Formulated by combining essential vitamins and natural extracts, these Gummies repairs skin damage, improves skin hydration, nourishes hair, reduces hair fall and leads to glowing skin.

Indians are expected to spend around US\$ 28.9 billion on beauty & personal care segment by 2026, reflecting the growing demand for grooming products and self-care solutions across the country.

The Indian Beauty and Personal care segment are one of the biggest markets in the World. Most of the Beauty products consist of Cosmetics which work only on the surface and can only beautify the skin externally. However, we at Aayush wellness aim to provide a holistic, effective and long-term health solutions.

It has been found that the root cause of skin and hair-related problems is poor nutrition. According to a study published in the Indian Journal of Clinical Biochemistry, 74% of the Indian population fails to meet the recommended daily intake of Vitamin C, a critical nutrient for skin health. This deficiency, alongside a lack of other vital nutrients, often results in premature aging, dry skin, and hair loss, leaving many struggling to maintain their natural beauty.

Aayush Wellness addresses these widespread nutritional deficiencies with Aayush Beauty Vitamins Gummies, providing a comprehensive solution for those struggling to maintain their natural beauty due to poor diet and lack of essential nutrients. Formulated with Glutathione, known for its ability to brighten and rejuvenate the skin, and Vitamin C, crucial for collagen
