Terms and conditions of transactions with related parties

The sales to and purchases from related parties are made on terms equivalent to those that prevail in arm's length transactions. For the half year ended 30th September, 2019 and 31st March, 2019, the Group has not recorded any impairment of receivables relating to amounts owed by related parties. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

The Group routinely enters into transactions with these related parties in the ordinary course of business at market rates and terms.

As the future liability for gratuity and leave is provided on an actuarial basis for the Company as a whole, the amount pertaining to key management personnel is not ascertainable and therefore not included above.
