RESOLVED FURTHER THAT preferential allotment to Proposed Allottees shall be made at an issue price of Rs. 810/- (Rupees Eight Hundred and Ten Only) per Warrant, being a price more than the price determined in accordance with the provisions of Chapter V of ICDR Regulations.

RESOLVED FURTHER THAT the 'Relevant Date', as per the provisions of Chapter V of the SEBI ICDR Regulations for the purpose of determining the minimum issue / exercise price of Warrants / Equity Shares to be allotted on conversion of Warrants, shall be Thursday, August 29, 2024 (being the date which is 30 days prior to the date of Annual General Meeting i.e. Saturday, September 28, 2024).

RESOLVED FURTHER THAT pursuant to the provisions of the Act, the name(s) of the proposed allottee(s) be recorded for the issuance of invitation to subscribe to the Warrants and a Private Placement Offer cum Application letter in Form PAS-4 be issued to the proposed allottee(s) inviting them to subscribe to the Warrants of the company.

RESOLVED FURTHER THAT Warrants shall be convertible into equivalent number of fully paid-up equity shares of face value of Rs. 10/- (Rupees Ten Only) each ("**Equity Shares**") at the option of Proposed Allottees, in one or more tranches, within 18 (eighteen) months from the date of allotment of such Warrants, on such further terms and conditions as may be finalized by the Board.

RESOLVED FURTHER THAT the Equity Shares proposed to be so allotted upon conversion of Warrants shall rank *pari-passu* in all respects including as to dividend, with the existing fully paid-up Equity Shares of face value of Rs.10/- (Rupees Ten Only) each of the Company, subject to the relevant provisions contained in the Memorandum of Association and Articles of Association of the Company.

RESOLVED FURTHER THAT issue of Warrants and Equity Shares to be allotted on exercise of Warrants shall be subject to the following terms and conditions:

- Each Warrant held by Proposed Allottees shall entitle them to apply for and obtain allotment of one Equity Share at any time after the date of allotment but on or before the expiry of 18 months from the date of allotment of Warrants ("**Warrant Exercise Period**").
- The Proposed Allottee(s) shall, on or before the date of allotment of Warrants, pay an amount equivalent to at least 25% of the Warrant Issue Price fixed per Warrant in terms of the SEBI ICDR Regulations which will be kept by the Company to be adjusted and appropriated against the Warrant Issue Price of the Equity Shares. The balance 75% of the Warrant Issue Price shall be payable by the Warrant Holder at the time of exercising the Warrants.
- The pre-preferential shareholding, if any, of Proposed Allottees along with Warrants, being allotted and Equity Shares proposed to be allotted to Proposed Allottees pursuant to the conversion of Warrants, shall be under lock-in for such period as may be prescribed under Chapter V of ICDR Regulations.
- Warrants being allotted to Proposed Allottees shall not be sold, transferred, hypothecated or encumbered in any manner during the lock-in period provided under Chapter V of ICDR Regulations except to the extent and in the manner permitted there under.
- Warrants shall be issued and allotted by the Company only in dematerialized form within a period of 15 days from the date of passing a Special Resolution by the members, provided that where the issue and allotment of said warrants is pending on account of pendency of any approval for such issue and allotment by the Stock Exchange(s) and/or Regulatory Authorities, or Central Government, the issue and allotment shall be completed within the period of 15 days from the date of last such approval or within such further period/s as may be prescribed or allowed by the SEBI, the Stock Exchange(s) and/or Regulatory Authorities etc.
- Warrants and Equity Shares to be issued and allotted by the Company upon exercise of Warrants shall, in each case, be in dematerialized form.
- The consideration for allotment of Warrants and/or Equity Shares arising out of exercise of such Warrants shall be paid to the Company from the bank account of the Proposed Allottee(s).

- h) Upon exercise of the option to convert the convertible Warrants within the tenure specified above, the Company shall ensure that the allotment of equity shares pursuant to exercise of the convertible Warrants is completed within 15 days from the date of such exercise by the allottee of such warrants.
- i) In the event the Warrant Holder(s) do not exercise Warrants within the Warrant Exercise Period of 18 months from the date of allotment, the Warrants shall lapse and the amount paid shall stand forfeited by the Company.
- j) The Company shall procure the listing and trading approvals for the Equity Shares to be issued and allotted to the Warrant holders upon exercise of the Warrants from the Stock Exchanges in accordance with the Listing Regulations and all other applicable laws, rules and regulations.
- k) the Warrants shall be listed and traded on the stock exchange, where the equity shares of the Company are listed, subject to the receipt of necessary regulatory permissions and approvals, as the case may be.
- l) The Warrants by itself until converted into Equity Shares, do not give to the Warrant Holder any voting rights in the Company in respect of such Warrants. However, warrants holders shall be entitled to any corporate action such as issuance of bonus shares, right issue, split or consolidation of shares etc. announced by the Company between the date of warrants allotment and their conversion into Equity Shares.

RESOLVED FURTHER THAT for the purpose of giving effect to this resolution, the Board of Directors of the Company and/or any Committee constituted by the Board for this purpose and/or Executive Director and/or KMP of the Company be and are hereby authorized severally on behalf of the Company to do all such acts, deeds, matters and things as it may in its absolute discretion consider necessary, desirable or expedient, including without limitation to make application to Stock Exchange for obtaining of in-principle approval, listing of warrants/equity shares on conversion, filing of requisite documents with the Registrar of Companies, National Securities Depository Limited (NSDL), Central Depository Services (India) Limited (CDSL) and/or including opening of one or more bank accounts in the name of the Company for this purpose or such other authorities as may be necessary for the purpose, signing and execution of various deeds, documents and agreements and also to modify, accept and give effect to any modifications therein and the terms and conditions of the proposed issue, offer and allotment of the said Warrants, utilization of issue proceeds, signing of all deeds and documents as may be required without being required to seek any further consent or approval of the shareholders.

RESOLVED FURTHER THAT in connection with any of the foregoing resolutions, the Board of Directors/Committee(s) of the Board and/or Executive Director and/or KMP of the Company be and are hereby severally authorized to execute and deliver any and all other documents, papers and to do or cause to be done any and all acts or things as may be necessary, appropriate or advisable in order to carry out the purposes and intent of the foregoing resolutions for the preferential issue; and any such documents so executed and delivered or acts and things done or caused to be done shall be conclusive evidence of the authority of the Company in so doing and any document so executed and delivered or acts and things done or caused to be done prior to the date hereof are hereby ratified, confirmed and approved as the acts and deeds of the Company, as the case may be.

RESOLVED FURTHER THAT for the purpose of giving effect to this Resolution, the Board of Directors/ Committee(s) of the Board be and is hereby authorized severally to settle any question, difficulty or doubt that may arise in this regard and also to delegate to the extent permitted by law, all or any of the powers herein conferred to any Executive Director or any other Key Managerial Personnel or any other officer(s) of the Company.”

EXPLANATORY STATEMENTS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013
Item 2:

The special resolution in Item No. 2 of this Notice, has been proposed pursuant to the provisions of Sections 42 and 62 of the Companies Act, 2013 (the “Act”), to issue, offer and allot, up to 1,27,00,000 (One Crore Twenty Seven Lacs only) Compulsorily Convertible Warrants (“Warrants”) carrying a right exercisable by the Warrant holder to subscribe to one Equity Share per Warrant, by way of preferential allotment on private placement basis, to the persons belonging to “Promoters” and “Non-Promoter, Public Category” (“Proposed Allottees”), for an aggregate amount of up to Rs. 1028,70,00,000 (Rupees One Thousand Twenty Eight Crores and Seventy Lacs Only), at an issue price of Rs. 810/- (Rupees Eight Hundred and Ten Only) per Warrant, being a price more than the price determined in accordance with the provisions of Chapter V of the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 (“ICDR Regulations”).

The preferential issue to Proposed Allottees is subject to the receipt of necessary approvals including approval of Members, Stock Exchange.

The said proposal has been considered and approved by the Board in its meetings held on Wednesday, September 4, 2024.

The details of the issue and other particulars as required in terms of Rule 14(1) of the Companies (Prospectus and Allotment of Securities) Rules, 2014, Rule 13 of the Companies (Share Capital and Debentures) Rules, 2014, in terms of BSE Notice No. 20221213-47 dated December 13, 2022 with respect to the additional disclosures for objects of the issue and Regulation 163 of the SEBI (ICDR), Regulations are set forth below:

1. Objects of the Preferential Issue
Objects of the proposed Fund Raising under separate head:

The Company intends to utilize the Gross Proceeds from this Preferential Issue towards the following objects:

1. Issue Related Expenses;
2. Working Capital requirements;
3. General Corporate Purposes;
4. Investment in Subsidiaries, JVs & Associates

(collectively, referred to hereinafter as the “Objects”)

Utilization of Gross Proceeds

The intended use of the Gross Proceeds of the Issue is as under: -

S. No.	Particulars	Total estimated amount to be utilized (₹ in Crores)*	Tentative timeline for utilization of funds
1.	Issue Related Expenses	0.50	Up to March 2025
2.	Working Capital Requirements [#]	300.00	Up to June 2026
3.	General Corporate Purposes	253.20	Up to June 2026
4.	Investment in Subsidiaries, JVs & Associates [§]	475.00	Up to June 2026
	Total	1028.70	

#	Working Capital Requirements of the Company, its subsidiaries, step-down subsidiaries, joint ventures, and associate entities
§	Investments in subsidiaries, step-down subsidiaries, joint ventures, and associates, including other opportunities aligned with the Company’s main objects.

