Sub: Corrigendum to the Annual Report for the Financial Year 2022-23

Ref: Regulation 34(1) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

Dear Sir/Madam,

This is in furtherance to our letter dated July 31, 2023 wherein the Company had submitted its Annual Report for the financial year 2022-23 including Notice of the 63rd (Sixty Third) Annual General Meeting ("AGM") to be held on **Tuesday, August 22, 2023** at 12:00 noon IST through Video Conferencing ("VC")/Other Audio-Visual Means ("OAVM").

This is to inform you that certain inadvertent typographical errors were noticed in the Annual Report for FY 2022-23, after the same was dispatched on July 31, 2023 to the Members through email.

In this regard, please note that the name of Mr. Rajan Gupta – former Managing Director of the Company, had been inadvertently shown under signing authority for Financial Statements (Standalone and Consolidated) for the financial year ended March 31, 2023 - on page no. 108, 109, 110, 112 and 162 forming part of Standalone Financial Statements and on page no. 170, 171, 172, 174 and 233 forming part of Consolidated Financial Statements.

As soon as the typographical error was noticed, necessary rectifications have been promptly executed and Mr. Rajan Gupta's name has been removed from the list of signing authority for Financial Statements (Standalone and Consolidated) for the financial year ended March 31, 2023.

The Annual report after incorporating above changes is attached to this letter. The updated Annual Report shall also be available on the website of the Company at www.hathway.com at 'Investor Relations' under 'Annual Reports'.

This is for your information and records.

Thanking you,

Digitising Innovation Maximising Reach

The exponential surge in the demand for seamless Broadband connectivity in India has sparked a remarkable wave of digital innovation, prompting the telecom industry to embrace breakthrough technologies driven by digitisation and automation. In response to these revolutionary changes, Hathway has taken proactive steps to enhance its digital capabilities and effectively connect with an expanding network of customers.

With dynamic agility, we have scaled our innovative product and service offerings to cater to the growing demand for uninterrupted 24x7 Broadband services. Simultaneously, we are diligently pushing forward with our innovation and automation initiatives to elevate our Cable Television (CATV) value proposition. These efforts are helping us position ourselves for the next phase of our journey.

Our focus on digitising innovation is not only maximising our reach but also revolutionising the way we connect with customers, propelling us into a new era of seamless, unparalleled connectivity and enhanced value proposition.

Connect to the World of Hathway

Hathway Cable and Datacom Limited (Hathway, HCDL, Company) stands as a prominent player in India's corporate landscape, providing exceptional fixed-line Broadband service and Cable Television (CATV or Cable TV) services to millions of Indians. Backed by the visionary outlook of the Reliance Group, HCDL aspires to be a single point access provider, delivering a harmonious blend of information, entertainment and services to homes and workplaces.

Hathway's exciting range of services brings several advantages to its customers, ensuring a superior and seamless experience.

UNINTERRUPTED CONNECTIVITY

As a leading fixed-line ISP in India, Hathway's focus on providing uninterrupted, high-speed internet connectivity ensures that customers can stay connected at all times, allowing them to stream content, work remotely, engage in online activities, and communicate effortlessly.

EXTENSIVE NETWORK COVERAGE

Hathway's extensive network coverage ensures that customers can access high-quality and reliable internet services across a wide geographical area. Its fiber optic cable network facilitates faster and more stable connections, enabling smooth browsing, streaming, and online activities.

ADVANCED TECHNOLOGICAL CAPABILITIES

Hathway's adoption of advanced technologies, such as GPON Fibre to the Home (FTTH), allows the customers to experience higher broadband speeds, supporting bandwidth-intensive activities like HD streaming, online gaming, and video conferencing. The utilisation of AI and ML-based VoiceBOT for interactive voice services enhances customer support and ensures a seamless customer service experience.

COMPREHENSIVE CATV SERVICES

Hathway's CATV services, delivered through its subsidiary Hathway Digital Limited (HDL), offer a comprehensive range of channels and programming options. Customers can access a diverse selection of television content, including live broadcasts, movies, sports, and other entertainment genres, providing them with a satisfying viewing experience.

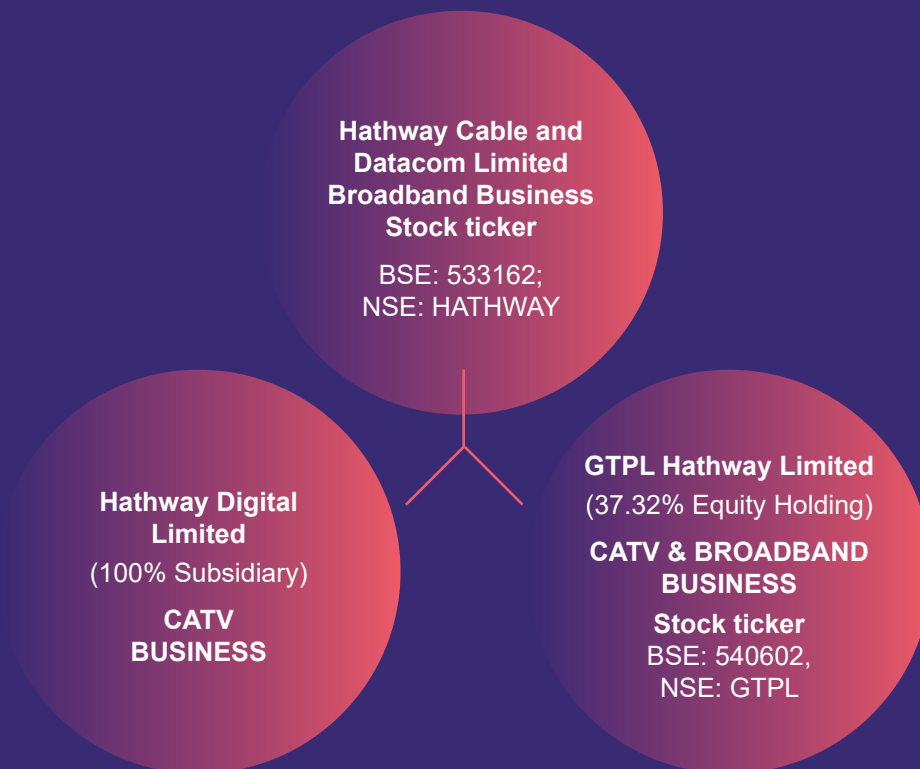

DIVERSE ENTERTAINMENT OPTIONS

With Hathway's bouquet of OTT offerings, its Broadband customers have access to a wide range of entertainment options, including popular streaming platforms and digital content. This enables them to enjoy a rich and diversified entertainment experience comfortably.

Our Corporate Structure

As a leading fixed-line premium Broadband Service Provider in India, HCDL offers uninterrupted, high-speed connectivity, ensuring reliable Broadband services for its expanding customer base. Through its wholly-owned subsidiary, Hathway Digital Limited (HDL), HCDL provides comprehensive CATV services, positioning itself as one of India's largest Multi-System Operators (MSOs). The Company also caters to a diverse range of customer preferences with its growing bouquet of OTT offerings. Additionally, the Company extends CATV and Broadband services in various parts of the country through its associate company, GPL Hathway Limited.

OUR JOURNEY OF MANY FIRSTS

Hathway's ascent as a preferred Broadband and CATV service provider is fuelled by its trailblazing spirit and pioneering initiatives.

The Company prides itself on being the first MSO to provide Broadband service in the country.

In 2006, it spearheaded the launch of a digital platform. It also became the first MSO to introduce GPON Fibre to the Home (FTTH) service across major cities in India.

Hathway also blazed a trail by offering high-speed 100-500 Mbps plans using FTTH technology and 100 Mbps plans using Docsis 3.0 technology.

Innovations such as digital prepaid offerings and AI and ML-based VoiceBOT for interactive voice services have further cemented Hathway's position as a leader in the industry.

Harnessing our Robust Infrastructure

Underpinned by a robust foundation, Hathway thrives on its core strengths cultivated through decades of experience, expertise and excellence. The Company's key driving forces include a relentless focus on innovation, an experienced management team, professional workforce, technological prowess, customer-centricity, and end-to-end service offerings.

The exceptional value proposition we offer our customers is bolstered by a well-built infrastructure, developed with advanced technology and equipment from renowned vendors.

In its **ISP services**, the Company boasts of a huge fiber optic cable network, backed by high quality Network Operating Centre (NOC) and Gigabit Passive Optical Network (GPON) technology. We provide high-speed broadband connectivity by using a passive optical network architecture which is designed to deliver extensive data, voice and video services to our customers.

Our huge fiber optic cable network ensures that customers can access high-quality and reliable internet services across a wide geographical area. The network's capacity ensures improved streaming experience. As demand for high-speed

Broadband and digital services continue to grow, Hathway's infrastructure is well-equipped to handle the evolving needs.

Our **CATV services** offer high-quality digital entertainment through our nationwide network of Local Cable Operators (LCOs). Deploying our unique online portal for our LCO Partners - Hathway Connect, we serve our CATV subscribers with a portfolio of services, including easy installation, uninterrupted service, unmatched delivery and affordable packages. Our CATV services, enhance the viewing experience and provide greater flexibility and convenience for our subscribers.

Our technologically advanced set-top boxes give our customers access to a diverse selection of channels and programming options. Whether it is live broadcasts, movies, sports, or other entertainment genres, customers can enjoy a comprehensive range of television content.

Our CATV services go the extra mile to provide an immersive viewing experience by offering 16:9 widescreen viewing, resulting in five times sharper HD picture clarity. Furthermore, customers have access to a wide range of channels, including both satellite and local options. The CATV services feature 52 in-house channels with regional flavours, providing customers with a diverse selection of programming that reflects their unique preferences and interests.

The situation visualised above is just one small example of what digitisation and automation can do to the world of the Broadband. The possibilities are far bigger, and far more impactful than what we can possibly envisage today. The level of cohesiveness and integration it will drive in global communication is quite unimaginable. It will connect people like never before, bringing them closer and enabling a new level of collective progress. It will take communication to even the remotest of terrains, ensuring that every individual can experience the power of the Broadband, seamlessly and smoothly.

At Hathway, too, the integration of new-age digital technology into our business operations is steering the growth and expansion of our Internet services. It is also enabling us to expand our offerings in the CATV segment.

Powering Ahead through Digital Innovation

Digitisation, when integrated with innovation, becomes a powerful tool for speedy and effective organisational growth. Our business strategy is powered by this belief, which steers our journey towards expansion and customer growth.

Though always central to our business strategy, digital innovation has now emerged as the primary driver of our business transformation post Covid, in alignment with the changing customer requirements. We are dedicated to continuously enrich customer experience through advanced technological interventions across our business segments. It is our sustained endeavour to strengthen our service proposition for both enterprise and retail clients with our digital innovation focus.

In the past two years, we have made significant strides in expanding our digital infrastructure to drive market share growth. The establishment of a comprehensive network connecting more than 250 new locations through IP links has been a major driver of this expansion. In the Cable TV business, we have executed comprehensive plans to procure and deploy a substantial number of set-top boxes, further bolstering our market share and positioning in the industry.

INNOVATIONS IN BROADBAND

A slew of innovative measures has helped us expand our Broadband reach and network, enabling us to meet the changing demands of the consumers in the transforming market.

With the expansion of our FiberMAX Premium Broadband service, we are now delivering exceptional Broadband connectivity to a wider customer base in the cities of Pune, Indore, Hyderabad, Delhi & NCR, Bengaluru, Mumbai, Chennai, Surat, Kolkata, Aurangabad and Vellore. Our plan to progressively spread the network in other cities will further reinforce our strong edge in this segment.

The augmentation of our FTTH capacity has led to our consumers experiencing the benefits of our innovative offerings, powered by our enhanced network performance.

Further, keeping pace with the growing consumer demand for increased speeds and reliable connectivity at all times, we have scaled up our FiberMax technology to deliver to their needs more effectively.

Maximising Hathway Broadband Service

At Hathway, continuous technical upgradation is no longer an option but an imperative for expanding our outreach to a large base of new-age customers. With our FiberMAX technology launched in FY 2021-22, we have taken a major leap in bringing fiber Broadband service to the next-generation users in several key cities of India.

This zero-lag fiber technology comes with multiple benefits, including high-speed Broadband access and unlimited data usage. It is affordable and easy to set up and use, and the free-to-use Dual Band Wi-Fi Router that comes with the new Broadband connection provides high-speed Broadband speed and reliability, and helps take gaming to the next level. "We always provision more bandwidth at backend than the speeds offered to enrich our customers' experience. We are the only player in the market to offer committed speed on Wi-Fi to each customer as per their chosen plan using the latest dual band Wi-Fi CPE."

INNOVATIONS IN CABLE TELEVISION

The demand for rich, informative and entertaining content, delivered in the easy comfort of the customer's home, has witnessed an astonishing increase in recent years. At Hathway, we have successfully matched this trend through a continual scale-up of our CATV offerings. Our in-depth industry knowledge and consumer understanding have enabled us to intensify our thrust on the expansion and transformation of our cable TV network in the post-pandemic scenario.

We significantly amplified our efforts over the past few quarters, through a range of impactful initiatives, driving progress and expanding our reach in the market. These initiatives included:

OTT apps through our new generation HD boxes

This unique feature allows millions of Hathway Cable TV customers to access OTT content without the need to purchase additional OTT boxes. This innovation provides a seamless and convenient viewing experience, enhancing the experience of our customers.

TV Plug project

Aimed at providing reliable last-mile Cable TV connectivity by leveraging a Mobile Tower Network, we continue to test this technology which is sure to help us ensure uninterrupted and efficient cable TV services, reaching customers even in remote areas.

Expanding our CATV reach

We successfully rolled out our services in even more towns and added more kilometres to our fiber network infrastructure. This expansion is helping us enhance our coverage, and enables us to provide high-quality Cable TV services to a broader customer base.

These initiatives exemplify our commitment to innovation, customer satisfaction, and extending our market presence. They are continually augmenting our position as a leading provider in the industry.

Enhancing the Customer Journey

A SIMPLE VOICE COMMAND CAN SEARCH THE WEB OR PLAY YOUR FAVOURITE MUSIC WITHIN SECONDS. THE CLICK OF A BUTTON CAN MIRACULOUSLY HELP YOUR ROBOTIC VACUUMING EQUIPMENT TO CLEAR THE HOUSE IN A JIFFY. DIGITISED AND AUTOMATED VIRTUAL ASSISTANTS, SUCH AS ALEXA, GOOGLE AI AND SIRI ETC., ARE FAST BECOMING AN INTEGRAL PART OF OUR LIFE, HELPING TO MINIMISE EFFORTS AND SAVE TIME.

The capability of such virtual assistants (VAs), and the overall convenience they lend to humans, make them quite popular and in high demand. With AI skills to complement them, the VAs can now virtually do any realistic task without major human intervention - safely, securely and effortlessly.

