Forward-looking statement / Cautionary statement

In this annual report, we have disclosed forward-looking information to enable investors comprehend our prospects and take informed investment decisions. This report and other statements – written and oral – that we periodically produce/publish, may contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements would be fully realised, although we believe we have been prudent in our assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. If known or unknown risks or uncertainties materialise, or if underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

STRONG PERFORMANCE. SUSTAINABLE FUTURE.

At HG Infra, we have come a long way since a humble beginning. From being a regional player, we have spread to nine geographies. From executing sub-contracted jobs, we have built competencies to bid for and execute largescale EPC and HAM projects as a prime contractor. From having a traditional set-up, we are continually investing in modern fleet, digital technologies and sustainability efforts that are driving efficiency and accelerating our long-term growth.

Our sustained focus on building capabilities through the years has positioned us as an important player in the road construction space.

The impact of these was evident even in a challenging year, when we delivered a solid all-round performance. Even as supply chain was impacted and input costs rose, we executed ₹ 36,152 Mn worth of projects. Even as new ordering activity was weak, we bagged new inflows of ₹ 43,279 Mn

Our strong performance solidifies our position in the industry and reinforces our confidence of a sustainable future ahead as India embarks on mega infrastructural development agenda.

MESSAGE FROM THE CHAIRMAN

Dear Stakeholders,

It is a pleasure to once again connect with you and report the performance and exceptional progress that HG Infra has made through the year.

FY 2021-22 has been yet another challenging year. Beginning with a more severe wave of COVID-19 pandemic which put immense socio-economic stress to global supply chain disruptions, high input prices and geopolitical tensions, the year had it all. That said, the efforts undertaken by the Government of India in such times have been commendable. The urgency displayed in vaccinating the population, the infusion of funds to sustain economy and policy measures towards manufacturing self-reliance helped reduce impact of subsequent waves and considerably improved business sentiments. And surely so, the Indian economy saw one of the fastest growths in many years at 8.9% even as extraordinary challenges persisted.

Delivering a stellar performance

Considering the ongoing business environment, I am immensely proud

of our team who maintained steadfast commitment towards execution and pursuing growth. We achieved major milestones in several of our projects. Provisional completion certificates were received for three HAM projects (Gurgaon-Sohna, Rewari Ateli Mandi and Narnaul Bypass) and three EPC projects (Banar-Bopalgarh, Jodhpur-Marwar and Morshi-Chandur Bazar). Additionally, we are eligible for bonus in Rewari Ateli Mandi and Narnaul Bypass projects for 170 days to 255 days respectively. All other projects are progressing well and we expect to complete them on schedule.

Led by strong execution, we reported a standalone revenue growth of 43% to ₹ 36,152 million in FY 2021-22, and yet again becoming one of the fastest growing road EPC players. 8% of the revenue came from primary contracting, manifesting our growing stance in the industry and the ability to independently bid for orders. This reinforces our belief in delivering sustainable growth over the long run.

Our sharp focus on selective bidding alongside operational efficiency and

digital measures helped mitigate costs pressures, thereby ensuring a steady margin profile. EBITDA grew 40% to ₹ 5,847 million with a margin of 16.2% which is nearly flat at previous years' level. PAT growth was stronger at 61% to ₹ 3,388 million, resulting in 90 basis points improvement in PAT margins to 9.4%. This was primarily on account of reduction in interest costs.

The total order inflow at ₹ 43,279 million for FY 2021-22 was slightly muted given the rising competition in EPC and HAM projects as well as our focus on selective bidding to meet IRR criteria. Our total order book now stands at ₹ 79,729 million as on March 31, 2022 providing us strong revenue visibility.

We closed the year on a strong footing in terms of balance sheet strength. As on March 31, 2022, our standalone gross debt stood at ₹ 3,147 million with a healthy debt:equity of 0.23x which improved over last year's level of 0.28x. Working capital days was low at 31 days as compared to 33 days in the previous year.

“Considering the ongoing business environment, I am immensely proud of our team who maintained steadfast commitment towards execution and pursuing growth. We achieved major milestones in several of our projects.”

Infrastructure thrust unlike any

What truly deserves a mention is the mammoth effort by the Government for infrastructure creation. At an estimated investment of ₹ 111 trillion in the next five years, India's National Infrastructure Pipeline is one of the largest such initiative globally. But unlike before, the approach is more focused this time around. Initiatives to boost private participation and innovative funding means like Infrastructure Investment Trusts are being promoted. Additionally, a 'Gati Shakti' initiative has been launched whereby all transport related infrastructure projects have been consolidated to undertake integrated planning and execution. This will expedite such projects and make way for quicker mobility in India.

The efforts by the Minister of Road, Transport and Highways of India and NHAI have also been exceptional. Creating a conducive environment to support industry players and remove bottlenecks, they have accelerated the functioning of the road construction sector. Overall, there is immense positivity in the industry with increased government spending and

plans to construct 25,000 km of national highways by FY 2022-23 and expand the total network to 2 lakh km by 2025.

Clarity on the path forward

Our strategy ahead is clear. We will continue to maintain core focus on road EPC and HAM projects while being selective to bid projects that complement our competencies and have better margin profile. With nearly, ₹ 14,000 crore of project tendering underway in FY 2022-23, and we are confident of receiving good order inflow.

We are also actively pursuing diversification to other infrastructure segments like railways, water infrastructure and airports where a lot of ground is yet to be covered. A dedicated division comprising senior and experienced people from tier I companies is working to lead forward our growth. With several projects up for tendering, we soon expect to make a breakthrough.

As we look forward to accelerating growth, our focus will be on creating a sustainable organisation with increasing use of digital technology. We have invested significantly in building the

digital capabilities to enhance our operational efficiency and optimise cost which will be key in the future. Along with this, we have taken multiple steps towards improving environmental, health and safety (EHS) performance including forming a committee with an intent to move towards a zero accident operation.

Closing comments

HG Infra stands comfortably with a strong order book position, revenue visibility and healthy financial position. This has been validated in the ratings upgrade by ICRA from A+ to AA- for long-term facilities, and from A1 to A1+ for short-term facilities on April 21, 2022. We are ever more enthusiastic and energised to further enhance our position as a leading infrastructure developer.

I seek the continued support, guidance and encouragement of all stakeholders in our journey ahead. I am confident the coming times will be more value accretive.

Warm regards,

Harendra Singh

Chairman and Managing Director

INDUSTRY OPPORTUNITIES ON TRAJECTORY OF HIGHER GROWTH

India's infrastructure segment is all set for explosive growth. The Government of India's initiative around creating a ₹ 111 trillion National Infrastructure Pipeline (NIP), plans to monetise assets, and expedite transportation projects with Gati Shakti Master Plan are creating opportunities unlike before. Together, these efforts are aimed at laying the foundation for India's next 25 years through economic transformation, seamless multimodal connectivity and logistics efficiency

Ambitious National Infrastructure Pipeline to unleash mega opportunities

(FY 2020-25)

Stage set to make NIP possible

Kick-starting investment cycle

Funding has always been one of the key challenges in infrastructure projects in India. To address this challenge, the government has conceptualised a National Monetisation Pipeline (NMP) whereby central and public sector assets worth ₹ 6 trillion are targeted for monetisation over a four-year period ending FY 2024-25. Further, innovative financial instruments like infrastructure investment trusts (InvIT) are being promoted to channelise global financial capital.

Gati Shakti Push

The ambitious ₹ 100 lakh crore Gati Shakti Master Plan focuses on breaking inter-ministerial silos to ensure integration in designing and planning of all transport connectivity related projects. This will help in creating next-generation infrastructure for seamless multi-modal connectivity to more than 1,200 industrial clusters and thus drive India's global competitiveness. Under the initiative, 16 ministries and their schemes including flagship ones like Bharatmala, Sagarmala, Udaan, expansion of railway network, inland waterways and Bharat Net will be integrated.

Opportunities in HG Infra's area of play

Roads

- ₹ 1.99 trillion budgetary allocation for FY 2022-23
- 25,000 km of national highway network expansion planned at an investment of ₹ 20,000 crore for FY 2022-23
- Expansion of total national highway network to 2 lakh km by FY 2024-25 under Gati Shakti from ~1.4 lakh km in March 2022

Railways & metro*

- ₹ 2.45 trillion FY 2022-23 budget allocation
- Increasing cargo handling capacity from 1,210 million tonnes (MnT) to 1,600 MnT by FY 2024-25 under Gati Shakti

Water Infrastructure*

- ₹ 86,189 crore budget allocation to Jal Shakti Ministry for FY 2022-23, including ₹ 60,00 crore for providing tap water connectivity to 3.8 crore households under Jal Jeevan Mission

Airports*

- Creating 220 new airports, heliports and water aerodromes by FY 2024-25 under Gati Shakti

* New areas where HG Infra is participating

STRATEGY

OUR PATH TO A SUSTAINABLE FUTURE

The infrastructure sector is headed for a solid growth. At HG Infra, we have mapped our area of focus to capture opportunities. At the same time, we are continually investing in building new capabilities to enhance our competitiveness and maximise our chances of winning orders. This will enable us to scale growth and maximise value to all stakeholders in the long run.

HG Infra Strategy

Core focus on road EPC and HAM

- EPC projects: timely execution with strong discipline in order selection
- HAM projects: bid selectively to maintaining healthy IRR and explore monetisation opportunity to free equity

Diversification to other infra sectors

- De-risk business by diversifying to Railways (track laying), Water Infra (pipeline laying) and Airports (runways/taxiways) sectors

Maintain financial discipline

- Strict discipline in selecting projects with desirable levels of EBITDA Margins/IRR
- Strict cost controls to improve profitability and deleverage balance sheet
- Continue focus on working capital management and cash generation

Reinforcing Competencies to Accelerate Ahead

Established new business division to diversify

We have created a new business division comprising senior people hired from tier I companies and having multiple years of experience in various infrastructural areas. We intend to leverage their expertise and a dedicated strategy to make breakthrough in new targeted infrastructural areas.

Modernising construction capabilities

We have invested ₹ 3,956 million in the last four years towards strengthening our in-house fleet with modern construction equipment. As on March 31, 2022, this fleet totalled at 2,000+, providing us adequate competencies to execute large scale projects.

Strengthened P&M capabilities

In FY 2021-22, we have invested ₹ 640.78 million towards upgrading our project execution capabilities. These will be critical in supporting our growing scale of operations, driving more efficiency and enabling us to ensure sustainability.

Our P&M initiatives:

Initiatives	Benefits
 Installing sensor-based technologies <ul style="list-style-type: none"> Fuel Dispensing Management System to ensure secure diesel dispensation, without pilferage and on pre-identified equipment Fuel Level Monitoring System for recording operator, working details and fuel consumption 	Saving in fuel costs
 Automating processes <ul style="list-style-type: none"> Hot mix plant on UPS for sustained asphalt production Trimble 2D cross-slope and elevation control option to be used on motor graders for cutting road slopes, ditches and embankments HVI Android-based App for live inspection of vehicles, service reminders, daily operator reporting, checklist management and notifications Palfinger Truck Mounted Crane for loading, unloading and transporting goods 	Higher productivity and costs savings
 Going green <ul style="list-style-type: none"> Converted 17 tippers from diesel to CNG-based operations 	Lower GHG emissions

Progressing to improve EHS performance

Improving environment, health and safety (EHS) parameters is critical to reducing the risks to our people and environment and driving operational efficiency. In FY 2021-22, we undertook multiple initiatives towards this including formation of an EHS committee to guide all actions.

Our EHS initiatives

- TPIC for lifting appliances
- Fixing of flash back arresters in gas cutting sets
- Installation of IP 44 and 55 electrical panel boards
- Construction of sedimentation tanks
- Installation of awareness posters and layout of project at workplace
- Monthly EHS awards and rewards
- Standard fire points

CORPORATE SOCIAL RESPONSIBILITY ENABLING INCLUSIVE AND SUSTAINABLE DEVELOPMENT

At HG Infra, we believe in growing together with our communities. We undertake focused intervention around promoting education, healthcare and rural development. In FY 2021-22, with the pandemic continuing, a majority of our efforts were dedicated towards disaster relief.

Supporting pandemic relief

The second wave of pandemic was severe, resulting in a significant upsurge in demand for medical oxygen and hospital supplies. We spent a total of ₹ 21.06 Mn towards facilitating these to the communities under our CSR project 'HG Care – Community Welfare'

Oxygen Generation plants

- One each in Trauma Centre, Abu Road, Government District Hospital, Kalandri and Government Hospital, Sildar in Sirohi, Rajasthan
- One in Punjabrao Deshmukh Memorial College, Amravati, Maharashtra
- One each across three Government Hospitals in Alwar, Rajasthan

Oxygen Concentrators

- Two to district administration of Bhilwara, Chittorgarh, Rajasthan
- Three each to People Unity Sansthan in Churu, Rajasthan and Chirayu Hospital in Jaipur, Rajasthan
- One to Shri Shivram Nathuji Tak Government Satellite Hospital, Mandore in Jodhpur, Rajasthan
- Nine to Chief Medical & Health Officer Office in Ramgarh, Alwar, Rajasthan along with medical equipment and kits

Other support

- 200 jumbo Oxygen Cylinders to Medical Department, Government District Hospital, Sirohi, Rajasthan
- Distributed medical kits, masks, sanitisers and disposable bed sheets in Government Hospital, Bhilwara, Rajasthan
- Set-up a gas manifold and provided pulse Oximeters to General Hospital in Ateli, Narnaul, Haryana

Promoting education

Under our CSR Project 'HG Ki Pathshala', we provided infrastructure support to Prabandh Samiti Adarsh Vidhya Mandir, Jodhpur for constructing a residential hostel with all necessary facilities. It will provide a healthy educational environment along with extracurricular facilities to needy and bright students for their all-around development.

