufactures in large numbers. The Company also has substantial capacity to manufacture lined cartons.

FMCG Sector

India ranks among one of the top producers of food, vegetables and fruits. The introduction of FDI in the retail sector is expected to continue to provide significant growth opportunities to the Indian retail market. Growth in consumer spend, growing rural demand, changing demographics, emergence of a fast growing market for convenience goods, retail trade and quest for quality products is expected to result in increased demand for packaging in the medium to long term.

Low Rural Penetration

The current demand for packaged products is still primarily driven by the urban population. The rural population is gradually appreciating the importance of packaged products in terms of hygiene and quality (particularly food items) due to increased social awareness in these areas. As a result, many FMCG companies have started to launch smaller and lower sized versions of their products for the rural areas. This has offered a new avenue of growth for the packaging industry.

The 'Make in India' Campaign: The 'Make in India' campaign launched by the current Government is expected to give a major impetus to the manufacturing industry which is likely to boost the demand for packaging in India.

Established Track Record

Rollatainers is one of the pioneers of the Indian packaging industry with strong brand equity. With over 40 years of track record of success, the Company is highly regarded amongst both its customers and peers. It is also one of the few publicly listed companies in the packaging industry.

Diversified Products

Rollatainers is one of the very few packaging companies present in paper board based packaging, flexible packaging and also packaging machinery. This makes it a one stop shop for the FMCG industry and other users of packaging. This also allows the Company to provide integrated and customized packaging solutions.

Reputed Customer Base: Rollatainers caters to the packaging needs of leading FMCG companies such as Amul, Britannia, Conagra Foods, Hindustan Unilever, Nestle, Patanjali, Pepsi, Perfetti and Tata Global Beverages amongst others. These customers have been long standing business partners over the years.

Focus on Innovation

Rollatainers has a strong track record of new product development. The ability to integrate materials and machines is a strength which enables the Company to deliver new and innovative products which are customized to users' requirements. Over the years, Rollatainers has won reward and recognition for its focus on innovation.

Experienced Management Team

The core strength of the Company is a strong and experienced senior management team. The management has a successful track record of delivering quality products with a focus on innovation.

Certifications

The Company renewed its prestigious certifications such as FSC COC so as to continue the focus on sustainability and environment protection. The SEDEX certification is a symbol of our reliance on ethics in business and the BRC IOP certification relates to food safety for international markets including Europe. These certifications have not only helped to secure orders from large multinationals but also reinforce our commitment to excellence.

THREATS AND CONCERNS

As the key products of RT Packaging are composite materials, involving use of low density polyethylene, polyester, metallized polyethylene, paper, paperboard and Aluminium foil, they are not biodegradable. With increasing awareness on environmental issues, any decision by Government restricting use of such composites is a key risk to our business. However, the sourcing strategy of RT has been very much conscious of the environments effects, which is why the company has been sourcing its paper and paperboard materials from certified sustainable sources. The company is also continuously working on developing new flexible packaging solutions which are more sustainable and cause least environmental impacts.

Fragmented Structure: One of the key features of the industry which hinders growth is its highly fragmented nature. The many vendors operating in the market compete aggressively on price with the objective of increasing their market share

Lack of Negotiating Power: A limited raw material supplier base often weakens negotiating power especially for companies that lack scale.

Unorganised Sector: Although efforts are being undertaken by the Indian Government and industry associations to bring the unorganised sector under the purview of the regulated industry, it still constitutes a significant portion of the total revenues of the industry. However, it is expected that the growing awareness of the importance of hygiene and health considerations will support the growth of the organised sector. The Company has undertaken various initiatives such as working towards greater efficiency, better quality, and product innovation to mitigate this risk.

Regulatory Changes: The industry is vulnerable to such changes in laws relating to environment, waste disposal and food & product safety. These changes can lead to an increase in costs, loss of markets, discontinuation of product lines and a need to invest more in technology.

In the recent past, some announcements have been made for voluntarily stopping of single use plastics, eventhough, no regulatory changes have yet been made. These announcements are, however, expected to be followed by regulatory changes sooner than later. This will have an adverse impact on some of the products currently manufactured by the company. To counter this impact, the company is already in advanced stages of developing fully biodegradable versions of such products. However, that would make such products marginally costlier in the short term.

FOOD & BEVERAGE INDUSTRY

Economic overview

The contraction in GDP was seen in all economies around the world including India, due to COVID-19 pandemic which was unprecedented in the history of mankind resulting in fear and uncertainty. People drastically curtailed discretionary spending's and focused only on essentials and more on savings due to job loss, or salary cuts or reduced earnings for businesses across all sectors barring healthcare, the fallout of which restricted mobility and reduced economic activities. Before even recovering from the first wave there were eruptions of new waves and variants of the mutating virus which necessitated restrictions and further lockdowns, to prevent a collapse of the healthcare system which significantly impacted all businesses.

Global growth is projected at 6% in 2021, moderating to 4.4% in 2022. The projections for 2021 and 2022 are stronger than in the October 2020 WEO. The upward revision reflects additional fiscal support in a few large

economies, the anticipated vaccine-powered recovery in the second half of 2021, and continued adaptation of economic activity to subdued mobility.