At Hathway, our intelligent virtual assistant, DIVA, has been helping enhance customer experience for our Broadband Customers for the past two years. Along with our digital platforms, such as Mobile App & Selfcare Portal, DIVA has been augmenting customer convenience and engagement. It has been helping the Company improve customer retention. The multi-tasking flexibility, the conversational ease, as well as the availability and accessibility of these digital services, has streamlined our customer service proposition manifold.

Broadband: Enhancing Customer Experience

In our pursuit to create a more interactive customer landscape, Hathway has placed a strong emphasis on leveraging technology and innovation to deliver exceptional Broadband services.

One notable advancement has been the implementation of an **AI & ML-based VoiceBOT** at our call centres, enabling seamless and efficient handling of interactive voice services. Besides streamlining customer interactions, this has facilitated quick issue resolution.

To further enhance customer support, our **ChatBOTS** are significantly helping improve the holistic customer experience. By enabling resolution of customer queries through web, app, and WhatsApp interfaces, we have successfully reduced the need for repeated interactions and ensured swift query resolution.

Our commitment to reducing customer wait time has led us to implement **Smart IVRs** at our call centres. This intelligent system has not only facilitated efficient issue resolution but also resulted in a substantial reduction in the volume of calls received during FY 2022-23 compared to the previous year.

Recognising the importance of empowering customers, we have made **DIY (Do It Yourself) videos** readily available. These informative videos, delivered through SMS, enable customers to troubleshoot and resolve issues independently, ensuring speedy resolution and minimising disruptions to their Broadband experience.

To optimise the Wi-Fi performance, we have implemented the **Band Steering** feature in our Dual Band ONUs. This technological advancement seamlessly directs devices to the most suitable frequency band, resulting in a superior Wi-Fi experience with enhanced connectivity with minimal interference.

As part of our commitment to innovation, the user-friendly **Hathway Broadband Mobile App** makes it easy and convenient for customers to access and manage their Broadband services.

Our customer-centric technological advancements have not gone unnoticed, as evidenced by the notable increase in Customer Satisfaction Score (CSAT) year-on-year. Our initiatives, including the implementation of a next-generation customer authentication and rating system, underscore our commitment to delivering secure and reliable Broadband services.

Case Study 1

Leveraging AI for Customer Service

Using NLP (Natural Language Processing) and ML (Machine Learning) aspects of AI, coupled with API integration with our OSS and BSS, has helped us create a VoiceBOT, which is available 24x7x365. It follows an intelligent way of handling customer queries, resolving them remotely on the call itself or else registering a complaint.

OUTCOME

- Improved troubleshooting, resulting in quick and effective resolution
- Lowered cost and better quality as compared with contact centre

Case Study 2

Advanced Devices for GPON Customers

The introduction of devices with advanced features and capabilities has helped us gain the trust of our customers. Our Broadband customers are being given these GPON devices (Customer Premise Equipment) with a promise of achieving 300 Mbps speed on Wi-Fi network. These devices are built with an intelligent feature called band steering, which ensures the optimum customer connectivity at all times, and will automatically switch between 5 Ghz and 2.4 Ghz Wi-Fi protocols for best speed and uninterrupted connectivity. This has played a pivotal role in enhancing network performance and addressing customer concerns. By adopting these advanced GPON devices, we have improved the reliability, capacity and overall browsing experience of our customers, leading to greater customer delight.

We will continue to invest in device and network enhancements and technologies to ensure that our customers receive the highest quality of service.

OUTCOME

- Reliable connectivity
- Seamless browsing experience

By utilising innovative solutions, we have minimised complaints, provided efficient issue resolution, and fostered increased customer satisfaction, further cementing our position as a leader in delivering technologically advanced Broadband services.

CATV: Improving Service Experience

In the CATV segment, an increasing number of customers are now engaging with Hathway through digital platforms Mobile App and Selfcare Portal, which provide a smooth and hassle-free mechanism for raising queries, complaints and requests. This consumer-centric approach has boosted user engagement and improved the overall service experience.

HCDL has also leveraged automated multi-lingual technology at its call centres, facilitating easy grievance registration and redressal for customers. This streamlined process ensures prompt and efficient resolution of customer concerns, further enhancing the overall service experience.

Our customers have been empowered through the availability of online renewal facilities, allowing them to conveniently renew their subscriptions through digital platforms. This adds convenience and flexibility for customers, enabling them to manage their CATV services with ease.

Our 96% online collections underline the convenience we offer our customers to pay their bills and manage their accounts online. This feature saves time and effort, providing a seamless payment experience.

Enhancing Customer Empowerment

To ensure greater customer delight, HCDL had rolled out next-generation High-Efficiency Video Coding (HEVC) HD boxes and OTT (Over-The-Top) Hybrid boxes, a first in the industry. These advanced set-top boxes offer innovative features that enhance the viewing experience. For instance, customers can now enjoy time-shift functionality, allowing them to watch one channel while simultaneously recording another. Additionally, the play-pause feature enables users to have control over live TV through trick play mode, enabling forward and rewind functionality.

The set-top boxes also offer regional language support in four languages, USB flash drive or hard disk support of up to 1 TB for PVR (Personal Video Recorder), Push VOD (Video on Demand) use cases, and the ability to map the TV remote to the set-top box remote for convenience.

Furthermore, HCDL provides a broadcast of popular radio channels, expanding the entertainment options available to customers.

These initiatives have contributed to a more enriched CATV experience for customers. They demonstrate our commitment to enhancing customer gratification, and providing cutting-edge features and services to meet the evolving customer needs.

Transforming the Cable TV universe

With the initiation of a cable TV network transformation project, we have taken a major leap towards benchmarking our network to the highest telco standards. We aim to scale up the network through this project to the best-in-class telco touchstones in terms of uptime redundancies, resiliency, and proactive monitoring. We are investing in modern technologies like AI, ML apps and tools to stay connected with consumers at all times.

Case Study 3**Dedicated channel for Korean content**

To bring the best of Korean entertainment to our valued viewers, we launched Kflicks, a dedicated channel for Korean content, last year. The content offered by this channel is tailored to the Tamil Nadu, Karnataka, Andhra Pradesh and Telangana markets. To effectively cater to the high demand for such content among the new generation of consumers and millennials, Kflicks features dubbed versions in Telugu and Kannada languages specifically for these regions. For other markets, subtitles are provided to ensure wider accessibility and viewership.

The introduction of Kflicks demonstrates our commitment to staying ahead of the evolving consumer preferences and providing content that resonates with our target audience. By offering Korean content with local language adaptations, we have successfully enhanced the viewing experience to meet the growing demand for diverse and engaging entertainment options.

The launch of Kflicks has further enriched our channel offerings and solidified our position as a leading provider of high-quality and culturally relevant content.

Leveraging AI to Connect with the Future

THE WORLD IS EXPERIENCING THE FUTURE LIKE NEVER BEFORE. DRIVERLESS CARS AND TRAINS ARE COMPLETING TRANSFORMING THE FUTURE OF MOBILITY. COMBINING AUTOMATION WITH SENSORS, CAMERAS, RADARS ETC., THESE SELF-DRIVING VEHICLES (OR AUTONOMOUS VEHICLES) ARE MAKING DRIVING EFFORTLESS AND UNCOMPLICATED.

At the core of this fast-growing future trend is the use of Artificial Intelligence (AI), especially at the training stage. That's when convoluted neural networks help train the self-driving AI cars to move on autopilot, detect obstacles, negotiate all kinds of terrains and traffic situations and capture the destination. These AI-driven vehicles are adding a new level of ease to the monotonous task and stressful task of driving.

Making life easier for our customers is also something we, at Hathway, are committed to doing. We are continuously investing in AI to enable our LCO partners to deliver seamlessly and expeditiously to customer needs. We are augmenting their digital strengths to make their customer engagement and service simpler and more impactful.

Using the Power of Digital to Amplify LCO Connect

At Hathway, we recognise the invaluable contribution of our partners and affiliates in our business ecosystem. We believe them to be the backbone of our operations, serving as the primary interface between the Company and its subscribers. The strong relationship we share with our affiliates has been instrumental in our success, enabling us to deliver high-quality digital entertainment services to millions of households across the country. We continue to take targeted initiatives to nurture and strengthen these relationships.

STRENGTHENING THE LCO CONNECT

We have leveraged digital innovation for deepening our LCO connect, and supporting their customer engagement efforts. We have expanded our digital outreach to enhance the competencies and capabilities of the LCOs, and make their HCDL journey more empowering, exciting and exhilarating.

We are also continuing with our LCO-friendly schemes, offerings and campaigns to stay connected with them and to support their marketing efforts. We have added more stimulating features to our product packaging to differentiate and underline their USPs, thus helping our LCO partners reach out to the customers in a more impactful manner.

LAUNCH OF POWER-PACKED LCO LIGHTHOUSE APP

To further strengthen our deep relationship with our affiliates, we launched a B2B engagement and awareness app specially designed for business partners during FY 2022-23. The app, aimed at enhancing LCO engagement and awareness, seeks to provide informative and engaging content to our community of affiliates. The ultimate goal is to enable them to serve customers better and contribute to the growth of the business.

The LCO LightHouse app incorporates a diverse range of modules, each tailored to deliver specific benefits and support to our business partners. Through these modules, we aim to:

- educate LCOs about LCO portal features,
- enhance their on-ground skills,
- offer troubleshooting assistance,
- facilitate direct interaction with our experts via live sessions,
- keep them abreast of industry updates,
- provide information related to broadcasters and their bouquets rates,
- encourage participation in exciting contests, and
- reward their dedication and commitment.

The LCO LightHouse app is a testimony to our unwavering commitment to building strong relationships with our affiliates. Through this powerful digital tool, we aim to amplify our connection, enhance awareness, and foster a culture of engagement and loyalty among LCOs. By empowering LCOs with the necessary knowledge, skills, and support, we believe that together, we can continue to provide unparalleled digital entertainment experiences to our valued customers.

Catalysing Customer Interest through Innovative Campaigns

At Hathway, we believe digital innovation to be as critical to the marketing of our products and offerings as it is to lending them a differentiation. Our innovative marketing campaigns are designed to resonate with the customers' deep-rooted aspirations and demands. They are crafted to captivate customers and drive interest in Hathway services.

CAPTIVATING CAMPAIGNS DRIVING TRACTION

Hathway Broadband has successfully distinguished itself over the years through its captivating marketing campaigns. The launch of our Monsoon Campaigns in multiple vernaculars created a buzz in the key markets during FY 2022-23. These campaigns translated into greater traction in terms of customer interest as well as conversion.

The campaigns were focussed on showcasing Hathway's blazing-fast Broadband speeds and reliability. Through attention-grabbing visuals and relatable scenarios, they emphasised the transformative power of uninterrupted connectivity, highlighting the ability of Hathway's services to enhance productivity, deliver exhilarating entertainment, and enrich the Broadband surfing experience of customers.

With our campaigns, we tried to convey the concept of limitless possibilities, positioning Hathway as an enabler of dreams and aspirations. Hathway aims to inspire its customers and instil confidence in their ability to reach new heights with the use of Broadband, as underscored through these campaigns.

Hathway is committed to providing affordable Broadband solutions without compromising on quality. We believe that everyone deserves access to high-quality connectivity. Our goal is to break the barrier of affordability, and empower individuals and businesses to stay connected in an increasingly digital world. Our campaigns are designed to steer this goal through impactful messaging and exciting visuals.

NOTES:

1. The Ministry of Corporate Affairs (“MCA”) has, vide its Circular No.10/2022, dated December 28, 2022 read together with circulars dated April 8, 2020, April 13, 2020, May 05, 2020, January 13, 2021, December 08, 2021, December 14, 2021 and May 05, 2022 (collectively referred to as “MCA Circulars”), permitted convening the Annual General Meeting (“AGM/Meeting”) through Video Conferencing (“VC”) / Other Audio-Visual Means (“OAVM”), without the physical presence of the Members at a common venue. In accordance with the MCA circulars, provisions of the Companies Act, 2013 (“the Act”) read with Rules made thereunder and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”), the AGM of the Company is being held through VC/ OAVM. The deemed venue for the AGM shall be the Registered Office of the Company.
2. A statement pursuant to Section 102(1) of the Act, relating to the Special Business to be transacted at the AGM is annexed hereto.
3. Generally, a member entitled to attend and vote at the meeting is entitled to appoint a proxy to attend and vote on a poll instead of himself/herself and such proxy need not be a member of the Company. Since this AGM is being held through VC/ OAVM pursuant to the MCA Circulars, physical attendance of members has been dispensed with. Accordingly, the facility for appointment of proxies by the members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.

Since the AGM will be held through VC/OAVM, the Route Map of the venue of the AGM is not annexed hereto.
4. In terms of the provisions of Section 152 of the Act, Ms. Geeta Fulwadaya, Non-Executive Director of the Company, retires by rotation at the Meeting. The Nomination and Remuneration Committee and the Board of Directors of the Company recommended her re-appointment. Ms. Geeta Fulwadaya is interested in the ordinary resolution set out at Item No. 2, of the Notice with regard to her re-appointment. The relatives of Ms. Geeta Fulwadaya may be deemed to be interested in the resolution set out at Item No. 2 of the Notice, to the extent of their shareholding interest, if any, in the Company.

Save and except the above, none of the other Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the Ordinary Business set out under Item Nos. 1 to 2 of the Notice.

5. Details of Director retiring by rotation/seeking re-appointment at this AGM are provided in the “Annexure” to the notice.

PROCEDURE FOR REMOTE E-VOTING AND E-VOTING AT THE AGM ("INSTA POLL"):

17. A. E-VOTING FACILITY:

Pursuant to the provisions of Section 108 and other applicable provisions, if any, of the Act read with the Companies (Management and Administration) Rules, 2014, as amended, and Regulation 44 of SEBI Listing Regulations read with circular of SEBI on e-Voting Facility provided by Listed Entities, dated December 9, 2020, the Company is providing to its members facility to exercise their right to vote on resolutions proposed to be passed at AGM by electronic means ("**e-voting**"). Members may cast their votes remotely, using an electronic voting system on the dates mentioned herein below ("**remote e-voting**"). Further, the facility for voting through electronic voting system will also be made available at the Meeting ("**Insta Poll**") and members attending the Meeting who have not cast their vote(s) by remote e-voting will be able to vote at the Meeting through Insta Poll.

The Company has engaged the services of KFinTech as the agency to provide e-voting facility.

The manner of voting, including voting remotely by (i) individual shareholders holding shares of the Company in demat mode, (ii) shareholders other than individuals holding shares of the Company in demat mode, (iii) shareholders holding shares of the Company in physical mode, and (iv) Members who have not registered their e-mail address is provided in the instructions given below.