Tribal Hostel Transformation project was also implemented at Rana Punja Government Ashram Boys Hostels at Amthala and Siyawa, Abu Road, Sirohi in Rajasthan. Under this, we provided support for infrastructure enhancement, creating an ecosystem for smart education and various regular intervention.

In addition to above, scholarships were provided to deserving students to meet their academic goals and pursue their dreams without financial burden.

Rural developments projects

We have conceptualised the CSR Project 'HG Care - Adoption of Villages - [Holistic Rural Development Program (HRDP)]' for adopting and transforming villages into model villages. We have presently adopted four villages in the state of Rajasthan i.e. (i) Matata, Udaipur; (ii) Raya, Udaipur; (iii) Raya, Rajsamand; (iv) Munwas, Udaipur. We are undertaking holistic and sustainable development in these villages backed up by futuristic and progressive skills leading to higher levels of productivity and improvement in overall quality of life at the community level.

Management Discussion and Analysis

The year 2021 was marked by the second and third waves of the COVID-19 pandemic. Despite these challenges, the global economy was headed for a recovery. Banking on international collaboration in adapting functional health policies and efficient fiscal and monetary policies and increasing vaccinations, the global economy is estimated to grow by 6.1% in 2021, compared

to a contraction of 3.1% in 2020. The biggest driver of the global recovery has been the emerging markets and developing economies (EMDEs), which are estimated to clock an average gross domestic product (GDP) growth of 6.8%. On the other hand, the advanced economies were estimated to grow at 5.2% in 2021.

The recovery phase of the global economy is projected to be sluggish in 2022 and 2023 owing to the Russia and Ukraine war and the possibilities of yet another wave of COVID. The aggregate output of Advanced economies will take longer to return to pre-pandemic levels. Further, the divergence between advanced economies and EMDEs that emerged in 2021 is projected to persist, implying some long-term scarring from the pandemic. The crisis may also benefit EMDEs, as they may be able to acquire vacant Russian and Ukrainian markets. As a result, their output is expected to grow and stabilise at 4.4% in 2023, post a projected downfall of 3.8% in 2022.

INDIAN ECONOMY REVIEW

In 2021-22, the country was marked with the outbreak of the second and third wave of the COVID-19 pandemic. Though the impact of the third wave was not much, the second wave took a heavy toll on the economy and people's lives. Following the onslaught of the second wave of COVID-19, India's economy was

headed for a recovery. The Government increased infrastructure expenditure to not only restore medium-term demand but also enact significant supply-side reforms to position the economy for long-term growth. As per the second advance estimates of the National Statistics Organisation (NSO), Indian economy is estimated to grow at 8.9% in 2021-22 compared to a contraction of 6.6% in 2020-21.

The increasing government funding in public infrastructure is expected to encourage growth and attract private investment through a strong multiplier effect in the industry. However, supply-side bottlenecks are expected to remain persistent with gradually rising international crude oil prices and growing raw material costs in 2022-23. The availability of budgetary space to ramp up capital spending, advantages from supply-side reforms, regulatory relaxation, and continued export growth will also contribute to growth in 2022-23. As per IMF's World Economic Outlook projections, India's real GDP is projected to grow at ~8.9% in 2022-23 and 7.1% in 2023-24, which is expected to make India the fastest growing major economy in the world for all 3 years between 2021-22 and 2023-24.

Indian road infrastructure sector overview

With the onset of the global pandemic, the momentum in the building highways has seen a sluggish growth over the past few years. In 2021-22, the pace of highway construction in India fell to 29 km/day, compared to 36.5 km/day in 2020-21. Further, the target for 2021-22 was 40 km/day, which was later revised to 33 km/day. As stated by the Ministry of Road Transport and Highways, the country saw completion of 10,457 km of national highways in 2021-22 compared to 13,327 km in 2020-21. This reduction in road completion was largely on account of the disruption caused by the second and third waves of the pandemic coupled with an unusually long rainy season. While the construction of highways slowed in 2021-22, the award of highway stood at 12,731 km, compared to 10,964 km in 2020-21.

In the Budget for 2022-23, the Government earmarked an amount of ₹ 68,000 crore to the Ministry of Road Transport and Highways. This is the highest increase over revised estimates among all ministries in 2022-23. NHAI is expected to not have any borrowings during 2022-23, and would rely on budgetary resources. The said expansion plan would enable faster transit of people and goods.

The Gati Shakti programme launched by the Government is focused on the expansion of roads, railways, ports, airports, mass transport, waterways and logistics infrastructure. As part of this multi-modal logistics plan, all these key focus areas are expected to work in collaboration, thereby, driving the infrastructure growth in the country for the next 25 years.

Budget allocation for the Ministry of Road Transport and Highways (in ₹ crore)

	2020-21 Actual	2021-22 RE	2022-23 BE	% Change (2022 BE over 2021 RE)
Revenue	9,964	9,898	11,364	15%
Capital	89,195	1,21,251	1,87,744	55%
Total	99,159	1,31,149	1,99,108	52%

Note: BE – Budget Estimate; RE – Revised Estimate

Growth drivers

Rising population: India has the second largest population in the world with a count of 1.41 billion in 2021-22 with a median age of 26.7 years. The increasing population drives the need of being connected through roadways and improved transit time.

Urbanisation: The urbanisation rate of India is projected to reach 37-38% by 2025, driving the need of improved urban infrastructure.

Rapid industrialisation: With the launch of the Production-Linked Incentive (PLI) scheme by the Government, the industrial growth in the country will grow exponentially. Against the backdrop of this, the need of faster transit times and improved road infrastructure would rise, in addition to the need of better road connectivity across the country.

Infrastructure Investment: The Government has been increasingly investing on infrastructure development across the country. In doing so, the Government launched the National Infrastructure Pipeline (NIP) for FY 2020-25 with the objective of strengthening the infrastructure status in the country.

Government impetus through Union Budget 2022-23

Roads

- The Government has planned on expanding national highways by 25,000 Km in 2022-23
- The Government has allotted an amount of ₹ 20,000 crore for expansion of the national highway network of the country

Infrastructure

- The Government launched a new scheme, namely Prime Minister's Development Initiative for North-East Region (PM-DevINE) with the objective of funding infrastructure and social development projects in the North-East. An initial allocation of ₹ 1,500 crore made to enable livelihood activities for youth and women under the scheme

Capital investment

- The Government has decided to allocate an outlay of ₹ 7.50 lakh crore in 2022-23 for capital expenditure compared to ₹ 5.54 lakh crore in 2021-22, a y-o-y increase of 35.4%
- The total outlay for capital investment in 2022-23 is projected at 2.9% of the country's GDP

SWOT Analysis

Strengths

- An established contractor with a proven execution track record of more than 19 years
- A strong presence spread across 9 states
- A prequalification which is high enough to independently bid on big EPC and HAM projects
- An integrated business model with focus on cost efficiencies in real time
- A continuous investment in advanced equipment and technologies deployed at project sites
- An organisation-wide SAP implementation to improve operational effectiveness and increased transparency

Weaknesses

- The weather and different seasons impact operations of the Company
- Operating in a labour-intensive sector, the shortage of labour at project sites impacts operations
- Relatively underpenetrated market presence in southern and eastern states

Opportunities

- Increasing capabilities and stronger expertise to execute projects independently as a prime contractor
- The Government's consistent investment in the infrastructure sector to push growth has resulted in increased bids and awarding activity in the sector
- With the increasing focus of the Government on high-speed expressways and urban connectivity, there is extensive potential of growth in the sector

Threats

- The supply chain disruption caused by the pandemic impacted project execution, and delayed them
- Delays in land acquisition is a continuous challenge, and impacts approvals and project execution
- Unavailability of raw material and shortage of labour is another challenge
- Liquidity crunch and cash flow disruptions in the event of economic slowdown impacts operations as well

The Company shall pay dividend (including interim dividend) in compliance with the relevant provisions of the Companies Act, 2013 (the 'Companies Act'), the Companies (Declaration and Payment of Dividend) Rules, 2014, the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the 'SEBI LODR'), as amended from time to time and such other act, rules or regulations which provide for the distribution of dividend.

OBJECTIVE AND SCOPE

The objective of the policy is to specify the external and internal factors including financial parameters that shall be considered while declaring dividend and the circumstances under which the shareholders of the Company may or may not expect dividend and how the retained earnings shall be utilized, etc. The objective of this Policy is to ensure the right balance between the quantum of Dividend paid and amount of profits retained in the business for various purposes.

Policy lays down below parameters to be considered by the Board of Directors of the Company for declaration of Dividend from time to time.

- The circumstances under which the shareholders may or may not expect dividend;
- The financial parameters and internal and external factors that shall be considered for declaration of dividend;

- Policy as to how the retained earnings shall be utilized; and
- Parameters that shall be adopted with regard to various classes of shares.

However, the Company reserves the right to carry out in any change in the aforesaid parameters, in the best interest of the Company, shareholders and/or other stakeholders.

FACTORS TO BE CONSIDERED BEFORE DECLARING DIVIDEND

The Company would, inter alia, consider the following financial parameters and / or internal & external factors before declaring dividend(s) or recommending dividend(s) to the shareholders:

- Stability of earnings and Cash flow from operations;
- Profits earned during the financial year;
- Fund requirements to finance the working capital needs of the business;
- Industry outlook and stage of business cycle for underlying businesses;
- Opportunities for investments of the funds of the Company to capture future growth in the industry, e.g. capital expenditure, geographical expansion, etc;
- Funding requirements for any organic and inorganic growth opportunities to be pursued by the Company;
- Optimal free cash to fund any exigencies, if any;
- Leverage profile and liabilities of the Company;
- Past dividend trends;
- Overall economic / regulatory environment;
- Tax implications, if any, of distribution of dividend;
- Cost of raising funds from alternate sources;
- Corporate actions including mergers/demergers, acquisitions, bonus issue, right issue;
- Interim dividend paid, if any; and

- Any other factor which may have a financial impact on the company or as deemed fit by the Board.

The circumstances under which shareholders may or may not expect dividend/or when the dividend could not be declared by the Company shall include, but are not limited to, the following:

- Due to uncertain or recessionary economic and business conditions;
- Due to operation of any law in force;
- Due to losses incurred by the Company and the Board consider it appropriate not to declare dividend for any particular year;
- Due to any significant expansion plans of the Company;
- Due to any restrictions on payment of dividend imposed by any regulator or prevailing legal requirements, regulatory conditions or restrictions laid down under the applicable laws including tax laws; and
- Any other extraordinary circumstances.

In case the Board proposes not to distribute the profit, the grounds thereof and information on utilisation of the retained earnings, if any, shall be disclosed to the shareholders in the Board's Report forming part of Annual Report of the Company.

USE OF RETAINED EARNINGS

The Company should ensure to strike the right balance between the quantum of dividend paid and amount of profits retained in the business for various purposes. These retained earnings will be used inter alia for the Company's strategic growth plans, working capital requirements, debt repayments and other contingencies.

PARAMETERS THAT SHALL BE ADOPTED WITH REGARD TO VARIOUS CLASSES OF SHARE

The Company has only one class of shares referred to as equity shares of the face value of ₹ 10/- each, forming part of its Issued, Subscribed and Paid – up share capital.

As and when the Company issues other kind of shares, the Board of Directors may suitably amend this Policy.

Dividend (including interim and/or final) would be declared and paid to equity shareholders at the rate fixed by the Board of Directors of the Company. Final dividend proposed by the Board of Directors, if any, would be subject to the approval of the shareholders at the 20th Annual General Meeting.

DIVIDEND INFORMATION

Information on the dividends paid in the last five years will be made available on the Company's Website viz. <http://www.hginfra.com/investors-relation.html>.

DISCLOSURE & AMENDMENT/REVIEW OF POLICY

The Company is committed to continuously reviewing and updating our policies and procedures. Therefore, this policy is subject to revision / amendment on a periodic basis, as may be necessary. Any amendment(s) of any provision of this policy shall be carried out by persons authorized by the Board in this regard. This policy (as amended from time to time) will be available on the company's website and in the annual report.

VARIATION

In the event of any variation or inconsistency between provisions of this policy and any amendments, clarifications, circulars, notifications or guidelines issued by the relevant authorities, then such amendments, clarifications, circulars, notifications or guidelines shall prevail over this policy and the provisions of this policy shall be deemed to have been amended so as to be read in consonance with such amendments, clarifications, circulars, notifications or guidelines.

If the Board decided to deviate from this policy, the rationale for the same will be suitably disclosed in the annual report and on the company's website.

Independent Director

The Company has received declarations from the Independent Directors that they meet the criteria of Independence laid down under section 149(6) of the Act and Regulation 16(1)(b) of the Listing Regulations. Further, the Independent Directors have included their names in the data bank of Independent Directors maintained with the Indian Institute of Corporate Affairs (IICA) in terms of Section 150 of the Act read with Rule 6 of the Companies (Appointment & Qualification of Directors) Rules, 2014.

The Board of Directors, based on the declaration(s) received from the Independent Directors, have verified the veracity of such disclosures and confirm that the Independent Directors fulfil the conditions of independence specified in the Listing Regulations and the Act and are independent of the management of the Company.

The Companies Act, 2013 and the Listing Regulations define an 'Independent Director' as a person who is not a promoter or employee or one of the key managerial personnel of the company or its subsidiaries. They also state that the person should not have a pecuniary relationship or transaction with the company or its subsidiaries, apart from receiving sitting fees as an Independent Director.