*Given that the preferential issue is for convertible Warrants, the issue proceeds shall be received by the Company within 18 (eighteen) months from the date of allotment of the Warrants in terms of Chapter V of ICDR Regulations, and as estimated by the management, the entire issue proceeds would be utilized for all the aforementioned Objects, in phases, as per the availability of issue proceeds, and the Company’s business requirements and within the periods as set out in the table.

in terms of BSE Notice No. 20221213-47 dated December 13, 2022, the amount specified for the above-mentioned object of issue size may deviate +/- 10% depending upon the future circumstances given that the Objects are based on management estimates and other commercial and technical factors. Accordingly, the same is dependent on a variety of factors such as financial, market and sectoral conditions, business performance and strategy, competition and other external factors, which may not be within the control of the Company and may result in modifications to the proposed schedule for utilization of the Issue Proceeds at the discretion of the Board/ Committee constituted by the Board, subject to compliance with applicable laws. If the Issue Proceeds are not utilised (in full or in part) for the Objects during the period stated above due to any such factors, the remaining Issue Proceeds shall be utilised in subsequent periods in such manner as may be determined by the Board/ Committee constituted by the Board, in accordance with applicable laws. This may entail rescheduling and revising the planned expenditure and funding requirements and increasing or decreasing the expenditure for a particular purpose from the planned expenditure as may be determined by the Board/ Committee constituted by the Board, subject to compliance with applicable laws. Further, if the full issue proceeds as stated above not received due to technical factors, all heads under

objects of the issue, shall get adjusted proportionately as may be determined by the Board/ Committee constituted by the Board, subject to compliance with applicable laws

Interim Use of Proceeds

Our Company, in accordance with the policies formulated by our Board from time to time, will have flexibility to deploy the Gross Proceeds. Pending utilization of the Gross Proceeds for the purposes described above, our Company intends to deposit the Gross Proceeds only with scheduled commercial banks included in the second schedule of the Reserve Bank of India Act, 1934 or deploy funds for such businesses opportunities as may be allowed by the Board from time to time.

Monitoring of Utilization of Funds

Since the issue size exceeds Rs. 100,00,00,000/- (Rupees One Hundred Crores only) in terms of Regulation 162A of Chapter V of the SEBI ICDR Regulations, the Company has identified a Credit Rating Agency duly registered with the SEBI as the monitoring agency to monitor the use of the proceeds of the Issue. The monitoring agency shall submit its report to the Company on a quarterly basis, till 100% of the proceeds of the issue are utilized.

2. Particulars of the offer including date of passing of Board resolution, kind of Securities offered, maximum number of Securities to be issued, manner of issue of shares, class or classes of persons to whom allotment is proposed to be made and the Issue Price

The Board of Directors at its meeting held on Wednesday, September 4, 2024 has, subject to the approval of the Members and such other approvals as may be required, approved the issuance and allotment of up to 1,27,00,000 (One Crore Twenty Seven Lacs only) Compulsorily Convertible Warrants ("Warrants") carrying a right exercisable by the Warrant holder to subscribe to one Equity Share per Warrant to the persons belonging to "Promoters" and "Non-Promoter, Public Category", at an issue price of Rs. 810/- (Rupees Eight Hundred and Ten Only), for an aggregate amount of up to Rs. 1028,70,00,000 (Rupees One Thousand Twenty Eight Crores and Seventy Lacs Only), for cash by way of preferential allotment on private placement basis.

Warrants shall be convertible into equivalent number of fully paid-up equity shares of face value of Rs. 10/- (Rupees Ten Only) each ("Equity Shares") at the option of Proposed Allottees, in one or more tranches, within 18 (eighteen) months from the date of allotment of Warrants.

3. Relevant date:

In terms of the provisions of Chapter V of ICDR Regulations, the relevant date for determining the minimum issue / exercise price of Warrants / Equity Shares to be allotted on conversion of Warrants, shall be Thursday, August 29, 2024, (being the date which is 30 days prior to the date of Annual General Meeting i.e. Saturday, September 28, 2024).

4. Basis on which the price has been arrived at, justification for the price (including premium, if any);

The Equity Shares of the Company are listed on BSE Limited. The Equity Shares are frequently traded in terms of the SEBI ICDR Regulations and floor price has been determined in accordance with the SEBI ICDR Regulations.

In case of the frequently traded shares, as per Regulation 164(1) of the SEBI (ICDR) Regulations, 2018, a minimum issue price of the Convertible Warrants in preferential issue has to be calculated as under:

- a. the 90 trading days volume weighted average price of the related equity shares quoted on the recognized stock exchange preceding the relevant date; or
- b. the 10 trading days volume weighted average price of the related equity shares quoted on a recognized stock exchange preceding the relevant date; whichever is higher.

In terms of the provisions of Regulation 164 of the SEBI ICDR Regulations, the minimum price at which the warrants may be issued computes to Rs. 806.55/- each.

Further, Method of determination of price as per the Articles of Association of the Company is not applicable as the Articles of Association of the Company are silent on the determination of a floor price/ minimum price of the shares/Convertible warrants issued on preferential basis.

Considering that the allotment shall be more than 5% of the post issue fully diluted share capital of the Compa, to an allottee or to allottees acting in concert, the company in accordance with Regulation 166A of SEBI ICDR Regulations has obtained a valuation report dated September 4, 2024 from Mr. Manish Manwani, independent registered valuer (IBBI Registration No.: IBBI/RV/03/2021/14113), having office at Unit No. 125, Tower B-3, Spaze Itech Park, Sohna Road, Sector-49, Gurugram, Haryana-122018.

The price determined through Valuation report is Rs. 806.55/- (Rupees Eight Hundred Six and Fifty Five Paise Only) per warrant. The said report shall be available for inspection by the members and the same may be accessed on the Company's website at www.eraayalife.com

After considering the above, it was decided to issue these warrants to be allotted on preferential basis to the proposed allottees at a price of Rs. 810/- (Rupees Eight Hundred and Ten Only) each, which has been higher than the minimum specified price per warrant computed in accordance with Regulation 164 (4) of the ICDR Regulations and Regulation 166A of ICDR Regulations.

5. Amount which the company intends to raise by way of such securities;

Aggregate amount of up to Rs. 1028,70,00,000 (Rupees One Thousand Twenty-Eight Crores and Seventy Lacs Only).

6. Name and address of valuer who performed valuation;

Mr. Manish Manwani, independent registered valuer (IBBI Registration No.: IBBI/RV/03/2021/14113), having office at Unit No. 125, Tower B-3, Spaze Itech Park, Sohna Road, Sector-49, Gurugram, Haryana-122018.

7. Principal terms of Assets charged as securities: Not Applicable

8. Material terms of raising such securities: The same has been disclosed in the respective resolution.

ANNEXURE-II
MANAGEMENT DISCUSSION AND ANALYSIS REPORT
INDUSTRY OVERVIEW
Hospitality industry

The hospitality industry encompasses a range of services, including lodging, food and beverage, and event planning. Its importance lies in its role as a major economic contributor, providing employment opportunities and facilitating global cultural exchange and tourism. The hospitality industry refers to various businesses and services linked to leisure and customer satisfaction. A defining aspect of the hospitality industry is that it focuses on ideas of luxury, pleasure, enjoyment, and experiences instead of catering to necessities and essentials.

The hospitality industry has all along been at the forefront in ushering a 'service-oriented economy' and in cementing a culture of 'customers always come first. Ever since the inception of the industry, it has focused on understanding its customers, exploring their requirements, and proactively embracing change initiatives towards meeting and excelling customer aspirations.

Dynamism and integrating new-age technologies in providing the best of service standards has seen the industry grow vibrantly, despite business challenges and constraints in an environment that has now and then made new demands on the industry.

Over the years, the hospitality sector has redefined systems and processes towards bettering outcomes for all stakeholders, besides continually pushing performance standards towards pursuing excellence. This industry always extends a warm welcome to one and all, greets them with a cherubic and a warm smile, and strives towards creating beautiful memories that would get permanently etched in the minds of its customers.

The fact that team members associated with this industry can make a genuine difference in providing an outstanding or a 'Wow' experience to its customers, in itself is a big motivational turn-on'. Every day is a new challenge, a newer engagement, and an opportunity to do something different, which fuels us with boundless enthusiasm and positive energy to handle the daily chores.