The remote e-voting facility will be available during the following voting period:

Commencement of remote e-voting	9:00 a.m. IST on Saturday, August 19, 2023
End of remote e-voting	5:00 p.m. IST on Monday, August 21, 2023

The remote e-voting will not be allowed beyond the aforesaid date and time and the remote e-voting module shall be forthwith disabled by KFinTech upon expiry of the aforesaid period.

Voting rights of a member/beneficial owner (in case of electronic shareholding) shall be in proportion to his/her/its shareholding in the paid-up equity share capital of the Company as on the cut-off date i.e. Tuesday, August 15, 2023 (“Cut-Off Date”).

The Board of Directors of the Company has appointed Mr. Jayesh Shah (Membership No. FCS 2535) or failing him Mr. Himanshu Kamdar (Membership No. FCS 5171), Practicing Company Secretary, Partners-Rathi and Associates, Company Secretaries, as Scrutiniser to scrutinise the remote e-voting and Insta Poll process in a fair and transparent manner and they have communicated their willingness to be appointed and will be available for the said purpose.

B. INFORMATION AND INSTRUCTIONS RELATING TO E-VOTING ARE AS UNDER:

- i. **The members who have cast their vote(s) by remote e-voting may also attend the Meeting but shall not be entitled to cast their vote(s) again at the Meeting.**
- ii. **Once the vote on a resolution is cast by a member, whether partially or otherwise, the member shall not be allowed to change it subsequently or cast the vote again.**
- iii. A member can opt for only single mode of voting i.e. through remote e-voting or Voting at the

Meeting (“Insta Poll”). If a Member casts vote(s) by both modes, then voting done through remote e-voting shall prevail and vote(s) cast at the Meeting shall be treated as “INVALID”.

- iv. **A person, whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on the cut-off date only shall be entitled to avail the facility of remote e-voting or for participation at the AGM and voting through Insta Poll. A person who is not a member as on the cut-off date, should treat the Notice for information purpose only.**
- v. The Company has opted to provide the same electronic voting system at the Meeting, as used during remote e-voting, and the said facility shall be operational till all the resolutions proposed in the Notice are considered and voted upon at the Meeting and may be used for voting only by the members holding shares as on the cut-off date who are attending the Meeting and who have not already cast their vote(s) through remote e-voting.

3. RESULTS OF OPERATIONS AND STATE OF COMPANY'S AFFAIRS

During the year under review, the total revenue from operations was ₹ 638.72 crores on standalone basis and ₹ 1,858.44 crores on consolidated basis as compared to the last year's revenue of ₹ 621.94 crores on standalone basis and ₹ 1793.02 crores on consolidated basis respectively. The post-tax profit of your Company was ₹ 64.42 crores on standalone basis and ₹ 65.37 crores on consolidated basis as compared to the last year's post-tax profit of ₹ 47.16 crores on standalone basis and ₹ 130.35 crores on consolidated basis respectively.

4. DETAILS OF MATERIAL CHANGES FROM THE END OF THE FINANCIAL YEAR TILL THE DATE OF THIS REPORT

No Material Changes have taken place from the end of the financial year till the date of this report.

5. DIVIDEND

The Board of Directors of the Company have not recommended any dividend on Equity Shares for the year under review. The Dividend Distribution Policy of the Company is put on the Company's website and can be accessed at <https://www.hathway.com/assets/pdf/Policies/Dividend%20Distribution%20Policy.pdf>.

6. MANAGEMENT DISCUSSION AND ANALYSIS

Management Discussion and Analysis Report for the year under review, as stipulated under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR"), is presented in a separate section, forming part of the Annual Report.

7. BUSINESS OPERATIONS/PERFORMANCE OF THE COMPANY AND ITS MAJOR SUBSIDIARIES

The developments in business operations/performance of the Company and its major subsidiaries consolidated with the Company are as below:

**A. Broadband Business**

During the year, the Company continued to focus on delighting its customers. GPON customers were offered with plans of 300 with a commitment that they would get the 300 Mbps speed on WiFi with our new high gain and long range Optical Network Terminal ("ONT") devices which work in both the WiFi bands of 2.4 Ghz and 5 Ghz. 5 Ghz band has less interference and is able to give 300 Mbps speed on the latest mobiles and laptops that support 802.11 ac WiFi protocol whereas 2.4 Ghz provides an extensive coverage in customer homes, so even if they are far from their WiFi device, they would still remain connected with the Band Steering feature that have been implemented in our Dual Band ONTs.

With the redundancy to 1st level splitter in many of the key Optical Line Transmission Equipment (OLTEs) we were able to offer reliable connectivity to our customers. Our technical complaint rate measured in terms of TT/1000 is at 74, with repeat complaints within 7 days at 4%. We are able to complete 84% of our installations within 48 hrs of the login of the order.

It is the endeavour of the Company to ensure that in the coming months our AI based ChatBOT and VoiceBOT should be able to address more than 50% of the customer queries in less than 2 minutes.

We are focused on improving our GPON offering in terms of quick installation and problem resolution.

During the year under review, the Broadband business revenue stood at ₹ 638.72 crores and the subscribers stood at 1.12Mn (Previous Years' Broadband business revenue stood at ₹ 621.94 crores and subscribers stood at 1.11 Mn).

B. Cable Television Business:

Hathway Digital Limited ("Hathway Digital"), a wholly owned subsidiary (material subsidiary) of the Company provides Cable Television Services on Pan India basis. During the year under review, Telecom Regulatory Authority of India "TRAI" came out with The Telecommunication (Broadcasting and Cable) Services (Eighth) (Addressable Systems) Tariff (Third Amendment) Order, 2022 (No. 4 of 2022) "New Tariff Order 3.0" effective from February 1, 2023. Though the date of implementation of New Tariff Order 3.0 was February 01, 2023, the tariff order could not be implemented on ground during the financial year, due to multiple litigation by Local Cable Operators Associations and Association of Multi System Operators, who were against any increase in the

subscriber price, which was bound to happen due to sharp increase in prices of Bouquets announced by various Broadcasters under New Tariff Order 3.0.

At the same time, Hathway Digital continued to work towards delighting its customers and took various new initiatives during the year for enhancing customer experience and provide better market offerings.

Some of the Key initiatives were:

- Continued to expand the Hathway Digital footprint through incremental infrastructure, enabling us to expand our market share. Hathway Digital connected 90 new locations with IP links and added ~1800kms of fiber network;
- Widen the bouquet of STBs that can be offered to Customers by Implementation of New CAS (Nagra Vision);
- Rolled out a new product/ Go To Market (GTM) strategy including new products and schemes to make Hathway infrastructure-ready to seize the benefit of the more conducive prevailing market;
- Hathway Digital was one of the few MSO which managed to hold ground and increase their base and market share in a situation where most of other MSOs were losing their base and share to Over the Top (OTT);
- Partnered with third party vendor to:
 - Enable QR Code on Electronic Programming Guides (EPG) for digital payments with credit going to LCOs Bank Account directly and providing instant activation;
 - Application Programming Interface (API) creation for enabling instant activation through any App that LCO may be currently using.

8. CREDIT RATING

During the year under review, the Company was not required to obtain any credit rating.

9. CONSOLIDATED FINANCIAL STATEMENT

In accordance with the provisions of the Companies Act, 2013 ("the Act") and SEBI (LODR) read with Ind AS-110 (Consolidated Financial Statement), Ind AS-28 (Investments in Associates and Joint Ventures), the consolidated audited financial statement forms part of the Annual Report.

10. SUBSIDIARIES, JOINT VENTURES AND ASSOCIATE COMPANIES

During the year under review and till the date of this report, there was no Company which has become or ceased to be Subsidiary of the Company.

A statement providing details of performance and salient features of the financial statements of Subsidiary/ Associate/ Joint Venture companies, as per Section 129(3) of the Act is annexed herewith and marked as **Annexure I** to this report.

The audited financial statement including the consolidated financial statement of the Company and all other documents required to be attached thereto is available on the Company's website and can be accessed at <https://www.hathway.com/About/AnnualReport>.

The financial statements of the subsidiaries, as required, are put up on the Company's website and can be accessed at <https://www.hathway.com/About/Subsidiaries>.

The Board has approved and adopted the updated policy for determining Material Subsidiaries and the same is put up on the Company's website and can be accessed at <https://www.hathway.com/assets/pdf/Policies/Policy%20for%20determining%20Material%20Subsidiaries.pdf>.

Hathway Digital Limited is material Subsidiary of the Company as per the SEBI(LODR).

13. CORPORATE GOVERNANCE

The Company is committed to maintain the highest standards of Corporate Governance and adhere to the Corporate Governance requirements set out by the Securities and Exchange Board of India ("SEBI").

The detailed Corporate Governance Report of the Company in pursuance of the SEBI (LODR) forms part of the Annual Report of the Company. The requisite Certificate from a Practicing Company Secretary confirming compliance with the conditions of Corporate Governance as stipulated under the SEBI (LODR) is enclosed to the Corporate Governance Report.

14. CONTRACTS AND ARRANGEMENTS WITH RELATED PARTIES

All contracts / arrangements / transactions entered by the Company during the financial year with related parties were in its ordinary course of business and on an arm's length basis.

During the year, the Company had not entered into any contract/ arrangement / transaction with related parties which could be considered material in accordance with the policy of the Company on materiality of related party transactions or which is required to be reported in Form No. AOC-2 in terms of Section 134(3)(h) read with Section 188 of the Act and Rule 8(2) of the Companies (Accounts) Rules, 2014.

During the year under review, the Board has approved and adopted the updated Policy defining materiality of related party transactions, material modification in related party transactions and dealing with related party transactions and the same is put up on the Company's website and the same can be accessed at <https://www.hathway.com/assets/pdf/Policies/Related%20Party%20Transactions%20Policy.pdf>.

There were no materially significant related party transactions which could have potential conflict with interest of the Company at large.

Members may refer Note 4.11 to the Standalone Financial Statement which sets out related party disclosures pursuant to Ind AS.

15. CORPORATE SOCIAL RESPONSIBILITY

The Corporate Social Responsibility ("CSR") Committee's prime responsibility is to assist the Board in discharging its social responsibilities by way of formulating and monitoring implementation of the objectives set out in the 'Corporate Social Responsibility Policy' ("CSR Policy"). The CSR Policy of the Company, inter alia, covers CSR vision and objective and also provides for governance, implementation, monitoring and reporting framework.

The CSR Policy is put up on the Company's website and can be accessed at <https://www.hathway.com/assets/pdf/Policies/CSR%20Policy.pdf>. There has been no change in the policy during the year.

In terms of the CSR Policy, the focus areas of engagement shall be eradicating hunger, poverty, preventative health care, education, rural areas development, gender equality, empowerment of women, environmental sustainability and protection of national heritage, art and culture and other need based initiatives.

Management Discussion & Analysis

GLOBAL ECONOMY OVERVIEW:

On the surface, the global economy appears poised for a gradual recovery from the powerful blows of the pandemic and of Russia's unprovoked war on Ukraine. China is rebounding strongly following the reopening of its economy. Supply-chain disruptions are unwinding, while the dislocations to energy and food markets caused by the war are receding. Simultaneously, the massive and synchronous tightening of monetary policy by most central banks should start to bear fruit, with inflation moving back toward its targets. As per latest forecast, global growth will bottom out at 2.8 percent this year before rising modestly to 3.0 percent in 2024. Global inflation will decrease, although more slowly than initially anticipated, from 8.7 percent in 2022 to 7.0 percent this year and 4.9 percent in 2024.

Notably, emerging market and developing economies are already powering ahead in many cases, with growth rates (Q4 Y-O-Y) jumping from 2.8 percent in 2022 to 4.5 percent this year. The slowdown is concentrated in advanced economies, especially the European Union area and the United Kingdom, where growth (also fourth quarter over fourth quarter) is expected to fall to 0.7 percent and -0.4 percent, respectively, this year before rebounding to 1.8 and 2.0 percent in 2024.

Inflation is much stickier than anticipated even a few months ago. While global inflation has declined, that reflects mostly the sharp reversal in energy and food prices. But core inflation, excluding the volatile energy and food components, has not yet peaked in many countries. It is expected to decline to 5.1 percent this year (fourth quarter over fourth quarter), a sizable upward revision of 0.6 percentage point from our January update, well above target.

Activity too shows signs of resilience as labour markets remain historically tight in most advanced economies. At this point in the tightening cycle, we would expect to see stronger signs of output and employment softening. Instead, both output and inflation estimates have been revised upward for the past two quarters, suggesting stronger-than-expected demand, which may require monetary policy to tighten further or to stay tighter for longer.

The stability of any financial system hinges on its ability to absorb losses without recourse to taxpayers' money. The financial instability last fall in the gilt market in the United Kingdom and the recent banking turbulence in the United States with the collapse of a few regional banks illustrate that significant vulnerabilities exist both among banks and nonbank financial institutions. In both cases the authorities took quick and strong action and have been able to contain the spread of the crisis so far (April 2023 Global Financial Stability Report). Yet the financial system may well be tested again.

With persistent downside risks, countries with weaker perceived fundamentals face the challenge of Investor concerns. A sharp tightening of global financial conditions—a “risk-off” shock—could have a dramatic impact on credit conditions and public finances especially in emerging market and developing economies, with large capital outflows, a sudden increase in risk premia, a dollar appreciation in a rush towards safety, and major declines in global activity amid lower confidence, household spending, and investment. In such a severe downside scenario, global GDP per capita could come close to falling—an outcome whose probability we estimate at about 15 percent.

We are therefore entering a perilous phase during which economic growth remains low by historical standards and financial risks have risen, yet inflation has not yet decisively turned the corner. More than ever, policymakers will need a steady hand and clear communication. The appropriate course of action is contingent on the state of the financial system.

As per the latest projections of IMF, an overall slowdown is indicated in medium-term growth forecasts. Five-year-ahead growth forecasts declined steadily from 4.6 percent in 2011 to 3.0 percent in 2023. Some of this decline reflects the growth slowdown of previously rapidly growing economies such as China and Korea.

INDIAN ECONOMY OVERVIEW:

The Indian economy, however, appears to have moved on after its encounter with the pandemic, staging a full recovery in FY22 ahead of many nations and positioning itself to ascend to the pre-pandemic growth path in FY23. Yet in the current year, India has also faced the challenge of reining in inflation that the European strife accentuated. Measures taken by the government and RBI, along with the easing of global commodity prices, have finally managed to bring retail inflation below the RBI upper tolerance target in November 2022. However, the challenge of the depreciating rupee, although better performing than most other currencies, persists with the likelihood of further increases in policy rates by the US Fed.

