IMPORTANT COMMUNICATION TO MEMBERS – GREEN INITIATIVE IN CORPORATE GOVERNANCE

The Ministry of Corporate Affairs (MCA) has taken a Green Initiative in Corporate Governance by allowing paperless compliances by the Companies and has issued a Circular stating that service of all documents including Annual Reports can be sent by e-mail to its Members. Your Company believes that this is a remarkable and environment friendly initiative by MCA and requests all Members to support in this noble cause. The Company has already embarked on this initiative and proposes to send documents including Annual Reports in electronic form to the Members on the email address provided by them to the R&T Agent/the Depositories. The Members who hold shares in physical form are requested to intimate/update their email address to the Company/R&T Agent while Members holding shares in Demat form can intimate/update their email address to their respective Depository Participants. Members are requested to further note that they will be entitled to be furnished, free of cost, the physical copy of the documents sent by e-mail, upon receipt of a requisition from them, any time, as a Member of the Company.

Notes:

1. Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013 relating to the Special Business to be transacted at the meeting is attached hereto.
2. Pursuant to General Circular Nos. 14/2020, 17/2020, 20/2020, 02/2021 and 02/2022 dated 8th April, 2020, 13th April, 2020, 5th May, 2020, 13th January, 2021 and 5th May, 2022 respectively issued by the Ministry of Corporate Affairs ("MCA") (collectively referred to as "MCA Circulars") read with Circular Nos. DHANLAXMI COTEX LIMITED

address or demise of any Member as soon as possible. Members are also advised not to leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned DPs and holdings should be verified from time to time.

THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM/EGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2: Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on 21.09.2022 and ends on 23.09.2022. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date of 17.09.2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that participation by the public non-institutional shareholders/retail shareholders is at negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ website of Depositories/Depository Participant**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting facility.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode CDSL/NSDL is given below:

In connection with the same management herewith give the explanation for the same as follows:

DHANLAXMI COTEX LIMITED

The delay in submission of declarations for non-encumbrance of shares on promoters holding Regulation 31(4) of SEBI (SAST), Regulations, 2011 and that Company is not a Large Corporate pursuant to SEBI Circular No SEBI/HO/DDHS/CIR/P/2018/144 dated November 26, 2018 was mainly due to challenges posed by COVID pandemic. The delay in such submissions does not have any bearing in performance of the Company and does not carry any penalty. The management will ensure no such further delay in future submissions.

The Company has informed the exchange about cessation of Late Smt. Laxmi Mahesh Jhawar due to her demise on 2nd August, 2021. The demise was all of sudden and was intimated to the exchange upon resuming office by main promoter Mrs. Mahesh Jhawar.

The Company has hold up the application under Regulation 31A of SEBI (LODR) Regulations, 2015 on account of matter concerning fine levied by the exchange to the Company, which had company has challenged and submitted the clarification in support with request to waiver of such fines. However the exchanges has send a regret letter for waiver of fine levied pursuant to SEBI circular SEBI/HO/CFD/CMD/CIR/ P/2020/12 dated January 22, 2020 and the management is having an opinion that the exchange will not consider the application till date Company pay off such fines of Rs. 365800/- plus Rs.218300/- levied by the exchange for non-compliance by the Company identified by the exchange under Regulation 17(1) towards Non-compliance with the composition of the Board including failure to appoint woman director and fine of Rs. 30680/- for Non-compliance with provisions of Regulation 19(1)/ 19(2) the constitution of nomination and remuneration committee. The Company has been following up with the exchange and timely replied to the exchange with supportive explanations drawn up in line with the provision of the above regulations and denied any such non-compliances and requested the exchange with multiples reminders to clarify that how the company is non-complied and till date exchanged has not given any suitable reply and also not allowed a personal hearing to sort out the matter. The promoter Mr. Mahesh Jhawar himself gone to the exchange thrice to visit concern officer to understand the matter and sort it out but the exchange did not allow him to go up and meet the concern officials. The matter is still pending.

Secondly the Promoters and Company has followed the conditions and requirements mentioned under regulation 31A, prior to SEBI (LODR) (Second Amendment) Regulations, 2021 dated 5.5.2021 in good faith and the request letters has the rationale which are the conditions mentioned in clause 3(b) of the regulations and which are the main rationales for seeking reclassification by the set of promoters.

