CHAIRMAN'S MESSAGE

Dear Shareholders,

Greetings of the day!

I am writing this letter to inform you and bring to your notice about two important events:

1. Our company has become profitable.
2. We have initiated the regulatory process to simplify our corporate structure.

Detailed presentations regarding our performance and the changes in our corporate structure have been uploaded to the company's website and the stock exchange.

We are committed to building a long-term business that offers a data-driven, digital supply chain for pharmaceuticals, diagnostics and wellness in India, catering to both B2B and B2C spaces.

In this decade of India's growth, there are ample opportunities to transform the way we do our business in India.

India currently has more than 600 million smartphone users, a number which is expected to grow over time as more feature phone users migrate to smartphones, therefore digital is going to be the mainstream for delivery of services.

We are dedicated to developing an ecosystem that fosters growth and ensures sustainable cash flow.

Artificial Intelligence (AI) is set to play a pivotal role in healthcare due to its ability to scale intellectual output and expedite processes. Our team is actively working on innovative AI-powered delivery applications.

With a portion of India's young population entering an ageing demographic and having disposable income, healthcare spending is expected to rise. Furthermore, government health expenditure, as a part of social welfare, is expected to increase.

We see a very bright future of healthcare in India fuelled by digital technology's capacity to scale, improved efficiency, and excellence.

With Best Regards,

B.L. Mittal

Chairman & Managing Director

LETTER FROM THE CEO

Dear Shareholders,

FY 2023 marked another important chapter for our Company as we surpassed Rs.1000cr revenue during the year driven by strong execution and the strength of our business. This has been made possible due to incredible commitment, passion and relentless efforts of our team members and I am wholeheartedly grateful to all our team members.

The consolidated revenue during the year has grown by 66% with a sharp improvement in Gross Margin to 7.4%. Our performance during the year highlights our ability to anticipate, plan and deliver. To build upon the growth opportunity, We have set up 4 new fulfilment centers (FC's) during the year taking total count to 7 FC's covering more than 2.65 lacs sq ft area spread across 6 states.

In the more than 16 months since our strategic partnership with Flipkart, we progressed commercially and strategically guided by our purpose to make quality healthcare affordable and accessible to all sections of society.

Digital Supply chain is poised to transform the Indian Pharma distribution. With Our eB2B platform RetailerShakti, we are well positioned to build upon the opportunity and create value for everyone – companies, pharmacies, service providers and patients. RetailerShakti is India's one of the leading eB2B platform of Pharmaceuticals and Healthcare Products. More than 20,000 Pharmacies have already partnered with the platform for their sourcing needs as on 31st March 2023 and we are seeing continued momentum in FY 2024 of new Pharmacies partnering with RetailerShakti to enhance their product basket and strengthen their operations.

Post COVID-19 pandemic, importance of Preventive healthcare has been recognised widely in India. Curative care has always been preferred over Preventive care in India but this trend is changing with India becoming more health conscious. The growing usage of personal health monitoring devices and app is also driving the significance of Preventive healthcare in one's life. Technology is going to be the key driver and will transform the way Curative and Preventive Care has been managed. We are developing eHealth app "GENU health" to build on this opportunity.

In FY 2022-23, we made significant progress advancing our strategies. We are well positioned to build upon our momentum and drive long term, sustainable growth.

I find myself extremely optimistic and excited while writing my Shareholder Letter by the opportunity to create a highly impactful long term sustainable business and play a critical role in redefining healthcare in India. Looking at the massive opportunity in our business, I feel this is *Just the Beginning*.

I would like to express my gratitude to our shareholders for their support and keeping their faith in us and our Board of Directors for their guidance and support and our colleagues for their hard work, dedication, initiative, and commitment.

I am sharing following paragraph from the letter I wrote to you in 2016; it keeps us driving towards our Goal:

"We learn. We innovate. We act. We transform. We get better. We continuously work on being more than what we are today. We are committed to deliver for you. Join us as we create the next wave of growth."

I look forward to your continuous support.

Yours Sincerely,

Ravi Kant Sharma

The net loss for the year under review is Rs (9,946.92) Lakhs as against profit of Rs 86,511.22 Lakhs in the previous year.

COMPOSITE SCHEME OF ARRANGEMENT

During the year under review the board of directors of your Company at its meeting held on 27th March, 2023 has approved the Composite Scheme of Arrangement between Sastasundar Ventures Limited ("**SVL**" or "**Demerged Company**" or "**Amalgamated Company**"), Microsec Resources Private Limited ("**MRPL**" or "**Resulting Company**") and Sastasundar Healthbuddy Limited ("**SHBL**" or "**Amalgamating Company**") and their respective shareholders and creditors ("**Scheme of Arrangement**" / "**Scheme**") under Section 230-232 and other applicable provisions of the Companies Act, 2013.

The composite scheme of arrangement after the approval of the Board on 27th March, 2023 was then filed with both the Stock Exchanges for obtaining their No Objection Certificate in terms of the SEBI Master Circular for Scheme of Arrangement. However, the Stock Exchange had returned the Scheme to the Company with the instruction to re-file the same along with audited financials of the unlisted companies involved in the Scheme. Therefore, the Scheme was again placed before the Board in its meeting held on 14th July, 2023 for their approval for re-filing to the Stock Exchange along with audited financial statement for the Financial Year 2022-23 of unlisted companies involved in the Scheme.

The proposed Scheme entails the following:

- Demerger of Financial Services Business Undertaking from Sastasundar Ventures Limited to Microsec Resources Private Limited; and
- Amalgamation of Sastasundar Healthbuddy Limited with Sastasundar Ventures Limited, subsequent to the completion of demerger referred above.

Purpose and Rationale for the Demerger of the Financial Services Business from SVL to MRPL

SVL is a multi-business corporate engaged in the business of providing healthcare and financial services. The aforesaid businesses of SVL have been nurtured over a period of time and are currently at different stages of growth. This scheme is in the best interest of the Companies and their respective shareholders, employees, creditors and other stakeholders on account of following benefits:

- (a) Demerger shall lead to creation of a separate, distinct and focused entity housing the Financial Services Business leading to greater operational efficiencies;
- (b) Segregating the businesses would enable independent business opportunities, attracting different sets of strategic partners and other stakeholders and would bring about greater internal control on business processes / ease in decision making;

DIRECTORS' REPORT

- (c) Independent group structure for each of the Business Segments of the group will ensure required depth and focus on each of the segments and adoption of strategies necessary for the growth of the respective segments. The structure shall provide independence to the management in decisions regarding the use of their respective cash flows for dividends or capital expenditure in their respective businesses; and
- (d) Cost savings are expected to flow from more focused operational efforts, rationalization, standardization and simplification of business processes, productivity improvements, and the elimination of duplication, and optimum rationalization of administrative expenses and utilization of human resources.

Purpose and Rationale for the Amalgamation of SHBL with SVL

SHBL is engaged in the business of wholesale trading of medicinal products, healthcare products and other Over the Counter (OTC) products and food processing unit. The aforesaid business of SHBL has been nurtured over a period of time. This scheme is in the best interest of the Companies and their respective shareholders, employees, creditors and other stakeholders on account of following benefits:

- (a) SHBL is the main operational entity in the Healthcare Segment of the group and therefore it's Amalgamation with SVL shall result in maximization of overall shareholder value;
- (b) Achieve simplification of group structure, optimal utilization of resources, better administration and cost reduction;
- (c) Creating synergies in operations, benefit of scale and enhancing competitive strength since duplication of administrative efforts, legal and regulatory compliances will be unified; and
- (d) Independent group structure for each of the business segments of the group (i.e., Healthcare Business and the Financial Services Business) will ensure required depth and focus on each of the segments and adoption of strategies necessary for the growth of the respective segments. The structure shall provide independence to the management in decisions regarding the use of their respective cash flows for dividends or capital expenditure in their respective businesses.

The aforesaid scheme is subject to necessary approvals from the BSE Limited, the National Stock Exchange of India Limited, the Securities and Exchange Board of India, the NCLT and other statutory or regulatory authorities.

DEPOSITS

During the year under review, the Company has neither accepted nor renewed any deposits from the public within the meaning of Section 73 of the Companies Act, 2013 read with Companies (Acceptance of Deposits) Rules, 2014.

SHARE CAPITAL

The paid up Equity share capital of the Company as at 31st March, 2023 stood at Rs. 31.81 crores divided into 31810500 equity shares of face value of Rs. 10 each. There has been no change in the Authorised and Paid up Share Capital of the Company during the year under review.

AUDITORS

(a) Statutory Auditors

M/s. JKVS & Co., Chartered Accountants (Firm Registration Number: 318086E), the Statutory Auditors of the Company have been appointed as Statutory Auditors of the Company by the Members of the Company from the conclusion of 33rd Annual General Meeting held on 29th September, 2022 till the conclusion of 38th Annual General Meeting of the Company to be held in the year 2027.

M/s. JKVS & Co., Chartered Accountants, the Statutory Auditors have submitted their Independent Auditor Report for the financial year ended 31st March, 2023 and they have made no qualification, reservation, observation or adverse remarks or disclaimer in their Standalone Audit Report. However, the Consolidated Audit Report for the financial year ended 31st March, 2023 have been qualified on account of qualification in the subsidiary companies accounts, which has been detailed below together with management comments thereof.

DIRECTORS' REPORT

Qualification in Consolidated Audit Report of FY 2022-23 and Auditors Opinion on Internal Control systems and their adequacy

The Statutory Auditor in their Consolidated Audit Report for FY 2022-23 has expressed Qualification with respect to Financial Statement of subsidiaries and opinions with respect to internal controls. The management of the subsidiaries believes that the Company has adequate internal financial control system in place which operates effectively. The Internal Audit team monitors and evaluates the efficacy and adequacy of internal control system in the Company, its compliance with operating systems, accounting procedures and policies at all locations of the Company. Based on the report of internal audit, management undertakes corrective actions in their respective areas and thereby strengthens the controls.

- i) The Independent Auditors of Sastasundar Healthbuddy Limited ("SHBL"), subsidiary company have given a Qualified Opinion on the financial statements of SHBL for the year ended March 31, 2023 vide their report dated July 13, 2023, which has been considered by the statutory auditors of the Company. The basis for Qualified Opinion described by the Independent Auditors of SHBL in their report is as under:
- A) Qualification with respect to Investment by SHBL in 0.01% Non-Cumulative Compulsorily Convertible Preference Shares (CCPS) issued by its associate (erstwhile wholly owned subsidiary) and opinion in respect to internal controls for management review of estimates in relation to valuation of Investments in 0.01% Non-Cumulative Compulsorily Convertible Preference Shares (CCPS) issued by its associate (erstwhile wholly owned subsidiary).

Qualification in Audit Report

We draw attention to Note 47 of the Consolidated Financial Statement with regard to fair valuation of the investment in 0.01% Non-Cumulative Compulsorily Convertible Preference Shares (CCPS) issued by its associate (erstwhile wholly owned subsidiary) by the management based on its internal assessment and best estimate of the milestone shares, milestone events and milestone consideration, as defined in the Put Call Option Agreement dated 19 November 2021 and its subsequent amendments. Pending finalisation of the terms and conditions of the milestone shares, milestone events and milestone consideration, the auditor of subsidiary company were unable to obtain sufficient appropriate audit evidence about the fair value the CCPS as at 31 March 2023. Consequently, we were unable to determine whether any adjustments to these amounts were necessary and its resultant impact on the loss for the year ended 31 March 2023.

