Dear Sirs,

1. We have examined the attached Restated Standalone Financial Information of **Ruchi Soya Industries Limited** (the "Company" or the "Issuer") comprising the Restated Standalone Statement of Assets and Liabilities as at December 31, 2020, March 31, 2020, 2019 and 2018, the Restated Standalone Statements of Profit and Loss (including other comprehensive income), the Restated Standalone Statement of Changes in Equity, the Restated Standalone Statement of Cash Flows for the nine months period ended December 31, 2020 and for the years ended March 31, 2020, 2019 and 2018, the Statement of Basis of Preparation and Significant Accounting Policies, read together with the annexures and other explanatory information thereto (collectively, the "**Restated Standalone Financial Information**"), as approved by the Board of Directors of the Company at their meeting held on June 9, 2021 for the purpose of inclusion in the Draft Red Herring Prospectus ("**DRHP**")/ Red Herring Prospectus ("**RHP**")/ Prospectus (collectively referred to as "**Offer Documents**") prepared by the Company in connection with its proposed further public offer of equity shares ("FPO") prepared by the Company in terms of the requirements of:
 - a) Section 26 of Part I of Chapter III of the Companies Act, 2013, as amended (the "Act");
 - b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("ICDR Regulations"); and
 - c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India ("ICAI"), as amended from time to time (the "Guidance Note").

Managements' Responsibility for the Restated Standalone Financial Information:

2. The Company's Board of Directors is responsible for the preparation of the Restated Standalone Financial Information for the purpose of inclusion in the Offer Documents to be filed with Securities and Exchange Board of India, Relevant Stock Exchanges and Registrar of Companies, Maharashtra at Mumbai in connection with the proposed FPO. The Restated Standalone Financial Information have been prepared by the management

of the Company on the basis of preparation stated in note 2 (A) (a) of Annexure V to the Restated Standalone Financial Information. The Board of Directors' responsibility includes designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the Restated Standalone Financial Information. The Board of Directors is also responsible for identifying and ensuring that the Company complies with the Act, ICDR Regulations and the Guidance Note.

Auditor's Responsibility:

3. We have examined such Restated Standalone Financial Information taking into consideration:
 - a) The terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter dated March 12, 2021 in connection with the proposed FPO of the Company;
 - b) The Guidance Note. The Guidance Note also requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI;
 - c) Concepts of test checks and materiality to obtain reasonable assurance based on verification of evidence supporting the Restated Standalone Financial Information; and
 - d) The requirements of Section 26 of the Act and the ICDR Regulations. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the ICDR Regulations and the Guidance Note in connection with the proposed FPO.

Restated Standalone Financial Information as per audited Standalone Financial Statements:

4. These Restated Standalone Financial Information have been compiled by the management from:
 - a) Audited special purpose interim standalone financial statements of the Company as at and for the nine months period ended December 31, 2020 prepared in accordance with recognition and measurement principles of Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting", specified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India (the "**Special Purpose Interim Standalone Financial Statements**") which have been approved by the Board of Directors at their meeting held on March 30, 2021. The comparative information as at and for the year ended March 31, 2020 included in such special purpose interim Standalone financial statements are derived from the audited Standalone financial statements of the Company as at and for the year ended March 31, 2020, prepared in accordance with the Indian Accounting Standards (referred to as "**Ind AS**") notified under the section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, which was approved by the Board of directors at their meeting held on June 26, 2020.
 - b) Audited Standalone financial statements of the Company as at and for the year ended March 31, 2020, March 31, 2019, March 31, 2018 prepared in accordance with the Ind

AS and other accounting principles generally accepted in India, which have been approved by the Board of Directors / Resolution Professional at meeting held on June, 26, 2020, May 29, 2019, June 7, 2018.

5. For the purpose of our examination, we have relied on Auditors' report issued by us dated March 30, 2021 on the audited special purpose interim Standalone financial statements of the Company as at and for the nine months period ended December 31, 2020; and dated June 26, 2020, May 29, 2019, June 7, 2018 on the Standalone financial statements of the Company as at and for the year ended March 31, 2020, 2019, 2018, respectively, as referred in Paragraph 4 above;
6. We did not audit the financial statements of two branches of Company at Peddapuram and Ampapuram included in the Standalone Financial Statements which reflect total assets of Rs. 40,012.81 Lakh as at March 31, 2018 and total revenues of Rs. 41,505.16 Lakh for the year ended on that date and net cash outflows of Rs. 549.76 Lakh. The financial statements of these branches have been audited by the branch auditors whose reports have been furnished to us and our opinion in so far as it relates to the amounts and disclosures included in respect of these branches, is based solely on the report of the branch auditors.
7. Based on our examination and according to the information and explanations given to us and based on the para 5 and 6 above, we report that the Restated Standalone Financial Information:
 - a) has been prepared after incorporating adjustments, if any, for the changes in accounting policies and regrouping/reclassifications retrospectively in the financial years ended March 31, 2020, 2019 and 2018 to reflect the same accounting treatment as per the accounting policies and grouping / classifications followed as at and for the nine months period ended December 31, 2020;
 - b) there were no qualifications in Auditor's Report on the Standalone Audited Financial Statements of the Company for the year ended March 31 2020, 2019 and 2018 and for the nine months period ended December 31, 2020, which require any adjustments to the Restated Standalone Financial Information except as mentioned in paragraph 8 below; and
 - c) have been prepared in accordance with the Act, SEBI ICDR Regulations and the Guidance Note.
8. The audit reports on the standalone financial statements for the year ended March 31, 2019 and 2018 issued by us were modified and included following matters giving rise to modifications; [Refer note no. 45 to the Restated Financial Standalone Information]
 - a) Modified opinion during the year ended March 31, 2019:-

The Company was having refund receivable, as on March 31, 2019, amounting to Rs. 4,259.12 Lakh in respect of financial year 2009-2010 to 2013-14 for Daloda and Gadarwara unit towards investment promotional assistance equivalent to 75% of taxes (Commercial Tax / VAT and Central Sales Tax) paid by the Company as per exemption granted in the industrial promotion policy of Madhya Pradesh. However, Madhya

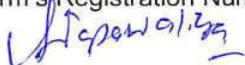

Pradesh Trade and Investment Facilitation Corporation, Bhopal rejected the claim and accordingly, appeal was made to the Hon'ble High Court of Madhya Pradesh. During the year ended March 31, 2019, Hon'ble High Court of Madhya Pradesh, Indore bench, rejected the Company's claim vide order dated May 16, 2018. Subsequently, the Company has filed special leave petition before Hon'ble Supreme Court of India for refund of the amount, which has been admitted on August 29, 2018. No provision for impairment during the year ended March 31 2019 was considered against the aforesaid receivable till the decision of the Hon'ble Supreme Court in this matter. The Company made provision for said impairment during the year ended March 31, 2020 which has now been considered in year ended March 31, 2019 and reversal of said provision has been made in year ended March 31, 2020.

- b) Modified opinion during the year ended March 31, 2018:-
Trade receivables are higher by Rs. 1,189.24 Lakh as at March 31, 2018 since equivalent amounts of funds remitted by the customer is not credited by bank in Company' accounts. Since the amounts were received subsequently therefore the same is reflected now in Restated Standalone Financial Information as at March 31, 2018.
9. The Restated Standalone Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of the reports on the special purpose interim Standalone financial statements and audited Standalone Financial Statements mentioned in paragraph 4 above.
10. This report should not in any way be construed as a reissuance or re-dating of any of the previous audit reports issued by us, nor should this report be construed as a new opinion on any of the financial statements referred to herein.
11. We have no responsibility to update our report for events and circumstances occurring after the date of the report.
12. Our report is intended solely for use of the Board of Directors for inclusion in the Offer Documents to be filed with Securities and Exchange Board of India, Relevant Stock Exchanges and Registrar of Companies, Maharashtra at Mumbai in connection with the proposed FPO. Our report should not be used, referred to, or distributed for any other purpose except with our prior consent in writing. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

(A) BASIS OF PREPARATION

a Statement of Compliance

The Restated Standalone Financial Information of the Company comprises of the Restated Standalone Statements of Assets and Liabilities as at 31st December, 2020, 31st March, 2020, 31st March, 2019 and 31st March, 2018 and the Restated Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Restated Standalone Statement of Changes in Equity and the Restated Standalone Statement of Cash flows for the nine months period ended 31st December, 2020 and for the year ended 31st March, 2020, 31st March, 2019 and 31st March, 2018, the Basis for Preparation and Significant Accounting Policies and the Statement of Notes to the Restated Standalone Financial Information (hereinafter collectively referred to as 'Restated Standalone Financial Information').

The Restated Standalone Financial Information was approved by the Board of Directors of the Company in their meeting held on 09 June, 2021.

The Restated Standalone Financial Information has been prepared for inclusion in the Offer Document to be filed by the Company with the Securities and Exchange Board of India ('SEBI') in connection with proposed further Public Offering of its equity shares, in accordance with the requirements of:

- Section 26 of Part I of Chapter III of the Companies Act, 2013 (the "Act").
- Relevant provisions of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, issued by the Securities and Exchange Board of India ('SEBI') as amended in pursuance of the Securities and Exchange Board of India Act, 1992: and
- The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India ("ICAI"), as amended from time to time (the "Guidance Note").