The management has decided to make an application to Bank for seeking registration as required under section 45(IA) of RBI Act, 1934. However due to practical difficulties caused by novel corona virus, no such application was made during the year under review. The Management is seeking opinion of some RBI professionals for making good of said default.

No material changes and commitments affecting the financial position of the Company occurred during Financial Year 2021-22, till the date of this report. Further there was no change in the nature of business of the Company.

SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS:

There are no significant and material orders passed by the Regulators/Courts that would impact the going concern status of the Company and its future operations.

However the Company was in receipt of a letter from the exchange dated February 3, 2020, alleging Non-Compliance for Q3-ended December, 2019 pertaining to regulation 17(1) of Listing Regulations Viz. requirement of Composition of Board and appointment of Women Director and advising payment of penalty of Rs.3,65,800/- for such violation against which company had submitted suitable reply to the exchange with proper explanation in support of Company's claim of no such violation and in the opinion of Board the matter was closed as no such further Communication was received from the exchange till end of F.Y. 2019-20. However the exchange sent a fresh notice through email dated July 3, 2020 alleging same non-compliance for Q-4 ended March, 2020 and advising payment of penalty of Rs.2,18,300/- for such violation against which Company again had submitted a suitable reply on July 11, 2020 to the exchange with proper explanation in support of companies claim of no such violation and requested to withdraw such letters and waive the penalty so levied as company have complied with Regulation 17(1).

Since then no communication has been sent by the exchange for a year and it was presumed that exchange has admitted our claim and shockingly after a year exchange has sent an email on 2nd July, 2021 intimating company that the submission of the Company has rejected by the Company and advised again to pay the penalty, upon which company again replied to the exchange and denied any such violation and requested the personal meeting with the concern officer to understand and close the matter.

The company has sent many reminders mail requesting personal meeting but no one has replied to the emails, upon which Mr. Mahesh Jhawar, Whole Time Director gone to the exchange for personal meeting to close the matter but concerned officer was on leave as informed at reception and other concerned officer to the notice were not ready to meet due their pre-occupancy.

Further the Company has received an email from the exchange dated Nov 22, 2021, alleging Non-Compliance for Q2 - ended September, 2021 pertaining to regulation 19(1) / 19(2) of Listing Regulations Viz. Non-compliance with the constitution of nomination and remuneration committee and advising payment of penalty of Rs. 30,680/- for such violation against which company had suitable replied to the exchange with proper explanation in support on No 24, 2021 denying any such violation with request to waive such fine with several reminders.

The both these matters are pending and non-waiver confirmation has been issued by the exchange. The Company will take legal opinion and will approach higher authority if required.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT:

ANNUAL OVERVIEW, OUTLOOK & COVID-19 IMPACT

Your Directors are pleased to present the Management Discussion and Analysis Report for the year ended 31st March, 2022.

India to witness GDP growth of 8.0-8.5 per cent in 2022-23, supported by widespread vaccine coverage, gains from supply-side reforms and easing of regulations, robust export growth, and availability of fiscal space to ramp up capital spending.

The Union Minister for Finance & Corporate Affairs Smt. Nirmala Sitharaman tabled the Economic Survey 2021-22 in Parliament, which states that the year ahead is well poised for a pick-up in private sector investment with the financial system in a good position to provide support to the revival of economy. The growth projection for 2022-23 is based on the assumption that there will be no further debilitating pandemic related economic disruption, monsoon will be normal, withdrawal of global liquidity by major central banks will be broadly orderly, oil prices will be in the range of US\$70-\$75/bbl, and global supply chain disruptions will steadily ease over the course of the year.

Referring to First Advance Estimates, the Survey states that the Indian economy is estimated to grow by 9.2 per cent in real terms in 2021-22, after a contraction of 7.3 per cent in 2020-21. This implies that overall economic activity has recovered past the pre-pandemic levels. Almost all indicators show that the economic impact of the "second wave" in Q1 was much smaller than that experienced during the full lockdown phase in 2020-21, even though the health impact was more severe.