Adverse Opinion on Internal Controls

SHBL internal control system for management review of estimates in relation to valuation of investments was not operating effectively which resulted in non-compliance with Ind AS.

Management's Response

SHBL has received 99,873 number of 0.01% Non-Cumulative Compulsorily Convertible Preference Shares (CCPS) from its associate (erstwhile wholly owned subsidiary) in the previous financial year. SHBL has entered into a Put Call Option Agreement on the 19th November 2021 with its associate and the purchaser ('the investor') (the Holding Company of the associate) whereby it agreed to sell 75.1% of the aforesaid CCPS ('milestone shares') to the investor at a specified consideration on achievement of certain milestones on or before the milestone event target dates by SHBL.

The put call option agreement was subsequently amended on 3rd March 2022 and 17th April 2023. As per the last amendment, SHBL agreed to transfer 12,612 CCPS to the investor for an agreed consideration, against which Rs. 1,669.23 lakhs were received in May 2023, and 4,182 CCPS to be converted into equity shares of the associate as per the conversion ratio defined in the agreement, post achievement of the specified milestones. With respect to the remaining CCPS, it was decided that SHBL, the associate, and the investor will mutually discuss and agree in writing the terms and conditions of the remaining milestone events, milestone shares and milestone consideration. The maximum overall consideration payable for all milestones has been specified by the amendment agreement dated 17 April 2023 which is in line with the amended Put Call Option Agreement dated 3rd March 2022.

The management of SHBL, based on its internal assessment and best estimate of milestone events, milestone shares and milestone consideration, has derived the fair value of the investment for the aforesaid CCPS by engaging an independent registered valuer. Further, the management estimates that all the milestone events would fall due within a period of 12 months from the Balance Sheet date and hence 75.1% of the aforesaid investment has been classified under current assets.

DIRECTORS' REPORT

- B) Qualification on determining the period specific effects of expenses booked as exceptional item on comparative information for the prior periods.

Qualification in Audit Report

We draw attention to Note 34.1 of the financial statement, the Company has recorded INR 161.40 lacs as an expense during the year and disclosed as exceptional item. The Company has not determined the period specific effects on comparative information for the prior periods of the impact of misappropriation of cash collections from customers aggregating to INR 161.40 lacs by few employees. As a result, we are unable to assess the likely impact of the non-compliance with the Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors, on the financial statements including the comparative information presented and disclosures thereof.

Adverse Opinion on Internal Controls

SHBL did not have an appropriate internal control system for cash collections and debtors balance reconciliations which resulted in the omission of recording cash collected from debtors due to fraud.

Management's Response

During the year, the Management of the subsidiary (SHBL) based on its internal assessment, has detected misappropriation of cash collections from customers aggregating to INR 161.40 lacs by few employees of SHBL during the current financial year. SHBL has referred the matter to the police department and after filing of the First Information Report (FIR), the aforesaid employees were arrested by the police and an investigation charge sheet has been filed with the Additional Chief Judicial Magistrate, Baruipur, West Bengal by the police.

SHBL has expensed the aforesaid amount during the current year under the heading "exceptional item" and SHBL is taking necessary legal action to recover the amount.

SHBL had detected the misappropriation after the approval of Financial Statement for the FY 2021-2022. Further the Determination of Specific Period were not possible from the Investigation Charge Sheet of the Police Authorities. The misappropriation is quantified on the date of the report.

SHBL is taking necessary legal action to recover the amount. However, as conservative approach it has been decided to expenses off and hence charged off to current FY 22-23 only.

The Management of the subsidiary has taken opinion from Independent Chartered Accountant, where the opinion received was in line with Management estimate to expense off in Current FY 22-23 only.

- C) Qualification on Pending Reconciliation with reference to Note 16.2 under Trade Payables

Qualification in Audit Report

Based on audit procedures performed in relation to trade payables, on sample vendor balances we noted instances wherein the independent balance confirmations received from vendors were not in agreement with the balances in the books of account. As stated in Note 16.2 to the financial statements, the management is in the process of reconciling the outstanding balances as at 31 March 2023. Pending reconciliations of the said balances, we are unable to comment on the adjustments, if any, with respect to the balances of trade payables arising out of such reconciliation and its consequential impact on these financial statements.

Adverse Opinion on Internal Controls

SHBL did not have an appropriate internal control system for reconciliations of trade payables which could potentially result in material misstatements in the Company's trade payables and related purchase balances

Management's Response

Trade Payables of SHBL as of 31st March 2023 are net of debit note balance of Rs 822.87 lacs related to the return of goods (generally medicine).

This debit notes are related to return of Goods (generally medicine). The suppliers take few months to issue credit notes as per normal trade practice in pharma Industry and there is always a time lag between Purchase Debit Note Raised and Credit Note Received. The management of SHBL is in the process of collecting and matching the debit note with corresponding credit note issued by the vendor and reconciling the outstanding balance of debit notes as at 31st March 2023.

DIRECTORS' REPORT

ii) The Independent Auditors of Retailer Shakti Supply Chain Private Limited ("RSSCPL"), a step down subsidiary have given a Qualified Opinion on the financial statements of RSSCPL for the year ended March 31, 2023 vide their report dated July 13, 2023, which has been considered by the statutory auditors of the company. The basis for Qualified Opinion described by the Independent Auditors of RSSCPL in their report is as under:

- A) Qualification on determining the period specific effects of expenses booked as exceptional item on comparative information for the prior periods.

Qualification in Audit Report

We draw attention to Note 34.1 of the Consolidated Financial Statements, the Company has recorded INR 635.05 lacs as an expense during the year and disclosed as exceptional item. The Company has not determined the period specific effects on comparative information for the prior periods of the impact of misappropriation of cash collections from customers aggregating to INR 635.05 lacs by few employees. As a result, we are unable to assess the likely impact of the non-compliance with the Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors, on the Consolidated Financial Statements including the comparative information presented and disclosures thereof."

Adverse Opinion on Internal Controls

The step down subsidiary, RSSCPL did not have an appropriate internal control system for cash collections and debtors balance reconciliations which resulted in the omission of recording cash collected from debtors due to fraud.

Management's Response

During the year, the Management based on its internal assessment, has detected misappropriation of cash collections from customers aggregating to INR 635.05 lacs by few employees of the subsidiary. The Management has referred the matter to the police department and after filing of the First Information Report (FIR), the aforesaid employees were arrested by the police and an investigation charge sheet has been filed with the Additional Chief Judicial Magistrate, Baruipur, West Bengal by the police.

RSSCPL has expensed the aforesaid amount during the current year under the heading "exceptional item" and the subsidiary is taking necessary legal action to recover the amount. RSSCPL had detected the misappropriation after the approval of Financial Statement for the FY 2021-2022. Further the Determination of Specific Period were not possible from the Investigation Charge Sheet of the Police Authorities. The misappropriation is quantified on the date of the report.

The subsidiary company is taking necessary legal action to recover the amount. However, as conservative approach it has been decided to expenses off and hence charged off to current FY 22-23 only.

Management has taken opinion from Independent Chartered Accountant, where the opinion received was in line with Management estimate to expense off in Current FY 22-23 only.

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by SASTASUNDAR HEALTHBUDDY LIMITED (hereinafter referred as 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31 March 2023 ('Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31 March 2023, according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder-- Not applicable to the Company;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999, and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') - The Company being unlisted, the same is not applicable to the Company.
- (vi) Other specifically applicable laws to the Company.
 - a. Factories Act, 1948;
 - b. Food Safety and Standards Act, 2006;
 - c. Drugs & Cosmetics Act, 1940

I have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India.

I have relied on the representation made by the Company and its Officers for systems and mechanism formed by the Company for compliances under other applicable Acts, Laws and Regulations to the Company.

DIRECTORS' REPORT

Maintenance of secretarial record is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that:

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.
- Adequate notice is given to all directors for the Board Meetings, including Committees thereof, along with agenda and detailed notes on agenda at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting by the directors.
- All decisions at Board Meetings and Committee Meetings are carried out unanimously and recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be.

I further report that the compliance by the Company of applicable financial laws such as direct and indirect tax laws and maintenance of financial records and books of accounts have not been reviewed in this audit since the same have been subject to review by the statutory financial auditors, tax auditors and other designated professionals.

I further report that as per the explanations given to me and the representation made by the Management and relied upon by me, there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

ECONOMIC OUTLOOK

Global economy

In its latest World Economic Outlook report, released in April, IMF had projected the global growth to fall from 3.4% in 2022 to 2.8% in 2023, before settling at 3% in 2024. Advanced economies are expected to see an especially pronounced growth slowdown, from 2.7% in CY 2022 to 1.3% in CY 2023. With economic activity slowing, especially in manufacturing, medium-term growth prospects globally could remain weak, and higher inflation could require more monetary policy tightening. However, the IMF believes the slowdown will not be as severe as previously predicted, due to recovery in demand in the Emerging markets and Developing Economies. The easing of energy costs and the re-opening of China would facilitate faster economic growth in 2024.

IMF also stated that the global economy has shown some resilience despite successive shocks in recent years and the rapid rise in interest rates. The global growth in spite of the challenges of Russia-Ukraine war, Global supply chain issues and aftereffects of the pandemic has still remained in positive territory, supported by strong labour markets and robust demand for services.

Indian Economy

India's real GDP (Gross Domestic Product) grew by 7.2% in FY2023, as compared to the expansion of 9.1% in FY2022 as per National Statistical Office (NSO). Despite the GDP growth moderating to the previous year, India remains one of the fastest growing economies among major global players. However, in a year which saw growth decelerating across the world with recessionary expectations building up, the Indian economy still exhibited resilience, underpinned by robust domestic consumption demand and well supported by the Government's push on infrastructure buildup in various parts of the economy.

Recently, India became the **world's fifth largest economy** by overtaking the United Kingdom. Now, the United States, China, Japan, and Germany are the only nations with economies larger than India's.

The RBI has projected India's GDP growth at 6.5% for FY24 and has predicted inflation to be at 5.4% for FY24. The Repo rate has been maintained at 6.5% by RBI in its Aug 2023 policy meet after doing six consecutive rate hikes of 250 basis points in FY23.

Industry Structure and Developments

Indian Domestic pharma Industry

The Indian pharma industry has grown from USD 35.41 billion in FY18 to USD 49.78 billion in FY23 and as per report by CareEdge Ratings, the domestic pharmaceutical industry would likely reach US\$ 57 billion by FY25. Globally, Indian pharma industry has a strong footprint in the generics segment. The pharma exports and domestic market contribute equally to the overall Indian pharma industry.

The Indian pharmaceutical business experienced a compound annual growth rate (CAGR) of 6-8% from FY18 to FY23, mostly due to an 8% increase in exports and a 6% increase in the domestic market. The Indian pharmaceutical market grew by about 5% in FY23, reaching US\$ 49.78 billion. The local market expanded 7% year-over-year, while exports only increased by a meagre 3%.

Indian Health tech startup ecosystem – a Surge in Funding and Investment

The Indian health tech startup ecosystem has witnessed a surge in funding and investment. Investors are drawn to Indian health tech startups for various reasons.