Despite these, agencies worldwide continue to project India as the fastest-growing major economy at 6.5-7.0 per cent in FY23. These optimistic growth forecasts stem in part from the resilience of the Indian economy seen in the rebound of private consumption seamlessly replacing the export stimuli as the leading driver of growth. The uptick in private consumption has also given a boost to production activity resulting in an increase in capacity utilisation across sectors. The rebound in consumption was engineered by the near-universal vaccination

coverage that brought people back to the streets to spend on contact-based services, such as restaurants, hotels, shopping malls, and cinemas, among others. The world's second-largest vaccination drive involving more than 2 billion doses also served to lift consumer sentiments that may prolong the rebound in consumption. Vaccinations have facilitated the return of migrant workers to cities to work in construction sites as the rebound in consumption spilled over into the housing market. This is evident in the housing market witnessing a significant decline in inventory overhang to 33 months in Q3 of FY23 from 42 months last year.

The Capital Expenditure (Capex) of the central government, which increased by 63.4 per cent in the first eight months of FY23, was another growth driver of the Indian economy in the current year, crowding in the private Capex since the January-March quarter of 2022. On current trend, it appears that the full year's capital expenditure budget will be met. A much-improved financial health of well-capitalised public sector banks has positioned them better to increase the credit supply. The increase in the overall bank credit has also been influenced by the shift in borrower's funding choices from volatile bond markets, where yields have increased, and external commercial borrowings, where interest and hedging costs have increased, towards banks. If inflation declines in FY24 and if real cost of credit does not rise, then credit growth is likely to be brisk in FY24.

India's economic growth in FY23 has been principally led by private consumption and capital formation. It has helped generate employment as seen in the declining urban unemployment rate and in the faster net registration in Employee Provident Fund.

Global growth has been projected to decline in 2023 and is expected to remain generally subdued in the following years as well. The slowing demand will likely push down global

commodity prices and improve India's CAD in FY24. However, a downside risk to the Current Account Balance stems from a swift recovery driven mainly by domestic demand and, to a lesser extent, by exports.

Outlook Year 23-24:

India's recovery from the pandemic was relatively quick, and growth in the upcoming year will be supported by solid domestic demand and a pickup in capital investment. The current 22 Economic Survey 2022-23 growth trajectory will be supported by multiple structural changes that have been implemented over the past few years. The private sector – financial and non-financial – was repairing balance sheets, which led to a slowdown in capital formation in the previous decade. Budgeted capital expenditure rose 2.7x in the last seven years, from FY16 to FY23, re-invigorating the Capex cycle. Structural reforms such as the introduction of the Goods and Services Tax and the Insolvency and Bankruptcy Code enhanced the efficiency and transparency of the economy and ensured financial discipline and better compliance.

INDIAN M&E SECTOR OVERVIEW:

The Indian M&E sector continued its strong growth trajectory. It grew by ₹ 348 billion (19.9%) to reach ₹ 2.1 trillion (US\$ 26.2 billion), 10% above its pre-pandemic 2019 levels. The Share of traditional media stood at 58% of M&E sector revenue in 2022 down from 71% in 2019

We expect the M&E sector to grow 11.5% in 2023 to reach ₹ 2.34 trillion (US\$ 29.2 billion), then grow at a CAGR of 10% to reach ₹ 2.83 trillion (US\$ 35.4 billion) by 2025

Continuing the Growth Estimate for M&E sector will grow ₹ 734 Bn to reach ₹ 2.8 trillion in 2025

All figures are gross of taxes (₹ in billion) | EY estimates

THE M&E SECTOR HAS BECOME MEDIUM AGNOSTIC

The M&E sector is projected to grow 10.5% in 2025 and add ₹ 734 Billion in three year, The key contributors to this growth will be digital, online gaming and television (together contributing to 65% of the growth), followed by animation and VFX (11%), live events (8%) and films (8%).

Video remained the largest earning segment in 2022, and despite resumption of normal life after the pandemic, held on to a 11% gain in revenue share since 2019.

Distribution income continued to fall in 2022

TELEVISION

Television subscription revenues in India decreased 4% in 2022 due to a reduction in the paid subscriber base by around five million television homes, while ARPU remained stable as channel pricing was not increased during the year. The fall in pay television homes has been attributed to both cord-cutting at the top end as well as movement to free Television (DD FreeDish) at the bottom end of the customer pyramid.

We expect television revenues to grow to ₹ 796 billion by 2025

Connected TV (bi-directional)	5	10	15	40
Total TV subscriptions	176	178	180	206

EY estimates | millions of subscriptions

Future outlook

Subscription income is likely to see a 2.7% CAGR growth to reach ₹ 425 billion by 2025, on account of several conflicting factors:

There were 120 million active pay TV homes and 45 million free TV homes and average Time spent on linear television fell 7% in 2022 due to a fall in both Hindi and regional language viewership Smart TV sets, however, increased to 25 million though only 8 to 10 million connected to the internet daily. Total television screens (linear and bi-directional) are expected to reach 206 million by 2025 from 180 million today

However, the mix would be different We estimate that growth of overall television households shall be driven by connected TVs which could cross 40 million by 2025 and free television which could cross 50 million and Pay TV households are expected to decline by two million in 2023, before falling slowly to 116 million households by 2025

In addition, increased acceptance of permanent and temporary work-from-home culture has created a large “laptop audience” – possibly a reason why second TV sets are not getting reconnected, and a good case for parity-pricing between linear feeds on TV and on OTT

Subject to implementation of ad caps and regulatory restrictions on pricing, we expect pricing growth will be around half of inflation for subscription and inflationary for advertising, and hence television revenues will overall continue to grow to ₹ 796 billion by 2025

End-customer prices remained stable at an average of ₹ 223 per month (net of taxes), given that regulations prohibited pricing changes for a large part of the year

Industry discussions indicated that most consumers opted for packs created by the DPOs and LCOs with minimal customisation, however, periods of temporarily suspended connections increased marginally as alternate – and even free – entertainment options were available on mobile phones, which reduced the need to recharge in a timely manner

- Television households will grow from 176 million to 206 million by 2025E:
 - Growth in population will increase Indian households by nine million till 2025
 - Low entry barrier to consume free television
 - While 44% Indian sports fans watch live sports only on TV, a sizeable 36% are using both traditional and digital media to watch live sports, while the remaining 20% are watching exclusively on Digital
 - Strong performance of regional channels and sports on Free TV
 - State elections in 2023 and national elections in 2024
 - Distribution of free STBs (as envisaged by Prasar Bharati) and subsidised STBs by private players
 - Relative pricing of television to broadband remains — currently — much in favor of television
 - Availability of television sets for as low as ₹ 6,000
 - Growth of India's per capita income from approx. US\$ 2,500 today to US\$ 3,000 by 2025
- But active television homes will face downward pressures as well:
 - Continued movement of the pay TV base to OTT platforms as broadband and 5G penetration increase
 - Increased time spent on alternate platforms like YouTube, social media, and gaming platforms, which are vying for a share of free time
 - Inability to completely pass on inflationary pricing growth to end consumers in a falling market
 - Rise of a new sector to replace ad income lost from sectors such as gaming, crypto and betting
 - Free IPL on digital and its impact on TV's share of ad revenues from the property

44% Indian sports fans watch live sports only on TV, a sizeable 36% are using both traditional and digital media to watch live sports, while the remaining 20% are watching exclusively on Digital

THE FUTURE OF TELEVISION:

TV dark		152	149 to 152
Total Indian households		319	328

Diagrammatic annotations in the table:
 - 2022 SVOD (2m) + Pay TV (43m) = 45m SVOD
 - 2022 Pay TV (77m) + AVOD (45m) = 120m Pay TV
 - 2022 Pay TV (77m) + AVOD (45m) = 165m TV
 - 2025E SVOD (10m) + Pay TV (42m) = 52 or 100+m SVOD
 - 2025E Pay TV (74 to 77m) + AVOD (50m) = 116 to 119m Pay TV
 - 2025E Pay TV (74 to 77m) + AVOD (50m) = 166 to 169m TV

Millions of Indian households | EY estimates | SVOD includes AVOD

- **Digital only:** Consume content only on digital platforms, rarely access television
- **Digital 1st:** Consume pay TV and at least one paid OTT service
- **TV 1st:** Consume pay TV and generally only bundled/ free OTT content
- **Free consumers:** Consumer do not pay for content, either on TV or OTT
- **TV dark:** Consumer do not have access to large screen television but may have access to a smart or feature phone and consequently some households may access YouTube and AVOD platforms before TV Bi-directional television households will reach 52 million (or cross 100 million)

Connected TV sets will exceed 40 million

- Smart connected TVs will exceed 40 million (daily active users) by 2025, thereby ending the monopoly of broadcasters on the large screen and leading to around 30% of content consumed on large screens to be social, gaming, digital, etc.
- The unified interface – whether on app, device or platform – will become the new landing page and earn placement and marketing revenues
- OTT aggregation will be a key driver of growth on CTV

The 2 x 4 LCO model will be the de facto reach driver

- LCOs will rejuvenate their last-mile distribution businesses with digital offerings, and will drive connectivity for India, supported by larger telcos and ISPs
- The LCO will evolve to provide two wires into each home – a linear TV connection for live television and a broadband connection
- Last-mile digital services will include aggregation of content (across TV and OTT), data, smart home capabilities and community social interaction and news

INDIAN BROADBAND INDUSTRY:

Subscriptions (In million)	Dec 2020	Dec 2021	Dec 2025 ⁷
Wired broadband	22	26	32
Wireless broadband	725	766	800
Total broadband	747	792	832

Internet Broadband penetration increased 4% to reach 832.0 million as on Dec 22, of which 800.0 million had broadband access. Only 32.0 million Indian households had a wired broadband connection.

Wired Broadband reach to 32.0 Mn in Dec 22 has increased by 23% compared to the 26 Mn in Dec-21

With over 800 million broadband subscriptions, India has the second largest broadband subscriber base in the world, after China. Currently, less than one in ten Indian households has a wired broadband connection. Data published by Ookla in January 2023 indicates that Indian consumers can expect to receive 18.26 Mbps & 49.09 Mbps in Mobility and fixed line respectively.

Total telecom subscriptions were 1,170 million in December 2022 as compared to 1,178 million in December 2021. Urban subscriptions comprised 56% while rural subscriptions were 44%.

Telecom subscriptions

We also estimate the revenue will grow to ~ 860 Million at the CAGR 15% by 2025, driven by the various platform of revenue stream such as OTT, Digital advertisement, SME & E-commerce etc.

India's low data prices are the key reason for growing telecom internet user base, and consequently, the growth being witnessed across online entertainment, audio streaming, gaming, social media, etc.

Despite the low prices, there are still an estimated 300 million feature phone users who are yet to migrate to smartphones

Average cost of 1 GB of mobile date in 2022 (US\$)

ONLINE CONSUMPTION INCREASED

Indians spent 4.9 hours a day on their phones in 2022, aggregating 748 billion hours of consumption (second highest in the world) in 2022 which is increase by 6.8% hours compare to 2021.

Average time spent on social media by the Indians is around 82%

In India, average monthly mobile data usage per smartphone was 25GB per month in 2022, and this is set to increase at a CAGR of 14% to reach 54GB by 2028 Growth was driven by increased adoption of 4G and 5G, which grew to 74% of total subscriptions as compared. Average App download by an Indian is around 28.9 billion in 2022 a over a 8% growth in 2021

COMPANY OVERVIEW

Hathway Cable and Datacom Limited (the Company), a subsidiary of Reliance Group business conglomerate, is a vibrant Organisation engaged to provide fixed line through Fiber ISP and CATV services to millions of homes across the Pan India. As one

of the leading fixed line internet service providers in the country, HCDL provides uninterrupted and rapid-speed connectivity through its fast-growing ISP business along with OTT offering, The first Indian MSO to launch GPON FTTH and having 6.2 Mn Home passes and 1.12 Mn subscribers base, and approximately 72,000 Kms of Fiber Optic Cable covered Pan India to service the customers.

Hathway Digital Limited (HDL), a wholly owned subsidiary of HCDL, provides CATV services, which is one of India's largest Multi System Operators (MSOs), with 7+ main head ends and a network of approximately 31,000 Kms of Fiber Optic Cable providing cable services to 5.6 Mn viewers (including through its fellow subsidiaries & JV's) pan India and reach to 700+ towns and adjoining areas.

HCDL also delivers both CATV and Broadband services in certain parts of the country through its associate company, GTPL Hathway Limited.

BROADBAND BUSINESS:

Broadband Customers (1.12 Mn wireline broadband subscribers as of 31st March, 2023) increasingly prefer wireline broadband as it allows online media consumption and seamless accessibility of data to multiple devices while at home. The broadband industry saw a significant surge in demand in many tier 2 and 3 towns as many professionals shifted base to their home towns. Online education also became a key growth driver for broadband in smaller cities.

The Company's focus on FTTH-led technology edge and improving consumer experience through enhanced digitisation and automation helped in increasing the FTTH consumer base by more than 20%. Through enabling consumers to handle multiple digital engagements from OTT consumption needs to office video calls and online demand from schools, FTTH consumers enjoying unlimited data, Average Usage per customer is ~ 300 GB p.m., with high traction in Southern InfoTech hubs. This shows the level of engagement of consumers with the Company network. With high-speed unlimited plans, while Company focused to provide uninterrupted service, it also started giving consumers dual band routers which allowed them to get consistent speed on multiple devices.

The average data usage per customer per month reached 300 GB in March 2023 exit which showed customers preference for watching online media.

Company is committed in providing exceptional customer service and has oriented a step further in this direction by focusing on AI driven automations which are resolving more than 50% customer queries in less than 2 minutes. Entire support function has been reoriented to provide within 4 hrs support to the customers and same day installation for new customers. This journey is continuing with re-engineering its customer front-end to make it technology-enabled, so as to drive operational efficiencies and strategic thrust on continuous innovation, in which lies a strong ambition to empower customers. The key innovation Initiatives taken during the year were as below :

- GPON customers are being committed of 300 Mbps speed on Wi-Fi on our 300 Mbps plans with our new high gain and long range ONT devices which work in both the Wi-Fi bands of 2.4 Ghz and 5 Ghz. 5 Ghz band has less interference and is able to give 300 Mbps speed on the latest mobiles and laptops that support 802.11 ac Wi-Fi protocol whereas 2.4 Ghz provides an extensive coverage in customer homes, so even if they are far from their Wi-Fi device, they will still remain connected with the Band Steering feature that we have implemented in our Dual Band ONTs.
- With the launch of Digital CAF which has built in Artificial Intelligence (AI) features of Aadhar based photo and address verification with the live photo of the subscriber, 50% of our new GPON customers are being connected and activated, the same day.