According to the Survey, Investment, as measured by Gross Fixed Capital Formation (GFCF) is expected to see strong growth of 15 per cent in 2021-22 and achieve full recovery of pre-pandemic level. Government's policy thrust on quickening virtuous cycle of growth via capex and infrastructure spending has increased capital formation in the economy lifting the investment of GDP ratio to about 29.6 per cent in 2021-22, the highest in seven years. While private investment recovery is still at a nascent stage, there are many signals which indicate that India is poised for stronger investment. A sturdy and cleaned-up banking sector stands ready to support private investment adequately.

INVESTMENT AND TRADING DIVISION (SECURITIES) AND INDUSTRY OVERVIEW

The Management Discussion and Analysis have been included in consonance with the Code of Corporate Governance as approved by The Securities and Exchange Board of India (SEBI). Investors are cautioned that these discussions contain certain forward looking statements that involve risk and uncertainties including those risks which are inherent in the Company's growth and strategy. The company undertakes no obligation to publicly update or revise any of the opinions or forward looking statements expressed in this report consequent to new information or developments, events or otherwise.

The management of the company is presenting herein the overview, opportunities and threats, initiatives by the Company and overall strategy of the company and its outlook for the future. This outlook is based on management's own assessment and it may vary due to future economic and other future developments in the country.

The operational performance and future outlook of the business has been reviewed by the management based on current resources and future development of the Company.

Your Company is primarily engaged in dealing in securities and investments. The Equity Markets continued to have a bullish run since the beginning of FY2022. The 2nd wave of Covid did not have any substantial impact on the market run and the Sensex breached the 60,000 mark for the 1st time. Both Sensex and Nifty closed at an all-time high of 61,766 and 18,477 respectively in the month of October 2021. However, owing to tensions arising due to Russia Ukraine conflict, market witnessed a fall and Sensex went below 53,000. Subsequently, Sensex and Nifty regained most of the losses and closed at 58,569 and 17,465 levels respectively in March 2022. Indian stock markets outperformed most of the global peers and ended the financial year with the second best return in seven years.

As of January 2022, AUM managed by the mutual funds industry stood at Rs. 38.89 trillion (US\$ 518.15 billion) and the total number of accounts stood at 123.1 million. Inflow in India's mutual fund schemes via systematic investment plan (SIP) increased by 17% to Rs. 1.05 lakh crore (US\$ 13.98 billion) in November 2021 as compared to November 2020. Equity mutual funds registered a net inflow of Rs. 22.16 trillion (US\$ 294.15 billion) by end of December 2021.

Another crucial component of India's financial industry is the insurance industry. Insurance industry has been expanding at a fast pace. The total first-year premium of life insurance companies reached US\$ 37.1 billion in FY21. In FY22*, premiums from new businesses of life insurance companies in India stood at US\$ 17.6 billion. In the first 10 months of FY22, Non-life insurance sector premiums reached at Rs. 1.82 lakh crore (US\$ 24.18 billion).

Furthermore, India's leading bourse, Bombay Stock Exchange (BSE), will set up a joint venture with Ebix Inc to build a robust insurance distribution network in the country through a new distribution exchange platform. In FY21, US\$ 4.25 billion was raised across 55 initial public offerings (IPOs). The number of companies listed on the NSE increased from 135 in 1995 to 1,920 by December 2021.

According to the statistics by the Futures Industry Association (FIA), a derivatives trade association, the National Stock Exchange of India Ltd. (NSE) emerged as the world's largest derivatives exchange in 2020 in terms number of contracts traded. NSE was ranked 4th worldwide in cash equities by number of trades as per the statistics maintained by the World Federation of

Exchanges (WFE) for CY2020. India is expected to have 6.11 lakh HNWI's in 2025.

The Company remains fully compliance with the guidelines and direction of both Central and State Government. The situation has caused uncertainty and impacted the collection and other operations of the Company. However with various remote working measures, the Company has been able to restore its normal operations except certain functions which require physical movement e.g. field level visits.

Due to (COVID-19) as a pandemic, financial market was downwards with reason to believe due to liquidity measure. Management have no liquidity shortage and reason to believe that valuation of stock down is temporary nature and it will likely to be raised soon due to fundamentals of stock are very good. Hence Valuation of stock had taken at Cost value. However corresponding effects of cost and market value have taken in OCI (other comprehensive income).