First and foremost, the Indian market is expanding, and this influx of funding is paving the way for startups with the necessary resources to scale their operations, develop robust technologies, and expand their reach. India has a population of about 1.4 billion people, with a rising number of individuals accessing healthcare. **Second**, the Indian government is aggressively spending on healthcare. The Ayushman Bharat Pradhan Mantri Jan Arogya Yojana, a national health insurance program, is one of several efforts introduced by the government to increase access to healthcare. **Third**, India has an extensive reservoir of talent. **Fourth**, the startup ecosystem in India is flourishing.

The Indian health tech startup ecosystem is still in its growing stages, but it is fast expanding. Investors recognize the potential of the Indian market and are putting their money into businesses that are discovering new solutions to problems.

Key factors attracting Investors eye towards health tech startup:

Technological advancements and market potential:

Health tech startups in India are leveraging their strong IT expertise to develop innovative healthcare technologies, such as telemedicine platforms, health monitoring devices, AI-based diagnostics, and health information systems. Rural India is home to approximately 65% of the country's population, creating a sizeable unexplored market for health tech businesses. As smartphone usage and internet access increase in rural regions, the possibility of using technology and digital solutions to reach underserved people is rising.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Rise in chronic diseases:

The prevalence of chronic diseases such as diabetes, heart disease, and cancer are increasing in India. These disorders are frequently expensive to treat and can result in long-term incapacity or death. Remote patient monitoring and telemedicine are two examples of health tech firms providing innovative products and services to assist individuals in managing chronic conditions.

Telemedicine:

Telemedicine has emerged as a game changer in rural healthcare, involving the distant diagnosis and treatment of patients using telecommunications technology. Health-tech entrepreneurs are creating platforms and apps that allow patients in rural locations to consult with doctors in the cities. Patients are no longer needed to travel large distances and may obtain prompt medical advice and medicines from the comfort of their own homes or villages.

Affordable and scalable solutions:

Investors are attracted to health tech startups that offer affordable and scalable solutions. These startups can deliver healthcare services for a fraction of the cost of traditional techniques by harnessing technology. Furthermore, the scalable structure of digital platforms enables them to reach many consumers simultaneously, maximizing their influence.

Availability of skilled talent:

India has a big pool of highly talented engineers and scientists well-versed in cutting-edge technology. This reservoir of skills is an invaluable resource for health tech startups.

Health data analytics and artificial intelligence:

The healthcare business creates a large quantity of data, which may be used to get valuable insights for improving patient outcomes. Health tech startups use data analytics and artificial intelligence to analyze patient data, detect patterns, and diagnose accurately. These technologies can help forecast disease outbreaks, optimize resource allocation, and improve preventative treatment in remote locations. The potential of AI in healthcare presents an attractive investment opportunity for those looking to invest in the future of rural healthcare.

Government initiatives and support:

The Indian government understands the need to harness technology to enhance healthcare services, particularly in rural regions. Increased investment in health tech startups has been facilitated by initiatives such as the National Health Policy and the Digital India campaign. The government's assistance creates a favorable regulatory framework and financial opportunities, encouraging investors to invest in this area.

e-pharmacy gaining traction in market

The e-pharmacy market was valued at INR 50.71 Billion in 2020. It is estimated to reach INR 458.14 Billion by 2026, expanding at a compound annual growth rate (CAGR) of ~44.99% during the 2021-2026 period as per Report Ocean

In the recent years, e-pharmacy emerged as a better and more convenient approach that addressed the issues faced by the consumers and provided superior customer solutions over its physical counterparts.

The market is categorized into two segments chronic and acute therapy. In 2020, the chronic therapy segment dominated the market, accounting for 63.42% of the revenue. It is expected to dominate during the forecast period. However, its market share is likely to decline to 53.92% in 2026. The acute therapy segment is forecast to achieve promising growth during the forecast period. Its market share is anticipated to increase from 36.58% in 2020 to 46.08% in 2026, expanding at a CAGR of 50.56% during the 2021-2026 period.

Consumers with chronic conditions require long-term treatment, and thus, have repeated need for medication. People prefer e-pharmacy platforms, owing to the availability of a wide range of medicines at discounted prices. Customers may increasingly prefer these platforms for managing acute ailments such as common cold in the coming years.

The market has gained traction in recent years because of increased penetration of the internet and smartphones, prevalence of lifestyle disease and government initiatives. Discounts impacting profitability, data breaches and cybercrime and bottleneck in supply network are a few of the factors that impedes its development.

Furthermore, the digital-enabled collaboration between online and offline pharmacies will be the way forward to provide the best customer-patient experience. Such is the only way to co-drive value for consumers. For instance, tie-ups with local pharmacies could offer last-mile delivery by allowing offline vendors to expand their bases. Such a model will also provide consumers with easier access to both online and offline pharmacies to choose from based on their requirements, availability and price.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Indian Diagnostic Market Outlook

According to research firm Edelweiss, the domestic diagnostic industry is estimated at \$9 billion (around Rs 67,500 crore) and is expected to grow at a compounded annual growth rate (CAGR) of 10 per cent over the next half a decade. Additionally, growing healthcare awareness among the population related to early disease diagnosis and treatment is expected to fuel the market growth over the next few years. Also, India is emerging out as a medical tourism hub and a lot of medical tourists are visiting the country for getting their treatment done on account of availability of cost effective and better treatment options. This in turn is expected to positively influence the market growth through FY2027.

The growth in the industry is largely volume-driven and is highly fragmented. That is, dominated by a few large (organised) players and various small and regional players. Analysts point out that 80-85% of the industry is unorganised or dominated by regional players.

So far, higher life expectancy and changes in lifestyle, a health-conscious population, and improvement in testing services, could directly contribute to the growth of the companies in the diagnostics industry.

While all the indicators appear to be positive for the industry, it has pricing pressure. That is, the players in the diagnostics industry cannot take advantage of the pricing. Their services are offered at a steep discount considering the competition, particularly from small regional players.

The diagnostics industry has two categories – pathology (offered by all and accounts for nearly 58% of the revenue in the industry) relates to testing of all major illnesses. And radiology (which accounts for 42% of revenue in the industry) relates to imaging diagnoses such as x-rays, CT scans and Ultrasound.

SASTASUNDAR DIGITAL HEALTHCARE NETWORK

The Sastasundar Digital Healthcare business forms substantial part of its business.

The subsidiary company, Sastasundar Healthbuddy Limited has entered into the strategic partnership deal of B2C E-pharmacy (Sastasundar Marketplace) with Flipkart Group, wherein the SastaSundar mobile APP and the website have been renamed as Flipkart Health+. Consequent to the transaction, Sastasundar Healthbuddy Limited holds 24.9% of equity share capital of Flipkart Health Limited (formerly Sastasundar Marketplace Limited) and 75.1% of equity share capital is held by the Flipkart Group. This partnership will help us to participate in the significant opportunity of Digital healthcare in India and which will also help us to manage our risks appropriately.

The subsidiary company, Sastasundar Healthbuddy Limited is engaged in the wholesale business to support the Seller Pharmacy Network of Flipkart Health+ (earlier SastaSundar.com). The Company is managing the supply chain of medicine and wellness products through its PAN India warehouses to sellers on Flipkart Health+.

For B2B operations, the step down subsidiary company, Retailer Shakti Supply Chain Private Limited is operating digital platform in the name of RetailerShakti.com and RetailerShakti APP for medicine, wellness products and FMCG products. The operations are now PAN India and it leverage Digital Technology to expand data-driven efficient Supply Chain. The RetailerShakti supplies products to retail pharmacies and local kirana stores.

Another vertical of healthcare is Diagnostic business. The Company has separate step down subsidiary called Genu Path Labs Limited to operate its diagnostic business. The Company is focussing on Eastern India initially for its diagnostic vertical.

OPPORTUNITIES & THREATS

Opportunities

1. The partnership with Flipkart group will help us to participate in the significant opportunity of Digital healthcare in India and which will also help us to manage our risks appropriately. Flipkart health shall leverage Flipkart's strength of large consumer base and digital tech capabilities.
2. With the Strategic Partnership with Flipkart group, we shall have the opportunity to work for cash flow, customer experience and community wellbeing.
3. We are working to expand and grow network of seller pharmacies across PAN India.
4. We have an opportunity to solve one of the biggest problems of India, i.e., consistent access to affordable healthcare.
5. We have this opportunity to operate as a national distributor for international supply chain.
6. This is the occasion for us to continue to strengthen digital technology to expand data-driven efficient supply chain and appropriately leverage customer base and capital to grow.
7. The traction in building D2C brand presents scope to establish Genu Path Labs as D2C brand.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Threats

1. We operate in the domain of healthcare which is highly regulated, and therefore any adverse regulation may affect our growth.
2. We operate with a high technology backbone and therefore data security is a threat.
3. We are subject to the risk of changes in technologies and/or the introduction of new technology, which calls for the need of constant technological upgradation.

OUTLOOK

The Indian healthcare sector is expected to grow significantly in the upcoming years. Rising income levels, an ageing population, growing health awareness and a changing attitude towards preventive healthcare is expected to boost healthcare services demand in the future. The low cost of medical services has resulted in a rise in the country's medical tourism, attracting patients from across the world. Moreover, India has emerged as a hub for R&D activities for international players due to its relatively low cost of clinical research. The Government also aims to develop India as a global healthcare hub.

The Company's strategic partnership with Flipkart group will help us to participate in the significant opportunity of Digital healthcare in India and which will also help us to manage our risks appropriately. Looking at the potential growth in pharmacy, diagnostic and wellness and the positive growth in use of digital medium, the management's outlook is positive.

RISKS AND CONCERNS

1. We work in a highly regulated environment, and therefore, any adverse regulatory changes possess a risk.
2. We carry the risk of mindless competition primarily based upon heavy discount on the back of capital. Recent years have also marked advent of online portals and web aggregators into parts of the diagnostic business value chain. In order to establish rapid salience, the new entrants are not shy of utilizing pricing as a marketing tool.
3. We carry the risk of a digital base and therefore, exposure to data security threats.
4. We are operating in a highly-competitive and fragmented industry and our business, financial condition and results of operations may be adversely affected if we are not able to compete effectively.
5. We carry the risk of changes in technologies and/or the introduction of new technology could reduce demand or failure of our equipment, information technology and other technological systems.

CORPORATE GOVERNANCE REPORT

The Directors present the Company's Report on Corporate Governance for the year ended March 31, 2023 in terms of Regulation 34(3) read with Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (The "Listing Regulations")

1. CORPORATE GOVERNANCE PHILOSOPHY

Sastasundar's Corporate Governance principles are based on the principles of transparency, responsibility, accountability, knowledge and commitment to values. The Company adheres to good corporate practices and is constantly striving to better them and adopt emerging best practices. Best results are achieved when the companies begin to treat the Corporate Governance system not as a mere structure but as a way of corporate life. The Company firmly believes that these aspects as well as compliances of applicable legislations and timely disclosures enhance the image of the Company and the long term value of all Shareholders and Stakeholders. However, good corporate governance practices should aim at striking a balance between interests of various stakeholders on the one hand and the duties and responsibilities of the Board and senior management in overseeing the affairs of the Company on the other. The Company's Board of Directors has framed a Code of Conduct for its Senior Managers including the Board Members. The Code of Conduct is available on the Company's website www.sastasundarventures.com.

