Let's Connect

Human beings were not meant to live or work in isolation. In personal and corporate life, the key to better decision making and heightened performance is to stay connected across teams, organizations and boundaries.

Let's Communicate

Let each other know. Information that is not shared and knowledge that is not exchanged becomes static. A dynamic performance is the result of teamwork and teamwork is based on communication. It's important to listen and talk, to share our insights and to take relationships forward.

Let's Collaborate

Create a value culture where every member is seen and heard, where teams work in tandem, where every individual is a part of the chain. When collaboration becomes the key word, many minds will work as one and empower the future.

We are all in it together

Together, we make it better.

"We are all in it together. Whether as a society or as an organization, truly significant results are achieved not in isolation but by being linked to each other. It has always been our belief that to get the best out of ourselves, we all need to stay in sync and work in tandem. This, indeed, is the bedrock of excellence.

Staying connected at all levels means greater awareness of each other's actions and thereby, better decision making. The next step is to communicate with each other. Sharing information, correlating ideas and forging bonds leads to loyalty, focus and success.

Logically, when teams and individuals are connected and communicative, it will create a collaborative workplace. It is imperative that teams, departments, branches, organizations and even nations become one. When individuals collaborate, they are more effective and create a value culture that has a positive ripple effect.

From the desk of Chairman

Our spectacular performance and revenue growth in the year 2021-22 was largely driven by market conditions against the background of the COVID pandemic. We had witnessed a staggering 30% revenue growth, and kept up the growth trajectory that has soared impressively in the last 2 decades. The decline in revenue in the year 2022-23 can be attributed to multiple factors, including market vagaries and large base effect of preceding year.

And yet, there is much to be upbeat about. It is a matter of pride for Morepen that for the third time in a row, the US Food and Drug Administration granted NIL 483 (no adverse findings) registration to our manufacturing facility in Baddi. Four new international patents were filed during the year, by the company. Morepen continues to fund its own growth through its internal accruals without dependence on outside funding support. What is most heartening is the company's performance in the first quarter of 2023-24. It sends out positive signals of resurgence, and indicates our commitment to keeping the growth curve in upward momentum.

The organization has introduced a new work philosophy that aims to celebrate the individual as well as the collective. **CONNECT, COMMUNICATE & COLLABORATE** is a step forward to ensure that every member of Morepen is connected to the other across teams, business verticals, branches, and locations. Logically, this creates a collaborative workspace where you work as a team and in very diverse ways, contribute to realising singular goals.

Let us remember that Morepen is built of people for the people. Individually, we have power. Collectively, we can be a superpower.

Making impact worldwide

Sanjay Suri
Whole Time Director

Morepen Laboratories Limited ('the company'), is a well-established player in the domestic and international Active Pharmaceutical Ingredients ('API') markets, broadening its scope by incorporating new products into its product portfolio.

Through continuous emphasis on process enhancement, the company is dedicated to serving humanity by providing high-quality products at affordable prices. The company is deeply committed to the development of new processes and invests significantly in quality assurance protocols. Moreover, the company has intensified its focus on research and development initiatives to introduce innovative products that will contribute to its future growth.

The company continues to be a prominent player in commercial production of blockbuster drugs Atorvastatin calcium, Rosuvastatin calcium of anti-hypercholesterolemic series, Fexofenadine Hydrochloride of anti-histaminic series, Olmesartan of anti-hypertensive series & their intermediates produced in its USFDA approved Baddi facility. Other block buster drugs such as Sitagliptin, Saxagliptin, Linagliptin, Vildagliptin of 'Gliptin' series and Empagliflozin, Ertugliflozin L-pyroglyutamic acid, Dapagliflozin Propanediol, Amorphous Dapagliflozin, of 'Gliflozin' series are also produced in the Baddi facility to cater to the requirement of various customers for formulation development and for the patent free countries. After the recent approval of Fexofenadine by USFDA, the company will be exporting huge quantities of Fexofenadine to the US market.

The company has also developed & commercialized various new products such as Vortioxetine Hydrobromide Route (anti-depressant), Vonoprazan Fumarate (anti-ulcerative). In new drugs, the company is in advanced stages of development of Brexpiprazole (anti-depressant), Paliperidone Palmitate (anti-psychotic), Tafamidis Meglumine (transthyretin stabilizer), Baricitinib & Tofacitinib citrate (anti-arthritis) & Bempedoic Acid (anti-cholesterol). Cost effective route of Vortioxetine (anti-depressant; Route II), Nintedanib Esylate (for chronic fibrosis) & Trelagliptin succinate (anti-diabetic) are in advanced stages of development.

With the recent patent expiry of Sitagliptin, Edoxaban, Apixaban, Vortioxetine & Tofacitinib, these new products are likely to contribute significant volume to the company's profit.

The company has filed USDMF for Ertugliflozin L-pyroglyutamic acid & Vonoprazan fumarate in the current year. Other than these USDMF filing regulatory filings were made for Loratadine Baddi route CADIFA Filing, Linagliptin (Health Canada), Dapagliflozin Amorphous (Health Canada), Apixaban-ASMF-France, Linagliptin-ASMF-Hungary and Malta Apixaban-ASMF-Denmark and (AT, DE, EL, ES, HU, MT, PL & PT), Linagliptin-ASMF-Denmark and (AT, EL, ES, MT & PT) Saxagliptin H2-1 HCl salt -ASMF (Hungary, Malta), Sitagliptin Phosphate Anhydrous-ASMF-(Greece).

During the year, the company is exploring new horizons with developing anti-arthritis drugs such as Tofacitinib, Upadacitinib & Baricitinib. Arthritis is one of the most dominant diseases in the world. Development of Anti-Gout drugs like Febuxostat in combination with anti-arthritis drugs will open another new category which the company will be catering worldwide.

The company is also looking ahead with a whole lot of new drug candidates such as Bilastine (Anti-histaminic), Imeglimin Hydrochloride (Anti-diabetic), Ticagrelor (Anti-platelet), Cladribine (Relapsing multiple sclerosis), Macitentan (For pulmonary arterial hypertension), Vericiguat (Systolic heart failure), Cariprazine (Anti-psychotic), Upadacitinib (Anti-arthritis) & Mavacamten (Cardiovascular).

The company is also looking to enter the anti-cancer segment by considering development of various potential candidates comprising key products like Ibrutinib, Enzalutamide, Abemaciclib, Palbociclib, Olaparib & Axitinib.

In the area of technological advancement, various new patents were filed by/ granted to the company which are as follows:

- ▶ Indian patent application entitled "An improved process for the synthesis of highly pure Linagliptin along with new polymorph & novel processes for preparation of various polymorphs of Linagliptin" was granted by Indian Patent office as IN388325.
- ▶ PCT National phase application of Rosuvastatin Calcium of new polymorph patent, which was granted in US as US 10,626,093 is now granted in Europe too as EP3445751B1.

REVIEW OF PERFORMANCE

The current year consolidated revenues of ₹142366.34 Lakhs reflect a decrease compared to the previous year's revenues of ₹155713.41 Lakhs. The decline in revenue amounts to 8.57 percent on a year-on-year basis.

In the year under review, the share of export revenue in total sales revenues has increased to 40 percent at ₹57249.13 Lakhs. Although there has been a marginal increase in annual export revenues of around 3 percent, the rise in the share of export revenue indicates a positive trend for the company's international sales. During the period, the company experienced significant growth in its exports to Europe, with a notable increase of 31 percent. Exports to Africa also witnessed a healthy growth rate of 24 percent. On the other hand, the growth rate for exports to the USA was relatively lower at 4 percent. In terms of domestic business, the company experienced a decline of 15 percent. There was also a decline in exports to Asia, with a decrease of 13 percent.

The lower levels of current year revenues are attributed to

TOTAL INCOME

multiple factors, including market conditions and large base effect of preceding year, on strength of staggering 30 percent revenue growth recorded during the financial year ending 31st March 2022.

During the year, the home diagnostics business experienced a significant drop in its annual revenues, with a decline of 22 percent. Similarly, the Over the Counter (OTC) business also faced a decline in revenues, with a drop of 11 percent. The API (Active Pharmaceutical Ingredient) business

witnessed a relatively smaller decline of 4 percent in its annual revenues. On the positive side, the domestic formulation business continued its growth journey with a revenue growth of 10 percent during the year. The growth rate for formulation business, in the current year has been at lower levels against previous year revenue growth of 28 percent.

The API business, with annual revenues of ₹82303.76 Lakhs has managed to increase its revenue share in the overall business, despite experiencing 4 percent drop in the current year revenues. API business has remained relatively strong and has contributed significantly to the company's overall revenue. However, within the API business, the anti-allergic drug 'Montelukast' faced challenges during the year. It registered a substantial revenue drop of 24 percent due to lower demand and price realization. On the export front, the API business experienced marginal growth of 2 percent. However the domestic revenue for the API business declined by 15 percent.

The current year's revenues for home diagnostics business have experienced a decline, though there has been consistent growth in the annual revenues with a staggering compound annual growth rate (CAGR) of 44 percent in preceding four years period ending 31st March 2022. The revenues for the current year are at ₹32706.91 Lakhs, against previous year revenues of ₹41891.99 Lakhs. Within the Home diagnostics business, joint revenue drop for blood glucose and blood pressure monitors was at 14 percent. The share of the blood glucose monitor business in the total Home diagnostics business increased to 78 percent, compared to 67 percent in the previous year.

In the current year, all revenue streams, except the Formulation business, have experienced a decline in their

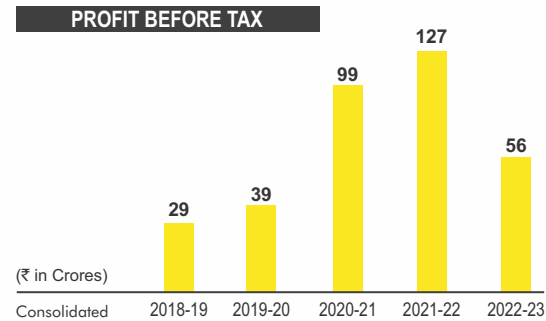

annual revenues. However, the Formulation business with its annual revenues of ₹18537.25 Lakhs has shown growth with a 10 percent increase, although it is lower growth compared to the incredible growth of 28 percent for immediately preceding year. The branded Rx (prescription) business and brand sharing generics business continues to generate higher revenues, registering strong performance in the market. This suggests that the company's branded products and generic medications promoted under its own brand name have maintained their acceptance and demand among consumers. On the other hand, the third-party manufacturing business has remained at previous year's level.

The Over the Counter (OTC) business of the company has recorded a decline of 11 percent in its annual revenues, at ₹9349.37 Lakhs. This decrease can be attributed primarily to lower OTC trade and online revenue. However, a portion of the decline was offset by growth in the brand sharing OTC business.