Countries responded to the pandemic by deploying measures to stimulate the economy through liquidity support, tax cuts and other regulatory changes. The Government of India also announced a special economic and comprehensive package under Atmanirbhar Bharat including measures taken by RBI amounting to about 27.1 lakh crore – more than 13 per cent of India's GDP – to combat the impact of the COVID-19 pandemic and to revive economic growth. The package included, among others, in-kind and cash transfer relief measures for households, employment provision measures under Pradhan Mantri Garib Kalyan Rojgar Abhiyaan and increased allocation under MGNREGS, credit guarantee and equity infusion-based relief measures for MSMEs and NBFCs and regulatory and compliance measures. Structural reforms were also announced as part of the Atmanirbhar Bharat Package which, inter alia, included deregulation of the agricultural sector, change in definition of MSMEs, new PSU policy, commercialization of coal mining, higher FDI limits in defence and space sector, development of Industrial Land/ Land Bank and Industrial Information System, revamp of Viability Gap Funding scheme for social infrastructure, new power tariff policy and incentivizing States to undertake sector reforms. India's growth contracted by 7.7 percent in the financial year 2020-21 and is estimated to grow by 10.5 percent in 2021-22 subject to normalization of economic activities and speedy rollout of COVID-19 vaccination drive. This was a year of survival for the restaurant sector.

The Company's performance for the year 2020-21 was severely impacted and needs to be analysed in the context of the aforesaid economic and operating environment.

Food and Beverages Service Industry Overview

Food and Beverages industry is one of the key segment of the Indian economy contributing to employment generation, skill development, growth in the allied industries, entrepreneurship and creating experiences.

The restaurant sector has higher manpower requirement as all functions are manual and labour driven and also provides impetus to other allied sectors as well, such as agriculture, food processing, supply chain and logistics, consulting, digital technology, specialised commercial kitchen equipments and real estate.

The food services sector continues to attract investment from domestic as well as international players as the sector has high growth potential led by domestic consumption.

The Indian food services market has evolved from unorganized home grown, standalone, family run business ventures into organized structure with priorities on transparency, corporatisation with formation of chain of restaurants, international partnerships with multipolar and integrated business models such as COCO (company owned company operated) and FOCO (franchise owned company operated) models.

Despite the positivity, experts caution a slow comeback for the dine-in segment. Fine and casual dining space is expected to experience challenges even after the lockdown is lifted, as restaurants will likely be allowed to function with significantly reduced seating capacity for a reasonably long period. Besides, lingering consumer reluctance to dine-in could put considerable pressure on the cash flow.

The food service and delivery industry will now emphasise food safety and delivery process as consumers seek these attributes. Additionally, owned delivery fleets could become a competitive advantage as consumers could feel more confident in the delivery safety aspects of a trusted, brand-controlled delivery fleet vis-à-vis an aggregator-controlled, high-churn delivery fleet. Also, online food ordering is expected to grow further and the industry could witness a consolidation of players, with strong brands coming out on top.

Barista (Coffee Business)

Coffee is the most popular and consumed brewed drink prepared from roasted coffee beans, the seed from certain *Coffea* species. Further, the coffee market is segmented by product type, distribution channel, and geography. On the basis of product type, the coffee market is segmented under whole-bean, ground coffee, instant coffee, and coffee pods capsules. Based on the distribution channel, the market is segmented under the channels of on-trade and off-trade. The off-trade channels will include supermarkets/ hypermarkets, convenience stores, specialist retailers, and other channels. By geography, the market covers the major countries in North America, Europe, Asia-Pacific, South America, and Middle East & Africa. For each segment, the market sizing and forecasts have been done on the basis of value (in USD billion).

Revenue in the Coffee segment amounts to US\$940m in 2021. The market is expected to grow annually by 7.18% (CAGR 2021-2025).

The global coffee market was valued at USD 102.02 billion in 2020, and it is projected to reach a CAGR of 4.28% during the forecast period of 2021-2026.

BARISTA

The Barista café chain was launched in 2000 and was acquired by the Company in 2014. Today, it is one of India’s largest café chains with a presence in more than 78 cities and has International presence in Srilanka (13 stores) & Maldives (2 stores). During the year 2021 we opened 49 more outlets in India.

What have we done in the last year

Over the last year Barista has gained mileage by rapid expansion of stores, close to 49 plus stores were opened last year across various formats. Three Diner and Seventeen Barista Express format stores already operational as on date, these concepts were launched in 2018.

Growth target and focus areas

The Company plans to grow to over 500 outlets in next three years. The brand’s focus will be on expanding in international geographies which are more mature markets and have better price realisations and opening outlets at strategic locations such as Airports, Hospitals, Institutions & domestic market. As We have presence of More than 170 FOFO stores in India with International Presence of 11 stores (13 in Srilanka & 2 in Maldives). We are planning to open both COCO and FOFO outlets.

Kylin

Launch, history, description and USP

Kylin brand has a major presence in North India, primarily in the Delhi/NCR region and is popular among people of all age groups. Kylin's cuisine includes Japanese, Thai, Burmese and Chinese. The chain aims at providing new and innovative flavours for the Indian palate. The total number of Kylin restaurants stands at 10.

What have we done in the last year

Focus was on enhancing menu offerings and providing consistent food products, with set up of high end Central kitchen which helped standardize the culinary experience. Further, it had also helped standardize food across outlets be it Company Operated and Franchise Operated stores.

Growth plan and focus areas

With set up of backend infrastructure on food, Kylin plan to increase its footprints in and outside North India. Plan is to grow the chain to 20-22 outlets in next 1-2 years.

OPPORTUNITIES & STRENGTHS

Large share of young population: With a population of 1.3 billion, India is one of the largest consumer markets globally. Demographically, it is also one of the youngest markets with more than 45 per cent of population below the age of 25 years. The country has the youngest median age (27.6 years) currently, among the BRICS nations and major global economies. With an estimated median age of 29.7 years in 2030, it would continue to be the leader in that domain

Increasing disposable income: The growing Indian economy has resulted in rising income levels, thus leading to an increase in disposable income. The country's household income and consumer spending are also expected to increase over the next five years, driving the food service industry and presenting a lucrative opportunity to the companies operating in the segment.