The Company has sufficient working capital to meet financial requirements. Though the cash position was challenging, with our limits and tight control over expenditure, the company will be able to serve its debt and other financing arrangement.

The Company has taken Cash flow control and overhead control measures to manage the operations, weekly review mechanism adopted to review accounts receivables and measures.

OPPORTUNITIES & THREATS

Opportunities

A growing economy, leading to higher investible surplus with families, growing financialization of household savings, leading its way to a growing pool of investments managed by institutional investors and corporate sectors' growth provide growing business opportunities for the Company. However, it is encountering game changing technological, regulatory, taxation and competitive disruptions

Stocks are one of the simplest investment opportunities to understand. When you buy shares of a publicly traded company, you're buying a piece of that company's future success (or failure). You make money as the stock price rises and lose money as it falls. Of course, stocks can get complicated fast. There are several ways to make money outside of selling a stock for a higher price than you paid for it. There are also different stock investing strategies, like growth investing, value investing, and dividend investing. You'll also need to consider buying individual shares or an index fund (or some combination of both).

This is one of the broadest opportunities in the stock market. There's enough diversity between companies and sectors to build a stable, diversified portfolio and grow your wealth. The performance of the stock market can be measured by the movement of indexes such as the Dow Jones Industrial Average and the S&P 500.

Threats

A combination of concerns over high valuations, interest-rate hikes, and the emergence of a new Covid variant has led to foreign portfolio investors (FPIs) remaining net sellers of Indian equities.

Since October, FPIs have sold shares worth Rs 32,965 crore in the domestic market. Further, in December so far, the FPIs have pulled out Rs 17,696 crore.

The domestic currency continued to extend its weakness against the greenback amid heavy demand for the US dollar. The dollar index, which measures the currency against six major peers, stood at 96.629, not far from the peak at 96.938 reached last month. Investors, however, have turned cautious post the move as China was the first major economy to shake off the bulk of the pandemic's shock. But this year, especially since July, growth has been dragged down by muted consumer spending, Beijing's zero-tolerance policy for controlling subsequent outbreaks and tighter regulations, particularly on the real estate sector.

It's been almost two years since the Covid-19 pandemic began to disrupt economies across the globe. After seeing an unprecedented lock-down and disruption to economic activity in 2020, governments and central banks around the world responded swiftly with massive fiscal and monetary stimulus to counter this shock. Post a significant second wave in India in the early part of 2021 (the human impact was more severe than economic impact), we gradually started seeing a calibrated opening-up of the economy and healthy recovery in economic activity and corporate earnings. This helped several global markets including India to touch record highs, supported by the global liquidity surge.

However, inflation reared back to a near 40-year high in the US on the back of surge in commodity prices and supply chain disruptions. Inflation also started moving up across the other countries as well, which has led central banks around the world to start normalizing their monetary stimulus. 2021 has also been marked by the Covid vaccination drive globally as well as in India. This has helped boost the sentiment. Corporate earnings continued to surprise on the positive side and contributed to a strong market rally.

In FY21-22, we saw India's GDP contract by a record 7.3%, but Nifty EPS grew by a healthy 18%, contrary to earlier expectations of around 10% contraction in earnings growth. Despite the second wave in India, the earnings for FY22 and FY23 have not seen any significant downgrades and are anticipated to grow by ~25% and ~20% respectively. Therefore, these uptrends in corporate profitability cycle, helped by cost-cutting initiatives by corporates, have contributed to the positive market sentiment and rally, besides the global liquidity surge. However, with the sharp market rally, market valuations have also expanded in India and are presently at elevated levels (above the long-term average).

DHANLAXMI COTEX LIMITED

With the globalization and electronic age, Indian stock market has changed over the past decade. The developments of high-tech and transparent markets with an increasingly wide geographic footprint have increased the number of trading avenues offering diverse pools of liquidity.

The opportunities for the Company are high purchasing power and people looking to more investment opportunities, growing rural market, earning urban youth, educating people about the benefits of investments to increase target audience, more penetration into the growing cities.

The threats are stringent economic measures by Government and RBI, entry of foreign finance firms in Indian market, increased competition to keep market share and margins under pressure, increased regulatory compliances affect margins and functioning.

