Introducing H2O Dynamics India Limited New Subsidiary for Advanced Wastewater Solutions

Mumbai, 07th June 2024 – Meson Valves India Limited ((BSE CODE: 543982), globally recognized as The Valve Specialists, specializes in assembling, manufacturing, purchasing, distributing, and servicing a wide range of products across various industries, has signed an e-MOA to incorporate H2O Dynamics India Limited, a new subsidiary.

H2O Dynamics India Limited is a forward-thinking company dedicated to addressing the complex challenges of industrial wastewater treatment across diverse sectors.

Their expertise spans the food and beverage, automotive, mining, pharmaceutical, petrochemical, and power industries, offering bespoke solutions that comply with the most demanding wastewater treatment standards and regulations.

By specializing in high biological oxygen demand (**BOD**), chemical oxygen demand (**COD**), and total suspended solids (**TSS**) treatment, the company ensures that wastewater is processed efficiently, safeguarding environmental and public health.

Their comprehensive services include not only the design and manufacturing of cutting-edge water processing equipment but also its repair, installation, import, export, and distribution.

The company's advanced treatment technologies, such as evaporation, filtration, clarification, and both aerobic and anaerobic processes, are adept at removing pollutants like oil, grease, heavy metals, and other hazardous chemicals.

Mr. Brijesh Manerikar, Chairman & Managing Director of Meson Valves India Limited, proudly highlighted the company's remarkable performance: " We are proud to announce the Incorporation of the new subsidiary 'H2O Dynamics India Limited', which enhances the products and services of our company. The increasing market acceptance of our innovative solutions is a testament to our commitment to excellence.

Dedicated to innovation and quality positions them as a trusted partner in effective industrial wastewater management, ensuring sustainability through tailored treatment solutions that meet each client's unique needs.

This strategic move allows us to cater to a diverse range of industries, including food and beverage, automotive, mining, pharmaceutical, petrochemical, and power industries, further solidifying our commitment to providing top-tier solutions across various sectors."

About Meson Valves India Limited:

Established in 2016, Meson Valves India Limited (MESON) emerges as a prominent global player in the manufacturing of high-quality valve products across various industries. Their expertise spans the Defence, Marine, Industrial, Oil & Gas, and Power sectors, showcasing their versatility and commitment to meeting diverse market demands.

They leverage cutting-edge technologies to innovate in valve solutions, meeting evolving industry demands. With a strong global presence, MESON offers a comprehensive range of valves in various materials, backed by experienced engineers providing tailored automation systems.

As an ISO 9001 certified company, MESON prioritizes quality assurance, registering with reputed firms and supplying valves for critical applications, including defence projects.