Key Takeaways

- **Diverse Sectors:** Encompasses accommodation, food and drinks, travel, and tourism, offering various services like hotels, restaurants, and travel agencies.
- **Technology Integration:** Emphasizes the growing importance of technology in enhancing customer experiences and operational efficiency in hospitality services.

- **Revenue Management:** Highlights the significance of revenue optimization methods for profitability in sectors like hotels, resorts, and restaurants.
- **Sustainable Practices:** Increasing emphasis on eco-friendly operations and sustainability in hospitality, responding to environmental concerns.
- **Global Economic Impact:** Highlights the industry's significant contribution to global economies through job creation and tourism revenue.

Sectors Within the Hospitality Industry

The key sectors within the hospitality industry.

1) Accommodation

The accommodation sector of the hospitality industry is concerned with providing customers with a place to stay temporarily. It is most commonly associated with the tourism industry, where people book holidays or trips and require lodgings. Still, the accommodation sector also caters to locals seeking a short break from their everyday routine or those who require temporary accommodation for almost any other purpose.

2) Food & Drinks

While food and drinks are necessities, most food and drinks services also fall under the hospitality industry umbrella because they offer people a way of spending their leisure time and disposable income and an opportunity to socialize and enjoy an experience. Again, the food and drinks sector caters to many customers, including tourists, locals, ex-pats, and passers-by.

3) Travel and Tourism

It is important to understand that the hospitality and travel industries are closely linked. Many of the services that are classed as travel industry offerings are also hospitality offerings because they are linked to leisure, customer satisfaction, pleasure, experiences, and disposable income. Importantly, the cross-over between the tourism and hospitality industries centers on services rather than end products.

Digital Marketing

Businesses make use of email, social media, web-based advertising, and text and multimedia messages, as different forms of digital marketing. India is considered a fast-paced market outgrowing China in terms of internet consumption. India's large population is becoming more reliant on the Internet for a variety of purposes including online learning, paying bills, watching movies, etc., thereby increasing the amount of time spent online. Hence, businesses are employing digital marketing strategies to target customers online in an efficient manner, which is boosting the India digital marketing market expansion.

Business owners are focusing on enhancing their presence on search engines like Google by increasing their expenditure on digital marketing campaigns and bringing about brand awareness to increase profits.

India Digital Marketing Market Trends

The digital marketing landscape in the country has evolved, with considerable growth anticipated for the sector amidst the constantly advancing technologies such as the artificial intelligence (AI) and their integration with e-commerce. In addition to AI, several other technologies such as voice searches, virtual reality, and others, are

proving to be a game changer for brands trying to establish themselves in the market. Over the forecast period, influencer marketing is expected to be a key market trend owing to its cost-effectiveness and the increased social media penetration in the country.

The rising popularity of e-commerce websites such as Amazon, Flipkart, Myntra, Nykaa, among others, has been a major driver for the Indian digital marketing market. The expansion strategies set out by e-commerce websites primarily involved digital marketing solutions rather traditional, further leading to their steady establishment in the Indian scenario.

What is Digital Marketing?

Any form of marketing that uses digital channels such as SEO, websites, social media, mobile applications, emails, SMS, etc to market. Using electronic devices for selling products and services to reach consumers is known as digital marketing. It helps companies to reach out to a larger audience and understand their behaviour.

It refers to the marketing campaigns like ads, social media posts and ads, online videos, and search engine marketing that appear on mobiles, tablets, computers, etc. Marketing on digital platforms generates more revenue than any traditional media company as it attracts more eyeballs

Types of Digital Marketing in India

a) Search Engine Optimization

SEO or Search Engine Optimization is a marketing tool that involves all the processes to improve a website's visibility or rank higher in search engines. It is responsible for getting organic or unpaid online traffic. Keywords are the most important factor considered for optimizing a web page. SEO identifies and analyses proper keywords and ingrates them in your website content skilfully so that your webpage appears on the Search Engine Results Page (SERP). There is no constant rule to rank higher in SEO as Google keeps changing its algorithm constantly. You cannot predict exact things but you can definitely monitor your page's performance closely and do adjustments accordingly.

b) Social Media Marketing

Social media platforms are used by companies and individuals to promote their products, services, and brands by driving traffic, building trust, and brand awareness. Instagram, YouTube, Facebook, Twitter, LinkedIn, etc. are the commonly popular and used social media platforms. These platforms have huge advertising potential and attract a large audience if coupled with good content creation. Various platforms are also offering Analytics tools to track performance and understand the audience better like Instagram Insights and Facebook Insights. It is a great way to engage with potential consumers and get leads through promoted posts, tweets, etc.

c) Email Marketing

Email marketing is the most effective digital marketing strategy yet very affordable. Even a company with the least online presence uses email as its marketing strategy. It is a proven effective technique and is called an effective lead generator by professionals. The purpose is to reach out to more audiences through creative email campaigns and make them click the link and go to your desired content. It helps to convert potential leads into sales. You can add marketing automation which allows you to schedule and segment emails that can help you to meet your consumer's needs effectively.

d) Content Marketing

Content marketing focuses on attracting leads and converting them into buyers through videos, messages, pictures, etc. It helps engage with your audience and keep the stable by promoting and creating different types of content. Engagement with the audience will help in inviting new customers while retaining the present ones. Relevant content will not only engage people but also motivate them to read, share and further interact with the brand.

e) Affiliate Marketing

It is one of the oldest forms of marketing and the digital world has brought a new life to it. When companies pay a certain amount or a commission to any outside party and ask in return to generate sales for them is called Affiliating Marketing. It is the work of affiliate marketers to promote the services or products of a company by doing reviews and writing blogs to increase the conversion rate. You get a commission as an affiliate every time someone purchases the product or service that you are promoting. As a merchant, you need to pay the affiliates every time they help you sell a product or service.

f) **Video Marketing**

YouTube is counted as one of the most popular search engines. People want to learn more about a product or service they might be willing to buy. Video marketing campaign is run on various platforms like Facebook, Instagram, and YouTube. Video marketing can successful when it is coupled with content marketing, SEO, and social media marketing.

g) **Influencer Marketing**

An influencer is someone who has a huge social media following on social media platforms like Instagram, YouTube, etc., and has established trust and loyalty within the audience. Some influencers use their social media presence to promote a company's product or service and market it for them. They influence their audience to make purchases. Nowadays, influencer marketing is becoming very popular as both sides are benefitted. Influencers get paid for doing promotions for a company and that company is receiving profits in terms of sales.

Quick Service Restaurants

Quick service restaurant (QSR) is a restaurant which offer certain food items that require minimal preparation time and are delivered through quick services. Typically, quick service restaurants or QSRs cater to fast food items over a limited menu as they can be cooked in lesser time with minimum possible variation.

QSR restaurants are known to have standardized, modular and efficient processes which help them in reducing the lead times to fulfil the orders but still maintain the quality expected by the customers. Preparation methodology and usage of technology are pillars of a Quick service restaurant (QSR).

Quick service restaurants have much variety when it comes to the type of service they offer. There are also drive-through restaurants, which do not offer any tables or seats but rather collect the order and deliver it through a single counter. The orders are generally pre prepared and are highly standardized with no room for customization. These types of businesses don't rely on margin over their services rather rely on the frequency of footfall. A key strategy used by quick service restaurants is the bundle pricing. QSR combine their food items on the menu into a bundle of complementary meals for example McDonald's value meal of fries, a soft drink and a burger.

Usually, customers prefer these meals over individual food items as the former creates a sense of value addition and diversity to their expenditure. For the retailers, they give attractive discounts over bundled meals and set a substantial profit margin to lure from these offerings.

Business and Market Segmentation

Hospitality Industry

Market segmentation is an effective strategy that allows a hotel to stay in touch with its guests and market its most basic to ambitious campaigns to the audience that would most appreciate them. Market segmentation is a marketing technique that helps a business hit the bull's eye. It helps communicate the right message, to the right people. Hotels use it to entice a suitable group of guests for offers, deals, and promotional campaigns.

Marketing segmentation in hospitality industry is a marketing strategy that helps hotels categorize their guests into groups/segments based on different parameters such as tastes and preferences, behavior, booking patterns, travel purpose, habits, etc. his practice helps a hotel to offer the guest whatever he/she seeks. The hotelier or hotel staff approaches the guest keeping in mind the guest's requirements based on the purpose of travel and indulgences and leverages the information to best serve him/her.

As a result, the hotel can cater to a guest's demand, maximizing his/her satisfaction and ultimately business and hotel revenue. It's a win-win for both parties. Furthermore, marketing segments in hotels help businesses to keep up with the changing guest and hospitality trends and revise their strategies accordingly. The data helps hotels to identify and study important business factors such as length of stay, revenue per room and client, booking lead time, etc.

