## Before Mandaviya-Rahul row, BJP's campaign projected PM's 'successful' fight against Covid

**ADITIRAJA**  
VADODARA, DECEMBER 21

UNION HEALTH Minister Mansukh Mandaviya on Wednesday shot off a letter to Congress leader Rahul Gandhi asking him to "suspend the Bharat Jodo Yatra" or strictly follow the Covid-19 protocols in view of the rising coronavirus cases across the globe, especially in China.

However, during the recent Gujarat Assembly polls, in which the BJP registered a record landslide by winning 156 of the 182 seats, the party's key campaign plank was to focus on the Narendra Modi government's "successful fight" against Covid, highlighting how "crowds could gather without masks" in India even as other countries continued to witness a surge in Covid cases.

BJP's key campaign plank was to focus on Covid success highlighting crowds without masks.

In the course of their Gujarat campaign, top BJP leaders, including Prime Minister Narendra Modi, Union Home Minister Amit Shah, other Union ministers, UP Chief Minister Yogi Adityanath and party president J P Nadda, as well as party candidates, projected a narrative that spotlighted the "victorious actions of PM Modi" in developing indigenous vaccines for various diseases.

While PM Modi himself mentioned the Covid vaccination drive in his every speech, the BJP's campaigners and candidates credited him for "ensuring that we can gather in such big numbers without masks, even as Europe, America and China" continue to battle the Covid surge.

However, during PM Modi's campaign at various locations in Gujarat, their respective district health departments had followed the Covid protocol and got persons in proximity to the PM undergo RT-PCR tests although the mask mandate was not enforced in any of the election rallies across the state.

At a rally in Vadodara's Padra on November 10, Union Minister Parshottam Rupala had said, "Look at the crowd and no one is wearing a mask, neither am I."

Two days ago, there was a news that a city in China has been put under lockdown. A country like China has to grope in the dark to come out of Covid and you and I are sitting here and holding massive gatherings without masks. The reason is double dose of vaccination and then a booster. This doesn't happen so easily. Remember the days of the lockdown and the grim situation we were in... Modi has brought us out of it."

During his electrifying, Nadda recounted his days as the Union Health Minister and spoke of the number of years it had taken pre-Modi India to develop vaccines for various diseases.

Addressing a gathering in Ankleshwar in Bharuch on November 18, Nadda said, "It is because of PM Modi's efforts that India is able to come out of Covid-19 and Indians are moving around without masks... Otherwise, in countries like US, where even President Joe Biden has to wear a mask. Many countries in Europe and many parts of the US have not been able to complete their double vaccine dose but we have reached the stage of the booster dose."

Addressing a rally in Selra in Panchmahal district on November 22, Nadda said: "It took 25 years for a TB dose to reach India, 28 years for tetanus to be available in India and a century to have a vaccine against Japanese Flu. The vaccine had been ready in 1906 in Japan but came to India in 2006. But look at how Covid-19 came in April 2020 and Modi ji had formed a task force immediately. And within nine months, we had not one but two vaccines. Ask the Congress people when they come to ask for votes that they used to make fun of the vaccine calling it Modi vaccine and BJP vaccine... how did you like it? Modi ji has given you another life too."

Nadda then went on to say, "Europe has not been able to come out of Covid but India has been able to thwart Covid. No one is wearing a mask and sitting so close. This is the 'suraksha kavach' of vaccine given by Modi ji to crores of people. The US has not been able to finish its vaccination programme... We have given vaccines to 100 countries, out of which 48 have received our vaccines for free. We are not a country which takes, but a country which gives."

PM Modi, in his speeches during the campaign, sought public testimony to the point that nearly 80 crore people had been vaccinated "without being charged a single penny". He asked the people at the rallies: "Have you all got two doses of the Covid-19 vaccine? Did you have to pay even a penny for the doses? Was it administered to you for free? That is because your son, sitting in Delhi, has been worrying about you and your family during the pandemic."

