Anupam Rasayan signs LOI worth Rs 145 Cr with European Multinational Company

Surat, September 28, 2021: Anupam Rasayan (NSE, BSE: ANURAS), one of India's leading custom synthesis & speciality chemical player, has signed Letter of Intent (LOI) worth Rs 145 crore with existing long-term European multinational customer which is one of the top ten multinational company across the globe for supplying a new life science related active ingredient. The company will enter into a long-term contract for next three years to supply this life science related speciality chemical product.

Speaking about the order, **Anand Desai, Managing Director of Anupam Rasayan**, said, "We are elated to sign this letter of intent for this new Active Ingredient as it re-instils our profound relationship with our long-standing customer. We highly appreciate the faith and confidence exhibited by this customer for selecting us as a partner to launch this new molecule. It is a breakthrough and assurance of capability of proving in new lines of chemistry and making cost effective solution for our customers in life science segment. It affirms our dedication to the use of advanced technologies by our R&D and further strengthens our diversified product portfolio."

The speciality chemicals major is manufacturing products for over 66 domestic and international customers, including 24 multinational companies. The company has a long history of high customer retention and have been manufacturing products for select customers for over a decade. The company caters to a diverse base of Indian and global customers.

About Anupam Rasayan India Ltd. (ARIL):

Anupam Rasayan India Ltd (ARIL) is one of the leading companies engaged in the custom synthesis (CSM) and manufacturing of specialty chemicals in India. Incorporated in 1984, the speciality chemicals major has two verticals: Life science related Specialty Chemicals comprising products related to Agrochemicals, Personal Care and Pharmaceuticals, Other Specialty Chemicals comprising Specialty Pigment and Dyes, and Polymer Additives. The company operates via its six manufacturing facilities in Gujarat, India, with four facilities located at Sachin, Surat and two located at Jhagadia, Bharuch with an aggregate installed capacity of 26,989 MT, as of June 30, 2021.

ARIL offers multistep synthesis and undertakes complex chemical reactions technologies, for a diverse base of Indian and global customers. The focus is developing in-house innovative processes for manufacturing products requiring complex chemistries and achieving cost optimization.