2. BOARD OF DIRECTORS

Composition of the Board

The Board of Directors in Sastasundar has been constituted in a manner which ensures appropriate mix of Executive / Non-Executive and independent directors to ensure proper governance and management. The members of our Board are from diverse backgrounds with skills and experience in areas like taxation, finance, entrepreneurship, legal and general management. Many of them have worked extensively in senior management positions in global corporations with a deep understanding of the Indian business environment.

As on 31st March, 2023 the Company's Board comprises of six members. The Company has one executive director and five non-executive directors out of which two are women directors. The Company has an Executive Chairman, and therefore 50% of the total number of Directors should comprise of Independent Directors. The number of Independent Directors is three i.e. 50% of the total number of Directors.

As required under Regulation 25(8) of SEBI (LODR) Regulations, 2015 the Independent Directors of the Company have confirmed that they are not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact their ability to discharge their duties. Based on the declarations and confirmations received from the Independent Directors, the Board of Directors have confirmed that the Independent Directors of the Company meet the criteria of independence as stipulated under Section 149(6) of the Companies Act, 2013 read with rules framed thereunder read with Regulation 16 of the SEBI (LODR) Regulations, 2015 and that they are independent from the management.

The terms and conditions of appointment of Independent Director are disclosed on the website of the Company. The management of the Company is headed by the Mr. Banwari Lal Mittal, Chairman & Managing Director who operates under the supervision and control of the Board. The Board reviews and approves strategy and oversees the actions and results of management to ensure that the long-term objectives of enhancing stakeholders' value are met. Mr. Banwari Lal Mittal and Mr. Ravi Kant Sharma are on the Board of Sastasundar Healthbuddy Limited ("SHBL"), subsidiary of the Company and draws remuneration from SHBL.

During the year under review the Company has conducted Familiarisation programme for the independent directors of the Company. The details of such programme imparted are uploaded on the Company website. The policy on the familiarisation programme for Independent Directors has been adopted by the Company and placed on the website of the Company at the weblink : <http://www.sastasundarventures.com/Pdf/FamiliarizationProgrammeForIndependentDirector.pdf>

Board Evaluation Policy

The primary objective of the Policy is to provide a framework and set standards for the evaluation of the Board as a whole and each Director individually. SastaSundar aims to achieve a balance of merit, experience and skills on the Board. The Board works with the Nomination and Remuneration Committee to lay down the evaluation criteria for the performance of Executive/ Non-Executive and Independent Directors. The policy is to assess and enhance the effectiveness of the Board as a whole. Individual Board members are assessed on their effective contribution and commitment to their role and responsibilities as Directors. The Independent Directors have three key roles i.e Governance, Control and Guidance. Some of the performance indicators based on which the independent directors are evaluated includes:

- Active participation in long term strategic planning.
- Ability to contribute to and monitor our corporate governance practices.
- Ability to contribute by introducing international best practices.

Post meeting follow-up mechanism

The important decisions taken at the Board/Board level Committee meetings are communicated to the departments/divisions concerned promptly. A report on the action taken on the decisions/suggestions of the previous meeting(s) is placed at the immediately succeeding meeting of the Board / committee for noting the same.

POLICY FOR SELECTION AND APPOINTMENT OF DIRECTORS AND THEIR REMUNERATION

The Nomination and Remuneration Committee (NRC) has adopted a Charter which, inter alia, deals with the manner of selection of Board of Directors, CEO and Managing Director and their remuneration. This Policy is accordingly derived from the said Charter.

- #### Criteria of selection of Non-Executive Directors

In evaluating the suitability of individual Board members, the Committee takes into account many factors, including general understanding of the Company's business dynamics, global business and social perspective, educational and professional background and personal achievements. Directors must possess experience at policy-making and operational levels in large organizations with significant international activities that will indicate their ability to make meaningful contributions to the Board's discussion and decision-making in the array of complex issues facing the Company.

Director should possess the highest personal and professional ethics, integrity and values. They should be able to balance the legitimate interest and concerns of all the Company's stakeholders in arriving at decisions, rather than advancing the interests of a particular constituency.

The Committee, along with the Board, reviews on an annual basis, appropriate skills, characteristics and experience required of the Executives for the better management of the Company. The objective is to have a Board with diverse background and experience in business, government, academics, technology and in areas that are relevant for the Company's global operations.

In addition, Directors must be willing to devote sufficient time and energy in carrying out their duties and responsibilities effectively. They must have the aptitude to critically evaluate management's working as part of a team in an environment of collegiality and trust.

The role of the Nomination and Remuneration Committee is to periodically identify competency gaps in the Board, evaluate potential candidates as per the criteria laid above, ascertain their availability and make suitable recommendations to the Board. The objective is to ensure that the Company's Board is appropriate at all points of time to be able to take decisions commensurate with the size and scale of operations of the Company. The Committee also identifies suitable candidates in the event of a vacancy being created on the Board on account of retirement, resignation or demise of an existing Board member. Based on the recommendations of the Committee, the Board evaluates the candidate(s) and decides on the selection of the appropriate member.

- #### Remuneration Policy

Policy for the Executive Directors and CEO

The remuneration/ Compensation to Directors will be determined by the Nomination and Remuneration Committee ("NRC") and recommend to the Board for approval. At the time of appointment or re-appointment, the Executive Directors shall be paid such remuneration as may be mutually agreed between the Company (which includes the NRC and the Board of Directors) and Executive Director within the overall limits prescribed under the Companies Act, 2013 and the rules made thereunder. Increment to the existing remuneration structure may be recommended by the NRC to the Board which should be within the limits approved by the shareholders.

CORPORATE GOVERNANCE REPORT

The remuneration shall be subject to the approval of the Members of the Company in General Meeting.

The remuneration of the Executive Directors shall be arrived after taking into account the Company's overall performance, their contribution for the same and trend in the industry.

Policy for KMP and Senior Management Employees

The NRC shall frame a policy for determining the criteria of remuneration payable to KMP and SMP.

While determining the criteria the NRC shall consider the following:

- i. the relationship of remuneration and performance benchmark is clear;
- ii. the remuneration including annual increment and performance bonus is decided based on the roles and responsibilities, the Company's performance vis-à-vis the annual budget achievement, individuals performance vis-à-vis industry benchmark and current compensation trends in the market.

The Managing Director will carry out the individual performance review based on the standard appraisal matrix and shall take into account the appraisal score card and other factors mentioned herein-above, whilst recommending the annual increment and performance incentive to the NRC for its review and approval.

Their remuneration are also governed by the external competitive environment, track record, potential, individual performance and performance of the company as well as industry standards.

Remuneration to Non-Executive and Independent Directors:

No Commission or Sitting fees are being paid to the Non-Executive Directors of the Company. The Independent Directors of the Company are paid remuneration by way of sitting fees only for attending the meetings of the Board of Directors and its Committees. The said sitting fees paid to the Non-executive Independent Directors for the Board Meetings and Committee meetings is fixed by the Board and reviewed from time to time in accordance with applicable law. The remuneration policy of the Company is available on the company's website and can be accessed through the weblink http://www.sastasundarventures.com/Pdf/SVL_Remuneration_policy.pdf

• PERFORMANCE EVALUATION

Pursuant to the provisions of the Companies Act, 2013 and Regulation 17(10) of the SEBI (LODR), Regulations, 2015 the Board has carried out the annual performance evaluation of its own performance, the Directors individually as well as the evaluation of the working of its Audit, Nomination and Remuneration Committee. A structured questionnaire has prepared after taking into consideration inputs received from the Directors, covering various aspects of the Board's functioning such as adequacy of the composition of the Board and its Committees, Board culture, execution and performance of specific duties, obligations and governance.

A separate exercise was carried out to evaluate the performance of individual Directors including the Chairman of the Board, who were evaluated on parameters such as level of engagement and contribution, independence of judgement, safeguarding the interest of the Company and its minority shareholders, etc. The performance evaluation of the Independent Directors was carried out by the entire Board. INDEPENDENT AUDITOR'S REPORT

To the Members of Sastasundar Ventures Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of Sastasundar Ventures Limited ("the Company"), which comprise the Standalone Balance Sheet as at March 31st 2023, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flow Statement for the year then ended, and notes to Standalone Financial Statements including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31st 2023, and its profit, other comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below as Key audit matters and for each matter, our description of how our audit addressed the matter is provided in that context.

Key Audit Matter	Auditor's Response
<p>Permanent Diminution of Non-Current Investment in Subsidiaries</p> <p>We identified non-current investments on various subsidiaries amounting to Rs. 26,459.51 lakhs as a key audit matter as the net worth of some of the subsidiaries has declined considerably owing losses and management has made significant judgment in determining the recoverable amounts of the investments.</p> <p>As set out in Note 5 to the standalone financial statements, the management concludes that the recoverable amount of each separate investment was higher than their carrying value and no diminution provision is required for the current year.</p>	<p>Principal Audit Procedures</p> <p>Our procedures in relation to the recoverability of non-current investment included testing the key controls related to the assessment on the carrying value of its non-current investments and assessing the valuation methodology;</p> <p>We have tested the design, implementation and operating effectiveness of controls over the process of impairment assessment and performing substantive testing in respect of financial projections for their accuracy,</p> <p>We also obtained the audit report and standalone financial statements of the subsidiary companies audited by other firm of Chartered Accountants to assess the financial position of the Company</p>

Information other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including annexure to the Board's Report & other Shareholder's Information, but does not include the Consolidated Financial Statements, Standalone Financial Statements and our auditor's report thereon. The Other information is expected to be made available to us after the date of auditor's report.

INDEPENDENT AUDITOR'S REPORT

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

Responsibilities of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Refer to paragraph "material uncertainty related to going concern" above in respect

INDEPENDENT AUDITOR'S REPORT

to our reporting in respect to going concern appropriateness. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements for the financial year ended March 31st 2023, and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

ANNEXURE - B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 (f) under "Report on Other Legal and Regulatory Requirements" section of our Report to the members of Sastasundar Ventures Limited of even date)

Report on the Internal Financial Controls with reference to the aforesaid Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act').

OPINION

We have audited the internal financial controls with reference to the financial statements of Sastasundar Ventures Limited ("the Company") as of 31st March 2023 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial reporting and such internal financial controls with reference to financial reporting were operating effectively as at 31st March 2023, based on the internal control with reference financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls with reference to Financial Reporting issued by ICAI.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing ('SAs'), prescribed under section 143(10) of the Companies Act 2013, to the extent applicable to an audit of internal financial controls with reference to the Standalone Financial Statements. Those SAs and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the Standalone Financial Statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to the Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to the Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Standalone Financial Statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention

ANNEXURE - B TO THE INDEPENDENT AUDITOR'S REPORT

or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to the Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the Standalone Financial Statements to future periods are subject to the risk that the internal financial controls with reference to the Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023**1. Corporate Information**

Sastasundar Ventures Limited (the “Company” or “SVL”) is a public company domiciled in India. Its shares are listed on BSE Limited and National Stock Exchange of India Limited. The Company is a Core Investment Company (CIC) and operates through several subsidiaries. At present, the Company is focusing largely on the business of digital network of healthcare and portfolio management services.

2.1 Basis of preparation

The financial statements of the Company has been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division III of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III).

The financial statements were authorised for issue by the Company’s Board of Directors on 14th July 2023.