A government official told The Indian Express that over 200 persons had undergone RT-PCR tests in Dahod and Vadodara on November 23 to be able to acquire an access pass to be on the dash to hand over mementos to the PM. The official said, "Covid-19 may have declined but as part of the health protocol around PM Modi's visit, RT-PCR tests are mandatory especially for those going on to dash. It has been followed with due diligence everywhere during the election campaign."

## OKHA COAST FISHERMAN HELD WITH STOLEN BOAT

Fishing boat Barkat, allegedly stolen from Navadra harbour, was recovered by Okha Marine police while it was operating off Saniyani island of Okha coast in Devbhumi Dwarka Wednesday. Police arrested Alghal alias Abhaz Sanghar, a fisherman, who was operating the boat.

Videographs of the incident (left) before the pickup van ran into the tea stall and (right) after the accident.

## 3 injured after pickup van runs into tea stall on outskirts of Surat

**EXPRESS NEWS SERVICE**  
SURAT, DECEMBER 21

THREE PERSONS were injured after a pickup van ran into a tea stall at Saroli on the outskirts of Surat early on December 18, police said, adding that one of the victims was undergoing treatment for multiple fractures, while for the other two people it was minor injuries.

A video of the incident was widely shared on social media in which several shops were seen at the roadside Bapa No Bagicho on the night of December 18 when the incident happened. Driver of the pickup van fled leaving the vehicle. After a complaint by tea stall

owner Nilesh Jain, Saroli police booked the van driver under Indian Penal Code sections 279 (rash driving or riding), 337 (causing hurt by act endangering life or personal safety of others), 338 (causing grievous hurt by act endangering life or personal safety of others) and Motor Vehicle Act sections 184 and 134.

Saroli police station inspector SA Desai said, "We have seized the pickup van and identified the owner but are yet to record his statements. Among the three injured, one has multiple fractures on his leg and he is undergoing treatment at the hospital, while the other two were discharged after primary treatment on the same day."

## As state awaits winter, IMD says temperatures likely to fall this week

**EXPRESS NEWS SERVICE**  
AHMEDABAD, DECEMBER 21

AS GUJARAT waits for winter season to set in even in the third week of December, the India Meteorological Department (IMD) says the temperatures are expected to fall and return to normal this week.

While the sudden spike in temperatures is attributed to a deep depression weather system, the minimum temperatures will be normal as a fall is expected within three to five days, said an IMD Meteorological Department regional director at Ahmedabad Manorama Mohanty.

As per IMD's bulletin, while not a high departure from normal was recorded in the maximum temperatures across Gujarat on Wednesday, Kandla recorded 35 degrees Celsius, the highest in the state.

However, the minimum or night time temperatures were higher by four degrees at several centres as Okha recorded the highest of 21.7 degrees Celsius of minimum temperature.

Bhat and Dasa at 15 degrees Celsius were above normal by 4 degrees while Vadodara and Bhavnagar at 16.6 and 18.2 degrees Celsius respectively were above normal by 3 degrees. Similarly, Veraval and Gir 19.8, Surat at 18.8 and Dwarka recorded 18.6 degrees Celsius.

In Ahmedabad, maximum temperature was at 32 degree Celsius, higher than normal by 2.4 degrees while the minimum temperature was recorded at 14 degrees Celsius.

Other centres with high maximum temperatures were Vadodara at 32.6, Rajkot at 32.3, Amreli at 32.2 degrees Celsius, Veraval and Gir at 31.8, and Surat at 31.6 degrees Celsius.

Declining to comment if these were the highest minimum temperatures recorded on the state at this time of the year, Mohanty said that the maximum temperatures are usually high but at times night time temperatures too rise with a system.

Reason cited for this unusual higher night time temperatures across the state, Mohanty says, "It rose because of the deep depression system that developed in the Arabian Sea. Due to which a lot of moisture was recorded ahead resulting in rainfall in parts of Gujarat last week."

**DEFENCE INSTITUTE OF ADVANCED TECHNOLOGY**  
(Deemed to be University) UGC Act, 1956, Govt. of India - 411

**Ph.D ADMISSION NOTICE - JANUARY - 2023**
