Dear Sir,

Sub: Compliance Certificate of RG II

Please find attached herewith Compliance Certificate for the period ended March 31, 2024 for RG II entities (i.e. Adani Renewable Energy (RJ) Limited, Wardha Solar (Maharashtra) Private Limited and Kodangal Solar Parks Private Limited) comprising of solar projects of 570 MW in compliance with Note Trust Deed dated October 15, 2019.

You are requested to take the same on your record.

Thanking You

Yours Faithfully,

For, Adani Green Energy Limited

Pragnesh Darji
Company Secretary

Note: This is voluntary submission and not to be considered as an intimation under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015.

Executive Summary

Adani Green Energy Obligor Group (RG 2)

200 MW of Adani Renewable Energy (RJ) Limited (ARERJL), 350 MW of Wardha Solar (Maharashtra) Private Limited (WSMPL) and 20 MW of Kodangal Solar Parks Private Limited (KSPPL) formed an obligor group of 570 MW i.e. RG 2.

RG 2 had been assigned rating of BBB- (Fitch) / Ba1 (Moody's)/ BB+ (S&P).

Off-takers wise EBITDA (%) (TTM 31st March 2024)

1. Recent Developments of AGEL

Adani Green Energy Limited (AGEL) is India's largest and one of the leading renewable energy companies in the world enabling the clean energy transition. AGEL currently has an operating renewable portfolio of 10.9 GW, the largest in India, spread across 12 states. The company has set a target of achieving 50 GW by 2030 aligned to India's decarbonization goals.

AGEL is developing large GW sale renewable energy park and ensuring stability and visibility in the resource availability for the Locked in Capacity, one such example is Khavda where AGEL is developing 30 GW of Renewable Energy Park

- (i) Operational Capacity increases by 2848 MW i.e. 35% YoY to 10,934 MW with this AGEL becomes the first company to surpass 10,000 MW**
 - 2,418 MW solar plants in Gujarat-Rajasthan.
 - 430 MW wind power plants in Gujarat
- (ii)** India Ratings and Research has upgraded AGEL's rating by one notch to AA-
- (iii)** AGEL has successfully completed funding reserves for redemption of USD 750 Mn Holdco Bond due in Sep.24

2. RG 2 Portfolio achieved power generation performance above P90 Level in TTM Mar 24

- RG 2 Portfolio has achieved above P90 level in trailing 12 months (Apr 23 to Mar 24)
- Sale of energy up by ~1% YoY backed by consistent Plant availability and grid availability.

3. ESG updates:

(i) Emission prevented:

- **Target:** Committed to avoid GHG emissions through development of 50 GW RE project by 2030 ~**Achieved** operational Capacity of 10+GW
- **15.64 Mn ton** CO2 emissions avoided by AGEL in FY24 out of which **0.8 Mn ton** CO2 avoided by RG2 entities in FY24.

(ii) Job opportunities created: AGEL provided **3477** direct/ indirect job opportunities in FY24

(iii) Zero water usage through robotic cleaning: Implemented robotic module cleaning system for **4760 MW** which is 46% of total operational capacity ensuring 'zero' water usage for solar module cleaning. Additionally, the deployment of semi-automatic module cleaning system at some sites reduces the water requirement significantly.

(iv) Net water neutral certified company:

- **Target:** to be water neutral for all projects >200 MW at single location by FY25 ~ **Achieved** 100% in April'23 ahead of target
- AGEL has been certified 'Water Positive' by DNV, an independent global assurance agency. The verification statement signifies that AGEL's water conservation is greater than 1.12 times the water consumption.

(v) EV Commitment: Target of 65% EV by FY30 ~**Achieved** 12.21% target against 65% EV by FY30 as part of EV 65 commitment

(vi) Zero-Waste-to-Landfill (ZWL) certified: Target to be certified for 100% of operating renewable energy generation plants ~**Achieved 100% of our energy plants**

(vii) 'No Net Loss' of Biodiversity: work in progress to achieve 'No net loss' of biodiversity across all plants as per technical standard adopted, developed in association with Confederation of Indian Industry (CII) following IBBI principles and IUCN standard, to ensure 'No Net Loss' of biodiversity across all plants.

(viii) Corporate social responsibility: Through various CSR initiatives at its operating and project locations, AGEL has contributed to the following focus areas:

- Creating Sustainable Livelihood – Promoting Self-reliance in Communities
- Community Infrastructure Development – Taking Climate Action and Creating Sustainable Infrastructures
- Empowering Communities Through Quality Education
- Ensuring Access to Good Health

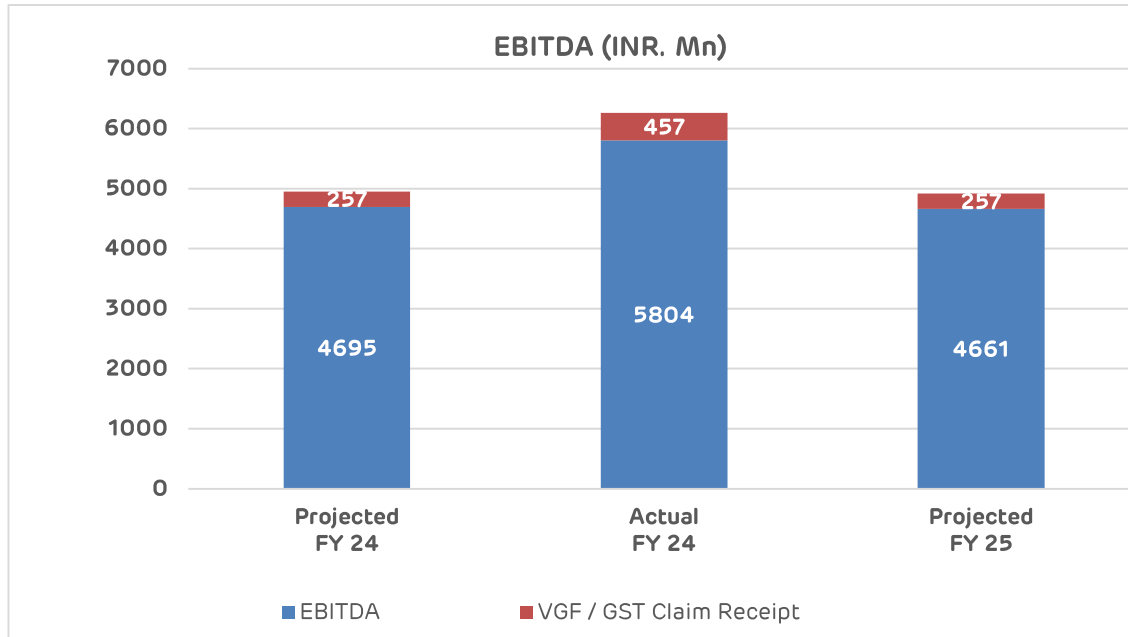

(ix) ESG Risk rating:

- SS ESG – Prime band (B+), AGEL has been ranked among **top 5 RE players globally**.
- Achieved sustainability ESG risk rating of 'low risk' with a score of 13.9, significantly better than global industry average of 31.5. AGEL has been ranked in the **top 10 global players** within the renewable energy (RE) sector.
- AGEL is ranked in Topmost Category: **A (leadership band) by CDP – Suppliers Engagement Program**
- AGEL is **ranked A- (leadership band)** by CDP – Climate Disclosure Program
- DJSI-S&P Global Corporate Sustainability Assessment - Ranked 2nd best in Indian electricity utility sector ESG benchmark with an **ESG score of 70**
- CSR Hub (consensus ESG rating)– **Ranking of 97 percentiles**, with consistent ranking above alternative energy industry average
- FTSE – **ESG rating of 3.7** and constituent of '**FTSE4Good**' index series.
- MSCI – **ESG rating of 'BBB'**

4. Regulatory Updates

During the period KSPPL had received favorable order from APTEL wide respect to applicable tariff payable by DISCOMS pursuant to the PPA. Earlier, DISCOMS were paying Rs. 4.36 per kWh irrespective of PPA tariff for mentioned project. However, through APTEL order dt. 14th May 2024 & dated 30th May 2024, APTEL has directed DISCOMS to discharge full tariff under respective project PPA along with carrying cost as per respective PPA.

Financial performance
EBIDTA Projected vs Actual

*Projected EBITDA numbers are taken from financial model.

Operational performance

The summary of operational performance of RG entities on aggregate basis is as follows:

- TTM Mar 24 performance has been above P90 level as compared to projection.
- Plant availability of RG-2 portfolio has been maintained at above 99%.

Covenant

RG-II on aggregate basis has achieved following ratios:

Summary of the Covenant						
Particulars	Stipulated	Mar-22	Sep-22	Mar-23	Sep-23	Mar-24
Debt Service Coverage Ratio (DSCR) (Refer Annexure: 1)	1.55*	2.42	2.41	2.38	2.67	2.68
FFO / Net Debt (Refer Annexure: 2)	6%	16.15%	14.51%	14.38%	19.13%	13.27%
Project Life Cover Ratio (PLCR) (Refer Annexure: 3)	1.6	1.75	1.85	1.86	1.88	1.95
EBIDTA from Sovereign Equivalent Counterparty (Refer Annexure: 5)	65%	74.60%	74.61%	73.37%	72.67%	73.55%

*for maximum distribution level

PPA Customers Receivable position as on 31st March 2024 (INR 604 Mn)

RG 2 - PPA Receivable Ageing						(INR Mn)
Month	0-60 days	61-90 days	91-120 days	121-180 days	>180 days	Total Receivables
Mar-24	604	-	-	-	-	604

In RG-2 portfolio, all the off-takers i.e. BESCO, MSEDCL and SECI are generally making the payments of the monthly invoices within due date.