For fiscal 2023, we will continue to execute our strategy along the same dimensions. The retail market segments we serve are faced with challenges and opportunities arising from the COVID-19 pandemic and its resulting impact on the economy. In our strategy, we will enable us to advise and help our clients as they tackle these market conditions. Especially in the areas of digitization of processes, migration to cloud based technologies, workplace transformation, and business model transformation.

Risks are integral to financial markets. However, it has been SEBI's continuous endeavor to reduce risks. As already mentioned, the company encounters risks posed by game changing technological, regulatory, taxation and competitive disruptions. Investments made by your company face market-related risks. Marked-to-market valuation of proprietary investments in compliance with Accounting Standards can have a meaningful impact on company's bottom line, beyond reasonable control of the management, as witnessed during FY20. As we were coming out of Covid-19 Pandemic, which posed a very different kind of risk for health of its employees and their families and business continuity, the war in Europe is causing business and market disruption, the kind of which we have not witnessed in recent decades. Uncertainty and volatility are at extremely elevated levels.

Efforts are being continuously made to make the Company withstand all such risks and grow. It has a diversified bouquet of service offerings to a cross section of customer base. Superior risk management measures have been put in place to reduce risk in broking business. Prudent asset allocation and selection of investment products in line with time horizon, dilutes risks in proprietary investments. A comprehensive risk evaluation methodology and processes for early identification and mitigation of all kinds of risks are also in place.

OUTLOOK

The Outlook of the Company for the year ahead is to diversify risk and stabilize its asset quality. The Company is proactively responding to the changing business environment and is confident of sustaining its market share by improving competitive position in the market. The overall business outlook for the company is promising with improvement in overall economic environment. Efforts towards higher operational efficiencies shall continue. The company continues to examine the possibilities of expansion and will make the necessary investments when attractive opportunities arise.

For F.Y. 2021-22, the immediate focus shall be on the recovery of the outstanding and ensuring tighter control on the working capital and reigning in fixed costs to conserve cash. Overall, F.Y. 2021-22, is expected to be a tough year major focus shall be on cost cutting measures. Once we are through from the lock-down and the market reopens, the market is expected to bounce back.

1) Risks and concerns

The Company is now concentrating on investment and trading in Securities. Competition in the market continues to have an impact on the Company's operational performance and also exerts pressure on the margins. The Company has exposures in stock market. DCL are exposed to specific risks that are particular to their respective businesses and the environments within which they operate, including market risk, high volatility risk, credit risk, liquidity and interest rate risk, human resource risk, operational risk, information security risks, regulatory risk and macro-economic risks. The level and degree of each risk varies depending upon the nature of activity undertaken by them.

Market Risk: The Company has quoted investments which are exposed to fluctuations in stock prices. GCM continuously monitors market exposure in equity and, in appropriate cases, also uses various derivative instruments as a hedging mechanism to limit volatility.

Liquidity And Interest Rate Risk: The Company is exposed to liquidity risk principally, because of lending and investment for periods which may differ from those of its funding sources. Management team actively manages asset liability positions in accordance with the overall guidelines laid down by various regulators. The Company may be impacted by volatility in interest rates in India which could cause its margins to decline and profitability to shrink. The success of the Company's business depends significantly on interest income from its operations. It is exposed to interest rate risk, both as a result of lending at fixed interest rates and for reset periods which may differ from those of its funding sources. Interest rates are highly sensitive to many factors beyond the Company's control, including the monetary policies of the RBI, deregulation of the financial sector in India, domestic and international economic and political conditions and, inflation. As a result, interest rates in India have historically experienced a relatively high degree of volatility.

The Company seeks to match its interest rate positions of assets and liabilities to minimize interest rate risk. However, there can be no assurance that significant interest rate movements will not have an adverse effect on its financial position.

2) Internal Control Systems and their adequacy

The Company's operating and business control procedures have been framed in order that they ensure efficient use of resources and comply with the procedures and regulatory requirements. The company has a proper and adequate system of internal controls to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition and those transactions are authorized, recorded and reported correctly.

3) Human Resource Development

The Company believes that the human resources are vital resource in giving the company a competitive edge in the current business environment. The company's philosophy is to provide congenial work environment, performance oriented work culture, knowledge acquisition/ dissemination, creativity and responsibility. As in the past, the company enjoyed cordial relations with the employees at all levels.