The drop in annual revenues, coupled with tight price margins and increased spend on sales, marketing, and administrative activities, has resulted in lower profits for the company compared to the previous year. It is worth noting that the company has managed to reduce manpower costs through lower incentive pay outs. Despite challenges, all business segments continue to generate profits, except the formulation business, which is working on improving its operational efficiency.

On a standalone basis, the company recorded annual sales revenues of ₹133547.91 Lakhs during the current financial year, representing a decline of 8 percent against previous year revenues of ₹144604.93 Lakhs.

Financial Performance

Sales

Since financial year 2004-05, the revenues of the company are on growth trajectory with successive year of revenue growth till 31st March 2022. However, revenue growth has taken a pause during the current year. The consolidated sales revenues for the year under review are at lower levels, at ₹141395.48 Lakhs, down by 8 percent against previous year revenues of ₹154156.51 Lakhs. Total income for the current year is at ₹142366.34 Lakhs against ₹155713.41 Lakhs in the preceding year. The export revenues at ₹57249.13 Lakhs are up by 3 percent whereas domestic sales revenues are down by 15 percent for the year under review.

On standalone basis, the company registered sales revenues of ₹133547.91 Lakhs against ₹144604.93 Lakhs of revenues recorded during previous financial year, a degrowth of 8 percent.

Material Cost

The material cost, as a percentage of sales at 67.59 percent, is 48 basis points lower against the previous year material cost of 68.07 percent. The company is improving its sourcing channels to save on input cost which can be shared with its customers, bringing better value for money for company's products.

Employee Cost

The current year employee cost at ₹15468.05 Lakhs is lower against previous year cost of ₹16424.65 Lakhs. However, on account of lower current year sales revenues, the percentage employee cost to annual sales revenues has jumped up to 10.94 percent against 10.65 percent in the last financial year. The company continues to pay merit-based employee compensation so as to retain best talent.

Other Expenses

The consolidated expenditure on manufacturing, sales & marketing and the administrative activities at 16.09 percent of sales revenues, is at higher levels, against 12.75 percent recorded in the preceding financial year. Increased spend on manufacturing, selling & distribution followed by

administrative activities has adversely impacted the bottom line for the current year.

Finance Cost & Depreciation

Finance cost comprises of interest on working capital facilities backed by fixed deposit made by the company, on car loan interest pay outs and interest on delay payment of advance income tax. Annual consolidated depreciation & amortisation charge are marginally up at ₹2793.04 Lakhs against ₹2764.25 Lakhs in the previous year.

Other Operating Income & Other Income

The consolidated other operating income represents export incentives and others. The export incentives for the current year at ₹314.15 Lakhs are marginally up against last year amounting to ₹289.15 Lakhs. Business wise Performance:

Active Pharmaceutical Ingredients (API)

API business of the company has been a consistent growth driver and the largest revenue generator over the years. It has maintained its top position within the company, even in the current year, despite experiencing lower revenue levels compared to the previous year. The fact that the API business has consistently generated significant revenue highlights its importance and strong performance within the company.

A 15 percent drop in domestic revenues, during current year has contributed to degrowth in API revenues at ₹82303.76 Lakhs against ₹85846.08 Lakhs in the immediately preceding year. Despite dip in current year revenue, API share in standalone sales revenue is higher at 61.63 percent against 59.37 percent in last financial year. The customer base was expanded with addition of 260 new customers. The company's share in total exports from India for Loratadine and Montelukast has remained healthy at 64 percent and 39 percent respectively, whereas the company is working hard to improve its share in Atorvastatin export from current 10 percent levels. From financial year ending 31st March 2020 to 31st March 2023, share of US business has gone up to 12.80 percent from 10.60 percent, followed by increase in domestic business share to 30.60 percent during the year against 27.80 percent in the financial year ending 31st March 2020.

Loratadine and Montelukast, constituting 61 percent of total API revenues with a combined revenue of ₹50417.53 Lakhs, having registered a revenue drop of 13 percent during the year. SECRETARIAL AUDIT REPORT
(FOR THE FINANCIAL YEAR ENDED 31st MARCH 2023)

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies
 (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
 The Members,
 Morepen Laboratories Limited

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Morepen Laboratories Limited (hereinafter called the 'company'). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on verification of the company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on March 31, 2023 complied with the statutory provisions listed hereunder and also that the company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the company for the financial year ended on March 31, 2023 according to the provisions of:

- (i) The Companies Act, 2013 (the 'Act') and the Rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- (iii) The Depositories Act, 1996, as amended, and the Regulations and Bye-laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):

- a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, as amended;
- b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015, as amended;
- c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended;
- d) Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021.
Provisions of which, were not applicable.
- e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2021, as amended;
Provisions of which, were not applicable.
- f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;
Provisions of which, were not applicable, and
- h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018, as amended;
Provisions of which, were not applicable.
- (vi) Other laws applicable specifically to the company namely: -
 - a) Drugs and Cosmetics Act, 1940 and Drugs and Cosmetics Rules 1945;
 - b) Drugs (Price Control) Order, 2013;
 - c) Indian Boilers Act, 1923;

We have also examined compliance with the applicable clauses of the following:

- (i) The provisions envisaged in the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
- (ii) The Secretarial Standards issued by the Institute of the company Secretaries of India (ICSI).

We further report that:

- (a) The Board of Directors of the company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act;

Mrs. Anju Suri Resigned from the board during the year.
- (b) Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, except meeting called and held on shorter notice and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting;
- (c) All the resolutions have been passed unanimously and did not find any dissenting views in the minutes;
- (d) There are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines;
- (e) During the year, the Equity Share Capital of the company has gone up by ₹666.85 Lakhs to ₹10222.71 Lakhs against ₹9555.86 Lakhs as at 31st March 2022.

The company has issued 3,33,42,505 no. of Equity Shares of ₹2/- each to banks, financial institutions, promoter entities and others. Out of these 2,13,42,505 Equity Shares were issued, at a premium of ₹51.72/- per share, whereas

1,20,00,000 no. of Equity Shares have been issued at a premium of ₹23/- per share upon conversion of the share warrants to the entities belonging to the promoter group.

- (f) The company has entered into related party transactions for the sale and purchase of material/products and paying remuneration, inclusive of incentive, to related party personnel. The company explain/claims that all transactions, including increase in remuneration, are in the ordinary course of business and at arm's length;
- (g) In the matter of Scheme of Arrangement and Compromise (the Scheme) U/s. 391 of the erstwhile Companies Act, 1956, the Hon'ble NCLT, Chandigarh, vide its order dated March 12, 2018 set aside the Scheme in respect of fixed deposit ('FD') holders who were still holding equity shares allotted as per the Scheme, however, the operation of aforesaid order was stayed by Hon'ble NCLAT vide its order dated April 27, 2018. On July 23, 2019, the Hon'ble NCLAT upheld the order passed by Hon'ble NCLT, Chandigarh, inter-alia, cancelling the equity shares allotted to FD holders (except those who had traded/ transferred) and refund of FD dues as per the CLB Scheme dated 19.08.2003.

The company sought surrender of aforesaid equity shares by way of individual notices to each eligible FD holders and issued 'Public Notice' in the newspapers i.e., 'Financial Express' - English and 'Jansatta' in the Hindi both published on 15.08.2019, before such cancellation.

The company has cancelled all shares surrendered for such cancellations as per the order of Hon'ble NCLT Chandigarh, there being no further surrender of shares the company has declared the completion of cancellation of shares and had published a notice on 28th July, 2021 in the newspapers for information of all the concerned persons.

Though the company had cancelled 50,38,983 shares which were surrendered for cancellations, Register of Members continues to carry the name of these shareholders (the shares are blocked for any right whatsoever), for the disposal of the application of cancellation of these shares filed with Stock Exchanges. The matter is still pending.

- (h) The company received a direction from central

government i.e., ministry of corporate affairs ('MCA') on 30.07.2019 for the appointment of 2 (two) nominee directors on the Board of Directors of the company under Section 480 r/w Section 397/398 of the erstwhile Companies Act, 1956, pursuant to the order passed by the company Law Board dated 01.07.2005 read-with order passed by Hon'ble High Court of Himachal Pradesh at Shimla dated 16.04.2007 and the order of Hon'ble Supreme Court of India dated 09.07.2019. The Hon'ble court had also given a liberty to the company to agitate the subsequent events before the concerned forum and conclude the proceeding as far as possible within one year.

The company had approached the Hon'ble NCLT, Chandigarh, in the year 2019 as per the directions of the Hon'ble Supreme Court of India's order dated 09.07.2019 to agitate the subsequent events before the appropriate forum against the order dated 17.05.2007 passed by Hon'ble High Court of Himachal Pradesh at Shimla. The Hon'ble NCLT, Chandigarh, vide its order dated 06.10.2021, affirmed the order passed by Hon'ble High Court of Himachal Pradesh at Shimla.

The company preferred an appeal against the aforesaid order passed by Hon'ble NCLT, Chandigarh, before the Hon'ble National Company Law Appellate Tribunal ('NCLAT'), New Delhi, under section 421 of the Companies Act, 2013, as

amended. On 25.04.2023, the Hon'ble NCLAT upheld the order passed by Hon'ble NCLT, Chandigarh. In the meantime, Union of India filed a contempt application before the Hon'ble NCLT, Chandigarh, against the company and its directors in the aforesaid matter.

The company has appealed against the aforesaid order of Hon'ble NCLAT, New Delhi, before the Hon'ble Supreme Court of India, New Delhi, on 18.05.2023. The Hon'ble Supreme Court of India on 29.05.2023 ordered, inter-alia, stay on the contempt proceedings against the company and its directors pending before the Hon'ble NCLT, Chandigarh and noted that subsequent events have not been taken into notice by the Hon'ble NCLT and Hon'ble NCLAT, despite a clear indication in that behalf in the earlier order dated 09.07.2019. The matter is under adjudication.

- (i) The company convened its 37th Annual General Meeting ('AGM') on 27.09.2022 through video conferencing.

In aforesaid AGM, the company has obtained the consent of the members for the re-appointment of Mr. Sanjay Suri as a whole-time director of the company and also transacted other businesses such as appointment of Statutory Auditors and alterations of Memorandum of Association (Capital Clause) and Articles of Association.