Information on Compliance Certificate and Its Workings

To:

IDBI TRUSTEESHIP SERVICES LIMITED (the "Security Trustee")

CITICORP INTERNATIONAL LIMITED (the "Note Trustee")

Note Holders for U.S. \$ 362,500,000 Senior Secured Notes due 2039

From:

Adani Renewable Energy (RJ) Limited

Wardha Solar (Maharashtra) Private Limited

Kodangal Solar Parks Private Limited

Dated: June 29, 2024

Dear Sirs

Adani Renewable Energy (RJ) Limited, Wardha Solar (Maharashtra) Private Limited and Kodangal Solar Parks Private Limited **(together as "Issuers") – Note Trust Deed dated 15th October 2019 (the "Note Trust Deed")**

We refer to the Note Trust Deed. This is a Compliance Certificate given in respect of the Calculation Date occurring on March 31st, 2024. Terms used in the Note Trust Deed shall have the same meaning in this Compliance Certificate.

The Certificate is based on the following documents:

1. Restricted Group's Aggregated Accounts for 12 months period ended on March 31, 2024.
2. The Cash Flow Waterfall Mechanism as detailed in the Note Trust Deed.
3. Working annexure.

Computation of Operating Account Waterfall as per Note Trust Deed

We hereby make the Operating Account Waterfall and distributable amount Calculation.

Operating Account Waterfall calculation	INR Mn	
	Apr 1, 2023 to Mar 31, 2024	Apr 1, 2022 to Mar 31, 2023
Particulars		
Opening cash balance (excluding reserves) (A)	2,443	1,701
Operating EBITDA (B) (Refer Annexure 7)	6,260	5,792
Working Capital Loan Drawl/ (Repayment) (C)	-	(510)
Working capital & Other Movements (D)	(1103)	(293)
Capital Expenditure (E)	(41)	(41)
Cash Flow Available for Debt Servicing and Reserves (F=A+B+C+D+E)	7,559	6,648
Debt Servicing and other Reserves		
Interest Service (Refer annexure 6)	(2,356)	(2,362)
Debt Service (Repayment)	(824)	(790)
Total Debt Servicing and other Reserves (G)	(3,179)	(3,152)
Cash Available post Debt Servicing and Reserves (H = F+G)	4,380	3,496
Funds distributed in during the period (I)	(2,131)	(713)
Cash Available for transfer to Distribution Account (J = H+I)	2,249	2,783
Funds earmarked for prudent liquidity		
Funds earmarked for Capital Expenditure Payments	(50)	(50)
Funds earmarked for debt servicing	(1,580)	(1,580)
Funds earmarked for O&M expenses (equivalent to 1 month period)	(28)	(31)
Total Funds Earmarked (K)	(1,658)	(1,661)
Net Cash Available for transfer to Distribution Account (L = J+K)	591	1,122
Amount transferred to distribution account (M)	-	(340)
Net Cash Available for transfer to Distribution Account (N = L+M)	591	782

Note: Major reason for increase in Cash available for distributions YoY are (1) EBITDA increase Rs 468 Mn attributable mainly to better operational performance, (2) Previous year working capital loan repayment Rs 510 Mn which was not there in Current year resulting in additional cash inflow of Rs 510 Mn

We confirm that:

- in accordance with the workings set out in the attached Annexure 1, the Debt Service Cover Ratio for the Calculation Period ended on the relevant Calculation Date was **2.68:1**.
- copies of the Restricted Group's Aggregated Accounts in respect of the Calculation Period is attached.
- as at the Calculation Date, the aggregate amount for transfer to our Distributions Account in accordance with the Operating Account Waterfall is **INR 591 Mn**.
- acting prudently the cash balance of **INR 1,658 Mn** is earmarked for debt servicing due in Apr-24, Capex Expenditure and O&M expense for 1 month.
- to the best of our knowledge having made due enquiry, no Default subsists.

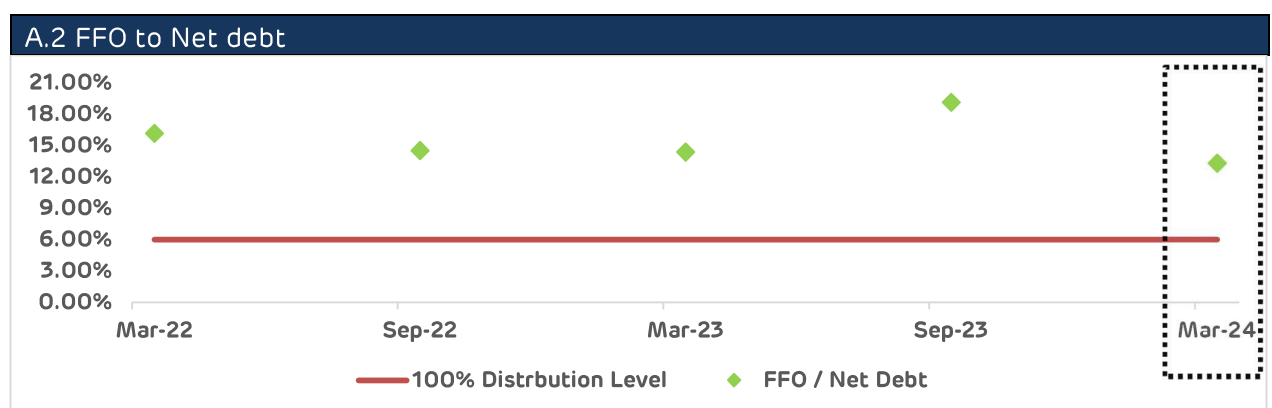

Summary of the Covenant

Summary of the Covenant						
Particulars	Stipulated	Mar-22	Sep-22	Mar-23	Sep-23	Mar-24
Debt Service Coverage Ratio (DSCR) (Refer Annexure: 1)	1.55*	2.42	2.41	2.38	2.67	2.68
FFO / Net Debt (Refer Annexure: 2)	6%	16.15%	14.51%	14.38%	19.13%	13.27%
Project Life Cover Ratio (PLCR) (Refer Annexure: 3)	1.6	1.75	1.85	1.86	1.88	1.95
EBIDTA from Sovereign Equivalent Counterparty (Refer Annexure: 5)	65%	74.60%	74.61%	73.37%	72.67%	73.55%

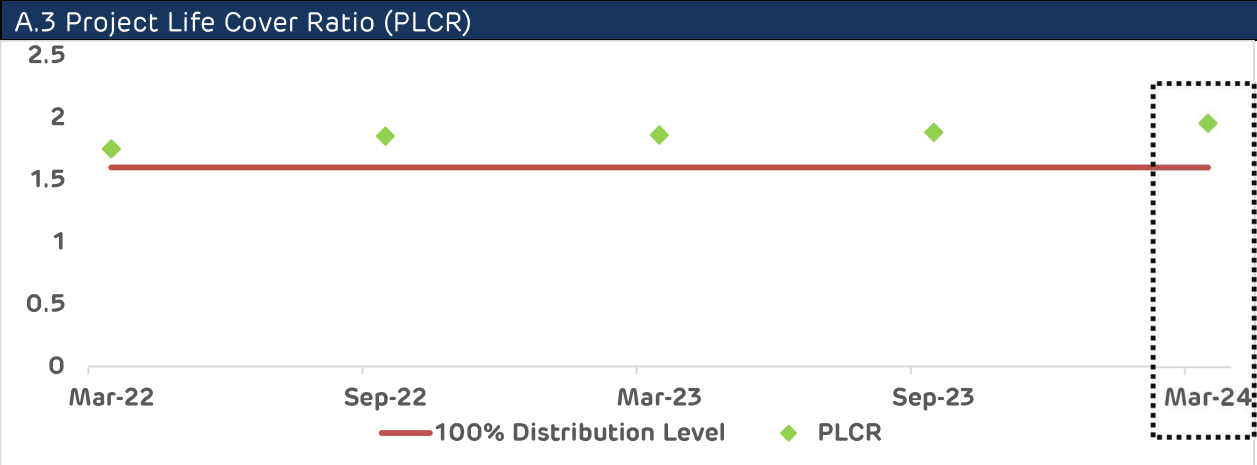

A. Financial Matrix

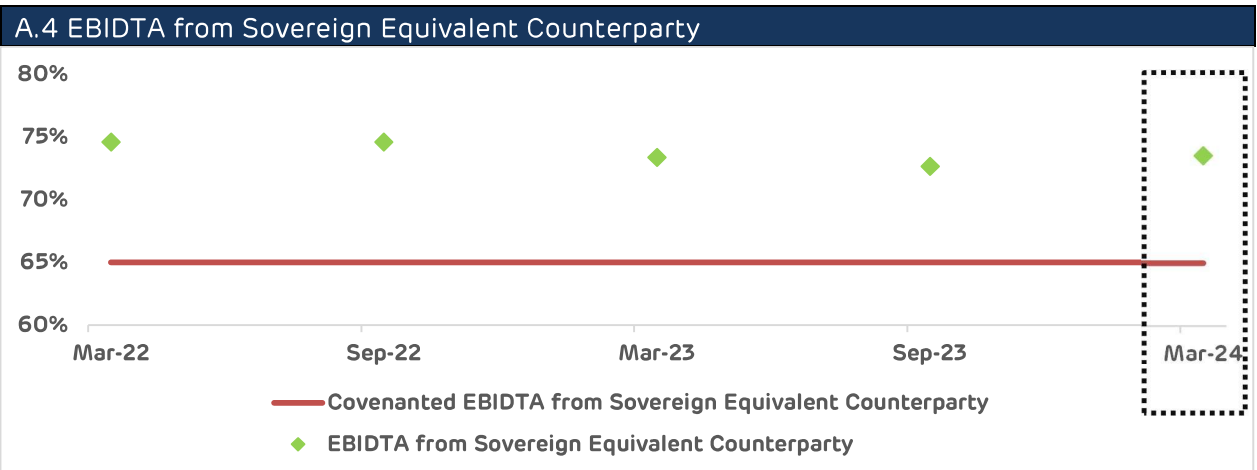

Note: The Actual DSCR of 2.68x is for the 12 months period ended Mar 31, 2024

Note: The Actual FFO/Net Debt of 13.27% is for 12 months period ended Mar 31, 2024