The Company continues to accord the highest priority to health and safety of its employees and communities it operates in. The Company has been fully committed to comply with all applicable laws and regulations and maintains the highest standard of Occupational Health and Safety and ensures safer plants. We believe in good health of our employees.

Further, to prevent the spread of pandemic Covid-19, the Company has taken all precautionary measures required, such as social distancing, use of masks and sanitizers etc., at all its plant and construction sites as well as at office locations. Your Company is in full compliance of all Government directives issued in this behalf.

4) Subsidiary Company:

As there are no subsidiaries of the Company, Investment made in Subsidiaries is NIL.

5) Segment-Wise Performance:

The Company operates in single reported segment with main business of Finance and Share Trading activity.

6) Performance of the board and committees:

During the year under review, the performance of the Board & Committees and Individual Director(s) based on the below parameters was satisfactory:

- Most of the Directors attended the Board meeting;
- The remunerations paid to executive Directors are strictly as per the company and industry policy.
- The Independent Directors only received sitting fees.
- The Independent Directors contributed a lot in the Board and committee deliberation and business and operation of the company and subsidiaries based on their experience and knowledge and Independent views.
- Risk Management Policy was implemented at all critical levels and monitored by the Internal Audit team who places report with the Board and Audit committee.

7) Key Financial Ratios:

In accordance with the amended SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, the Company is required to give details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios, along with detailed explanations thereof:

The Company has identified following ratios as key financial ratios:

Ratio Analysis	Numerator	Amt (In Lakh)	Denominator	Amt (In Lakh)	31.03.2022	31.03.2021	Remark

INDEPENDENT AUDITOR'S REPORT

To,
The Members
M/s, Dhanlaxmi Cotex Limited
Report on audit of Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of Dhanlaxmi Cotex Limited ("the Company") for the year ended March 31, 2022 ("the Statement") and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows, for the year then ended, and notes to the standalone financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the standalone financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended, and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under section 143 (10) of the Companies Act, 2013 ('the Act'). Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Basis for Qualified opinion

During the course of our audit, we have examined that the Company's principal business activity is buying and selling of quoted shares in an active market. In our opinion, the Company fulfills the criteria for qualifying to be registered as Investment NBFC as its Financial assets constitutes more than 50% of its total assets and income from such financial assets constitutes more than 50% of gross income.

Information Other than the financial statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of other information. The other information obtained at the date of this auditor's report is Director's report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Standalone Annual Financial Statements

The Company's Management and Board of Directors are responsible for the preparation and presentation of these standalone annual financial statements that give a true and fair view of the net profit/loss and other comprehensive income and other financial information in accordance with the recognition and measurement principles laid down in Indian Accounting Standards prescribed under Section 133 of the Act and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone annual financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone annual financial statements, Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the audit of the Standalone Financial Statement

Our objectives are to obtain reasonable assurance about whether the standalone annual financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone annual financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone annual financial statements whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of Internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion through a separate report on the complete set of financial statements on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone annual financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone annual financial statements, including the disclosures, and whether the standalone annual financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 2 (f) under ‘Report on other legal and regulatory requirements’ section of our report to the Members of Dhanlaxmi Cotex Limited of even date)

Report on the internal financial controls over financial reporting under clause (i) of sub – section 3 of section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Dhanlaxmi Cotex Limited (“the Company”) as at March 31, 2022, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s responsibility for internal financial controls

The board of directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the standards on auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial control system over financial reporting.

Meaning of internal financial controls over financial reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company’s internal financial control over financial reporting includes those policies and procedures that

- (i) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (ii) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (iii) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the information and explanations given to us, the Company has, in all material respects, an

DHANLAXMI COTEX LIMITED

adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

B. Measurement of fair values

Valuation techniques and significant unobservable inputs.

The Fair Value of the Financial Assets & Liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

C. Financial Risk Management

C. i. Risk management framework

A wide range of risks may affect the Company's business and operational or financial performance. The risks that could have significant influence on the Company are market risk, credit risk and liquidity risk. The Company's Board of Directors reviews and sets out policies for managing these risks and monitors suitable actions taken by management to minimise potential adverse effects of such risks on the company's operational and financial performance.