Changing consumer Lifestyle: A rapidly growing young population, rising income levels, increasing use of technology in consumer space, urbanisation, brand and style awareness, health consciousness, increased social media activity, hectic life routines, etc., have led to a shift in consumers' food buying habits. The following trends are pushing the food service industry towards a high growth trajectory.

The Eating-out Experience: Consumers' preference for eating out is largely driven by their desire for a different experience in terms of service, ambience and food. Moreover, today's consumer is inclined to explore eating-out options more frequently than ever before. This trend has been supported by increasing affordability and easier accessibility particularly to shopping malls.

Media Proliferation and Enhanced Awareness: The growing coverage of F&B by the media, especially by social media and the emergence of food based celebrity shows, has rapidly promoted awareness and interest amongst consumers. Increasing international travel has also led to various consumer groups becoming progressively more exposed to different cuisines and culinary styles.

Evolution of Food Retail Concepts: The emergence of food courts at malls, F&B hubs, food options at transport hubs such as airports, railway stations and highways is also driving the growth of the organized F&B sector.

Technology: The increasing use of smartphones and mobile technology has allowed for convenient and instantaneous access of customer reviews and evaluation of restaurant menus, leading to more frequent eating out. The rise in the numbers of online delivery businesses has made it easy to target the delivery business.

THREATS AND CONCERNS

Changing tax dynamics: With the change in the tax environment during fiscal year 2018 on account of withdrawal of input credit, industry has been impacted at a large level as the P&Ls continue to be sensitive to these changes.

Competing with the Unorganized Sector: The unorganised sector continues to be a large part of the F&B industry. Low overheads and the absence of regulatory accountability enable low operating costs and hence flexibility to compete aggressively on price. However, there is limited overlap between the target customer groups of the organised and the unorganised F&B segments.

Real Estate Cost and Availability: Suitable real estate at affordable prices is one of the biggest challenges facing the organised F&B industry. The potential combination of low average daily sales and high property rentals result in significant financial pressure.

Infrastructure and Supply Chain: Scalability can be challenging due to the lack of adequate infrastructure across many parts of the country. The unavailability of certain ingredients within India restricts the width and depth of the menu and price offerings. The limited availability of adequate cold storage infrastructure also hampers the growth of the food service industry where restaurants rely on the cold supply chain. With currently limited food processing capabilities, many processed ingredients are either imported or made in-house.

Regulatory Aspects: With a large number of licenses required and the time taken for obtaining these, the restaurant industry always has a long lead time for opening new outlets. In addition to the time taken, the cost of compliance is also relatively high. There is currently no central or single window for obtaining all statutory licenses required to operate an outlet. In addition, state governments have different license requirements thus increasing the complexity for a restaurant chain to plan timelines.

Staff Retention: Restaurants often experience high staff attrition, largely attributed to the scarce availability of skilled manpower and competitor dynamics. High staff turnover rates result in increased training and retention costs for restaurants.

Corporate Overheads: Achieving operating restaurant scale is essential in covering corporate overheads and other central costs in the organised F&B sector. Without this scale, overall corporate profitability may be challenged.

Cloud Kitchens: Cloud kitchens, restaurants which deliver food directly from the kitchens, have recently been able to attract consumer interest. However, they have still not been able to meaningfully build market share with the type of consumer seeking a complete F&B experience.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has an internal control system which monitors the compliance of internal processes. It ensures that all transactions are authorized, recorded and reported correctly. The systems are routinely tested and certified by Statutory as well as Internal Auditors and cover all offices, plant facilities and key areas of business. The Internal Auditors independently evaluate the adequacy of internal controls and concurrently audit the majority of the transactions in value terms.

The Company's internal control systems provide for:

1. Adherence to applicable accounting standards and policies
2. Accurate recording of transactions with internal checks, prompt reporting and timely action
3. Compliance with applicable statues, policies, listing requirements and management policies and procedures
4. Review of capital investments and long term business plans
5. Periodic review meetings to guide optimum utilization of resources
6. Effective use of resources and safeguarding of assets

The Audit Committee reviews the effectiveness of internal control systems, and also provides timely updates on operating effectiveness and controls to senior management team. A Whole Time Director and CFO Certificate, forming part of the Corporate Governance Report, reinforce the effectiveness of internal controls and reiterates their responsibilities to report any irregularities to the Audit Committee and rectify any issues.

The auditors carry out periodic audits as per an agreed internal audit programme. They bring to the notice of management issues which require their attention and also highlight the severity of the issue. Corrective actions are then rapidly set in place. The internal auditors report is reviewed by the Audit Committee and placed before the Board of Directors for their consideration.

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of **Rollatainers Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the statement of Profit and Loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the afore said standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and profit and to talcomprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Emphasis of Matters

- Trade Payables amounting to Rs. 86.10 Lacs(Net) and advance taken from Customers/Financial Liabilities amounting to Rs. 118.58 Lacs are subject to confirmation.
- We draw your attention to Note 3.19 of the financial statement related to Exceptional Item which includes as follows:

S. No.	Particulars	Profit/(Loss) (In Lakhs)

4	Fixed Assets (Salvage value) Impairment	(51)
5	Miscellaneous Income- Related Party Balance written off (Barista Coffee Company Limited)	16