The Restated Standalone Financial Information have been compiled from audited special purpose interim standalone financial statements of the Company for the nine months period ended 31st December, 2020 and annual audited standalone financial statements for the years ended 31st March, 2020, 31st March, 2019 and 31st March 2018 prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with Section 133 of the Companies Act, 2013 (the "Act") and other relevant provisions of the Act to the extent applicable. (hereinafter collectively referred to as "Audited Standalone Financial Statements").

The Restated Standalone Financial Information has been compiled by the Management from the Audited Standalone Financial Statements for respective period / years and:

- refer Note no. 45 in respect of audit qualification on these audited standalone financial statements;
- there were no changes in accounting policies during the respective period / years of these financial statements except for the new and amended Ind AS-116- 'Leases' adopted from 1st April 2019; Further, on 1st April 2018 the Company adopted Ind AS 115 "Revenue from Contracts with Customers". Refer note 2 (B) k for the accounting policies followed pursuant to adoption of Ind AS 115. The adoption of Ind AS 115 did not have any material impact.
- there were no material adjustments for previous years in arriving at loss/profit of the respective years;
- appropriate regroupings have been made in the Restated Standalone Financial Information of assets and liabilities, statement of profit and loss and statement of cash flow, wherever required, by reclassification of the corresponding items of income, expenses, assets, liabilities and cash flows, in order to bring them in line with the accounting policies and classification as per the special purpose standalone interim financial information of the Company for the nine months period ended 31st December 2020 prepared in accordance with Schedule III of Companies Act, 2013, requirements of Ind AS 1 and other applicable Ind AS principles and the requirements of the Securities and Exchange Board of India (Issue of Capital & Disclosure Requirements) Regulations, 2018, as amended.

b Functional and presentation currency

These financial statements are presented in Indian Rupees (₹), which is the Company's functional currency. All amounts have been rounded to the nearest lakh, unless otherwise indicated.

c Basis of Measurement

These financial statements have been prepared on a historical cost convention basis, except for the following:

- (i) Certain financial assets and liabilities that are measured at fair value.
- (ii) Assets held for sale- Measured at the lower of (a) carrying amount and (b) fair value less cost to sell.
- (iii) Net defined benefit plans- Plan assets measured at fair value less present value of defined benefit obligation.

Determining the Fair Value

While measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

d CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amounts of revenues and expenses for the period/years presented.

These judgments and estimates are based on management's best knowledge of the relevant facts and circumstances, having regard to previous experience, but actual results may differ materially from the amounts included in the financial statements.

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

The information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are as given below:-

1 Impairment test of non financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent to those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

2 Allowance for bad debts / expected credit loss

The Management makes estimates related to the recoverability of receivables, whose book values are adjusted through an allowance for Expected losses/ Provision for Doubtful debts. Management specifically analyses accounts receivable, customers' creditworthiness, current economic trends and changes in customer's collection terms when assessing the adequate allowance for Expected losses/ Provision for Doubtful debts, which are estimated over the lifetime of the debts.

3 Recognition and measurement of Provisions and Contingencies

Provisions and liabilities are recognized in the year when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability require the application of judgement to existing facts and circumstances, which can be subject to change. Since the cash outflows can take place many years in the future, the carrying amounts of provisions and liabilities are reviewed regularly and adjusted to take account of changing facts and circumstances.

Contingencies

In the normal course of business, contingent liabilities may arise from litigation, taxation and other claims against the Company. Where it is management's assessment that the outcome cannot be reliably quantified or is uncertain, the claims are disclosed as contingent liabilities unless the likelihood of an adverse outcome is remote. Such liabilities are disclosed in the notes but are not provided for in the financial statements. When considering the classification of legal or tax cases as probable, possible or remote, there is judgement involved. Although there can be no assurance regarding the final outcome of the legal proceedings, the Company does not expect them to have a materially adverse impact on the Company's financial position.

4 Recognition of Deferred Tax Assets

Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with business developments.

5 Measurements of Defined benefit obligations plan

The Cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

6 Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting year.

7 Income Taxes

There are transactions and calculations for which the ultimate tax determination is uncertain and would get finalized on completion of assessment by tax authorities. Where the final tax outcome is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax in the year in which such determination is made.

8 Depreciation / Amortisation and useful lives of Property Plant and Equipment (PPE) / Intangible Assets: -

PPE / intangible assets are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation /amortisation for future periods are revised if there are significant changes from previous estimates.

9 Global health pandemic on Covid-19:- The outbreak of corona virus (COVID-19) pandemic globally and in India is causing significant disturbance and slowdown of economic activity. In assessing the recoverability of Company's assets such as financial asset and non-financial assets, the Company has considered internal and external information. The Company has evaluated impact of this pandemic on its business operations and based on its review and current indicators of future economic conditions, there is no significant impact on its financial statements and the Company expects to recover the carrying amount of all the assets.

10 Exceptional items :- Exceptional items are those items that management considers, by virtue of their size or incidence, should be disclosed separately to ensure that the financial information allows an understanding of the underlying performance of the business in the year, so as to facilitate comparison with prior periods. Such items are material by nature or amount to the year's result and / or require separate disclosure in accordance with Ind AS. The determination as to which items should be disclosed separately requires a degree of judgement. The details of exceptional items are set out in note 30.

e Current and non-current classification

The Company presents assets and liabilities in statement of financial position based on current/non-current classification. The Company has presented non-current assets and current assets before equity, non-current liabilities and current liabilities in accordance with Schedule III, Division II of Companies Act, 2013 notified by MCA.

An asset is classified as current when it is:

- (a) Expected to be realised or intended to be sold or consumed in normal operating cycle,
- (b) Held primarily for the purpose of trading,
- (c) Expected to be realised within twelve months after the reporting year, or
- (d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting year.

All other assets are classified as non-current.

A liability is classified as current when it is:

- (a) Expected to be settled in normal operating cycle,
- (b) Held primarily for the purpose of trading,
- (c) Due to be settled within twelve months after the reporting year, or
- (d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting year.

The Company classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Deferred tax assets and liabilities are classified as non-current assets and liabilities. The Company has identified twelve months as its normal operating cycle.

(B) SIGNIFICANT ACCOUNTING POLICIES

a PROPERTY, PLANT AND EQUIPMENT:

(i) Recognition and measurement

Property, Plant and equipment are measured at cost (which includes capitalised borrowing costs) less accumulated depreciation and accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises:

- a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- b) any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management.
- c) the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment and depreciated accordingly.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in Statement of profit or loss.

Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date.

Ruchi Soya Industries Limited

Annexure - V

Basis of preparation and significant accounting policies to the Restated Standalone financial information

Leasehold lands are amortised over the period of lease. Buildings constructed on leasehold land are depreciated based on the useful life specified in schedule II to the Companies Act, 2013, where the lease period of land is beyond the life of the building. In other cases, buildings constructed on leasehold lands are amortised over the primary lease period of the lands.

- (ii) On transition to Ind AS as on April 1, 2015 the Company has elected to measure certain items of Property, Plant and Equipment [Freehold Land, Building and Plant and Equipment's] at Fair Value and for other Property, Plant and Equipment these are measure at cost as per Ind AS. The same are considered as deemed cost on the date of transition to Ind AS.

(iii) **Subsequent expenditure**

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

(iv) **Depreciation, Estimated useful life and Estimated residual value**

Depreciation is calculated using the Straight Line Method, pro rata to the period of use, taking into account useful lives and residual value of the assets. The useful life of assets & the estimated residual value, which are different from those prescribed under Schedule II to the Companies Act, 2013, are based on technical advice as under:

Assets	Estimated useful life's	Estimated Residual Value
Building	3 to 60 years	2 to 5 Percent
Plant & Equipment's	5 to 40 years	3 to 25 Percent
Windmills	30 years	19 Percent
Furniture and Fixture	5 to 10 years	As per Schedule II
Motor Vehicles	7 to 8 years	As per Schedule II

Depreciation is computed with reference to cost. Depreciation on additions during the year is provided on pro rata basis with reference to month of addition/installation. Depreciation on assets disposed/discarded is charged up to the date of sale excluding the month in which such assets is sold.

The assets residual value and useful life are reviewed and adjusted, if appropriate, at the end of each reporting year. Gains and losses on disposal are determined by comparing proceeds with carrying amounts. These are included in the statement of Profit and Loss.

b INTANGIBLE ASSETS

Identifiable intangible assets are recognised when it is probable that future economic benefits attributed to the asset will flow to the Company and the cost of the asset can be reliably measured.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

(i) **Recognition and measurement**

Computer software's have finite useful lives and are measured at cost less accumulated amortisation and any accumulated impairment losses.

Acquired brands / Trademarks have indefinite useful life and as on transition date April 1, 2015 have been Fair valued based on reports of expert valuer, which is considered as deemed cost on transition to Ind AS. The same are tested for impairment, if any, at the end of each accounting year.

(ii) **Subsequent expenditure**

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, when incurred is recognised in statement of profit or loss.

(iii) **Amortisation**

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values using the straight-line method over their estimated useful lives and is generally recognised in statement of profit or loss. Computer software are amortised over their estimated useful life or 5 years, whichever is lower.

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted, if required.

c Impairment of assets

An asset is considered as impaired when at the date of Balance Sheet, there are indications of impairment and the carrying amount of the asset, or where applicable, the cash generating unit to which the asset belongs, exceeds its recoverable amount (i.e. the higher of the net asset selling price and value in use). The carrying amount is reduced to the recoverable amount and the reduction is recognized as an impairment loss in the statement of profit and loss. The impairment loss recognized in the prior accounting period is reversed if there has been a change in the estimate of recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life.

d FINANCIAL INSTRUMENTS

A financial instrument is any contract that gives rise to a financial asset of one Company and a financial liability or equity instrument of another Company. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts, interest rate swaps and currency options.

