Company Secretary & Compliance Officer

CHAIRMAN'S MESSAGE

Dear Shareholders,

I am pleased to address you at the close of another eventful fiscal year for Logica Infoway Limited (formerly named, Eastern Logica Infoway Ltd.). It is with great satisfaction that I present your company's annual report for the year ending 31st March 2024. Your company has continued to deliver strong performance despite the challenges posed by a dynamic and competitive market landscape. It is my privilege to share with you the significant achievements and milestones we have reached over the past year, and to outline our strategic outlook for the future.

With a relentless focus on increasing revenue and profit, the company has delivered a robust financial performance despite challenging market conditions. We have crossed annual revenues of **Rs. 1067 crore** in FY2024, marking a growth of **51.3%** from the previous year. Consolidated EBITDA grew by **84%** to **Rs. 20.17 crore**, and profit after tax increased by an exemplary **130%**. In the current fiscal year, the company's strong market position and effective growth strategies helped achieve a Return on Capital Employed of **13.2%**, demonstrating a **100%** growth from FY23.

I would like to express my gratitude for Logica Infoway Ltd.'s successful SME IPO listing in January 2023. In FY2024, Logica achieved a significant milestone by surpassing the Rs. 500 crore valuation mark and issuing a six-fold bonus to our esteemed shareholders.

Logica has been a leading player in West Bengal since its inception. However, over the past three years, the company has expanded into northern states including New Delhi, Haryana, Punjab, and Uttar Pradesh. We have strategic plans to further penetrate these markets and consolidate our position. We are making notable investments and building capabilities to partner with vendors during this phase of expansion. Logica aims to double sales revenue over the next two years, emphasizing increased profitability and higher margins. We target a 75% growth in the retail business in the next fiscal year by opening additional stores in strategic locations across North and East India, in Tier I and Tier II cities, offering a wider range of advanced products in PCs, IT hardware, and Telecom. We also

foresee partnering for the national distribution of top global electronics brands that drive nationwide innovation and manufacturing. We are in continuous discussions to forge strong partnerships with global vendors to amplify and channel much larger quantities of digital products across the globe.

India is establishing its mark in the global economy, and the electronic industry plays a vital role in the country's growth endeavours. The Government of India's vision of "**Digital Bharat**" has significant precedence in the economy's growth, and at Logica, as a leading IT and Telecom company, we are embracing this evolution by expanding the supply of consumer electronics throughout India. Our continuous efforts to serve customer needs have positioned us at the forefront of industry trends to drive the country's ambitious "Digital Bharat" mission.

While "**Make-In-India**" electronics are on the rise, so is Logica Infoway Limited. Your company sent out its first export shipment of "Make-In-India" electronic products internationally just before the beginning of the fiscal year, achieving over Rs. 200 crore worth of shipments on a global scale. Our international network and channel partners have provided a strong base to expansively promote electronics manufactured in India.

The deployment of AI and Gen AI technologies is significantly improving efficiencies in government, industry, institutions, and the workforce. Your company's IT products and services have been enhanced with AI capabilities, setting new benchmarks in productivity, efficiency, and sustainability. Globally, the telecom industry is also upgrading to 5G/6G communication. These high-speed, low-latency networks, along with edge computing and AI, will become the backbone of future businesses. Logica is now distributing such devices on a massive global scale to enhance the country's predominance in advancing technology.

To intensify operational efficiency and workforce optimization, we aim to integrate SAP software across our backend management system in the ongoing fiscal year. We believe that great companies are built by their talent pool. Hence, we are constantly hiring a highly experienced workforce to achieve future milestones.

At Logica, we uphold the highest standards of corporate governance and responsibility. Our commitment to ethical business practices, environmental stewardship, and social responsibility remains unwavering. We have continued to integrate sustainability and social initiatives into our operations and have achieved significant milestones in our endeavours for societal betterment. We are associated with NGO, "**Super Soul Foundation**", which provides IT products and services at no cost to underprivileged towns to promote digital education in rural parts of India.

Furthermore, I extend my appreciation to all stakeholders, including vendors, clients, employees, lenders, and shareholders, for their continued support, trust, and confidence in Logica Infoway Limited. With a strong foundation, a talented team, and a clear strategic direction, your company is well-positioned to capitalize on emerging opportunities and successfully navigate challenges. Thank you once again for your unwavering support.

EXPLANATORY STATEMENT

PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 AND RULES RELATED THERETO:

As required by Section 102 of the Companies Act, 2013, (hereinafter referred to as “the Act”) the following Explanatory Statements set out all material facts relating to the business mentioned under Item Nos. 3, 4 & 5 of the accompanying Notice dated 15th July, 2024.

Item No. 3:

During the EGM held on 10th February, 2024, the Company passed a resolution for the change of its name. However, due to an inadvertent oversight, the PCA certificate confirming compliance with Regulation 45(3) was not placed before the members at that time.

Current Proposal:

To rectify the oversight and ensure compliance with SEBI regulations, it is proposed to place the PCA certificate before the members at this AGM. The PCA certificate confirms that the Company has met all the necessary requirements as stipulated under Regulation 45(3) of the SEBI LODR Regulations for changing its name.

