Yes

b. If yes, what percentage of inputs were sourced sustainably?

The Company has procedures in place for sustainable sourcing of raw material in the form of buy back and exchange of old jewellery. The Company's raw materials consist of gold (bullion) and diamonds. These items do not deteriorate with time and can be reused again and again. The Company therefore encourages exchange of jewellery wherein its customers bring in their old jewellery to exchange the same with new jewellery items. The Company also buys back old jewellery. This ensures that the Company's demand for the fresh raw material is reduced considerably. In FY 2023-24 almost 48% of the Company's requirement of raw materials in value terms was met by recycling of old jewellery. The gold bars consumed are procured from suppliers who in turn procure the same from RBI designated banks which import London Bullion Market Association certified gold ensuring highest purity and quality.