Significant types of market segments in hospitality

Based on guest behaviour, travel history and habits, and price sensitivity, hotels segmentalize guests to better organize and target their services and campaigns. Guests are usually segmented into the following categories:

- **Transients:** These guests travel without any group or organization association, at non-negotiated rates. They usually book for shorter durations or stays, and their purpose of travel could be either leisure or business. Their booking style may be a booking in advance, a walk-in, or same-day online reservations.
- **Group:** This is one of the biggest market segments of hotels including a group of people that are visiting the hotel together. Their rooms are typically reserved at discounted rates. These groups either book through a request for proposals (RFPs), through travel agents, or directly with the hotel.
- **Corporate travellers:** This group includes all the travelers who have been sent through organizations or corporations on business to the city/state, for hotel accommodation. Hotels generally create subscription models and offer corporate discounts and other incentives to such travellers.
- **Wholesale:** This last segment consists of bulk bookings made through trip operators or booking agencies. These bookings are generally made at cheaper rates for tourists, tours, symphonies, traveling musicals, bands, and production crews.
- **SMERF:** This is an umbrella term for a group market segment that includes Social, Military, Educational, Religious, and Fraternal travel groups.

Further guest segmentation can be done by categorizing guests based on geography, demography, psychographic traits, and behavioural patterns.

Digital Marketing

Segmentation is one of the most vital parts of marketing activities to identify targeted groups of consumers where your product and service is attractive to the group. The objective of marketing segmentation figure out which groups within the market are the most suitable for the products they offer. These groups consider as their target market.

This allows companies to enhance their efficiency focusing best use of marketing efforts with high returns on investment. Let's discuss in brief about most common types of market segmentation as mentioned below, which requires for every company or organization to sell their products and services in the market and grow their business accordingly.

There are 4 types of Market segments as mentioned below:

- **Demographic Segmentation:** This is the easiest and most common method of market segmentation. Defining demographic segmentation and targeted audience depends upon the following most commonly used factors are: age, gender, religion, education, income, occupation, marital status.
- **Psychographic Segmentation** is one of the most essential segmentation methods and defined as a process of segmenting the target market according to psychological traits of consumers that influence their buying habits from life style to preferences. With Psychographic segmentation you can clearly understand the psychology of your targeted audience. This will help you to determine how far your product or service will be suitable for your target's lifestyle. which products or services would appeal to your target consumers? What media does your target use to get information? What is the reading habit of your target? Does your target prefer to read the newspaper, search online, or interested to participate in particular events?
- **Behavioural segmentation** analyze the consumer behaviour during their buying journey like what they buy,

how often they make a purchase, why they buy products Why they choose one product over other and how they feel about a product, company or service. However, this segmentation focuses on consumers shopping behaviour. This is the segmentation that will provide you thorough idea about planning, decision, and buying journey of your customers.

- Geographical segmentation is an effective marketing process of grouping target market based on consumers where they live in different geographical regions. Companies prefer segmenting their target market geographically that comprises a specific target market with varying needs, choices and cultural characteristics for effective marketing and business growth.

Quick Service Restaurants

Generally, there is a health perception that fast food is not always good for you and that it should be consumed in moderation. However, despite this perception, fast food outlets are quite popular and dominate a large share of the eat-out-of-home market. Therefore, the purpose of this segmentation example is to look closely at the needs and motivations of the various consumers in the marketplace, primarily by considering the array of benefits that they are seeking with a fast-food option. As a result, six market segments have been identified, examples: Family treat, I like it, Nice and easy, Pressed for time, Real meal, Meeting place.

SWOT ANALYSIS

Hospitality Industry: SWOT analysis is a gem in the hospitality industry, helping you precisely assess your situation, understand your strengths and weaknesses, seize opportunities, and defend against threats effectively.

Strengths:

Prime Location: A hotel in the city center or near tourist attractions attracts guests.

Strong Brand: A globally or locally recognized brand builds trust and reputation.

Excellent Reputation: A great reputation for service, food, cleanliness, or value encourages repeat business.

Skilled Employees: A team with experience and high skills provides excellent service.

Weaknesses:

High Prices: Can deter some guests from booking.

Outdated Condition: An old hotel in need of renovations may lose guests' comfort.

Poor Service: Inefficient, slow, or unsatisfactory service disappoints guests.

Ineffective Marketing: A weak marketing strategy doesn't reach the target audience.

Opportunities:

Tourism Growth: An increase in tourists in an area provides new growth opportunities.

Technological Advancements: Using technology to improve service and guest experience.

Sustainability: Adopting eco-friendly practices to attract environmentally conscious guests.

Personalization: Providing tailored experiences to better meet guests' needs and desires.

Threats:

Fierce Competition: Many hotels in an area create a challenge.

Economic Crises: Economic downturns can severely impact the tourism industry.

Changing Consumer Behavior: Increasingly demanding guests seek new and unique experiences.

Regulatory Changes: New laws can impose additional costs or restrictions on hotels.

Digital Marketing Industry:

SWOT analysis is indeed an indispensable and potent tool for businesses to shape their overall marketing strategy as well as plan individual campaigns. Representing the four crucial elements of strength, weakness, opportunities, and threats, SWOT analysis provides a comprehensive framework for assessing various aspects of a business. Strengths and weaknesses are internal factors within the control of the organization. By recognizing and analysing these factors, businesses can gain valuable insights into their core competencies and areas requiring improvement. On the other hand, opportunities and threats are external factors that are beyond the direct control of the firm. Opportunities present potential avenues for growth, expansion, and favorable market conditions. Threats, on the other hand, are external factors that pose challenges and risks to the business.

RISK AND CONCERNS

Hospitality Industry: No matter what industry you operate in, there are risks that come with unique responsibilities. This is especially true for hotel operators as ensuring the safety of guests is of the utmost importance. From rigorous food safety compliance to managing amenities such as pools and exercise rooms, there are a variety of

insurable risks hotel operators must mitigate. In this blog, we will discuss the most common risks associated with the hospitality industry like property exposure, product liability, employee/guest injuries and security.

Digital Marketing Industry: One of the disadvantages of digital marketing is the ever-evolving nature of technology. With new platforms, algorithms, and trends emerging constantly, it can be challenging to keep up and adapt strategies accordingly. This requires continuous learning and staying up-to-date with the latest digital marketing techniques and tools. Additionally, the digital landscape is highly competitive, making it difficult to stand out from the crowd. With numerous businesses vying for attention online, it can be a challenge to capture and retain the target audience's attention. This necessitates creativity, innovation, and a deep understanding of the target market to create compelling content and campaigns.

Quick Restaurants Services: The quick-service restaurant business can be a risky one for so many reasons. The competition is stiff, the standard coming from customers is high, and there can be a lot of room for things to go wrong – internal and external theft, chargebacks, and more like food safety, reputation, spilling etc.

CORPORATE GOVERNANCE REPORT

Eraaya's Philosophy on Code of Governance Corporate governance is a systematic process, driven by ethical conduct of the business and affairs of an organization aimed at promoting sustainable business and enhancing shareholder value in the long term. Corporate governance therefore, in essence, is a referral paradigm, comprising a mechanism to benchmark Company's business and affairs to a combination of laws, regulations, procedures, implicit rules and good corporate practices, which ensure that a Company meets its obligations with the objective to optimize shareholder value and fulfill its responsibilities to the stakeholder community, comprising of customers, employees, shareholders, government and other societal segments.

Eraaya's Governance philosophy is based on trusteeship and for promoting and maintaining integrity, transparency and accountability, across all business practices. As a corporate citizen, our business fosters a culture of ethical behavior and disclosures aimed at building trust of all stakeholders, such as shareholders, customers, suppliers, financiers, government and the community. This philosophy is built upon a rich legacy of fair, transparent and effective governance and led by strong emphasis on human values, individual dignity and adherence to honest, ethical and professional conduct.

The Company believes that a sound governance discipline also enables the Board of Directors ("Board") to direct and control the affairs of the Company in an effective manner and maximize stakeholder value, including the society at large. We at Eraaya believe that this is an ongoing journey for sustainable value creation for all stakeholders and we continuously endeavor to improve upon our practices in line with the changing demands of the business. Eraaya adopts innovative approaches for leveraging all its resources and encourages a spirit of conversion of opportunities into achievements. The Eraaya's Code of Business Conduct & Ethics and the Company's Code of Conduct for Prevention of Insider Trading are an extension of our values and reflect our commitment to ethical business practices, integrity and regulatory compliances.