The financial statements have been prepared on a historical cost basis except certain financial assets and liabilities which are measured at Fair Value as required by the relevant Indian Accounting Standards

The financial statements are presented in INR and all values are rounded to the nearest lakhs (in two decimals), except when otherwise indicated.

The Company has prepared the financial statements on the basis that it will continue to operate as a going concern.

2.2 Summary of significant accounting policies**a. Fair value measurement**

The Company measures financial instruments, such as, mutual funds at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant’s ability to generate economic benefits by using the asset in its best possible manner or by selling it to another market participant that would use the asset in its best possible manner.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of their nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

b. Income Recognition

At contract inception, Company assesses the goods or services promised in a contract with a customer and identify as a performance obligation each promise to transfer to the customer. Income is recognised upon transfer of control of promised products or services to customers in an amount of the transaction price that is allocated to that performance obligation and that reflects the consideration which the Company expects to receive in exchange for those products or services.

Interest income is recognised in the Statement of Profit and Loss using the effective interest method in case of Financial Assets at Amortised Cost.

Dividend income is recognised in the Statement of Profit and Loss when the right to receive dividend is established except in case of dividend from Mutual Funds, which are recognized on cash basis.

Fees from Investment Banking activities which include Mergers & Acquisitions, Investment and other advisory services are recognized as revenue when the relevant services are rendered to the customers and there are reasonable certainties as regarding the ultimate collectability of such revenue. The Company collects taxes on behalf of the Government and, therefore, it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue.

Income from Royalty is recognised on an accrual basis in accordance with the terms of the relevant agreement.

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

c. Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received, and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

d. Income Taxes

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current-tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax is recognised on temporary differences between the tax bases and accounting bases of assets and liabilities at the tax rates and laws that have been enacted or substantively enacted at the Balance Sheet date.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on either the same taxable entity or different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

For items recognised in OCI or equity, deferred / current tax is also recognised in OCI or equity.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023

e. Property, plant and equipment and depreciation

Property, Plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labor, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. Assets held for sale are stated at lower of their carrying amount and fair value less cost to sell and depreciation on such assets ceases and shown under "Assets held for sale".

Any gain or loss on disposal of an item of property, plant and equipment is recognised in statement of profit and loss.

Depreciation is calculated on a Written Down Value (WDV) basis over the estimated useful lives of the assets as follows:

Type of Asset	Useful Life estimated by the management
Building	60 Years
Plant & Equipment	5-15 years
Computers	3 years
Furniture & Fixtures	10 years
Office equipments	5 years
Electrical Equipments	10 years
Motor Vehicles	8 years

The Company depreciates the cost of Property, plant and equipment less their estimated residual values over estimated useful lives which are as per the useful life prescribed in Schedule II to the Companies Act, 2013 except Plant & Equipment which is lower than those indicated in Schedule II i.e. 5-15 years. The management believes that these useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Depreciation method, useful lives and residual values are reviewed at each financial year end and adjusted if appropriate. Based on the technical evaluation, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro-rate basis i.e. from (upto) the date on which asset is ready for use (disposed of).

f. Intangible assets and amortisation

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising upon derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

Type of Asset	Useful Life estimated by the management
Computer Software	5 years

g. Leases

The Company assesses whether a contract contains a lease as per the requirements of Ind AS 116 “Leases” at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

The Company recognises right-of-use assets (“ROU”) and a lease liability at the lease commencement date except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of lease payments that are not paid at the commencement date, discounted using the incremental borrowing rate of the Company. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

h. Impairment of non-financial assets

The Company’s non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset’s recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are combined together into cash-generating units (CGUs). Each CGU represents the smallest Group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or Group of CGUs) on a pro rata basis.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023

In respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

i. Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as a finance cost. Expected future operating losses are not provided for.

j. Employee benefits**Short term employee benefits**

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

Post-retirement benefits

Post-retirement benefits to employee can either be through Defined Contribution Plan or Defined Benefit Plan.

Defined Contribution Plan

Retirement benefit in the form of provident fund and ESI is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme and ESI as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Defined Benefit Plan

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the statement of profit and loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023**k. Financial instruments****Recognition and Initial measurement**

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

Classification and Subsequent measurement

On initial recognition, a financial asset is classified as measured at amortised cost; Fair value through other comprehensive income (FVOCI) – equity investment; or FVTPL. Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at the amortised cost if it meets both the conditions and is not designated as at FVTPL:

- i) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- ii) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

The subsequent measurement of gains and losses of various categories of financial instruments are as follows:

- (i) Financial assets at amortised cost: these assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.
- (ii) Equity investments at FVOCI: these assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.
- (iii) Financial assets at FVTPL: these assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and Losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Derecognition

Financial assets: The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred, or in which the Company neither transfers nor retains substantially all the risks and rewards of ownership and does not retain control of the financial asset. If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities: The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023

recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Impairment

The Company recognizes loss allowance using the expected credit losses (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

i. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

m. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss attributable to equity holders of the Company (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period.

Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

n. Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

o. Segment Reporting

The Company has identified that its business segments are the primary segments. The Company's operating businesses are organized and managed separately according to the nature of products/services provided, with each segment representing a strategic business unit that offers different products/services and serves different markets. The analysis of geographical segments is based on the areas in which the operating divisions of the company operates.

p. Exceptional items

Exceptional items are those items that management considers, by virtue of their size or incidence, should be disclosed separately to ensure that the financial information allows an understanding of the underlying performance of the business

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023

in the year, so as to facilitate comparison with prior years (where required). Such items are material by nature or amount to the respective year's result and require separate disclosure in accordance with Ind AS.

q. Investments in Subsidiaries and Associates

Investments in equity shares of subsidiaries and associates are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries and associates, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

r. Recent Accounting Pronouncements

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

➤ Ind AS1, Presentation of Financial Statements-

Companies are now required to disclose material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general-purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statement.

➤ Ind AS 8, Accounting policies, Change in Accounting Estimates and Errors-

Definition of 'change in account estimate' has been replaced by revised definition of 'accounting estimate. As per revised definition, accounting estimates are monetary amounts in the financial statements that are subject to measurement uncertainty.

- A company develops an accounting estimate to achieve the objective set out by an accounting policy.
- Accounting estimates include: a) Selection of a measurement technique (estimation or valuation technique) b) Selecting the inputs to be used when applying the chosen measurement technique.

The amendments will help entities to distinguish between accounting policies and accounting estimates. The Company does not expect this amendment to have any significant impact in its financial statements.

➤ Ind AS12, Income Taxes-

Narrowed the scope of the Initial Recognition Exemption (IRE) (with regard to leases and decommissioning obligations). Now IRE does not apply to transactions that give rise to equal and offsetting temporary differences. Accordingly, companies will need to recognise a deferred tax asset and a deferred tax liability for temporary differences arising on transactions such as initial recognition of a lease and a decommissioning provision. The Company is evaluating the impact, if any, in its financial statements.

The company is assessing the impact of these changes and will accordingly incorporate the same in the financial statements for the year ending March 2024.

2.3 Significant accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

a. Useful lives of property, plant and equipment:

As described in the significant accounting policies, the Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period.

b. Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible,

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023

a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See Note 23 and 24 for further disclosures.

c. Retirement and other Employee benefits

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on publicly available mortality tables for India. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Further details about gratuity obligations are given in Note 21.

d. Determining the lease term of contracts with renewal and termination options – Company as lessee

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

e. Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the company. Such changes are reflected in the assumptions when they occur.

f. Claims, Provisions and Contingent Liabilities

The Company has ongoing litigations with various third parties / regulatory authorities. Where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its best estimate of the liability. Such accruals are by nature complex and can take number of years to resolve and can involve estimation uncertainty. Information about such litigations is provided in notes to the financial statements.

Between 6 and 10 years	3.30	1.97
Beyond 10 years	36.07	21.72
Total expected payments	39.78	23.98

Discount rate: The discount rate is based on the 5 years government bond yields as at the balance sheet date for the estimated term of the obligations.

Expected rate of return on plan assets: This is based on the expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligations.

Salary escalation rate: The estimates of future salary increases considered taking into account the inflation, seniority, promotion and other relevant factors.

The weighted average duration of the defined benefit obligation as at March 31, 2023 is 22 years (March 31, 2022: 20 years)

Description of risk exposure:

Valuations are performed on certain basic set of pre-determined assumptions and other regulatory frame work which may vary over time. Thus, the Company is exposed to various risks in providing the above gratuity benefit which are as follows:

Interest rate risk:

The plan exposes the company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefits and will thus result in an increase in the value of the liability (as shown in financial statements).

Liquidity risk:

This is the risk that the Company is not able to meet the short-term gratuity pay outs. This may arise due to non-availability of enough cash/cash equivalent to meet the liabilities or holding illiquid assets not being sold in time.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023**Salary escalation risk:**

The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Regulatory risk:

Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts.

Asset liability mismatching or market risk:

The duration of the liability is longer compared to duration of assets, exposing the Company to market risk for volatilities/fall in interest rate.

Investment risk:

The probability or likelihood of occurrence of losses relating to the expected return on any particular investment.

22. Contingent liabilities, commitments and leasing arrangements**22.a. Contingent Liabilities**

Claims against the Company not acknowledged as debts:

Rs. in Lakhs

Particulars	As at March 31, 2023	As at March 31, 2022
Service Tax Demand	65.91	65.91
	65.91	65.91

The Company has been advised by its lawyers that none of the claims are tenable and is therefore contesting the same and hence has not been provided for in the books. The future cash flows on account of the above cannot be determined unless the judgements/decisions are received from the ultimate judicial forums. No reimbursements is expected to arise to the Company in respect of above cases.

Trade Payables	20.05	7.58	20.05	7.58
Other Financial Liabilities	19.64	18.34	19.64	18.34
Total Financial Liabilities	39.69	25.92	39.69	25.92

The management assessed that cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

24.1. Valuation principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as explained in Note 24.3.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023**24.2. Fair Value Hierarchy of assets and liabilities**

- I. The carrying amount and fair value measurement hierarchy for assets and liabilities as at March 31, 2023 is as follows:

Assets		Rs. in Lakhs			
Particulars	Fair Value through Profit & Loss Accounts				
	Level - 1	Level - 2	Level - 3	Total	
Investment in Unquoted Mutual Fund	100.03	-	-	100.03	
Total	100.03	-	-	100.03	

- II. The carrying amount and fair value measurement hierarchy for assets and liabilities as at March 31, 2022 is as follows:

Assets		Rs. in Lakhs			
Particulars	Fair Value through Profit & Loss Accounts				
	Level - 1	Level - 2	Level - 3	Total	
Investment in Unquoted Mutual Fund	38.27	-	-	38.27	
Total	38.27	-	-	38.27	

24.3 Valuation technique used**Investment in Unquoted mutual funds**

The majority of equity instruments are actively traded on public stock exchanges with readily available active prices on a regular basis. Such instruments are classified as Level 1. Units held in funds are measured based on their published net asset value (NAV), taking into account redemption and/or other restrictions. Such instruments are generally Level 1. Equity instruments in non-listed entities included investment in private equity funds are initially recognised at transaction price and re-measured (to the extent information is available) and valued on a case-by-case and classified as Level 3.

There have been no transfer between Level 1, 2 and 3 during the year ended March 31, 2023 and March 31, 2022.

