SPANISH PM SAYS LOOKING FORWARD TO ADVANCING FTA TALKS

'Enormous' potential for India-EU ties

PRESS TRUST OF INDIA New Delhi, October 29

SPANISH PRIME MINISTER Pedro Sánchez on Tuesday said he looks forward to advancing EU-India FTA negotiations...

Spain's Prime Minister Pedro Sánchez (centre) shakes hands with road transport & highways minister Nitin Gadkari at the India-Spain business summit in Mumbai on Tuesday

The EU and India proposed a free trade agreement (FTA) aimed at further boosting bilateral trade and investments between the two regions...

Mumbai, a statement issued by the industry body said. This is Sánchez's first visit to India. "We have a lot to offer to India with our experience in solar and wind power..."

can make a big impact on the global economy and the environment," Sánchez said. He further said Spain's advanced railway systems, subway networks, and transport solutions can greatly benefit India's infrastructure projects...

and highways minister Nitin Gadkari said, "Our Prime Minister's dream is to make India carbon neutral by 2070. Whether it's fossil fuel or energy, green energy and green mobility are now priorities..."

Spanish PM for open and secure Indo-Pacific

UNDERLINING THE NEED to protect freedom of navigation amid assertiveness of Beijing in the South China Sea, Spain's Prime Minister Pedro Sánchez on Tuesday said his country and India must contribute in building an Indo-Pacific region that is open and secure.

Speaking at an event in Mumbai, he maintained that the rules-based international order is at stake and hence Madrid and New Delhi must defend and work towards strengthening multilateral institutions...

Sánchez announced that Spain is working to launch a new strategy for Asia which will revitalise his country's relations with the largest continent in the world.

CBDT chief pitches for 'responsive, fair' tax administration

PRESS TRUST OF INDIA New Delhi, October 29

CBDT CHAIRMAN RAVI Agrawal Tuesday urged income tax department officials to continue to focus on creating a "responsive and fair" administration, saying there was still much to be done for building a system that was "efficient and empathetic" to the needs of the taxpayers.

Ravi Agrawal

Greeting officials of the tax department ahead of Diwali, he said the values of "perseverance, integrity, and wisdom" guide the department officials in their personal and professional lives.

"I believe that our collective efforts will bring significant improvements in the ease of compliance, transparency, and taxpayer services," Agrawal wrote in his message to the department. A prudent approach, the CBDT head said, coupled with dedication and innovation, must serve as the cornerstone of our progress.

Oil firms hike commission of dealers

STATE-OWNED FUEL RETAILERS on Tuesday hiked commission paid to dealers on sale of petrol by 65 paise a litre and that on diesel by 44 paise per litre without any change in retail selling price.

They also rationalised intra-state freight that will result in a cut in petrol and diesel prices in several places in states such as Odisha, Chhattisgarh, and Himachal Pradesh. This is the first revision in commission paid to dealers in nearly eight years.

"IndianOil is pleased to announce a revision in the dealer margins (effective from 30th October 2024), following the resolution of a pending litigation. This will have no additional impact on the Retail Selling Price of products," Indian Oil Corporation (IOC)—the market leader—said in a post on X. At present, dealers are paid ₹1,868.14 per kilolitre, plus 0.875% of produce billable price, as commission on petrol. The same on diesel is ₹1,389.35 per kl plus 0.28% of product billable price. This will go up by ₹0.65 per litre on petrol and ₹0.44 a litre on diesel.

Trai SMS traceability rule kicks in Dec 1

FE BUREAU New Delhi, October 29

THE TELECOM REGULATORY Authority of India (Trai) has extended the deadline for the implementation of the SMS traceability guidelines for telecom operators to December 1 from November 1.

The new system requires certain technical tweaks from telemarketers that involve defining principal entity (PE)-Telemarketers (TMs) chain, based on which the telecom operators will be able to trace the messages. In absence of the same, the telemarketers will be blocked from sending the messages, and the same could disrupt one-time passwords (OTPs) as well.

Trai said in a notification, directing the telecom operators to ensure the same. The regulator further asked the telcos to issue a warning on daily basis to defaulting principal entities and telemarketers who continue to send messages without defining the requisite PE-TM chain binding or upgrading their systems and take corrective actions at the earliest. On failure of the same, telcos are asked to ensure that no messages shall be transmitted with effect from November 30.

"Reject the messages, with effect from December 1, 2024, where the complete chain is not defined or does not match with pre-defined chain," Trai asked telcos. Until November 30, telecom operators will have to submit a daily progress report regarding messages complying to or failing to comply to the chain-binding process. In response to Trai's multiple directions on curbing spam communications, over 800 entities/individuals have been blacklisted, and more than 1.8 million mobile numbers have been disconnected. In compliance with Trai's directions, telcos have implemented mandatory whitelisting of URLs, APKs, or OTT links in messages with effect from October 1. This way, only safe and approved links can get through the SMS, protecting consumers from harmful or fake websites, apps, or other online threats, Trai said.

SOMANY CERAMICS LIMITED ZAMEEN SE JUDEY. Includes financial results table for Q3 and H1 2024, listing metrics like Total Income from Operations, Net Profit, and Earnings per Share.

Investors' interest in UP growing: CM

PRESS TRUST OF INDIA Lucknow, October 29

UTTAR PRADESH CHIEF minister Yogi Adityanath on Tuesday said the investment proposals worth ₹40 lakh crore received during last year's Global Investors Summit bear testimony to the growing interest of investors from across the globe in the state.

in the state," he said. He said that earlier — before the BJP came to power — the state was struggling with a damaged reputation. "The state was known for riots, criminal gangs, political corruption, and governance issues. This led to a crisis for young people who faced a lack of jobs, respect, and security. Festivals and celebrations were marked by fear, and residents worried about violence," he said. "Today the state is free from riots and lawlessness. Previously, investors hesitated to invest in UP and those who did often sought ways to leave. Now the state has created a safe and stable environment that attracts businesses and provides new opportunities for its youth," Adityanath said.

These proposals not only signify the state's progress but also narrate its transformative development journey, he said at an event here.

"Over the past seven years, Uttar Pradesh has seen major changes that have improved its reputation both in India and around the world. As a result, investors are now drawn to invest

Canara Bank Aspire AN EXCLUSIVE SAVINGS ACCOUNT FOR YOUTH - 18 to 28 years. Includes financial results table for Q3 and H1 2024, listing metrics like Global Business, Gross Advances, RAM Credit, Retail Credit, Net Interest Income, Net Profit, PCR, CRAR, Gross NPA, Net NPA, and Slippage Ratio.

Sugar firms seek hike in price to cut losses

SUGAR INDUSTRY BODY ISMA has demanded that the minimum selling price (MSP) of the sweetener be increased to ₹39.14 per kg from ₹31 as millers are facing losses due to high production cost.

per quintal for the 2024-25 sugar season. Under the Sugar Price (Control) Order of 2018, MSP determination should account for FRP levels, but the current MSP fails to reflect these rising costs.

"As sugar contributes over 85% of the industry's revenue, ISMA stresses that the ex-mill price of sugar must be sufficient to cover cane purchase costs and support financial viability," it said. At present, ex-mill sugar prices average ₹36.5 per kg, which falls below the calculated production cost of ₹41.66 per kg.