- 42% of the technical complaints including that of field pertaining to both network and customers are being resolved within 4 Hrs

During the year under review, the Broadband business revenue stood at ₹ 638.7 crores and the subscribers stood at 1.12Mn (Previous Years' Broadband business revenue stood at ₹ 621.9 crores and subscribers stood at 1.11 Mn).

CABLE TELEVISION BUSINESS:

Hathway Digital Limited (HDL), a wholly owned subsidiary of the Company, provides Cable Television Services on Pan India basis. Post implementation of New Tariff Order (NTO), customers have the freedom to watch channels of their choice with best-in-class technology.

To enhance the systems capabilities using the technical feasibility and to delight customers, numerous initiatives were undertaken during the year, including :

- Continuous focus to expand network footprint through incremental infrastructure, enabling to expand HDL's market share. HDL connected ~ 75 new locations with IP links and added ~ 1,800 kms of fiber network;
- Product/GTM strategy including new products and schemes to make Hathway infrastructure-ready to seize the benefit of the more conducive prevailing market;
- Hathway was one of the few MSOs which managed to hold ground in a situation where most of other MSOs are losing their base and share to OTT
- New Initiatives and Partnered with third party vendors:
 - Enabling QR Code on EPG based digital payments with credit going to LCOs Bank Account directly and providing instant activation
 - API creation for enabling instant activation through any App that LCO may be currently using Next generation HEVC HD box and OTT hybrid box were launched during the year to give Cable Television Customers enhanced viewing experience
- Online renewal facility to empower customers by giving them the freedom to renew their packages at the click of a button through MyJio App, at their own convenient time and place
- Leveraging platforms like WhatsApp for continuous customer engagement

RISKS AND CONCERNS

Product / Technology Risk

Consequence: The traditional cable customer preferences are very slowly changing and in long term some of them may move towards getting content in a non-linear manner. Inability to meet the customer's demand might lead to loss in business. Also Rapid advancements in technology leading to obsolescence of existing assets

Risk Mitigation Strategy: The company is well placed to serve the arising needs of the customers by offering OTT & broadband services to existing cable customers

The shift to MPEG-4/HEVC STBs in cable and provision of providing broadband through DOCSIS 3.1 /GPON network is testament to the fact that the Company is sensitive towards the rapidly evolving technology trends

Awareness Risk

Consequence: LCOs function as primary facilitators of our business expansion. Therefore, delay in updating/on boarding them on latest initiatives undertaken by the company would negate the first mover advantage.

Financial Statements

Independent Auditor's Report

To the Members of Hathway Cable and Datacom Limited

Report on the Audit of the Standalone Financial Statements

OPINION

We have audited the accompanying standalone financial statements of **Hathway Cable and Datacom Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Cash Flow Statement for the year ended on that date and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics issued by ICAI. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. Key Audit Matters No

How our audit addressed the Key Audit Matter

The accounting for deferred tax assets is significant to our audit since the Company makes judgments and estimates of forecasted taxable income in relation to the realization of deferred tax assets. As at March 31, 2023, the deferred tax assets are valued at ₹96.89 crores. Further reference is made to Note 2.06.

The forecasts were evaluated by us considering the performance of the Company and related business plans approved by the management. Such evaluation included obtaining an understanding of management's planned strategies around business expansion, revenue stream growth strategies. We have also tested the effectiveness of the Company's internal controls around the working and recognition of deferred tax assets. We also assessed the adequacy of the Company's disclosures included in Note 2.06.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Corporate Governance Report but does not include the consolidated financial statements, the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design,

implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud

may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of section 143 (11) of the Act, we give in the "Annexure A", a statement on the matters specified in the paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, based on our audit we report that:
 - (i) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (ii) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (iii) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account;
 - (iv) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act, read with relevant rules issued thereunder and relevant provisions of the Act;
 - (v) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of section 164(2) of the Act;
 - (vi) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements;
 - (vii) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors

during the year is in accordance with the provisions of section 197 of the Act;

(viii) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

- a) The Company has disclosed the impact of pending litigations as at March 31, 2023 on its financial position in its standalone financial statements - Refer Note 4.02 to the standalone financial statements;
- b) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses - Refer Note 4.02(h) to the standalone financial statements; The Company did not have any long-term derivative contracts.
- c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;
- d) (i) The Management has represented that, to the best of its knowledge and belief, as stated in Note no. 4.20(iv), no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(ii) The Management has represented, that, to the best of its knowledge and belief, as stated in Note no. 4.20(v), no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(iii) Based on the audit procedures performed by us that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement;

- e) The Company has neither declared nor paid any dividend during the year; and
- f) As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only w.e.f. April 1, 2023, reporting under this clause is not applicable.

Annexure A to the Independent Auditor's Report

Referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" of our report on even date to the members of the Company on standalone financial statements for the year ended March 31, 2023:

- | | |
|---|--|
| <p>(i) (a) (A) The Company has maintained proper records of Property, Plant and Equipment showing particulars of assets including quantitative details and situation except in case of certain types of distribution equipments like cabling, line equipments, access devices with end users. In view of the management, nature of such assets and business is such that maintaining location-wise particulars is impractical;</p> <p>(B) The Company has maintained proper records showing full particulars of Intangible Assets;</p> <p>(b) Distribution equipments like cabling and other line equipments of selected networks were verified. The management plans to verify balance networks in a phased manner. Property, Plant and Equipment, other than distribution equipments and access devices with the end users were physically verified during the year based on verification programme adopted by the management. As per this programme, all assets will be verified at least once in a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were due for verification during the year and were physically verified by the Management during the year. The management has represented that physical verification of access devices with the end users is impractical; however, the same can be tracked, in case of most of the networks, through subscribers management system;</p> <p>The Company has a process of reconciling book records with outcome of physical verification, wherever physical verification was carried out and have accounted for the discrepancies observed on such verification;</p> <p>(c) The Company does not hold any immovable properties and hence reporting under clause 3(i)(c) of the Order is not applicable. Further the properties where the Company is Lessee, the agreements are duly executed in favour of the lessee;</p> <p>(d) The Company has not revalued any of its Property, Plant and Equipment and intangible assets during the year. The Company does not have any Right of use Assets.</p> | <p>(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder;</p> <p>(ii) (a) Inventories have been physically verified during the year by the management. In our opinion, the coverage and procedure of verification is appropriate and the frequency of verification is reasonable. There were no discrepancies of 10% or more in aggregate for each class of inventory noticed on physical verification as compared to the book of accounts;</p> <p>(b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility from banks or financial institutions on the basis of security of current assets and hence reporting under paragraph 3(ii)(b) of the Order is not applicable;</p> <p>(iii) (a) During the year the Company has not provided loans or advances in the nature of loans, or stood guarantee, or provided security to any other entity. Accordingly, reporting under paragraph 3(iii)(a) of the Order is not applicable to the Company;</p> <p>(b) During the year, the Company has not made any investment or provided guarantee or given security to any entity. Accordingly, reporting under paragraph 3(iii)(b) of the Order is not applicable to the Company;</p> <p>(c) During the year, the Company has not provided loans or advances in the nature of loans to any entity. Accordingly, reporting under paragraph 3(iii)(c) of the Order is not applicable to the Company;</p> <p>(d) Since loans granted by the Company are repayable on demand and no demand for repayment being made till date, there is no overdue amount of loans granted to such parties. Accordingly, reporting under paragraph 3(iii)(d) of the Order is not applicable to the Company;</p> <p>(e) Since loans granted by the Company are repayable on demand, neither loan nor advance in the nature of loan has fallen due during the year. Accordingly, reporting under paragraph 3(iii)(e) of the Order is not applicable to the Company;</p> |
|---|--|

- (f) As stated above, during the year, no loans or advances in the nature of loan or security were given or guarantees were provided. Accordingly, reporting under paragraph 3(iii)(f) of the Order is not applicable to the Company;
- (iv) The Company has not made investments, granted loans, guarantees and made securities, during the year under audit, which require compliance in terms of the provisions contained in the section 185 or section 186 of the Act. Accordingly, reporting under paragraph 3(iv) of the Order is not applicable to the Company;
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits. Accordingly, reporting under paragraph 3(v) of the Order is not applicable to the Company. We have been informed by the management that no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal in this regard;
- (vi) The Central Government has prescribed maintenance of cost records under section 148(1) of the Act, for the services rendered by the Company. We have broadly reviewed the books of account maintained and in our opinion; prima facie, the prescribed accounts and records have been made and maintained by the Company. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete;
- (vii) (a) The Company has generally been regular in depositing with appropriate authorities undisputed statutory dues such as goods and services tax, provident fund, employees' state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and other applicable statutory dues. According to information and explanations given to us, no undisputed statutory dues payable were in arrears as at March 31, 2023, for a period of more than six months from the date they became payable;

Annexure B to the Independent Auditor's Report

Referred to in paragraph 2(vi) under "Report on Other Legal and Regulatory Requirements" of our report on even date to the members of the Company on standalone financial statements for the year ended March 31, 2023

OPINION

We have audited the internal financial controls with reference to financial statements of the Company as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2023 based on the criteria for internal financial control with reference to standalone financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('Guidance Note') issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate

internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and

not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

BACKGROUND

Hathway Cable and Datacom Limited ("the Company") is a Public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company is engaged in distribution of internet services through cable (Broadband) and has strategic stake in entities engaged in Cable Television business. Its equity shares are listed on National Stock Exchange of India Limited (NSE) and BSE Limited (BSE) in India.

1.00 SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the presentation of these standalone financial statements.

1.01 Basis of Preparation

(i) Compliance with Ind AS

The standalone financial statements comply in all material aspects with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 ("the Act"), and relevant rules issued thereunder and relevant provisions of the Act. In accordance with proviso to the Rule 4A of the Companies (Accounts) Rules, 2014, the terms used in these financial statements are in accordance with the definitions and other requirements specified in the applicable Accounting standards.

(ii) Authorisation of standalone financial statements

The standalone financial statements were approved for issue by Board Of Directors at their meeting held on April 17, 2023.

(iii) Historical cost convention

The standalone financial statements have been prepared on a historical cost basis, except for the following items, which are measured on an alternative basis on each reporting date :

- certain financial assets and liabilities is measured at fair value; and
- defined benefit plans – fair value of plan assets less the present value of the defined benefit obligations.

1.02 Functional And Presentation Currency

These standalone financial statements are presented in Indian Rupees (INR), which is also the company's functional currency. All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest crores, except where otherwise indicated.

1.03 Current Versus Non-Current Classification

The Company presents its assets and liabilities in the balance sheet based on current / non-current classification.

An asset is classified as current if:

- it is expected to be realised or intended to be sold or consumed in normal operating cycle;
- it is held primarily for the purpose of trading;
- it is expected to be realised within twelve months after the reporting period; or
- the cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current if:

- it is expected to be settled in normal operating cycle;
- it is held primarily for the purpose of trading;
- it is due to be settled within twelve months after the reporting period; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities on net basis.

All assets and liabilities have been classified as current or non-current as per Company's normal operating cycle. Based on the nature of operations, the Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

1.04 Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows :

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

1.05 Use Of Judgements, Estimates & Assumptions

While preparing standalone financial statements in conformity with Ind AS, the management makes certain estimates and assumptions that require subjective and complex judgments. These judgments affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, disclosure of contingent liabilities at the statement of financial position date and the reported amount of income and expenses for the reporting period. Financial reporting results rely on our estimate of the effect of certain matters that are inherently uncertain. Future events rarely develop exactly as forecasted and the best estimates require adjustments, as actual results may differ from these estimates under different assumptions or conditions. The management continually evaluates these estimates and assumptions based on the most recently available information.

Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the standalone financial statements are as below:

Key assumptions and estimation uncertainties :

- (i) Investment in Mutual Funds, Bonds and Fixed Deposits with Banks; (Refer note 4.09)
- (ii) Useful lives of Property, Plant and Equipment and Intangible Assets; (Refer note 1.06 and 1.07)
- (iii) Measurement of defined benefit obligations, key actuarial assumptions; (Refer note 4.05)
- (iv) Evaluation of recoverability of deferred tax assets; (Refer note 2.06) and
- (v) Contingencies (Refer note 4.02).
- (vi) Impairment test of Tangible and Intangible assets
- (vii) Measurement of Expected Credit Loss Allowance for Trade Receivables

1.06 Property, Plant And Equipment

Recognition and measurement

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Property, Plant and Equipment (including capital work-in-progress) is stated at cost, less accumulated depreciation and accumulated impairment losses. The initial cost of an asset comprises its purchase price, non-refundable taxes, any costs directly attributable to bringing the asset into the location and conditions necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any, finance cost. The purchase price is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.

Access devices on hand at the year-end are included in Capital Work in Progress. On installation, such devices are capitalized.

The residual values and useful lives of Property, Plant and Equipment are reviewed at each financial year end, and changes, if any, are accounted prospectively.

Stores & Spares which meet the definition of Property, Plant and Equipment and satisfy the recognition criteria of Ind AS 16 are capitalized as Property, Plant and Equipment.

Tangible Assets acquired in business combination

Tangible assets acquired in business combination are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Derecognition of Property, Plant and Equipment

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of an item of Property, Plant and Equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss.

Depreciation on Property, Plant and Equipment

Depreciation on Property, Plant and Equipment is provided on straight line method. In accordance with requirements prescribed under Schedule II of Companies Act, 2013, the Company has assessed the estimated useful lives of its Property, Plant and Equipment and has adopted the useful lives and residual value as prescribed in Schedule II except for the cost of Access devices at the customer's location which are depreciated on straight-line method over a period of eight years based on internal technical assessment.

In case of additions or deletions during the year, depreciation is computed from the month in which such assets are put to use and up to previous month of sale, disposal or held for sale as the case may be. In case of impairment, depreciation is provided on the revised carrying amount over its remaining useful life.

All assets costing up to ₹ 5,000 (in ₹) are fully depreciated in the year of capitalisation.

1.07 Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

Recognition and measurement

Intangible assets comprises of Network Franchisee, Bandwidth Rights, Goodwill, Customer Acquisition Cost and Softwares.

Intangible assets with finite useful lives that are acquired are recognized only if they are separately identifiable and the Company expects to receive future economic benefits arising out of them. Such assets are stated at cost less accumulated amortization and impairment losses. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less impairment losses.

Intangible Assets acquired in business combination

Intangible Assets acquired in business combination and recognised separately from goodwill are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in statement of profit and loss when the asset is derecognised.

Amortisation of intangible assets

Intangible assets with finite useful lives are amortised on a straight line basis over their useful economic lives and assessed for impairment whenever there is indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each year end. The amortisation expense on Intangible assets with finite lives and impairment loss is recognised in the Statement of Profit and Loss.

Estimated lives for current and comparative periods in relation to application of straight line method of amortisation of intangible assets (acquired) are as follows:

- Network Franchisee are amortised over the period of five to twenty years.
- Softwares are amortised over the license period and in absence of such tenor, over five years.
- Bandwidth Rights are amortised over the period of the underlying agreements.
- Customer acquisition costs are amortised over the period of five years.