(i) **Financial assets**

Initial recognition and measurement

All financial assets are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortised cost.

Subsequent Measurement

Financial Assets measured at Amortised Cost (AC)

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represent solely payments of principal and interest on the principal amount outstanding.

Financial Assets measured at Fair Value Through Other Comprehensive Income (FVTOCI)

A Financial Asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

Financial Assets measured at Fair Value Through Profit or Loss (FVTPL)

A Financial Asset which is not classified in any of the above categories are measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Company changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 – Financial Instruments.

In case of investments

In Equity instruments

- For subsidiaries , associates and Joint ventures - Investments are measured at cost and tested for impairment periodically. Impairment (if any) is charged to the Statement of Profit and Loss.

- For Other than subsidiaries , associates and Joint venture - Investments are measured at Fair value through Other Comprehensive Income [FVTOCI].

In Mutual fund

Measured at Fair value through Profit and Loss (FVTPL).

Guarantee Commission

Guarantees extended to subsidiaries, associates and Joint ventures are Fair Valued.

Debt instruments

The Company measures the debt instruments at Amortised Cost. Assets that are held for collection of contractual cash flows where those cash flows represent solely payment of principal and interest [SPPI] are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of the hedging relationship, is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the Effective interest rate method.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred.

Impairment of financial assets

In accordance with Ind-AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial asset and credit risk exposure:

- a) Financial assets that are debt instruments and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.
- b) Trade receivables

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables which do not contain a significant financing component.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

- For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. Expected Credit Loss Model is used to provide for impairment loss.

(ii) Financial liabilities

Classification

The Company classifies its financial liabilities in the following measurement categories:

- those to be measured subsequently at fair value through profit and loss-[FVTPL]; and
- those measured at amortised cost. [AC]

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or at amortised cost.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Ruchi Soya Industries Limited

Annexure - V

Basis of preparation and significant accounting policies to the Restated Standalone financial information

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts are approximate at their fair value due to the short maturity of these instruments.

Financial liabilities at fair value through profit or loss [FVTPL]

Financial liabilities at fair value through profit or loss [FVTPL] include financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognised in OCI. These gains/loss are not subsequently transferred to statement of profit or loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss.

Loans and borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of borrowings using the effective interest method. Processing/Upfront fee are treated as prepaid asset netted of from borrowings. The same is amortised over the period of the facility to which it relates.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to interest-bearing loans and borrowings.

Borrowings are derecognised from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of the financial liability that has been extinguished or transferred to another party and the consideration paid including any non cash assets transferred or liability assumed, is recognised in Statement of profit or loss as other gains or (losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer the settlement of liabilities for at least twelve months after the reporting year.

Where there is a breach of a material provision of a long term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the same is classified as current unless the lender agreed, after the reporting year and before the approval of financial statements for issue, not to demand payment as a consequence of the breach.

Trade and other payable

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid at the year end. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting year. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts, interest rate swaps and forward commodity contracts to hedge its foreign currency risks, interest rate risks and commodity price risks respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined and the amount recognised less cumulative amortisation.

e INVENTORIES

Inventories are measured at the lower of cost and net realisable value after providing for obsolescence, if any, except for Stock-in-Trade [which are measured at Fair value] and Realisable by-products [which are measured at net realisable value]. The cost of inventories is determined using the weighted average method and includes expenditure incurred in acquiring inventories, production or conversion and other costs incurred in bringing them to their respective present location and condition. In the case of manufactured inventories and work in progress, cost includes an appropriate share of production overheads based on normal operating capacity. The comparison of cost and Net Realisable value is made on an item by item basis.

Net realisable value is estimated selling price in the ordinary course of business, less estimated cost of completion and the estimated costs necessary to make the sale. The net realisable value of work in progress is determined with reference to selling prices of finished products.

f CASH AND CASH EQUIVALENT

For the purpose of presentation in the statement of the cash flows, cash and cash equivalent includes the cash on hand, deposits held at call with financial institutions other short term, highly liquid investments with original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

g CONTRIBUTED EQUITY

Equity shares are classified as equity. Incidental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

h Dividends

Annual dividend distribution to the shareholders is recognised as a liability in the period in which the dividends are approved by the shareholders. Any interim dividend paid is recognised on approval by Board of Directors. Dividend payable and corresponding tax on dividend distribution is recognised directly in other equity.

i Earnings per share

(i) Basic earnings per share

Basic earnings per shares is calculated by dividing Profit/(Loss) attributable to equity holders (adjusted for amounts directly charged to Reserves) before/after Exceptional Items (net of tax) by Weighted average number of Equity shares, (excluding treasury shares).

(ii) Diluted earnings per share

Diluted earnings per shares is calculated by dividing Profit/(Loss) attributable to equity holders (adjusted for amounts directly charged to Reserves) before/after Exceptional Items (net of tax) by Weighted average number of Equity shares (excluding treasury shares) considered for basic earning per shares including dilutive potential Equity shares.

j FOREIGN CURRENCY

(i) Foreign currency transactions

Transactions in foreign currencies are translated into the functional currencies of the Company at the exchange rate prevailing at the date of the transactions. Monetary assets (other than investments in companies registered outside India) and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date.

Investments in companies registered outside India are converted at rate prevailing at the date of acquisition. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are not translated.

Difference on account of changes in foreign currency are generally charged to the statement of profit & loss except the following:

The Company has availed the exemption available under Para D13AA of Ind AS - 101 of "First time adoption of Indian Accounting Standards". Accordingly, exchange gains and losses on foreign currency borrowings taken prior to April 1, 2016 which are related to the acquisition or construction of qualifying assets are adjusted in the carrying cost of such asset.

k Revenue recognition

The Company derives revenues primarily from sale of manufactured goods, traded goods and related services. The Company also derives revenue from power generation through wind energy.

(i) Sale of Goods/ Services

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services. Generally, control is transfer upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Ruchi Soya Industries Limited

Annexure - V

Basis of preparation and significant accounting policies to the Restated Standalone financial information

Revenue from rendering of services is recognised over the time by measuring the progress towards complete satisfaction of performance obligations at the reporting period.

Revenue is measured at the amount of consideration which the Company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and receivable is recognized when it becomes unconditional.

The Company does not have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and claims, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract balances

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Company performs under the contract.

(ii) Other Operating Revenue

Income from sale of wind power is recognised on the basis of units wheeled during the period. Incomes from carbon credits are recognised on credit of Carbon Emission Reduction (CER) by the approving authority in the manner in which it is unconditionally available to the generating Company.

(iii) Other Income

Other income is comprised primarily of interest income, dividend income, gain/loss on investments and gain/loss on foreign exchange and on translation of other assets and liabilities. Interest income is recognized using the effective interest method. Claims for export incentives/ duty drawbacks, duty refunds and insurance are accounted when the right to receive payment is established. Incentives on exports and other Government incentives related to operations are recognised in the statement of profit or loss after due consideration of certainty of utilization/receipt of such incentives.

I GOVERNMENT GRANTS

- (i)** Grants from the Government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all the attached conditions.
- (ii)** Government grant relating to purchase of Property, Plant and Equipment are included in "Other current/ non-current liabilities" as Government Grant - Deferred Income and are credited to Profit or loss on a straight line basis over the expected life of the related asset and presented within "Other operating Income".

m EMPLOYEE BENEFITS

(i) During Employment benefits

(a) Short term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(ii) Post Employment benefits

(a) Defined contribution plans

A defined contribution plan is a post employment benefit plan under which a Company pays fixed contribution into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards government administered Provident Fund scheme.

Obligations for contributions to defined contribution plans are expensed as the related service is provided. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

(b) Defined benefit plans

The Company pays gratuity to the employees who have completed five years of service with the company at the time when employee leaves the Company.

The gratuity liability amount is contributed to the approved gratuity fund formed exclusively for gratuity payment to the employees.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the periods during which the benefit is expected to be derived from employees' services.

Re-measurement of defined benefit plans in respect of post employment are charged to Other Comprehensive Income.

(c) Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date or when an employee accepts voluntary redundancy in exchange for these benefits. In case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than twelve months after the end of reporting year are discounted to the present value.

n INCOME TAXES

Income tax expense comprises current and deferred tax. Tax is recognised in statement of profit and loss, except to the extent that it relates to items recognised in the other comprehensive income or in equity. In which case, the tax is also recognised in the other comprehensive income or in equity.

(i) Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or subsequently enacted at the Balance sheet date.

Current tax assets and liabilities are offset only if, the Company:

- a) has a legally enforceable right to set off the recognised amounts; and
- b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current tax provision is computed for income calculated after considering allowances and exemptions under the provisions of the applicable Income Tax Laws. Current tax assets and current tax liabilities are off set, and presented as net.

