The increasing demand for digitalization and scalable IT infrastructure and the ongoing need to tackle risks from various trends, such as third-party vendor risks, the evolution of MSSPs, and the adoption of a cloud-first strategy, lead to the rising demand for the market.

- The rise in malware and phishing threats among enterprises, the increased adoption of IoT, and the BYOD trend propel the cyber security market forward. Also, the increased demand for cloud-based cybersecurity solutions positively impacts market growth. Increased adoption of mobile device applications and platforms, the need for strong authentication methods, and transformation in the traditional antivirus software industry are expected to provide lucrative opportunities for market expansion during the forecast period.
- The demand for Security Information and Event Management (SIEM) technology and services has increased due to the rise in cyber-attacks and data breaches across the country. SIEM technology and services gather real-time security events from various data sources and events to identify and produce responses to security incidents. Large corporations used to focus their efforts on risk avoidance.
- Cybersecurity requirements are growing faster than the budgets allocated to meet them. Most small businesses need more money and IT security expertise to implement enhanced cybersecurity solutions to protect their networks and IT infrastructures from various cyber-attacks. Limited capital funding can impede some small and medium-sized businesses from embracing the cybersecurity model.
- Lastly, to combat the spread of COVID-19, many organizations were forced to implement work-from-home policies. Remote working, on the other hand, increases the risk of various cyber-attacks, such as intrusions, man-in-the-middle (MITM) attacks, and spear phishing, hence leading to a rising demand for cyber hygiene practices to ensure robust security policies and

practices amid the COVID-19 pandemic. Also, due to the pandemic crisis, the demand for cybersecurity solutions skyrocketed in healthcare, manufacturing, and government.

OPPORTUNITIES

Information technology, artificial intelligence and use of IT services in increasing globally at very fast speed & therefore, IT security and cyber security is likely to have multifold growth which will offer good opportunity for optimum utilization of our capabilities & optimize the profit.

Business in India is growing, and we are also increasing our business in USA & UAE to cover gulf region. Our present set up is expected to give fast growth of business in USA & gulf region.

THREATS

- Increase in competition may adversely affect the pricing of our services.

(Mitigation: We are empaneled /approved by major user of our services in organized sector and we are confident that we will continue to render good services at mutually acceptable pricing.)

- IT industry is having high staff turnover of skilled professional. In future we may face problem of trained people leaving the organization and we have to replace the same.

(Mitigation: We have good retention policy by offering training, career & incentives. Our HR management is confident of retaining the required skilled manpower.)

RISK & CONCERNS

1. Management of Employees and Employee Costs

Our ability to execute and expand existing projects and obtain new customers depends largely on our ability to hire, train and retain highly-skilled IT professionals, particularly project managers, IT engineers and other senior technical personnel. Given our recent growth and strong demand for IT professionals from our competitors, we cannot assure you that we will be able to hire or retain the number of technical personnel necessary to satisfy our current and future customer needs. We also may not be able to hire and retain enough skilled and experienced IT professionals to replace those who leave. If we have to replace personnel who have left our employment, we will incur increased costs not only in hiring replacements but also in training such replacements until their productivity is enhanced.

As on March, 2023 our Company has 284 employees on payroll, being an Information Technology company, a huge percentage of our revenue is diverted towards the employee benefit expenses. We believe that our employees are key to our success in business operations. If we experience a slowdown or stoppage of work for any client for which we have dedicated employees, we may not be able to efficiently reallocate these employees to other clients and projects to keep their utilization and productivity levels high.

Our Company's ability to execute projects and to obtain new clients depends largely on their ability to attract, train, motivate and retain highly skilled professionals, particularly project managers and other mid-level professionals. The attrition rates in the industry in which we operate have been high due to a highly competitive skilled labour market in India. We invest in training professionals that we hire to perform the services we provide.

The performance of our Company will be benefited on the continued service of these persons or replacement of equally competent persons from the domestic or global markets. We may have difficulty in redeploying and retraining our professionals to keep pace with continuing changes in technology, evolving standards and changing customer.

2. Foreign currency fluctuations

Our Company is involved in business transactions with international clients located globally and has to conduct the transactions in accordance with the rules and regulations prescribed under FEMA. Our international operations make us susceptible to the risk of currency fluctuations, which may directly affect our operating results. In case we are unable to adhere to the timelines prescribed under the applicable laws or are unable to mitigate the risk of currency fluctuation, it may adversely affect our business, results of operations, financial conditions and cash flows.

Since most of our revenue is in foreign currency, we carry foreign exchange risks on transactions and translations. Although our foreign currency expenses partly provide a natural hedge, we are exposed to foreign exchange rate risk in respect of revenue, or expenses entered into a currency where corresponding expenses or revenue are denominated in different currencies.