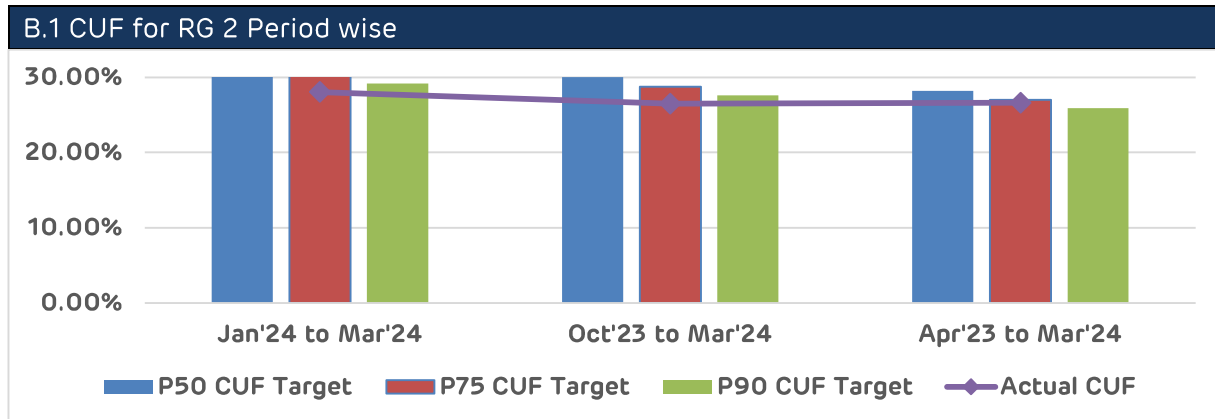

Note: The Actual PLCR of 1.95x is the Debt Sizing Cover from NPV of Future EBIDTA of PPA as on Mar 31, 2024.

Note: The Actual EBIDTA from Sovereign Equivalent Counterparty is 73.55% for the 12 month period ended Mar 31, 2024.

B. Operational Performance (CUF)

- TTM Mar 24 performance has been above P90 level as compared to projection.
- Plant availability of RG-2 portfolio has been maintained at above 99%.

Dear Ladies and Gentlemen

Adani Renewable Energy (RJ) Limited, Wardha Solar (Maharashtra) Private Limited and Kodangal Solar Parks Private Limited (incorporated in the Republic of India with limited liability) U.S.\$362,500,000 4.625 per cent. Senior Secured Notes due 2039

In accordance with Clause 7.6 of the note trust deed dated 15th October 2019 (as amended and/or supplemented from time to time, the "**Note Trust Deed**") made between (1) Wardha Solar (Maharashtra) Private Limited, Adani Renewable Energy (RJ) Limited and Kodangal Solar Parks Private Limited (the "**Issuers**") and (2) the Note Trustee, we hereby certify and, in the case of paragraphs (h) and (i) below, confirm, on behalf of the Issuers, that:

(a) as at the Calculation Date, the aggregate amount for transfer to the Distribution Account in accordance with the Operating Accounts Waterfall and the Distribution Conditions is U.S.\$;

INR 591 Mn USD 7.1 Mn

(b) in accordance with the workings set out in the attached Annexure 1, the Debt Service Cover Ratio for the Calculation Period ending on the relevant Calculation Date was

2.68x :1

(c) in accordance with the workings set out in the attached Annexure 2, the Fund From Operations to Net Debt Ratio for the Calculation Period ending on the relevant Calculation Date was

13.27 %

(d) in accordance with the workings set out in the attached Annexure 3, the Project Life Cover Ratio for the Calculation Period ending on the relevant Calculation Date was ;

1.95 x : 1

(e) as at the Calculation Date, the cash balance in each of the Project Accounts is as follows:

Account Name	Cash balance (INR Mn)
WSMPL	1375
KSPPL	108
ARERJL	767
Add: Amount transferred to distribution account	0
Less: Funds earmarked for debt servicing due in Apr'24	(1,580)
Total RG 2	669

(f) the amount of Capital Expenditure undertaken or forecast to be undertaken by the Obligor in the six-month period commencing on the relevant Calculation Date is;

Oct 1, 2023 to Mar 31, 2024	INR 9 Mn
Apr 1, 2024 to Sep 30, 2024	INR 50 Mn

(g) the Issuers' EBITDA (on an aggregate basis) attributable to Sovereign Counterparties for the Calculation Period ending on the relevant Calculation Date is

0.74 x:1

(h) we are acting prudently and the cash balance can be distributed as permitted under the relevant Transaction Documents;

(i) any maintenance as required under the CUF report has been completed; and

(j) to the best of our knowledge having made due enquiry, no Default subsists.

The details of all Authorized Investments in respect of each Project Account as at date of this Certificate are set in **Annexure 4**.

Terms not defined herein shall have the same meanings as provided in the Note Trust Deed and the Conditions.

Yours faithfully

Annexure 1

Workings for calculation of Debt Service Cover Ratio

Particulars	Amount in INR Mn Apr 23 to Mar 24
"Debt Service Cover Ratio" means, in relation to a Calculation Period ending on the relevant Calculation Date,	2.68
i) "Cashflow Available for Debt Service" means, in respect of any period, the aggregate amount of CFADS Operating Revenue for that period (which, for the avoidance of doubt, includes interest revenue accrued by the Issuers on all Project Accounts (including the Distribution Accounts, to the extent any such interest is transferred to an Operating Account) to the extent not already included in CFADS Operating Revenue), less:	8,534
(a) Operating Expenses paid in that period, other than any other Operating Expenses (including any Costs or fees payable in connection with the Existing Indebtedness, the Senior Secured Documents or any Additional Senior Debt or Additional Subordinated Debt and any Costs or break fees payable as a consequence of the repayment or prepayment of the Existing Indebtedness or any Hedge Termination Payments in respect of the Existing Indebtedness), in each case, funded by Permitted Finance Debt, equity contributions or shareholder loans or amounts withdrawn from a Project Account in accordance with these Conditions or the Project Accounts Deed;	(341)
(b) Taxes paid by the Issuers in that period; and	(170)
(c) amounts paid to the Security Trustee, each Representative under the Senior Secured Documents and any third party paying, transfer, or listing agents or registrars in relation to the Senior Debt,	-
in each case for (b) and (c) of this definition, without double counting. For any Calculation Period commencing on the Closing Date, Cash flow Available for Debt Service will include any excess cash in the Operating Account on the Closing Date.	2,443
"CFADS Operating Revenue" means Operating Revenue excluding (without double counting):	6,601
Total Operating Revenue	6,690
(a) non-recurring significant items (including, but not limited to, profits and losses on disposal of assets outside the ordinary course of business);	(89)

Renewables

(b) extraordinary items (including but not limited to profits or losses on termination of any Secured Hedging Agreement);	-
(c) net payments received under any Secured Hedging Agreements;	-
(d) any other non-cash items (including but not limited to property revaluations);	-
(e) insurance proceeds, other than business interruption insurance proceeds or advance consequential loss of profit insurance proceeds or any proceeds applied towards reimbursement for repairs or reinstatement of an asset where the cost of the relevant repair or reinstatement is an Operating Expense;	-
(f) proceeds of any Finance Debt or equity; and	-
(g) any compensation, warranty claim or indemnity payment received under a Material Document, other than any amounts calculated with respect to or provided in lieu of revenue or where the cost, liability or loss being compensated for or the subject of the relevant warranty or indemnity is an Operating Expense.	-
ii) the sum of scheduled principal repayment (to the extent not refinanced, prepaid or repaid, and/or marked for refinancing) adjusting, if applicable, any opening cash carried forward from the previous Calculation Period in the Operating Account, interest payments to Senior Creditors and payments of any Costs (of recurring nature) to Senior Creditors in relation to Senior Debt due or accrued during that period, without considering any Initial Termination Payment and where such Senior Debt is denominated in a currency other than INR the relevant amounts shall be calculated at the rate at which such Senior Debt is hedged under any Hedging Agreement.	3,179
(a) Scheduled principal repayment	824
(b) Finance Cost (excluding interest towards related party loan and other finance cost)	2,356

Annexure 2

Workings for the Fund from Operations to Net Debt Ratio

Particulars	(Amounts in INR Mn) Apr 23 to Mar 24
Fund From Operations to Net Debt Ratio	13.27%
"Funds From Operations" means EBITDA minus cash taxes paid and adjusted for any positive or negative adjustments in working capital minus cash net interest.	2,632
(a) EBIDTA	6,260
(b) Less Tax Paid	170
(c) Less Working Capital Movement	1103
(d) Finance Cost (less interest towards related party loan charged to P&L)	2,356
"Net Debt" means the total indebtedness of the Issuer less any amounts held in the Senior Debt Restricted Amortization Account, the Senior Debt Service Reserve Accounts, the Senior Debt Restricted Reserve Accounts, the Subordinated Debt Service Reserve Accounts and the Senior Debt Redemption Accounts.	19,827
(a) Senior Secured Debt	23,731
(b) Cash Balance (In Various Reserve Accounts)	2,304
(c) DSRA Balance	1,600

2024
1.95**

“**Project Life Cover Ratio**” means the EBITDA forecast (on an aggregate basis) for the life of the PPAs and any residual value of assets (including cash or cash equivalents) at the end of a relevant PPA period at period N present valued at the weighted average lifecycle cost of Senior Debt outstanding on the Relevant Calculation Date divided by the Senior Debt. The EBITDA forecast for the purpose of the Project Life Cover Ratio will be based on P-90 CUF as forecast in the most recent Relevant Independent Consultant Report.