(ii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the year in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have enacted or substantively enacted by the end of the reporting year. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting year. Deferred tax is recognised to the extent that it is probable that future taxable profit will be available against which they can be used.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable Company.

o BORROWING COSTS

General and specific Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of that asset till the date it is ready for its intended use or sale. Other borrowing costs are recognised as an expense in the year in which they are incurred.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing cost eligible for capitalisation. All other borrowing costs are charged to the statement of profit and loss for the year for which they are incurred.

p LEASES

The Company, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

q Non- Current assets held for sale:

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when a sale is highly probable from the date of classification, management are committed to the sale and the asset is available for immediate sale in its present condition. Non-current assets are classified as held for sale from the date these conditions are met and are measured at the lower of carrying amount and fair value less cost to sell. Any resulting impairment loss is recognised in the Statements of Profit and Loss as a separate line item. On classification as held for sale, the assets are no longer depreciated. Assets and liabilities classified as held for sale are presented separately as current items in the Balance Sheet.

r Provisions and contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event. It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using equivalent period government securities interest rate. Unwinding of the discount is recognised in the statement of profit and loss as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements.

Contingent assets are not recognised. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

s Segment reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's chief operating decision maker to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the chief operating decision maker evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

t Biological Assets

Biological Assets are measured at fair value less costs to sell, with any changes therein recognised in the Statement of Profit & Loss.

u Fair value measurement:

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a) In the principal market for the asset or liability, or
- b) In the absence of a principal market, in the most advantageous market for the asset or liability.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy.

v Business Combination and Goodwill/Capital Reserve:

The Company uses the pooling of interest method of accounting to account for common control business combination and acquisition method of accounting to account for other business combinations.

The acquisition date is the date on which control is transferred to the acquirer. Judgement is applied in determining the acquisition date and determining whether control is transferred from one party to another. Control exists when the Company is exposed to, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through power over the entity. In assessing control, potential voting rights are considered only if the rights are substantive.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Company re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the re-assessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in Other Comprehensive Income (OCI) and accumulated in other equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in other equity as capital reserve, without routing the same through OCI.

Consideration transferred includes the fair values of the assets transferred, liabilities incurred by the Company to the previous owners of the acquiree, and equity interests issued by the Company. Consideration transferred also includes the fair value of any contingent consideration. Consideration transferred does not include amounts related to the settlement of pre-existing relationships. Any goodwill that arises on account of such business combination is tested annually for impairment.

In case of Pooling of interest method of accounting, the assets and liabilities of the combining entities recognises at their carrying amounts. No adjustment is made to reflect the fair value or recognise any new assets and liabilities. The financial information in the financial statements in respect of prior periods restates as if the business combination had occurred from the beginning of the preceding period. The difference, if any, between the amount recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and presented separately from other capital reserves.

Valuation of stock options

The fair value of stock options granted during the period has been measured using the Black-Scholes option pricing model at the date of the grant. The Black-Scholes option pricing model includes assumptions regarding dividend yields, expected volatility, expected terms and risk free interest rates. The key inputs and assumptions used are as follows:

Share price: The closing price on NSE as on the date of grant has been considered for valuing the options granted.

Exercise Price: Exercise Price is the price as determined by the Remuneration and Compensation Committee.

Expected Volatility: The historical volatility of the stock till the date of grant has been considered to calculate the fair value of the options.

Expected Option Life: Expected Life of option is the period for which the Company expects the options to be live.

Expected dividends: Expected dividend assumed to be 8 % paid each year

Risk free interest rate: The risk free interest rate on the date of grant considered for the calculation is the interest rate applicable for a maturity equal to the expected life of the options based on the yield curve for Government bonds.

These assumptions reflect management's best estimates, but these assumptions involve inherent market uncertainties based on market conditions generally outside of the Company's control. As a result, if other assumptions had been used in the current period, stock-based compensation expense could have been materially impacted. Further, if management uses different assumptions in future periods, stock based compensation expense could be materially impacted in future years. The estimated fair value of stock options is charged to income on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was, in-substance, multiple awards. The weighted average inputs used in computing the fair value of options granted were as follows:

(iii) Securities Premium Account

Securities Premium account is created on recording of premium on issue of shares. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.

(iv) General Reserve

The same is Created out of Surplus profits transferred as per the provisions of the Act, it is utilised as per provisions of the Act.

(v) Business Development Reserve

(a) The Hon'ble High Court of judicature of Mumbai, had approved u/s. 391-394 the Scheme of Amalgamation and Arrangement of 'Mac Oil Palm Limited' with Ruchi Soya Industries Limited and its shareholders, which was effective from April 1, 2009.

(b) Pursuant to the Scheme referred to in (a) above, the Company had, in an earlier year, created Business Development Reserve from the balance standing to the credit of General Reserve & Securities Premium Account.
 In terms of the Scheme, as and when deemed fit by the Board, the said Business Development Reserve is available for adjusting various expenses, including advertisement, sales promotion, development of brands, research and development activities, provision / write off of doubtful debtors/current assets/loans and advances, additional depreciation necessitated by revaluation of fixed assets and expenses of amalgamation including expenses of the Transferor Company i.e. Mac Oil Palm Limited, incurred on or after 1st April 2009, after adjusting for any tax effects, both current and deferred tax thereon.

(c) For amounts debited during previous year to Business Development Reserve in accordance with the said Scheme. Refer Note 12(E).

(d) Had the Scheme, approved by the Hon'ble High Court, not prescribed the accounting treatment as described in (b) above,

i) the Company would have been required to:

Credit an amount of ₹ 36,157.70/- Lakh to Revaluation Reserve instead of the Business Development Reserve and Debit the additional charges as mentioned above in Note 12 (E).

ii) As a cumulative impact of the treatment described in para (i) above, the accumulated balance in the General Reserve and Securities Premium account as at March 31, 2019 would have been higher by ₹ 5,193.54/- Lakh and ₹ 23,842.30/- Lakh respectively. The accumulated balance in the Statement of Profit and Loss as at March 31, 2019 would have been lower by ₹ 43,701.06/- Lakh, the balance in Revaluation Reserve would have been higher by ₹ 14,665.23/- Lakh and the balance in Business Development Reserve would have been ₹ Nil.

However, the aggregate balance in Reserves and Surplus as at March 31, 2019 would have remained the same.

(vi) Capital Reserve

Capital Reserve amounting to ₹ 15,662.53 Lakh was created on :

a) amalgamation with Palm tech India Ltd by ₹ 1,087.07 Lakh, and

b) On 3,53,25,000 share warrants issued in an earlier year on preferential basis by ₹ 2,241.69 Lakh. Holders of 64,00,000 warrants exercised the option and were allotted equity shares. Holders of balance 2,89,25,000 warrants did not exercise their option which was lapsed, on expiry on 18 months from the date of issue of warrants. Consequently, the amount of ₹ 2,241.69 Lakh paid by these warrant holders were forfeited and transferred to capital reserve.

c) ₹ 12,333.78 Lakh arising pursuant to amalgamation of Patanjali Consortium Adhigrahan Private Limited, a special purpose vehicle with and into the Company. [Refer Note 32(g)]

(vii) Equity Instruments through Other Comprehensive Income

The company has elected to recognise changes in fair value of certain class of investments in other comprehensive income. These fair value changes are accumulated within this reserve and shall be adjusted on derecognition of investment.

(viii) Retained Earnings

The same is created out of profits over the years and shall be utilised as per the provisions of the Act.

Note:

- (i) There are no amounts due for payment to the Investor Education and Protection Fund under Section 125 of the Companies Act, 2013 as at the year end.
- (ii) Includes ₹ 10,064.58 Lakh payable to DBS Bank Limited and ₹ 2,918.47 Lakh payable to ICICI Bank Limited pursuant to on-going case at Hon'ble Supreme Court which are mentioned below.
DBS Bank: DBS Bank. had filed an application before Hon'ble National Company Law Tribunal, Mumbai ("NCLT") seeking a prayer to set-aside the decision of Committee of Creditors of the Company to the extent of the distribution of proceeds of the Resolution Plan and to restrain the Resolution Applicant from distributing the proceeds of the Resolution Plan. NCLT ordered against DBS Bank by dismissing the application. NCLT order was challenged before the Hon'ble National Company Law Appellate Tribunal ("NCLAT") and NCLAT dismissed the appeal. NCLAT order has now been challenged before Supreme Court by DBS Bank. Since, there was no stay or order against the distribution of proceeds of Resolution Plan, the proceeds have been distributed in terms of Escrow Agreement and the Resolution Plan has been successfully implemented. There is no further liability of the Company or the Resolution Applicant towards DBS Bank.
ICICI Bank: The erstwhile Resolution Professional, Mr. Shailendra Ajmera, had filed an application before Hon'ble National Company Law Tribunal, Mumbai ("NCLT") seeking a prayer to reverse the preferential transactions undertaken by ICICI Bank Limited. NCLT vide its order dated 12.03.2019 directed ICICI Bank Limited to reverse the said transactions and deposit in the bank account of the Company, the amount withdrawn in such preferential transactions. ICICI Bank Limited had subsequently challenged the order of NCLT before National Company Law Appellate Tribunal ("NCLAT"). NCLAT passed the order in favour of ICICI Bank Limited by setting aside the order of NCLT. NCLAT order has now been challenged by the erstwhile Resolution Professional before Supreme Court which is still pending. The Company had filed an application before the Supreme Court seeking substitution of Resolution Professional of the Company with Ruchi Soya Industries Limited since the corporate insolvency resolution process has been completed. The said application has been allowed by the Supreme Court and RSIL is now the Appellant.
Liability against CIRP Payables is amount payable to financial and operational creditors is kept in separate escrow accounts. As per escrow agreement any amount unpaid in this Account is deemed to be utilised and the Company has no right, title and claim on the same.
- (iii) Pursuant to the Resolution Plan, liabilities related to foreign financial and operational creditors are partially/fully extinguished. Accordingly approval application for the same is filed in RBI.
- (iv) Other financial liabilities include ₹ 32.04 Lakh [Previous Year March, 2020 ₹ 11.34 Lakh, March, 2019 ₹ 33.49 Lakh and March, 2018 ₹ 23.85 Lakh] due to Related parties. [Refer Note 39]
- (v) As the Company has not been able to make the scheduled Exports as per the agreement, these customer advances are now repayable and hence are classified as financial liability. Interest on this had been provided till 15th December, 2017. Debit balance of one of the customer amounting to ₹ 15,859.06/- Lakh against export is net off against the same.