C. ii. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade and other receivables, cash and cash equivalents and other bank balances. To manage this, the Company periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of accounts receivable. The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amount.

(a) Trade and other receivables from customers

Credit risk in respect of trade and other receivables is managed through credit approvals, establishing credit limits and monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in the credit risk on an on-going basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on assets as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business
- ii) Actual or expected significant changes in the operating results of the counterparty
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparties ability to meet its obligation
- iv) Significant changes in the value of the collateral supporting the obligation or in the quality of third party guarantees or credit enhancements

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. When loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due, when recoverable are made, these are recognised as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

(iii) Disputed trade receivables considered good	-		-	-	-	-
(iv) Disputed trade receivables considered doubtful	-		-	-	-	-

Financial Assets are considered to be of good quality and there is no significant increase in credit risk

(b) Cash and cash equivalents and Other Bank Balances

The Company held cash and cash equivalents and other bank balances as stated in Note No. 07. The cash and cash equivalents are held with bank with good credit ratings and financial institution counterparties with good market standing.

C. iii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

Liquidity risk is managed by Company through effective fund management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and other borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

C. iv. Market risk

Market Risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: currency risk, interest rate risk.

C. iv.a Currency risk

The Company is not exposed to any currency risk on account of its operating and financing activities. The functional currency of the Company is Indian Rupee. Our exposures are mainly denominated in INR's Only. The Company's business model incorporates assumptions on currency risks and ensures any exposure is covered through the normal business operations. This intent has been achieved in all years presented. The Company has put in place a Financial Risk Management Policy to Identify the most effective and efficient ways of managing the currency risks.

C. iv.b Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk through the impact of rate changes on interest-bearing liabilities and assets. The Company manages its interest rate risk by monitoring the movements in the market interest rates closely.

24. COMPANY OVERVIEW

The Company ("M/S. DHANLAXMI COTEX LIMITED") is an existing public limited company incorporated on 19th January, 1989 under the provisions of the Indian Companies Act, 1956 and deemed to exist within the purview of the Companies Act, 2013, having its registered office at 285, Princess Street, C J House, Mumbai - 400002. The Company's main activity is cornered with trading in Shares & Securities, investment in Shares & Securities & Financing Activities. The equity shares of the Company are listed on BSE Limited ("BSE"). The financial statements are presented in Indian Rupee (Rs.).

25. SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(A) Basis of Preparation of Financial Statement

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements up to year ended March 31, 2017 were prepared in accordance with the accounting standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) and other relevant provisions of the Act. These financial statements are the first financial statements of the Company under Ind AS. Refer Note no. 24 on 'First Time Adoption of Ind AS' for an explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows which is separately presented in the annual report.

The financial statements were authorized for issue by the Company's Board of Directors on May 25, 2022.

These financial statements are presented in Indian Rupees (INR), which is also the functional currency. All the amounts have been rounded off to the nearest lacs, unless otherwise indicated.

The Company follows the mercantile system of accounting and recognizes income and expenditure on an accrual basis. The financial statements are prepared under the historical cost convention, except in case of significant uncertainties and except for the following:

(i) Investments are measured at fair value.

(B) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade discount taxes and amounts collected on behalf of third parties. The Company recognises revenue when the amount of revenue can be reliably measured and it is probable that future economic benefits will flow to the company.

(I) Sales

(i) Domestic sales are recognised when significant risks and rewards are transferred to the buyer as per the contractual terms or on dispatch where such dispatch coincides with transfer of significant risks and rewards to the buyer.

(ii) The Company recognises income from sale of shares & securities on accrual basis.

(II) Other Income

(i) Interest Income

Interest is recognised on a time proportionate basis, taking into account the amount outstanding and the coupon rate applicable.

(ii) Dividends

Income from dividend is accounted when such dividend has been received and the Company's right to receive payment is established.

(iii) Gains on Investment

The Profit/Loss on investments having a material bearing on the financial statements have been recognized on accrual basis through OCI. Actual Gain/Loss on Sale of Investment is recognised in Profit and Loss statement through corresponding debits in OCI.

(C) Property, plant and equipment

On transition to Ind AS, The Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2016 measured as per the previous GAAP and used those carrying value as the deemed cost of the property, plant and equipment.

