For Q1 FY2025, Fineotex Chemical reported Consolidated Revenues of Rs. 1,419 million, driven by increased sales volumes across key divisions. The company delivered an EBITDA of Rs. 353 million, reflecting a year-on-year growth of 11.8%. The profit after tax (PAT) was Rs. 292 million, also up by 11.7% year-on-year.

During this quarter, Fineotex Chemical successfully raised Rs. 3,425.5 million through a preferential allotment. This capital has been strategically allocated to enhance business operations and meet working capital needs, positively impacting the company's credit rating and financial stability. The funds will be utilized to support both organic growth initiatives and potential acquisitions, which will underpin the company's commitment to enhancing shareholder value.

Additionally, Fineotex Chemical is pleased to be recognized as a Great Place to Work for the third consecutive year, reflecting its continued effort to create a positive and supportive workplace environment.

The company also welcomes Dr. Amit Prabhakar Pratap as an Additional Director, pending member approval at the upcoming AGM. His appointment aligns with Fineotex Chemical's ongoing efforts to drive growth and increase shareholder value.

Overview of Textile Chemical segment

Specialty chemicals producer with a focus on textiles chemicals

Team of 34 professionals for providing technical solutions to customers

Attractive industry dynamics with technical barriers to entry and high levels of development and product customisation

Biotex Malaysia spearheads the R&D solutions, application research and product development

Overview of the Cleaning and Hygiene segment

Successfully diversified into the cleaning and hygiene business

Leveraged its existing technical expertise and knowledge in production and distribution to gain a competitive advantage

Products such as floor cleaners, hand-washes, sanitizers, dishwashers, and toilet bowl cleaners are manufactured

The cleaning and hygiene segment exhibited steady growth and is anticipated to further accelerate in the near future

Fineotex Overview

- **Specialty chemicals** producer with a focus on textiles chemicals
- Successful expansion into the cleaning and hygiene segment
- **Experts in providing technical solutions to customers**
- Attractive industry dynamics with **technical barriers to entry** and high levels of development and **product customization**
- Biotex Malaysia spearheads the **R&D solutions, application research and product development**

Customised Solution

Besides manufacturing specialty chemicals, we also offer **customized technical solutions and services** through our dedicated focus on **R&D activities** by our strong alliances with partners and institutions.

This has helped

- In expanding our **new customer acquisition** and **customer stickiness**
- In increasing our **market share** and wallet share
- In reducing **customer acquisition cost**

The Synergy between the Textile chemical and Cleaning and Hygiene

- Fineotex utilised its **fundamental strength** in the textile chemical industry to **enter the cleaning and hygiene industry**
- **Numerous chemical compounds** that are utilised in the textile specialty segment have **potential applications in the cleaning and hygiene** segment as well
- This expansion allows Fineotex to diversify its business and revenue streams while **leveraging its core competencies**
- Its move into the cleaning and hygiene segment aligns with the **heightened importance of cleanliness post-pandemic** has increased demand for hygiene products
- Fineotex aims to maintain the same standards of quality and performance in its cleaning and hygiene products as its textile chemicals
- We actively encourage sustainability and endeavor to **minimise our environmental footprint** by fostering collaboration and knowledge sharing between the textile and cleaning and hygiene industries

Key Products

Cleaning and Hygiene Chemicals

Non-textile segments will drive volume and value growth going forward

Strategic collaboration with Eurodye-CTC, Belgium, to commercialize specialty chemicals for the Indian market

Strategic collaboration with HealthGuard, Australia to become the exclusive global marketing and sales channel partner with joint operations from Malaysia

Setting up a state of art Research & Development centre in collaboration with Sasmira Institute, one of India's premier textile institutes

Addition to its portfolio, specialized pre-treatment and dyeing products for the cotton-synthetic and woollen fibre/ fabric/ yarn

HealthGuard® will concentrate on developing cutting-edge solutions, that will be marketed and channelized across the world by Fineotex-Biotex

Develop a first-of-its-kind Support and Solution Centre for technical service in Sasmira to catalyze innovation and focus on sustainable chemistry

Eurodye-CTC has REACH registration, Bluesign certification & GOTS 6 certification for a large selection of its product range

Synergy will provide durable metal-free sustainable chemistry solutions that are anti-microbial and anti-viral

Focus on new sustainable solutions and chemicals to reduce water, time and energy consumption for the textile wet processing industry