Keeping in view the Company's size, reach, complexity of operations and corporate tradition, the Corporate Governance framework is based on the following main principles:

- Appropriate composition and size of the Board, with each member bringing in expertise in their respective domain;
- Timely and adequate flow of information to the members of the Board and its Committees for meaningful and focused discussions at the meetings to enable them discharge their fiduciary duties;
- Strategic supervision, monitoring and guidance by the Board which is made up of appropriate size, experience and commitment to discharge their responsibilities;
- Independent verification of Company's financial reporting from time to time and on quarterly basis;
- Timely and balanced disclosure of all material information; and disclosure of all deviations, if any, to all stakeholders and equitable and fair treatment to all the stakeholders (including employees, customers, vendors and investors);

Compliance with applicable laws, rules, regulations and guidelines with transparency and defined accountability and Proper business conduct by the Board members, senior management and employees. In line with this philosophy, the Company and its Board continuously strive for excellence through adoption of best governance and disclosure practices. The Board continuously strive to play an active role in fulfilling its fiduciary obligation to shareholders by efficiently overseeing management functions to ensure their effectiveness in delivering shareholder value and societal expectations, with ethical and responsible business conduct. The governance framework ensures its effectiveness through an efficient system of timely disclosures and transparent business practices.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ERAAYA LIFESPACES LIMITED (FORMERLY KNOWN AS JUSTRIDE ENTERPRISES LIMITED)

Report on the Audit of the financial statements

Opinion

We have audited the accompanying financial statements of **ERAAYA LIFESPACES LIMITED (Formerly known as Justride Enterprises Limited)** ("the Company"), which comprise the Balance Sheet as at March 31st, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and Notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, the Profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Emphasis of Matter

We have determined that there are no key audit matters to communicate in our report.

Other Information

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. Further to our comments in the **Annexure A**, as required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - c) The Balance Sheet and the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under

Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- e) On the basis of the written representations received from the directors as on 31st March, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**".
- g) With respect to the other matters included in the Auditor's Report in accordance with Rule 11 of the companies (Audit and Auditors) Rule, 2014, in our opinion and to the best of our information and according to the explanation given to us:
- i. The Company does not have any material pending litigations which effects on its financial position in its financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended on March 31, 2024.
 - iv.
 - (a) The management has represented to us that, to the best of management's knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The management has represented to us that, to the best of management's knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - (c) According to the information and explanations given to us and based on our examination of the records of the company, nothing has come to our notice that has caused us to believe that the representations made above contain any material mis-statement.
 - v. No dividend declared by the company declared or paid by the Company during the year.
 - vi. Based on our examination, Company has used accounting software for maintaining its books of account, which has a feature of recording audit trail (edit log) facility with effect from 30th March 2024 and the same has been operated from the period 30th March 2024 to 31st March 2024 only and the audit trail feature has not been tampered with and the audit trail has been preserved by the company for said period as per the statutory requirements for record retention.
3. With respect to the matter to be included in the Auditors' Report under section 197(16) of the Act:
In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of section 197 read with Schedule V to the Act. The remuneration paid is in line with the guidelines and limits set forth under Schedule V, however it is observed that requisite special resolution for approval, as mandated by the Companies Act, 2013, has not yet been passed by the shareholders

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of ERAAYA LIFESPACES LIMITED (Formerly known as Justride Enterprises Limited) of even date)

- i. In respect of the Company's Property, Plant and Equipment and Intangible Assets:
- a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
(B) The Company do not have intangible assets. Hence, clause 3(i)(a)(B) of the Order is not applicable.
 - b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its property, plant and equipment by which all property, plant and equipment are verified in a phased manner. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
 - c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company as the balance sheet date.
 - d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its property, plant and equipment during the year. Since the Company does not carry any Right of Use assets, the revaluation thereof is not applicable. Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Register Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of Property, Plant and Equipment (including Right of Use Assets) or intangible Assets does not arise.
 - e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and rules made thereunder & therefore question of our commenting on whether the Company has appropriately disclosed the details in its standalone financial statement does not arise.
- ii. (a) The Company does not have any inventory and hence, reporting under clause 3(ii)(a) of the Order is not applicable.
- (b) The Company has not been sanctioned working capital limits in excess of ₹5 crore, in aggregate, at any points of time during the year, from banks or financial institutions on the basis of security of current assets and hence reporting under clause 3(ii)(b) of the Order is not applicable.
- iii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company, during the year, has not made any investment or provided any guarantee or security to companies, firms, limited liability partnerships or any other parties during the year. The Company, during the year, has granted loans and advances in the nature of loans during the year to companies and other parties.
- a. Based on the audit procedures carried out by us and as per the information and explanations given to us, the Company has granted loans and advances in the nature of loan to Companies and other parties as below:

Particulars	Loans (Rs. In Lakhs)	Advances in nature of loans (Rs. In Lakhs)
Aggregate amount during the year	1012.86	-
- Subsidiary		
- Others		
Balance outstanding as at the balance sheet date in respect of above cases	0.00	-
- Subsidiary		
- Others		

- b. According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion,
- Terms and Conditions in respect of the grant of loans and advances in the nature of loans, during the year, to companies or any other parties are prima facie, not prejudicial to the Company's interest.
 - During the year the Company has not provided guarantees, provided security to companies, firms, Limited Liability Partnerships or any other parties.

- c. According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion, the Company has granted loans during the year to companies where the schedule of repayment of principal and payment of interest has not been stipulated. Hence in the absence of same, we are unable to make a specific comment on the regularity of repayment of principal and payment of interest in respect of such loan.
- d. The Company has granted loans and in all cases schedule of repayment of principal and payment of interest has not been stipulated. Hence in the absence of same, we are unable to make a specific comment on the regularity of repayment of principal and payment of interest in respect of such loans and hence unable to comment upon any over amount for more than ninety days.
- e. The company has granted loans and in all cases schedule of repayment of principal and payment of interest has not been stipulated. Hence in the absence of same, we are unable to make a specific comment on loans granted to companies or other parties which had fallen due during the year.
- f. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has granted loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies or any other parties. Of these following are the details of the aggregate amount of loans or advances in the nature of loans granted to promoters or related parties as defined in clause (76) of section 2 of the Companies Act, 2013:

	All Parties	Promoters	Related Parties
Aggregate amount of loans/ advances in nature of loans - Repayable on demand	Rs. 1012.86 Lakhs	Nil	1012.86 Lakhs
Percentage of loans/ advances in nature of loans to the total loans	100.00 %	Nil	100.00%

- iv. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has neither made any investments nor it has provided guarantee or security, nor it has provided any loans as specified under Section 185 of the Companies Act, 2013 ("the Act"). Further the Company has not provided any guarantee or security and not made any investment as specified under Section 186 of the Act. In our opinion, the Company has complied with the provisions of Section 186 of the Act in relation to loans given made during the year.
- v. According to the information and explanations given to us, the Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Hence, clause 3(v) of the Order is not applicable.
- vi. To the best of our knowledge and as explained, the Central Government has not prescribed maintenance of cost records under sub-section (1) of section 148 of the Act for the Company and hence, clause 3(vi) of the order is not applicable.
- vii. In respect of statutory dues:
- (a) In our opinion, except delay in few cases, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.
- (b) There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2024 for a period of more than six months from the date they became payable.
- viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961(43of1961).
- ix. a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to financial institutions, banks and Government or dues to debenture holders during the year.
- Loans amounting to Rs.73.34 Lakhs outstanding as on beginning of the year are such loans where specific schedule of repayment of principal and payment of interest is not stipulated in the agreements. As per agreements, these loans are required to repaid on or before the date of validity of agreement and interest are to be paid on demand basis. There is no instance of default in repayment of principal and payment of interest. According to the information and explanation given to us, there is no case where repayment has fallen due in accordance with terms of agreement and interest demanded which are delayed or remained unpaid. However during the year loan has been completely repaid back by the company.
- b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.

- c) According to the information and explanations given to us by the management, the Company has not obtained any term loans which are specific for any particular purposes. All loans obtained by the company are for general purposes only and utilized for business objectives by the company.
- d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- e) The company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures. Hence Clause 3(ix)(e) of the Order is not applicable.
- f) The Company has not raised any loans during the year on the pledge or securities held in subsidiaries, joint ventures or associates' companies. Hence clause 3(ix)(f) of the Order is not applicable.
- x. (a) As per information and explanations given to us, during the year the Company has not raised any money by way of initial public offer or further public offer (including debt instruments) and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) According to the information and explanations given to us, the Company raised moneys by way of preferential issue amounting to Rs. 1365 Lakhs. On the basis of examination of documents and records, in our opinion, the company has complied with the provisions of section 42 and 62 of the Act in all material aspects.

In our opinion and according to the information and explanations given to us, the company has utilized funds raised by way of preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) for the purposes for which they were raised, except for the following:

Nature of Securities viz. Equity shares/ Preference shares/ Convertible debentures	Purpose for which funds were raised	Total Amount Raised/ opening unutilized balance	Amount utilized for the other purpose	Unutilized balance as at balance sheet date	Remark, if any
Preferential Issue	Meeting Working Capital Requirements, General Corporate Purposes, Financing of business opportunities, any other cost incurred towards the main business objects of the company, issue related expenses.	1365 Lakhs	815.23	549.77	Please refer note below

Note: As per explanation provided to us, the money so raised were applied for the purpose for which those are raised. The proceeds from preferential issue raised during the year for the aforementioned purposes were utilized collectively majorly towards making advance for purchase of immovable properties and grant of interest bearing loans to related party M/s Just Right Life Limited which was repayable on demand. Eventually as on year end the loan advanced to related party M/s Just Right has been received back and utilised for advance payment for purchase of immovable properties. Unutilised funds out of loan received back from Just Right Life Limited forms part of cash and cash equivalent (cheques on hand) as on 31st March 24 to the extent of Rs. 549.77 Lakhs. As explained to us, the company shall spent said unutilized funds in subsequent financial year on the objects of the preferential issue.