Based on intimations/disclosures received from the Directors periodically, none of the Directors of the Company hold memberships/ Chairmanships more than the prescribed limits.

During the financial year, no Independent Director has resigned from the post of Directorship.

Familiarization Programme for Independent Directors

The Familiarization Programme for the Independent Directors of the Company is designed to help the Independent Directors to gain a deep understanding of the Company, its stakeholders, senior management / leadership team, business operations, policies, industry perspective and issues.

The Board familiarization program consists of detailed induction for all new Independent Directors when they join the Board of Directors of the Company and ongoing immersion sessions on business strategic, operational and functional matters.

The exhaustive induction for Independent Directors enables them to be familiarized with the Company, its history, values and purpose.

In Board meetings, immersion sessions on business strategy, operational and functional matters provide good insights on the businesses carried on by the Company to the Independent Directors. These sessions also involve interactions with multiple levels of management. To make these sessions more productive, all the documents required and/or sought by them to have a good understanding of Company's operations, businesses and the industry as a whole are provided in advance. Further, they are periodically updated on material changes in regulatory framework and its impact on the Company.

Further, at the time of appointment of an Independent Director, the Company issues a formal letter of appointment outlining his/her role, function, duties and responsibilities.

Pursuant to Regulation 46 of the Listing Regulations, details of familiarization programmes imparted to Independent Directors are available on the Company's website and can be accessed through the Web-link: <https://www.hginfra.com/investors-relation.html#btn-gover>

PERFORMANCE EVALUATION OF BOARD, ITS COMMITTEES & INDIVIDUAL DIRECTORS:

In terms of requirements of Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) and provisions of Companies Act, 2013, Nomination and Remuneration Committee of the Board of Directors of the Company specified the manner for effective evaluation of performance of Board, its Committees and Individual Directors.

Based on the same, the Board carried out annual evaluation of its own performance, performance of its Committees and Individual Directors including Independent Directors during the year. The performance evaluation of Independent Directors of the Company is carried out by the Board excluding the Director being evaluated. The performance of every Director is also carried out by the Nomination and Remuneration Committee, seeking inputs from all the Directors.

In a separate meeting of the Independent Directors, performance evaluation of Non-Independent Directors, the Board as a whole and performance evaluation of Chairman was carried out, taking into account the views of Executive and Non-Executive Directors. The quality, quantity and timeliness of flow of information between the Company Management and the Board which is necessary for the Board to effectively and reasonably perform their duties were also evaluated in the said meeting.

The Company had adopted the evaluation parameters as suggested by the Institute of Company Secretaries of India and Securities and Exchange Board of India with suitable changes from Company's perspective. The performance of the Board was evaluated by the Board on the basis of criteria such as Board composition and structure, effectiveness of Board processes, information flow to Board, functioning of the Board, etc. The performance of Committees was evaluated by the Board on the basis of criteria such as composition of Committees, effectiveness of Committees working, independence, etc. The Board evaluated the performance of individual Director on the basis of criteria such as attendance and contribution of Director at Board/Committee Meetings, adherence to ethical standards and code of conduct of the Company, inter-personal relations with other Directors, meaningful and constructive contribution and inputs in the Board/ Committee meetings, etc. In addition, the performance of the Chairman is also evaluated on key aspects of his roles and responsibilities.

For the above evaluation, the Board members completed questionnaires providing feedback on different parameters as already stated above including on performance of Board / Committees / Directors, engagement levels, independence of judgment and other criteria. This is followed with review and discussions at the level of Board. The results of evaluation showed high level of commitment and engagement of Board, its various committees and directors.

The Independent Directors well appreciated the functioning of the Board of Directors, Directors as well as Committee of the Board. They were also highly satisfied with leadership role played by the Chairman.

Annexure VII to Board's Report PARTICULAR OF EMPLOYEES

(A) Information as per Rule 5(1) of the companies (Appointment and remuneration of Managerial Personnel) Rules, 2014

1. Ratio of Remuneration of Directors to Median Remuneration of Employee:

The remuneration of each Director, Chief Financial Officer and Company Secretary, percentage increase in their remuneration during the Financial Year 2021-22 and ratio of the remuneration of each Director to the median remuneration of the employees of the Company for the Financial Year 2021-22 are as under:

S. No.	Name	Designation	Remuneration of Director/KMP for the Financial Year 2021-22 (In ₹ Million)	Ratio of Remuneration to MRE1 (Median Remuneration of Employee)	% increase / (decrease) in Remuneration
A	B	C	D	E	F
01.	Mr. Harendra Singh	Managing Director	26.00	99.32	17.91%
02.	Mr. Vijendra Singh	Whole Time Director	14.00	55.62	14.28%
03.	Mr. Dinesh Kumar Goyal	Executive Director	4.45	17.68	40.07%
04.	Mr. Rajeev Mishra	Chief Financial Officer	3.06	NA	16.10%
05.	Ms. Ankita Mehra	Company Secretary	0.83	NA	32.14%

The Non-Executive Directors of the Company were paid only sitting fees during the financial year under review. Hence, their ratio to Median Remuneration and percentage increase in remuneration has not considered.

2. The median remuneration of employees of the Company during the Financial Year was ₹ 2,51,703/- per annum and ratio of the remuneration of each Director to the median remuneration of the employees of the Company for the Financial Year is provided in the above table.

3. The percentage increase in the median remuneration of employees in the Financial Year:

In the Financial Year, there was an increase of 7.40% in the median remuneration of employees.

As the Company is working in Infrastructure sector and major employees of the Company are in unskilled category i.e. Labour and Driver etc. Hence, the ratio of remuneration of each director to the median remuneration of the employees of the Company is generally high.

4. Number of permanent employees on the rolls of Company was 1,866 as on March 31, 2022.

As a strategic move and improve the excellence & focus of the engineers & Managerial category staff, Company had stopped hiring of W cadre staff in Company Roll rather outsourcing them from Manpower Service providers, which helped in the less turnaround time and availability of ground force.

5. There is increase of 17.38% in total gross salary of employees other than the managerial personnel during the financial year as compared to previous year due to annual appraisals, while 7.18% increase in total gross salary of managerial personnel during the financial year as compared to previous year due to Company's growth in financial year 2021-22.

6. It is hereby affirmed that the remuneration paid is as per the Policy for Remuneration of the Directors, Key Managerial Personnel and other Employees.

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained, and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph 13 of the Other Matter Paragraph below, is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
<p>1) Estimation of contract cost and revenue recognition (Refer to note 1(f)(i), 2(d), 29 and 52 of the standalone financial statements)</p> <p>The contract revenue amounts to ₹35,573.66 Million for engineering, procurement and construction contracts, which usually extends over a period of 2-3 years, and the contract prices are fixed and, in some cases, subject to price variance clauses.</p> <p>The contract revenue is measured based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs.</p> <p>This method requires the Company to perform an initial assessment of total estimated cost and reassess the total construction cost at each reporting period end to determine the appropriate percentage of completion.</p>	<p>Our procedures over the recognition of revenue included the following:</p> <ul style="list-style-type: none"> • Understood and evaluated the design and tested the operating effectiveness of key internal financial controls, including those related to review and approval of estimated project cost and review of provision for estimated loss by the authorised representatives. • For a sample of contracts, we obtained the percentage of completion calculations, agreed key contractual terms to the signed contracts, tested the mathematical accuracy of the cost to complete calculations and re-performed the calculation of revenue recognized during the year based on the percentage of completion. • For costs incurred to date, we tested samples to appropriate supporting documentation and performed cut off procedures.

Key audit matters

We considered the estimation of construction contract cost as a key audit matter given the involvement of significant management judgement which has consequential impact on revenue recognition.

How our audit addressed the key audit matter

- To test the forecast cost to complete, we obtained the breakdown of costs forecasts and tested elements of the forecast by obtaining executed purchase orders and agreements, evaluating reasonableness of management's judgements and assumptions using past trends and comparing the estimated costs to the actual costs incurred for the similar completed projects.
- Checked the related disclosures in the financial statements.

Based on the above procedures performed, we considered the manner of estimation of contract cost and recognition of revenue to be reasonable.

2) Valuation of accounts receivable and contract assets in view of risk of credit losses

(Refer to the Note 1(k), 39(i), 7, 11 and 15 – Trade receivables and Note 16(a) for contract assets).

Accounts receivable and contract assets are significant items in the Company's standalone financial statements aggregating to ₹10,792.68 Million as of March 31, 2022 and provision for impairment of receivables and contract assets is an area which is influenced by management's estimates and judgment. The provision for impairment of receivables and contract assets amounted to INR 187.94 million as at March 31, 2022.

The Company has a concentration of credit exposure on certain customers, which include government and private organisations, where there are delays in collections due to various reasons. The management has assessed the appropriateness of provisions recognised, as applicable, on receivables and contract assets, based on factors such as the credit risk of the customer, status of the project, discussions with the customers and contractual terms. This involves significant judgement.

Given the relative significance of these receivables and contract assets to the standalone financial statements and the nature and extent of audit procedures involved to assess the recoverability of receivables and contract assets, we determined this to be a key audit matter.

Our audit procedures included the following:

- Understanding, evaluating the design and testing the operating effectiveness of Key Internal financial controls in relation to determination of estimated credit loss.
- Obtaining confirmation from parties, on a sample basis, with respect to outstanding balances.
- Inquiry procedures with senior management of the Company regarding status of collectability of the receivable and contract assets.
- Perusal of correspondences with the customers.
- Assessing the inputs used by the Management to determine the amount of allowances by considering factors such as credit risk of the customer, cash collections, past history and status of the project, and correspondence with customers.
- Checked the related disclosures in the financial statements.

Based on our work as stated above, no significant deviations were observed in respect of management's assessment of valuation of accounts receivables and contract assets.

Other Information

5. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Director's Report, Corporate Governance Report and Other Information included in the Annual Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the

audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the financial statements

6. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
7. In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the Standalone financial statements

8. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they

could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
12. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

13. We did not audit the standalone financial statements of 3 jointly controlled operations included in the standalone financial statements of the Company, which constitute total assets of ₹54.65 Million and net assets of ₹3.24 Million as at March 31, 2022, total revenue of ₹50.98 Million, total comprehensive income (comprising of profit and other comprehensive income) of ₹0.15 Million and net cash outflows amounting to ₹0.31 Million for the year then ended. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us by the management, and our opinion on the standalone financial statements (including other information) in so far as it relates to the amounts and disclosures included in respect of these jointly controlled operations is based solely on the reports of such other auditors.

Our opinion on the standalone financial statements, and our report on Other legal and regulatory requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.
- Report on other legal and regulatory requirements**
14. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
 15. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 46 to the financial statements;
 - ii. The Company has made provision as at March 31, 2022, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts - Refer Note 16(a). The Company did not have any derivative contracts as at March 31, 2022.

- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2022.
- iv. (a) The management has represented that, to the best of its knowledge and belief, as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (Refer Note 55 (vii) to the Standalone Financial Statements.);
- (b) The management has represented that, to the best of its knowledge and belief, as disclosed in the notes to the accounts, no

funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (Refer Note 55 (vii) to the Standalone Financial Statements.); and

- (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

- v. The dividend declared and paid during the year by the Company is in compliance with Section 123 of the Act.

16. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

Annexure A to Independent Auditor's Report

Referred to in paragraph 15(f) of the Independent Auditor's Report of even date to the members of H.G. Infra Engineering Limited on the standalone financial statements for the year ended March 31, 2022

Report on the Internal Financial Controls with reference to Standalone Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to standalone financial statements of H.G. Infra Engineering Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date. Reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to financial statements is not applicable to 3 jointly controlled operations.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about

whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to Standalone financial statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the

company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone financial statements

7. Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material miss-statements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Annexure B to Independent Auditor's Report

Referred to in paragraph 14 of the Independent Auditors' Report of even date to the members of H.G. Infra Engineering Limited on the standalone financial statements as of and for the year ended March 31, 2022

- i (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and Equipment.
- (B) The Company is maintaining proper records showing full particulars of Intangible Assets.
- (b) The Property, Plant and Equipment are physically verified by the Management according to a phased programme designed to cover all the items over a period of 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the Property, Plant and Equipment has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.
- (c) The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), as disclosed in Note 3(a) and 4 to the Standalone Financial Statements, are held in the name of the Company.
- (d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year. Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of Property, Plant and Equipment (including Right of Use assets) or intangible assets does not arise.
- (e) Based on the information and explanations furnished to us, no proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in its financial statements does not arise.
- ii (a) The physical verification of inventory has been conducted at reasonable intervals by the Management during the year and, in our opinion, the coverage and procedure of such verification by Management is appropriate. The discrepancies noticed on physical verification of inventory as compared to book records were not 10% or more in aggregate for each class of inventory and have been appropriately dealt with in the books of account.
- (b) During the year, the Company has been sanctioned working capital limits in excess of ₹5 crores, in aggregate, from banks on the basis of security of current assets. The Company has filed quarterly returns or statements with such banks, which are in agreement with the unaudited books of account. (Also refer Note 55(ii) to the Standalone financial statements)
- iii (a) The Company has made investments in seven companies, granted unsecured loans to nine companies, stood guarantees to two companies and has granted interest free loans to its 162 employees during the year. The aggregate amount during the year, and balance outstanding at the balance sheet date with respect to such loans and guarantees to subsidiaries are as per the table given below:

	(₹ in Millions)	
	Guarantees	Loans*
Aggregate amount granted/ provided during the year- Subsidiaries	4,967.60	759.58
Balance outstanding as a balance sheet date in respect of the above case-Subsidiaries	16,375.70	852.73

*Loans include optionally convertible unsecured loans given to subsidiaries.