(i) All items of property, plant and equipment are stated at historical cost less accumulated depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

(ii) Depreciation

(a) Fixed assets are stated at cost less accumulated depreciation.

(b) The depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

(D) Inventories Valuation

(i) Inventories of Shares & Securities are valued at Fair Market Value, with value changes recognised in Other Comprehensive Income

(E) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(F) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(G) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(H) Borrowing Cost

(i) Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable

that some or all of the facility will be drawn down, the fee is capitalized as a prepayment for liquidity services and amortized over the period of the facility to which it relates.

"(ii) Borrowings are classified as current financial liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach."

(I) Foreign Currency Transaction

(i) In respect of foreign exchange transaction, the transaction in foreign currency is recorded in rupees by applying the exchange rate prevailing at the time of the transaction. Amount short or excess realized/incurred is transferred to Statement of Profit and Loss.

(ii) All foreign currency liabilities / assets not covered by forward contracts are restated at the rates prevailing at the year end and any exchange differences are debited / credited to the Statement of Profit & Loss.

(J) Investments

All equity investments are measured at fair value, with value changes recognised in Other Comprehensive Income.

(K) Employee Benefit

(i) Short term employee benefits are recognised as an expense at the undiscounted amounts in the Statement of Profit & Loss for the year in which the related service is rendered.

(L) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share are the net profit for the period. The weighted average number equity shares outstanding during the period and all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

(M) Taxation

"(i) The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for the jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, to unused tax losses and unabsorbed depreciation.

Current and deferred tax is recognized in the Statement of Profit and Loss except to the extent it relates to items recognized directly in equity or other comprehensive income, in which case it is recognized in equity or other comprehensive income."

(ii) Provision for Income tax is made on the basis of the estimated taxable income for the current accounting period in accordance with the Income- tax Act, 1961 and Revised Income Computation and Disclosure Standards (ICDS) of the Income-tax Act, 1961.

(iii) Deferred tax is provided using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. The carrying amount of deferred tax assets is reviewed at each reporting date and adjusted to reflect changes in probability that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

(iv) Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the no tax has been recognised in the books of Accounts.

(N) Impairment of Assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the assets belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

(O) Provisions and Contingent Liabilities

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

(P) Operating Cycle

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

(Q) Financial Instruments

(I) Financial Assets

(i) Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

(ii) Subsequent measurement

(a) Financial assets carried at amortised cost (AC): A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(b) Financial assets at fair value through other comprehensive income (FVTOCI): A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(c) Financial assets at fair value through profit or loss (FVTPL): A financial asset which is not classified in any of the above categories are measured at FVTPL.

(iii) Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

(a) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or

(b) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analyzed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

(II) Financial Liabilities

(i) Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

(ii) Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

28. FIRST TIME ADOPTION OF IND AS

The Company has adopted Ind AS with effect from 1st April 2017 with comparatives being restated. Accordingly the impact of transition has been provided in the Opening Reserves as at 1st April 2016. The figures for the previous period have been restated, regrouped and reclassified wherever required to comply with the requirement of Ind AS and Schedule III.

Explanation 1 - Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

(I) Ind AS Optional exemptions

Deemed Cost - Property, Plant and Equipment and Intangible Assets

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognized in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets. Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying values.

(II) Ind AS mandatory exemptions

(i) Estimates

An entity's estimates in accordance with Ind AS' at the date of transition to Ind AS shall be consistent with the estimates made for the same date in accordance with the previous GAAP (after adjustments to reflect any difference in accounting policies) unless there is an objective evidence that those estimates were in error.

(ii) Classification and measurement of financial assets (other than equity instruments)

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exists at the date of transition to Ind AS.

(iii) De-recognition of financial assets and financial liabilities

Ind AS 101 requires a first time adopter to apply the de-recognition provisions for Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows first time adopter to apply the DE recognition requirements provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognized as a result of past Ind AS 101 retrospectively from the date of entity's choosing, transactions was obtained at the time of initially accounting for the transactions.

26. The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

27. Provisions of section 135 of the Companies Act, 2013 are not applicable to the Company for the financial year 2021-22.

28. The previous year figures have been regrouped / reclassified, wherever necessary to conform to the current presentation as per the schedule III of Companies Act, 2013.