- (c) (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 (as amended) with the Central Government, during the year and upto the date of this report.
- (c) As explained to us no whistle-blower complaints have been received by the Company during the year (and upto the date of this report).
- (d) As per information and explanations given to us, the Company is not a Nidhi Company. Hence, clause 3(xii) of the Order is not applicable.
- (e) In our opinion, the Company is in compliance with Section 177 and 188 of the Act, with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (f) (a) In our opinion and according to the information and explanations given to us, the company has an internal audit system commensurate with the size and nature of its business.

- (b) We have considered the internal audit reports of the company issued till date, for the period under audit.
- (g) As per information and explanations given to us, during the year the Company has not entered any non-cash transactions with its Directors or persons connected with its directors, and hence provisions of section 192 of the Act, are not applicable to the Company.
- (h) a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, clause 3(xvi)(a) of the order is not applicable.
- b) According to our information, the company has not conducted any Non-Banking Financial or Housing Finance activities without a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934. Hence, clause 3(xvi)(b) of the order is not applicable.
- c) The company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Hence, clause 3(xvi)(c) of the order is not applicable.
- d) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and hence reporting under clause 3(xvi)(d) of the Order is not applicable
- (i) The company has not incurred cash losses during the financial year and in the immediately preceding financial year.
- (j) There has been no resignation of the statutory auditor's during the year.
- (k) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (l) The provisions of section 135 of the Act are not applicable on the company and hence, clause 3 (xx) (a) and 3(xx)(b) of the Order is not applicable.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of ERAAYA LIFESPACES LIMITED (Formerly known as Justride Enterprises Limited) of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

OPINION

We have audited the internal financial controls over financial reporting of **ERAAYA LIFESPACES LIMITED (FORMERLY KNOWN AS JUSTRIDE ENTERPRISES LIMITED)** ("the Company") as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Management's Responsibility for Internal Financial Controls

The Management of the company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls Over Financial Reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal Financial Controls System Over Financial Reporting

Meaning of Internal Financial Controls Over Financial Reporting

A company's Internal Financial Control Over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's Internal Financial Controls Over Financial Reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of Internal Financial Controls Over Financial Reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal Financial Controls Over Financial Reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

2.01 Basis of compliance

The Standalone Financial Statements which comprises the Balance Sheet, Statement of Profit & Loss, Statement of Cash Flow & Statement of Changes in Equity for the year ending 31st March, 2024 with comparatives figures for the year ending 31st March 2023 with a summary of the Significant Accounting Policies & Other Explanatory

Information (together herein after as 'Financial Statements') , have been prepared in accordance with Indian Accounting Standards notified under section 133 of the Companies Act'2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules 2015 as amended from time to time, the provisions of the Companies Act'2013 (the Act) to the extent notified, guidelines issued by SEBI & other accounting principles generally accepted in India.

2.02 Basis of preparation and presentation

The Financial Statements have been prepared on the historical cost basis, except financial instruments and defined benefit plans which are measured at fair value at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Presentation requirements of Division II of Schedule III of The Companies Act,2013 as amended as applicable to Financial Statements have been followed. The Financial Statements are presented in Indian Rupees(INR) in Lakhs rounded of to 2 decimal place as permitted by schedule III to the Companies Act,2013. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act.

2.03 Critical accounting estimates, assumptions and judgements

The preparation of the Financial Statements requires management to make estimates, assumptions and judgments that affect the reported balances of assets and liabilities and disclosures as at the date of the Financial Statements and the reported amounts of income and expense for the periods presented.

The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates considering different assumptions and conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying values of assets and liabilities within the next financial year are discussed below.

(i) Estimation of defined benefit obligation

Employee benefit obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments. These include the estimation of the appropriate discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, the employee benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. Significant assumptions are required when setting these criteria and a change in these assumptions would have a significant impact on the amount recorded in the Company's balance sheet and the statement of profit and loss.

(ii) Estimation of current tax and deferred tax

Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits. The amount of total deferred tax assets could change if management estimates of projected future taxable income or if tax regulations undergo a change. Current and deferred tax are recognised as an expense or income in the statement of profit and loss, except when they relate to items credited or debited either in other comprehensive income or directly in other equity.

(iii) Useful lives of depreciable/amortizable assets

Management reviews the estimated useful lives and residual value of PPE and Intangibles at the end of each reporting period. Factors such as changes in the expected level of usage, technological developments and amortization product life-cycle, could significantly impact the economic useful lives and the residual values of these assets. Consequently the future depreciation and amortization charge could be revised and may have an impact on the profit of the future years. This such reassessment may result in change in depreciation and amortisation expense in future periods

-In the process of applying the Company's accounting policies, Management has made the following judgements, which have the most significant effect on the amounts recognised in the Statements of Profit and Loss

(i) Fair value measurement

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management bases its assumptions on observable data as far as possible but this is not always available. In that case management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date . The change in considerations of inputs for making assumption about these factors could affect the reported fair value.

(ii) Evaluation of indicators for impairment of assets

The evaluation of applicability of indicators of impairment of assets is based on assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

(iii) Provisions and contingencies

From time to time, the Company is subject to legal proceedings, the ultimate outcome of each being subject to uncertainties inherent in litigations. A provision for litigation is made when it is considered probable that a payment will be made and the amount can be reasonably estimated. Significant judgement is required when evaluating the provision including, the probability of an unfavourable outcome and the ability to make a reasonable estimate of the amount of potential loss. Provisions for litigations are reviewed at each accounting period and revisions made for the changes in facts and circumstances. Contingent liabilities are disclosed in the notes forming part of the Financial Statements. Contingent assets are not disclosed in the Financial Statements unless an inflow of economic benefits is probable.

2.04 Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current when it satisfy any of the following criteria:

- It is expected to be realized or intended to be sold or consumed in normal operating cycle;
- It is held primarily for the purpose of trading of traded & manufactured goods
- It is expected to be realized within twelve months after the reporting period; or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- Current assets includes current portion of assets.

A liability is classified as current when it satisfy any of the following criteria::

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading of traded & manufactured goods
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.
- Current Liabilities includes current portion of liabilities.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating Cycle:

Based on the nature of activities of the company & normal time between acquisition of assets & their realization in cash & cash equivalents, the company has determined its operating cycle as 12 months for the purpose of classification of its assets & liabilities as current & non-current.

2.05 Property Plant & Equipment**i) Initial recognition and measurement**

An item of property, plant and equipment recognized as an asset if and only if it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably.

Items of Property, Plant and Equipment are measured at cost less accumulated depreciation/amortization and accumulated impairment losses. Cost includes expenditure that is directly attributable to bringing the asset, inclusive of non-refundable taxes & duties, to the location and condition necessary for it to be capable of operating in the manner intended by management. When parts of an item of property, plant and equipment have different useful life, they are recognized separately. Items of spare parts, stand-by equipment and servicing equipment which meet the definition of Property, Plant and Equipment are capitalized. Property, Plant and Equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as 'Capital Work-In-Progress'.

ii) Subsequent costs

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day-to-day servicing of Property, Plant and Equipment are recognized in profit or loss as incurred.

iii) De-recognition

Property, Plant and Equipment are derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized in the statement of profit and loss.

iv) Depreciation

Depreciation is recognized in statement of profit or loss on a written down value over the estimated useful life of each item of Property, Plant and Equipment.

Depreciation on additions to/deductions from property, plant and equipment during the year is charged on pro-rata basis from/up to the date on which the asset is available for use/disposed.

Depreciation on property, plant and equipment is provided on their estimated useful life as prescribed by Schedule II of Companies Act, 2013 as follows:

- | | |
|----------------------------|--------------------------|
| 1) Buildings | 60 years |
| 2) Plant & Machinery | 15 years |
| 3) Furniture & Fixtures | 10 years |
| 4) Vehicles | 08 years |
| 5) Office Equipment | 05 years |
| 6) Electrical Installation | 10 years |
| 7) Computer | 03 years |
| 8) Leasehold Improvements | Over the period of lease |

The residual values are not more than 5% of the original cost of the asset. The assets' residual values and useful lives are reviewed at each financial year end or whenever there are indicators for impairment, and adjusted prospectively, as appropriate.

As asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss within other gains/ (losses). Depreciation is calculated on a pro-rata basis for assets purchased/ sold during the year.