(Also refer Note 6, 14, 43, 48 and 49 to the Standalone financial statements)

- (b) In respect of the aforesaid investments, guarantees and loans, the terms and conditions under which such loans were granted, investments were made and guarantees provided are not prejudicial to the Company's interest.
- (c) In respect of the aforesaid loans, no schedule for repayment of principal and payment of interest has been stipulated by the Company. Therefore, in the absence of stipulation of repayment terms, we are unable to comment on the regularity of repayment of principal and payment of interest.
- (d) In respect of the aforesaid loans, there is no amount which is overdue for more than ninety days.
- (e) There were no loans which fell due during the year and were renewed/extended. Further, no fresh loans were granted to same parties to settle the existing overdue loans.
- (f) Following loans were granted during the year, including to related parties under Section 2(76), which are repayable on demand or where no schedule for repayment of principal and payment of interest has been stipulated by the Company.

(₹ in Millions)		
	All Parties	Related Parties
Aggregate of loans/ advances in nature of loan		
- Repayable on demand	336.56	336.56
- Without specifying any terms or period of repayment	423.02	423.02
Percentage of loans/ advances in nature of loan to the total loans	100	100

(Also refer Note 6, 14 and 43 to the financial statements)

- iv In our opinion, and according to the information and explanations given to us, the Company is engaged in providing infrastructural facilities as specified in schedule VI of the Act and accordingly, the provisions of Section 186, except sub section (1), of the Act are not applicable to the Company. In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186(1) of the Companies Act, 2013 in respect of the loans and investments made by it.
- v The Company has not accepted any deposits or amounts which are deemed to be deposits within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.
- vi Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of income taxes, though there has been a slight delay in a few cases, and is regular in depositing undisputed statutory dues, including goods and services tax, provident fund, employees' state insurance, sales tax, service tax, duty of customs, duty of excise, value added tax, cess, professional tax, and other material statutory dues, as applicable, with the appropriate authorities. Also, refer note 46(c) to the Standalone financial statements regarding management's assessment on certain matters relating to provident fund.

- (b) According to the information and explanations given to us and the records of the Company examined by us, there are no statutory dues of goods and services tax, provident fund, employees' state insurance, sales tax, service tax, duty of customs, duty of excise, value added tax, cess or professional tax, which have not been deposited on account of any dispute. The particulars of dues of income tax as at March 31, 2022 which have not been deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amount Involved	Amount paid under protest	Amount Unpaid	Period to which the amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Income tax	10.19	2.04	8.15	2013-14	Income Tax Appellate Tribunal
Income Tax Act, 1961	Income tax	9.16	1.83	7.33	2017-18	Commissioner of Income Tax (Appeals)

- viii According to the information and explanations given to us and the records of the Company examined by us, there are no transactions in the books of account that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.
- ix (a) According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.
- (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared Wilful Defaulter by any bank or financial institution or government or any government authority.
- (c) In our opinion, and according to the information and explanations given to us, the term loans have been applied for the purposes for which they were obtained. (Also refer Note 21 to the Standalone financial statements)
- (d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries or jointly controlled operations.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries companies.
- (x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has made a private placement of non-convertible debentures during the year, in compliance with the requirements of Section 42 and Section 62 of the Act. The funds raised have been used for the purpose for which funds were raised.
- (xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.
- (b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information

- and explanations given to us, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.
- (c) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, and as represented to us by the management, no whistle-blower complaints have been received during the year by the Company. Accordingly, the reporting under clause 3(xi)(c) of the Order is not applicable to the Company.
- (xii) As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the reporting under clause 3(xii) of the Order is not applicable to the Company.
- (xiii) The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard 24 "Related Party Disclosures" specified under Section 133 of the Act.
- (xiv) (a) In our opinion and according to the information and explanation given to us, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) The reports of the Internal Auditor for the period under audit have been considered by us.
- (xv) The Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the reporting on compliance with the provisions of Section 192 of the Act under clause 3(xv) of the Order is not applicable to the Company.
- (xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under clause 3(xvi)(a) of the Order is not applicable to the Company.
- (b) The Company has not conducted non-banking financial / housing finance activities during the year. Accordingly, the reporting under clause 3(xvi)(b) of the Order is not applicable to the Company.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.
- (d) Based on the information and explanations provided by the management of the Company, the Group does not have any CICs, which are part of the Group. Notes

to the standalone financial statement as at and for the year ended March 31, 2022

Background

H.G. Infra Engineering Limited ("the Company") is a public limited Company listed on the Bombay Stock Exchange and National Stock Exchange on March 9, 2018. Its registered office is at 14, Panchwati Colony, Ratanada, Jodhpur – 342001, Rajasthan, India.

The Company is engaged in Engineering, Procurement and Construction (EPC), Maintenance of roads, bridges, flyovers and other infrastructure contract works.

These financial statements were authorized to be issued by the board of directors on May 23, 2022.

Note 1: Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these standalone financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

(i) Compliance with Ind AS

The financial statements of the Company comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and financial liabilities measure at fair value;
- Assets held for sale – measured of fair value less cost of sell and
- Defined benefit plans - plan assets measured at fair value

(iii) New and amended standards adopted by the Company

The Company has applied the following amendment to Ind AS for the first time for their annual reporting period commencing 1 April 2021:

- Extension of COVID-19 related concessions – amendments to Ind AS 116

- Interest rate benchmark reform – amendments to Ind AS 109, Financial Instruments, Ind AS 107, Financial Instruments: Disclosures, Ind AS 104, Insurance Contracts and Ind AS 116, Leases.

The amendment listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

(iv) New amendments issued but not effective

The Ministry of Corporate Affairs has vide notification dated 23 March 2022 notified Companies (Indian Accounting Standards) Amendment Rules, 2022 which amends certain accounting standards and are effective 1 April 2022. These amendments are not expected to have a material impact on the Company in the current or future reporting periods and on foreseeable future transactions.

(v) Reclassifications consequent to amendments to Schedule III.

Balance sheet	March 31, 2021 (as previously reported)	Increase / (Decrease)	March 31, 2021 (restated)
Borrowings financial liabilities (current)	1,322.13	622.90	1,945.03
Other financial liabilities (current)	672.92	(622.90)	50.02

(b) Operating Cycle

The Company classifies an asset as current when:

- it expects to realise the asset or intends to sell or consume it in normal operating cycle
- it holds the asset primarily for the purpose of trading
- it expects to realise the asset within twelve months after the reporting period or
- the asset is cash or cash equivalent unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

Notes

to the standalone financial statement as at and for the year ended March 31, 2022

All other assets are classified as non-current.

The Company classifies a liability as current when:

- it expects to settle the liability in its normal operating cycle
- it holds the liability primarily for the purpose of trading
- the liability is due to be settled within twelve months after the reporting period, or
- there is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents.

Based on the nature of operations and the time between the acquisition of assets for processing and their realization in cash or cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current, non current classification of assets and liabilities.

(c) Joint control operation

The Company recognises its direct right to the assets, liabilities, revenues and expenses of joint operations and its share of any jointly held or incurred assets, liabilities, revenues and expenses. These have been incorporated in the financial statements under the appropriate headings. Details of the joint operation are set out in note 51.

(d) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The Managing Director of the Company has been identified as CODM and he assesses the financial performance and position of the Company, and makes strategic decisions. Refer note 41 for segment information.

(e) Foreign currency translation

(i) Functional and presentation currency

Items included in the standalone financial statements of the entity are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The standalone financial statements are presented in Indian rupee, which is Companies functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in profit or loss.

(f) Revenue recognition

The Company derives revenue principally from following streams:

- Construction contracts
- Sale of Services (Operation and Maintenance contracts)

(i) Construction contracts

The Company recognises revenue from engineering, procurement and construction contracts ('EPC') over the period of time, as performance obligations are satisfied over time due to continuous transfer of control to the customer. EPC contracts are generally accounted for as a single performance obligation as it involves complex integration of goods and services.

The performance obligations are satisfied over time as the work progresses. The Company recognises revenue using input method (i.e. percentage-of-completion method), based primarily on contract cost incurred to date compared to total estimated contract costs. Changes to total estimated contract costs, if any, are recognised in the period in which they are determined as assessed at the contract level. If the consideration in the contract includes price variation clause or there are amendments in contracts, the Company estimates the amount of consideration to which it will be entitled in exchange for work performed.

Notes

to the standalone financial statement as at and for the year ended March 31, 2022

Due to the nature of the work required to be performed on many of the performance obligations, the estimation of total revenue and cost of completion is complex, subject to many variables and requires significant judgment. Variability in the transaction price arises primarily due to liquidated damages, price variation clauses, changes in scope, incentives, if any. The Company considers its experience with similar transactions and expectations regarding the contract in estimating the amount of variable consideration to which it will be entitled and determining whether the estimated variable consideration should be constrained. The Company includes estimated amounts in the transaction price to the extent it is probable that a significant reversal of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is resolved. The estimates of variable consideration are based largely on an assessment of anticipated performance and all information (historical, current and forecasted) that is reasonably available.

Progress billings are generally issued upon completion of certain phases of the work as stipulated in the contract. Billing terms of the over-time contracts vary but are generally based on achieving specified milestones. The difference between the timing of revenue recognised and customer billings result in changes to contract assets and contract liabilities. Payment is generally due upon receipt of the invoice, payable within 90 days or less. Contractual retention amounts billed to customers are generally due upon expiration of the contract period.

The contracts generally result in revenue recognised in excess of billings which are presented as contract assets on the statement of financial position. Amounts billed and due from customers are classified as receivables on the statement of financial position. The portion of the payments retained by the customer until final contract settlement is not considered a significant financing component since it is usually intended to provide customer with a form of security for Company's remaining performance as specified under the contract, which is consistent with the industry practice. Contract liabilities represent amounts billed to customers in excess of revenue recognised till date. A liability is recognised

for advance payments and it is not considered as a significant financing component because it is used to meet working capital requirements at the time of project mobilisation stage. The same is presented as contract liability in the statement of financial position.

Estimates of revenues, costs or extent of progress toward completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are reflected in profit or loss in the period in which the circumstances that give rise to the revision become known by management.

For construction contracts the control is transferred over time and revenue is recognised based on the extent of progress towards completion of the performance obligations. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately. The percentage of completion was calculated according to the nature and the specific risk of each contract in order to reflect the effective completion of the project. This percentage of completion could be based on technical milestones or as per the contractual terms specified. A construction contract is considered completed when the last technical milestone is achieved, which occurs upon contractual transfer of ownership of the asset.

(ii) Sale of Services (Operation and Maintenance contracts)

Revenue from providing operating and maintenance services is recognised in the accounting period in which the services are rendered. Invoices are issued according to contractual terms and are usually payable as per the credit period agreed with the customer.

(iii) Interest income

Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost using the effective interest method is recognised in the statement of profit and loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently

Notes

to the standalone financial statement as at and for the year ended March 31, 2022

become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

(iv) Other income

All other income is accounted on accrual basis when no significant uncertainty exist regarding the amount that will be received.

(g) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Company measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses / tax credits only if it is probable that future taxable amounts will be available to utilise those temporary differences.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities

are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(h) Leases

As a lessee

Leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable and
- payments of penalties for terminating the lease, if the lease term reflects the Company exercising that option.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Company:

- where possible, uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received
- uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk for leases held by Company, which does not have recent third party

Notes

to the standalone financial statement as at and for the year ended March 31, 2022

financing, and makes adjustments specific to the lease, e.g. term, country, currency and security.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

Payments associated with short-term leases of equipment and all leases of low-value assets are recognized on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise IT equipment and small items of office furniture.

(i) Impairment of non-financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(j) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

(k) Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Company holds the trade receivables with the objective to collect the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

(l) Inventories

Inventories are stated at lower of cost and net realizable value.

Cost of raw material, stores and spare parts and construction materials includes cost of purchases and other cost incurred in bringing the inventories to the present location and condition. Cost is determined using weighted average method.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to complete the contract.

(m) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument.

Notes

to the standalone financial statement as at and for the year ended March 31, 2022

Financial Assets: Classification

The Company classifies its financial assets in the following measurement categories:

- those measured subsequently at fair value (either through other comprehensive income, or through profit or loss) and
- those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Initial recognition and measurement

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through Statement of Profit or Loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed of in the Statement of Profit or Loss.

Subsequent measurement

After initial recognition, financial assets are measured at:

- fair value (either through other comprehensive income, or through profit or loss)
- amortized cost

When assets are measured at fair value, gains and losses are either recognised in the statement of profit and loss (i.e. fair value through profit or loss (FVTPL)), or recognised in other comprehensive income (i.e. fair value through other comprehensive income (FVOCI)).

- (i) Financial assets measured at amortised cost:
Assets that are held for collecting contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in financial income using effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gain/(losses).

- (ii) Financial assets measured at Fair Value through Other Comprehensive Income ("FVTOCI"):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains of losses, interest income and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains/(losses) and impairment expenses are presented as separate line item in statement of profit and loss.

- (iii) Financial assets measured at Fair Value through Profit or Loss ("FVTPL"):

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

Debt instruments

Subsequent measurement of debt instruments depends on the Company business model for managing the asset and the cash flow characteristics of the asset. Debt instrument are classified as amortised cost instruments.

Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses (ECL) associated with its financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 39(i) details how the Company determines whether there has been a significant increase in credit risk.

Notes

to the standalone financial statement as at and for the year ended March 31, 2022

For trade receivables (including contract assets), the Company applies the simplified approach required by Ind AS 109, which requires lifetime ECL to be recognised as loss allowances.