The Company contributes to the following post-employment defined benefit plans in India.

A. Defined Contribution Plans:

The Company has certain defined contribution plans. Contributions are made to provident fund in India for employees at the specified rate as per regulations. The contributions are made to registered provident fund administered by the Government of India. The obligation of the Company is limited to the amount contributed and it Company has no further contractual, or any constructive obligation. The Company has recognised ₹ 551.94 Lakh [Previous Year March, 2020 ₹ 768.84 Lakh, March, 2019 ₹ 670.39 Lakh and March, 2018 ₹ 687.85 Lakh] towards contribution to Provident Fund and ₹ 42.43 Lakh [Previous Year March, 2020 ₹ 85.25 Lakh, March, 2019 ₹ 122.03 Lakh and March, 2018 ₹ 124.33 Lakh] towards Employee State Insurance in Profit and Loss account.

B. Defined Benefit Plan:

a) Gratuity

Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination/resignation is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number completed years of service. The gratuity plan is a funded plan and Company makes annual contributions to the Group Gratuity cum Life Assurance Schemes administered by the LIC of India, a funded defined benefit plan for qualifying employees.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at December 31, 2020. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

b) Leave Obligations

The leave obligations cover the Company's liability for casual, sick & earned leave. The amount of the provision is presented as current, since the Company does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and the amounts recognised in the Company's financial statements as at balance sheet date:

ii. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

Particulars	December 31, 2020		March 31, 2020		March 31, 2019		March 31, 2018	
	Increase	Decrease	Increase	Decrease	Increase	Decrease	Increase	Decrease

Segment Reporting

A. General Information

(a) Factors used to identify the entity's reportable segments, including the basis of organisation

Based on the criterion as mentioned in Ind-As-108-"Operating Segment", the Company has identified its reportable segments, as follows:

- Segment-1 Seed Extractions
- Segment-2, Vanaspati
- Segment-3, Oils
- Segment-4, Food Products
- Segment-5, Wind Power Generation
- Segment-6, Others

Unallocable - All the segments other than segments identified above are collectively included in this segment.

The Chief Operating Decision Maker ("CODM") evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by operating segments. The CODM reviews revenue and gross profit as the performance indicator for all of the operating segments.

The assets and liabilities that can not be allocated between segments are shown as unallocable assets and liabilities, respectively.

(b) Following are reportable segments

Reportable segment	Description
Extractions	Various types of seed extractions
Vanaspati	Vanaspati, Bakery fats and Table spread
Oils	Crude oils, Refined oils
Food Products	Textured Soya protein and Soya flour
Wind Power Generation	Electricity Generation from Wind Mills

(c) Other Segment

Others	Seeds, Coffee, Soap, Fresh Fruit Bunch, Seedling, Plant and Equipment, Toiletory preparations, Castor seed and Honey.
--------	-----------------------------------------------------------------------------------------------------------------------

By products related to each segment have been included under the respective segment.

Extraction is considered as the primary product resulting from the solvent extraction process and crude oil as the secondary product. While computing segment results, all costs related to solvent extraction process are charged to the extraction segment and recovery on account of crude oil is credited to the said segment. Credit for recovery of crude oil is taken on the basis of average monthly market price.

B. Fair Valuation Techniques used to determine Fair Value

The Company maintains procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

- (i) Fair value of trade receivable, cash and cash equivalents, other bank balances, current borrowings, trade payables, other current financial assets and other current financial liabilities are approximate at their carrying amounts largely due to the short-term maturities of these instruments.
- (ii) The fair values of non-current borrowings are approximate at their carrying amount due to interest bearing features of these instruments.
- (iii) The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.
- (iv) Fair values of quoted financial instruments are derived from quoted market prices in active markets.
- (v) Fair value of forward contract are derived on the basis of mark-to-market as provided by the respective bank.
- (vi) Fair value of open purchase and sale contracts is based on commodity prices listed on NCDEX stock exchange and prices available on Solvent Extractor's association (SEA) along with quotations from brokers and adjustments made for grade and location of commodity and in case of Commodity futures it is based on commodity prices listed on MCX/ NCDX/ACE stock exchange.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows :

Level 1 : Quoted prices / published NAV (unadjusted) in active markets for identical assets or liabilities. It includes fair value of financial instruments traded in active markets and are based on quoted market prices at the balance sheet date and financial instruments like mutual funds for which net assets value (NAV) is published by mutual fund operators at the balance sheet date.

Level 2 : Inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices). It includes fair value of the financial instruments that are not traded in an active market is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on the Company specific estimates. If all significant inputs required to fair value an instrument are observable then instrument is included in level 2.

Level 3 : Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs). If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- (i) Market risk
 - (a) Currency risk;
 - (b) Interest rate risk;
 - (c) Commodity Risk;
 - (d) Equity Risk;
- (ii) Credit risk ; and
- (iii) Liquidity risk ;

Risk management framework

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of risks on its financial performance. The Company's risk management assessment policies and processes are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management of these policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the Audit Committee are responsible for overseeing these policies and processes.

(i) Market risk

Market risk is the risk of changes in the market prices on account of foreign exchange rates, interest rates and Commodity prices, which shall affect the Company's income or the value of its holdings of its financial instruments . The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimising the returns.

(a) Currency risk

The fluctuation in foreign currency exchange rates may have potential impact on the profit and loss account, where any transaction has more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the entity.

Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in U.S. dollar and Euro, against the respective functional currencies (INR) of Ruchi Soya Industries Limited.

The Company, as per its risk management policy, uses foreign exchange and other derivative instruments primarily to hedge foreign exchange and interest rate exposure. The Company does not use derivative financial instruments for trading or speculative purposes.

(b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to market risk for changes in interest rates relates to borrowings from banks and others.

For details of the Company's short-term and long term loans and borrowings, Refer Note 13(a), 13(b), 16(a) and 16(c) of these financial statements.

Interest rate sensitivity - fixed rate instruments

The Company's fixed rate borrowings Preference Shares issued to Patanjali Ayurved Limited @ 0.0001% and Debentures issued to Patanjali Ayurved Limited @ 9% in the year 2019-2020 and Investments into Preference Shares of GHI Energy Private Limited @ 6% in the year 2011-2012 are carried at fair value. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flow will fluctuate because of a change in market interest rates.

Interest rate sensitivity - variable rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased /(decreased) equity and profit or loss by amounts shown below. This analysis assumes that all other variables, in particular, foreign currency exchange rates, remain constant. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date.

(c) Commodity risk

The prices of agricultural commodities are subject to wide fluctuations due to unpredictable factors such as weather, government policies, changes in global demand resulting from population growth and changes in standards of living and global production of similar and competitive crops. During its ordinary course of business, the value of the Company's open sales and purchases commitments and inventory of raw material changes continuously in line with movements in the prices of the underlying commodities. To the extent that its open sales and purchases commitments do not match at the end of each business day, the Company is subjected to price fluctuations in the commodities market.

While the Company is exposed to fluctuations in agricultural commodities prices, its policy is to minimise its risks arising from such fluctuations by hedging its sales either through direct purchases of a similar commodity or through futures contracts on the commodity exchanges.

In the course of hedging its sales either through direct purchases or through futures, the Company may also be exposed to the inherent basis risk associated with having positions in physical as well as in futures market. The Company has in place a risk management policy to minimize such risk exposure.

At the balance sheet date, a 1% increase/decrease of the commodities price indices, with all other variables remaining constant, would result in (decrease)/increase in profit before tax and equity by the amounts as shown below:

Particulars	Profit/(loss)								₹ in Lakh
	December 31, 2020		March 31, 2020		March 31, 2019		March 31, 2018		
	Increase	Decrease	Increase	Decrease	Increase	Decrease	Increase	Decrease	
Effect of (increase) / decrease in prices	0.20	(0.20)	(2.80)	2.80	5.22	(5.22)	(33.32)	33.32	

Assumptions used for calculation

Inventory Commodity price * 1%
 Derivative contract Rate * 1%

To hedge commodity related risk, the open outstanding position of forward/future as on December 31, 2020 is Crude palm oil 12900 MT (Sale), Soya Refind Oil 8505 MT (Sale), Soyabean seed 7025 MT (Buy).