The estimated useful lives, residual values, amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

1.08 Impairment of Assets (other than Financial Assets)

Carrying amount of Tangible assets, Intangible assets, Investments in Subsidiaries, Joint Ventures and Associates (which are carried at cost) are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or Company's assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

1.09 Inventories

Inventories are valued as follows:

Spares and maintenance items are valued at lower of cost (net of taxes recoverable) on first in first out basis or net realizable value.

Stock-in-trade comprising of access devices are valued at cost on weighted average method or at net realizable value, whichever is lower.

1.10 Cash And Cash Equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of change in value.

For the purpose of statement of cash flows, cash and cash equivalents consist of cash, short-term deposits as defined above, bank overdrafts and short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value as they are considered as an integral part of the Company's management. Bank overdrafts are shown within borrowings under current liabilities in the balance sheet.

1.11 Financial Instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Initial Recognition and Measurement – Financial Assets and Financial Liabilities

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss. Since, trade receivables do not contain significant financing component they are measured at transaction price.

Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVTOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- the entity's business model for managing the financial assets; and
- the contractual cash flow characteristics of the financial asset.

Amortised Cost:

A financial asset is classified and measured at amortised cost if both of the following conditions are met:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

FVTOCI:

A financial asset is classified and measured at FVTOCI if both of the following conditions are met:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses and interest revenue which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

FVTPL:

A financial asset is classified and measured at FVTPL unless it is measured at amortised cost or at FVTOCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Expected Credit Losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date);or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward-looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

Classification and Subsequent measurement: Financial Liabilities

The Company's financial liabilities include trade and other payables and borrowings including bank overdrafts..

Financial Liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL.

Gains or losses on financial liabilities held for trading are recognised in the Statement of Profit and Loss.

Other Financial Liabilities:

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

Derecognition of Financial Assets and Financial Liabilities:

The Company de-recognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Write-off:

The gross carrying amount of a financial asset is written off when there are no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. The Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

Offsetting Financial Instruments:

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

1.12 Investment In Subsidiaries, Joint Ventures And Associates

A subsidiary is an entity that is controlled by another entity. An investor controls an investee if and only if the investor has the following; (i) Power over the investee, (ii) exposure, or rights, to variable returns from its involvement with the investee and (iii) the ability to use its power over the investee to affect the amount of the investor's returns.

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The Company's investments in its subsidiaries, associates and joint ventures are accounted at cost and reviewed for impairment at each reporting date in accordance with the policy described in note 1.08 above.

1.13 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that a company incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

1.14 Provisions, Contingent Liabilities And Contingent Assets

Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a current pre-tax rate. The increase in the provision due to the passage of time is recognised as interest expense.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

Contingent liability

Contingent liability is a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability. The Company does not recognize a contingent liability but discloses its existence in the standalone financial statements.

Contingent Asset

Contingent asset is not recognised in standalone financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognized. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

1.15 Employment Benefits

(i) Short-term employee benefits

Short-term employee benefits are measured on an undiscounted basis and expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(ii) Post-employment obligations

The Company operates the following post-employment schemes:

- defined benefit plans such as gratuity; and
- defined contribution plans such as provident fund

Defined Benefit Plans

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised at amount net of taxes in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in Statement of Profit and Loss as past service cost.

Defined contribution plans

The Company makes specified monthly contributions towards government administrated provident fund scheme. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

(iii) Other long-term employee benefit obligations

The liabilities for leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of Profit and Loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

1.16 Revenue From Contracts With Customers

(i) Income from rendering of services and sale of products

The Company derives revenues primarily from Broadband business comprising of Internet services and other allied services.

Revenue is recognised upon transfer of control of promised products or services to customers at the amount of transaction price (net of variable consideration) that reflects the consideration the Company expects to receive in exchange for those products or services. Subscription revenue is recognized ratably over the period in which the services are rendered.

To recognize revenues, the Company applies the following five step approach:

1. identify the contract with a customer;
2. identify the performance obligations in the contract;
3. determine the transaction price;
4. allocate the transaction price to the performance obligations in the contract; and
5. recognize revenues when a performance obligation is satisfied

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. The Company presents revenues net of indirect taxes in its Statement of Profit and Loss.

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade Receivables

A receivable represents the company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier), which we refer to as Unearned Revenue.

Contract liabilities are recognised as revenue when the Company performs under the contract.

(ii) Other Operating Income

Other Operating Income comprises of fees for rendering management, technical and consultancy services. Income from such services is recognized upon satisfaction of performance obligation as per the terms of underlying agreements.

1.17 Recognition of Dividend Income and Interest Income

(i) Interest Income

Interest income from financial assets is recognised using the effective interest rate method.

(ii) Dividend Income

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

1.18 Taxes on Income

Current Tax:

Tax on income for the current period is determined on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the Statement of Profit and Loss.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax:

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the Statement of Profit and Loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities where the Company have a legally enforceable right to set-off assets against liabilities.

1.19 Earnings Per Share (EPS)

Basic Earnings Per Share

Basic earnings per share is calculated by dividing the profit (or loss) attributable to the owners of the Company by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

Diluted Earnings Per Share

Diluted earnings per share is computed by dividing the profit (considered in determination of basic earnings per share) after considering the effect of interest and other financing costs or income (net of attributable taxes) associated with dilutive potential

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

equity shares by the weighted average number of equity shares considered for deriving basic earnings per share adjusted for the weighted average number of equity shares that would have been issued upon conversion of all dilutive potential equity shares.

1.20 Leases

As a lessee

The Company, as a lessee, recognizes a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

Short-term leases and leases of low value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases, including IT equipment. The company recognises the lease payments associated with these leases as an expense in profit or loss on a straight-line basis over the lease term.

1.21 Foreign Currency Translations

(i) Transactions and balances

Monetary items:

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in statement of profit and loss. Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of Profit and Loss, within finance costs. All other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within other gains / (losses).

Non – Monetary items:

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

1.22 Business Combinations and Goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred, measured at acquisition date fair value and the amount of any non-controlling interest in the acquiree. For each business combination, the Company elects whether it measures the non-controlling interest in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition costs which are administrative in nature are expensed out.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Company's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

Where goodwill forms part of a cash-generating unit and part of the operation within that unit is disposed off, the goodwill associated with the operation disposed off is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed off in this circumstance is measured based on the relative values of the operation disposed off and the portion of the cash-generating unit retained.

Common control business combinations include transactions, such as transfer of subsidiaries or businesses, between entities within a group.

Business combinations involving entities or businesses under common control are accounted for using the pooling of interests method. Under pooling of interest method, the assets and liabilities of the combining entities are reflected at their carrying amounts, the only adjustments that are made are to harmonise accounting policies.

The financial information in the standalone financial statements in respect of prior periods are restated as if the business combination had occurred from the beginning of the preceding period in the standalone financial statements, irrespective of the actual date of the combination. However, if business combination had occurred after that date, the prior period information is restated only from that date.

The difference, if any, between the amount recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and presented separately from other capital reserves with disclosure of its nature and purpose in the notes.

1.23 Financial Liabilities and Equity Instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received.

Consequent to such capital structure, the Company is not subject to any externally imposed capital requirements.

4.09 FINANCIAL INSTRUMENTS :

(i) Methods & assumptions used to estimate the fair values

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- a) The carrying amounts of receivables and payables which are short term in nature such as trade receivables, security deposits given, loans given to related parties, other bank balances, security deposits taken, trade payables, payables for acquisition of non-current assets and cash and cash equivalents are considered to be the same as their fair values.
- b) The fair values for long term security deposits given and remaining non current financial assets were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs.
- c) For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

(ii) Categories of financial instruments

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: directly or indirectly observable market inputs, other than Level 1 inputs; and

Level 3: inputs which are not based on observable market data

4.10 FINANCIAL RISK MANAGEMENT

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Board of Directors. The details of different types of risk and management policy to address these risks are listed below:

The business activities of Company expose it to financial risks namely Credit risk, Liquidity risk and Market risk.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

1. Credit risk

Credit risk arises from the possibility that counter party will cause financial loss to the company by failing to discharge its obligation as agreed.

The exposure of the Company to credit risk arises mainly from the trade receivables, investment in Debt Securities (Bonds) and Debt Mutual Funds, unbilled revenue and loans given.

Trade Receivable, Loan Given and Contract Assets :

The Company's major revenue streams arises from services provided to end use customers in the form of monthly subscription income, which predominantly follows a prepaid model. The trade receivables on account of subscription income are typically un-secured and derived from sales made to large number of independent customers. As the customer base is distributed economically and geographically, there is no concentration of credit risk.

The Company follows a simplified approach (i.e based on lifetime ECL) for recognition of impairment loss allowance on Trade receivables. For the purpose of measuring the lifetime ECL allowance for trade receivables, the Company uses a provision matrix. In addition, in case there are events or changes in circumstances indicating individual or class of trade receivables is required to be reviewed on qualitative aspects, necessary provisions are made.

Impairment on cash and cash equivalents and other bank balances has been measured on a 12- month expected loss basis and reflects the short maturities of the exposures. The Company considers that its cash and cash equivalents have low credit risk based on the external credit ratings of the counterparties.

2. Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The Company liquidity risk management policies include to, at all times ensure sufficient liquidity to meet its liabilities when they are due, by maintaining adequate sources of financing from banks at an optimised cost whenever considered appropriate. In addition, processes and policies related to such risks are overseen by senior management. The Company's senior management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows. The company also monitors the level of expected cash inflows on trade receivables together with expected cash outflows on trade payables.

In this regard, as in previous years, considerable work has been performed to control and reduce collection periods for trade and other receivables, as well as to optimise accounts payable with the support of banking arrangements to mobilise funds.

3. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company is exposed in the ordinary course of business to following risks: (a) foreign exchange risk and (b) price risk.

(a) Market Risk – Foreign Exchange

Foreign exchange risk arises on all recognised monetary assets and liabilities which are denominated in a currency other than the functional currency of the Company.

	As At March 31, 2023	As At March 31, 2022
	USD	USD
Liabilities		
Trade payables	0.00*	0.04
Other Firm Commitments	0.03	0.04

* less than \$ 50,000/-

The Company is exposed to insignificant foreign exchange risk.

(b) Market Risk -Price Risk:

The Company is mainly exposed to the price risk due to its investment in mutual funds and bonds. The price risk arises due to uncertainties about the future market values of these investments. At March 31 2022, the investments in mutual funds is ₹ 371.19 (March 31, 2022 : ₹ 149.65) and in Bonds is ₹ 198.99 (March 31,2022: ₹ 199.58). These are exposed to price risk. In order to minimise price risk arising from investments in mutual funds and bonds, the Company predominately invests in those mutual funds, which have higher exposure to high quality debt instruments with adequate liquidity and no demonstrated track record of price volatility. Further, in order to minimise price risk in bonds, the company invests in high rated Debt Instrument issued by financial institutions.

Price risk sensitivity:

0.10% increase or decrease in prices will have the following impact on profit/(loss) before tax and on other components of equity

	Impact on Profit : Increase/(Decrease)		Impact on equity : Increase/(Decrease)	
	As at March 31, 2023	As at March 31, 2022	As at March 31, 2023	As at March 31, 2022
Price - increase by 0.10%*	0.57	0.35	0.57	0.35
Price - decrease by 0.10% *	(0.57)	(0.35)	(0.57)	(0.35)

* assuming all other variables as constant

Independent Auditor's Report

To the Members of Hathway Cable and Datacom Limited

Report on the Audit of the Consolidated Financial Statements

OPINION

We have audited the accompanying consolidated financial statements of **Hathway Cable and Datacom Limited** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its joint ventures and its associates comprising of the Consolidated Balance Sheet as at March 31, 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information. (hereinafter referred to as 'the consolidated financial statements').

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on standalone / consolidated financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated financial statements, give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2023, its consolidated profit, their consolidated total comprehensive income, their consolidated changes in equity and their consolidated cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by Institute of Chartered Accountants of India (ICAI), together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and Code of Ethics issued by ICAI. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters section below is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement and based on the consideration of the reports of the other auditors on standalone financial statements/ consolidated financial statements and on the other financial information of the subsidiaries, joint ventures and associates, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. Key Audit Matters No.	How our audit addressed the Key Audit Matters
<p>1. Contingent liabilities:</p> <p>The Group is in receipt of certain demands from Statutory authority including show cause notice from licensing authority. The Group has disputed such claims. The review of claims involve high degree of judgement to determine the possible outcomes, and estimates relating to the timing and the amount of outflow of resources embodying economic benefits.</p> <p>The audit of Contingent Liabilities is significant to our audit as any adverse outcome may have material impact on this Group.</p>	<p>Principal Audit procedures performed:</p> <p>a) We obtained summary of all tax, regulatory and litigation including management's assessment.</p> <p>b) We obtained and read external legal opinions (where considered necessary) and other evidences provided by management to corroborate management's assessment of the regulatory and legal matters.</p> <p>c) Assessed the relevant accounting policies and disclosures in the standalone financial statements for compliance with the requirements of accounting standards.</p>

Sr. Key Audit Matters No.	How our audit addressed the Key Audit Matters
<p>2. Valuation and Disclosure of Deferred Tax Assets:</p> <p>The Group has a significant amount of deferred tax assets, mainly resulting from unused tax losses and unabsorbed depreciation allowance. The accounting for deferred tax assets is significant to our audit since the Group makes judgments and estimates of forecasted taxable income in relation to the realization of deferred tax assets. As at March 31, 2023, the deferred tax assets are valued at ₹363.14 crores. Further reference is made to Note 2.06.</p>	<p>Principal Audit procedures performed:</p> <p>We tested Group's assumptions used to determine that there is a reasonable certainty that deferred tax assets recognized in the balance sheet will be realized. This is based upon forecasted taxable income and the periods when the deferred tax assets can be utilized. The forecasts were evaluated by us considering the performance of the Group and related business plans approved by the Management. Such evaluation included obtaining an understanding of management's planned strategies around business expansion, revenue stream growth strategies.</p> <p>Our audit procedure also included obtaining representation from the management and auditor of the material subsidiary with particular focus on those related to calculation and recognition of deferred tax asset.</p> <p>We also assessed the adequacy of the Group's disclosures included in Note 2.06.</p>

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Holding Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Corporate Governance Report but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial

position, consolidated financial performance (including other comprehensive income), consolidated statement of changes in equity and consolidated cash flows of the Group including its joint ventures and associates in accordance with Ind AS and other accounting principles generally accepted in India. The respective Governing Bodies of the companies included in the Group and of its joint ventures and associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group and of its joint ventures and its associates are responsible for assessing the ability of the Group and of its joint ventures and associates to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless respective Board of Directors either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its joint ventures and associates are responsible for overseeing the financial reporting process of the Group and of its joint ventures and associates.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its joint ventures and associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its joint ventures and associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial

statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its joint ventures and associates to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in "Other Matters" paragraph below.