25. Risk Management and financial objectives:

In order to avoid excessive concentrations of risk, the Company's policies and procedures include specific guidelines to focus on maintaining a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

The Company's financial liabilities comprise loans and borrowing and other payables. The main purpose of these financial liabilities is to finance the Company's operation. The Company's financial assets include loans, trade & other receivables and cash & cash equivalents. The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management has the overall responsibility for establishing and governing the Company's financial risk management framework and developing and monitoring the Company's financial risk management policies. The Company's financial risk management policies are established to identify and analyze the risks faced by the Company, to set and monitor appropriate controls.

25.1. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three type of risk i.e. currency risk, interest rate risk and other price risk such as commodity price risk and equity price risk. Financial instruments affected by market risk include trade payable, trade receivables, borrowings etc. Currency risk is not applicable to the Company it is not involved in substantial foreign currency transactions. Interest Rate risk is not applicable to the Company as it has has not taken any debt.

25.2. Price Risk

The Company's mutual funds and non-listed equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Company manages the equity price risk through diversification and by placing limits on individual and total instruments. Reports on the portfolio are submitted to the Company's senior management on a regular basis. The Company's Board of Directors reviews and approves all investment decisions.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023**25.3. Credit Risk**

Credit risk is the risk that counterparty will not meet its obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, bank balances, loans, investments and other financial assets. At each reporting date, the Company measures loss allowance for certain class of financial assets based on historical trend, industry practices and the business environment in which the Company operates. Credit risk with respect to trade receivables are limited, due to the Company's customer profiles are well balanced in Government and Non Government customers and diversified amongst in various construction verticals and geographic. All trade receivables are reviewed and assessed on a quarterly basis. Credit risk arising from investments, financial instruments and balances with banks is limited because the counterparties are banks and recognised financial institutions with high credit worthiness.

25.4. Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates.

Consolidated Financial Statements

INDEPENDENT AUDITOR'S REPORT

To the Members of

Sastasundar Ventures Limited

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

1. We have audited the accompanying Consolidated Financial Statements of Sastasundar Ventures Limited (hereinafter referred to as the "Holding Company") and its subsidiaries including step down subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), its associate , which comprise the consolidated Balance Sheet as at 31st March, 2023, and the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").
2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements of such subsidiaries as were audited by the other auditors, and in case of entities referred to in paragraph 18 below , the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associate as at 31st March, 2023, and its consolidated total comprehensive income (comprising of profit and other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Qualified Opinion

3. The accompanying Consolidated Financial Statement include the financial statement of Sastasundar Healthbuddy Limited ("SHBL"), whose financial statements reflect total assets of Rs. 87,168.74 Lakhs as on 31st March, 2023 and total revenue of Rs. 1,02,623.76 Lakhs, total net profit/ (loss) after tax of Rs. (-) 1,675.56 Lakhs, total comprehensive income/(Loss) of Rs. (-) 34.50 Lakhs for the year ended 31st March, 2023 respectively and net cash inflows/ (outflows) of Rs. 1,897.04 Lakhs for the year ended 31st March, 2023. The Independent Auditors of SHBL have given a Qualified Opinion on the financial statements of SHBL for the year ended 31st March, 2023 vide their report dated July 13, 2023, which has been considered by us. The basis for Qualified Opinion described by the Independent Auditors of SHBL in their report is as under:
 - a. "We draw attention to Note 47 of the Consolidated Financial Statement with regard to fair valuation of the investment in 0.01% Non-Cumulative Compulsorily Convertible Preference Shares (CCPS) issued by its associate (erstwhile wholly owned subsidiary) by the management based on its internal assessment and best estimate of the milestone shares, milestone events and milestone consideration, as defined in the Put Call Option Agreement dated 19 November 2021 and its subsequent amendments. Pending finalisation of the terms and conditions of the milestone shares, milestone events and milestone consideration, the auditor of subsidiary company were unable to obtain sufficient appropriate audit evidence about the fair value the CCPS as at 31 March 2023. Consequently, we were unable to determine whether any adjustments to these amounts were necessary and its resultant impact on the loss for the year ended 31 March 2023.
 - b. We draw attention to Note 34.1 of the financial statement, the Company has recorded INR 161.40 lacs as an expense during the year and disclosed as exceptional item. The Company has not determined the period specific effects on comparative information for the prior periods of the impact of misappropriation of cash collections from customers aggregating to INR 161.40 lacs by few employees. As a result, we are unable to assess the likely impact of the non-compliance with the Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors, on the financial statements including the comparative information presented and disclosures thereof.
 - c. Based on audit procedures performed in relation to trade payables, on sample vendor balances we noted instances wherein the independent balance confirmations received from vendors were not in agreement with the balances in the books of account. As stated in Note 16.2 to the financial statements, the management is in the process of reconciling the outstanding balances as at 31 March 2023. Pending reconciliations of the said balances, we are unable to comment on the adjustments, if any, with respect to the balances of trade payables arising out of such reconciliation and its consequential impact on these financial statements."

INDEPENDENT AUDITOR'S REPORT

4. The accompanying Consolidated Financial Statement include the financial statements of Retailer Shakti Supply Chain Private Limited ("RSSCPL"), whose separate audited financial statement reflect total assets of Rs. 743.46 Lakhs as on 31st March, 2023 and total revenue of Rs. 18,563.93 Lakhs, total net profit/ (loss) after tax of Rs. (-) 1,309.32 Lakhs, total comprehensive income/(Loss) of (-) Rs. 1,355.23 Lakhs for year ended 31st March, 2023 respectively and net cash inflows/ (outflows) of Rs. 91.42 Lakhs for the year ended 31st March, 2023. The Independent Auditors of RSSCPL have given a Qualified Opinion on the financial statements of RSSCPL for the year ended 31st March, 2023 vide their report dated July 13, 2023, which has been considered by us. The basis for Qualified Opinion described by the Independent Auditors of RSSCPL in their report is as under:

"We draw attention to Note 34.1 of the Consolidated Financial Statements, the Company has recorded INR 635.05 lacs as an expense during the year and disclosed as exceptional item. The Company has not determined the period specific effects on comparative information for the prior periods of the impact of misappropriation of cash collections from customers aggregating to INR 635.05 lacs by few employees. As a result, we are unable to assess the likely impact of the non-compliance with the Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors, on the Consolidated Financial Statements including the comparative information presented and disclosures thereof."

Considering the qualifications and non-compliance of Indian Accounting Standards mentioned in paragraphs 3 and 4 above, we are unable to determine and comment on the extent of adjustments, if any, that may be required to these Statement for the year ended 31st March, 2023.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 (the 'Act'). Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statement section of our report. We are independent of the Company, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act, and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us and the other auditor in terms of their report referred to in 'Other Matter' paragraph below, is sufficient and appropriate to provide a basis for our qualified opinion.

Emphasis of Matter

5. We draw your attention to the following matter:
- Refer Note 50.5 to the Consolidated Financial Statements, which more fully explains that during the course of preparation of the Consolidated Financial Statements for the year ended 31 March 2023 management of the Company identified and corrected an accounting error in respect of recognition of deferred tax liability pertaining to the previous year. Accordingly, the corresponding figures pertaining to the year ended 31 March 2022 have been restated in accordance with the requirements of applicable standards, for rectification of material prior period errors.
 - We draw attention to Material Uncertainty Relating to Going Concern has been communicated to us by the auditors of Happymate Foods Limited ('HFL'), a step-down subsidiary of the Holding Company, vide their audit report stating that HFL's current liability exceeds its current assets as at 31st March 2023 and as of that date the Company's net worth has been eroded. However, the Financial Statement of HFL has been prepared on going concern basis due reasons stated in Note 45 to the Consolidated Financial Statements.

Our opinion is not modified in respect of these matters.

Key Audit Matters

6. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below as Key audit matters and for each matter, our description of how our audit addressed the matter is provided in that context.

INDEPENDENT AUDITOR'S REPORT

Key audit matters	How our audit addressed the key audit matter
<p>Impairment of Goodwill</p> <p>The Group's balance sheet includes Rs. 3,614.34 lakhs of goodwill. In accordance with applicable Accounting Standard, goodwill balances are allocated to Cash generating Units (CGUs) which are tested annually for impairment by determining the recoverable amounts of the CGUs, which are compared with the carrying amount of the net assets of the CGUs, including goodwill. The total investment in associate is also tested for impairment A deficit in recoverable amount compared with the carrying amount would result in an impairment. The annual impairment testing of Goodwill for impairment is considered a key audit matter because the assumptions on which the tests are based are highly judgmental and affected by future market conditions, which are inherently uncertain, and because of the materiality of the balances taken as a whole. On review of the same, the management concluded that the recoverable amount of each separate CGU was higher than their carrying value and no impairment was required for the current year.</p>	<p>Principal Audit Procedures</p> <p>We considered the controls implemented by management in testing for impairment.</p> <p>We have tested the design, implementation and operating effectiveness of controls over the process of impairment assessment and performing substantive testing in respect of financial projections for their accuracy.</p> <p>We also reviewed the sensitivity analysis performed by the management of the Parent on the key assumptions.</p>

Information Other than the Consolidated Financial Statements and auditor's report thereon

7. The Holding Company's Board of Directors is responsible for the other information. The other information comprise the information included in the Holding Company's annual report, but does not include the Consolidated Financial Statements, Standalone Financial Statements and our auditor's report thereon. The Other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information, and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information, compare with the financial statement of the subsidiary audited by the other auditor, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditor and consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed and based on the work done / audit report of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

8. The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group including its associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

INDEPENDENT AUDITOR'S REPORT

9. In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group and of its associate are responsible for assessing the ability of the Group and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
10. The respective Management and Board of Directors of the companies included in the Group and of its associate are responsible for overseeing the financial reporting process of the Group and of its associate.

Auditors' Responsibility for the Audit of the Consolidated Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.
12. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Holding company has adequate internal financial controls with reference to Consolidated Financial Statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
13. Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

INDEPENDENT AUDITOR'S REPORT

14. We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
15. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
16. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
17. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

18. ANNEXURE - B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 22 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report on Consolidated Financial Statements to the Members of even date)

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

Adverse Opinion

1. In conjunction with our audit of the Consolidated Financial Statements of the Company as of and for the year ended 31st March, 2023, we have audited the internal financial controls with reference to financial statements of Sastasundar Ventures Limited (hereinafter referred to as "the Holding Company") and its subsidiaries including step down subsidiaries (Holding Company and its subsidiaries together referred to as "the Group") and its associate which are companies incorporated in India, as of that date.
2. In our opinion, because of the effects/ possible effects of the material weakness described in paragraph 4(a) of the Basis for Adverse Opinion section of our report below on the achievement of the objectives of the control criteria the Group has not maintained adequate internal financial controls with reference to Consolidated Financial Statements and because of the effects/ possible effects of the material weakness described in paragraphs 4 (b) and (c) of the Basis for Adverse Opinion section of our report below on the achievement of the objectives of the control criteria, the Company's internal financial controls with reference to Consolidated Financial Statements were not operating effectively as of 31 March 2023, based on the internal financial controls with reference to financial statements criteria established by the Group considering the essential components of internal control stated in the Guidance Note issued by the ICAI.
3. We have considered the material weaknesses identified and reported below in the Basis for Adverse Opinion paragraph in determining the nature, timing, and extent of audit tests applied in our audit of the 31 March 2023 financial statements of the Company, and these material weaknesses has affected our opinion on the financial statements of the Company, and we have issued a qualified opinion on the financial statements.