1.	Product quality and safety	Risk	The use of high-quality and safe goods ensures that improved health outcomes are attained. Compromise on pharmaceutical product quality would imply a compromise on patients' overall health and wellbeing. This will also entail failure to comply with GxP (Good Laboratory Practices, Good Manufacturing Practices and Good Clinical Practices). Any lapse can lead to product withdrawals, recalls, regulatory action, decreased sales, reputational risk, increased litigation followed by increase in litigation expense.	Drug product quality and patient safety are the fundamental principles for the company. The company being in the healthcare sector, the nature of its business requires the utmost attention to the quality of its product. We have taken following measures to ensure resilience against the risk: Audits are conducted by the Quality Assurance department to ensure that our high-quality requirements are met. Risks are sought to be managed by appropriate laboratory and clinical studies for each new product, compliance with Good Manufacturing Practices and independent quality assurance systems.	Negative

Category	FY 2022-23	FY 2021-23	Details of improvements in environmental and social impacts
R&D	4.25%	10.20%	The company is committed towards contributing to manage climate change. Environmental risks are evaluated for all processes, storage and handling operations at site. Health, Safety and Environment aspects are taken care while designing manufacturing processes at Research and Development Centre. Two main R&D efforts shows the eco-friendly environmental approach towards process development. First was preparation of Atorvastatin key intermediate in 24 hours from existing 72 hours. Second was implementation of UPLC system in Analytical Lab which reduced the run time of reaction monitoring which in turn reduced the amount of solvent being used therein. It also led to time saving of valuable resources. The company is determined to address climate change and global warming. As an initiative towards the same, the company has started using eco-friendly refrigerant gas R410 in all its air conditioning operations. The buildings are designed and constructed on the concept of 'Green Building' having natural lights and ventilation. The company have a Health, Safety and Environment policy, which cover all its operations in India. Rainwater Harvesting System is installed at Baddi plant having adequate injection wells with large catchment area. Dense and lush green belt has been developed across all its locations. The company emphasizes to reduce the usage of water and energy consumptions that reduce the direct or indirect cost as well as natural resources. The company always promote natural resource conservation, reuse, reduce, recycle and waste minimization throughout process. All the company's facilities have obtained approval/certifications such as WHO GMP, USFDA and EDQM, in conformation of structured and conscious efforts and processes for energy management and conservation.

PRINCIPLE 9 Businesses should engage with and provide value to their consumers in a responsible manner

Essential Indicators

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.
2. Turnover of products and/ services as a percentage of turnover from all products/service that carry information about:

Category	As a percentage to total turnover
Environmental and social parameters relevant to the product	-
Safe and responsible usage	100
Recycling and/or safe disposal	-

3. Number of consumer complaints in respect of the following:

	FY 2022-23			FY 2021-22		
	Received during the year	Pending resolution at end of year	Remarks	Received during the year	Pending resolution at end of year	Remarks
Data privacy	-	-	-	-	-	-

Unfair Trade Practices	-	-	-	-	-	-
Other	-	-	-	-	-	-

4. Details of instances of product recalls on account of safety issues:

Category	Number	Reasons for recall
Voluntary recalls	-	Not applicable
Forced recalls	-	

5. Does the entity have a framework/ policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy.
The company do have a policy on cyber security. The web-link for the same is www.morepen.com/investors
6. Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services.
Not applicable

Leadership Indicators

1. Channels / platforms where information on products and services of the entity can be accessed (provide web link, if available).
The products and services can be accessed at the website of the company through different web links as under:
API products <https://www.morepen.com/api>
Diagnostic division <https://www.morepen.com/homehealth>
Finished formulations <https://www.morepen.com/formulations>
In addition to the above, diagnostic division products are also available at various e-commerce platforms, Flipkart and Amazon.
2. Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.
The company ensures that all of its products are accompanied by a label that provides essential information regarding their usage. This label serves as a means to communicate important instructions, guidelines, and precautions to the consumers or users of the products. The label typically includes details such as product name, ingredients or components, directions for use, recommended dosage or application, storage instructions, safety precautions, and any necessary warnings or disclaimers. This information is crucial for consumers to understand how to properly use the product, ensure its effectiveness, and avoid any potential risks or misuse.
3. Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.
The company is abide by the relevant laws/regulations, it will inform to the consumers about any risk of disruption/discontinuation of essential services.
4. a. Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable)
All the information which are required to be provided as per applicable laws are mentioned.
b. If yes, provide details in brief.
Not applicable
c. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)
No
5. Provide the following information relating to data breaches:
a. Number of instances of data breaches along-with impact :Nil
b. Percentage of data breaches involving personally identifiable information of customers : NA

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

[Information under Section 134 of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014 and forming part of Directors' Report for the year ended 31st March 2023]

A. CONSERVATION OF ENERGY

1) Energy Conservation measures taken:

- Installed Building Management Systems in AHUs to optimize the energy utilization in automated manner.
- Replaced old reciprocating type air compressors with screw type air compressors.
- Replacement of water ring pumps/water ejectors with dry vacuum pumps to reduce overall load on waste effluent and saving of energy.
- Power factor improvement more than 0.995 in comparison with power factor 0.985 of previous years.
- Step wise Replacement of IE2 motors with IE3 motors continued during the year.
- Continued the automation of condensate recycling process to maintain feed water tank temperature.
- Continued the replacement of Worm reduction gearboxes with Helical Gearboxes.

2) Impact of measures taken:

- Reduction in overall energy bill, power & fuel by around 4.26% of productivity.
- Reduction in solvent consumption by around 3%.
- Reduction in time cycle by around 14%.

3) Steps taken for utilizing alternate source of energy:

- Evaluating of 40 W Solar Street LED lights (103 Nos.) in villages around factory.
- Installed biomass fuel (renewable and sustainable) fired boiler to replace old pet coke fired boiler.
- Evaluating running of boiler from solvents recovered from waste effluents by stripping process.
- Evaluating alternate methods of COD

reduction in effluent treatment plants like advanced oxidations to make it more efficient and sustainable.

- Evaluation of Solar power plant for administrative block.
- Installed MBR system for tertiary treatment in Sewage treatment plant to replace old sludge drying bed/filter press.

4) Capital investment on energy conservation equipment:

The Capital investment in energy conservation equipment made during the year is at ₹160.00 Lakhs.

B. TECHNOLOGY ABSORPTION (R&D)

1) Efforts made towards technology absorption:

The company has been working on upgrading its working processes in respect of all its business streams. Based on resources available it builds on its Research and Development (R&D) efforts to remain a competitive but quality player. The aforesaid efforts have helped the company to be a formidable player in making available Formulations and APIs at affordable cost. The key areas and efforts undertaken for development/improvements of technologies of various APIs are as under:

- For the scaling up of technology for anti-diabetic category, Ertugliflozin L-pyroglutamic acid, its USDMF was filed.
- In respect of scaling up of technology for anti-ulcerative category, Vonoprazan fumarate, its USDMF was filed.
- The CADIFA was filed for anti-histaminic, Loratadine in Baddi plant.
- The DMF was filed with health Canada for anti-diabetic drugs, Linagliptin & Dapagliflozin.
- The Active substance master file (ASMF) was filed for Anti-coagulant, Apixaban in France.

- The Active substance master file (ASMF) was filed for Anti-diabetic, Linagliptin in France, Denmark & six other European countries.
- The Active substance master file (ASMF) was filed for Anti-diabetic, Saxagliptin hydrochloride dihydrate in Hungary & Malta.
- The Active substance master file (ASMF) was filed for Anti-diabetic, Sitagliptin phosphate anhydrous hydrochloride dihydrate in Greece.
- Cost-effective enzymatic processes using green chemistry are being further explored for Rosuvastatin/Atorvastatin & Sitagliptin.
- Commercialization of Rivaroxaban in Anti-Coagulant category has been done followed by its process validation. Its USDMF & CEP filing are planned for the current year.
- Development of Technology for Paliperidone Palmitate in Anti-psychotic category, Bempedoic acid in cardiovascular category, were completed.
- Development of Technology for Baricitinib in Anti-arthritis category was completed.
- Development & Transfer of Technology of Tafamidis meglumine & Tafamidis acid in transthyretin amyloid cardiomyopathy category to plant. Its validation is planned for the current year.
- Development of Improved Chemical Entities/ Novel chemical Entities (NCE) is under progress in collaboration with NIPER Mohali. Molecular docking studies for several lead molecules are in progress.

New Formulations Developed and commercialized in different therapeutic categories.

- Commercialized Al. hydroxide 250mg, Mg hydroxide 250mg, simethicone 50mg suspension (Mint flavor) [powder based] under Antacid category.
- Commercialized Aluminum Hydroxide Powder, Magnesium Hydroxide Powder, Simethicone & Oxetacaine Suspension under Antacid category.
- Commercialized Aluminum Hydroxide Powder, Magnesium Hydroxide Powder &

Simethicone Suspension (orange flavor) [powder based] under Antacid category.

- Commercialized Ambroxol Hydrochloride and Cetirizine syrup (30+5mg/5ml) under Antihistamine category.
- Commercialized under Antitussive and Antihistamine category Dextromethorphan Hydrobromide & Chlorpheniramine Maleate Syrup(10+4mg/5ml)
- Commercialized under Antihistamine category, Ambroxol HCl, Guaiphenesin, Levocetirizine HCl & Menthol syrup(15+50+2.5+1mg+5ml)
- Paracetamol Tablets 650 mg, NSAID commercialized.
- Antidiabetic tablet, Sitagliptin 50 mg and metformin 1000 mg commercialized.
- Antidiabetic tablet, Sitagliptin 50 mg and metformin 500 mg commercialized.
- Commercialized antidiabetic tablets, Sitagliptin Tablets IP 25 mg, 50 mg, 100 mg
- Commercialized Anticoagulant, Apixaban Tablets 2.5 mg, 5 mg
- Commercialized Antihistamine, Bilastine tablets 20 mg
- Developed Antacid- Sodium Bicarbonate Tablets USP 500 mg.
- Developed Urinary alkalizer- Disodium Hydrogen Citrate Syrup

Development under progress :

- Psychostimulants and nootropics category, Citicoline 500 mg and Piracetam 800 mg Tablets
- Anticoagulant, Ticagrelor 90mg Film coated tablet.
- Anticoagulant, Pregabalin capsules 150 mg
- Anthelmintic, Albendazole Chewable tablets 400mg
- Anticonvulsants, Gabapentin 400 mg & Nortriptyline 10 Tablets
- "Laxatives, Milk of Magnesia 11.25 ml+ Liquid Paraffin 3.75 ml in 15 ml suspension"
- "Laxatives, Milk of Magnesia 3.75 ml+ Liquid

Paraffin 1.25 ml, Sodium Picosulfate 3.33 mg in 5 ml suspension”

- Anticonvulsants, Oxcarbazepine Tablets 600 mg, 300 mg, 150 mg
- Anticonvulsants, Oxcarbazepine Suspension USP 300 mg /5 ml
- Antacid, Sodium Bicarbonate Tablets USP 1000 mg
- Sodium Bicarbonate Tablets USP 1000 mg
- Anticonvulsants and tricyclic antidepressant, Pregabalin 75 mg & Nortriptyline 10 Tablets
- Anticoagulants, Rivaroxaban Tablets 10 mg, 15 mg & 20 mg
- Silodosin Capsules 4 mg & 8 mg, Alpha blocker for treatment of benign prostatic hyperplasia Silodosin capsules 8 mg under prostatic hypertrophy agent.