$\sum(1 \text{ to } n)$ EBITDA discounted at the estimated lifecycle cost of debt (over 1 to n) divided by Senior Debt outstanding at the Calculation Date.

1 to N being the remaining life of the PPAs in number of years.

For the purposes of this definition, “**Relevant Calculation Date**” means, in respect of a Transaction Date, the immediately preceding Calculation Date and in respect of a Calculation Date, such Calculation Date.

Independent Auditors' Report

**To the Board of Directors of
Adani Green Energy Twenty Three Limited**

Report on the Audit of Combined Financial Statements

Opinion

We have audited the combined financial statements of the Restricted Group which consists of Wardha Solar (Maharashtra) Private Limited, Kodangal Solar Parks Private Limited and Adani Renewable Energy (RJ) Limited (each, referred to as a “Restricted Entity” and collectively referred to “Restricted Group”) which comprises the combined balance sheet as at 31st March, 2024, the combined statements of profit and loss (including other comprehensive income), the combined statements of cash flows and combined statements of changes in net parent investment for the year ended 31st March, 2024 and a summary of the significant accounting policies and other explanatory information (together hereinafter referred to as “combined financial statements”). All Restricted Group entities are wholly owned subsidiaries of Adani Green Energy Twenty Three Limited (“AGETTL”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid combined financial statements for the year ended 31st March, 2024 read with Emphasis of matter para given below give a true and fair view in accordance with the basis of preparation as set out in note 2.2 to the combined financial statements.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 (“Act”). Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Combined Financial Results* section of our report. We are independent of the Restricted Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India, and we have fulfilled our other ethical responsibilities in accordance with the applicable provisions. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

Without modifying our opinion, we draw attention to Note 2.2 to the combined financial statements, which describes that the Restricted Group has not formed a separate legal group of entities during the year ended 31st March 2024 and which also describes the basis of preparation, including the approach to and purpose of preparing them. Consequently, the Restricted Group's combined financial statements may not necessarily be indicative of the financial performances and financial position of the Restricted Group that would have occurred if it had operated as a single standalone group of entities during the year presented. The combined financial statements have been prepared solely for the purpose of fulfilling the requirement of the Offering Circular (OC). As a result, the combined financial statements may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibilities of Management and Those Charged with Governance for the Combined Financial Statements

The Management of AGETTL is responsible for the preparation and presentation of these combined financial statements that give a true and fair view of the combined state of affairs, combined Profit and other comprehensive Income, changes in combined net parent investment and combined cash flows in accordance with the basis of preparation as set out in Note 2.2 to these combined financial statements. This responsibility

Independent Auditors' Report

To the Board of Directors of Adani Green Energy Twenty Three Limited (Continue)

also includes maintenance of adequate accounting records for safeguarding of the assets of each restricted entity and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the combined financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, the Management of AGETTL is responsible for assessing the ability of each restricted entity to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the restricted entity or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of AGETTL is responsible for overseeing the Restricted Group's financial reporting process.

Auditor's Responsibilities for the Audit of the combined financial statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these combined financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on effectiveness of the Restricted Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparation of combined financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our

Independent Auditors' Report

To the Board of Directors of Adani Green Energy Twenty Three Limited (Continue)

auditor's report to the related disclosures in the combined financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Restricted Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the combined financial statements, including the disclosures, and whether the combined financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Restricted Group to express an opinion on the combined financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such restricted entities included in the combined financial statements of which we are the independent auditors.

We communicate with those charged with governance of AGETTTL and such other restricted entities included in the combined financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the combined financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

1 General Information

Adani Green Energy Limited ('the Ultimate Deemed Holding Company') along with its subsidiaries (herein collectively referred to as the "Group") are companies domiciled in India and primarily involved in Solar power generation.

The Restricted Group - 2 entities which are all under the common control of the Ultimate Deemed Holding Company through its subsidiary (Adani Green Energy Twenty Three Limited) comprise of the following entities (refer note 37):-

<u>Entities forming part of Restricted Group - 2</u>	<u>Principal activity</u>	<u>Country of Incorporation</u>	<u>% Held by Holding Company</u>	
			<u>31st March, 2024</u>	<u>31st March, 2023</u>
			Wardha Solar (Maharashtra) Private Limited	Solar Power Generation
Kodangal Solar Park Private Limited	Solar Power Generation	India	100	100
Adani Renewable Energy (RJ) Limited	Solar Power Generation	India	100	100

2.1 Purpose of the combined financial statements

Restricted Group - 2 has issued USD denominated Green bonds listed on Singapore Exchange Securities Trading Limited (SGX-ST). The Special Purpose Combined Financial Statements presented herein reflect the Restricted Group - 2's results of operations, assets and liabilities and cash flows as at and for the year ended 31st March, 2024. The basis of preparation and material accounting policies used in preparation of these Special Purpose Combined Financial Statements are set out in note 2.2 and 3 below.

2.2 Basis of preparation

The Combined Financial Statements of the Restricted Group - 2 have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015 amended from time to time (except Ind AS - 33 on Earnings Per Share) and other accounting principles generally accepted in India and the Guidance Note on Combined and Carve-out Financial Statements issued by the Institute of Chartered Accountants of India (ICAI).

As these combined financial statements have been prepared on a combined basis, it is not meaningful to show share capital or provide an analysis of reserves. Net parent investment, therefore, represents the difference between the assets and liabilities pertaining to combined businesses. Share capital of Restricted Group - 2 is held by the Holding Company. Earnings Per Share have not been presented in these Combined Financial Statements, as Restricted Group - 2 did not meet the applicability criteria as specified under Ind AS 33 – Earnings Per Share.

Management has prepared these combined financial statements to depict the historical financial information of the Restricted Group - 2.

The Combined Financial Statements have been prepared on a going concern basis under the historical cost convention except for Investments in mutual funds and certain financial assets and liabilities that are measured at fair values whereas net defined benefit (asset)/ liability are valued at fair value of plan assets less defined benefit obligation at the end of each reporting period, as explained in the accounting policies below.

As per the Guidance Note on Combined and Carve Out Financial Statements, the procedure for preparing combined financial statements of the combining entities is similar to that of consolidated financial statements as per the applicable Accounting Standards. Accordingly, when combined financial statements are prepared, intra-group transactions and profits or losses are eliminated. All the inter group transactions are undertaken on Arm's Length basis. The information presented in the Special Purpose Combined Financial Statements of the Restricted Group - 2 may not be representative of the financial position that might have existed if the combining businesses had been done on a stand-alone basis.

Net Parent Investment represents the aggregate amount of Share Capital, Compulsory Convertible Preference Shares (Instrument entirely Equity in nature) and other equity of Restricted Group - 2 of entities as at the respective period end and does not necessarily represent legal Share Capital for the purpose of the Restricted Group - 2.

Accordingly, the following procedure is followed for the preparation of the Combined Financial Statements:

- Combined like items of assets, liabilities, equity, income, expenses and cash flows of the entities of the Restricted Group - 2.
- Eliminated in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Restricted Group - 2.

These are Combined Financial Statements and may not be necessarily indicative of the financial performance, financial position and cash flows of the Restricted Group - 2 that would have occurred if it had operated as separate stand-alone entities during the year presented or the Restricted Group - 2's future performance. The Combined Financial Statements include the operation of entities in the Restricted Group - 2, as if they had been managed together for the year presented.

Transactions that have taken place with the Unrestricted Group (i.e. other entities which are a part of the Group and not included in the Restricted Group - 2 of entities) have been disclosed in accordance of Ind AS 24, Related Party Disclosures. The preparation of financial information in conformity with Ind AS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Restricted Group - 2's accounting policies.

Income taxes are arrived at by aggregation of the tax expenses actually incurred by the combining businesses, after considering the tax effects of any adjustments which is in accordance with the Guidance Note on Combined and Carve-Out Financial Statements issued by the ICAI.

3. Material accounting policies

a. Property, plant and equipment

i. Recognition and measurement

Property, plant and equipment are stated at original / acquisition cost grossed up with the amount of tax / duty benefits availed, less accumulated depreciation and accumulated impairment losses, if any.

All directly attributable costs, including borrowing costs incurred up to the date the asset is ready for its intended use and for qualifying assets, are capitalised along with the respective asset.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, directly / indirectly attributable cost of bringing the item to its working condition for its intended use, cost of testing whether the asset is functioning properly, after deducting the net proceeds from selling power generated while ensuring the asset at that location and condition are properly operational, and estimated costs of dismantling and removing the items and restoring the site on which it is located. Excess of net sale proceeds if power generated over the cost of testing, if any, have been deducted from the directly attributable costs considered as part of cost of item of property, plant and equipment.

The residual values, useful lives and method of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

When significant parts of plant and equipment are required to be replaced at intervals, the Restricted Group depreciates them separately based on their specific useful lives and they are accounted for as separate items (major components) of property, plant and equipment.

ii. Subsequent measurement

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Restricted Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred. Subsequent costs are depreciated over the residual life of the respective assets.