(d) Equity risk

Equity Price Risk is related to the change in market reference price of the investments in equity securities. The fair value of some of the Company's investments in Fair value through Other Comprehensive Income securities exposes the Company to equity price risks. In general, these securities are not held for trading purposes. These investments are subject to changes in the market price of securities. The fair value of equity securities as of December 31, 2020, was ₹ 2,189.34 Lakh [Previous Year March 2020, ₹ 583.33 Lakh, March 2019, ₹ 946.10 Lakh and March 2018, ₹ 1,417.98 Lakh] . A Sensex standard deviation of 13% [Previous Year March 2020, 7%, March 2019, 4% and March 2018, 5%] would result in change in equity prices of securities held as of December 31, 2020 by ₹ 284.61 Lakh.[Previous Year March 2020, ₹ 40.83 Lakh, March 2019, ₹ 37.60 Lakh and March 2018, ₹ 70.90 Lakh]

(ii) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from customer. The Company establishes an allowance for doubtful debts, impairment and expected credit loss that represents its estimate on expected credit loss model.

A. Trade receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

Summary of the Company's exposure to credit risk by age of the outstanding from various customers is as follows:

Particulars	₹ in Lakh	
	As at December 31, 2020	As at March 31, 2020
Agewise trade receivables which are not impaired

Expected credit loss assessment for customers as at December 31, 2020, March 31, 2020, March 31, 2019 and March 31, 2018

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine expected credit losses. Impaired amounts are based on lifetime expected losses based on the best estimate of the management. The impairment loss related to several customers that have defaulted on their payments to the Company and are not expected to be able to pay their outstanding balances.

The movement in the allowance for trade receivables having significant increase in credit risk during the period was as follows.

Notes to the Restated Standalone Financial Information

(B) Explanations to restatement adjustments

- (i) During the year ended March 31, 2019 the auditor report was modified in respect of non-provision for impairment against the refund receivable, as on March 31, 2019, amounting to ₹ 4,259.12 Lakh in respect of financial year 2009-2010 to 2013-14 for Daloda and Gadawara unit towards investment promotional assistance equivalent to 75% of taxes (Commercial Tax / VAT and Central Sales Tax) paid by the Company as per exemption granted in the industrial promotion policy of Madhya Pradesh. However, Madhya Pradesh Trade and Investment Facilitation Corporation, Bhopal rejected the claim and accordingly, appeal was made to the Hon'ble High Court of Madhya Pradesh. During the year ended March 31, 2019, Hon'ble High Court of Madhya Pradesh, Indore bench, rejected the Company's claim vide order dated May 16, 2018. Subsequently, the Company has filed special leave petition before Hon'ble Supreme Court of India for refund of the amount, which has been admitted on August 29, 2018. The said provision for impairment was made during the year ended March 31, 2020, therefore, as required, this provision for impairment is considered during the year ended March 31, 2019 as exceptional item and it is reversed during the year ended March 31, 2020 in the Restated Standalone Financial Information. However, the said qualification does not have any impact on total equity on March 31, 2020 and December 31, 2020.
- (ii) During the year ended March 31, 2018 the auditor report was modified wherein it is stated that trade receivables are higher by ₹ 1,189.24 Lakh as at March 31, 2018 since equivalent amounts of funds remitted by the customer is not credited by bank in Company' accounts. The said amount was received later on, Therefore, the same is reflected correctly now in above Restated Standalone Financial Information.

Note - 46

Non adjusting items

Various audit qualifications included in main Auditor's report, emphasis of matters paragraphs the Auditor's report, remark included in the Annexure to Auditor's report issued under the Companies (Auditor's Report) Order, 2016 on the standalone financial statements for the year ended 31st March, 2018, 2019 and 2020. Pursuant to the approval of the Resolution Plan for the corporate insolvency of the Company, which is implemented from December 18, 2019, new management has taken control of the Company. Impairment testing of tangible and intangible assets has been carried out and there is no need to provide for impairment on such assets, no liability in respect of interest and foreign exchange differences arises to the Company, all the financial and operational creditors has been settled as per approved resolution plan and matter of going concern is also resolved. Therefore these does not require any corrective adjustment in the Restated Standalone Financial Information these are as follows:-

1) Audit qualifications included in main audit report, which does not require any corrective adjustment in the Restated Standalone Financial Information:-

For the year ended March 31, 2018

i) As mentioned in Note no. 47 (ii) to the Restated Standalone Financial Information, no impairment assessment of tangible and intangible assets in carrying value as at March 31, 2018 is made. Therefore, we are unable to comment on consequential impairment, if any, that is required to be made in carrying value of property, plant and equipment and intangible assets.

ii) Attention is drawn to Note no. 47 (iii) to the Restated Standalone Financial Information regarding non-availability of Demat Statement in respect of investments amounting to ₹ 1,417.98 Lakh as at March 31, 2018. Accordingly, we are unable to comment on the possible financial impact, presentation and disclosures, related to those investments.

iii) As mentioned in Note no. 47 (iv) to the Restated Standalone Financial Information:-

In respect of Company's borrowings from banks and financial institutions aggregating ₹ 6,59,929.75 Lakh, bank (current account and term deposits) balances aggregating ₹ 17,882.96 Lakh, bank guarantee given by the Company aggregating to ₹ 2,947.99 Lakh, independent balance confirmations as at March 31, 2018 is not received.

As a part of CIRP, creditors were called upon to submit their claims. In aggregate, claims submitted by the Financial Creditors exceeded the amount as appearing in the books of accounts. The process of submitting claims is still going on and it is also under reconciliations with amount as appearing in the books of accounts. Pending reconciliations and final outcome of the CIRP, no accounting impact in the books of accounts has been made in respect of excess, short, or non-receipts of claims for operational and financial creditors. Hence, consequential impact, if any, on the Standalone financial statements is not currently ascertainable.

iv) Attention is drawn to the Note no. 47 (v) to the Restated Standalone Financial Information:-

(a) Regarding non-recognition of interest amounting to ₹ 34,561.14 Lakh, subsequent to Insolvency Commencement Date i.e. December 15, 2017, on borrowing from banks and financial institutions, customer advances, inter corporate deposits and security deposits received, which is not in compliance with requirements of Ind AS - 23 on "Borrowing Cost" read with Ind AS - 109 on "Financial Instruments".

(b) The Company has not translated foreign currency trade payables, certain trade receivables, borrowings and customer advance as at March 31, 2018 using closing exchange rate having an impact on exchange difference loss of ₹ 1,926.86 Lakh. The same is not in compliance with Ind AS - 21 on "The Effects of Changes in Foreign Exchange Rates".

(c) Had provision for interest and exchange difference would be recognised, finance cost, total expenses, loss for the year and total comprehensive income would have been higher by ₹ 36,488.00 Lakh having consequential impact on other current financial liability and other equity.

(v) We have been informed by Resolution Professional that certain information including the minutes of meetings of the Committee of Creditors and the outcome of certain procedures carried out as a part of the CIRP are confidential in nature and could not be shared with anyone other than the Committee of Creditors and NCLT. Accordingly, we are unable to comment on the possible financial impact, presentation and disclosures, if any, that may arise if we have been provided access to those information.

For the year ended March 31, 2019

(i) For the reasons mentioned in Note no. 48 (ii) to the Restated Standalone Financial Information, the Company continues not to assess impairment of carrying value of tangible assets, capital work in progress and intangible assets in accordance with requirements of Indian Accounting Standard 36 on "Impairment of Assets". We are unable to obtain sufficient appropriate audit evidence about the recoverable amount of the Company's tangible assets, capital work in progress and intangible assets. Consequently, we are unable to determine whether any adjustments to carrying value are necessary and consequential impacts on the standalone financial statements.

(ii) Attention is drawn to the Note no. 48 (iii) to the Restated Standalone Financial Information, regarding non-availability of Demat Statement in respect of investments amounting to ₹ 946.10 Lakh as at March 31, 2019. Accordingly, we are unable to comment on the possible financial impact, presentation and disclosures, related to those investments.

(iii) As mentioned in Note no. 48 (iv) to the Restated Standalone Financial Information:-

In respect of Company's borrowings from banks and financial institutions aggregating ₹ 2,74,114.55 Lakh and bank (current account and term deposits) balances aggregating ₹ 1,908.44 Lakh, balance confirmations as at March 31, 2019 are not received. In cases, where the confirmations are received in respect of borrowings, there are differences between books of accounts and confirmations received mainly due to charging of interest by bank and financial institutions in their confirmations/statement and non-recognition of the same by the Company in its books of accounts subsequent to insolvency commencement date i.e. December 15, 2017.

In accordance with the Insolvency and Bankruptcy Code ("Code"), the Resolution Professional ("RP") has to receive, collate and admit the claims submitted by the creditors as a part of Corporate Insolvency Process ("CIRP"). Such claims can be submitted to the RP till the approval of the resolution plan by the CoC. As mentioned in Note no. 48 (i) of the standalone financial statements, the RP has filed an application before the Hon'ble NCLT for the Resolution Plan approval. Pending final outcome of the CIRP, no accounting impact in the books of accounts has been made in respect of excess, short, or non-receipts of claims for operational and financial creditors. Hence, consequential impact, if any, is currently not ascertainable and we are unable to comment on possible financial impacts of the same.