Products under Development under ANDA (ongoing study since last year)

- Antihistamine, Montelukast Tablets USP 10mg
- Antidiabetic, Sitagliptin Tablets 25mg, 50mg, 100mg
- Anticoagulant, Apixaban Tablets 2.5 /5 mg
- Antilipidemic, Atorvastatin Calcium USP Film coated tablets 10/20/40/80 mg
- Antidiabetic, Dapagliflozin Tablet 5 mg/10 mg
- Anticoagulant, Divalproex Sodium film coated ER tablet 500 m
- Electrolyte- Potassium Chloride ER Capsule USP 8 mEq/10 mEq
- Electrolyte - Potassium Chloride film coated ER Tablet USP 8 mEq/10 mEq/20 mEq
- Electrolyte - Potassium Chloride film coated ER Tablet USP 8 mEq /10mEq
- Electrolyte - Potassium Chloride film coated ER- Tablet USP 10 mEq /15 mEq/20 mEq (Micro dispersion technology)

2) Benefits derived as a result of Research and Development (R&D) activities:

By continuing to focus on R&D and building on its areas of operations, the company is positioning itself for future success and growth. This approach not only contributes to the company's competitive

advantage but also reinforces its reputation as a reliable and innovative supplier in the pharmaceutical industry.

On account of its continued focus on development activities, the company has maintained its competitive edge and is building on its market image as reliable supplier of quality drugs. It shall endeavor its efforts to build on its philosophy of investment in R&D activities in its areas of operations comprising of API business, finished dosages business and OTC business.

The benefits brought out by aforesaid efforts including new product development, product improvement, cost reduction, greener technologies and import substitution etc. are detailed hereunder:

- Indian patent application entitled “An improved process for the Synthesis of highly pure linagliptin along with new polymorph & novel Processes for preparation of various polymorphs of Linagliptin” was granted by Indian Patent office as IN388325.
- PCT National phase application of Rosuvastatin Calcium of new polymorph patent, which was granted in US as US 10,626,093, is now granted in Europe too as EP3445751B1.
- Indian patent application entitled “Improved processes of Candesartan Cilexetil for control as well as removal of critical Impurities.” is granted by Indian Patent Office as IN408806.
- Indian patent application entitled “Novel process of preparation of new polymorphic form of canagliflozin” is granted by Indian Patent Office as IN417188.
- Indian patent application entitled “Novel processes for the Purification of apixaban” is granted by Indian Patent Office as IN418378.
- Indian patent application entitled “New polymorphic form of Crystalline rosuvastatin calcium & novel processes thereof” is granted by Indian Patent Office as IN418781.
- Indian Patent application titled” An improved process for the preparation of Tafamidis form 1 “was filed as 202211043524.
- Indian Patent application titled” Novel crystalline polymorphic forms of Tafamidis

and processes for preparation thereof “was filed as 202211047452.

- Indian Patent application titled” Process for the preparation of highly pure Amorphous telmisartan sodium “was filed as IN202211053718.
- Indian Patent application titled” Improved process for the preparation of tofacitinib citrate “was filed as IN202311014144.
- Indian Patent application titled” Process for the purification of Bempedoic acid “was filed as IN202311024709.

3) Future plan of action:

The company is putting in efforts to carry on various R&D initiatives and regularly upgrades its capabilities to stay competitive in the demanding market requirements. The R&D work is focused on:

- New drugs like Enzalutamide in Anti-Cancer Category, Upadacitinib for Rheumatoid Arthritis Category, are being considered for development.
- New drugs like Bilastine in anti-histaminic Category, Imeglimin hydrochloride in anti-diabetic category, Cladribine for relapsing remitting multiple sclerosis, Macitentan for treatment of pulmonary arterial hypertension,

Vericiguat for systolic heart failure are in considered of development for current year.

- More new drugs like Finerenone for treating chronic kidney disease, Cariprazine in anti-psychotic category & Mavacamten in cardiovascular category are being considered for development for current year.
- Set up of new manufacturing plant for Oral Solid formulation for US and other regulated market is under progress.

4) Imported Technology (imported during last 3 years reckoned from beginning of the financial year)

Morepen continues to upgrade its technologies, including their imports. During the year no spending has been made on import of technology.

5) Expenditure incurred on Research and Development (R&D)

The Company has incurred a total expenditure of ₹949.45 Lakhs, in comparison to expenditure of ₹1209.87 Lakhs in the previous year (including capital and revenue expenses), towards Research and Development.

C. FOREIGN EXCHANGE EARNINGS AND OUTGO

The information on earnings and outgo of foreign exchange is given in notes to Financial Statements under note no. 31.

MANAGEMENT DISCUSSION AND ANALYSIS

GLOBAL PHARMACEUTICAL SCENARIO

The global pharmaceutical and biotech industry is expected to have a supportive operating environment in 2023, despite inflationary pressures and the higher interest rate environment. The demand is expected to normalise following some dislocation in the industry and on the strength of the growing and ageing population, increasing prevalence of chronic diseases, and greater access to healthcare globally.

The total spending and global demand for medicines will increase over the next five years to approximately \$1.9 trillion by 2027, according to a latest report on global use of Medicines.

The underlying growth rate of 3-6% in spending will be driven by new drug launches and wider use of recently launched brands despite efforts by payers to constrain their budgets, and the impact of lower cost options.

Medicine use grew by 36% over the past decade, driven by increased access to medicines. However, growth is projected to slow through 2027 and expected to be about 8% from the 2022 levels. The highest volume growth is expected in Latin America, Asia and Africa, driven by a mix of population growth and expanded access, while North America and Europe will see very low growth. Per capita medicine varies by region with Japan and Western Europe having more than double the use of most other regions.

The global medicine market growth will be marked by divergent trends by the regions. Growth in developed economies continues at relatively steady rates with new products offset by patent expiries; Latin America, Eastern Europe and parts of Asia are expected to grow strongly in volume and greater adoption of novel medicines. The U.S. market growth, on a net price basis, is forecast to adjust up to 2% CAGR through 2027, down from 4% CAGR for the past five years. The impact of exclusivity losses will increase over the next five years, including significant biosimilar introductions in 2023 and 2024. New brand spending in the U.S. is projected to be higher than the last five years but will be a smaller share of total spending.

COVID-19 continues to have an impact on pharmaceutical markets globally and is estimated to expand the net cumulative pharmaceutical market by \$500 billion from 2020 through 2027, mostly linked to vaccines. All regions around the world have exceeded previously projected first-wave vaccination rates while booster utilization is lagging. This creates substantial uncertainty about the future of the pandemic and the potential risks of re-emergence of infections, especially in regions of the world with the lowest immunization and booster rates.

Disruptions in demand for many other medicines, due to delayed diagnoses, continue to play out although global

market growth is forecast to return to pre-pandemic projected levels by 2024.

Specialty medicines are expected to represent about 43% of global spending in 2027 and 56% of total spending in developed markets. Global spending on cancer drugs is expected to reach \$370 billion by 2027, with growth accelerating from the launch and use of novel drugs and limited new biosimilar impact. Immunology spending growth will slow to 3-6% through 2027 from price reductions associated with biosimilar competition as volume growth continues at 12% annually. New therapies for rare neurological disorders, Alzheimer's and migraines are expected to drive spending growth in neurology.

Biotech expects to represent 35% of spending globally in the coming years and will include both breakthrough cell and gene therapies, as well as a maturing biosimilar segment. Major advances are expected to continue, especially in oncology and immunology. The outlook for next generation biotherapeutics includes a definitively uncertain range of clinical and commercial successes.

With the use of cutting-edge digital platforms, big data analytics, cloud computing, and artificial intelligence (AI), the sector is undergoing a transition. Digital technologies are developing in the pharmaceutical sector to streamline important, labor-intensive procedures. They are widely applied in the pharmaceutical value chain in several areas, including drug discovery and development, drug production, smart process automation, maximizing predictive maintenance, and supply chain management.

DOMESTIC PHARMACEUTICAL MARKET

Over the past year, the pharma industry has witnessed greater collaboration, adapted quickly, and adopted innovative approaches to deliver high quality medicines continuously during the pandemic and beyond. The industry has shown unwavering commitment to support the country's healthcare needs as well as enhance its footprint across the world.

With a rising consensus on offering new breakthrough cures to patients, the Indian pharmaceutical market is expected to reach US\$ 65 billion by 2024 and touch \$130 billion in value by the end of 2030. The Indian pharmaceutical industry is worth approximately US\$ 50 billion with over US\$ 25 billion of the value coming from exports. About 20% of the global exports in generic drugs are met by India.

India is among the top 12 destinations for biotechnology worldwide and 3rd largest destination for biotechnology in Asia Pacific. The biosimilars market in India is estimated to grow at a compounded annual growth rate (CAGR) of 22% to become US\$ 12 billion by 2025. This would represent almost 20% of the total pharmaceutical market in India.

A bright future lies ahead for India's pharmaceutical business in 2023, with a greater emphasis on quality manufacturing, medicine affordability, and the use of innovation and technology. However, to combat certain challenges like low R&D spending, scarcity of skilled labour, intellectual property (IP) regulations and rights, and potential export contraction, a sustained agility and robustness in the processes is required.

As the country's footprint grows, pharmaceutical companies are progressively adopting technology to upgrade their manufacturing capacities while also harmonizing regulatory requirements to meet global standards.

Besides this, the development of the single-window system to streamline the drug development process and facilitate fast approvals of commercially viable projects is catalyzing the demand for pharmaceuticals in the country. Additionally, increasing investments in long-term and high-risk projects by various funding avenues in India is offering lucrative growth opportunities to industry investors. Furthermore, inflating income levels and improving medical infrastructure is propelling the sales of pharmaceuticals. Some of the other factors stimulating the growth of the market in the country are lower manufacturing costs, a highly skilled workforce, technological advancements, and enhanced marketing and distribution system.

Indian pharma companies have a substantial share in the prescription market in the US and EU. The largest number of FDA-approved plants outside the US is in India. Pharma businesses in India are going beyond overall operations of pharmaceutical manufacturing and leveraging digital technologies to communicate with key stakeholders including the healthcare professionals and patients in addition to drug research. Through data analysis, companies can now have entire visibility into a patient's path, from diagnosis to disease care. This data-driven knowledge is, aiding in drug development and, as a result, has the potential to improve patient outcomes in future.

Precision medicine i.e., offering real-time insights into how a specific patient's body is responding, is increasingly becoming an area of focus in the Indian pharmaceutical industry, which arose from the concept of personalization and customization of medical care. This knowledge is proposed to improve advanced clinical manufacturing procedures, such as establishing drug exposure models to predict pharmacokinetic and pharmacodynamic features to prepare the needed dosage depending on age, comorbidities, and other clinical parameters.