Restricted Group - 2

Notes to Combined Financial Statements as at and for the year ended 31st March, 2024

iii. Depreciation

Depreciation is recognised so as to write off the cost of assets (other than freehold land) less their residual values over their useful lives, using Straight Line method. The useful life of property, plant and equipment is considered based on life prescribed in part C of Schedule II to the Companies Act, 2013, except in case of the Plant and Equipment in the nature of solar equipments, in whose case the life of the assets has been estimated at 30 years in case of solar power generation based on technical assessment taking into account the nature of assets, the estimated usage of the assets, the operating condition of the assets, anticipated technical changes, manufacturer warranties and maintenance support. In case of major components identified, depreciation is provided based on the useful life of each such component based on technical assessment, if materially different from that of the main asset.

iv. Derecognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

b. Capital Work in Progress

Directly and indirectly attributable Expenditure related to and incurred during implementation (net of incidental income) of capital projects to get the assets ready for intended use and for a qualifying asset is included under "Capital Work in Progress (including related inventories)". The same is allocated to the respective items of property plant and equipment on completion of property plant and equipment. Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

c. Financial Instruments

Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A financial asset and financial liability is initially measured at fair value with the exception of trade receivables that do not contain significant financing component or for which the Restricted Group has applied the practical expedient, the Restricted Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, the transaction cost. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in the Statement of Profit and Loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a legally enforceable right (not contingent on future events) to off-set the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

d. Financial assets

Initial recognition and measurement

All regular way Purchases or sales of financial assets are recognised and derecognised on a trade date basis i.e. the date that the restricted group commits to purchase or sell the assets. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades).

Subsequent measurement

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification of Financial Assets:

Financial assets measured at amortised cost

Financial assets that meet the criteria for subsequent measurement at amortised cost are measured using effective interest rate (EIR) method (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

Amortised Cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

Financial Assets at Fair Value through Other Comprehensive Income (FVTOCI)

Financial assets that meet the criteria for initial recognition at FVTOCI are remeasured at fair value at the end of each reporting date through other comprehensive income (OCI).

Financial Assets at Fair Value through Profit or Loss (FVTPL)

Financial assets that do not meet the amortised cost criteria or FVTOCI criteria are remeasured at fair value at the end of each reporting date through profit and loss.

Derecognition of financial assets

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the Statement of Profit and Loss if such gain or loss would have otherwise been recognised in the Statement of Profit and Loss on disposal of that financial asset.

Restricted Group - 2

Notes to Combined Financial Statements as at and for the year ended 31st March, 2024

Impairment of Financial assets

The Restricted Group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables and other contractual rights to receive cash or other financial asset, including inter corporate deposits.

The Restricted Group measures the loss allowance for a trade receivable and contract assets by following 'simplified approach' at an amount equal to the lifetime expected credit losses(ECL). In case of other financial assets, 12-month ECL is used to provide for impairment loss and where credit risk has increased, significantly, lifetime ECL is used.

e. Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments (including perpetual securities) issued by the Restricted Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Unsecured Perpetual Securities

Unsecured Perpetual Securities ("securities") are the securities with no fixed maturity or redemption and the same are callable only at the option of the issuer. These securities are ranked senior only to the Equity Share Capital of the Restricted Group and the issuer does not have any redemption obligation hence these securities are recognised as equity as per Ind AS 32.

Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised initially at fair value and in the case of financial liabilities at amortised cost, net of directly attributable transaction costs.

Subsequent measurement

For the purposes of subsequent measurement, financial liabilities are classified under two categories:

- Financial liabilities at amortised cost
- Financial liabilities at fair value through profit or loss

Classification of Financial liabilities:

Financial liabilities at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item in the Statement of Profit and Loss.

Financial liabilities at fair value through profit or loss (FVTPL)

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if these are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Restricted Group those are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Gains or losses on liabilities held for trading are recognised in the statement of profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. Subsequent changes in fair value of liabilities are recognised in the statement of profit and loss.

Fair values are determined in the manner described in note "r".

Derecognition of financial liabilities

On derecognition, the difference between the carrying amount of the financial liabilities derecognized and the consideration paid / payable is recognised in the statement of profit and loss. In case of derecognition of financial liabilities relating to promoters contribution, the difference between the carrying amount of the financial liability derecognised and the consideration paid / payable is recognised in other equity.

Derivative Financial Instruments

The Restricted Group enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks on borrowings / purchases, including foreign exchange forward contracts, interest rate swaps, cross currency swaps, principal only swap and coupon only swap. Derivatives are initially measured at fair value at the date the derivative contracts are entered into. Subsequent to initial recognition, derivatives are subsequently remeasured to their fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. The resulting gain or loss is recognised in the statement of profit and loss immediately, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to statement of profit or loss.

f. Inventories

Cost of Inventories comprises all cost of purchase and other cost incurred (including cost allocated on systematic basis) in bringing inventories to their present location and condition. In determining the cost, weighted average cost method is used. Inventories are stated at the lower of cost or net realisable value after providing for obsolescence and other losses where considered necessary. Net realisable value represents estimated selling price of inventories.

Stores and Spares which do not meet the definition of property, plant and equipment are accounted as inventories.

Restricted Group - 2

Notes to Combined Financial Statements as at and for the year ended 31st March, 2024

g. Current and non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Restricted Group has identified twelve months as its operating cycle for determining current and non-current classification of assets and liabilities in the Balance sheet other than deferred tax assets and liabilities which are classified as non current assets and liabilities respectively.

h. Foreign currency transactions

In preparing the financial statements of the Restricted Group, transactions in currencies other than the entity's functional currency are recognised at the rate of exchange prevailing at the date of the transactions.

i. Government grants

Government grants are not recognised until there is reasonable assurance that the Restricted Group will comply with the conditions attached to them and that the grants will be received.

Government grants are recognised in Statement of profit and loss on a systematic basis over the periods in which the Restricted Group recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Restricted Group should purchase, construct or otherwise acquire noncurrent assets, the cost of assets are presented at gross value and grants thereon are recognised as deferred revenue in the balance sheet and transferred to statement of profit and loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Restricted Group with no future related costs are recognised in profit and loss in the period in which they become receivable.

j. Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Restricted Group expects to be entitled in exchange for those goods or services.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes or other amounts collected from customers.

The specific recognition criteria described below must also be met before revenue is recognised.

Restricted Group - 2

Notes to Combined Financial Statements as at and for the year ended 31st March, 2024

i) Revenue from power supply

The Restricted Group's contracts in form of Power Purchase Agreements (PPA) entered with State Distribution Companies for the sale of electricity generally include one performance obligation. The Restricted Group has concluded that revenue from sale of electricity, net of discounts, incentives / disincentives if any, should be recognised at the point in time when electricity is transmitted to the customers.

ii) Sale of Other goods (Spares)

The Restricted Group's contracts with customers for the sale of goods (spares) generally include one performance obligation. Revenue from the sale of other goods is recognised at the point in time when control of the asset is transferred to the customers, generally on delivery of the goods.

iii) Interest income is recognised on time proportion basis at Effective Interest Rate (EIR). Interest income is included in finance income in the Statement of Profit and Loss.

iv) Late Payment Surcharge and interest on late payment for power supply are recognized on reasonable certainty to expect ultimate collection or otherwise based on actual collection, whichever is earlier.

Contract Balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Restricted Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. Contract assets are subject to impairment assessment.

Trade receivables

A receivable represents the Restricted Group's right to an amount of consideration that is unconditional i.e. only the passage of time is required before payment of consideration is due and the amount is billable.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Restricted Group has received consideration (or an amount of consideration is due) from the customer. Contract liabilities are recognised as revenue when the Restricted Group performs obligations under the contract.

k. Hedge Accounting

The Restricted Group designates certain hedging instruments, which include derivatives and non-derivatives in respect of foreign currency risk, as cash flow hedges.

At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions.

Furthermore, at the inception of the hedge and on an ongoing basis, the Restricted Group documents whether the hedging instrument is highly effective in offsetting changes in fair value or cash flows of the hedged item attributable to the hedged risk.

Cash flow hedges

The Restricted Group designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions. The forward element is recognised in OCI. The ineffective portion relating to foreign currency contract is recognised in finance cost.

Any ineffective portion of changes in the fair value of the derivative is recognised immediately in the statement of profit & loss.

For any other cash flow hedges, the amount accumulated in OCI is reclassified to profit or loss as reclassification adjustment in the same period or periods during which the hedged cash flows affect profit or loss.

i. Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale, based on borrowings incurred specifically for financing the asset or the weighted average rate of all other borrowings, if no specific borrowings have been incurred for the asset. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing cost.

m. Taxation

Tax expenses comprises current tax and deferred tax. These are recognised in the statement of profit and loss except to the extent that it relates items recognised directly in equity or in other comprehensive income.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Current income tax relating to items recognised outside the Statement of Profit or Loss is recognised outside the Statement of Profit or Loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management

periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date. Deferred tax liabilities are generally recognised for all taxable temporary differences except when the deferred tax liability arises at the time of transaction that affects neither the accounting profit or loss nor taxable profit or loss.

Deferred tax assets are generally recognized for all deductible temporary differences, carry forward of unused tax credits and any unused tax losses, to the extent that it is probable that future taxable income will be available against which the deductible temporary differences and carry forward of unused tax credit and unused tax losses can be utilised, except when, the deferred tax asset relating to temporary differences arising at the time of transaction that affects neither the accounting profit or loss nor the taxable profit or loss.

Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized outside the Statement of Profit and Loss, either in other comprehensive income or directly in equity. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

n. Provisions, Contingent Liabilities and Contingent Assets

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Restricted Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of amount cannot be made.