2.06 Capital work-in-progress

The cost of self-constructed assets includes the cost of materials & direct labour, borrowing costs, any other costs directly attributable to bring the assets to the location and condition necessary for it to be capable of operating in the manner intended by management.

2.07 Intangible assets
i) Initial recognition and measurement

An intangible asset is recognized if and only if it is probable that the expected future economic benefits that are attributable to the asset will flow to the company and the cost of the asset can be measured reliably.

Intangible assets that are acquired by the Company, which have infinite useful lives, are recognized at cost less accumulated impairment losses, if any. Cost includes any directly attributable incidental expenses necessary to make the assets ready for its intended use.

(a) Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives are carried at cost less accumulated impairment losses.

(b) Intangible assets acquired in a business combination

Intangible assets other than goodwill acquired in a business combination are initially recognised at their fair value at the acquisition date (which is regarded as their cost). Subsequent to initial recognition, such intangible assets acquired in a business combination are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separate

ii) Subsequent costs

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

iii) De-recognition

An intangible asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on disposal of an item of intangible assets are determined by comparing the proceeds from disposal with the carrying amount of intangible assets and are recognized in the statement of profit and loss.

(iv) Useful lives of Intangible Assets shall be based on estimates and management judgement.

(v) Amortization

2.08 Impairment of property, plant and equipment, other intangible assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable and impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or Company of assets (cash generating units). If at the balance sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost and the same is accordingly reversed in the statement of profit and loss.

2.09 Investment Property

Investment properties are measured at cost less accumulated depreciation and impairment losses, if any. Depreciation is provided over the estimated useful lives as specified in Schedule II to the Companies Act, 2013.

2.10 Inventories

Inventories are valued at the lower of cost or net realisable value. The cost of inventories is based on the first-in-first-out formula, and includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their present location and condition.

Cost incurred in bringing each product to its present location and conditions are accounted for as follows:

- Raw materials: Purchase cost on first-in-first out basis
- Finished goods and work in progress: Cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses

Raw materials, components and other supplies held for use in production of finished goods are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value.

Obsolete, slow moving, defective inventories, shortage/ excess are identified at the time of physical verification of inventories and wherever necessary provision/ adjustment is made for such inventories.

2.11 Cash and Cash Equivalents

It includes cash on hand, deposits held at call with banks and other short-term deposits which are readily convertible into known amounts of cash, are subject to an insignificant risk of change in value and have original maturities of less than one year. These balances with banks are unrestricted for withdrawal and usage.

2.12 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i) Financial assets:

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

a) Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

b) Subsequent measurement

Financial assets are subsequently classified and measured at:

- Financial assets at amortised cost
- Financial assets at fair value through profit and loss (FVTPL)
- Financial assets at fair value through other comprehensive income (FVTOCI).

c) Equity Instruments:

All investments in equity instruments in subsidiary entity are measured at cost and investments in equity instruments in associate entity are measured at fair value.

All investments in equity instruments in entities other than subsidiaries and joint ventures are measured at fair value. Equity instruments if held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either at FVTOCI or FVTPL. The Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on

the instruments, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment as the company transfers cumulative gain or loss within the equity.

Equity instruments if classified as FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

d) De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognized (i.e. removed from the Company's balance sheet) when:

- The contractual rights to receive cash flows from the asset have expired, or
- The Company has transferred its contractual rights to receive cash flows from the asset.

e) Impairment of Financial Asset

Expected credit losses are recognized for all financial assets subsequent to initial recognition in Statement of Profit and loss.

For recognition of impairment loss on financial assets other than Trade receivables, the company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide impairment loss. However, If credit risk is increased significantly, lifetime ECL is used.

f) Income on Financial Asset

-Dividend income from investments is recognised when the shareholder's right to receive payment has been established.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Delayed payment charges are recognised on collection or earlier when there is reasonable certainty to expect ultimate collection.

If, in a subsequent period, credit quality of the instrument improves to such extent that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12- Month ECL.

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

ii) Financial liabilities

a) Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

b) Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. Amortized cost is calculated by taking into account any discount or premium on acquisition and any material transaction that are any integral part of the EIR. Trade and other payables maturing within one year from the balance sheet date are carried at transaction value and the carrying amounts approximate fair value due to the short maturity of these instruments.

Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

c) De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

2.13 Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

2.14 Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or Indirectly observable

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. The Company determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

2.15 Impairment of Financial Assets

All financial assets except for those at FVTPL are subject to review for impairment at least at each reporting date to identify whether there is any objective evidence that a financial asset or a company of financial assets is impaired. Different criteria to determine impairment are applied for each category of financial assets.

In accordance with Ind-AS 109, the company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets carried at amortised cost.

ECL is the weighted average of difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the company expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the company is required to consider –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.

- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

- To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The expected credit loss provision for trade receivables is determined as follows:

Particulars	Expected Loss Rate
Not Past Due	0 %
Past due between 1 year to 2 year	5%
Past due 2 to 3 year	15%
Beyond 3 year	100%

2.16 Provisions, Contingent Liabilities and Contingent Assets

Provision are measured at the Present value of the management's best estimate (these estimated are reviewed at each reporting date and adjusted to reflect the current best estimate) of the expenditure required to settle the present obligation at the end of reporting period. Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources.

Contingent liabilities are disclosed only when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events which is not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or estimate of the amount cannot be measured reliably.

Contingent Asset

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

- a. estimated amount of contracts remaining to be executed on capital account and not provided for;
- b. uncalled liability on shares and other investments partly paid;
- c. funding related commitment to associate and joint venture companies; and
- d. other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Commitments include the amount of purchase orders (net of advances) issued to parties for completion of assets.

2.17 Revenue Recognition

Revenue from contracts with customers is recognised when control of goods & services is transferred to the customer at an amount that reflects the consideration to which the company expects to be entitled in exchange of transferring promised goods or services having regards to terms of the contract and is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured, regardless of when the payment is being made. Amount of sales are net of goods and service tax, sale returns, trade allowances and discounts but inclusive of excise duty.

To determine whether to recognize revenue, the company follows a 5-step process:

1. Identifying the contract with a customer
2. Identifying the performance obligations
3. Determining the transaction price
4. Allocating the transaction price to the performance obligations
5. Recognising revenue when/as performance obligation(s) are satisfied.

The company considers the terms of the contract and its customary business practice to determine the transaction price.

In all cases, the total transaction price is allocated amongst the various performance obligations based on their relative selling price. The transaction price excludes amounts collected on behalf of third parties. The consideration promised include fixed amounts, variable amounts, or both.

Revenue is recognised either at a point in time or over time, when (or as) the company satisfies performance obligations by transferring the promised goods or services to its customers.

For each performance obligation identified the company determines at contract inception whether it satisfies the performance obligation over time or satisfies the performance obligation at point in time. If any entity does not satisfy a performance obligation over time, the performance obligation is satisfied at a point in time.

A receivable is recognised where the company's right to consideration is unconditional (i.e. any passage of time is required before payment if the consideration is due).

When either party to a contract has performed, an entity shall present the contract in the balance sheet as contract asset or contract liability, depending on the relationship between the entity's performance and the customer's payment.

While this represents significant new guidance, the implementation of this new guidance had no impact on the timing or amount of revenue recognised by the company in any year.

Company continues to account for export benefits on accrual basis.

Other income

All other income is recognized on accrual basis when no significant uncertainty exists on their receipt.

Interest income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest is accrued on time proportion basis, by reference to the principle outstanding at the effective interest rate.

Dividends

Income from dividend on investments is accrued in the year in which it is declared, whereby the company's right to receive is established.

2.18 Non-current assets held for sale and discontinued operations

Non-current assets (including disposal groups) classified as held for sale are measured at the lower of their carrying value and fair value less costs to sell.

Assets and disposal groups are classified as held for sale if their carrying value will be recovered through a sale

transaction rather than through continuing use. This condition is only met when the sale is highly probable and the asset, or disposal group, is available for immediate sale in its present condition and is marketed for sale at a price that is reasonable in relation to its current fair value. The

Company must also be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Where a disposal group represents a separate major line of business or geographical area of operations, or is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations, then it is treated as a discontinued operation. The post-tax profit or loss of the discontinued operation together with the gain or loss recognised on its disposal are disclosed as a

single amount in the statement of profit and loss, with all prior periods being presented on this basis.

2.19 Foreign Currency Conversions/Transactions

The Company's Financial Statements are presented in Indian Rupees (in Rs. Lakhs). Foreign Currency Transactions are recorded at the exchange rates prevailing on the date of the transactions. Gains and losses arising out of subsequent fluctuations are accounted for on actual payments or realisations as the case may be. Monetary assets and liabilities denominated in foreign currency as on Balance Sheet date are translated into functional currency at the exchange rates prevailing on that date and Exchange differences arising out of such conversion are recognised in the Statement of Profit and Loss.