Derecognition of Financial Assets

A financial asset is derecognized only when:

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

Financial Liabilities:

Initial recognition and measurement

Financial liabilities are initially measured at its fair value plus or minus, in the case of a financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the issue/origination of the financial liability.

Subsequent Measurement

Financial liabilities are classified as measured at amortized cost. Financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in statement of profit and loss. Any gain or loss on derecognition is also recognized in statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss as other gains/(losses).

(n) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(o) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Notes

to the standalone financial statement as at and for the year ended March 31, 2022

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on a pro-rata basis on the written down value (WDV) / Straight Line Method (SLM) over the estimated useful lives of the assets, based on technical evaluation done by management's expert, which are higher than those specified by Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets. The useful life, residual value and the depreciation method are reviewed at least at each financial year end. If the expectations differ from previous estimates, the changes are accounted for prospectively as a change in accounting estimate.

The management estimates useful lives of the tangible fixed assets as follows:

	Life in year	Depreciation method
Building	60	SLM
Plant and machinery	20/15	WDV
Shuttering	5	SLM
Computers	3	SLM
Furniture and fixtures	10	SLM
Vehicles	8	WDV

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses). (Also refer note 2(a)).

(p) Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write-down of the asset to fair value less costs to sell. A gain is recognised for any subsequent increases

in fair value less costs to sell of an asset, but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset is recognised at the date of de-recognition.

Non-current assets are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale continue to be recognised.

Non-current assets classified as held for sale are presented separately from the other assets in the balance sheet.

(q) Investment Property

Property that is held for long-term rental yields or for capital appreciation or both, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

Investment properties are depreciated using the straightline method over their estimated useful lives. Investment properties generally have a useful life of 60 years. The useful life has been determined based on technical evaluation performed by the management expert.

(r) Intangible assets

Costs associated with maintaining software programmes are recognised as an expense as incurred.

Purchases costs are recorded as intangible assets and amortised from the point at which the asset is available for use.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of its intangible assets measured as per the previous GAAP and use that carrying value as the deemed cost of the intangible assets.

Notes

to the standalone financial statement as at and for the year ended March 31, 2022

Amortisation methods and periods

The Company amortises intangible assets with a finite useful life using the straight-line method over the following periods:

	Life in year	Depreciation method
Computer Software	6	SLM

(s) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. The amounts are unsecured. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

(t) Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

(u) Provisions and contingent liabilities

Provisions

Provisions are recognised when Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required

to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company, or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

(v) Employee benefits

(i) Short term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other long term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

Notes

to the standalone financial statement as at and for the year ended March 31, 2022

The obligations are presented as current liabilities in the balance sheet if the company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The company operates the following post-employment schemes.

- Defined benefit plan i.e. gratuity
- Defined contribution plans such as provident fund, superannuation etc.

Gratuity obligations

The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

Defined contribution plans

The company pays contribution to defined contribution schemes such as provident fund etc. The company has no further payment obligation once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due.

Bonus plans

The Company recognises a liability and an expense for bonuses. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

(w) Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(x) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(y) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- The profit attributable to owners of the company
- By the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and

Notes

to the standalone financial statement as at and for the year ended March 31, 2022

- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(z) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest million as per the requirement of Schedule III, unless otherwise stated.

Note 2: Critical estimates and judgments

The preparation of the financial statements requires use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgment in applying the Company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgments or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgments are:

(a) Estimation of useful life of Property, plant and equipment

The Company estimates the useful life of the Property, plant and equipment as mentioned in Note 1(o) above, which is based on the expected technical obsolescence of such assets. However, the actual useful life may be shorter or longer than the life estimated, depending on technical innovations and competitor actions.

(b) Estimation of defined benefit obligation

The cost of the defined benefit gratuity plan and other post-employment employee benefits and the present value

of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on publicly available Indian Assured Lives Mortality (2012-14) Ultimate. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries. Refer note 44 for key actuarial assumptions.

(c) Estimation of fair value of level 3 financial instruments

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Company uses its judgment to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. Refer note 38 on fair value measurements where the assumptions and methods to perform the same are stated.

(d) Revenue recognition for construction contract

Refer note 1(f) and note 52

(e) Impairment of trade receivables (including Contract Assets) – Refer note 1(k) and 7,11, 16(a) and 39(i)

(ii) Fair value hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are measured at amortised cost and for which fair values are disclosed in the financial statements.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes instruments like listed equity instruments, traded bonds and mutual funds that have quoted price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives etc) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Note 39 - Financial Risk Management

The Company's activities expose it to a variety of financial risks namely credit risk, liquidity risk and market risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

(i) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Financial instruments that are subject to credit risk and concentration thereof principally consist of trade receivables, contract assets, security deposits and cash and cash equivalents.

Management makes the assessment of the credit risk on trade receivables and contract assets considering the customer profile. Customers of the company mainly consists of the government promoted entities and some large private corporates. In case of government customers which forms the majority of the revenue, credit risk is low.

Considering the nature of business, each contract and its customer is evaluated for the purpose of assessment of allowances. The reasons for allowances could be recovery of claims, disputes with customer, customers ability to pay, delays in approval by government authorities, and expected time to recover the amount. Management makes an assessment considering facts of each contract, past trends, terms of the contract and accordingly considers the need for allowances, if any.

(A) The following table gives details in respect of percentage of revenue generated from government promoted agencies and highly rated corporate:

Particulars	Year ended March 31, 2022	Year ended March 31, 2021
Revenue from government promoted agencies	73%	73%
Revenue from private corporates	27%	27%
	100%	100%

The Company secured contracts by submitting bids in response to tenders in terms of which it is required to form Special Purpose Vehicle (SPV) Companies (subsidiary Companies) to execute the awarded projects. As at March 31, 2022 the company has 9 SPV's (As at March 31, 2021 the company had 4 SPV's) who have received contracts from government promoted agencies and revenue related to SPV's for work executed by the Company has been grouped in Revenue from government promoted agencies.

Note on recoverability of amount due from certain trade receivables

The Company has long outstanding dues amounting to ₹305.81 Million (as at March 31, 2021 ₹496.53 Million) from certain customers which due to liquidity issues have remain unpaid. There is no dispute on the said balances and balances have been confirmed by the parties. The Company is very actively engaged with them for recovery of the said balance. Based on the latest discussions, correspondences exchanges, evaluation of the credit profile of the customer, the Company has considered a provision of ₹194.42 Million (for the year ended March 31, 2021 ₹230.24 Million) towards the said balances.

The Company has started arbitration as per the terms of the contract with a customer towards recovery of outstanding claims and the arbitrator has given the award in favour of the Company. However, the arbitrator also accepted a counter claim of the customer amounting to ₹111.70 Million (as at March 31, 2021 ₹111.70 Million) which according to the management is not justified and has been subsequently challenged in the High Court. Based on the management assessment, which is also supported by the legal opinion, the counter claim of ₹111.70 Million (as at March 31, 2021 ₹111.70 Million) appears to be against public policy, expected to result in favor of the Company and accordingly the possibility of an outflow of resources is assessed to be remote and hence the same has not been disclosed as contingent liability.

These amounts will be payable in case of default by the subsidiary Companies. As of the reporting date, the subsidiary Companies has not defaulted and hence, the Company does not have any present obligation to third parties in relation to such guarantee.

(iii) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risks i.e. interest rate risk and currency risk. Financial instruments affected by market risk include borrowings and creditors for capital expenditures.

(a) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates is very less and relates primarily to the Company's creditors for capital expenditures. The Company's foreign currency risks are identified, measured and managed at periodic intervals in accordance with the Company's policies. As at March 31, 2022, Company's foreign currency exposure amounts to ₹45.03 Million (as at March 31, 2021 ₹ Nil Million).

1. Foreign currency risk exposure

The Company's exposure to foreign currency risk at the end of the reporting periods, expressed in Euro are as follows:

Particulars	(Amount in ₹ Millions)	
	As at March 31, 2022	As at March 31, 2021
Financial liabilities		
Euro	0.53	-
Capital creditors (In INR)	45.03	-
Exposure to foreign currency risk (liabilities)	45.03	-

2. Sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in Euro exchange rates with all other variables held constant.

Particulars	Change in Euro rate	(Amount in ₹ Millions)	
		Increase / (Decrease) in profit before tax	
		Year ended March 31, 2022	Year ended March 31, 2021
Increase in exchange rate	5%	(2.25)	-
Decrease in exchange rate	5%	2.25	-

(b) Interest risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to risk of changes in market rate is limited to short term working capital loans taken from banks as the Company's long term borrowings bear fixed interest rate.

Notes

forming part of the standalone financial statement as at and for the year ended March 31, 2022

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The Company manages the interest rate risk by having a balanced portfolio of fixed and variable rate borrowings. The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

1. Interest rate exposure

(Amount in ₹ Millions)

Particulars	As at	As at
	March 31, 2022	March 31, 2021
Variable rate borrowings	438.75	568.02
Fixed rate borrowings	2,707.80	2,321.91
Total borrowings	3,146.55	2,889.93

An analysis by maturities is provided in Liquidity risk note above.

2. Sensitivity

Profit or loss is sensitive to higher / lower interest expense as a result of changes in interest rates. A 20 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates. With all other variables held constant, the Company's profit before tax will be impacted by a change in interest rate as follows:

(Amount in ₹ Millions)

Particulars	Increase / (Decrease) in profit before tax	
	Year ended March 31, 2022	Year ended March 31, 2021
Increase in interest rate by 20 basis points (20 bps)	(5.74)	(5.82)
Decrease in interest rate by 20 basis points (20 bps)	5.74	5.82

Note 40 - Capital Management

(a) Risk Management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company and borrowings.

The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to our shareholders. The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets.

The Company's aim is to translate profitable growth to superior cash generation through efficient capital management. The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

(ii) Post employment obligations

(a) Defined Contribution Plans:

Provident fund

Employers' contribution to employees' pension scheme 1995

Employers' contribution to Employee State Insurance Corporation (ESIC)

The provident fund and pension scheme are operated by regional provident fund commissioner. Under the scheme, the Company is required to contribute a specified percentage of payroll cost to the retirement benefit schemes to fund the benefits.

The Company has recognised the following amounts in the Statement of Profit and Loss for the year:

(Amount in ₹ Millions)

Particulars	Year ended	Year ended
	March 31, 2022	March 31, 2021
Contribution to Provident Fund	12.59	13.10

Contribution to Pension Fund	16.39	16.78
	32.94	35.26

(b) Defined Benefit Plans:

Gratuity

The company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years

Notes

of service. Contributions are made to a gratuity based upon actuarial valuation done at the year end of every financial year using "Projected Unit Credit" method. The charge on account of provision for gratuity has been included in Employee Benefits Expense in the Statement of Profit and Loss except remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in other comprehensive income.

The amounts recognised in the Balance Sheet and the movements in the net defined benefit obligation over the year are as follows:

Notes

forming part of the standalone financial statement as at and for the year ended March 31, 2022

The significant actuarial assumptions were as follows:

Particulars	As at March 31, 2022	As at March 31, 2021
Discount rate (per annum)	5.50%	4.45%
Salary growth rate	12.50%	10.00%
Expected Return on plan assets	7.02%	6.50%
Expected average remaining working lives of employees	Indian Assured Lives Mortality (2012-14)	Indian Assured Lives Mortality (2012-14)

Sensitivity Analysis

The sensitivity of the defined benefit obligation to increase and decrease in the weighted principal assumptions by 0.50% is as below:

Particulars	Year ended March 31, 2022		Year ended March 31, 2021	
	Discount	Salary escalation	Discount	Salary escalation
Impact of increase in 50 BPS on DBO	96.39	99.79	64.73	66.68
Impact of Decrease in 50 BPS on DBO	99.99	96.55	66.77	64.81

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance Sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

(iii) The major categories of plans assets are as follows:

The plan asset for the funded gratuity plan is administered by Life Insurance Corporation of India ('LIC') as per the investment pattern stipulated for Pension and Group Schemes fund by Insurance Regulatory and Development Authority regulations i.e. 100% of plan assets are invested in insurer managed fund. Quoted price of the same is not available in active market.

(iv) Risk Exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

Demographic Risk: This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

Asset volatility: The plan liabilities are calculated using a discount rate set with reference to bond yields; if plan assets underperform this yield, this will create a deficit. 100% of the plan asset investments is in insurer managed funds. These are subject to interest rate risk and the fund manages interest rate risk with derivatives to minimise risk to an acceptable level.

Salary Inflation Risk: Higher than expected increases in salary will increase the defined benefit obligation.

Interest-Rate Risk: The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

Notes

forming part of the standalone financial statement as at and for the year ended March 31, 2022

(v) Defined Benefit Liability and Employer Contributions

The Company considers that the contribution rates set at the last valuation date are sufficient to eliminate the deficit over the agreed period and that regular contributions, which are based on service costs, will not increase significantly.

Expected contributions to post-employment benefit plans for the year ending March 31, 2022 are ₹10 Million (Year ending March 31, 2021 ₹10 Million)

The weighted average duration of the defined benefit obligation is 3.66 years (March 31, 2021: 3.11 years). The expected maturity analysis of undiscounted gratuity is as follows:

Maturity Analysis of the Projected Benefit Obligations - Gratuity		(Amount in ₹ Millions)

(c) The Company has evaluated the impact of the Supreme Court (SC) judgement dated February 28, 2019 in case of "Vivekananda Vidyamandir And Others Vs The Regional Provident Fund Commissioner (II) West Bengal" and the related circular (Circular No. C-1/1(33)2019/Vivekananda Vidya Mandir/284) dated March 20, 2019 issued by the Employees' Provident Fund Organisation in relation to non-exclusion of certain allowances from the definition of "basic wages" of the relevant employees for the purposes of determining contribution to provident fund under the Employees' Provident Funds & Miscellaneous Provisions Act, 1952. In the assessment of the management which is supported by legal advice, the Company believes that the aforesaid judgement does not have material impact on the Company. The Company will continue to monitor and evaluate its position based on future events and developments.