The Board of Directors recommends the resolution for your approval to ensure compliance with the regulatory requirements and to ratify the previous omission. None of the Directors or Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested in the resolution except to the extent of their shareholding in the Company.

Item No. 4:

Based on the recommendation of Nomination and Remuneration Committee duly approved by the resolution passed at its meeting, the Board of Directors has reappointed Mr. Gaurav Goel as the Managing Director of the Company for a period of 5 (Five) years w.e.f. 1st July, 2024, subject to approval of the members in General Meeting upon terms and conditions set out in the draft agreement to be entered into by the Company with him as approved by the Board of Directors. Mr. Gaurav Goel’s visionary guidance has been instrumental in driving company’s remarkable growth. Throughout his tenure, including the challenging times presented by the COVID-19 pandemic, he has exhibited exceptional leadership skills and a steadfast commitment towards Company’s progress. Under his astute leadership, the Company has achieved steady growth, marked by consistent expansion, strategic initiatives, and a relentless pursuit of excellence. His ability to navigate through uncertainties and make well-informed decisions has ensured the sustainability of Company’s operations. It would be therefore in the interest of the Company to re-appoint Mr. Gaurav Goel as Managing Director of the Company.

The material terms and conditions of the said draft Agreement are as under:

1. Period of Agreement: 1st July, 2024 to 30th June, 2029

2. Remuneration:

- a) Basic Salary: Basic Salary of 8,00,000/- per month with a power to the Board to give one or more annual increment subject to maximum basic salary of 15,00,000/- per month.
- b) Perquisites:

- i. Medical Reimbursement: Consolidated Medi-claim Policy as per actual payments.
- ii. Leave Travel Allowance: For Self and Family as per actual bill produced.
Fuel for motor car as per actual.

For Self and Family as per actual bill produced.

All travelling and related expenses incurred while doing company's business shall be borne by the company.

The above package of remuneration shall be treated as minimum remuneration in case of absence or inadequacy of profit."

3. Any other benefits, facilities, allowance and expenses as may be allowed under Company rules/schemes.

The Board of Directors in their meeting held on 15th July, 2024 proposed the Re-appointment of Mr. Gaurav Goel as Managing Director subject to approval of members of the Company. In accordance with the applicable provisions of the Companies Act, 2013, approval of members is being sought, by way of special resolution, for payment of remuneration to Mr. Gaurav Goel, Managing Director.

Accordingly, the Board recommends the resolution set forth in Item No. 4 relating to the Re-appointment of Mr. Gaurav Goel as Managing Director, by way of Special Resolution.

Except Mr. Gaurav Goel, Mrs. Shweta Goel and Mr. Rakesh Kumar Goel, no other director(s) and Key Managerial Personnel(s) or their relatives, is in any way, concerned or interested, financially or otherwise, in this resolution.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. INDUSTRY STRUCTURE AND DEVELOPMENT

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India, considered a popular manufacturing hub, has grown its domestic electronics production. The electronics sector of India contributes around 3.4% of the country's Gross Domestic Product (GDP). The government has committed nearly US\$ 17 billion over the next six years across four PLI Schemes: semiconductor and design, smartphones, IT hardware, and components.

Recently, the Ministry of Electronics & Information Technology released the second volume of the Vision document on Electronics Manufacturing in India, which stated that the electronics manufacturing industry will grow to US\$ 300 billion by 2025-26. The major products that are expected to drive growth in India's electronics manufacturing are mobile phones, IT hardware (laptops, tablets), consumer electronics (TV and audio), industrial electronics, auto electronics, electronic components, LED lighting, strategic electronics, Printed Circuit Board Assembly (PCBA), wearables and hearables, and telecom equipment. Mobile manufacturing is expected to cross US\$ 100 billion in annual production growth by accounting for nearly 40% of the industry growth.

The IT sector in India is one of the largest contributors with a 9% contribution to GDP. The industry is around US\$ 194 billion and is expected to surpass US\$ 300-350 billion by 2025. India's IT industries and companies are majorly located in the southern regions such as Bangalore, Hyderabad, Chennai, Visakhapatnam, Trivandrum, Mysore, Mangalore, Kochi, etc. The country's major information technology hubs are Mumbai, Pune, Delhi, etc.

RECENT ECONOMIC DEVELOPMENTS IN INDIA ARE AS FOLLOWS:

AMPLIFYING GROWTH

- India is expected to have a digital economy of \$ 1 Tn by 2025
- One of the largest electronic devices industries in the world anticipated reaching \$ 300 Bn by FY 2025-26
- In March 2024, India saw significant performance in its IT hardware export sector. The country achieved a notable increase in exports of electronic goods, which include IT hardware. Overall, electronic goods exports grew by 23.64% in the fiscal year 2023-24 compared to the previous fiscal year. Specifically, the export value of electronic goods, which encompasses IT hardware, rose from USD 23.55 billion to USD 29.12 billion.