Major currencies in which we have exposures are US Dollars, Euro, British Pound and Emirati Dirham. We have put in place an active foreign exchange hedging policy to mitigate the risks arising out of foreign exchange fluctuations. In addition, the overall competitiveness of the Indian IT industry in the global market is also significantly dependent on favourable exchange rates.

3. Security breaches in Software, data and network infrastructure and fraud

Being a cyber-security company, we have to maintain a huge amount of private and personal data and network infrastructure. We collect and store customer data as we conduct our business on mobile handsets. We rely on third party tools for the security and authentication necessary to effect secure transmission of confidential customer information, such as customer names and passwords, and there can be no assurance that such security controls over customer data will be able to prevent, counter or respond to any security breach or the improper disclosure of confidential information in a timely manner, or at all. We have no control over the security measures put in place by such third-party channels to prevent such breaches and attacks or their actions in this respect.

Breaches of cyber-security measures could result in misappropriation of information or data, deletion or modification of user information, or a denial-of-service or other interruption to our business operations. There could also be instances of misappropriation of user data by our employees or third-party service providers. We may be required to invest significant time and resources including financial resources to prevent such security breaches or to mitigate problems caused by such breaches. Further, our business may be harmed by concerns over playing games on mobile phones. Malware could subscribe to the paid services without the consumer's consent resulting in fraudulent charges to consumers.

A breach of our security, compromise of data or resilience affecting its operations, or those of our customers, could lead to an extended interruption to its services as well as loss of subscriber information and other confidential data. The impact of such a failure could include immediate financial losses due to fraud and theft, termination of contracts, immediate loss of revenue and reputation.

HUMAN RESOURCES/ INDUSTRIAL RELATIONS

The Company considers its employees as the most important asset and integral to its competitive position. It has a well designed HR policy that promotes a conducive work environment, inclusive growth, equal opportunities, and competitiveness and aligns employees' goals with the organisation's growth vision. Its human resource division plays a crucial role in nurturing a strong and talented

workforce. It provides opportunities for professional and personal development and implements comprehensive employee engagement and development programmes to enhance the productivity and skills of its employees. The Company's employee strength stood at 284 as on March 31, 2024. Further, industry relations remained peaceful and harmonious during the year.

INTERNAL CONTROL AND THEIR ADEQUACY

The Company maintains an efficient internal control system commensurate with the size, nature and complexity of its business. The internal control system is responsible for addressing the evolving risks in the business, reliability of financial information, timely reporting of operational and financial transactions, safeguarding of assets and stringent adherence to the applicable laws and regulations. The internal auditors of the Company are responsible for regular monitoring and review of these controls. The Audit Committee periodically reviews the audit reports and ensures correction of any variance, as may be required. Key observations are communicated to the management who undertakes prompt corrective actions.

We have audited the accompanying Standalone Financial Statements of **SATTRIX INFORMATION SECURITY LIMITED** ("the Company"), which comprise the balance sheet as at 31st March 2024, and the statement of Profit and Loss and statement of cash flows for the year then ended, and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Standalone Financial Statements and our auditors' report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position and financial performance of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records,

relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Annexure - B to the Independent Auditors' Report of even date on Standalone financial statements of SATTRIX INFORMATION SECURITY LIMITED.**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls with reference to standalone financial statements of **SATTRIX INFORMATION SECURITY LIMITED** ("the Company") as of 31st March 2024 in conjunction with our audit of Standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of Standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal financial controls with reference to standalone financial statements

A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation Standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation Standalone financial statements in accordance with generally accepted accounting principles, and that

receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on Standalone financial statements.

Inherent Limitations of Internal financial controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

We have audited the accompanying Consolidated Financial Statements of **SATTRIX INFORMATION SECURITY LIMITED** ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as the "Group"), which comprise the Consolidated balance sheet as at 31st March 2024, the Consolidated Statement of Profit and Loss and Consolidated Statement of cash flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2024, its consolidated profit and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The holding company's Board of Directors are responsible for the other information. The other information comprises the information included in the annual report, but does not include the Consolidated Financial Statements and our auditors' report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The holding company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the financial position and financial performance of the Group in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in

accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, the Board of Directors is responsible for assessing the Group ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Group financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

In accordance with the provisions contained in Schedule II to the Companies Act, 2013 components of an asset, which have significant cost to total cost of assets and its own useful life, are required to be depreciated separately over its useful life. Any such component, if identified by the management based on technical evaluation, is depreciated separately over its own useful life.

Intangible assets purchased are initially measured at cost. The cost of an intangible asset comprises its purchase price including any costs directly attributable to making the asset ready for their intended use.