Basis for Adverse Opinion

4. According to the information and explanations given to us and Auditors' reports on internal financial control of two material subsidiary companies in the Group i.e. Sastasundar Healthbuddy Limited (Subsidiary) and Retailer Shakti Supply Chain Private Limited (Step-down Subsidiary), we draw your attention to the following material weaknesses reported by their respective auditors':
 - a) The aforesaid Subsidiary companies did not have an appropriate internal control system:
 - for cash collections and debtors balance reconciliations which resulted in the omission of recording cash collected from debtors due to fraud.
 - for reconciliations of trade payables which could potentially result in material misstatements in the Group's trade payables and related purchase balances.
 - b) The internal control system for preparation of financial statements of one subsidiary, Sastasundar Healthbuddy Limited in compliance with Ind AS was not operating effectively which resulted in prior period error (for compliance with Ind AS 12) and non-compliance with Ind AS 8.
 - c) The internal control system for management review of estimates of one subsidiary, Sastasundar Healthbuddy Limited in relation to valuation of investments was not operating effectively which resulted in non-compliance with Ind AS.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Group's annual or interim financial statements will not be prevented or detected on a timely basis.

ANNEXURE - B TO THE INDEPENDENT AUDITOR'S REPORT

Management's responsibility for internal financial controls

5. The respective Board of Directors of the Holding Company, its subsidiaries and its associate to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to financial statements is applicable, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's responsibility

6. Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.
7. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.
8. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system with reference to Consolidated Financial Statements.

Meaning of internal financial control over financial reporting with reference to Consolidated Financial Statements

9. A company's internal financial control with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Consolidated Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent limitation of internal financial control over financial reporting with reference to Consolidated Financial Statements

10. Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the internal financial control with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

11. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to Consolidated Financial Statements insofar as it relates to subsidiaries and associate, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not modified in respect of this matter.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023**1. Corporate Information**

The consolidated financial statements comprise financial statements of Sastasundar Ventures Limited (the “Company” or “SVL”) and its subsidiaries (collectively, the Group) for the year ended 31 March 2023. The company is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its shares are listed on BSE Limited and National Stock Exchange of India Limited. The registered office of the company is located at Azimganj House, 2nd Floor, 7 Abanindra Nath Thakur Sarani (formerly Camac Street), Kolkata - 700 017.

At present, the group is focusing largely on the business of digital network of healthcare and portfolio management service.

2.1 Basis of preparation

The consolidated financial statements of the Group has been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division III of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III).

The consolidated financial statements were authorised for issue by the Group’s Board of Directors on 14th July 2023.

The consolidated financial statements have been prepared on a historical cost basis except certain financial assets and liabilities which are measured at Fair Value as required by the relevant Indian Accounting Standards

The consolidated financial statements are presented in INR and all values are rounded to the nearest lakhs (in two decimals), except when otherwise indicated.

The Group has prepared the consolidated financial statements on the basis that it will continue to operate as a going concern.

2.2. Basis of Consolidation

The consolidated financial statements comprise the financial statements of the group and its subsidiaries as at 31 March 2023. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- ▶ Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- ▶ Exposure, or rights, to variable returns from its involvement with the investee, and
- ▶ The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- ▶ The contractual arrangement with the other vote holders of the investee
- ▶ Rights arising from other contractual arrangements
- ▶ The Group’s voting rights and potential voting rights
- ▶ The size of the group’s holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

An associate is an entity, over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023

in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31 March. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

Consolidation procedure:

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- (b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- ▶ De-recognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost
- ▶ De-recognises the carrying amount of any non-controlling interests
- ▶ De-recognises the cumulative translation differences recorded in equity
- ▶ Recognises the fair value of the consideration received
- ▶ Recognises the fair value of any investment retained
- ▶ Recognises any surplus or deficit in profit or loss
- ▶ Recognise that distribution of shares of subsidiary to Group in Group's capacity as owners
- ▶ Reclassifies the parent's share of components previously recognised in OCI to profit or loss or transferred directly to retained earnings, if required by other Ind ASs as would be required if the Group had directly disposed of the related assets or liabilities

3.1. Summary of significant accounting policies

- a. Fair value measurement

The Group measures financial instruments, such as, mutual funds at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- ▶ In the principal market for the asset or liability, or
- ▶ In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its best possible manner or by selling it to another market participant that would use the asset in its best possible manner.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ▶ Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ▶ Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of their nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

b. Income Recognition

At contract inception, Group assesses the goods or services promised in a contract with a customer and identify as a performance obligation each promise to transfer to the customer. Income is recognised upon transfer of control of promised products or services to customers in an amount of the transaction price that is allocated to that performance obligation and that reflects the consideration which the Group expects to receive in exchange for those products or services.

The Group considers the terms of the contract and its customary business practices to determine the transaction price. The transaction price is the amount of consideration to which an entity expects to be entitled in exchange for transferring promised goods or services to a customer net of returns, excluding amounts collected on behalf of third parties (for example, taxes).

With respect to sale of products revenue is recognised at a point in time when the performance obligation is satisfied and the customer obtains the control of goods or services. There is no significant financing components involved on contract with customers. Invoices are usually payable within the credit period as agreed with respective customers.

The Group recognises revenue only when it is probable that it will collect the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer.

For contracts that permit the customer to return an item, revenue is recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur.

Therefore, the amount of revenue recognised is adjusted for expected returns, which are estimated based on the historical experience of sales returns, market conditions and specific contractual terms. In these circumstances, a refund liability and a right to recover returned goods asset are recognised.

The right to recover returned goods asset is measured at the former carrying amount of the inventory less any expected costs to recover goods. The refund liability is included in other current liabilities and the right to recover returned goods is included in other current assets. The Group reviews its estimate of expected returns at each reporting date and updates the amounts of the asset and liability accordingly.

Interest income is recognised in the Statement of Profit and Loss using the effective interest method in case of Financial Assets at Amortised Cost.

Dividend income is recognised in the Statement of Profit and Loss when the right to receive dividend is established except in case of dividend from Mutual Funds, which are recognized on cash basis.

Fees from Investment Banking activities which include Mergers & Acquisitions, Investment and other advisory services are recognized as revenue when the relevant services are rendered to the customers and there are reasonable certainties as regarding the ultimate collectability of such revenue. The Group collects taxes on behalf of the Government and, therefore, it is not an economic benefit flowing to the Group. Hence, it is excluded from revenue.

Income from Royalty is recognised on an accrual basis in accordance with the terms of the relevant agreement.

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

c. Foreign currencies

The Group's financial statements are presented in INR, which is also the Group's functional currency. Transactions in foreign currencies are translated into the functional currency of the Group at the exchange rates at the dates of the transactions or an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rates at the date of the transaction.

Exchange differences are recognised in the statement of profit and loss.

d. Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received, and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

e. Income Taxes

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current-tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax is recognised on temporary differences between the tax bases and accounting bases of assets and liabilities at the tax rates and laws that have been enacted or substantively enacted at the Balance Sheet date.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on either the same taxable entity or different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

For items recognised in OCI or equity, deferred / current tax is also recognised in OCI or equity.

f. Investment Property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023

On transition to IND AS, the Group has elected to measure all of its investment properties at the previous GAAP carrying value (deemed cost)

The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

Depreciation on Investment property is depreciated under Written down Value (WDV) basis over the estimated useful lives of the assets prescribed as per Schedule II of the Companies Act.

Though the Group measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based internally on an annual evaluation performed by applying a valuation model recommended by the International Valuation Standards Committee.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

g. Property, plant and equipment and depreciation

Property, Plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labor, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group and the cost can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. Assets held for sale are stated at lower of their carrying amount and fair value less cost to sell and depreciation on such assets ceases and shown under "Assets held for sale".

Any gain or loss on disposal of an item of property, plant and equipment is recognised in statement of profit and loss.

Depreciation is calculated on a Written Down Value (WDV) basis over the estimated useful lives of the assets as follows:

Type of Asset	Useful Life estimated by the management
Building	60 Years
Plant & Equipment	5-15 years
Computers	3 years
Furniture & Fixtures	10 years
Office equipments	5 years
Electrical Equipments	10 years
Motor Vehicles	8 years

The Group depreciates the cost of Property, plant and equipment less their estimated residual values over estimated useful lives which are as per the useful life prescribed in Schedule II to the Companies Act, 2013 except Plant & Equipment which is lower than those indicated in Schedule II i.e. 5-15 years. The management believes that these useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023

Depreciation method, useful lives and residual values are reviewed at each financial year end and adjusted if appropriate. Based on the technical evaluation, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro-rate basis i.e. from (upto) the date on which asset is ready for use (disposed of).

h. Intangible assets and amortisation

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising upon derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

i. Leases

The Group assesses whether a contract contains a lease as per the requirements of Ind AS 116 “Leases” at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

The Group recognises right-of-use assets (“ROU”) and a lease liability at the lease commencement date except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or the cost of the right-of-use asset reflects that the Group will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of lease payments that are not paid at the commencement date, discounted using the incremental borrowing rate of the Group. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023**j. Inventories**

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- ▶ Raw materials and Packing materials: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.
- ▶ Finished goods: cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs. Cost is determined on first in, first out basis.
- ▶ Stock-in-trade: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

k. Impairment of non-financial assets

The Group's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are combined together into cash-generating units (CGUs). Each CGU represents the smallest Group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or Group of CGUs) on a pro rata basis.

In respect of other assets for which impairment loss has been recognised in prior periods, the Group reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

l. Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as a finance cost. Expected future operating losses are not provided for.

m. Employee benefits**Short term employee benefits**

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023**Post-retirement benefits**

Post-retirement benefits to employee can either be through Defined Contribution Plan or Defined Benefit Plan.

Defined Contribution Plan

Retirement benefit in the form of provident fund and ESI is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognizes contribution payable to the provident fund scheme and ESI as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Defined Benefit Plan

The Group operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the statement of profit and loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Group recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

n. Financial instruments**Recognition and Initial measurement**

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

Classification and Subsequent measurement

On initial recognition, a financial asset is classified as measured at amortised cost; Fair value through other comprehensive income (FVOCI) – equity investment; or FVTPL. Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Group changes its business model for managing financial assets.

A financial asset is measured at the amortised cost if it meets both the conditions and is not designated as at FVTPL:

- i) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- ii) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Group may irrevocably designate a financial asset that

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023

otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

The subsequent measurement of gains and losses of various categories of financial instruments are as follows:

- (i) Financial assets at amortised cost: these assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.
- (ii) Equity investments at FVOCI: these assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.
- (iii) Financial assets at FVTPL: these assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held- for- trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and Losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Derecognition

Financial assets: The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred, or in which the Group neither transfers nor retains substantially all the risks and rewards of ownership and does not retain control of the financial asset. If the Group enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities: The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Group also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Impairment

The Group recognizes loss allowance using the expected credit losses (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

o. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

p. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss attributable to equity shareholders of the Company (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period.

Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q. Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

r. Segment Reporting

The Group has identified that its business segments are the primary segments. The Group's operating businesses are organized and managed separately according to the nature of products/services provided, with each segment representing a strategic business unit that offers different products/services and serves different markets. The analysis of geographical segments is based on the areas in which the operating divisions of the Group operates.

s. Exceptional items

Exceptional items are those items that management considers, by virtue of their size or incidence, should be disclosed separately to ensure that the financial information allows an understanding of the underlying performance of the business in the year, so as to facilitate comparison with prior years (where required). Such items are material by nature or amount to the respective year's result and require separate disclosure in accordance with Ind AS.

t. Borrowing costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

u. Investments in Subsidiaries and Associates

Investments in equity shares of subsidiaries are carried at cost less accumulated impairment losses, if any

Investments in its associates are accounted for using the equity method. Under the equity method, the investments in the equity of an associate is initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits/losses of the associates in profit or loss, and the Group's share in other comprehensive income of the associates.

Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries and associates, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023**v. Recent Accounting Pronouncements**

The Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

▶ Ind AS 1, Presentation of Financial Statements-

Companies are now required to disclose material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general-purpose financial statements. The Group does not expect this amendment to have any significant impact in its financial statement.

▶ Ind AS 8, Accounting policies, Change in Accounting Estimates and Errors-

Definition of ‘change in account estimate’ has been replaced by revised definition of ‘accounting estimate. As per revised definition, accounting estimates are monetary amounts in the financial statements that are subject to measurement uncertainty.

- A Group develops an accounting estimate to achieve the objective set out by an accounting policy.
- Accounting estimates include: a) Selection of a measurement technique (estimation or valuation technique) b) Selecting the inputs to be used when applying the chosen measurement technique.

The amendments will help entities to distinguish between accounting policies and accounting estimates. The Group does not expect this amendment to have any significant impact in its financial statements.

▶ Ind AS 12, Income Taxes-

Narrowed the scope of the Initial Recognition Exemption (IRE) (with regard to leases and decommissioning obligations). Now IRE does not apply to transactions that give rise to equal and offsetting temporary differences. Accordingly, companies will need to recognise a deferred tax asset and a deferred tax liability for temporary differences arising on transactions such as initial recognition of a lease and a decommissioning provision. The Group is evaluating the impact, if any, in its financial statements.

The Group is assessing the impact of these changes and will accordingly incorporate the same in the financial statements for the year ending March 2024.

2.3 Significant accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

a. Useful lives of property, plant and equipment:

As described in the significant accounting policies, the Group reviews the estimated useful lives of property, plant and equipment at the end of each reporting period.

b. Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See Note 41 and 42 for further disclosures.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023**c. Retirement and other Employee benefits**

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on publicly available mortality tables for India. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Further details about gratuity obligations are given in Note 37.

d. Determining the lease term of contracts with renewal and termination options – Group as lessee

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

e. Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

f. Claims, Provisions and Contingent Liabilities

The Group has ongoing litigations with various third parties / regulatory authorities. Where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its best estimate of the liability. Such accruals are by nature complex and can take number of years to resolve and can involve estimation uncertainty. Information about such litigations is provided in notes to the financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023**Expected payment for future years**

Particulars	(Rs. in Lakhs)	
	As at March 31, 2023	As at March 31, 2022
	Change in defined benefit obligation	
Within the next 12 months (next annual reporting period)	24.61	17.29
Between 2 and 5 years	22.12	16.22
Between 5 and 10 years	120.65	85.04
Beyond 10 years	2,168.87	766.60
Total expected payments	2,336.25	885.15

Discount rate: The discount rate is based on the 5 years government bond yields as at the balance sheet date for the estimated term of the obligations.

Expected rate of return on plan assets: This is based on the expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligations.

Salary escalation rate: The estimates of future salary increases considered taking into account the inflation, seniority, promotion and other relevant factors.

The Company expects to contribute Rs 24.61 lakhs to the fund in the next financial year. The weighted average duration of the defined benefit obligation as at March 31, 2023 is 19 years (March 31, 2022 is 20 years).

Description of risk exposure:

Valuations are performed on certain basic set of pre-determined assumptions and other regulatory frame work which may vary over time. Thus, the Company is exposed to various risks in providing the above gratuity benefit which are as follows:

Interest rate risk:

The plan exposes the company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefits and will thus result in an increase in the value of the liability (as shown in financial statements).

Liquidity risk:

This is the risk that the Company is not able to meet the short-term gratuity pay outs. This may arise due to non-availability of enough cash/cash equivalent to meet the liabilities or holding illiquid assets not being sold in time.

Salary escalation risk:

The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Regulatory risk:

Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts.

Asset liability mismatching or market risk:

The duration of the liability is longer compared to duration of assets, exposing the Company to market risk for volatilities/fall in interest rate.

Investment risk:

The probability or likelihood of occurrence of losses relating to the expected return on any particular investment.

Total Financial liabilities	8,300.40	4,640.00	8,300.40	4,640.00

The management assessed that cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other financial liabilities and assets approximate their carrying amounts largely due to the short-term maturities of these instruments.

Note 41.1. Valuation principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as explained in Note 42.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023**Note 42. Fair Value Hierarchy of assets and liabilities**

I. The carrying amount and fair value measurement hierarchy for assets and liabilities as at March 31, 2023 is as follows:

Assets (Rs. in lakhs)

Particular	Fair Value through Profit & Loss Accounts			
	Level - 1	Level - 2	Level - 3	Total
Investment in Unquoted Mutual Funds	6,987.88	-	-	6,987.88
Investment in Quoted Equity Shares	1,246.72	-	-	1,246.72
Investment in Unquoted Bonus 0.01% Non-Cumulative compulsory Convertible Preference share (fully paid up)	-	-	13,900.00	13,900.00
Total	8,234.60	-	13,900.00	22,134.60

II. The carrying amount and fair value measurement hierarchy for assets and liabilities as at March 31, 2022 is as follows:

Assets (Rs. in lakhs)

Particular	Fair Value through Profit & Loss Accounts			
	Level - 1	Level - 2	Level - 3	Total
Investment in Unquoted Mutual Funds	15,295.69	-	-	15,295.69
Investment in Quoted Equity Shares	2,595.86	-	-	2,595.86
Investment in Unquoted Bonus 0.01% Non-Cumulative compulsory Convertible Preference share (fully paid up)	-	-	13,700.00	13,700.00
Total	17,891.55	-	13,700.00	31,591.55

Note 42.1. Valuation technique used**Level 1 Hierarchy:****Investment in Quoted Equity Shares & Unquoted Mutual Fund:**

The majority of equity instruments are actively traded on public stock exchanges with readily available active prices on a regular basis. Such instruments are classified as Level 1. Units held in funds are measured based on their published net asset value (NAV), taking into account redemption and/or other restrictions. Such instruments are generally Level 1.

Level 2 Hierarchy:

Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable are classified as Level 2.

Level 3 Hierarchy:**Investment in Unquoted Bonus 0.01% Non-Cumulative compulsory Convertible Preference share ("Bonus CCPS")**

The Company has computed the value of Bonus CCPS by discounting the cash flows i.e., using Discounted Cash Flow Method. The valuation requires management to use unobservable inputs in the model, of which the significant unobservable inputs are disclosed in the tables below. Management regularly assesses reasonably possible alternatives for those significant unobservable inputs and determines their impact on the total fair value. . Also refer note 47.

There have been no transfer between Level 1, 2 and 3 during the year ended March 31, 2023 and March 31, 2022.

Description of significant unobservable inputs to valuation:

The significant unobservable inputs used in the fair value measurement categorised within Level 3 of the fair value hierarchy together with a quantitative sensitivity analysis as at 31 March 2023 and 31 March 2022 are as shown below:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023

	Valuation Technique	Significant unobservable inputs	Inter relationship between significant unobservable inputs and fair value measurement
Bonus 0.01% Non-Cumulative compulsory Convertible Preference share (Bonus CCPS)	Discounted Cash Flow Method	Discount Rate	The estimated fair value would increase / (decrease) if the discount rate were lower / (higher)

Note 43. Financial risk management objectives and policies

The Company's financial liabilities comprise loans and borrowing and other payables. The main purpose of these financial liabilities is to finance the Company's operation. The Company's financial assets include loans, trade & other receivables and cash & cash equivalents. The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management has the overall responsibility for establishing and governing the Company's financial risk management framework and developing and monitoring the Company's financial risk management policies. The Company's financial risk management policies are established to identify and analyze the risks faced by the Company, to set and monitor appropriate controls.

Note 43.1. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three type of risk i.e. currency risk, interest rate risk and other price risk such as commodity price risk and equity price risk. Financial instruments affected by market risk include trade payable, trade receivables, borrowings etc. Currency risk is not applicable to the Company it is not involved in substantial foreign currency transactions.

Note 43.1.1. Price Risk

The Company's investment in mutual funds, listed and non-listed equity securities are susceptible to market price risk arising from uncertainties about future values of the investment. The Company manages such risk through diversification and by placing limits on individual and total instruments. Reports on the portfolio are submitted to the Company's senior management on a regular basis. The Company's Board of Directors reviews and approves all investment decisions.

Note 43.2. Credit Risk

"Credit risk is the risk that counterparty will not meet its obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, bank balances, loans, investments and other financial assets. At each reporting date, the Company measures loss allowance for certain class of financial assets based on historical trend, industry practices and the business environment in which the Company operates.

Customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored and credit quality of a customer is assessed and individual credit limits are defined in accordance with this assessment. Credit risk arising from investments, financial instruments and balances with banks is limited because the counterparties are banks and recognised financial institutions with high credit worthiness.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023**Note 43.3. Liquidity Risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates.

Note 46.5.

During the current year, the management of Sastasundar Healthbuddy Limited, subsidiary of the company has committed to a plan to sell few assets. The assets were disposed subsequent to the year-end at a price which is equivalent to its carrying value i.e. Rs. 249.39 lakhs . There are no cumulative income or expenses included in OCI relating to the aforesaid assets.

Note 47.

“Sastasundar Healthbuddy Limited (“SHBL”), subsidiary of the company has received 99,873 number of 0.01% Non-Cumulative Compulsorily Convertible Preference Shares (CCPS) from its associate (erstwhile wholly owned subsidiary) in the previous financial year. The Company has entered into a Put Call Option Agreement on 19 November 2021 with its associate and the purchaser (‘the investor’) (the Holding Company of the associate) whereby it agreed to sell 75.1% of the aforesaid CCPS (‘milestone shares’) to the investor at a specified consideration on achievement of certain milestones on or before the milestone event target dates by the Company. The put call option agreement was subsequently amended on 3 March 2022 and 17 April 2023. As per the last amendment, the Company agreed to transfer 12,612 CCPS to the investor for an agreed consideration, against which Rs. 1,669.23 lakhs was received in May 2023, and 4,182 CCPS to be converted into equity shares of the associate as per the conversion ratio defined in the agreement, post achievement of the specified milestones. With respect to the remaining CCPS, it was decided that the Company, the associate and the investor will mutually discuss and agree in writing the terms and conditions of the remaining milestone events, milestone shares and milestone consideration. The maximum overall consideration payable for all milestones has been specified by the amendment agreement dated 17 April 2023 which is in line with the amended Put Call Option Agreement dated 3 March 2022.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2023

The management, based on its internal assessment and best estimate of milestone events, milestone shares and milestone consideration, has derived the fair value of the investment for the aforesaid CCPS by engaging an independent registered valuer. Further, SHBL estimates that all the milestone events would fall due within a period of 12 months from the Balance Sheet date and hence 75.1% of the aforesaid investment has been classified under current assets in the books of SHBL.