With the flattening of growth in pharma sales in developed countries, drug makers are increasingly looking to emerging markets for new sources of growth and revenue. This means pharmaceutical companies will focus on global

competencies with strategies tailored for local markets to stay competitive. The pharmerging markets, i.e., countries with low consumption but rapidly growing, will experience a compound annual growth rate of 10.4% till 2026.

Aging populations facing issues such as cardiac failure and hypertension followed by the prevalence of other chronic diseases and an increase in consumer awareness about treatment backed by Government actions aimed at lowering the cost of treating chronic diseases and the growth in health insurance in pharmerging countries have fast paced the growth in the pharmerging market.

MOREPEN'S STRATEGY

ACTIVE PHARMACEUTICAL INGREDIENTS (API)

The company is world leader in Loratadine produced at its USFDA approved facilities situated at Masulkhana, Himachal Pradesh and Baddi, Himachal Pradesh. The company has achieved leadership position of being one of the largest suppliers of anti-asthmatic drug, Montelukast Sodium produced at its USFDA approved Masulkhana facility along with Desloratadine, another anti-histaminic drug. Both the facilities have been re-approved by the USFDA for various products such as Loratadine, Desloratadine, Fexofenadine in 2022. The Masulkhana plant also got approval from prestigious PMDA of Japan in 2023.

The company continues to be a prominent player in commercial production of block buster drugs Atorvastatin calcium, Rosuvastatin calcium of anti-hypercholesterolemic series, Fexofenadine Hydrochloride of anti-histaminic series, Olmesartan of anti-hypertensive series & their intermediates produced in its USFDA approved facility at Baddi. FORMULATIONS AND HOME HEALTH DIAGNOSTICS

The home health devices business has recorded a contraction of 22 percent during the year under review. We expect the devices business to regain its lost ground in the coming financial year. On the other hand, the formulation business has been up by 10 percent during the year and steadily gaining the momentum after many years. The formulation business is expected to maintain its growth trajectory in the coming years as well. Both the Blood sugar measuring business as well the Blood pressure monitoring devices business registered a de-growth of 12 percent during the year. During the four years ending March 31, 2022, the Blood sugar as well Blood pressure monitoring devices business have recorded a compounded annual growth rate (CAGR) of 44.21% and 46.91% respectively. On overall basis, during these 4 years, the devices business has recorded a compounded annual growth rate (CAGR) of 44.81%. The company has cumulatively sold 1.20 billion Gluco Strips as on close of the year under review, whereas Gluco monitors installations have crossed 9.50 million. The Formulation's business has recorded consecutive growth in current year as well preceding year. It has recovered the ground which was lost during the COVID-19 pandemic period.

The Diagnostics Devices business on the strength of rapid growth over last many years looks promising. The company expects to remain in leadership position for Blood Glucose and Blood Pressure Monitoring business. With greater emphasis on Make in India approach and huge progress have already made, it expects to reduce cost of its products offerings, which will benefit the end consumers.

The customers continue to display their confidence in the quality product offerings of the branded business, and we hope to grow consistently and profitability in the coming years as well.

BRAND SHARING AND PRODUCT CONTRACT MANUFACTURING (PCM)

Brand sharing has registered a growth of around 12 percent during the year, whereas contract manufacturing business did record a small de-growth during the year. Under the brand sharing business, the company has been able to serve the patients across many therapeutic areas, making them connect with brand 'Morepen'.

The company is working hard for the growth and expansion of its Diagnostics, Formulation and OTC business.

OPPORTUNITIES AHEAD

It is important for pharmaceutical companies to stay updated on the evolving healthcare landscape, regulatory changes, and market dynamics to effectively seize these opportunities. Adapting to trends and investing in areas of growth and innovation can drive success in the pharmaceutical industry. The pharmaceutical industry also presents several opportunities for growth and development, key opportunities include -

In the areas of advanced therapies, the advancement of biotechnology, gene editing, cell therapies, and regenerative medicine offers opportunities to develop innovative treatments for various diseases. Investing in research and development in these areas can lead to breakthrough therapies and personalized medicine.

The growing understanding of genetics and biomarkers allows for targeted and personalized treatment approaches. Developing diagnostics, companion diagnostics, and therapies tailored to specific patient populations can provide significant opportunities in precision medicine.

Integrating digital health solutions into healthcare can improve patient care, medication adherence, remote monitoring, and telemedicine services. Pharmaceutical companies can explore partnerships and collaborations to leverage digital tools and platforms for better patient outcome.

The focus on rare diseases and orphan drugs presents opportunities for pharmaceutical companies. Developing therapies for rare diseases can benefit from regulatory incentives and address unmet medical needs in niche markets.

As patents for biologics expire, there are opportunities for the development of biosimilars, which can offer cost-effective alternatives to expensive biologic drugs. Investing in biosimilar development and manufacturing can provide market advantages.

Expanding into emerging markets, such as those in Asia, Latin America, and Africa, can offer significant growth opportunities. Increasing access to healthcare, rising middle-class populations, and changing demographics create new markets for pharmaceutical products.

Collaborating with research institutions, academic

organizations, and other pharmaceutical companies can facilitate knowledge sharing, access to technology platforms, and joint development of drugs or therapies. Strategic partnerships can help accelerate innovation and market entry.

Leveraging data analytics and artificial intelligence (AI) can optimize drug discovery, clinical trials, and supply chain management. AI can enhance predictive analytics, drug repurposing, and adverse event monitoring, leading to more efficient processes and improved outcomes.

Focusing on patient-centric approaches and enhancing patient engagement can lead to better treatment outcomes. Providing educational resources, support programs, and digital tools that empower patients to manage their health can drive loyalty and satisfaction.

Participating in global health initiatives, such as vaccine development, infectious disease management, and addressing public health challenges, can contribute to societal impact while creating business opportunities.

OUTLOOK ON THREATS, RISKS AND CONCERNS

Many new challenges like COVID-19 pandemic, inflation, geopolitics, new therapeutic modalities, and new ways of working have made it vital for pharmaceutical companies to carefully reconsider their long-term choices in sourcing, manufacturing, and supply chain. The Covid-19 pandemic has weakened the public's trust in the pharmaceutical industry and its products. The supply chains have witnessed an unprecedented disruption all around the world, and this represents one of the major challenges facing the pharmaceutical industry. Covid-19 has exposed significant weaknesses in the pharma supply chain. Many pharma companies are looking to supply chain innovations and circular supply chain models to tackle these challenges and build business resilience.

Further, the financial effects of the pandemic, Ukraine war and the subsequent global disruptions in essentials like grain and oil have led to significantly reduced customer purchasing power. Inflation has risen in recent months to levels not seen for decades, leading to increasing costs for labor, raw materials, and transportation. This is over and above the persistent price pressures pharma is already facing, particularly in generics. Since pharma customers are not expected to fully absorb these cost increases, profit margins are under pressure.

Meanwhile, increased state interventions and protectionist trade policies are creating new pressures on manufacturing networks and could drive increased regionalization.

The product landscape also is changing swiftly. New modalities, such as cell and gene therapy and mRNA vaccine technology, have increased from 11 to 21 percent of the drug development pipeline—the fastest growth ever seen in the sector. This change is likely to bring more

fragmentation of technology, new supply chains, and unique product life cycles.

The pharmaceutical industries need to plan for longer-term trends including rapid adoption of “personal diagnostic” tools in the form of wearables like the Apple Watch. Such technologies have the potential to dramatically reduce the number of individuals afflicted by chronic illnesses like diabetes, cardiovascular disease and chronic respiratory disease, and lead to earlier diagnosis of diseases like cancer. At a time when the above illnesses make up a significant portion of pharma's activity worldwide, evolutions here are likely to have a big impact on the pharma industry.

A number of important patents are reaching their end, which means generics will start eating into the sale of proprietary molecules. Not only will these mean lost profits for large companies, but it may also have a destabilising effect on the industry as a whole. Only powerful entities and those who have planned well beforehand, will reap benefit from it.

The entrance of big technology players into the health space are also likely to radically change the pharma industry dynamics. The tech giants have deep pockets and control of the most sophisticated artificial intelligence and machine learning on the market, which we know from Covid-19 are capable of developing new molecules in weeks, rather than months or years. The Pharmaceutical industry has been slow to move on personalisation, but customers have come to expect personalised, immediate interactions and information in all aspects of life. Future technologies will have a significant impact on how we treat disease, and lead to a greater number of cures. The Pharma companies need to tap into this growing demand and expectation for immediate, personalised customer experiences.

The negative impacts of counterfeit medications are hard to quantify, but there's no doubt that it has a serious and significant impact on the companies' bottom line and, most importantly, on patients.

In the backdrop of increasing data breaches and cybersecurity threats, the companies will also need to implement better cybersecurity policies in the office and for remote workers or run the risk of a costly data breach.

The focus for operational leaders may need to shift from the prevailing emphasis on continuous improvement comprising of cost savings, quality assurance, and constant readiness to deliver to longer-term external challenges. These include high inflation and an increase in complexity and risk.

The Pharma industry leaders now have an opportunity to deliver even greater value to their organizations by achieving this shift in focus, by acting quickly, to keep abreast of the challenges confronting the industry.