We believe that the audit evidence obtained by us along with the consideration of the audit report of the other auditors referred to in "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

We did not audit the financial statements of eight subsidiaries included in the consolidated financial statements, whose financial statements reflect total assets of ₹1,985.96 crore as at March 31, 2023 and total revenues of ₹1,273.71 crore, total net profit/(loss) after tax of ₹(13.04) crore, total comprehensive income/ (loss) of (17.49) crores, for the year ended March 31,

Annexure A to the Independent Auditor's Report

Referred to in paragraph (vi) under "Report on Other Legal and Regulatory Requirements" of our Independent Auditor's Report on even date to the members of Hathway Cable and Datacom Limited ("the Holding Company") on the consolidated financial statements for the year ended March 31, 2023 :

OPINION

In conjunction with our audit of the consolidated financial statements of the Holding Company as of and for the year ended March 31, 2023, we have audited the internal financial controls with reference to financial statements of **Hathway Cable and Datacom Limited (hereinafter referred to as 'the Holding Company')** and its subsidiaries, its joint ventures and associates, which are companies incorporated in India, as of that date.

In our opinion, the Holding Company, its subsidiaries, its joint ventures and associates, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2023 based on the internal controls with reference to financial statements criteria established by the Holding Company, considering the essential components of internal controls stated in the Guidance Note issued by the ICAI.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the Holding company, its subsidiaries, its joint ventures and associates, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal controls with reference to financial statements criteria established by the Holding Company, considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("Guidance Note") issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls with reference to Consolidated financial statements of the Holding Company, its subsidiaries, joint ventures and associates, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent

applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their report referred to in the "Other Matters" paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial control system with reference to financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

A company's internal financial controls with reference to Consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to Consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance

regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OTHER MATTERS

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements, in so far as it relates to standalone financial statements of eight subsidiaries, consolidated financial statements of one associate, standalone financial statements of ten joint ventures and two associates, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

BACKGROUND

Hathway Cable and Datacom Limited ("the Company") is a Public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company is engaged in distribution of internet services through cable and has strategic stake in entities engaged in Cable Television business. Its equity shares are listed on National Stock Exchange of India Limited (NSE) & BSE Limited (BSE) in India.

1. SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the presentation of these consolidated financial statements. The consolidated financial statements are of the Company and its subsidiaries (collectively, "the Group").

1.01 Basis of Preparation

(i) Compliance with Ind AS

The consolidated financial statements comply in all material aspects with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 ("the Act") and relevant rules issued thereunder and relevant provisions of the Act. In accordance with proviso to the Rule 4A of the Companies (Accounts) Rules, 2014, the terms used in these financial statements are in accordance with the definitions and other requirements specified in the applicable Accounting standards.

(ii) Authorisation of consolidated financial statements

The consolidated financial statements were approved for issue by Board Of Directors at their meeting held on April 17, 2023.

(iii) Historical cost convention

The consolidated financial statements have been prepared on a historical cost basis, except for the following items which are measured on an alternate basis on each reporting date:

- Certain financial assets and liabilities are measured at fair value; and
- defined benefit plans – fair value of plan assets has the present value of the defined benefit obligation.
- Right of Use assets.

1.02 Functional And Presentation Currency

These consolidated financial statements are prepared in Indian Rupees (INR), which is also the Group's functional currency. All amounts disclosed in the consolidated financial statements and notes have been rounded off to the nearest crores, except where otherwise indicated.

1.03 Current Versus Non-Current Classification

The Group presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is classified as current if:

- (i) it is expected to be realised or intended to sold or consumed in normal operating cycle;
- (ii) it is held primarily for the purpose of trading;
- (iii) it is expected to be realised within twelve months after the reporting period; or
- (iv) the cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current if:

- (i) it is expected to be settled in normal operating cycle;
- (ii) it is held primarily for the purpose of trading;

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

- (iii) it is due to be settled within twelve months after the reporting period; or
- (iv) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

All assets and liabilities have been classified as current or non-current as per Group's normal operating cycle. Based on the nature of operations, the Group has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

1.04 Use Of Judgements, Estimates & Assumptions

While preparing consolidated financial statements in conformity with Ind AS, the management make certain estimates and assumptions that require subjective and complex judgments. These judgments affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, disclosure of contingent liabilities at the statement of financial position date and the reported amount of income and expenses for the reporting period. Financial reporting results rely on our estimate of the effect of certain matters that are inherently uncertain. Future events rarely develop exactly as forecast and the best estimates require adjustments, as actual results may differ from these estimates under different assumptions or conditions. The management continually evaluate these estimates and assumptions based on the most recently available information.

Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statements are as below:

Key assumptions and estimation uncertainties

- (i) Investment in Mutual Funds, Bonds and Fixed Deposit with Banks; (Refer Note 4.07)
- (ii) Useful lives of Property, Plant and Equipment and Intangible assets; (Refer Note 1.06 and 1.07)
- (iii) Measurement of defined benefit obligations; key actuarial assumptions (Refer Note 4.02)
- (iv) Evaluation of recoverability of deferred tax assets; (Refer Note 2.06) and
- (v) Contingencies (Refer Note 4.03)
- (vi) Impairment test of Tangible and Intangible assets
- (vii) Measurement of Expected Credit Loss Allowance for Trade receivables
- (viii) Impairment of Goodwill

1.05 Principles Of Consolidation And Equity Accounting

(i) Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intergroup transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated Statement of Profit and Loss, consolidated statement of changes in equity and balance sheet respectively. Profit or loss and each

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

(ii) Associates

Associates are all entities over which the Group has significant influence but not control or joint control. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting (see (iv) below), after initially being recognised at cost.

(iii) Joint Ventures

Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement.

Interests in joint ventures are accounted for using the equity method (see (iv) below), after initially being recognised at cost in the consolidated balance sheet.

(iv) Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in Statement of Profit and Loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described in note 1.08 below.

(v) Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity. (Refer Note 4.10)

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in statement of profit and loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate or joint venture. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed off the related assets or liabilities. The amounts previously recognised in other comprehensive income are reclassified to Statement of Profit and Loss.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to Statement of Profit and Loss where appropriate.

Notes to the Consolidated Financial Statements

1.06 Property, Plant and Equipment

Recognition and measurement

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if, it is possible that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Property, Plant and Equipment (including Capital work-in-progress) is stated at cost, less accumulated depreciation and accumulated impairment losses. The initial cost of an asset comprises its purchase price, non-refundable taxes, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any, finance cost. The purchase price is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

Access devices on hand at the year-end are included in Capital Work in Progress. On installation, such devices are capitalized.

The residual values and useful lives of Property, Plant and Equipment are reviewed at each financial year end, and changes, if any, are accounted prospectively.

Stores and Spares which meet the definition of Property, Plant and Equipment and satisfy the recognition criteria of Ind AS 16 are capitalized as Property, Plant and Equipment.

Derecognition Property, Plant & Equipment

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of an item of Property, Plant and Equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in Statement of Profit and Loss.

Depreciation on Property, Plant & Equipment

Depreciation on Property, Plant and Equipment is provided on straight line method. In accordance with requirements prescribed under Schedule II of Companies Act, 2013, the Group has assessed the estimated useful lives of its Property, Plant and Equipment and has adopted the useful lives and residual value as prescribed in Schedule II except for the cost of Access devices at the customer location which are depreciated on straight-line method over a period of eight years based on internal technical assessment.

In case of additions or deletions during the year, depreciation is computed from the month in which such assets are put to use and up to previous month of sale, disposal or held for sale as the case may be. In case of impairment, depreciation is provided on the revised carrying amount over its remaining useful life.

All assets costing up to ₹ 5,000 (in ₹) are fully depreciated in the year of capitalisation.

1.07 Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles are not capitalised and the related expenditure is reflected in Statement of Profit and Loss in the period in which the expenditure is incurred.

Recognition and measurement

Intangible assets comprises of Cable Television Franchise, Movie and Serial Rights, Bandwidth Rights, Goodwill, Distribution Network Rights, Softwares, Network Franchise, Customer acquisition cost and Channel Design. Cable Television Franchise

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

represents purchase consideration of a network that is mainly attributable to acquisition of subscribers and other rights, permission etc. attached to a network.

Intangible assets with finite useful lives that are acquired are recognized only if they are separately identifiable and the Group expects to receive future economic benefits arising out of them. Such assets are stated at cost less accumulated amortisation and impairment losses. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less impairment losses.

Intangible Assets acquired in business combination

Intangible Assets acquired in business combination and recognised separately from goodwill are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in Statement of Profit and Loss when the asset is derecognised.

Amortisation of intangible assets

The intangible assets with finite useful lives are amortised on a straight line basis over their useful economic lives and assessed for impairment whenever there is indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each year end. The amortisation expense on Intangible assets with finite lives and impairment loss is recognised in the Statement of Profit and Loss.

Estimated lives for current and comparative periods in relation to application of straight line method of amortisation of intangible assets (acquired) are as follows:

- Softwares are amortized over the license period and in absence of such tenor, over five years.
- Movie and Serial Rights are amortized on exploitation over the balance license period in equal installments.
- Channel Design are amortised over the period of five years.
- Network Franchisee are amortized over the period of five to twenty years.
- Distribution Network Rights are amortized over the period of five years.
- Customer acquisition costs are amortized over the period of five years.
- Bandwidth Rights are amortized over the period of the underlying agreements.
- Cable television Franchise are amortized over the period of five to twenty years.

The estimated useful lives, residual values, amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

1.08 Impairment of Assets (other than Financial Assets)

Carrying amount of Tangible assets, Intangible assets and Investments in Joint Ventures and Associates (accounted under equity method) are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or Group's assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

1.09 Inventories

Inventories are valued as follows:

Spare and maintenance items are valued at lower of cost (net of taxes recoverable) on first in first out basis or net realizable value.

Stock-in-trade comprising of access devices are valued at cost on weighted average method or at net realizable value, whichever is lower.

1.10 Cash And Cash Equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of change in value.

For the purpose of statement of cashflows, cash and cash equivalents consist of cash, short-term deposits as defined above, bank overdrafts and short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value as they are considered as an integral part of the Company's management. Bank overdrafts are shown within borrowings under current liabilities in the balance sheet.

1.11 Financial Instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments.

Initial Recognition and Measurement – Financial Assets and Financial Liabilities

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss. Since, trade receivables do not contain significant financing component they are measured at transaction price.

Classification and Subsequent Measurement: Financial Assets

The Group classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVTOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- the entity's business model for managing the financial assets; and
- the contractual cash flow characteristics of the financial asset.

Amortised Cost:

A financial asset is classified and measured at amortised cost if both of the following conditions are met:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

FVTOCI:

A financial asset is classified and measured at FVTOCI if both of the following conditions are met:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses and interest revenue which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

FVTPL:

A financial asset is classified and measured at FVTPL unless it is measured at amortised cost or at FVTOCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

Impairment of Financial Assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Expected Credit Losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

The Group uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward-looking estimates are analysed.

For other assets, the Group uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used."

Classification and Subsequent measurement: Financial Liabilities

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Financial Liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL.

Gains or Losses on financial liabilities held for trading are recognised in the Statement of Profit and Loss.

Other Financial Liabilities:

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

Derecognition of Financial Assets:

The Group de-recognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the Group enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Write off:

The gross carrying amount of a financial asset is written off when there is no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. The Group individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Group expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

Derecognition of Financial Liabilities:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. Financial liability is also derecognised when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on modified terms is recognised at fair value.

Offsetting Financial Instruments:

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

1.12 Measurement of fair values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

1.13 Financial Liabilities And Equity Instruments:

Classification as debt or equity:

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

Equity instruments:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received.

1.14 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that the Group incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

1.15 Provisions, Contingent Liabilities And Contingent Assets

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a current pre-tax rate. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liability

Contingent liability is a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability. The Group does not recognize a contingent liability but discloses its existence in the consolidated financial statements.

Contingent asset

Contingent asset is not recognised in consolidated financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognized.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

1.16 Employment Benefits

(i) Short-term employee benefits

Short-term employee benefits are measured on an undiscounted basis and expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term cash bonus, if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(ii) Post-employment obligations

The Group operates the following post-employment schemes:

- defined benefit plans such as gratuity; and
- defined contribution plans such as provident fund

Defined benefit plans

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised at amount net of taxes in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in Statement of Profit and Loss as past service cost.

Defined contribution plans

The Group makes specified monthly contributions towards government administered provident fund scheme. The Group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(iii) Other long-term employee benefit obligations

The liabilities for leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of Profit and Loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

1.17 Revenue From Contracts With Customers

(i) Income from Rendering of services and Sale of goods

The Group derives revenues primarily from Broadband business comprising of Internet services and MSO business comprising of Cable Television Services including Marketing and promotional Income for placing channels of various Broadcasters on MSOs Platform and other allied services.

Revenue is recognized upon transfer of control of promised products or services to customers at the amount of transaction paid (net of variable consideration) that reflects the consideration the group expect to receive in exchange for those products or services. Subscription revenue is recognized ratably over the period in which the services are rendered.

To recognize revenues, the Group applies the following five step approach:

1. identify the contract with a customer;
2. identify the performance obligations in the contract;
3. determine the transaction price;
4. allocate the transaction price to the performance obligations in the contract; and
5. recognize revenues when a performance obligation is satisfied

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties.

Contract Assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade Receivables

A receivable represents the Group's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier).

Contract liabilities are recognised as revenue when the Group performs under the contract.

The Group presents revenues net of indirect taxes in its Statement of Profit and Loss.

(ii) Other Operating Income

Other Operating Income comprises of fees for rendering management, technical and consultancy services. Income from such services is recognized upon satisfaction of performance obligations as per the terms of underlying agreements.

1.18 Recognition of Interest income and Dividend income

(i) Interest Income

Interest income from debt instruments is recognised using the effective interest rate method.

(ii) Dividend Income

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of the dividend can be measured reliably.

1.19 Taxes On Income

Current Tax

Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the Statement of Profit and Loss.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the Statement of Profit and Loss is recognised outside the Statement of Profit and Loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities where the Group have a legally enforceable right to set-off assets against liabilities.