Note 47 - Disclosure of operating leases under Ind AS 116

The Company rents out its equipment on operating lease basis. All the arrangements are cancellable and are generally ranging in the period of 1 months to 6 months. There are no contingent rents recognised as income in the period.

Significant judgment: classification of joint arrangements

The Company has entered into Partnership firms / Association of person whose legal form confers separation between the parties to the joint arrangement and the Company itself. Also, as per the contractual arrangements, the parties to the joint arrangement have rights to the assets and obligations for the liabilities, relating to the arrangement. Accordingly the Joint arrangements have been identified as joint operations.

Financial impact of Joint controlled operations

The Company accounts for assets, liabilities, revenue and expenses relating to its interest in joint controlled operations based on the internal agreements/arrangements entered into between the parties to the joint arrangements for execution of projects. Accordingly the Company has recognised total income from operations ₹51.07 Million (for the year ended March 31, 2021 ₹81.48 Million), total expenditure (including tax) ₹50.92 Million (for the year ended March 31, 2021 ₹80.91 Million), total assets as at March 31, 2022 ₹54.65 Million (as at March 31, 2021 ₹46.04 Million) and total liabilities as at March 31, 2022 ₹51.41 Million (as at March 31, 2021 ₹40.61 Million).

Consolidated Financial Statements

Independent Auditor's Report

To the Members of H.G. Infra Engineering Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of H.G. Infra Engineering Limited in which are incorporated 3 jointly controlled operations (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), (refer Note 50 to the attached consolidated financial statements), which comprise the consolidated Balance Sheet as at March 31, 2022, and the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement of Changes in Equity and the consolidated Cash Flow Statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2022, of consolidated total

comprehensive income (comprising of profit and other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph 14 and 15 of the Other Matters section below, is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
<p>1) Estimation of contract cost and revenue recognition (Refer to note 1(f)(i), 2(d), 28 and 51 of the consolidated financial statements)</p> <p>The contract revenue amounts to ₹35,573.66 Million for engineering, procurement and construction contracts, which usually extend over a period of 2-3 years, and the contract prices are fixed and in some cases, subject to price variance clauses.</p> <p>The contract revenue is measured based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs.</p>	<p>Our procedures over the recognition of revenue included the following:</p> <ul style="list-style-type: none"> • Understood and evaluated the design and tested the operating effectiveness of key internal financial controls, including those related to review and approval of estimated project cost and review of provision for estimated loss by the authorised representatives. • For sample of contracts, we obtained the percentage of completion calculations, agreed key contractual terms to the signed contracts, tested the mathematical accuracy of the cost to complete calculations and re-performed the calculation of revenue recognized during the year based on the percentage of completion.

Key audit matter

This method requires the Holding Company to perform an initial assessment of total estimated cost and reassess the total construction cost at each reporting period end to determine the appropriate percentage of completion.

We considered the estimation of construction contract cost as a key audit matter given the involvement of significant management judgement which has consequential impact on revenue recognition.

How our audit addressed the key audit matter

- For costs incurred to date, we tested samples to appropriate supporting documentation and performed cut off procedures.
- To test the forecast cost to complete, we obtained the breakdown of costs forecasts and tested elements of the forecast by obtaining executed purchase orders and agreements, evaluating reasonableness of management's judgements and assumptions using past trends and comparing the estimated costs to the actual costs incurred for the similar completed projects.
- Checked the related disclosures in the financial statements.

Based on the above procedures performed, we considered the manner of estimation of contract cost and recognition of revenue to be reasonable.

2) Valuation of accounts receivable and contract assets in view of risk of credit losses

(Refer to the Note 1(k), 38(i), 6 and 10 – Trade receivables and Note 15(a) for contract assets).

Accounts receivable and contract assets are significant items in the Holding Company's standalone financial statements aggregating to INR 10,718.62 Million as of March 31, 2022 and provision for impairment of receivables and contract assets is an area which is influenced by management's estimates and judgment. The provision for impairment of receivables and contract assets amounted to INR 187.94 million as at March 31, 2022.

The Holding Company has a concentration of credit exposure on certain customers, which include government and private organisations, where there are delays in collections due to various reasons. The management has assessed the appropriateness of provisions recognised, as applicable, on receivables and contract assets, based on factors such as the credit risk of the customer, status of the project, discussions with the customers and contractual terms. This involves significant judgement.

Given the relative significance of these receivables and contract assets to the consolidated financial statements and the nature and extent of audit procedures involved to assess the recoverability of receivables and contract assets, we determined this to be a key audit matter.

Our audit procedures included the following:

- Understanding, evaluating the design and testing the operating effectiveness of key internal financial controls in relation to determination of estimated credit loss.
- Obtaining confirmation from parties, on a sample basis, with respect to outstanding balances.
- Inquiry procedures with senior management of the Company regarding status of collectability of the receivable and contract assets.
- Perusal of correspondences with the customers.
- Assessing the inputs used by the Management to determine the amount of allowances by considering factors such as credit risk of the customer, cash collections, past history and status of the project, and correspondence with customers.
- Checked the related disclosures in the financial statements.

Based on our work as stated above, no significant deviations were observed in respect of management's assessment of valuation of accounts receivables and contract assets.

Other Information

5. The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Directors' Report, Corporate Governance Report and Other Information included in Annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the

audit or otherwise appears to be materially misstated. If, based on the work we have performed and the reports of the other auditors as furnished to us (Refer paragraph 14 and 15 below), we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

6. The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows, and changes in equity of the Group including in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.
7. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
8. The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.
9. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
10. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on

the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
11. We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 13. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

14. We did not audit the financial statements of 3 jointly controlled operations included in the standalone financial statements of the Holding Company, whose financial statements reflect total assets of ₹54.65 Million and net assets of ₹3.24 Million as at March 31, 2022, total revenue of ₹50.98 Million, total comprehensive income (comprising of profit and other comprehensive income) of ₹0.15 Million and net cash outflows amounting to ₹0.31 Million for the year then ended. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us by the management, and our opinion on the financial statements (including other information) in so far as it relates to the amounts and disclosures included in respect of these jointly controlled operations is based solely on the reports of such other auditors.
15. We did not audit the financial statements of nine subsidiaries included in the consolidated financial statements whose financial statements reflect total assets of ₹14,290.01 million and net assets of ₹4,263.08 million as at March 31, 2022, total revenue of ₹9,501.50 million, total comprehensive income (comprising of profit and other comprehensive income) of ₹412.74 million and net cash outflows amounting to ₹22.02 million for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the consolidated financial statements insofar as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information insofar as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

16. As required by paragraph 3(xxi) of the Companies (Auditor's Report) Order, 2020 ("CARO 2020"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we report that there are no qualifications or adverse remarks included by the respective auditors in their CARO 2020 reports issued in respect of the standalone financial statements of the companies which are included in these Consolidated Financial Statements.

17. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account and records maintained for the purpose of preparation of the consolidated financial statements.
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2022 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Holding Company and its subsidiaries incorporated in India is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of internal financial controls with reference to consolidated financial statements of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure A.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

Annexure A to Independent Auditor's Report

Referred to in paragraph 17(f) of the Independent Auditor's Report of even date to the members of H.G. Infra Engineering Limited on the consolidated financial statements for the year ended March 31, 2022

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

1. In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to financial statements of H.G. Infra Engineering Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, which are companies incorporated in India, as of that date. Reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to financial statements is not applicable to 3 jointly controlled operations.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding Company and its subsidiary companies, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to financial statements is applicable, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent

applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts

and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

9. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements insofar as it relates to 9 subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not modified in respect of this matter.

- it expects to settle the liability in its normal operating cycle
- it holds the liability primarily for the purpose of trading
- the liability is due to be settled within twelve months after the reporting period, or
- there is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents.

Based on the nature of operations and the time between the acquisition of assets for processing and their realization in cash or cash equivalents, the Group has ascertained its operating cycle as twelve months for the purpose of current, non current classification of assets and liabilities.

(c) Principles of consolidation and equity accounting

(i) Subsidiaries

Subsidiaries are all entities (including structured entities) over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity.

Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances

and unrealised gains on transactions between group Companies are eliminated (Refer note 54). Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group. Details of the Subsidiaries are set out in note 50.

(ii) Jointly controlled operation

The Parent Company recognises its direct right to the assets, liabilities, revenues and expenses of joint operations and its share of any jointly held or incurred assets, liabilities, revenues and expenses. These have been incorporated in the financial statements under the appropriate headings. Details of the jointly controlled operations are set out in note 50.

(iv) Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates are recognised as a reduction in the carrying amount of the investment.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the group and its associate are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described in note 1(m) below.

Notes

to the Consolidated financial statements as at and for the year ended March 31, 2022

(d) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The Managing Director of the Holding Company has been identified as CODM and he assesses the financial performance and position of the Holding Company, and makes strategic decisions. Refer Note 40 for segment information presented.

(e) Foreign currency translation

(i) Functional and presentation currency

Items included in the consolidated financial statements of the Group are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The consolidated financial statements are presented in Indian rupee, which is H. G. Infra Engineering Limited functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in profit or loss.

(f) Revenue recognition

The Group derives revenue principally from following streams:

- Construction contracts
- Service concession arrangement
- Sale of Services (Operation and Maintenance contracts)

(i) Construction contracts

The Group recognises revenue from engineering, procurement and construction contracts ('EPC') over the period of time, as performance obligations are satisfied over time due to continuous transfer of control to the customer. EPC contracts are generally accounted for as a single performance obligation as it involves complex integration of goods and services.

The performance obligations are satisfied over time as the work progresses. The Group recognises revenue using input method (i.e percentage-of-completion method), based primarily on contract cost incurred to date compared to total estimated contract costs. Changes to total estimated contract costs, if any, are recognised in the period in which they are determined as assessed at the contract level. If the consideration in the contract includes price variation clause or there are amendments in contracts, the Group estimates the amount of consideration to which it will be entitled in exchange for work performed.

Due to the nature of the work required to be performed on many of the performance obligations, the estimation of total revenue and cost of completion is complex, subject to many variables and requires significant judgment. Variability in the transaction price arises primarily due to liquidated damages, price variation clauses, changes in scope, incentives, if any. The Group considers its experience with similar transactions and expectations regarding the contract in estimating the amount of variable consideration to which it will be entitled and determining whether the estimated variable consideration should be constrained. The Group includes estimated amounts in the transaction price to the extent it is probable that a significant reversal of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is resolved. The estimates of variable consideration are based largely on an assessment of anticipated performance and all information (historical, current and forecasted) that is reasonably available.

Progress billings are generally issued upon completion of certain phases of the work as stipulated in the contract. Billing terms of the over-time contracts vary but are generally based on achieving specified milestones. The difference between the timing of revenue recognised and customer billings result in changes to contract assets and contract liabilities. Payment is generally due upon receipt of the invoice, payable within 90 days or less. Contractual retention amounts billed to customers are generally due upon expiration of the contract period.

Notes

to the Consolidated financial statements as at and for the year ended March 31, 2022

The contracts generally result in revenue recognised in excess of billings which are presented as contract assets on the statement of financial position. Amounts billed and due from customers are classified as receivables on the statement of financial position. The portion of the payments retained by the customer until final contract settlement is not considered a significant financing component since it is usually intended to provide customer with a form of security for Group's remaining performance as specified under the contract, which is consistent with the industry practice. Contract liabilities represent amounts billed to customers in excess of revenue recognised till date. A liability is recognised for advance payments and it is not considered as a significant financing component because it is used to meet working capital requirements at the time of project mobilisation stage. The same is presented as contract liability in the statement of financial position.

Estimates of revenues, costs or extent of progress toward completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are reflected in profit or loss in the period in which the circumstances that give rise to the revision become known by management.

For construction contracts the control is transferred over time and revenue is recognised based on the extent of progress towards completion of the performance obligations. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately. The percentage of completion was calculated according to the nature and the specific risk of each contract in order to reflect the effective completion of the project. This percentage of completion could be based on technical milestones or as per the contractual terms specified. A construction contract is considered completed when the last technical milestone is achieved, which occurs upon contractual transfer of ownership of the asset.

(ii) **Service concession arrangement**

Construction revenue from Hybrid Annuity Contracts

The Group constructs the infrastructure (road) used to provide a public service and operates and

maintains that infrastructure for a specified period of time. Under Appendix D to Ind AS 115, Revenue from Contracts with Customers, this arrangement is accounted for based on the nature of the consideration. The financial asset is used when the Company has an unconditional right to receive cash or another financial asset from or at the direction of the grantor for the construction services.

Design - Build - Operate - Transfer (DBOT) contracts on hybrid annuity basis contain three streams of revenue – Construction revenue, Financing income and Operations and maintenance (O&M) income. The construction stream of DBOT revenues are accounted for in the construction phase of DBOT, O&M income is recognised in the operating phase of the DBOT, while finance income is recognised over a concession period based on the imputed interest method.

The subsidiary recognises and measures revenue, costs and margin for providing construction services during the period of construction of the infrastructure, on the same basis as that for construction contract referred to in Note 1(f)(i).

(iii) **Sale of Services (Operation and Maintenance contracts)**

Revenue from providing operating and maintenance services is recognised in the accounting period in which the services are rendered. Invoices are issued according to contractual terms and are usually payable as per the credit period agreed with the customer.