- the Company's trade receivables as at 31 March 2021 amounts to Rs. 1737.43 Lakhs are long outstanding receivables, which as per the management are considered good and recoverable by the management.
- We draw your attention to Note 3.27 to the financial statement, which describes the economic and social consequences/disruption the Group is facing as a result of COVID-19 which is impacting supply chains / consumer demand / financial markets / commodity prices / personnel available for work.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters	Procedures Performed/Auditor's Response
Subsequent to the year end, the board of directors of the Company in their meeting held on 23 rd August 2021 have approved a proposal for disposal of its investment in Boutonniere Hospitality Private Limited (Associate Company). In addition, the copy of Board Resolution filed with SEBI was duly reviewed.
Contingent Liabilities The contingent liabilities related to on going litigations and claims with various tax authorities. The computation of contingent liability requires significant judgement by the company because of the inherent complexity in estimating future costs. Refer Note No 3.18.2 to the Financials statements	Obtained details of completed tax assessments and demands for the year ended March 31, 2021 from management. We involved our internal experts to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes.
Contingent Liabilities The contingent liabilities related to Corporate Guarantee issued by Company amounting to Rs. 5500 Lakhs. The computation of contingent liability requires significant judgement by the company because of the inherent complexity in estimating future costs. Refer Note No 3.18.2 to the Financials statements	Obtained Certificate from the principal debtor, which shows that the principal security cover is sufficient to repay the obligation by the principal debtor.
Receivable from revenue authorities As at March 31, 2021, current assets amounting to Rs. 69.66 lakhs which are pending from various statutory authorities. Refer Note No 3.7 and 3.8 to the Financial Statements	We have involved our internal experts to review the nature of the amounts recoverable, the sustainability and the likelihood of recoverability.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion there on.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the

financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the preparation of the standalone financial statements by the Management and Directors of the Company, as aforesaid.

In preparing the standalone financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

"Annexure B" to the Independent Auditor's Report

(Referred to in paragraph 2(g) under 'Report on Other Legal and Regulatory Requirements' section of the Independent Auditor's Report of even date to the members of **Rollatainers Limited** on the standalone financial statements as of and for the year ended March 31, 2021)

Independent Auditor's report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls with reference to standalone financial statements of **Rollatainers Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the internal financial control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal financial control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the Institute of Chartered Accountants of India ("the ICAI") and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for

external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of Management and Directors of the Company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

COMPANY OVERVIEW AND NOTES TO THE FINANCIALS STATEMENTS**1. Company Overview**

Rollatainers Limited (The Company) operates as an integrated packaging solution organization with business encompassing research, manufacturing and marketing Lined and mono Cartons and Packaging Machines. The company's equity shares are listed for trading on the National Stock Exchange of India Limited and Bombay Stock Exchange Limited.

2. Significant Accounting Policies**2.1 Basis of preparation of financial statements**

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Accounting policies have been consistently applied except where a newly issued Indian accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Standalone Financials Statement are presented in Indian Rupees and all values are rounded to the nearest lacs, except when otherwise indicated.

2.2 Use of estimates

The preparation of the financial statements in conformity with IND AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

2.2.1 Useful lives of property, plant and equipment & Capital Work in progress.

Company reviews the life of property plant and equipment at the end of each reporting period and more frequently. This re-assessment may result in change in depreciation expense in future periods.

2.2.2 Valuation of deferred tax assets / liabilities/MAT Credit

The company reviews the carrying amount of deferred tax assets/ Liabilities at the end of each reporting period.

2.2.3 Provisions and contingent liabilities

A provision is recognized when the company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. Contingent liabilities are not recognized in the financial statements. A contingent asset is neither recognized nor disclosed in the financial statements, however when the realization is virtually certain then the related asset ceases to be a contingent asset and therefore recognized. However, the detail of existing contingencies as on 31st March, 2021 is provided Note no. 3.18.2.

2.3 Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivables. Amounts disclosed as revenue are exclusive of excise duty/GST and net of returns, trade allowances, rebates, discounts, value added taxes.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below.

Sale of goods

Sales are recognised when substantial risk and rewards of ownership are transferred to customer as per the terms of the contract, there is no continuing managerial involvement with the goods. The Company retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods., in case of domestic customer, sales take place when goods are dispatched or delivery is handed over to transporter, in case of export customers, sales takes place when goods are shipped on board based on bill of lading.

Revenue from Services

Revenue from services is recognised in the accounting period in which the services are rendered.

Other operating revenue - Export incentives

Revenue in respect of export incentives is recognised when such incentives accrue upon export of goods.

2.4 Employee benefits

● **Short-Term Employee Benefits**

Short - term employee benefits include performance incentive, salaries & wages, bonus and leave travel allowance. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the services.

2.5 Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the interest costs. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset.

Processing fee paid for borrowings is amortized over the term of long term loan through statement of profit & loss. All other borrowing costs are expensed in the period in which they occur.

2.6 Depreciation & Amortization

The company depreciates property, plant and equipment over their estimated useful lives using the straight-line method. Depreciation methods, useful lives and residual values are reviewed at each reporting period. Depreciation on additions/deductions to property, plant and equipment is provided on pro-rata basis from the date of actual installation or up to the date of such sale or disposal, as the case may be.

Leasehold assets are amortized equally over the period of their lease.

2.7 Impairment of Assets

i) Financial assets (other than at fair value)

The company assesses at each balance sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The company recognizes lifetime expected losses for all contract assets and/or all trade receivables that do not constitute a financing transaction.

(i) Non-financial assets

Property, Plant & equipment and Intangible Assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is an indication that their carrying amounts may not be recoverable. If any such

indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined to which the asset belongs. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognized in the statement of profit or loss. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of profit or loss.

2.8 Income taxes

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Minimum Alternative Tax [MAT] paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the company will pay normal income tax in future periods. Accordingly, MAT is recognized as an asset in the balance sheet when it is probable that future economic benefits associated with it flow to the company and the asset can be measured reliably.

2.9 Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation /amortization and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. The cost of property, plant & equipment also includes initial estimates of dismantling cost and restoring the site to its original position, on which the site is located.