Independent Auditor's Report

To the Members of Morepen Laboratories Limited
 Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Morepen Laboratories Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S. No.	Key Audit Matter	Auditor's Response
1	<p>In the Scheme of Arrangement & Compromise under Section 391 of the Companies Act, 1956 as approved by the Hon'ble High Court of Himachal Pradesh vide its Order dated August 4, 2009, the Company allotted 9,24,90,413 Equity Shares to the fixed deposit holders in settlement of their dues. The Hon'ble NCLT vide its judgment dated 12th March 2018 dismissed the Company's petition seeking approval of the Scheme and stated that the order will not affect the allotment of the shares to the FD holders who have traded the shares to the third parties or transferred the allotted shares and to the balance FD holders (eligible FD holders), the company shall pay the outstanding amount as per the scheme approved by the Company Law Board (CLB). The appeal preferred by the company against the said order of NCLT, is dismissed by Hon'ble National Company Law Appellate Tribunal (NCLAT).</p> <p>Pursuant to implementation of Hon'ble National Company Law Tribunal (NCLT), Chandigarh Order dated 12.03.2018, out of 3,85,65,810 Equity Shares of ₹2/- each issued at a premium of ₹9.32 per share belonging to eligible FD holders, the company has paid Fixed Deposit dues in respect of 50,38,983 Equity Shares received for cancellation with the company till 31.03.2022.</p> <p>(Refer Note No. 13G to the standalone financial statements)</p>	<p>Principal Audit Procedures</p> <p>We collected and analyzed the Scheme approved by the Company Law Board (CLB) dated 19.08.2003, Judgment of Hon'ble NCLT dated 12th March 2018, order of Hon'ble National Company Law Appellate Tribunal (NCLAT), Communication with ROC and Stock Exchanges in this regard and other relevant documents in this regard produced for our verification.</p> <p>The payment to pending eligible FD holders may impact financials of the company in the coming year/years.</p>

Company as at March 31, 2023, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of standalone financial statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for preparation of the other information. The other information comprises the information included in Annual Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on financial statement does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the company in accordance with applicable Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board

of Directors either intends to liquidate the company or to cease the operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedure responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(l) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statement or, if such

disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transaction and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factor in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosures about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government in terms of section 143(11) of the Act, we give in Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, based on our audit, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of accounts as required by law have been kept by the company so far as it appears from our examination of those books.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date on the standalone financial statements of Morepen Laboratories for the year ended 31st March 2023)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Morepen Laboratories Limited** ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial control. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes

obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management, override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate

because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating

effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

1. COMPANY OVERVIEW AND SIGNIFICANT ACCOUNTING POLICIES

1. Company Overview

Morepen Laboratories Limited ("the Company") is a Public limited company incorporated and domiciled in India and has its listing on the BSE Limited and National Stock Exchange of India Limited. The addresses of its registered office and principal place of business are disclosed in the introduction to the annual report. The Company is in the business of manufacturing, producing, developing and marketing a wide range of Active Pharmaceutical Ingredients (APIs), branded and generic formulations and also the Home Health products. The Company has its manufacturing locations situated in the state of Himachal Pradesh with trading and other incidental and related activities extending to both domestic and global markets.

1.1 Basis for preparation of financial statements

These financial statements are prepared in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended thereafter, the relevant provisions of the Companies Act, 2013 ("the Act") and guidelines issued by the Securities and Exchange Board of India (SEBI), as applicable.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements are authorized for issue by the Board of Directors of the Company at their meeting held on May 16, 2023.

Functional and Presentation Currency

The financial statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates.

Basis of measurement

These financial statements are prepared under the historical cost convention unless otherwise indicated.

Operating Cycle

Based on the nature of products/activities of the company and normal time between acquisition of assets and their realisation in cash or cash equivalents, the company has determined its operating cycle as 12 months for the purpose of

classification of its assets and liabilities as current and non-current.

1.2 Use of Estimates and Judgements

The presentation of financial statements in conformity with Ind AS requires the management of the company to make estimates, judgements and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported balances of assets and liabilities, disclosures of contingent assets and liabilities as at the date of financial statements and the reported amount of revenues and expenses during the year. Examples of such estimates include provisions for doubtful debts, employee benefits, provisions for income taxes, useful life of depreciable assets and provisions for impairments & others.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to financial statements

1.3. Property, Plant and Equipment (PPE)

The Company has elected to continue with the carrying value of all its property, plant and equipment as recognized in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as the deemed cost as at the transition date pursuant to the exemption under Ind AS 101.

a) Free hold land is carried at cost. All other items of Property, plant and equipment are stated at cost, less accumulated depreciation. The initial cost of PPE comprises its purchase price, including import duties and non-refundable purchase taxes, and any directly attributable costs of bringing an asset to working condition and location for its intended use, including relevant borrowing costs and any expected significant costs of decommissioning, less accumulated depreciation and accumulated impairment losses, if any. Expenditure incurred after the PPE have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the period in which the costs are incurred.

b) Advances paid towards the acquisition of property, plant and equipment outstanding at

each balance sheet date is classified as capital advances under other non-current assets.

- c) Capital work-in-progress in respect of assets which are not ready for their intended use are carried at cost, comprising of direct costs, related incidental expenses and attributable interest.
- d) The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the statement of profit and loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

1.4. Intangible Assets and Amortisation

Internally generated Intangible Assets - Research and Development expenditure

Expenditure pertaining to research is expensed as incurred. Expenditure incurred on development is capitalised if such expenditure leads to creation of an asset and/or benefits are expected over more than one period, otherwise such expenditure is charged to the Statement of Profit and Loss.

Expenditure providing benefits for more than one period is amortised proportionately over the periods during which benefits are expected to occur.

Intangible Assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment, if any. The Company determines the amortisation period as the period over which the future economic benefits will flow to the Company after taking into account all relevant facts and circumstances. The estimated useful life and amortisation method are reviewed periodically, with the effect of any changes in estimate being accounted for on a prospective basis.

1.5 Depreciation

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a straight-line basis over the useful lives as prescribed in Schedule II to the Act or as per technical assessment.

- a) Depreciation on fixed assets is provided on straight-line method at the rates prescribed by the schedule II of the Companies Act, 2013 and in the manner as prescribed by it except assets costing less than ₹5000/- on which depreciation is charged in full during the year.

- b) Intangible assets are amortized over their respective individual estimated useful life on straight line basis, commencing from the date the asset is available to the company for its use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, etc. The amortization method and useful lives are reviewed periodically at end of each financial year.

1.6 Valuation of inventories

Stocks of raw materials and other ingredients have been valued on First in First Out (FIFO) basis, at cost or net realizable value whichever is less, finished goods and stock-in-trade have been valued at lower of cost and net realizable value, work-in-progress is valued at raw material cost up to the stage of completion, as certified by the management on technical basis. Goods in transit are carried at cost.

1.7 Foreign Currency Transactions / Translations

- i) Transactions denominated in foreign currency are recorded at exchange rates prevailing at the date of transaction or at rates that closely approximate the rate at the date of the transaction.
- ii) Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.
- iii) Exchange differences on monetary items are recognised in the Statement of Profit and Loss in the period in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.
- iv) Foreign exchange differences recorded as an adjustment to borrowing costs are presented in the statement of profit and loss, as a part of finance cost. All other foreign exchange gains and losses are presented in the statement of profit and loss on net basis.
- v) In case of long term monetary items outstanding as at the end of year, exchange differences arising on settlement / restatement thereof are capitalised as part of the depreciable fixed assets to which the

monetary item relates and depreciated over the remaining useful life of such assets. If such monetary items do not relate to acquisition of depreciable fixed assets, the exchange difference is amortised over the maturity period / up to the date of settlement of such monetary items, whichever is earlier, and charged to the Statement of Profit and Loss.

1.8 Dividends

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the company's Board of Directors.

1.9 Leases

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of minimum lease payments at the inception of lease, whichever is lower. Lease under which the risks and rewards incidental to ownership are not transferred to lessee, is classified as operating lease. Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the statement of profit and loss over the lease term.

2.0 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

i) Initial Recognition and measurement

On initial recognition, all the financial assets and liabilities are recognized at its fair value plus or minus transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability except financial asset or financial liability measured at fair value through profit or loss ("FVTPL"). Transaction costs of financial assets and liabilities carried at fair value through the Profit and Loss are immediately recognized in the Statement of Profit and Loss.

However, trade receivables that do not contain a significant financing component are measured at transaction price.

ii) Subsequent measurement

- a) **Financial assets carried at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial assets at fair value through profit or loss (FVTPL)

A financial asset is measured at fair value through profit and loss unless it is measured at amortized cost or at fair value through other comprehensive income.

d) Investments in subsidiaries, joint ventures and associates

The Company has adopted to measure investments in subsidiaries, joint ventures and associates at cost in accordance with Ind AS 27 and carrying amount as per previous GAAP at the date of transition has been considered as deemed cost in accordance with Ind AS 101.

e) Financial liabilities

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities'.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL. Gains or Losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Other Financial liabilities

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

iii) Derecognition of financial instruments

A financial asset is derecognized when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized when the obligation specified in the contract is discharged or cancelled or expired.

iv) Fair value measurement of financial instruments

The fair value of financial instruments is determined using the valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Based on the three level fair value hierarchy, the methods used to determine the fair value of financial assets and liabilities include quoted market price, discounted cash flow analysis and valuation certified by the external valuer.

In case of financial instruments where the carrying amount approximates fair value due to the short maturity of those instruments, carrying amount is considered as fair value.

2.1 Impairment of Assets

i) Financial Assets

In accordance with Ind AS 109, the company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss.

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial

recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in statement of profit or loss.

ii) Non-Financial Assets

The carrying amounts of the Company's tangible and intangible assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any.

The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets, such reversal is not recognised.

2.2 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the amount can be reliably measured.

a) Revenue is recognised at the value of consideration received or receivable. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the company as part of the contract. The amount disclosed as revenue is net of returns, trade discounts, Goods and Services Tax (GST).

Provisions for rebates, discount and return are

estimated and provided for in the year of sales and recorded as reduction of revenue.

b) Dividend income is accounted for when the right to receive the income is established.

2.3 Interest

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

Income from interest is recognized using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

2.4 Income Taxes

Income tax expense comprises current tax and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent that it relates to items recognized directly in equity or other comprehensive income, in which case it is also recognized in equity or other comprehensive income respectively.

Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred tax assets and liabilities are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are

measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

Pursuant to Taxation Laws (Amendment) Ordinance 2019, the company has opted to pay Income Tax as provided under Section 115BAA of the Income Tax Act, 1961.

2.5 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of the asset. Other borrowing costs are recognized as an expense in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.6 Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognised in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a

possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non -occurrence of one or more uncertain future events not wholly within the control of the Company.

Claims against the Company where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

2.7 Earning per share

Basic earning per share is calculated by dividing the net profit or loss for the year attributable to the equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating the diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted as at beginning of the period, unless they have been issued at a later date.

2.8 Employee Retirement benefits

i) Short term employee benefits

All employee benefits payable/available within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages and bonus etc., are recognised in the statement of profit and loss in the period in which the employee renders the related service.

ii) Post – employment benefits

Defined contribution plans –

Retirement benefits in the form of provident fund is a defined contribution scheme. The company has no obligation, other than the contribution payable to the provident fund.

Payments to defined contribution plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Defined benefit plans –

Gratuity

The company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The Gratuity payment plan provides for a lump sum payment to the vested employees at retirement, death, incapacitation while in employment or on termination of employment of an amount based on the respective employee's salary and tenure of employment. Vesting occurs upon completion of five years of service.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method. Re-measurements comprising of actuarial gains and losses, are recognised in other comprehensive income which are not reclassified to profit or loss in the subsequent periods.

iii) Long – term employee benefits

Leave Encashment

The liability of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method.

2.9 Segment Reporting

The company operates in one reportable business segment i.e. “Pharmaceuticals”.