(iv) Attention is drawn to the Note no. 48 (v) to the Restated Standalone Financial Information:-

a) Regarding non-recognition of interest on borrowing from banks and financial institutions, customer advance, inter corporate deposits and security deposits received and bank charges on borrowing from banks and financial institutions subsequent to insolvency commencement date i.e. December 15, 2017, amounting to ₹ 34,561.14 Lakh for the year ended March 31, 2018 and ₹ 1,56,848.90 Lakh for the year ended March 31, 2019. Interest aggregating to ₹ 1,91,410.04 Lakh has not been recognised till date. The same is not in compliance with requirements of Ind AS - 23 on "Borrowing Cost" read with Ind AS - 109 on "Financial Instruments".

b) The Company has not translated certain foreign currency trade payables, trade receivables and borrowings as at March 31, 2019 using closing exchange rate having an impact on exchange difference loss of ₹ 2,356.13 Lakh for the year ended March 31, 2019 (for the year ended March 31, 2018 is loss of ₹ 1,926.86 Lakh). Cumulative foreign exchange difference loss of ₹ 4,282.99 Lakh till date. The same is not in compliance with Ind AS - 21 on "The Effects of Changes in Foreign Exchange Rates".

c) Had provision for interest, bank charges and exchange difference been recognised, finance cost and total expenses, would have been higher while profit and total comprehensive income for year ended would have been lower by aggregate amount as mentioned above, having consequential impact on other current financial liability and other equity.

(v) We have been informed by Resolution Professional that certain information including the minutes of meetings of the Committee of Creditors and the outcome of certain procedures carried out as a part of the CIRP are confidential in nature and could not be shared with anyone other than the Committee of Creditors and NCLT. Further, we were informed that the Committee of Creditors has approved the resolution plan and is filed with Hon'ble NCLT. However, the detailed resolution plan (including the salient features, consideration agreed, terms and conditions etc.) has not been made available for our review. In the opinion of the RP, the matter is highly sensitive and confidential. Accordingly, we are unable to comment on the possible adjustments required in the carrying amount of assets and liabilities, possible presentation and disclosure impacts, if any, that may arise if we have been provided access to review of that information.

2) Emphasis of Matters paragraph in Auditor's report, which does not require any corrective adjustment in the Restated Standalone Financial Information:

For the year ended March 31, 2018

i) Going Concern

We draw attention to the Note no. 47 (vi) to the Restated Standalone Financial Information, regarding preparation of Standalone financial statements on going concern basis, which states that the Company has incurred cash losses, its liabilities exceeded total assets and its net worth has been fully eroded as on March 31, 2018. In view of the continuing default in payment of dues, certain lenders have sent notices/letters recalling their loans given and called upon the Company to pay entire dues and other liability, receipt of invocation notices of corporate guarantees given by the Company, while also invoking the personal guarantee of promoter director. Few of the lenders also issued willful defaulter notices and filed petition for winding up of the Company. Capacity utilization of manufacturing processing facilities is very low and Corporate Insolvency Process against the Company is in process. Since the CIRP is currently in progress, as per the Code, it is required that the Company be managed as a going concern during the CIRP. The Standalone financial Statements is continued to be prepared on going concern basis. However there exists material uncertainty about the Company's ability to continue as going concern since the same is dependent upon the resolution plan to be formulated and approved by NCLT. The appropriateness of preparation of Standalone Financial Statements on going concern basis is critically dependent upon CIRP as specified in the Code.

ii) Attention is drawn to the Note no. 33 (c) (ii) (a) to the Restated Standalone Financial Information regarding impounding of three plants at Kandla Gujarat i.e. Edible Oil Refinery, Oleochem Division and Gurgum Division by the Gujarat Commercial Tax Department against their VAT claim of ₹ 40,519.43 Lakh.

Note - 47

For the year ended March 31, 2018

(i) The National Company Law Tribunal ("NCLT"), Mumbai Bench, vide order dated on December 15, 2017 ("Insolvency Commencement Date") has initiated Corporate Insolvency Resolution Process ("CIRP") u/s 7 of the Insolvency and Bankruptcy Code, 2016 ("the Code") based on application filed by Standard Chartered Bank and DBS Bank Ltd, financial creditors of the Company. Mr. Shailendra Ajmera IP Registration No. IBBI/IPA-001/IP-P00304/2017-18/10568 was appointed as Interim Resolution Professional ("IRP") to manage affairs of the Company in accordance with the provisions of Code. In the first meeting of Committee of Creditors ("CoC") held on January 12, 2018, Mr. Shailendra Ajmera had been confirmed as Resolution Professional ("RP") for the Company. As per section 134 of the Companies Act, 2013, the financial statements of the Company are required to be authenticated by the Chairperson of the Board of Directors, where authorised by the Board or at least two directors, of which one shall be managing director or the CEO (being a director), the CFO and Company Secretary where they are appointed. Pursuant to the NCLT order for commencement of the CIRP and in line with the provisions of the Code, the powers of the Board of Directors stand suspended and be exercised by IRP / RP. These Standalone Financial Statement for the year ended March 31, 2018 have been prepared by the management of the Company and certified by Mr. Anil Singhal, Chief Financial Officer ("CFO") and Mr. Ramjilal Gupta, Company Secretary ("CS"). While these financial statement pertain to the year ended March 31, 2018, the RP has not received any certification, representation, undertaking or statement from the erstwhile Managing Director or any other Directors (the power of Board of Directors stands suspended in accordance with the Code) for the period prior to commencement of the Corporate Insolvency Resolution Process ("CIRP") i.e. prior to December 15, 2017 ("Insolvency Commencement Date"). Consequently, the RP is not in a position to certify on its own the truthfulness, fairness, accuracy or completeness of the financial statements prepared for such period during the financial year of 2017-18 that is prior to insolvency commencement date.

This financial statement were placed before the RP, the CFO and the Company Secretary on June 07, 2018 for their consideration. Accordingly, the audited financial statement were considered and recommended in the meeting. In view thereof, the RP, in reliance of such examination by and the representations, clarifications and explanations provided by the CFO, has approved the same. The CFO has provided the certifications and representations with responsibility in respect of various secretarial, compliance and board matters pertaining to the period prior to Insolvency Commencement Date.

The RP has approved these financial Statement only to the limited extent of discharging the powers of the Board of Directors of the Company (suspended during CIRP) which has been conferred upon him in terms of provisions of Section 17 of the Code.

(ii) The carrying value of tangible assets (including capital work in progress of ₹ 2,812.25 Lakh) and intangible assets as at March 31, 2018 is ₹ 3,87,337.51 Lakh and ₹ 1,51,634.33 Lakh, respectively. As explained in Note no. 47 (i) above the Company is under CIRP and the RP is required to invite submission of resolution plans from potential resolution applicants, which shall be put up for necessary approvals before the Committee of Creditor ("CoC") and the NCLT. The CIRP is not yet concluded and hence, the final outcome is yet to be ascertained. The company has not taken into consideration any impact on the value of the tangible and intangible assets, if any, in preparation of Financial Statements as required by Ind-AS 10 on "Events after the reporting period". Further, the Company has also not made full assessment of impairment as required by Ind AS 36 on Impairment of Assets, if any, as at March 31, 2018 in the value of tangible and intangible assets.

(iii) The Demat Statement as at March 31, 2018 which is evidence of ownership for certain investments amounting to ₹ 1,417.98 Lakh has not been provided by the depository participant.

(iv) In respect of Company's borrowings from banks and financial institutions aggregating ₹ 1,78,660.55 Lakh, bank balances (current account and term deposits) aggregating ₹ 1,343.39 Lakh, balance confirmations as at March 31, 2018 has not been received by the Company. In accordance with the Code, public announcement was made calling upon the financial creditors and operational creditors of the company to submit their claims with the Interim Resolution Professional ("IRP") by December 29, 2017. In accordance with the Code, the IRP/RP has to receive, collate and admit the claims submitted against the Company. Such claims can be submitted to the IRP/RP during CIRP, till the approval of a resolution plan by the CoC. Pursuant to the claims received on December 29, 2017, the CoC was formed on January 5, 2018, and the list of such creditors was duly notified to the NCLT and uploaded on the company website. Thereafter, there could be regular revisions to the list in view of the claims received and the RP is in the process of receiving, collating, verifying, seeking clarifications, sending communications for unreconciled balance, seeking additional documents to substantiate whole or part of the unreconciled balances on such claims.

In respect of claims submitted by the financial creditors as on December 15, 2017, the same is exceeding amount appearing in the books of accounts. To the extent the process for submission and reconciliation of claims as on the Insolvency Commencement Date remains an on-going process, no accounting impact in the books of accounts has been made in respect of excess, short or non-receipts of claims for operational and financial creditors.

(v) The Company has not recognised interest payable, after the insolvency commencement date i.e. December 15, 2017, on borrowings from banks and financial institutions, customer advance, inter corporate deposits received and security deposits amounting to ₹ 34,561.14 Lakh. The same is not in compliance with Ind AS - 23 on "Borrowing Cost" read with Ind AS - 109 on "Financial Instruments".

In respect of trade payables, customers advances, certain trade receivables and borrowings denominated and payables/receivables in foreign currency and outstanding at insolvency commencement date i.e. December 15, 2017 and which are continued to remain outstanding as at March 31, 2018 are not restated at foreign currency closing rate as at March 31, 2018 having an impact on exchange difference loss (net) of ₹ 1,926.86 Lakh. The same is not in compliance with Ind AS - 21 on "The Effects of Changes in Foreign Exchange Rates" that requires foreign currency monetary items shall be translated using the closing rate.

Had provision for interest and exchange difference would be recognised, finance cost, total expenses, loss for the year and total comprehensive income would have been higher by ₹ 36,488.00 Lakh having consequential impact on other current financial liability and other equity.