2.10 Financial instruments

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets (Except Net Investments) and financial liabilities (Except Borrowings) are recognized at fair value on initial recognition, except for trade receivables and security deposits, which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition.

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination, which is subsequently measured at fair value through profit and loss.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts are approximately at fair value due to the short maturity of these instruments.

De-recognition of financial instruments

The company de-recognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under IND AS 109. A financial liability (or a part of a financial liability) is de-recognized from the company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

2.11 Borrowings

Borrowings are initially measured at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method.

Preference shares are separated into liability and equity components based on the terms of the issue / contract. On issuance of the preference shares, the fair value of the liability component is determined using a market rate for an equivalent instrument. This amount is classified as financial liability and is measured at amortized cost (net of transaction costs) until it is extinguished on conversion or redemption. The remainder of the proceeds is recognized and included in equity.

Transaction costs are deducted from equity, net of associated income tax. The carrying amount of the equity component is not re-measured in subsequent years.

2.12 Investments

a) Investment in subsidiaries

Investments in subsidiaries are valued at Cost less impairment (In conformity with IND AS 110).

b) Investment in associates / Joint Ventures

Investment held by the company in associates/joint ventures have been valued at Cost less impairment (In conformity with IND AS 110).

c) Investment - Others

Current Investments

Quoted financial assets have been classified as FVTOCI and unquoted financial assets have been classified as Fair Value through Profit & Loss [FVTPL].

Non-Current Investments

Quoted long term investments have been classified as FVTOCI and unquoted long term investments are have been classified as FVTPL.

2.13 Inventories

- Raw Material, Goods under process and Finished Goods are valued at cost (Net of provision for diminution) or *Net Realizable value, whichever is lower.
- Waste and Scrap is valued at Net Realizable Value.
- Cost of inventories also included all other costs incurred in bringing the inventories to their present location and condition.
- Cost of goods under process comprise of cost of materials and proportionate production overhead. Cost of material for this purpose is ascertained on FIFO basis.
- Provision for obsolescence in inventories is made, whenever required.

*Net Realizable Value is the estimated selling price in the ordinary course of business less any applicable selling expenses.

2.14 Earnings per equity share

Basic earnings per equity share are computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the

outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

2.15 Dividends

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

Furthermore, unpaid/ unclaimed dividend are transferred to unpaid dividend account and on expiration of 7 years period, same are deposited in Investor Education and Protection Fund.

2.16 Leases

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower.

Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the Statement of Profit and Loss over the lease term.

2.17 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.18 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is Unobservable

For assets and liabilities that are recognized in the Consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing

categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period or each case.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- * Disclosures for valuation methods, significant estimates and assumptions
- * Quantitative disclosures of fair value measurement hierarchy
- * Investment in unquoted equity shares
- * Financial instruments

2.19 Current versus non-current classification

Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The financial instruments included in Level 2 of fair value hierarchy have been valued using quotes available for similar assets and liabilities in the active market. The investments included in Level 3 of fair value hierarchy have been valued using the cost approach to arrive at their fair value. The cost of unquoted investments approximate the fair value because there is a range of possible fair value measurements and the cost represents estimate of fair value within that range.

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosure are required):

Note No. : 3.24 Financial risk Management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's financial assets include investment, loans, trade and other receivables, and cash & cash equivalents that derive directly from its operations.

The company is exposed to credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Board of Directors reviews and agrees policies for managing each risk, which are summarised as below:

(A) Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: Interest rate risk and currency risk. Financial instruments affected by market risk include loans and borrowings, deposits and payables/ receivables in foreign currencies.

-Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has no borrowings and hence not exposed to interest Rate Risk.

-Foreign currency risks

Foreign risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company is not dealing in foreign currency transaction therefore the Company is not exposed to foreign currency risks.

(B) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including loans to related parties, deposits with banks and other financial instruments.

(C) Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure funds are available for use as per requirements. The Company's prime source of liquidity is cash and cash equivalents and the cash generated from operations. The Company has no outstanding bank borrowings.

Independent Auditor's Report

To,

The Members of Rollainers Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Rollainers Limited (hereinafter referred to as the 'Holding Company') and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), its associates and its joint ventures, which comprise the consolidated balance sheet as at 31 March 2021, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of such subsidiaries, associates and joint ventures as were audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associates and joint ventures as at 31 March 2021, of its consolidated loss and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, its associates, joint ventures and joint operations in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India, and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Emphasis of Matters

1. The Holding company's Trade Payables amounting to Rs. 86.10 Lakhs (Net) and Advance Taken from Customers/Financial Liabilities amounting to Rs. 118.58 Lakhs are subject to confirmation.
2. We draw your attention to Note 3.28 of the financial statement related to Exceptional Item which includes as follows:

S. No.	Particulars	Profit/(Loss) (In Lakhs)
1	Impairment of Investment in Oliver Engineering private limited	(437)

5	Perishable Stock	(5)
6	Provision for expected credit loss	(129)
7	Fixed Assets (Salvage value) Impairment	(51)
8	Miscellaneous Income- Related Party Balance written off (Barista Coffee Company Limited)	16

3. The holding Company's trade receivables as at 31 March 2021 amounts to Rs. 1737.43 Lakhs are long outstanding receivables, which are as per management are considered good and recoverable by the management.
4. We draw your attention to Note 3.37 to the financial statement, which describes the economic and social consequences/disruption the Group is facing as a result of COVID-19 which is impacting supply chains / consumer demand / financial markets / commodity prices / personnel available for work.
5. Financials of M/s Rollatainers –Toyo Machine Private Limited have been consolidated on the basis of Management Financials. We have not received the Audit Report of the same hence we are not commenting on the same.
6. Financials of M/s Oliver Engineering Private Limited have been consolidated on the basis of Management Financials. We have not received the Audit Report of the same hence we are not commenting on the same.
7. In case of Subsidiary RT Packaging Private Limited the Statutory auditors has raised following emphasis of matters:
 - a. The company has been continuously making losses. This indicates the existence of material uncertainty that may cast significant doubt on the company's ability to continue as a going concern. However, as per the management representation regarding future business prospects, the accounts have been prepared on a going concern basis.
 - b. Loan and advances and other recoverable as at March 31, 2021, are subject to reconciliations

