1	Industry or area to which the new line of business belongs to;	<p>The Company plans to launch a new line of business in the area of Jobs called “ManyJobs”. The jobs market in India presents tremendous opportunity, specifically grey-collar jobs. While there are scale players operating in the white-collar jobs space, we see significant opportunity and whitespace in the grey-collar jobs market. “ManyJobs” will focus exclusively on the grey-collar jobs market and specifically on frontline and entry-level jobs that would help in the differentiated offering and build expertise. The Company is planning the initial launch for the Tamilnadu market in both English & vernacular (Tamil) as follows</p> <ul style="list-style-type: none"> • In September 2024: Website for employers & recruiters • In October 2024: App for job seekers <p>We will progressively scale this to other parts of the country.</p>
2	Expected benefits;	<p>Our focus is exclusively on the grey-collar jobs market which is estimated to be about 45% and specifically on frontline and entry-level jobs. We believe that our focus on this specific market-segment would help us build deeper expertise and a differentiated offering, instead of trying to cater to all segments. Our research indicates that frontline roles have higher attrition rates than blue or white collar jobs.</p> <p>The product will have differentiated features including:</p> <ul style="list-style-type: none"> • Location-first job search leveraging Google Maps • Fully vernacular app for job seekers • 100% verified companies