(iv) **Interest income**

Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost using the effective interest method is recognised in the statement of profit and loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net

Notes

to the Consolidated financial statements as at and for the year ended March 31, 2022

carrying amount of the financial asset (after deduction of the loss allowance).

(v) Other income

All other income is accounted on accrual basis when no significant uncertainty exist regarding the amount that will be received.

(g) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Group measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses / tax credits only if it is probable that future taxable amounts will be available to utilise those temporary differences.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to

offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(h) Leases

As a lessee

Leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Group.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable and
- payments of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Company:

- where possible, uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received
- uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk for leases held by Company, which does not have recent third party financing, and makes adjustments specific to the lease, e.g. term, country, currency and security.

Notes

to the Consolidated financial statements as at and for the year ended March 31, 2022

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

Payments associated with short-term leases of equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise IT equipment and small items of office furniture.

(i) Impairment of non-financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(j) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on

hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

(k) Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Group holds the trade receivables with the objective to collect the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

(l) Inventories

Inventories are stated at lower of cost and net realizable value.

Cost of raw material, stores and spare parts and construction materials includes cost of purchases and other cost incurred in bringing the inventories to the present location and condition. Cost is determined using weighted average method.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to complete the contract.

(m) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognized when the Group becomes a party to the contractual provisions of the instrument.

Notes

to the Consolidated financial statements as at and for the year ended March 31, 2022

Financial Assets:

Classification

The Group classifies its financial assets in the following measurement categories:

- those measured subsequently at fair value (either through other comprehensive income, or through profit or loss) and
- those measured at amortized cost.

The classification depends on the entities business model for managing the financial assets and the contractual terms of the cash flows.

Initial recognition and measurement

Financial assets are recognized when the Entity becomes a party to the contractual provisions of the instrument. Financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through Statement of Profit or Loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed of in the Statement of Profit or Loss.

Subsequent measurement

After initial recognition, financial assets are measured at:

- fair value (either through other comprehensive income, or through profit or loss)
- amortized cost

When assets are measured at fair value, gains and losses are either recognised in the statement of profit and loss (i.e. fair value through profit or loss (FVTPL)), or recognised in other comprehensive income (i.e. fair value through other comprehensive income (FVOCI)).

- (i) Financial assets measured at amortised cost:
Assets that are held for collecting contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in financial income using effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gain/(losses).

- (ii) Financial assets measured at Fair Value through Other Comprehensive Income ("FVTOCI"):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains of losses, interest income and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains/(losses) and impairment expenses are presented as separate line item in statement of profit and loss.

- (iii) Financial assets measured at Fair Value through Profit or Loss ("FVTPL"):

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

Debt instruments

Subsequent measurement of debt instruments depends on the entities business model for managing the asset and the cash flow characteristics of the asset. Debt instrument are classified as amortised cost instruments.

Impairment of Financial Assets

The Group assesses on a forward looking basis the expected credit losses (ECL) associated with its financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 36(i) details how the Group determines whether there has been a significant increase in credit risk.

For trade receivables only, the Group applies the simplified approach required by Ind AS 109, which requires expected

Notes

to the Consolidated financial statements as at and for the year ended March 31, 2022

lifetime losses to be recognised from initial recognition of the receivables.

Derecognition of Financial Assets

A financial asset is derecognized only when:

- the Group has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

Financial Liabilities:

Initial recognition and measurement

Financial liabilities are initially measured at its fair value plus or minus, in the case of a financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the issue/origination of the financial liability.

Subsequent Measurement

Financial liabilities are classified as measured at amortized cost. Financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in statement of profit and loss. Any gain or loss on derecognition is also recognized in statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or

expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss as other gains/(losses).

(n) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

(o) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Transition to Ind AS

On transition to Ind AS, the Group has elected to continue with the carrying value of all of its property, plant and equipment measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on a pro-rata basis on the written down value (WDV) / Straight Line Method (SLM) over the estimated useful lives of the assets, based on technical evaluation done by management's expert, which are higher than those specified by Schedule II to the Companies Act,

Notes

to the Consolidated financial statements as at and for the year ended March 31, 2022

2013, in order to reflect the actual usage of the assets. The useful life, residual value and the depreciation method are reviewed at least at each financial year end. If the expectations differ from previous estimates, the changes are accounted for prospectively as a change in accounting estimate.

The management estimates useful lives of the tangible fixed assets as follows:

	Life in year	Depreciation method
Building	60	SLM
Plant and machinery	20/15	WDV
Shuttering	5	SLM
Computers	3	SLM
Furniture and fixtures	10	SLM
Vehicles	8	WDV

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/ (losses). **(Also refer note 2(a)).**

(p) Investment Property

Property that is held for long-term rental yields or for capital appreciation or both, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

Investment properties are depreciated using the straightline method over their estimated useful lives. Investment properties have a useful life of 60 years. The useful life has been determined based on technical evaluation performed by the management expert.

(q) Intangible assets

Costs associated with maintaining software programmes are recognised as an expense as incurred.

Purchases costs are recorded as intangible assets and amortised from the point at which the asset is available for use.

Transition to Ind AS

On transition to Ind AS, the Group has elected to continue with the carrying value of its intangible assets measured as per the previous GAAP and use that carrying value as the deemed cost of the intangible assets.

Amortisation methods and periods

The Group amortises intangible assets with a finite useful life using the straight-line method over the following periods:

	Life in year	Depreciation method
Computer Software	6	SLM

(r) Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of the financial year which are unpaid. The amounts are unsecured. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

(s) Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as current liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

Notes

to the Consolidated financial statements as at and for the year ended March 31, 2022

(t) Provisions and contingent liabilities

Provisions

Provisions are recognised when Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group, or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

(u) Employee benefits

(i) Short term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other long term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected

unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the group does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The group operates the following post-employment schemes.

- Defined benefit plan i.e. gratuity
- Defined contribution plans such as provident fund, superannuation etc.

Gratuity obligations

The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Notes

to the Consolidated financial statements as at and for the year ended March 31, 2022

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

Defined contribution plans

The Group pays contribution to defined contribution schemes such as provident fund etc. The group has no further payment obligation once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due.

Bonus plans

The Group recognises a liability and an expense for bonuses. The Group recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

(v) Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(w) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(x) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- The profit attributable to owners of the Group
- By the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year

ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and

- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(y) Rounding of amounts

All amounts disclosed in the consolidated financial statements and notes have been rounded off to the nearest million as per the requirement of Schedule III, unless otherwise stated.

Note 2: Critical estimates and judgements

The preparation of the consolidated financial statements requires use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Group's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgements or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the consolidated financial statements.

The areas involving critical estimates or judgements are:

(a) Estimation of useful life of Property, plant and equipment

The Group estimates the useful life of the Property, plant and equipment as mentioned in Note 1(o) above, which is based on the expected technical obsolescence of such assets. However, the actual useful life may be shorter or longer than the life estimated, depending on technical innovations and competitor actions.

(b) Estimation of defined benefit obligation

The cost of the defined benefit gratuity plan and other post-employment employee benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions

Notes

to the Consolidated financial statements as at and for the year ended March 31, 2022

are reviewed at each reporting date. The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on publicly available Indian Assured Lives Mortality (2012-14) Ultimate. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries. Refer note 43 for key actuarial assumptions.

(c) Estimation of fair value of level 3 financial instruments

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Group uses its judgement to select a variety of

methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. Refer note 37 on fair value measurements where the assumptions and methods to perform the same are stated.

(d) Revenue recognition for construction contract

(ii) Fair value hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are measured at amortised cost and for which fair values are disclosed in the financial statements.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes instruments like listed equity instruments, traded bonds and mutual funds that have quoted price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives etc) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(iii) Fair value of financial instruments measured at amortised cost - Level 3

The carrying amounts of short term loans, trade receivables, cash and cash equivalents, bank balances other than cash and cash equivalents, security deposits, other receivables, trade payables, current borrowings, interest accrued, capital creditors, lease liability and other payables are considered to be the same as their fair values due to their short-term nature.

Note 38 - Financial Risk Management

The Group's activities expose it to a variety of financial risks namely credit risk, liquidity risk and market risk. The Group's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

(i) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Financial instruments that are subject to credit risk and concentration thereof principally consist of trade receivables, contract assets, security deposits and cash and cash equivalents.

Management makes the assessment of the credit risk on trade receivables and contract assets considering the customer profile. Customers of the company mainly consists of the government promoted entities and some large private corporates. In case of government customers which forms the majority of the revenue, credit risk is low.

Considering the nature of business, each contract and its customer is evaluated for the purpose of assessment of allowances. The reasons for allowances could be recovery of claims, disputes with customer, customers ability to pay, delays in approval by government authorities, and expected time to recover the amount. Management makes an assessment considering facts of each contract, past trends, terms of the contract and accordingly considers the need for allowances, if any.

confirmed by the parties. The Holding Company is very actively engaged with them for recovery of the said balance. Based on the latest discussions, correspondences exchanges, evaluation of the credit profile of the customer, the Group has considered a provision of ₹194.42 Million (for the year ended March 31, 2021 ₹230.24 Million) towards the said balances.

The Holding Company has started arbitration as per the terms of the contract with a customer towards recovery of outstanding claims and the arbitrator has given the award in favour of the Holding Company. However, the arbitrator also accepted a counter claim of the customer amounting to ₹111.70 Million (as at March 31, 2021 ₹111.70 Million) which according to the management is not justified and has been subsequently challenged in the High Court. Based on the management assessment, which is also supported by the legal opinion, the counter claim of ₹111.70 Million (as at March 31, 2021 ₹111.70 Million) appears to be against public policy, expected to result in favor of the Group and accordingly the possibility of an outflow of resources is assessed to be remote and hence the same has not been disclosed as contingent liability.

- (B) As at the year end, the Group held cash and cash equivalents of ₹492.31 millions (March 31, 2021 ₹1,441.43 millions). The cash and cash equivalents are held with bank and financial institution counterparties with good credit rating.
- (C) Other bank balances are held with bank and financial institution counterparties with good credit rating.

(ii) Liquidity risk

Liquidity defined is as the risk that the Group will not be able to settle or meet its obligations on time or at a reasonable price. Group's objective is to, at all time maintain optimum levels of liquidity to meet its financial obligations. The Group manages liquidity risk by maintaining sufficient cash and cash equivalents and by having access to funding through an adequate amount of committed credit lines. In addition, processes and policies related to such risks are overseen by senior management.

As of the reporting date, the subsidiary Companies has not defaulted and hence, the Holding Company does not have any present obligation to third parties in relation to such guarantee.

(iii) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risks i.e. interest rate risk and currency risk. Financial instruments affected by market risk include borrowings and creditors for capital expenditures.

(a) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates is very less and relates primarily to the Group's creditors for capital expenditures. The Group's foreign currency risks are identified, measured and managed at periodic intervals in accordance with the Group's policies. As at March 31, 2022, Group's foreign currency exposure amounts to ₹45.03 Million (as at March 31, 2021 ₹ Nil Million).

1. Foreign currency risk exposure

The Holding Company's exposure to foreign currency risk at the end of the reporting periods, expressed in Euro are as follows:

Particulars	As at March 31, 2022	As at March 31, 2021
Financial liabilities		
Euro (In Millions)	0.53	-
Capital creditors (In ₹ Millions)	45.03	-
Exposure to foreign currency risk (liabilities) (In ₹ Millions)	45.03	-

Notes

forming part of the consolidated financial statement as at and for the year ended March 31, 2022

2. Sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in Euro exchange rates with all other variables held constant.

(Amount in ₹ Millions)

Particulars	Change in Euro rate	Increase / (Decrease) in profit before tax	
		Year ended March 31, 2022	Year ended March 31, 2021
Increase in exchange rate	5%	(2.25)	-
decrease in exchange rate	5%	2.25	-

(b) Interest risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to risk of changes in market rate is limited to short term working capital loans taken from banks as the Group's long term borrowings bear fixed interest rate.

The Group's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The Group manages the interest rate risk by having a balanced portfolio of fixed and variable rate borrowings. The exposure of the Group's borrowing to interest rate changes at the end of the reporting period are as follows:

1. Interest rate exposure

(Amount in ₹ Millions)

Particulars	As at	As at
	March 31, 2022	March 31, 2021
Variable rate borrowings	9,124.59	5,238.33
Fixed rate borrowings	2,707.80	2,426.79
Total borrowings	11,832.39	7,665.12

An analysis by maturities is provided in Liquidity risk note above.

Notes

forming part of the consolidated financial statement as at and for the year ended March 31, 2022

2. Sensitivity

Profit or loss is sensitive to higher / lower interest expense as a result of changes in interest rates. A 20 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates. With all other variables held constant, the Company's profit before tax will be impacted by a change in interest rate as follows:

(Amount in ₹ Millions)

Particulars	Increase / (Decrease) in profit before tax	
	Year ended March 31, 2022	Year ended March 31, 2021
Increase in interest rate by 20 basis points (20 bps)	(21.60)	(15.16)
Decrease in interest rate by 20 basis points (20 bps)	21.60	15.16

Note 39 - Capital Management

(a) Risk Management

For the purpose of the Group's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Group and borrowings.

The Group aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to our shareholders. The capital structure of the Group is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets.

The Group's aim is to translate profitable growth to superior cash generation through efficient capital management. The Group's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Group will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

(a) Defined Contribution Plans:

Provident fund

Employers' contribution to employees' pension scheme 1995

Employers' contribution to Employee State Insurance Corporation (ESIC)

The provident fund and pension scheme are operated by regional provident fund commissioner. Under the scheme, the Company is required to contribute a specified percentage of payroll cost to the retirement benefit schemes to fund the benefits.

