LDW was facing serious financial and operational challenges since the financial year 2011-12 after the economic slowdown in Europe. The Company infused capital from time to time and in the process its Balance Sheet exposure in the form of investment in LDW increased substantially up to ₹ 224.47 crores. LDW recorded huge losses in the year 2012-13 and 2013-14 and ultimately filed for insolvency in a German court of law. As a result of the investment in LDW, KEC experienced gradually incremental severe shortage of working capital, which led to low capacity utilization and thereby resulting into losses for the last two financial years.

After the administrator was appointed to liquidate LDW, KEC lost total control over LDW and hence the investment was substantially impaired in the year 2014-15. Accumulation of operating losses continued weak business environment and funding of LDW together affected Company's operation. In order to address the whole issue, during the year 2014-15 the Company drew up a financial reorganization planning consultation with financial lenders (lenders). The lenders formed a Joint Lenders Forum (JLF) and corrective action plan was drawn up in mutual consultation with JLF members and Company.

Since then the Company has taken several initiatives to increase its profitability and to explore new opportunities of achieving cost reduction and price competitiveness. His varied experience and exposure has come very handy to the business in these difficult times.

On the other hand, the Company has disposed off those non-core assets of the Company and other vacant lands available which had no value to the operations of the Company. The Company has repaid its term loans borrowed under Joint Lenders Forum (JLF) from consortium banks / financial institutions.