3.0 Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at bank and in hand and short-term deposits with banks that are readily convertible into cash which are subject to insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

Independent Auditor's Report

To the Members of Morepen Laboratories Limited
Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of **Morepen Laboratories Limited** ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiary together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015,

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S. No.	Key Audit Matter	Auditor's Response
1	<p>In the Scheme of Arrangement & Compromise under Section 391 of the Companies Act, 1956 as approved by the Hon'ble High Court of Himachal Pradesh vide its Order dated August 4, 2009, the Company allotted 9,24,90,413 Equity Shares to the fixed deposit holders in settlement of their dues. The Hon'ble NCLT vide its judgment dated 12th March 2018 dismissed the Company's petition seeking approval of the Scheme and stated that the order will not affect the allotment of the shares to the FD holders who have traded the shares to the third parties or transferred the allotted shares and to the balance FD holders (eligible FD holders), the company shall pay the outstanding amount as per the scheme approved by the Company Law Board (CLB). The appeal preferred by the company against the said order of NCLT, is dismissed by Hon'ble National Company Law Appellate Tribunal (NCLAT).</p> <p>Pursuant to implementation of Hon'ble National Company Law Tribunal (NCLT), Chandigarh Order dated 12.03.2018, out of 3,85,65,810 Equity Shares of ₹2/- each issued at a premium of ₹9.32 per share belonging to eligible FD holders, the company has paid Fixed Deposit dues in respect of 50,38,983 Equity Shares received for cancellation with the company till 31.03.2022. as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2023, the consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Information Other than the Consolidated Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for preparation of the other information. The other information comprises the information included in Annual Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statement does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under section 133 of the Act, read with relevant rules issued thereunder.

The respective board of directors of the entities included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies, making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness

of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the directors of the Holding Company as aforesaid.

In preparing the consolidated financial statements, the respective board of directors of the entities included in the Group are responsible for assessing the ability of the Group to continue as going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease the operations, or has no realistic alternative but to do so.

The respective board of Directors of the entities included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(l) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transaction and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are independent auditors. For the other entities included in consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such entities included in the consolidated financial statements of which we are independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosures about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of subsidiaries namely Morepen Devices Limited, Morepen Rx Limited, Total Care Ltd. (Indian Subsidiaries) and Morepen Bio [earlier Morepen Inc.] (foreign Subsidiary) included in consolidated financial statements. - e) On the basis of the written representations received from the directors of the Holding company and its Indian subsidiaries as on 31st March 2023 taken on record by the Board of Directors of the respective companies, none of the directors of the Group companies incorporated in India is disqualified as on 31st March 2023 from being appointed as a director in terms of section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls is as per Annexure A.
- g) There is no qualifications or adverse remarks by the respective auditors in the Companies (Auditor's Report) Order (CARO) reports of the companies included in the consolidated financial statements.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with the

requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the holding company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- i) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on the financial position of the group, in its consolidated financial statements;
 - (ii) The Group has made provision in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts;
 - (iii) During the year, the Group was not liable to transfer any amount to the Investor Education and Protection Fund.
 - (iv) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material mis-statement. (Refer Note No. 33(f) to the consolidated financial statements)
 - (v) No Company in the group has declared or paid any dividend during the year.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date on the consolidated financial statements of Morepen Laboratories Limited for the year ended 31st March 2023)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the Consolidated Financial Statements of the Holding Company as of and for the year ended March 31, 2023, we have audited the internal financial controls over financial reporting of Morepen Laboratories Limited (hereinafter referred to as "the Holding Company") and its Indian subsidiaries, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of directors of the holding company and its subsidiaries which are incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by these entities, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on internal financial controls over financial reporting of the Holding company and its subsidiaries incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial

controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on internal financial controls system over financial reporting of the Holding company and its subsidiaries incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanation given to us, and based on the consideration of reports of other auditors, referred

to in the Other Matters paragraph, the Holding company and its subsidiaries incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the respective companies, considering the essential components of internal control stated in the Guidance Note.

Other Matters

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial control over financial reporting in so far as it relates to the financial statements of subsidiaries namely Morepen Devices Limited, Morepen Rx Ltd., Total Care Ltd. (Indian Subsidiaries) and Morepen Bio [earlier Morepen Inc.] (Foreign Subsidiary), is based solely on the reports of the auditors of such entities.

1. COMPANY OVERVIEW AND SIGNIFICANT ACCOUNTING POLICIES

Company Overview

Morepen Laboratories Limited ("the Company") is a Public limited company incorporated and domiciled in India and has its listing on the BSE Limited and National Stock Exchange of India Limited. The addresses of its registered office and principal place of business are disclosed in the introduction to the annual report. The Company has its manufacturing locations situated in the state of Himachal Pradesh with trading and other incidental and related activities extending to both domestic and global markets. The Company is in the business of manufacturing, producing, developing and marketing a wide range of Active Pharmaceutical Ingredients (APIs), branded and generic formulations and also the Home Health products.

1.1 Basis for preparation of financial statements

These financial statements are prepared in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended thereafter, the relevant provisions of the Companies Act, 2013 ("the Act") and guidelines issued by the Securities and Exchange Board of India (SEBI), as applicable.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The consolidated financial statements consist of financial statements of Morepen Laboratories Ltd. (parent company) and its five subsidiaries namely Dr. Morepen Ltd., Total Care Ltd., Morepen Devices Ltd., Morepen Rx Ltd. (Domestic Companies) and Morepen Bio.[earlier Morepen Inc.] (Foreign Company). Financial statements of foreign subsidiary have been recasted for the purpose of consolidation.

The names of subsidiary companies included in consolidation and parent company's holding therein are as under-

Subsidiary Company	Country of Incorporation	Percentage of Holding (%)
Morepen Inc.	U.S.A.	100
Dr. Morepen Ltd.	India	100
Total Care Ltd.	India	95*
Morepen Devices Ltd.	India	100
Morepen Rx Ltd.	India	100

*(Held by Dr. Morepen Limited)

The financial statements are authorized for issue by the Board of Directors of the Company at their meeting held on May 16, 2023.

Functional and Presentation Currency

The financial statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates.

Basis of measurement

These financial statements are prepared under the historical cost convention unless otherwise indicated.

Operating Cycle

Based on the nature of products/activities of the company and normal time between acquisition of assets and their realisation in cash or cash equivalents, the company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

1.2 Use of Estimates and Judgements

The presentation of financial statements in conformity with Ind AS requires the management of the company to make estimates, judgements and assumptions.

These estimates, judgements and assumptions affect the application of accounting policies and the reported balances of assets and liabilities, disclosures of contingent assets and liabilities as at the date of financial statements and the reported amount of revenues and expenses during the year. Examples of such estimates include provisions for doubtful debts, employee benefits, provisions for income taxes, useful life of depreciable assets and provisions for impairments & others.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to financial statements.

1.3. Property, Plant and Equipment (PPE)

The Company has elected to continue with the carrying value of all its property, plant and equipment as recognized in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as the deemed cost as at the transition date pursuant to the exemption under Ind AS 101.

a) Free hold land is carried at cost. All other items of Property, plant and equipment are stated at cost, less accumulated depreciation. The initial cost of PPE comprises its purchase price, including import duties and non-refundable purchase taxes, and any directly attributable costs of bringing an asset to working condition and location for its intended use, including relevant borrowing costs and any expected significant costs of decommissioning, less accumulated

depreciation and accumulated impairment losses, if any. Expenditure incurred after the PPE have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the period in which the costs are incurred.

- b) Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets.
- c) Capital work-in-progress in respect of assets which are not ready for their intended use are carried at cost, comprising of direct costs, related incidental expenses and attributable interest.
- d) The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the statement of profit and loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

1.4 Intangible Assets and Amortisation

Internally generated Intangible Assets - Research and Development expenditure

Expenditure pertaining to research is expensed as incurred. Expenditure incurred on development is capitalised if such expenditure leads to creation of an asset and/or benefits are expected over more than one period, otherwise such expenditure is charged to the Statement of Profit and Loss.

Expenditure providing benefits for more than one period is amortised proportionately over the periods during which benefits are expected to occur.

Intangible Assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment, if any. The Company determines the amortisation period as the period over which the future economic benefits will flow to the Company after taking into account all relevant facts and circumstances. The estimated useful life and amortisation method are reviewed periodically, with the effect of any changes in estimate being accounted for on a prospective basis.

1.5 Depreciation

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a straight-line basis over the useful lives as prescribed in Schedule II to the Act or as per technical assessment.

- a) Depreciation on fixed assets is provided on straight-line method at the rates prescribed by the schedule II of the Companies Act, 2013 and in the manner as prescribed by it except assets costing less than Rs. 5000/- on which depreciation is charged in full during the year.
- b) Intangible assets are amortized over their respective individual estimated useful life on straight line basis, commencing from the date the asset is available to the company for its use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, etc. The amortization method and useful lives are reviewed periodically at end of each financial year.

1.6. Valuation of inventories

Stocks of raw materials and other ingredients have been valued on First in First Out (FIFO)

basis, at cost or net realizable value whichever is less, finished goods and stock-in-trade have been valued at lower of cost and net realizable value, work-in-progress is valued at raw material cost up to the stage of completion, as certified by the management on technical basis. Goods in transit are carried at cost.

1.7. Foreign Currency Transactions / Translations

- i) Transactions denominated in foreign currency are recorded at exchange rates prevailing at the date of transaction or at rates that closely approximate the rate at the date of the transaction.
- ii) Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.
- iii) Exchange differences on monetary items are recognised in the Statement of Profit and Loss in the period in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.
- iv) Foreign exchange differences recorded as an adjustment to borrowing costs are presented in the statement of profit and loss, as a part of finance cost. All other foreign exchange gains and losses are presented in the statement of profit and loss on net basis.

v) In case of long term monetary items outstanding as at the end of year, exchange differences arising on settlement / restatement thereof are capitalised as part of the depreciable fixed assets to which the monetary item relates and depreciated over the remaining useful life of such assets. If such monetary items do not relate to acquisition of depreciable fixed assets, the exchange difference is amortised over the maturity period / up to the date of settlement of such monetary items, whichever is earlier, and charged to the Statement of Profit and Loss.

1.8 Dividends

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the company's Board of Directors.

1.9 Leases

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of minimum lease payments at the inception of lease, whichever is lower. Lease under which the risks and rewards incidental to ownership are not transferred to lessee, is classified as operating lease. Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the statement of profit and loss over the lease term.

2.0 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity

and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

i) Initial Recognition and measurement

On initial recognition, all the financial assets and liabilities are recognized at its fair value plus or minus transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability except financial asset or financial liability measured at fair value through profit or loss ("FVTPL"). Transaction costs of financial assets and liabilities carried at fair value through the Profit and Loss are immediately recognized in the Statement of Profit and Loss.