Deferred tax liabilities are recognised for all taxable temporary differences, except in respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

1.20 Earnings Per Share

Basic Earnings Per Share

Basic earnings per share is calculated by dividing the profit (or loss) attributable to the owners of the Company by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

Diluted Earnings Per Share

Diluted earnings per share is computed by dividing the profit (considered in determination of basic earnings per share) after considering the effect of interest and other financing costs or income (net of attributable taxes) associated with dilutive potential equity shares by the weighted average number of equity shares considered for deriving basic earnings per share adjusted for the weighted average number of equity shares that would have been issued upon conversion of all dilutive potential equity shares.

1.21 Leases

As a lessee

The Group, as a lessee, recognizes a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

Short term leases and leases of low value assets:

The Group has elected not to recognise right-of-use assets and lease liabilities for leases of low value assets and short term leases. The Group recognises the lease payments associated with these leases as an expense in profit or loss on a straight line basis over the lease term.

1.22 Foreign Currency Translations

(i) Transactions and balances

Monetary items

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in statement of Profit and Loss. Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of Profit and Loss, within finance costs. All other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within other gains / (losses).

Non – Monetary items:

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

1.23 Segment Reporting

The Chief Operational Decision Maker monitors the operating results of its business segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with Profit or Loss in the financial statements.

- a) Segment revenue includes sales and other income directly attributable with allocable to segments including inter-segment revenue.
- b) Expenses that are directly identifiable with / allocable to segments are considered for determining the segment results. Expenses which relate to the Group as a whole and not allocable to segments are included under unallowable expenditure.
- c) Income which relates to the Group as a whole and not allocable to segments is included in unallowable income.
- d) Segment assets and liabilities include those directly identifiable with the respective segments. Un-allocable assets and liability represent the assets and liabilities that relate to the Group as a whole and not allocable to any segment.

4.07 FINANCIAL INSTRUMENTS

(i) Methods and assumptions used to estimate the fair values

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- The carrying amounts of receivables and payables which are short term in nature such as trade receivables, security deposits given, loans given to related parties, other bank balances, trade payables, borrowings, payables for acquisition of non-current assets, security deposits taken and cash and cash equivalents are considered to be the same as their fair values.
- The fair values for long term security deposits and non-current borrowings is calculated based on cash flows discounted using current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs.
- The fair values for non current borrowings is based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to use of unobservable inputs.
- For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

(ii) Categories of financial instruments

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: directly or indirectly observable market inputs, other than Level 1 inputs; and

Level 3: inputs which are not based on observable market data

4.08 FINANCIAL RISK MANAGEMENT

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Group's financial risk management policy is set by the Board of Directors. The details of different types of risk and management policy to address these risks are listed below:

The business activities of the Group expose it to financial risks namely Credit risk, Liquidity risk and Market risk .

1. Credit Risk :

Credit risk arises from the possibility that counter party will cause financial loss to the Group by failing to discharge its obligation as agreed.

The exposure of the Group to credit risk arises mainly from the trade receivables, investment in Debt Securities (Bonds) and Debt Mutual Funds, unbilled revenue and loans given.

Trade receivables, Loans given and Contract Assets

The Group's major revenue streams arises from services provided to end use customers in the form of monthly subscription income and receivables from broadcasters for marketing and promotional income and incentives. The trade receivables on account of subscription income are typically un-secured and derived from sales made to large number of independent customers. As the customer base is distributed economically and geographically, there is no concentration of credit risk. In case of trade receivables and unbilled revenue from the marketing and promotional income and incentives, as there is no independent credit rating of the broadcasters available with the Group, the management reviews the credit-worthiness of the broadcasters based on their financial position, past experience and other factors.

The Group follows a simplified approach (i.e based on lifetime ECL) for recognition of impairment loss allowance on Trade receivables and unbilled revenue. For the purpose of measuring the lifetime ECL allowance for trade receivables and unbilled revenue, the Group uses a provision matrix which comprises a very large number of balances grouped into homogenous groups and assessed for impairment collectively. In addition, in case there are events or changes in circumstances indicating individual or class of trade receivables is required to be reviewed on qualitative aspects, necessary provisions are made.

Investment in Bonds, Mutual Funds, Cash and Cash Equivalents and Other Bank Balances :

Credit risks from balances with banks and financial institutions are managed in accordance with the Group policy. For financial instruments, the Group attempts to limit the credit risk by only dealing with reputable banks and financial institutions having high credit-ratings assigned by credit-rating agencies. The Group monitors changes in credit risk by tracking published external credit ratings.

Notes to the Consolidated Financial Statements

Impairment on cash and cash equivalents and other bank balances has been measured on a 12- month expected loss basis and reflects the short maturities of the exposures. The Group considers that its cash and cash equivalents have low credit risk based on the external credit ratings of the counterparties.

2. Liquidity Risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The Group's liquidity risk management policies include to, at all times ensure sufficient liquidity to meet its liabilities when they are due, by maintaining adequate sources of financing from banks at an optimised cost whenever considered appropriate. In addition, processes and policies related to such risks are overseen by senior management. The Group's senior management monitors the Group's net liquidity position through rolling forecasts on the basis of expected cash flows. The Group also monitors the level of expected cash inflows on trade receivables together with expected cash outflows on trade payables.

Financing arrangements

The Group has sufficient sanctioned line of credit from its bankers / financiers (including overdraft facility) commensurate to its business requirements. The Group is having approved Bank overdraft limit of ₹ 125 (March 31, 2022: ₹ 125). The Group reviews its line of credit available with bankers and lenders from time to time to ensure that at all point of time there is sufficient availability of line of credit.

The Group pays special attention to the net operating working capital invested in the business. In this regard, as in previous years, considerable work has been performed to control and reduce collection periods for trade and other receivables, as well as to optimise accounts payable with the support of banking arrangements to mobilise funds.

3. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The Group is exposed in the ordinary course of business to risks related to changes in foreign currency exchange rate and price.

(a) Market Risk – Foreign Exchange

Foreign exchange risk arises on all recognised monetary assets and liabilities which are denominated in a currency other than the functional currency of the Group.

Foreign Currency Exposure as at the reporting period are as follows:

	As At	As At
	March 31, 2023	March 31, 2022
	USD	USD
Liabilities		
Trade payables	0.00*	0.05
Assets		
Trade receivables	0.01	-
Other Firm Commitments	0.05	0.15

* Amount less than \$ 50,000

The Group is exposed to insignificant foreign exchange risk.

(b) Market Risk -Price Risk:

The Group is mainly exposed to the price risk due to its investment in mutual funds and bonds. The price risk arises due to uncertainties about the future market values of these investments. At March 31 2023, the investments in mutual funds and bonds is ₹ 1,230.42 (March 31, 2022 : ₹ 1,136.01). These are exposed to price risk. In order to minimise price risk arising from investments in mutual funds, the Group predominately invests in those mutual funds which have higher exposure to high quality debt instruments with adequate liquidity and no demonstrated track record of price volatility. Further in order to minimise price risk in bonds, the Group invests in high rated Debt instrument issued by financial institution.

Price risk sensitivity:

0.10% increase or decrease in prices will have the following impact on profit/ (loss) before tax and on other components of equity

Particulars	Impact on Profit :		Impact on equity:	
	Increase/(Decrease)		Increase/(Decrease)

Share in Contingent liabilities of GTPL Hathway Limited :

- 1 The Department of Telecommunications, Ministry of Communications, Government of India ("DoT") has raised demand on GTPL Hathway Limited (GTPL) of ₹ 975.42 (Group share= ₹ 364.03) on the Company consisting of Principal amount of ₹ 228.65 (Group share= ₹ 85.33) and interest, penalty and interest on penalty (as of July 31, 2020) of ₹ 746.77 (Group share= ₹ 278.69) towards license fee by including the revenue generated from its cable television business.

These demands are mainly based on Hon'ble Supreme Court's Judgment in the matter of Union of India v/s AUSPI & Ors. bearing C.A. Nos. 6328–6399 on AGR dues from telecom operators ("AGR Judgment"). Subsequently, vide order dated June 11 and June 18, 2020, the Supreme Court clarified that the AGR judgement pertaining to telecom companies could not have been basis for raising demands in the non-telecom PSUs and accordingly DoT withdrew the demands on the non-telecom PSUs. GTPL in line with the observations made by the Supreme Court has made representations to DoT against said demands, which DoT has taken on record.

Further, the Ministry of Information & Broadcasting has in February 2021 written to DoT that it grants permission to Multi System Operators ("MSOs") for cable tv operations and does not levy any license fee on the revenue, and hence the revenues earned by MSO from cable tv business may not be clubbed with the revenue earned by them under ISP license.

Additionally, TDSAT in February 2022 set aside the demands raised by DoT in matter relating to another ISP licenseholder by treating them at par with some PSUs who held similar license. Also, All India Digital Cable Federation for all its member companies has filed an intervention petition in TDSAT in the matter of Asianet Satellite Communications Private Limited versus Union of India bearing TP No.54 of 2020 challenging the demands raised on such member companies (GTPL being a member too) by including its non-licensed income for computation of license fees.

Basis its assessment of the legal position as stated above and based on the opinion of legal experts, the GTPL is confident that it has good grounds on merit to defend itself. Accordingly, GTPL is of the view that no provision is necessary to be made in the financial statements in relation to the demands and the same has been considered as contingent liability.

- 2 GTPL Broadband Private Limited ("GBPL"), one of the subsidiary Company of our associate GTPL Hathway Limited, has been granted Unified License from Department of Telecommunication ("DoT"), under which GBPL is required to pay annual license fee at the rate of 8% of the adjusted gross revenue ("AGR"). The definition of "Gross Revenue" under the ISP license issued prior to 2013 excluded revenue from Pure Internet Services ("PIS"). However, the Unified License introduced in 2013 removed the exclusion / exemption granted to revenue from PIS without following the due process of law as required under Section 11(1) of the TRAI Act. This discrimination was challenged by the Internet Service Providers Association of India ("ISPAI") before the Telecom Disputes Settlement and Appellate Tribunal ("TDSAT") in Telecom Petition No. 169 of 2014 and GBPL vide another petition alleging disparity and non-level playing field among similarly placed licenseholders.

The TDSAT passed an order dated 18.10.2019 ("ISPAI judgment") holding the clause to be discriminatory and contrary to the concept of a level playing field and also stated that the decision of DoT to remove the exclusion / exemption granted to ISPs was not in conformity with the requirements of fairness and transparency inherent in Section 11 (1) of the TRAI Act. Accordingly, all demands by DoT upon Unified Licensees on the basis of revenue from PIS were quashed and none of the unified license holders are required to pay license fees on PIS. The said TDSAT order has been challenged by DoT and a civil appeal is pending before Hon'ble Supreme Court. Additionally, TDSAT, following ISPAI judgement, has also allowed the petition filed by GBPL challenging inclusion of PIS for computation of AGR and set aside the letter of DOT seeking inclusion of revenue from PIS for computation of AGR. This judgement has not been challenged before the Hon'ble Supreme Court of India.

On March 31, 2021, DOT through amendment dated 31.03.2021 ("DoTAmendment") amended the definition of AGR for ISP Licenses granted under the old regime, thereby including the revenue from PIS as part of AGR for calculating licenses fee payable by ISP Licenses. The said DoT Amendment has been stayed by the TDSAT in relation to cases filed by the licenses holders of the old regime.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

(₹ in Crores unless otherwise stated)

Based on its assessment of the legal position and the status of the matters as described above, absence of a specific demand on GBPL as of date and the opinion of the legal experts, GBPL is of the view no provision is necessary in respect of this matter in the financial statements as at 31 March 2023.

- 3 A shareholder of GTPL Kolkata Cable & Broadband Pariseva Limited (GTPL KCBPL), one of the subsidiary company of our associate GTPL Hathway Ltd offered to sale his 30,000 share to GTPL KCBPL (buy back), price offered by GTPL KCBPL was not accepted by him hence the matter was then referred to Company Law Board, whereby Board appointed valuer. Valuation finalized by Company Law Board was not accepted by GTPL KCBPL, hence, petition was filed with High Court against Board's order. Value was finalized by valuer of High Court at ₹ 2.48 (₹ 825/- per share). Hence, petition was filed in Supreme Court against order passed by High court. Supreme Court agreed to hear petition on a condition that "GTPL KCBPL to deposit ₹ 2.00 in cash & ₹ 0.48 (Group share= ₹ 0.93) as bank guarantee with Registrar of court". Hence, GTPL KCBPL has paid ₹ 2.48 (Group share= ₹ 0.93) as guarantee with Registrar. Supreme Court has redirected the matter to the High Court and petition is yet to be heard in High Court.
- 4 GTPL KCBPL Broadband Private Limited ("GTPL KCBPL BPL"), one of the step down subsidiary Company, of our associate GTPL Hathway Limited has been granted Unified License from Department of Telecommunication ("DoT"), under which company is required to pay annual license fee at the rate of 8% of the adjusted gross revenue ("AGR"). The definition of "Gross Revenue" under the ISP license issued prior to 2013 excluded revenue from Pure Internet Services ("PIS"). This discrimination was challenged by the Internet Service Providers Association of India ("ISPAI") before the Telecom Disputes Settlement and Appellate Tribunal ("TDSAT") alleging disparity and non-level playing field among similarly placed license holders. The TDSAT passed an order dated October 18, 2019 ("ISPAI judgment") holding the clause to be discriminatory and contrary to the concept of a level playing field. The said TDSAT order has been challenged by DoT and a civil appeal is pending before Hon'ble Supreme Court.

Further, the Department of Telecommunications, through amendment vide File No.820-01/2006-LR (VOL-II) Pt-2 dated 31.03.2021 ("DOT Amendment") amended the definition of Adjusted Gross Revenue ("AGR") for Internet Service Provider ("ISP") Licenses granted under the applicable guidelines for Unified Licenses holder, thereby including the revenue from Pure Internet Services as part of AGR for calculating licenses fee payable by ISP Licenses. The DOT Amendment has been stayed by the TDSAT in relation to cases filed by the other licenses holders. GTPL KCBPL BPL having Unified license and duly protected by the TDSAT judgement dated October 18, 2019 and also the DOT amendment being stayed by TDSAT in cases filed by other license holders and based on the legal opinion obtained from independent legal counsel, GTPL KCBPL BPL is confident that it has good ground on merit to defend its elfin this matter. Accordingly, GTPL KCBPL BPL is of the view that no provision is required in respect of the aforesaid matter in the financial results. Since the litigation is pending with Hon'ble Supreme Court and also with TDSAT, a liability for payment of license fee till March 31, 2023 works out to ₹ 9.77 (8% of ₹ 122.12 Adjusted Gross Revenue) (Group share= ₹ 3.65) while till March 31, 2022 ₹ 5.43 (8% of ₹ 67.87 Adjusted Gross Revenue) (Group share= ₹ 2.03) has been considered to be contingent in nature. However GTPL KCBPL BPL has paid ₹ 1.40 (Group share= ₹ 0.52) towards DOT fees under Protest.