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment and based on the consideration of reports of other auditors on separate financial statements of components audited by them, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters	Procedures Performed / Auditor's Response
Subsequent to the year end, the board of directors of the Company in their meeting held on 23 rd August 2021 have approved a proposal for disposal of its investment in Boutonniere Hospitality Private Limited (Associate Company).	Minutes of Meeting was reviewed where the sale of Investment in associate company was proposed by the Directors of the company. In addition, the copy of Board Resolution filed with SEBI was duly reviewed.
Contingent Liabilities In case of holding company, the contingent liabilities related to ongoing litigations and claims with various tax authorities. The computation of contingent liability requires significant judgement by the company because of the inherent complexity in estimating future costs. Refer Note No 3.18.2 to the Financials statements	Obtained details of completed tax assessments and demands for the year ended March 31, 2021 from management. We involved our internal experts to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes.
Contingent Liabilities In case of holding company, the contingent liabilities related to Corporate Guarantee issued by Company amounting to Rs. 5500 Lakhs. The computation of contingent liability requires significant judgement by the company because of the inherent complexity in estimating future costs. Refer Note No 3.18.2 to the Financials statements	Obtained Certificate from the principal debtor, which shows that the principal security cover is sufficient to repay the obligation by the principal debtor.
Receivable from revenue authorities In case of holding company As at March 31, 2021, current assets amounting to Rs. 69.66 lakhs which are pending from various statutory authorities. Refer Note No 3.7 and 3.8 to the Financial Statements	We have involved our internal experts to review the nature of the amounts recoverable, the sustainability and the likelihood of recoverability.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/ audit report of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors are responsible for the preparation and presentation of this Statement that give a true and fair view of the consolidated net profit/loss and other comprehensive income and other financial information of the Group, including its joint venture and associates in accordance with the applicable accounting standards prescribed under section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. The respective Board of Directors of the companies included in the Group and of its joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and its joint venture and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Statement by the Directors of the Holding Company, as aforesaid.

In preparing the Statement, the respective Board of Directors of the companies included in the Group and of its joint venture are responsible for assessing the ability of the Group and of joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and joint venture are responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statement

Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Financial Statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group and joint venture's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and joint venture to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Statement, including the disclosures, and whether the Statement represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group and joint venture to express an opinion on the Statement. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the Statement of which we are the independent auditors. For the other entities included in the Statement, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in the section titled "Other Matters" in this audit report.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

"Annexure A" to the Independent Auditor's Report on the Consolidated Financials Statement

(Referred to in paragraph 2(g) under 'Report on Other Legal and Regulatory Requirements' section of the Independent Auditor's Report of even date to the members of **Rollatainers Limited** on the consolidated financial statements as of and for the year ended March 31, 2021)

Independent Auditor's report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls with reference to consolidated financial statements of Rollatainers Limited (hereinafter referred to as "the Holding Company") and such companies incorporated in India under the Companies Act, 2013 which are its subsidiary companies, its associates and its joint ventures, as of that date.

In our opinion, the Holding Company and such companies incorporated in India which are its subsidiary companies, its associates and its joint ventures, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note issued by the ICAI.

Management's Responsibility for Internal Financial Controls

The respective Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the relevant subsidiary, associates and joint venture in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to

provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that

- i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to subsidiary, associate and joint venture, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of this matter.

Notes to the Financial Statements

1. Company Overview

Rollatainers Limited (The Company) operates as an integrated packaging solution organization with business encompassing research, manufacturing and marketing Lined and mono Cartons and Packaging Machines. The company's equity shares are listed for trading on the National Stock Exchange of India Limited and Bombay Stock Exchange Limited.

2. Significant Accounting Policies

2.1 Statement of Compliance Basis of preparation of consolidated financial statements

The consolidated financial statements are prepared in accordance with Indian Accounting Standards ("Ind AS"), under the historical cost conversion on the accrual basis except for certain financial instruments which are measured at fair value, the provisions of the Companies Act, 2013 ("the Companies Act"), as applicable and guidelines issued by the Securities and Exchange Board of India ("SEBI"). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Accounting policies have been applied consistently to all periods presented in these financial statements.

The Consolidated financial statements comprises of R T Packaging Limited, Boutonniere Hospitality Private Limited and its subsidiary and associates being the entities that it controls. Boutonniere Hospitality was a subsidiary company upto 31st March-2021, thereafter the status has been changed from subsidiary to associate company from 31st March-2021. Controls are assessed in accordance with the requirement of Ind AS 110 - Consolidated Financial Statements.

The Consolidated Financial Statement are presented in Indian Rupees and all values are rounded to the nearest Rupees lacs, except when otherwise indicated.

2.2 Use of estimates

The preparation of the consolidated financial statements in conformity with the recognition and measurement principles of IND AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

2.3.1 Useful lives of property, plant and equipment & Capital Work in progress

Company reviews the life of property plant and equipment at the end of each reporting period and more frequently. This re-assessment may result in change in depreciation expense in future periods.

2.3.2 Valuation of deferred tax assets / liabilities

The company reviews the carrying amount of deferred tax assets/ Liabilities at the end of each reporting period.