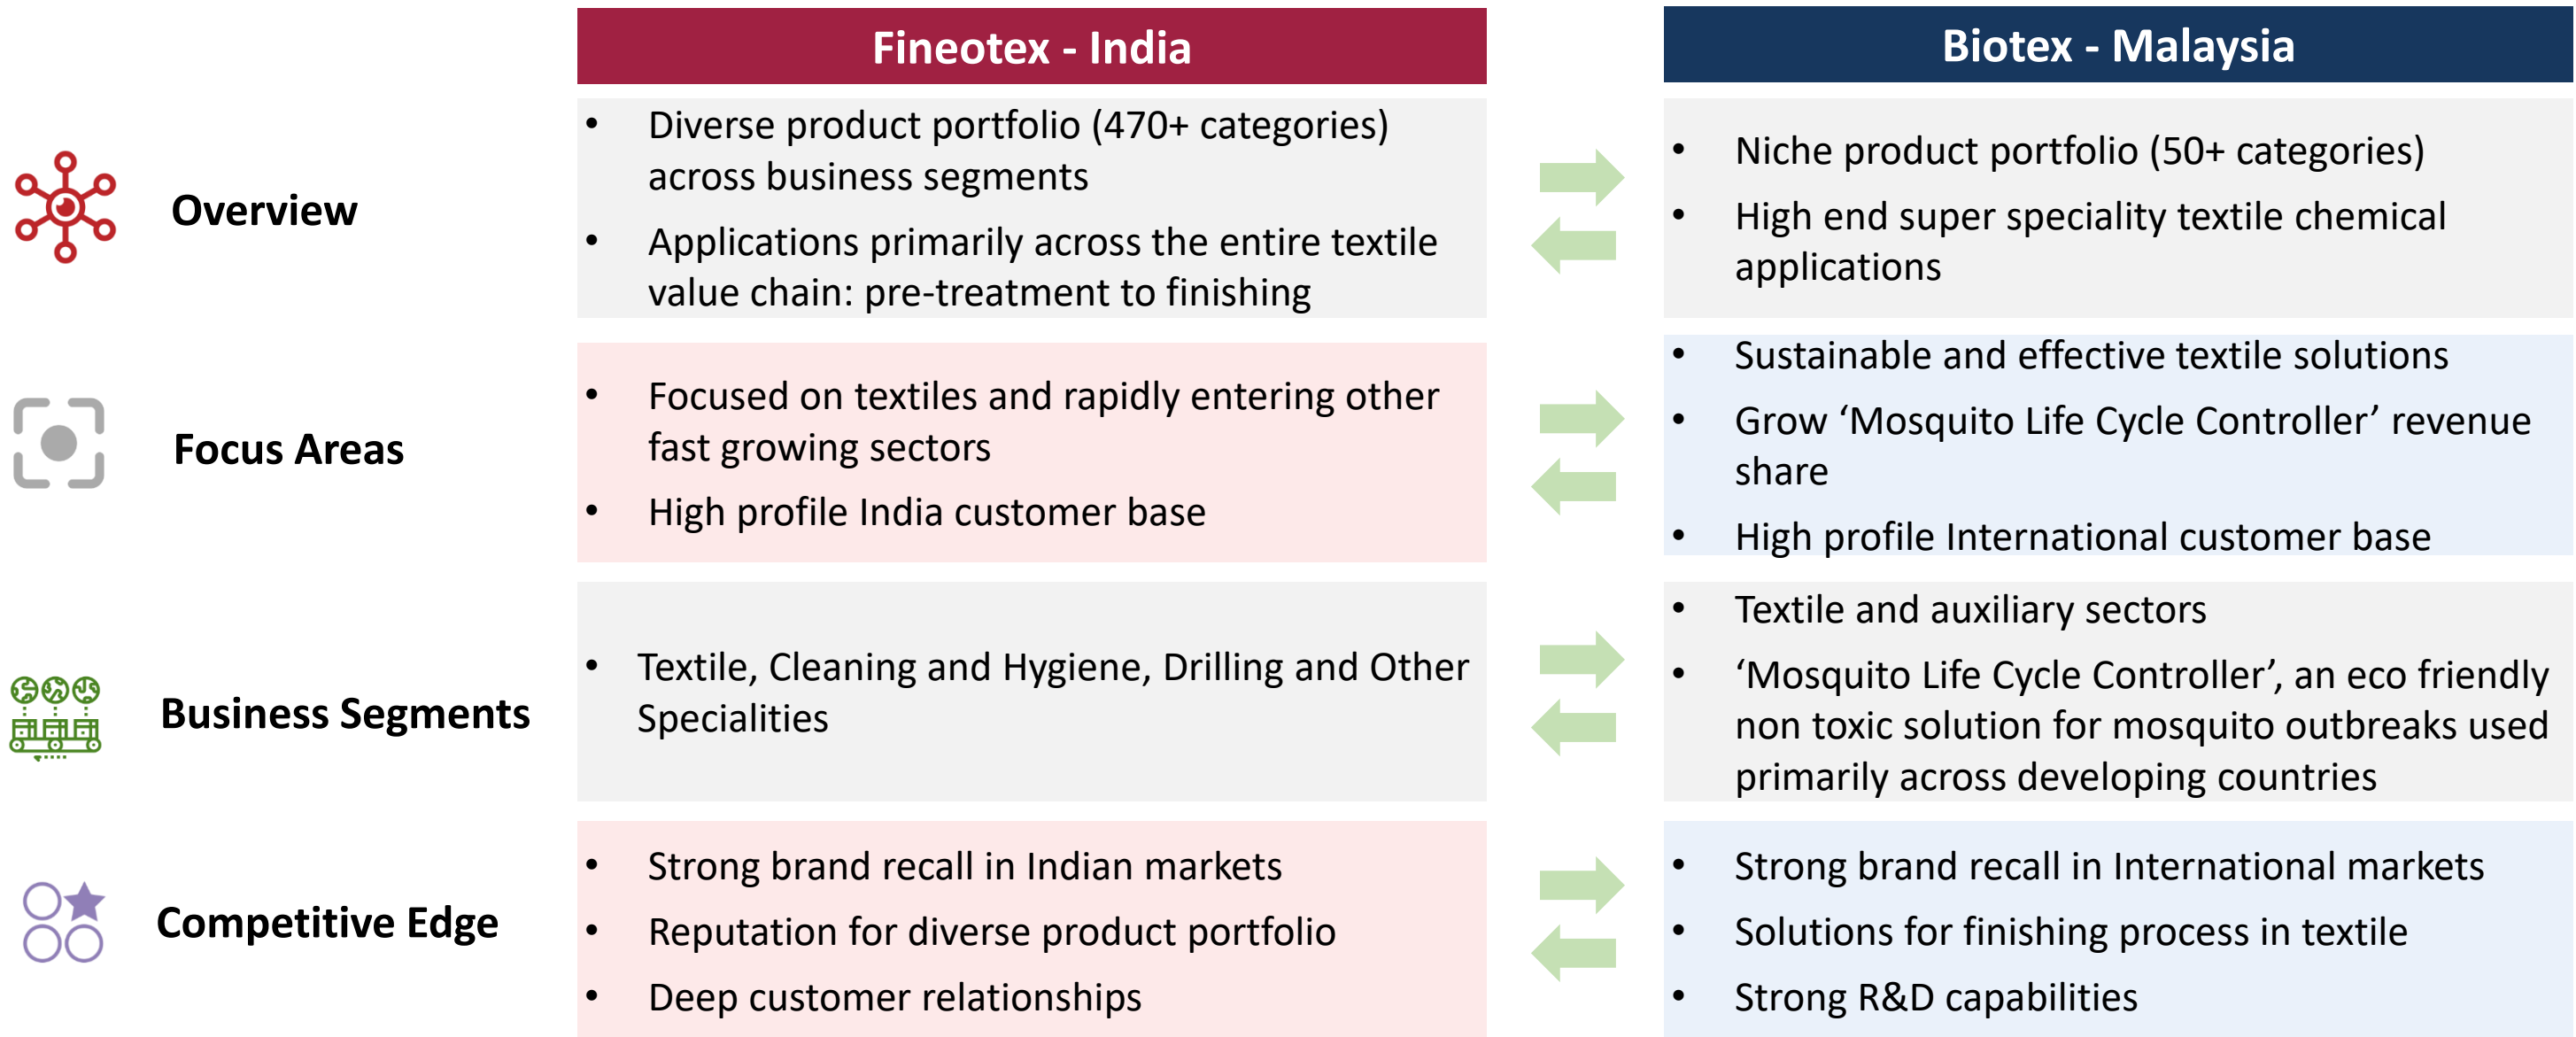

Fineotex is committed to sustainable practices and Eurodye-CTC is also an environmentally conscious company

Range of products over several industries - textile, detergent, leather and allied industries

Provide the much-needed exposure for students and help provide practical experience, which will benefit the industry in the long term

Recent collaborations to expand product profile, geographical reach and develop sustainable practices

'The Bioguard Series' of products from Biotex with water and oil repellent features in great demand post outbreak of COVID-19

Key Products in the Specialty Textile Chemicals Segment

Fineotex + Biotex together offer tailored solutions across the textile value chain with a focus on higher realisations

● Facilities at Mahape and Ambernath, Mumbai, India

● Facility at Bangi, Malaysia

● Sales

- Sales in **~70** countries including Brazil, Bangladesh, Germany, Indonesia, Malaysia, Singapore, Syria, Thailand, USA, Venezuela and Vietnam
- **34+** technical marketing experts
- **100+** dealers in Indian and International markets

Q1 FY25 Revenue Mix

■ Domestic ■ International

Diversified revenue mix across clients, products and geographies coupled with technical expertise

Textile Chemical

Growth outlook for Specialty Chemicals

- **Emerging markets** provide companies with the opportunity to produce **customized product offerings** through expansion and growth
- The sudden **growth in demand for niche chemical products** is projected to influence the **development of exports** in developing countries significantly
- The growth in the Indian specialty chemicals market has been driven by the **country's strong process engineering capabilities, low-cost manufacturing capabilities, and abundant manpower**

FCL is a leading chemical manufacturer, with a zero liquid discharge system, eco-friendly products, and recognition for promoting sustainable practices

Cleaning and Hygiene

Growth outlook for Cleaning and Hygiene

- The **growing consumer awareness of cleanliness and hygiene** is one of the primary factors driving the market in India
- Indian **government promoting** the need for proper **hygiene and cleanliness across residential and commercial** spaces is acting as a significant growth-inducing factor
- Projected factors such as **rising incomes, changing lifestyles and infrastructural developments** are expected to drive growth and increase the demand in future

FCL foresees driving the Indian cleaning market, which is scattered and highly unorganized, leading to a lack of strong players in this sector
