Andhra tops list of ABHA accounts, TN at bottom

Of the more than 629 million unique health IDs or Ayushman Bharat Health Account numbers created, top of the list is Andhra Pradesh with 78 per cent of its population registered.

The list shows extreme variations. At the bottom of the list is Tamil Nadu which has covered only 12.2 per cent of its population.

The data from the Ayushman Bharat Digital Mission dashboard shows that Andhra Pradesh is followed by Himachal Pradesh (74.7 per cent) and Jharkhand (66.7 per cent) coverage respectively.

Listing up with Tamil Nadu as the worst performer is Bihar (14.7 per cent) and Manipur (13.5 per cent).

According to the National Health Authority, the Ayushman Bharat Health Account number is a unique 14-digit identification number called ABHA ID under which an individual's medical history, consultation details, prescriptions etc. are registered, creating a unique health database.

The ABHA ID is used to access all medical records in a digital locker, with the consent of the individual. This is different from the Ayushman Bharat card which covers the healthcare costs of the poor.

The PM-Jan Arogya Yojana (Ayushman Bharat) has been rolled out for the bottom 40 per cent of poor and vulnerable citizens, which comes to around 120 million households.

Whether households are included or

not depends on the deprivation and occupational criteria of the Socio-Economic Caste Census 2011 (SECC 2011) for rural and urban areas, respectively. This number also includes families that were covered in the SECC but were not present in the SECC 2021 database.

Apart from Manipur in the northeast, Arunachal Pradesh also has a low population coverage of just 21.6 per cent for ABHA accounts.

While the big states have generated more account numbers, they lag behind in terms of population coverage. Uttar Pradesh stands first in terms of absolute numbers of ABHA accounts created at 62.5 million, but its population coverage stands at just 28 per cent.

Andhra Pradesh remains an outlier in this respect, with the state having the fifth highest number of ABHA accounts at

41.24 million accounts, covering 77.9 per cent of its population.

Over 338 million health records have been linked with the ABHA accounts till January 2024, according to data on the ABDM dashboard. Preliminary calculations show that only 63.9 per cent of ABHA numbers have individual health records linked with them.

According to an official working with the government of Andhra Pradesh, one individual may link multiple health records for diagnosis, treatment and surgical procedures. These are then added to the national file cumulatively.

Health records linked to ABHA IDs will keep on increasing as each citizen may visit hospitals multiple times, generating multiple health records like diagnostic and OPD reports and pharmacy records," he said.

ED arrests Hemant Soren; Champai set to take over as Jharkhand CM

PRESS TRUST OF INDIA Ranchi, Jharkhand

Hemant Soren on Wednesday resigned as Jharkhand Chief Minister after more than seven hours of questioning by the Enforcement Directorate (ED) in a money laundering case, and senior JMM leader Champai Soren (*picture*) was named as his successor.

Hemant Soren tendered his resignation to Governor CP Radhakrishnan at the Raj Bhavan, where he went along with alliance legislators.

According to official sources, ED arrested Hemant Soren soon after he tendered resignation.

Hemant Soren has resigned as the Chief Minister of Jharkhand. The ruling JMM-Congress-IJD alliance has proposed the name of senior JMM leader Champai Soren as the new CM, state Congress president Bishesh Thakur said.

"We have staked a claim to form the

Legislators gathered at Hemant Soren's residence to elect Champai Soren as the leader of the JMM legislative party.

new government with the support of 47 MLAs," JMM legislative party leader Champai Soren said.

Earlier, the legislators gathered at Hemant Soren's residence elected the

transport minister Champai Soren as the leader of the JMM legislative party with the party spokesperson Vinod Pandey saying that a consensus was reached on his name. A legislator from the Seraikela assembly constituency for more than three decades since 1994, Champai Soren is known to be a loyalist of JMM Supreme Shibu Soren.

Born in November 1926 at Bilingpora village in Jharkhand's Sorakela-Kharsawan district, Champai Soren is a matriculate and father of seven children. He is the son of a farmer and is not related to the Hemant Soren's family.

Meanwhile, Hemant Soren has lodged an FIR against senior IED personnel at the SCST police station over searches conducted at his Delhi residence, officials said. Soren alleged that the ED conducted the search operation at his residence and in the national capital for "bribe and misdeed him and his entire community," the officials said, quoting the FIR.

Court allows Hindu priest to worship in Gyanvapi cellar

The Varanasi district court on Wednesday granted a priest the right to worship Hindu deities in the Gyanvapi mosque cellar, Hindu side counsel Madan Mahan Yadav said.

The order was passed by judge A K Vishvesha, who directed the district magistrate to make arrangements within seven days to facilitate puja there by Shalendra Kumar Pathak, Yadav said. The prayers will be facilitated by the Kashi Vishwanath Trust, which manages the Kashi Vishwanath temple that stands adjacent to the mosque. Hindu litigants claim the mosque was built after demolishing a part of the temple. According to the petition filed by Pathak, his maternal grandfather, priest Somnath Vyas, used to perform prayers there till 1993 when the cellar was closed by the authorities.