2.3.3 Provisions and contingent liabilities

A provision is recognized when the company has a present obligation as a result of past event and it is probable than an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. Contingent liabilities are not recognized in the financial statements. A contingent asset is neither recognized nor disclosed in the financial statements. However, the detail of existing contingencies as on 31st March, 2021 is provided Note no. 3.27.2.

2.4 Principles of Consolidation and Equity Accounting

Consolidated financial statements are the financial statements of the group in which assets, liabilities, equity, income, expenses and cash flows of the parent and its subsidiaries are presented as those of a single economic entity.

(i) Subsidiaries

Subsidiaries are all entities (including structured entities) over which the group has control. The group controls the entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date, the control seizes.

The group combines the financial statements of the parent and its subsidiaries line by line, adding together like items of assets, liabilities, equity, income and expenses. Inter-company transactions, balances and unrealized gains all transactions between group companies are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of impairment of the transferred assets. Accounting policies of subsidiaries have been changed wherever considered necessary to ensure consistency with the policies adopted by the group.

Non-controlling interest in the results and equity of subsidiaries are shown separately in the consolidated statement of the profit and loss, consolidated statement of changes in equity and balance sheet respectively.

(ii) Associates

Associates are all entities over which the group has significant influence but does not have control or joint control. This is generally a case where the group holds between 20%-50% of the voting rights. Investments in associates are accounted for using the equity method of accounting after initially being recognized at cost.

(iii) Joint Ventures

Interest in Joint ventures are accounted for using the equity method, after initially being recognized at cost in the consolidated balance sheet.

(iv) Equity Method

Under the equity method of accounting, the investments are initially recognized at cost and adjusted thereafter to recognize the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognized as a reduction in the carrying amount of the investment.

When the Group's share of losses in equity-accounted investments equals or exceeds its interest in the entity, including any other unsecured long term receivables, the Group does not recognize further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealized gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

The carrying amount of equity accounted investments are tested for impairment.

(v) Changes in ownership interests

The Group treats transactions with non-controlling interests which does not result in loss of control as transaction with equity owners of the group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of adjustment to non-controlling interests and any consideration paid or received is recognized within equity.

When the Group ceases to consolidate or equity account for an investment because of loss of control, joint control or significant influence, any retained interest in the entity is re-measured to its fair value with the change in carrying amount recognized in profit or loss.

The fair value becomes the initial carrying amount for the purposes of subsequent accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognized in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of related assets or liabilities.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognized in other comprehensive income are reclassified to profit or loss where appropriate.

2.5 Foreign currency translations

(i) Functional and Presentation Currency

The Group's consolidated financial statements are presented in INR, which is also the parent company's functional currency. For each entity, the Group determines the functional currency and items included in the financial statements of each entity are measured using that functional currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in profit or loss. A monetary item for which settlement is neither planned nor likely to occur in the foreseeable future is considered as part of the entity's net investment in that foreign operation.

Foreign exchange differences regarded as adjustment to borrowing cost are presented within finance cost. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other gains/losses.

Non-monetary assets and liabilities denominated in foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

(iii) Group Companies

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Company's foreign operations that have a functional currency other than Indian rupees are translated into Indian rupees using exchange rates prevailing at the reporting date. Income and expense items are translated at the average exchange rates for the period. Exchange differences arising, if any, are recognized in other comprehensive income and held in foreign currency translation reserve (FCTR), a component of equity, except to the extent that the translation difference is allocated to non-controlling interest.

2.6 Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivables. Amounts disclosed as revenue are exclusive of excise duty/GST and net of returns, trade allowances, rebates, discounts, and value added taxes.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below.

Sale of goods

Sales are recognised when substantial risk and rewards of ownership are transferred to customer as per the terms of the contract, there is no continuing managerial involvement with the goods. The Group retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods, in

case of domestic customer, sales take place when goods are dispatched or delivery is handed over to transporter, in case of export customers, sales takes place when goods are shipped on board based on bill of lading.

Revenue from Services

Revenue from services is recognised in the accounting period in which the services are rendered.

Other operating revenue - Export incentives

- Revenue in respect of export incentives is recognised when such incentives accrue upon export of goods.

2.7 Employee benefits

● Long - Term Employee Benefits

The liability for gratuity, leave encashment, pension, superannuation and other benefits is determined using Projected Unit Credit [PUC] Method and is accounted for on the basis of actuarial valuation in Accordance with IND AS - 19. The Group recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Actuarial Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income. The current service cost is included in the employee benefit expense in the statement of profit & loss account. The interest cost calculated by applying the discount rate to the net balance of defined benefit obligation, is included in the finance cost in the statement of profit & loss account.

● Short-Term Employee Benefits

Short - term employee benefits include performance incentive, salaries & wages, bonus and leave travel allowance. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the services.

2.8 Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the interest costs. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset.

Processing fee paid for borrowings is amortized over the term of long term loan through statement of profit & loss. All other borrowing costs are expensed in the period in which they occur.

Preference Shares are separated into equity and liability components based on the terms of the issue / contract. Interest on liability component of preference shares is determined using amortized cost method and is charged to the statement of profit & loss.

2.9 Depreciation & Amortization

The group depreciates property, plant and equipment over their estimated useful lives using the straight-line method. Depreciation methods, useful lives and residual values are reviewed at each reporting period. Depreciation on additions/deductions to property, plant and equipment is provided on pro-rata basis from the date of actual installation or up to the date of such sale or disposal, as the case may be.

Leasehold assets are amortized equally over the period of their lease.