The Company has recognised the following amounts in the Statement of Profit and Loss for the year:

(Amount in ₹ Millions)

Particulars	As at	As at

(b) Defined Benefit Plans:

Gratuity

The company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. Contributions are made to a gratuity based upon actuarial valuation done at the year end of every financial year using "Projected Unit Credit" method. The charge on account of provision for gratuity has been included in Employee Benefits Expense in the Statement of Profit and Loss except remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in other comprehensive income.

The amounts recognised in the Balance Sheet and the movements in the net defined benefit obligation over the year are as follows:

Sensitivity Analysis

The sensitivity of the defined benefit obligation to increase and decrease in the weighted principal assumptions by 0.50% is as below:

(Amount in ₹ Millions)

Particulars	As at March 31, 2022		As at March 31, 2021	
	Discount	Salary escalation	Discount	Salary escalation
Impact of increase in 50 BPS on DBO	96.39	99.79	64.73	66.68
Impact of Decrease in 50 BPS on DBO	99.99	96.55	66.77	64.81

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance Sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

(iii) The major categories of plans assets are as follows:

The plan asset for the funded gratuity plan is administered by Life Insurance Corporation of India ('LIC') as per the investment pattern stipulated for Pension and Group Schemes fund by Insurance Regulatory and Development Authority regulations i.e. 100% of plan assets are invested in insurer managed fund. Quoted price of the same is not available in active market.

(iv) Risk Exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

Demographic Risk: This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

Asset volatility: The plan liabilities are calculated using a discount rate set with reference to bond yields; if plan assets underperform this yield, this will create a deficit. 100% of the plan asset investments is in insurer managed funds. These are subject to interest rate risk and the fund manages interest rate risk with derivatives to minimise risk to an acceptable level.

Salary Inflation Risk: Higher than expected increases in salary will increase the defined benefit obligation.

Interest-Rate Risk: The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

(v) Defined Benefit Liability and Employer Contributions

The Company considers that the contribution rates set at the last valuation date are sufficient to eliminate the deficit over the agreed period and that regular contributions, which are based on service costs, will not increase significantly.

Expected contributions to post-employment benefit plans for the year ending March 31, 2022 are ₹10 Million (Year ending March 31, 2021 ₹10 Million)

The weighted average duration of the defined benefit obligation is 3.66 years (March 31, 2021: 3.11 years). The expected maturity analysis of undiscounted gratuity is as follows:

Note 53 - Disclosure of operating leases under Ind AS 116

Leases as lessee

The Company has obtained premises (office, residential and Camp) and machineries taken on lease. The terms of lease include terms of renewals, increase in rent in future period, terms of cancellation, etc. The agreements are executed for a period of 1 months to 36 months with a renewable clause and also provide for termination at will by either party giving a prior notice of 1 to 3 months at any time during the lease term.

Amounts recognised in the Consolidated Statement of Profit and Loss

(Amount in ₹ Millions)

Particulars	Refer Note No.	Year ended March 31, 2022	Year ended March 31, 2021
Contract and site expenses	31		
Hire charges for machinery and others		236.55	255.09
Other expenses	35		
Lease rent		54.36	33.42
Total Expenses		290.91	288.51

Note 54 - Intra-group turnover and profits on DBFOT construction contracts to be included in consolidated financial statements

Design, Build, Finance, Operate and Transfer (DBFOT) contracts on hybrid annuity method are governed by Service Concession Agreements with government authorities (grantor). Under these agreements, the operator does not own the road, but gets the "right to receive annuity" against the construction services rendered. Since the construction revenue earned by the operator is considered as exchanged with the grantor against the right to receive annuity, revenue is recognised at fair value of construction services rendered and profit from such contracts is considered as realised.

Accordingly, HAM contracts awarded to subsidiary companies (SPV's), where work is subcontracted to the Holding Company, the intra group transactions on HAM contracts and the profits arising thereon are taken as realised and not eliminated for consolidation under Ind AS 110, Consolidated financial statement.

The Board recommends the Ordinary Resolution set out at Item No. 4 of the Notice for approval by the Members.

Item No. 5

Ms. Pooja Hemant Goyal (DIN: 07813296) was appointed as an Independent Director by the Members of the Company at their Extra Ordinary General Meeting (“EGM”) held on May 15, 2017, for a period of five years commencing with effect from May 15, 2017 upto May 14, 2022.

The Nomination and Remuneration Committee at its meeting held on May 12, 2022, after taking into account the performance evaluation of Ms. Pooja Hemant Goyal during her first term of five years and considering her skills, knowledge, acumen, expertise, experience and substantial contribution and time commitment, has recommended to the Board her reappointment for a second term of three years.

The nomination and remuneration committee has considered her skills, experience in the legal industry, leadership capabilities, expertise in governance and business strategy, among others, as being key requirements for this role.

In view of the above, the nomination and remuneration committee and the Board are of the view that Ms. Pooja Hemant Goyal possesses the requisite skills and capabilities, which would be of immense benefit to the Company, and hence, it is desirable to reappoint her as an independent director.

The Board of directors, vide Resolution passed on May 13, 2022, based on the recommendation of the Nomination and Remuneration Committee and subject to approval of the Members by way of Special Resolution at this 20th AGM of the Company, re-appointed her as a Non-Executive Independent Director, not liable to retire by rotation, for a second consecutive term of three years commencing from May 15, 2022 upto May 14, 2025.

She has confirmed that she is in compliance with Rules 6(1) and 6(2) of the Companies (Appointment and Qualification of Directors) Rules, 2014, with respect to the registration with the data bank of Independent Directors maintained by the Indian Institute of Corporate Affairs.

Ms. Pooja Hemant Goyal has also given her declaration to the Board, inter alia, that

- (i) she meets the criteria of independence as provided under Section 149(6) of the Act and Regulation 16(1)(b) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulation, 2015;
- (ii) is not restrained from acting as a director by virtue of any Order passed by SEBI or any such authority; and
- (iii) is eligible to be appointed as a Director in terms of Section 164 of the Act. She has also given her consent to act as an Independent Director.

Relevant details relating to re-appointment and continuation of directorship of Ms. Pooja Hemant Goyal, including her profile, as required by the Act, Listing Regulations and Secretarial Standards issued by ICSI are provided in the “Annexure” to the Notice.

In the opinion of the Board, Ms. Pooja Hemant Goyal is a person of integrity, fulfils the conditions specified in the Act and the Rules made thereunder read with the provisions of the Listing Regulations, as amended, and is independent of the management of the Company.

Except Ms. Pooja Hemant Goyal and her relatives, none of the Directors or Key Managerial Personnel of the Company or their relatives are interested or concerned, financially or otherwise, in this resolution.

The Board recommends the Special Resolution set out at Item No. 5 of the Notice for approval by the Members.

Item No. 6

The Nomination and Remuneration Committee, at its meeting held on May 12, 2022, after taking into account the skills, knowledge, acumen, expertise, experience of Mr. Manjit Singh, has recommended to the Board his appointment for a first term of five years effective from May 13, 2022.

The nomination and remuneration committee has considered his skills, leadership capabilities, expertise in governance and finance, risk management and business strategy, among others, as being key requirements for this role.

In view of the above, the nomination and remuneration committee and the Board are of the view that Mr. Manjit Singh possesses the requisite skills and capabilities, which would be of immense benefit to the Company, and hence, it is desirable to appoint him as an independent director.

Based on the recommendation of the Nomination & Remuneration Committee, the Board of Directors of the Company has appointed Mr. Manjit Singh as an Additional Director in the capacity of Non-Executive Independent Director of the Company to hold office for a period from May 13, 2022 to May 12, 2027, not liable to retire by rotation, subject to approval of the Members at this 20th AGM of the Company.

As an Additional Director, Mr. Manjit Singh holds office till the date of this AGM and is eligible for being appointed as an Independent Director. He has confirmed that he is in compliance with Rules 6(1) and 6(2) of the Companies (Appointment and Qualification of Directors) Rules, 2014, with respect to the registration with the data bank of Independent Directors maintained by the Indian Institute of Corporate Affairs.

Mr. Manjit Singh has also given his declaration to the Board, inter alia, that:

- (i) he meets the criteria of independence as provided under Section 149(6) of the Act and Regulation 16(1)(b) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulation, 2015;
- (ii) is not restrained from acting as a director by virtue of any Order passed by SEBI or any such authority; and
- (iii) is eligible to be appointed as a Director in terms of Section 164 of the Act.

Relevant Details relating to appointment and continuation of Directorship of Mr. Manjit Singh including his profile, as required by the Act, Listing Regulations and Secretarial Standards issued by ICSI are provided in the “Annexure” to the Notice.

In the opinion of the Board, Mr. Manjit Singh is a person of integrity, possesses relevant expertise / experience and given his experience, the Board considers it desirable and in the interest of the Company to have him on the Board of the Company.

Except Mr. Manjit Singh and his relatives, none of the Directors or Key Managerial Personnel of the Company or their relatives are interested or concerned, financially or otherwise, in this resolution.

The Board recommends the Ordinary Resolution set out at Item No. 6 of the Notice for approval by the Members.

Item No. 7

The members of the Company, at AGM held on September 10, 2018, had accorded their approval to the Board of Directors of the Company to give any loan, guarantee or provide security in connection with a loan to any person(s) or other body corporate(s) and acquire by way of subscription, purchase or

otherwise, securities of any other body corporate up to an amount not exceeding ₹5,000 Crores (Rupees Five Thousand Crores Only).

Members are requested to take note that as per provisions of section 186 of the Companies Act, 2013, the Board of directors of a Company could give any loan, guarantee or provide security in connection with a loan to any other body corporate or person and acquire securities by way of subscription, purchase or otherwise to any person or body corporate to the extent of sixty percent paid up share capital, free reserves and securities premium or one hundred per cent of its free reserves and securities premium account whichever is more and for giving any loan or providing guarantee and security in excess of limit specified above, the approval of the members of the company in Annual General Meeting by way of Special resolution has to be obtained.

Members are further requested to take note that company is engaged in the business of Infrastructure and Constructions and in relations to the business tenders and operations of the company, there has to be provided guarantee from time to time to perform the business contract(s).

In view of its long term plans and growth prospects, it is anticipated that the Company would be required to make investments or give loans, provide guarantees/security in excess of the limits stipulated in Section 186(2) of the Companies Act, 2013 and limits approved by the members i.e. ₹5,000 Crores.

Accordingly, consent of the members is sought for authorizing the Board to make investments, giving loans and providing guarantees/securities in connection with loans to various entities and bodies corporate, from time to time, in excess of the limits stipulated in Section 186(2) of the Companies Act, 2013 up to an amount not exceeding ₹6,000 Crores (Rupees Six Thousand Crores Only).

None of the Directors or Key Managerial Personnel of the Company or their relatives are interested or concerned, financially or otherwise, in this resolution.

The Board recommends the Special Resolution set out at Item No. 7 of the Notice for approval by the Members.

Item No. 8

The Company is expected to render financial support, by way of loans, guarantees and securities, for the principal business requirements of the entities viz. H.G. Acerage Developers Private

Limited, H.G. Luxury Hotels Private Limited, Valencia Leisure Private Limited, H.G. Atulyam Educare Private Limited, H.G. Motive Educare Private Limited and H.G. Ekaaya Resort Private Limited in which any of the Directors of the Company are interested, in one or more tranches.

Mr. Harendra Singh and Mr. Vijendra Singh, directors of the Company, are shareholders and/or directors in the above mentioned entities.

In terms of the amended Section 185 of the Act, a company may advance any loan including any loan represented by a book debt, or give any guarantee or provide any security in connection with any loan taken by any person in whom any of the Director of the Company is interested subject to the condition that approval of the shareholders of the Company is obtained by way of Special Resolution.

The members may note that board of directors would carefully evaluate the proposals and provide such loan, guarantee or security proposals through deployment of funds out of internal resources / accruals and / or any other appropriate sources, from time to time, only for business activities of the entities and on such terms which are in the interest of the company.

In view of the above; and in line with the approval of the shareholders accorded under section 186 of the Act & as an abundant caution, the Board at its meeting held on May 23, 2022, decided to seek approval of the shareholders pursuant to the amended provisions of Section 185 of the Act to advance any loan including any loan represented by book debt, or give guarantee or provide any security in connection with any loans / debentures / bonds etc. raised by any entity(ies) in whom any of the Director of the Company is interested up to an aggregate amount not exceeding ₹50 Crores (Rupees Fifty Crores Only). This will also enable the Company to provide the requisite corporate guarantee or security in relation to raising of loans / debentures / bonds etc. by the said entities, as and when it is raised.

Except Mr. Harendra Singh, Mr. Vijendra Singh and their relatives, none of the Directors or Key Managerial Personnel of the Company or their relatives are interested or concerned, financially or otherwise, in this resolution.

The Board recommends the Special Resolution set out at Item No. 8 of the Notice for approval by the Members.

Item No. 9

The Board of Directors, on the recommendation of the Audit Committee, has approved the appointment and remuneration of M/s. Rajendra Singh Bhati & Co., Cost Accountants (Firm Registration No. 101983), as the Cost Auditors of the Company to conduct the audit of the cost record of the Company for the financial year ending March 31, 2023. In terms of the provisions of Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014 and Companies (Cost Records and Audit) Rules, 2014, the remuneration payable to the Cost Auditors is required to be approved by the Members of the Company. Accordingly, consent of the Members is sought for the remuneration payable to the Cost Auditors.

None of the Directors or Key Managerial Personnel of the Company or their relatives are interested or concerned, financially or otherwise, in this resolution.

The Board recommends the Ordinary Resolution set out at Item No. 9 of the Notice for approval by the Members.