Contingent liabilities may arise from litigation, taxation and other claims against the Restricted Group. The contingent liabilities are disclosed where it is management's assessment that the outcome of any litigation and other claims against the

Restricted Group - 2

Notes to Combined Financial Statements as at and for the year ended 31st March, 2024

Restricted Group is uncertain or cannot be reliably quantified, unless the likelihood of an adverse outcome is remote.

A Contingent assets are not recognised but are disclosed in the notes where an inflow of economic benefit is probable.

o. Impairment of non-financial assets

At the end of each reporting period, the Restricted Group reviews the carrying amounts of non-financial assets, assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Restricted Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Each CGU represents the smallest Group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

The Restricted Group bases its impairment calculation on detailed budget and forecast calculations, which are prepared separately for each of the Restricted Group's cash-generating unit to which the individual assets are allocated. For longer periods, a long term growth rate is calculated and applied to project future cash flows. To estimate cash flow projections beyond periods covered by the most recent budget / forecasts, the Restricted Group estimates cash flow projections based on estimated growth rate.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Statement of Profit and Loss.

p. Leases

The Restricted Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Restricted Group as lessee

The Restricted Group recognises right-of-use assets and lease liabilities for all leases except for short-term leases and leases of low-value assets.

The Restricted Group applies the available practical expedients wherein it:

- (a) Used a single discount rate to a portfolio of leases with reasonably similar characteristics
- (b) Relies on its assessment of whether leases are onerous immediately before the date of initial application
- (c) Applies the short-term leases exemptions to leases with lease term that ends within 12 months at the date of initial application

Restricted Group - 2

Notes to Combined Financial Statements as at and for the year ended 31st March, 2024

- (d) Excludes the initial direct costs from the measurement of the right-of-use asset at the date of initial application

Uses hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

Right of Use Assets:

The Restricted Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use.

The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

The right-of-use assets are also subject to impairment. Refer note 'o' for impairment of non-financial assets.

Lease Liability

The Restricted Group records the lease liability at the present value of the lease payments discounted at the incremental borrowing rate at the date of initial application and right of use asset at an amount equal to the lease liability adjusted for any prepayments/accruals recognized in the balance sheet. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Restricted Group and payments of penalties for terminating the lease, if the lease term reflects the Restricted Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs For a lease modification that is not a separate lease, at the effective date of the modification, the lessee accounts for the lease modification by remeasuring the lease liability using a discount rate determined at that date and the lessee makes a corresponding adjustment to the right-of-use asset.

Subsequent measurement of lease liability

The lease liability is remeasured when there is change in future lease payments arising from a change in an index or a rate, or a change in the estimate of the guaranteed residual value, or a change in the assessment of purchase, extension or termination option. When the lease liability is measured, the corresponding adjustment is reflected in the right-of-use asset.

q. Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

Restricted Group - 2

Notes to Combined Financial Statements as at and for the year ended 31st March, 2024

Cash and cash equivalents for the purpose of Statement of Cash Flow comprise cash and cheques in hand, bank balances, demand deposits with banks where the original maturity is three months or less.

Other Bank deposits

Margin money comprise of bank deposits restricted as to withdrawal or usage and are used to collateralize certain debt related obligations required under the Trust and Retention Account agreement entered with the various lenders and restricted under other arrangements. Margin money bank deposits are classified as current and non-current based on management expectation of the expiration date of the underlying restrictions. Interest on these bank deposits is presented as investing cash flows.

r. Fair Value Measurement

The Restricted Group measures financial instruments, such as, derivatives and mutual funds at fair value at each balance sheet date.

The Restricted Group's management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value.

The Restricted Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, based on the lowest level input that is significant to the fair value measurement as a whole.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Restricted Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as unquoted financial assets and financial liabilities and derivatives.

For the purpose of fair value disclosures, the Restricted Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

s. Asset retirement obligations

Upon the expiration of the PPA or, if later, the expiration of the lease agreement, the Restricted Group is required to remove the solar power plants located on leasehold land and restore the land to its original condition.

An amount equivalent to the asset retirement obligation is recognised along with the cost of solar power plants and is depreciated over the useful life of plant and equipment. The amount recognised is the present value of the estimated future expenditure determined using existing technology at current prices and escalated using appropriate inflation rate till the expected date of restoration and discounted up to the reporting date using the appropriate risk adjusted interest rate specific to the liability. Any change in the present value of the estimated asset retirement obligation other than the periodic unwinding of discount is adjusted to the asset retirement provision and the carrying value of the corresponding plant and equipment. In case reversal of the provision exceeds the carrying amount of the related asset, the excess amount is recognised in the Statement of Profit or Loss and is included in 'Other income'. The unwinding of discount on provision is recognised in the Statement of Profit or Loss and is included in 'Finance costs'.

3.1 Use of estimates and judgements

The preparation of the Restricted Group's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures including contingent liabilities. The estimates and associated assumptions are based on experience and other factors that management considers to be relevant. Actual results may significantly differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis by the management of the Restricted Group. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Key Sources of Estimation uncertainty:

The key assumptions concerning the future and other key sources of estimation uncertainty and judgements at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Existing circumstances and assumptions about future developments may change due to market changes or circumstances arising that are beyond the control of the Restricted Group. Such changes are reflected in the assumptions when they occur.

i. Useful lives and residual value of property, plant and equipment

In case of the solar power generation equipments (assets), in whose case the life of the assets has been estimated at 30 years based on technical assessment, taking into account the nature of the assets, the estimated usage of the asset, the operating condition of the asset, anticipated technological changes, manufacturer warranties and maintenance support, except for some major components identified during the year, depreciation on the same is provided

based on the useful life of each such component based on technical assessment, if materially different from that of the main asset.

ii. Fair value measurement of financial instruments

In estimating the fair value of financial assets and financial liabilities, the Restricted Group uses market observable data to the extent available. Where such Level 1 inputs are not available, the Restricted Group establishes appropriate valuation techniques and inputs to the model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

iii. Taxes

Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies and future recoverability of deferred tax assets. The amount of the deferred income tax assets considered realisable could reduce if the estimates of the future taxable income are reduced. In assessing the recoverability of deferred tax assets, the Restricted Group relies on the same forecast assumptions used elsewhere in the financial statements.

iv. Impairment of Non-Financial Assets

For determining whether property, plant and equipments are impaired, it requires an estimation of the value in use of the relevant cash generating units. The value in use calculation is based on a Discounted Cash Flow model over the estimated useful life of the Power Plants. Further, the cash flow projections are based on estimates and assumptions relating to tariff, operational performance of the Plants, life extension plans, exchange variations, inflation, terminal value etc. which are considered reasonable by the Management.

v. Impairment of Financial Assets

The impairment provisions for trade receivables are made considering simplified approach based on assumptions about risk of default and expected loss rates. The Restricted Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation based on the Restricted Group's past history

and other factors at the end of each reporting period. In case of other financial assets, the Restricted Group applies general approach for recognition of impairment losses wherein the Restricted Group uses judgement in considering the probability of default upon initial recognition and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

vi. Recognition and measurement of provision and contingencies

The Restricted Group recognises a provision if it is probable that an outflow of cash or other economic resources will be required to settle the provision. If an outflow is not probable, the item is treated as a contingent liability. Risks and uncertainties are taken into account in measuring a provision.

During the current year, the Restricted Group has remeasured the cost of asset retirement obligation which best represents the present value of estimated future expenditure. Accordingly, the same is considered in the carrying value of the corresponding plant and equipment and asset retirement provision. The remaining carrying value of Asset retirement obligation included in plant and equipment will be equally depreciated over the remaining useful life of corresponding plant and equipment.

vii. Identification of a lease

Management assesses applicability of Ind AS 116 - 'Leases', for PPAs. In assessing the applicability, the management exercises judgement in relation to the underlying rights and risks related to operations of the plant, control over design of the plant etc., in concluding that the PPA do not meet the criteria for recognition as a lease.

viii. Recognition of Revenue from Power Supply

In case of pending tariff regulatory matters, the recognition of revenue is a matter of judgement based on facts and circumstances. The Restricted Group evaluates the fact pattern and circumstances, for each such regulatory matters. The revenue is recognised only when there is probability that the Restricted Group is entitled to the collection of consideration, as per the principles enunciated under Ind AS 115.

(ii) Expected Credit Loss (ECL)

Trade receivables of the Restricted Group are majorly from Central and State Electricity Distribution Companies (DISCOMs) which are Government entities with credit period of 60 days and from Unrestricted Group Entities. The Restricted Group is regularly receiving its dues from DISCOMs and others. Delayed payments carries interest as per the terms of agreements with related parties and DISCOMs. Accordingly in relation to these dues, the Restricted Group does not foresee any Credit Risk.

(iii) For balances with Unrestricted Group entities, refer note 36.

For maturity profile of lease liabilities, refer note 32 of maturity profile of financial liabilities.

32 Financial Instruments and Risk Review :

The Restricted Group - 2's risk management activities are subject to the management direction and control under the framework of Risk Management Policy as approved by the Board of Directors of entities forming part of Restricted Group - 2. The Management ensures appropriate risk governance framework for the Restricted Group - 2 through appropriate policies and processes and that risks are identified, measured and managed properly.

The Restricted Group - 2's financial liabilities other than derivatives comprise mainly of borrowings and interest accrued on the same, trade and other payables. The Restricted Group - 2's financial assets other than derivatives comprise mainly of investments, cash and cash equivalents, other balances with banks, loans includes inter corporate deposits, trade receivables and other receivables.

The Restricted Group - 2 has exposure to the following risks arising from financial instruments:

- Market risk;
- Credit risk; and
- Liquidity risk

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and price risk.