However, trade receivables that do not contain a significant financing component are measured at transaction price.

ii) Subsequent measurement

a) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is subsequently measured at fair value through other

comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial assets at fair value through profit or loss (FVTPL)

A financial asset is measured at fair value through profit and loss unless it is measured at amortized cost or at fair value through other comprehensive income.

d) Investments in subsidiaries, joint ventures and associates

The Company has adopted to measure investments in subsidiaries, joint ventures and associates at cost in accordance with Ind AS 27 and carrying amount as per previous GAAP at the date of transition has been considered as deemed cost in accordance with Ind AS 101.

e) Financial liabilities

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities'.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL. Gains or Losses on liabilities held for

trading are recognised in the Statement of Profit and Loss.

Other Financial liabilities

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

iii) Derecognition of financial instruments

A financial asset is derecognized when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized when the obligation specified in the contract is discharged or cancelled or expired.

iv) Fair value measurement of financial instruments

The fair value of financial instruments is determined using the valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Based on the three level fair value hierarchy, the methods used to determine the fair value of financial assets and liabilities include quoted market price, discounted cash flow analysis and valuation certified by the external valuer.

In case of financial instruments where the carrying amount approximates fair value due to the short maturity of those instruments, carrying amount is considered as fair value.

2.1 Impairment of Assets

i) Financial Assets

In accordance with Ind AS 109, the company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss.

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in statement of profit or loss.

ii) Non-Financial Assets

The carrying amounts of the Company's tangible and intangible assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any.

The impairment loss is recognised as an expense in the Statement of Profit and

Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets, such reversal is not recognised.

2.2 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the amount can be reliably measured.

a) Revenue is recognised at the value of consideration received or receivable. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the company as part of the contract. The amount disclosed as revenue is net of returns, trade discounts, Goods and Services Tax (GST).

Provisions for rebates, discount and return are estimated and provided for in the year of sales and recorded as reduction of revenue.

b) Dividend income is accounted for when the right to receive the income is established.

2.3 Interest

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

Income from interest is recognized using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

2.4 Income Taxes

Income tax expense comprises current tax and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent that it relates to items recognized directly in equity or other comprehensive income, in which case it is also recognized in equity or other comprehensive income respectively.

Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred tax assets and liabilities are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

Pursuant to Taxation Laws (Amendment) Ordinance 2019, the company has opted to pay Income Tax as provided under Section 115BAA of the Income Tax Act, 1961.

2.5 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of the asset. Other borrowing costs are recognized as an expense in the period in which

they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.6 Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognised in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Claims against the Company where the possibility of any outflow of resources in

settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

2.7 Earning per share

Basic earning per share is calculated by dividing the net profit or loss for the year attributable to the equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating the diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted as at beginning of the period, unless they have been issued at a later date.

2.8 Employee Retirement benefits

i) Short term employee benefits

All employee benefits payable/available within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages and bonus etc., are recognised in the statement of profit and loss in the period in which the employee renders the related service.

ii) Post – employment benefits

Defined contribution plans –

Retirement benefits in the form of provident fund is a defined contribution scheme. The

company has no obligation, other than the contribution payable to the provident fund. Payments to defined contribution plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Defined benefit plans –

Gratuity

The company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The Gratuity payment plan provides for a lump sum payment to the vested employees at retirement, death, incapacitation while in employment or on termination of employment of an amount based on the respective employee's salary and tenure of employment. Vesting occurs upon completion of five years of service.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method. Re-

measurements comprising of actuarial gains and losses, are recognised in other comprehensive income which are not reclassified to profit or loss in the subsequent periods.

iii) Long – term employee benefits

Leave Encashment

The liability of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method.

2.9 Segment Reporting

The company operates in one reportable business segment i.e. "Pharmaceuticals".

3.0 Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at bank and in hand and short-term deposits with banks that are readily convertible into cash which are subject to insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

29. As per the provisions under the MCA Circulars, members attending the AGM through VC/ OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.

Procedure for remote e-Voting and e-Voting during the AGM

30. All the members of the company including retail individual investors, institutional investors, etc. are encouraged to attend and vote in the AGM to be held through VC/OAVM.
31. In compliance with the provisions of Section 108 of the Act read with Rule 20 of Companies (Management and Administration) Rules, 2014 and Regulation 44 of the Listing Regulations re-enactment(s) thereof for the time being in force, members are provided e-Voting facility to cast their votes, by electronic means for voting through remote e-Voting, for participation in the AGM through VC/OAVM facility and e-Voting during the AGM. The necessary instructions for e-Voting are given in this notice.
32. Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated 09th December 2020, it has been observed that the participation by the public non-institutional shareholders/ retail shareholders is very negligible in remote e-Voting facility offered by the listed entities. Currently, there are multiple e-Voting service providers (ESPs) providing e-Voting facility to listed entities in India. This necessitates registration on various ESPs and

maintenance of multiple user IDs and passwords by the shareholder to increase the efficiency of the voting process and pursuant to a public consultation, SEBI mandated that to enable e-Voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-Voting process. The facility to avail single login credential is being implemented through phased wise manner. The shareholders/ members can register directly with their depositories or through their demat account with depository participants.

The depository shall send SMS/email alerts regarding the details of the upcoming AGM to the demat holders at-least 2 days prior to the date of commencement of e-voting. Hence, members are requested to update the mobile no./email ID with their respective depository participants.

33. Members holding shares either in physical form or in dematerialized form, as on Thursday, 21st September 2023 i.e., cut - off date, may cast their vote electronically. The remote e-Voting period will commence on Monday, 25th September 2023 at 9:00 A.M. and ends on Wednesday, 27th September 2023 at 5:00 P.M. The remote e-Voting module will be disabled by NSDL for voting thereafter. The facility for voting during the AGM will also be made available. Members present in the AGM through VC and who have not cast their vote on the resolutions through remote e-Voting and are otherwise not barred from doing so, shall be eligible to vote through the e-Voting system during the AGM.
34. The voting rights of Members shall be in proportion to their shares in the paid-up share capital of the company as on the cut-off date.
35. Any person, who acquires shares of the company and becomes a member of the company after sending of the Notice and holding shares as of the cut-off date, may obtain the login ID and password by sending a request at 'evoting@nsdl.co.in'. However, if he/she is already registered with NSDL for remote e-Voting then he/she can use his/her existing User ID and password for casting the vote.

Procedure to raise question/ seek clarifications with respect to Annual Report at the AGM:

36. The Members will be allowed to ask question(s) during the Meeting. The question(s) shall also be given in advance at-least 5 days before the meeting. The Members who would like to express their views or ask questions during the AGM may register themselves as a speaker by sending their request from their registered email address mentioning their name, DP ID and Client ID/folio number, PAN, mobile number & number of shares held, at 'investors@morepen.com'.
37. Those Members who have registered themselves as a speaker will only be allowed to express their views/ask questions during the AGM.
38. The company reserves the right to restrict the number of questions and number of speakers, depending on the availability of time for the AGM.

III. OTHER INFORMATION:

1) Reasons for loss/inadequacy of profits

The company is engaged in the manufacturing of bulk drugs, intermediates, medical devices and business of formulation. In the early years of its incorporation, the company's financial position went on well. However, during the years 2002-04, due to a sharp fall in company's prime product 'Loratadine' in the international markets, the company faced huge financial loss which adversely affected the sustainability of its operations as well as its ability to meet its debt servicing obligations. In addition, following are the key reasons for inadequate profits of the company.

Regulatory Challenges: The company, being a pharmaceutical company, is subject to strict regulations and price controls imposed by the government. These regulations limit the price flexibility which impact profitability of the company.

Intense Competition: The pharmaceutical market is highly competitive, with numerous domestic and international companies vying for market share. This intense competition can lead to price wars and margin erosion, reducing profits.

Pricing Pressures: The government and regulatory bodies often enforce price controls on essential drugs to make healthcare more affordable for the population. These price controls can limit the profit margins, especially if they heavily rely on low-cost generic drugs.

Rising R&D Costs: Developing new drugs and bringing them to market involves significant research and development (R&D) investments. The costs associated with R&D, clinical trials, and obtaining regulatory approvals can be substantial. If company fails to recoup these costs due to market conditions or unsuccessful drug launches, it can lead to losses.

Patent Issues: Intellectual property protection is crucial for the company to ensure a return on their investments. However, the patent landscape in India has been subject to debate and challenges, with concerns over the affordability of medicines. This impact the profitability relying on patented drugs.

Counterfeit Drugs: The market is facing challenge with respect to counterfeit and substandard drugs. This not only affects patient safety but also erodes the reputation of the company. Efforts to combat counterfeiting can increase costs and impact profitability.

Price Erosion in Export Markets: The company is heavily relying on exports to various countries. However, price erosion in international markets, especially in highly competitive generic drug segments, can affect the profitability of these companies.

Quality Control and Compliance: Maintaining high standards of quality control and complying with various regulatory requirements can be costly for pharmaceutical companies. Failure to meet quality standards or compliance issues can lead to financial penalties, recalls, and damage to the company's reputation.

Changing Healthcare Policies: Changes in healthcare policies, reimbursement mechanisms, and insurance coverage can impact the pricing and demand for pharmaceutical products. If a company's product portfolio is not aligned with these changes, it can affect profitability.

2) Steps taken or proposed to be taken for improvement.

The company maintains its leadership position in 'Loratadine' production, carried out in its USFDA approved facilities located at Masulkhana and Baddi, Himachal Pradesh. It has also achieved a prominent status as one of the largest suppliers of the highly effective anti-asthmatic drug viz., Montelukast Sodium, produced in its USFDA approved Masulkhana facility. Moreover, the company remains a key player in the commercial production of blockbuster drugs, including Atorvastatin Calcium and Rosuvastatin Calcium from the anti-

hypercholesterolemic series, Fexofenadine Hydrochloride from the anti-histaminic series, and Olmesartan from the anti-hypertensive series, along with their intermediates, all produced in its USFDA approved Baddi facility.

The company also investing Research and Development (R&D) for discovering and developing new drugs, improving existing ones, and staying competitive in the market. The company also ensuring compliance with various regulations and standards is crucial for the company to meet safety and quality requirements and gain approval for their products. The company is exploring new markets and expanding internationally can create additional revenue streams and reduce reliance on specific regions.

Over the past year, there have been substantial improvements in formulation, home diagnostics business, brand sharing, and product contract manufacturing. Moving forward, the company is focusing to achieve significant growth in the coming year. The customers have shown trust in branded product portfolio, and the company is planning to reward that confidence by introducing new and innovative products in the upcoming years. Additionally, the company is aiming to enhance market penetration to reach even more customers with our high-quality offerings.

3) Expected increase in productivity and profits in measurable terms.

The company expects improvement in its profitability because of aforesaid efforts.

IV. DISCLOSURES

The details of proposed remuneration are set out in the accompanying notice. The company shall make appropriate disclosures as required under Schedule V of the Act in the 'Corporate Governance Report' forming part of the Directors' Report of the company.