2.10 Impairment of Assets

i) Financial assets (other than at fair value)

The group assesses at each balance sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The

group recognizes lifetime expected losses for all contract assets and/or all trade receivables that do not constitute a financing transaction.

ii) Non-financial assets

a) Property, Plant & equipment and Intangible Assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is an indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the statement of profit or loss.

b) Investment in subsidiaries

Investments in subsidiaries are valued at Cost less impairment (In conformity with IND AS 110).

c) Investment in associates / Joint Ventures

Investment held by the company in associates / joint ventures have been valued at Fair Value through Other Comprehensive Income [FVTOCI] (In conformity with IND AS 110).

d) Investment - Others

Current Investments

Quoted financial assets have been classified as FVTOCI and unquoted financial assets have been classified as Fair Value through Profit & Loss [FVTPL].

Non-Current Investments

Quoted long term investments have been classified as FVTOCI and unquoted long term investments are have been classified as FVTPL.

2.11 Non-Current Assets held for sale/ Discontinued Operations

The Group classifies non-current assets and disposal groups as held for sale, if their carrying amounts is likely to be recovered principally through a sale rather than through continuing use and there is a commitment from the management to sale the above assets within one year from the date of classification. The asset is regarded as held for sale only when the assets or disposal group is available for immediate sale in its present condition, subject only to the terms that are usual and customary for sales and its sale is highly probable and also it will genuinely be sold, not abandoned.

Non-current assets held for sale to owners and disposal groups are measured at lower of their carrying amount and the fair value less cost to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets held for sale, once classified as held for sale are not further depreciated or amortized. Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit and loss.

2.12 Income taxes

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

The group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Minimum Alternative Tax [MAT] paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal income tax in future periods. Accordingly, MAT is recognized as an asset in the balance sheet when it is probable that future economic benefits associated with it flow to the Group and the asset can be measured reliably.

2.13 Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation /amortization and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. The cost of property, plant & equipment also includes initial estimates of dismantling cost and restoring the site to its original position, on which the site is located.

2.14 Financial instruments

The group recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets (Except Net Investments) and financial liabilities (Except Borrowings) are recognized at fair value on initial recognition, except for trade receivables and security deposits, which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition.

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination, which is subsequently measured at fair value through profit and loss.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts are approximately at fair value due to the short maturity of these instruments.

Trade receivables, loans and advances which also includes balances from group entities are subject to confirmation and reconciliation.

Fair value of investments have not been considered in the books of account.

De-recognition of financial instruments

The group de-recognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under IND AS 109. A financial liability (or a part of a financial liability) is de-recognized from the group's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

2.15 Borrowings

Borrowings are initially measured at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method.

2.16 Investments

a) Investment in subsidiaries

Investment Investments in subsidiaries are valued at Cost less impairment (In conformity with IND AS 110).

b) Investment in associates / Joint Ventures

Investment held by the group in associates / joint ventures have been valued at Fair Value through Other Comprehensive Income [FVTOCI].

c) Investment - Others

Current Investments

Quoted financial assets have been classified as FVTOCI and unquoted financial assets have been classified as Fair Value through Profit & Loss [FVTPL].

Non-Current Investments

Quoted long term investments have been classified as FVTOCI and unquoted long term investments are have been classified as FVTPL.

2.17 Provisions

A provision is recognized if, as a result of a past event, the group has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

2.18 Inventories

- Raw Materials, Goods under process and Finished goods are valued at cost (Net of provision for diminution) or *Net Realizable value, whichever is lower.
- Waste and Scrap is valued at Net Realizable Value.
- Cost of inventories of Raw Materials and stores and Spares is ascertained on FIFO basis.
- Cost of goods under process comprise of cost of materials and proportionate production overhead. Cost of material for this purpose is ascertained on FIFO basis.
- Provision for obsolescence in inventories is made, whenever required.

*Net Realizable Value is the estimated selling price in the ordinary course of business less any applicable selling expenses.

2.19 Earnings per equity share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

2.20 Dividends

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the company's board of directors.

2.21 Leases

Leases under which the Group assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower.

Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the Statement of Profit and Loss over the lease term.

2.22 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.23 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is Unobservable

For assets and liabilities that are recognized in the Consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period or each case.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- * Disclosures for valuation methods, significant estimates and assumptions
- * Quantitative disclosures of fair value measurement hierarchy
- * Investment in unquoted equity shares
- * Financial instruments

2.24 Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per company's normal operating cycle and other criteria set out in the Schedule III to the Act.

2.25 Foreign currency translation

Foreign currency translations are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in profit or loss.

Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The financial instruments included in Level 2 of fair value hierarchy have been valued using quotes available for similar assets and liabilities in the active market. The investments included in Level 3 of fair value hierarchy have been valued using the cost approach to arrive at their fair value. The cost of unquoted investments approximate the fair value because there is a range of possible fair value measurements and the cost represents estimate of fair value within that range.

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosure are required):

NNote No. : 3.34 Financial risk Management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's financial assets include investment, loans, trade and other receivables, and cash & cash equivalents that derive directly from its operations.

The company is exposed to credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Board of Directors reviews and agrees policies for managing each risk, which are summarised as below:

(A) Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: Interest rate risk and currency risk. Financial instruments affected by market risk include loans and borrowings, deposits and payables/ receivables in foreign currencies.

-Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has no borrowings and hence not exposed to interest Rate Risk.

-Foreign currency risks

Foreign risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company is not dealing in foreign currency transaction therefore the Company is not exposed to foreign currency risks.

(B) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including loans to related parties, deposits with banks and other financial instruments.

(C) Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure funds are available for use as per requirements. The Company's prime source of liquidity is cash and cash equivalents and the cash generated from operations. The Company has no outstanding bank borrowings. The Company invests its surplus funds in bank, fixed deposit and mutual funds, which carry minimal mark to market risks. The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments :