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Restricted Group - 2's exposure to the risk of changes in market interest rates relates primarily to the Restricted Group - 2's Non-current debt obligations with floating interest rates.

The Restricted Group - 2's borrowings from bonds and borrowings from Unrestricted Group Entities are at fixed rate of interest. As all the borrowings are at fixed rate of interest, hence sensitivity analysis is not required.

The company intends to hold investment in mutual fund for relatively shorter period of time and hence the interest rate risk is not material to that extent.

ii) Foreign Currency risk

Foreign Currency risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Restricted Group - 2 is exposed to the effects of fluctuation in the prevailing foreign currency exchange rates on its financial position and cash flows. Exposure arises primarily due to exchange rate fluctuations between the functional currency and other currencies from the Restricted Group - 2's operating and financing activities as the The Restricted Group - 2 has foreign currency borrowings in the nature of bonds and import of spares for operations. The Restricted Group - 2 has hedged 100% of its foreign currency borrowings to that extent, the Restricted Group - 2 is not exposed to foreign currency risk.

Every 1% depreciation / appreciation in the exchange rate between the Indian rupee, U.S.dollar and EURO on the exposure relating to foreign currency creditors and acceptances of EURO 0 million as on 31st March, 2024 and \$ 0 million and EURO 0 million as on 31st March, 2023, would have decreased/increased the Restricted Group - 2's profit for the year as follows :

	As at 31st March, 2024 (₹ in Millions)	As at 31st March, 2023 (₹ in Millions)
Impact on profit for the year (before tax)	0	0

iii) Price risk

The Restricted Group - 2 does not have price risk.

Credit risk

Trade Receivable:

Major receivables of the Restricted Group - 2 are from State and Central distribution Companies (DISCOM) which are Government entities and Unrestricted Group Entities. The Restricted Group - 2 is regularly receiving its dues from DISCOM. Delayed payments, if any, carries interest as per the terms of agreements. Trade receivables are generally due for lesser than one year, accordingly in relation to these dues, the Restricted Group - 2 does not foresee any significant Credit Risk.

Other Financial Assets:

This comprises mainly of deposits with banks, investments in mutual funds and other intercompany deposits. Credit risk arising from these financial assets is limited and there is no collateral held against these because the counterparties are Unrestricted Group Entities have high credit ratings assigned by the credit rating agencies. Intercompany deposits are placed with Unrestricted Group Entities.

Liquidity risk

Liquidity risk is the risk that the Restricted Group - 2 will encounter difficulty in meeting the obligations associated with its financial liabilities. The Restricted Group - 2 monitors its risk of shortage of funds using cash flow forecasting models and matching profiles of financial assets and liabilities. These models consider the maturity of its financial investments, committed funding and projected cash flows from Restricted Group - 2's operations. The Restricted Group - 2's objective is to provide financial resources to meet its business objectives in a timely, cost effective and reliable manner and to manage its capital structure. Having regard to the nature of the business wherein the Restricted Group - 2 is able to generate fixed cash flows over a period of time, any surplus cash generated, over and above the amount required for working capital management and other operational requirements, is retained as cash and cash equivalents (to the extent required) and any excess is invested in highly marketable debt mutual funds with appropriate maturities to optimise the cash returns on investments while ensuring sufficient liquidity to meet its liabilities or lent to Unrestricted Group entities (within Adani Green Energy Limited and its subsidiaries) at market determined interest rate.

The Restricted Group - 2's entities expects to generate positive cash flows from operations in order to meet its external financial liabilities as they fall due. The Restricted Group - 2's entities have unconditional financial support from Ultimate Deemed Holding Company including extension of repayment terms of borrowings, as and when needed.

Maturity profile of financial liabilities:

The table below provides details regarding the remaining contractual maturities of financial liabilities based on contractual undiscounted payments.

Capital Management

The Restricted Group - 2's objectives for managing capital is to safeguard continuity and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth. The Restricted Group - 2's overall strategy remains unchanged from previous year.

The Restricted Group - 2 sets the amount of capital required on the basis of annual business cashflows and long-term operating plans which include capital and other strategic investments.

The funding requirements are met through a mixture of equity, internal fund generation, debt securities and other Non-current/current borrowings. The Restricted Group - 2's policy is to use current and non-current borrowings to meet anticipated funding requirements. The Restricted Group - 2 monitors capital on the basis of the net debt to equity ratio.

The Restricted Group - 2 believes that it will be able to meet all its current liabilities and interest obligations in a timely manner, since most of the current liabilities are from Unrestricted Group entities.

The Restricted Group - 2's capital management ensures that it meets financial covenants attached to the interest bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest bearing loans and borrowing in the current year. No changes were made in the objectives, policies or processes for managing capital.

Particulars	Note	As at 31st March, 2024 (₹ in Millions)	As at 31st March, 2023 (₹ in Millions)

Such transactions are not in violation of Prevention of Money-Laundering Act, 2002 (15 of 2003) and are in the normal course of business.

33 Derivatives and Hedging

(i) Classification of derivatives

Derivatives are only used for economic hedging purposes and not as speculative investments. However, where derivatives do not meet the hedge accounting criteria, they are accounted for at fair value through profit or loss. Information about the derivatives used by the Restricted Group and outstanding fair value of derivatives as at the end of the financial year is provided below:

Particulars	Financial Assets		Financial Liabilities	
	As at 31st March, 2024	As at 31st March, 2023	As at 31st March, 2024	As at 31st March, 2023
Derivatives not designated as Hedging Instruments:	-	-	-	-
Derivatives designated as Hedging Instruments:	2,771	2,046	320	10
Principal Only Swap, Forward Contract and Full Currency Swap	2,771	2,046	320	10

(ii) Hedging activities

Foreign Currency Risk

The Restricted Group-2 is exposed to various foreign currency risks as explained in note 33 above. The Restricted Group - 2 has hedged 100% of its foreign currency borrowings to that extent. The Restricted Group - 2 is not exposed to foreign currency risk.

All these hedges are accounted for as cash flow hedges.

Interest Rate Risk

The Restricted Group-2 is exposed to interest rate risks on floating rate borrowings as explained in note 33 above.

(iii) Hedge Effectiveness

There is an economic relationship between the hedged items and the hedging instruments as the terms of the hedge contracts match the terms of hedge items. The Restricted Group-2 has established a hedge ratio of 1:1 for the hedging relationships as the underlying risk of the foreign exchange and interest rate are identical to the hedged risk components. To test the hedge effectiveness, the Restricted Group-2 compares the changes in the fair value of the hedging instruments against the changes in fair value of the hedged items attributable to the hedged risks.

(iv) Source of Hedge ineffectiveness

In case of foreign currency risk and interest rate risk, the main source of hedge ineffectiveness is the effect of the counterparty and the Restricted Group-2's own credit risk on the fair value of hedge contracts, which is not reflected in the fair value of the hedged items. The effect of this is not expected to be material.

(v) Disclosures of effects of Cash Flow Hedge Accounting

Hedging instruments

The Restricted Group-2 has taken derivatives to hedge its borrowings and Interest accrued thereon.

Particulars	Less than 1 year	1 to 5 year	More than 5 Years	Total
Forward Contract, Principal only Swap and Full Currency Swap				
As at 31st March, 2024	19,562	33,817	-	53,379
Nominal Amount				
As at 31st March, 2023	1,236	26,920	-	28,156
Nominal Amount				

(vi) The effect of the cash flow hedge in the Statement of Profit and Loss is as follows:

Particulars	As at 31st March, 2024	As at 31st March, 2023
Cash flow Hedge Reserve at the beginning of the year	(709)	(528)
Total hedging gain / (loss) recognised in OCI	140	(242)
Income tax on above	(49)	61
Ineffectiveness recognised in profit or loss	-	-
Cash flow Hedge Reserve at the end of the year	(618)	(709)

The Restricted Group-2 does not have any ineffective portion of hedge.

(vii) The outstanding position of derivative instruments is as under:

Nature	Purpose	As at 31st March, 2024		As at 31st March, 2023	
		Nominal Value (₹ in Millions)	Foreign Currency (USD in Million)	Nominal Value (₹ in Millions)	Foreign Currency (USD in Million)
Forward Contract	Hedging of Foreign Currency Loans Principal & Interest Liability	1,225	14	1,236	15
Principal only Swap	Hedging of Foreign Currency Loans Principal	26,493	318	26,920	328
Full currency Swap	Hedging of Foreign Currency Loans Principal & Interest	25,661	308	-	-
	Total	53,379	640	28,156	343

The details of foreign currency exposures not hedged by derivative instruments are as under :-

Currency	As at 31st March, 2024		As at 31st March, 2023		
	Nominal Value (₹ in Millions)	Foreign Currency (in Million)	Nominal Value (₹ in Millions)	Foreign Currency (in Million)	
Creditors and Acceptances	USD	-	-	3	0
Creditors and Acceptances	EURO	0	0	1	0
	Total	0	0	4	0

(Closing rate as at 31st March, 2024 : INR/USD-83.41 and INR/EUR-89.88 and as at 31st March, 2023 : INR/USD-82.17 and INR/EUR-89.44)

34 Fair Value Measurement :

a) The carrying value of financial instruments by categories as of 31st March, 2024 is as follows :

Particulars	FVTOCI	FVTPL	Amortised cost	(₹ in Millions)	
				Total	
Financial Assets					
Cash and cash equivalents	-	-	22	22	
Bank balances other than cash and cash equivalents	-	-	329	329	
Investments	-	1,423	-	1,423	
Trade Receivables	-	-	603	603	
Loans	-	-	9,359	9,359	
Fair Value of Derivatives	2,771	-	-	2,771	
Other Financial assets	-	-	3,860	3,860	
Total	2,771	1,423	14,173	18,367	
Financial Liabilities					
Borrowings	-	-	30,575	30,575	
Lease Liabilities	-	-	522	522	
Trade Payables	-	-	41	41	
Fair Value of Derivatives	320	-	-	320	
Other Financial Liabilities	-	-	573	573	
Total	320	-	31,711	32,031	

b) The carrying value of financial instruments by categories as of 31st March, 2023 is as follows :

Particulars	(₹ in Millions)			
	FVTOCI	FVTPL	Amortised cost	Total
Financial Assets				
Cash and cash equivalents	-	-	707	707
Bank balances other than cash and cash equivalents	-	-	156	156
Investments	-	1,279	-	1,279
Trade Receivables	-	-	616	616
Loans	-	-	6,623	6,623
Fair Value of Derivatives	2,046	-	-	2,046
Other Financial assets	-	-	3,898	3,898
Total	2,046	1,279	12,000	15,325
Financial Liabilities				
Borrowings	-	-	30,582	30,582
Lease Liabilities	-	-	519	519
Trade Payables	-	-	46	46
Fair Value of Derivatives	10	-	-	10
Other Financial Liabilities	-	-	584	584
Total	10	-	31,731	31,741

Notes:

(i) Fair value of financial assets and liabilities measured at amortised cost is not materially different from its carrying value. Further, impact of time value of money is not significant for the financial instruments classified as current accordingly the fair value has not been disclosed separately.

(ii) Trade Receivables, Cash and Cash Equivalents, Other bank balances, Other Financial Assets, Current Borrowings, Trade Payables and Other Current Financial Liabilities: Fair values approximate their carrying amounts largely due to short-term maturities of these instruments.

35 Fair Value hierarchy :

Particulars	(₹ in Millions)	
	As at 31st March, 2024	
	Level 2	Total
Assets		
Investments	1,423	1,423
Fair value of Derivatives	2,771	2,771
Total	4,194	4,194
Liabilities		
Fair value of Derivatives	320	320
Total	320	320

Particulars	(₹ in Millions)	
	As at 31st March, 2023	
	Level 2	Total
Assets		
Investments	1,279	1,279
Fair value of Derivatives	2,046	2,046
Total	3,325	3,324
Liabilities		
Fair value of Derivatives	10	10
Total	10	10

Note:

(i) The fair values of investments in mutual fund units is based on the net asset value ('NAV').

(ii) The fair values of the derivative financial instruments has been determined using valuation techniques with market observable inputs as at reporting date. The models incorporate various inputs including the credit quality of counter-parties and foreign exchange rates.

36 Related party transactions

a. List of related parties and relationship

The Restricted Group - 2 entities have certain transactions with entities which are not covered under Restricted Group - 2 (Unrestricted Group entities).

Entities with joint control or significant influence over the Ultimate Deemed Holding Company :

- S. B. Adani Family Trust (SBAFT)
- Adani Trading Services LLP
- Adani Properties Private Limited

Ultimate Deemed Holding Company : Adani Green Energy Limited

Immediate Holding Company of WSMPL : Parampuja Solar Energy Private Limited

Immediate Holding Company of ARERJL : Adani Green Energy Twenty Three Limited

Immediate Holding Company of KSPPL : Adani Green Energy Twenty Three Limited

Entity with significant influence over, the Immediate Holding Company : Total Solar Singapore Pte Ltd

Joint Venture of Deemed Holding Company : Adani Renewable Energy Park Rajasthan Limited

Unrestricted Group Entities (Including fellow subsidiaries and Entities under common control or Entities over which KMP of Ultimate Deemed Holding Company or their relatives are able to exercise significant influence / control (directly or indirectly)) (with whom transactions are done) :

Note:

Refer footnote 1 of Cash Flow Statement for conversion of unpaid interest on ICD taken and given respectively from / to Unrestricted Group Entities in to the ICD balances as on reporting date as per the terms of Contract.

37 The Restricted Group - 2's activities during the year revolve around renewable power generation. Considering the nature of The Restricted Group - 2's business, as well as based on reviews by the chief operating decision maker to make decisions about resource allocation and performance measurement, there is only one reportable segment in accordance with the requirements of Ind AS - 108 – "Operating Segments", prescribed under Companies (Indian Accounting Standards) Rules, 2015. As the Restricted Group - 2's entire revenues are from domestic sales, no separate geographical segment is disclosed.

38 Contract balances:

(a) The following table provides information about receivables and contract assets from the contracts with customers.

Particulars	As at		As at
	31st March, 2024	31st March, 2023	
Trade receivables (refer note 11)	143		160
Unbilled Revenue (refer note 11)	460		456
The unbilled revenue primarily relate to the Restricted Group's right to consideration for power supply but not billed as at the reporting date.			

(b) Reconciliation the amount of revenue recognised in the statement of combined profit and loss with the contracted price:

Particulars	For the year ended		For the year ended
	31st March, 2024	31st March, 2023	
Revenue as per contracted price	5,032		4,919
Adjustments			
Discount on Prompt Payments	75		51
Open Access Charges#	8		8
Revenue from contract with customers	4,949		4,868

The Restricted Group - 2 does not have any remaining performance obligation for sale of goods.

The Company has netted off Open Access Charges with Revenue from Power Supply in view of the revenue recognition criteria as per 'Ind AS 115: Revenue from Contract with Customers'. Corresponding netting off is also done in the comparative periods presented in the financial statements and the amounts are not material.

39 Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the Year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

40 During the previous financial year 2022-23, a short seller report ("SSR") was published in which certain allegations were made on some of the Adani Group Companies, including on certain entities of the Group, which comprises Adani Green Energy Limited, its subsidiaries and step down subsidiaries. In this regard, certain writ petitions were filed with the Hon'ble Supreme Court ("SC") seeking independent investigation of the allegations in the SSR and the Securities and Exchange Board of India ("SEBI") also commenced investigating the allegations made in the SSR for any violations of applicable SEBI Regulations. The SC also constituted an expert committee to investigate and advise into the various aspect of existing laws and regulations, and also directed the SEBI to consider certain additional aspects in its scope. The Expert committee submitted its report dated 6th May 2023, finding no regulatory failure, in respect of applicable laws and regulations. The SEBI also concluded its investigations in twenty-two of the twenty-four matters as per the status report dated 25th August 2023 to the SC.

The SC by its order dated 3rd January 2024, disposed off all matters of appeal in various petitions including separate independent investigations relating to the allegations in the SSR (including other allegations) and stated that the SEBI should complete the pending two investigations, preferably within 3 months, and take its investigations (including the twenty-two investigations already completed) to their logical conclusion in accordance with law. The Company has not received any order, notice or other communication from the SEBI in the matter. Accordingly, as at reporting date there is no open matter relating to the Company, and any non-compliance of applicable regulations.

In April 23, Adani Green Energy Limited had obtained a legal opinion by independent law firm, confirming (a) none of the alleged related parties mentioned in the short-seller report were related parties to the Group, under applicable frameworks; and (b) the Group, is in compliance with the requirements of applicable laws and regulations. Subsequent to the SC order dated 3rd January 2024, to uphold the principles of good governance, the Adani Group has also initiated an independent legal and accounting review of the allegations in the SSR and other allegations (including any allegations related to the Company) to reassert compliance of applicable laws and regulations. Such independent review also did not identify any non-compliances or irregularities by the Company, and it has noted on record, the results of this review.

Based on the legal opinions obtained, subsequent independent review referred to above, the SC order and the fact that there are no pending regulatory or adjudicatory proceedings as of date, the Restricted Group- 2's management concludes that there are no consequences of the allegations mentioned in the SSR and other allegations on the Restricted Group-2, and accordingly, these financial statements do not have any reporting adjustments in this regard.

41 The Restricted Group uses an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the accounting software. However, the audit trail feature is not enabled for certain direct changes to data when using certain privileged / administrative access rights to the SAP application and the underlying HANA database. Further no instance of audit trail feature being tampered with was noted in respect of the accounting software.

Subsequent to the year end, the log has been activated at the SAP application and the privileged access to HANA database has been restricted to limited set of users who necessarily require this access for maintenance and administration of the database.

42 The Restricted Group -2 do not have any transaction to report against the following disclosure requirements as notified by MCA pursuant to amendment to Schedule III:

1. Title deeds of immovable property not in the name of the Restricted Group -2
2. Crypto Currency or Virtual Currency
3. Benami Property held under Benami Transactions (Prohibition) Act, 1988 (45 of 1988)
4. Registration of charges or satisfaction with Registrar of Companies
5. Transaction with Struck off Companies
6. Undisclosed Income
7. Related to Borrowing of Funds:
 - (i). Willful defaulter
 - (ii). Utilization of borrowed fund and share premium
 - (iii). Discrepancy in utilization of borrowings

43 Personnel Cost and Other Administrative Cost

Entities forming part of Restricted Group - 2 does not have any employee. The operational management and administrative functions of the entities forming part of Restricted Group - 2 are being managed by Ultimate deemed Holding Company.

44 Events occurring after the Balance sheet Date

The Restricted Group - 2 evaluates events and transactions that occur subsequent to the balance sheet date but prior to approval of the special purpose combined financial statements to determine the necessity for recognition and/or reporting of any of these events and transactions in the special purpose combined financial statements. As of 15th June, 2024 there are no subsequent events to be recognized or reported that are not already disclosed.

45 Approval of financial statements

The financial statements were approved for issue by the board of directors on 15th June, 2024.

The notes referred above are an integral part of the Combined Financial Statements