2.20 Income Taxes

Tax expense for the year comprises of current and deferred tax. The tax currently payable is based on taxable profit for the year.

a) Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statement of profit and loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

b) Deferred Tax

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying value of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. In contrast, deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws that

have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying value of its assets and liabilities. Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights to set off current tax assets and current tax liabilities within that jurisdiction.

c) Minimum Alternate Tax (MAT)

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax for the year. The deferred tax asset is recognised for MAT credit available only to the extent that it is probable that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward.

In the year in which the company recognizes MAT credit as an asset, it is created by way of credit to the statement of profit and loss and shown as part of deferred tax asset.

The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period.

2.21 Employee Benefits

i) Short Term Employee Benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognized for the amount expected to be paid under performance related pay if the Company has a present, legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

ii) Post-Employment benefits

Employee benefit that are payable after the completion of employment are Post-Employment Benefit (other than termination benefit). Company has identified two types of post employment benefits:

a) Defined contribution plans

Defined contribution plans are those plans in which the company pays fixed contribution into separate entities and will have no legal or constructive obligation to pay further amounts. Provident Fund and Employee State Insurance are Defined Contribution Plans in which company pays a fixed contribution and will have no further obligation beyond the monthly contributions and are recognised as an expenses in Statement of Profit & Loss.

b) Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. Company pays Gratuity as per provisions of the Gratuity Act, 1972. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit to employees is discounted to determine its present value.

The calculation is performed annually by a qualified actuary using the projected unit credit method. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Any actuarial gains or losses pertaining to components of re-measurements of net defined benefit liability/(asset) are recognized in OCI in the period in which they arise.

2.22 Borrowing Cost

Borrowings costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for the intended use or sale.

Investment income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets is recognised in the statement of profit and loss.

Discounts or premiums and expenses on the issue of debt securities are amortised over the term of the related securities and included within borrowing costs. Premiums payable on early redemptions of debt securities, in lieu of future finance costs, are recognised as borrowing costs.

All other borrowing costs are recognised as expenses in the period in which it is incurred.

2.23 Earning Per Share

Basic Earning Per Share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by weighted average number of equity shares outstanding during the period. The weighted average number of equity shares is adjusted for bonus shares, bonus element in the right issue to existing shareholders.

For the purpose of calculating diluted earnings per share, net profit after tax during the year and the weighted average number of shares outstanding during the year are adjusted for the effect of all dilutive potential equity shares.

2.24 Leases

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a define period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified assets, the Company assesses whether: (i) the contact involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

- (a) The Company as a lessee, The Company recognises a right of use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right of use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right of use asset or the end of the lease term. The estimated useful lives of right of use assets are determined on the same basis as those of property and equipment. In addition, the right of use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole.

Lease payments included in the measurement of the lease liability comprise the fixed payments, including in-substance fixed payments and lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option;

The lease liability is measured at amortised cost using the effective interest method

The Company has elected not to recognise right of use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term. The Company applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.

(b) The company as lessor-

Leases for which the Company is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Company's net investment outstanding in respect of the leases.

Subsequent to initial recognition, the Company regularly reviews the estimated unguaranteed residual value and applies the impairment requirements of Ind AS 109, recognising an allowance for expected credit losses on the lease receivables.

Finance lease income is calculated with reference to the gross carrying amount of the lease receivables, except for credit impaired financial assets for which interest income is calculated with reference to their amortised cost (i.e. after a deduction of the loss allowance).

When a contract includes both lease and non-lease components, the Company applies Ind AS 115 to allocate the consideration under the contract to each component.

2.25 Statement of Cash Flows

Statement of cash flows is prepared in accordance with the Indirect method prescribed in Ind AS-7 'Statement of cash flows.

2.26 Segment reporting

The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the Managing Director and Chief Executive Officer (who is the Company's chief operating decision maker) in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in conformity with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors. revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on a reasonable basis have been included under 'unallocated revenue / expenses / assets / liabilities'.

2.27 Dividend

Final dividend on shares is recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

Note 32: Fair value measurement and financial instruments
Financial instruments – by category and fair value hierarchy

The following table shows the carrying amounts of financial assets and financial liabilities, including their levels in the fair value hierarchy:

Financial assets	Carrying Amount	
	31-Mar-24	31-Mar-23
- At amortised cost		
Non-Current Financial Assets		
Other Financial assets	0.00	0.00
Current Financial Assets		
Trade receivables	0.25	19.11
Cash and cash equivalents	655.64	2.16
Other financial assets	0.26	0.00
	656.15	21.27
Financial liabilities		
- At amortised cost		
Borrowings (non-current)	0.00	0.00
Borrowings (current)	0.00	73.34
Trade payables	11.88	10.33
Other financial liabilities	7.50	0.90
	19.38	84.57

The following methods / assumptions were used to estimate the fair values:

- The carrying value of cash and cash equivalents, trade receivables and trade payables is approximate their fair values mainly due to short-term maturities of these instruments.
- The fair value of other financial assets and other financial liabilities is estimated by discounting future cash flows using rates applicable to instruments with similar terms, currency, credit risk and remaining maturities. The fair values of other financial assets and other financial liabilities are assessed by the management to be same as their carrying value and is not expected to be significantly different if estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. These are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs.
- The Company's borrowings have been contracted at fixed rate of interest which resets annually as per prevailing market rate. Accordingly, the carrying value of such borrowings (including interest accrued but not due) approximates fair value.

There are no significant unobservable inputs used in the fair value measurement.

Fair value hierarchy

All financial instrument for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole;

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for assets or liabilities that are not based on observable market data (unobservable inputs)

The following table presents the financial instruments measured at fair value, by level within the fair value measurement hierarchy:

Financial assets	Level	As at 31-Mar-24	As at 31-Mar-23
Financial assets			
- At amortised cost

During the period ended 31 March 2024, there were no transfers between Level 1, Level 2 or Level 3 fair value measurements.

Note 33: Financial risk management objectives and policies

The Company's principal financial liabilities comprise borrowings, trade payables etc. The main purpose of these financial liabilities is to manage finances for the Company's operations. The Company's principal financial assets include trade and other receivables, cash and cash equivalents, security deposits, etc. that derive directly from its operations.

The Company is exposed to market risk (interest rate risk), credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance frame work for the Company are accountable to the Board Audit Committee. This process provides assurance to the Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with Company's policies and Company's risk appetite. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in derivatives for speculative purposes shall be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks which are summarised below:

Credit risk

Credit risk is the risk that the Company will incur a loss because its customers or counterparties fail to discharge their contractual obligations. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, other bank balances, investments, loan assets, trade receivables and other financial assets. The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

Credit Risk Management

Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. The Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company has established a credit quality review process to provide early identification of possible changes in the creditworthiness of counterparties, including regular collateral revisions. The Company assigns the following Creditor ratings to each class of financial assets based on the assumption, Input and factor specific to the class of financial assets.

- (i) Low credit risk
- (ii) Moderate credit risk
- (iii) High credit risk

The company provides for expected credit loss based on the following:

Nature	Assets covered	Basis of expected credit loss
Low credit risk	Cash and cash equivalents (excluding cash on hand), other bank balances, investments, loans, trade receivables and other financial assets	Life time expected credit loss or 12 month expected credit loss
Moderate credit risk	Loans and other financial assets	Life time expected credit loss or 12 month expected credit loss

Notes forming part of financial statements for the period ended 31st March 2024

High credit risk	Loans	Life time expected credit loss or fully provided for
------------------	-------	--

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the balance sheet

Particulars	Note No.	As at 31 March 2024	As at 31 March 2023
Other Non-Current financial assets	-	0.00	0.00
Trade receivables	8	0.25	19.11
Cash and cash equivalents	9	655.64	2.16
Other financial assets	10	0.26	0.00

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

Credit risk on cash and cash equivalents and is generally limited as the Company transacts with Banks having a high credit ratings assigned by domestic credit rating agencies.

Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities (other than derivatives) that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due.

The Company maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors the Company's liquidity positions (also comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows. The Company also takes into account liquidity of the market in which the entity operates.

The table below summarizes the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:-

Particulars	As at 31 March 2024					
	Carrying amount	Less than 6 months	6 to 12 months	1 to 2 years	> 2 years	Total
(a) Trade Payables	11.88	1.55	10.33			11.88

(b) Borrowings	73.34		73.34			73.34
(c) Other Financial Liabilities	0.90		0.90			0.90

Market Risk – Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates related primarily to the Company's borrowings with floating interest rates.

Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company is exposed to currency risk on account of its borrowings, receivables and other payables in foreign currency. The functional currency of the company is Indian Rupee. The foreign currency exchange management policy is to minimize economic and transactional exposures arising from currency movements against the US dollar & Euro. The Company manages the risk by netting off naturally-occurring opposite exposures wherever possible, and then dealing with any material residual foreign currency exchange risks if any. The company does not have borrowings, receivables and other payables in foreign currency and hence does not have any currency risk.