Ruchi Soya Industries Limited
Annexure - VI
Notes to the Restated Standalone Financial Information

(vi) The Company has incurred losses, its liabilities exceeded total assets and its net worth has been fully eroded as at March 31, 2018. In view of the continuing default in payment of dues, certain lenders have sent notices/letters recalling their loans given and called upon the Company to pay entire dues and other liabilities, receipt of invocation notices of corporate guarantees given by the Company, while also invoking the personal guarantee of Promoter Directors. Certain lenders have also issued wilful defaulter notices and filed petition for winding up of the Company.

As mentioned in Note no. 47 (i), the honourable NCLT has admitted a petition to initiate insolvency proceeding against the Company under the Code. As per the Code, it is required that the Company be managed as a going concern during the CIRP. Further, under the CIRP, a resolution plan needs to be presented to and approved by the CoC, post which it will need to be approved by the NCLT to keep the Company as a going concern. Currently, the RP is in process of evaluating the resolution plans received from potential resolution applicants.

The future prospects of the Company would be determined on the completion of CIRP. Hence, in view of the above facts and continuing operations of the Company, the financial statement have been prepared on a going concern basis.

(vii) The Company had given corporate financial guarantees to the lenders of Ruchi Worldwide Limited, a subsidiary. This subsidiary defaulted in repayment of their loan obligations and lenders have invoked corporate guarantees and initiated recovery of outstanding dues. The Company has received claim aggregating to ₹ 47,500.00 Lakh from lenders on account of invocation of guarantees. The Company has assessed the changes in risk/expected cash shortfall to determine expected credit loss allowance to be recognised in respect of these financial guarantees, as a result total provision towards financial guarantee obligation amounting to ₹ 10,489.64 Lakh has been made for the year ended March 31, 2018.

Note - 48
For the year ended March 31, 2019

(i) The National Company Law Tribunal ("NCLT"), Mumbai Bench, vide its order dated December 15, 2017 ("Insolvency Commencement Date") ("NCLT order") admitted company petition nos. 1371&1372/I&BP/NCLT/MAH/2017 ("Company petition"), filed by Standard Chartered Bank and DBS Bank Ltd. for initiation of the Corporate Insolvency Resolution Process ("CIRP") of the Company, u/s 7 of the Insolvency and Bankruptcy Code, 2016 ("the Code"). Vide the NCLT order, the moratorium under Section 14 of the Code came into the effect and Mr. Shailendra Ajmera, with IP Registration No. IBBI/IPA-001/IP-P00304/2017-18/10568 was appointed as Interim Resolution Professional ("IRP") to, inter alia manage the affairs of the Company in accordance with the provisions of the Code.

In the first meeting of the Committee of Creditors ("CoC") held on January 12, 2018, Mr. Shailendra Ajmera was confirmed as the Resolution Professional ("RP") for the Company. Pursuant to the NCLT Order, the powers of the Board of Directors of the Company stood suspended and they were vested in the IRP / RP. By an order dated June 08, 2018 the NCLT extended the CIRP time period by 90 more days with effect from June 12, 2018.

The RP filed a Miscellaneous Application 926/2018 ("MA 926/2018") under Section 30(6) of the Code before the Hon'ble NCLT for its consideration of the resolution plan as approved by the CoC by e-voting concluded on August 23, 2018. The Hon'ble Supreme Court of India, by its order dated January 31, 2019 in Civil Appeal no. 8430 of 2018 ("SC Order"), directed re-consideration of all resolution plans afresh by the CoC. In light of the SC order, the Hon'ble NCLT vide order dated February 07, 2019 dismissed the M.A. 926/2018 as withdrawn.

The CoC, in accordance with the directions of the Hon'ble Supreme Court of India, considered the resolution plans as submitted before it afresh. After due deliberations, the CoC approved the resolution plan submitted by the consortium of Patanjali Ayurved Limited, Divya Yog Mandir Trust (through its business undertaking, Divya Pharmacy), Patanjali Parivahan Private Limited and Patanjali Gramudhyog Nyas ("PAL Resolution Plan"), by e-voting concluded on April 30, 2019.

The RP filed an application bearing MA No. 1721 of 2019 in the Company Petition under Section 30(6) of the Code before the Hon'ble NCLT for its consideration and approval of the PAL Resolution Plan. The same is pending for approval.

In terms of Sections 14(4) and 31(3) of the Code, until the resolution plan is approved by the Hon'ble NCLT, the moratorium shall continue to be in effect and accordingly, the RP shall, continue to manage operations of the Company on a going concern basis during the CIRP.

These financial statements were placed before the RP, the CFO and the Company Secretary on May 29, 2019 for their consideration. Accordingly, the financial statements were considered and recommended in the meeting. In view thereof, the RP, in reliance of such examination by and the representations, clarifications and explanations provided by the CFO, has approved the same. The CFO has provided the certifications and representations with responsibility in respect of various secretarial, compliance and broad matters pertaining to the period prior to Insolvency Commencement Date. The Resolution Professional is relying on the management representation letter dated May 29, 2019 for all information and confirmations in relation to the day to day functioning of the Company.

The RP has approved these financial statements only to the limited extent of discharging the powers of the Board of Directors of the Company (suspended during CIRP) which has been conferred upon him in terms of provisions of Section 17 of the Code.

(ii) The carrying value of tangible assets (including capital work in progress of ₹ 2,691.30 Lakh) and intangible assets as at March 31, 2019 is ₹ 3,73,856.97 Lakh and ₹ 1,51,589.30 Lakh, respectively. As explained in Note no. 48 (i) above, the Company is under CIRP. As such, the Company has not taken into consideration any impact on the value of the tangible and intangible assets, if any, in preparation of Financial statements as required by Ind-AS 10 on "Events after the reporting period". Further, the Company has also not made full assessment of impairment as required by Ind AS 36 on Impairment of Assets, if any, as at March 31, 2019 in the value of tangible and intangible assets.

(iii) The Demat Statement as at March 31, 2019 which is evidence of ownership for certain investments amounting to ₹ 946.10 Lakh has not been provided by the depository participant.

(iv) In respect of Company's borrowings from banks and financial institutions aggregating ₹ 2,74,114.55 Lakh, bank balances (current account and term deposits) aggregating ₹ 1,908.44 Lakh, balance confirmations as at March 31, 2019 has not been received by the Company. In accordance with the Code, the IRP/RP has to receive, collate and admit the claims submitted against the Company. Such claims can be submitted to the IRP/RP during CIRP, till the approval of a resolution plan by the CoC. Pursuant to the claims received on December 29, 2017, the CoC was formed on January 05, 2018, and the list of such creditors was duly notified to the NCLT and uploaded on the company website.

In respect of claims submitted as on December 15, 2017, the RP has admitted financial and operational creditor claims in the list of creditors filed with the NCLT dated April 26, 2019. No accounting impact in the books of accounts has been made in respect of excess, short or non-receipts of claims for the financial and operational creditors.

(v) The Company has not recognised interest payable, after the insolvency commencement date i.e. December 15, 2017, on borrowings from banks and financial institutions, customer advance, inter corporate deposits and security deposits received and bank charges on borrowing from banks and financial institutions. Accordingly, interest and bank charges amounting to ₹ 1,56,848.90 Lakh for the year ended March 31, 2019, has not been recognised (₹ 34,561.14 Lakh for the year ended March 31, 2018). Cumulative interest till March 31, 2019 is ₹ 1,91,410.04 Lakh. The same is not in compliance with Ind AS - 23 on "Borrowing Cost" read with Ind AS - 109 on "Financial Instruments".

Certain trade payables, trade receivables and borrowings denominated in foreign currency and outstanding at insolvency commencement date i.e. December 15, 2017 and which continue to remain outstanding as at March 31, 2019, impact of exchange difference i.e. loss of ₹ 2,356.13 Lakh for year ended 31 March 2019 on the same is not recognised (Loss of ₹ 1,926.86 Lakh for the year ended March 31, 2018). Cumulative foreign exchange difference loss is ₹ 4,282.99 Lakh till March 31, 2019. The same is not in compliance with Ind AS - 21 on "The Effects of Changes in Foreign Exchange Rates" that requires foreign currency monetary items shall be translated using the closing rate.

Had provision for interest, exchange difference and bank charges would be recognised, finance cost and total expenses would have been higher and profit for the year and total comprehensive income would have been lower by equivalent amount as mentioned above having consequential impact on other current financial liability and other equity.

(vi) The Company has incurred losses, its liabilities exceeded total assets and its net worth has been fully eroded as at March 31, 2019. In view of the continuing default in payment of dues, certain lenders have sent notices/letters recalling their loans given and called upon the Company to pay entire dues and other liabilities, receipt of invocation notices of corporate guarantees given by the Company, while also invoking the personal guarantee of Promoter Directors. Certain lenders have also issued wilful defaulter notices and filed petition for winding up of the Company.

As mentioned in Note no. 48 (i), the Honourable NCLT has admitted a petition to initiate insolvency proceeding against the Company under the Code. As per the Code, it is required that the Company be managed as a going concern during the CIRP. Further, as mentioned in Note no. 48 (i), the CIRP period continues to be in effect till the CoC approved Resolution Plan of PAL is approved by the NCLT.

The future prospects of the Company would be determined on the completion of CIRP. Hence, in view of the above facts and continuing operations of the Company, the financial statements have been prepared on a going concern basis.

(vii) In respect of Company's trade receivables and advances given to vendors, customers' advances received & trade payables balance confirmations has been sent to various parties out of which few parties have confirmed their balance as at March 31, 2019.