In March 2024 alone, India's merchandise exports reached a record USD 41.68 billion, with electronic goods being a significant contributor to this achievement. This growth is part of a broader trend where India has been expanding its export footprint in various high-value sectors, including IT hardware. India's exports are set to increase rapidly to \$ 120 Bn in FY26.

- Production of mobile handsets is further slated to increase in value \$ 126 Mn in FY 26.
- India produces roughly 10 mobile phones per second which amounts to ~\$ 930 worth of production every second.
- India's semiconductor market is expected to increase by \$ 110 Bn in FY30, growing at a CAGR of 22%
- 100% FDI is allowed under the automatic route. In the case of electronics items for defence, FDI up to 49% is allowed under automatic route and beyond 49% through the government approval.

Electronic goods have emerged as a major component in India's merchandise imports and have been driven by telecom instruments. Within telecom instruments, the imports of mobile phone parts have been the major contributor from 2015-16 onwards and coincidentally mobile phone imports have trended down. This is corroborated by a close examination of component wise imports and domestic production of telecom instruments which point towards an increasingly higher domestic value addition in recent years. This move from essentially consumption driven imports to production induced imports has largely been conditioned by the policy impulses to increase domestic production which is a desirable outcome against the backdrop of high domestic demand.

Further, we have also set up smooth distribution networks and effective tracking systems, to ensure timely delivery of our products with limited procurement costs.

4. THREATS

Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, change in regulatory framework, inflation, deflation, foreign exchange fluctuations, consumer credit availability, consumer debt levels, unemployment trends, terrorist threats and activities, worldwide military and domestic disturbances and conflicts, and other matters that influence consumer confidence, spending and tourism.

Civil disturbances, extremities of weather, regional conflicts and other political instability may have adverse effects on our operations and financial performance.

Certain events that are beyond our control such as earthquake, fire, floods and similar natural calamities may cause interruption in the business undertaken by us. Our operations and financial results and the market price and liquidity of our equity shares may be affected

by changes in Indian Government policy or taxation or social, ethnic, political, economic or other adverse developments in or affecting India.

Natural calamities could have a negative impact on the Indian economy and cause our Company's business to suffer.

The Covid-19 pandemic had brought the world to a standstill affecting all sectors and the livelihood of many are at stake including the Indian economy. However, our Country is achieving normalcy by various measures taken by the Government. The pandemic is still to be controlled and any major outbreak will seriously impact our business. Further, our Country in the past has experienced natural calamities such as earthquakes, tsunami, floods etc. The extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks in India, other incidents such as those in US, Indonesia and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

5. THE FUTURE OUTLOOK

In keeping with the challenges of change, our Company was looking at ways to take advantage of the emerging situation. In this context, the Company had already started the Export. This will not only ensure that your company is on a fast-track growth path, but also add tremendous value to your investment in the Company.

6. RISKS AND CONCERNS

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality:

1. Some risks may not be material individually but may be material when considered collectively.
2. Some risks may have material impact qualitatively instead of quantitatively.
3. Some risks may not be material at present but may have a material impact in the future.

Our stores and distribution centres are concentrated mainly in West Bengal, UP, Haryana and New Delhi, and we generate majority of our revenue from our stores in these states. Any adverse developments affecting our operations in these states could have an adverse impact on our revenue and results of operations.

We derive majority of our revenue from sale of our product in West Bengal and Delhi. Existing and potential competitors to our businesses in these states may increase their focus

on these states, which could reduce our market share. For example, our competitors may intensify their efforts in these states to capture a larger market share by launching aggressive promotional campaigns. The concentration of our operations heightens our exposure to adverse developments related to competition, as well as economic, political, demographic and other changes, which may adversely affect our business prospects, financial conditions and results of operations. Any adverse development that affects the performance of the stores located in this state could have a material adverse effect on our business, financial conditions, and results of operations.

Our inability to promptly identify and respond to changing customer preferences or evolving trends may decrease the demand for our merchandise among our customers, which may adversely affect our business.

Our Company is primarily engaged in multi-brand retail selling as well as distribution of branded smart phones, IT hardware, software and allied accessories and services. Our success depends upon our ability to forecast, anticipate and respond to the changing customer preferences and trends in a timely manner. Though we do not design or manufacture the products that we sell in our store and only procure the same through vendors and third-party manufacturers, any failure by us to understand prevailing trends or to forecast changes could result in merchandise obsolescence, thereby increasing the dead stock and loss of our brand image amongst our customers, which could have a material adverse effect on our business and results of operations. Any inability to respond to changes in consumer demands and market trends in a timely manner could have material adverse effect on our business, financial conditions, and results of operations.

We operate in a competitive industry and our market share may be adversely impacted in case we do not keep ourselves apprised of the latest consumer trends and technology and if we fail to compete effectively in the markets in which we operate.

We operate in a competitive industry which is characterized by rapid shifts in consumer trends and technology and our market share may be adversely impacted at any time by the significant number of competitors in our industry that may compete more effectively than us. These frequent changes and their impact on consumer demand may result into both price and demand volatility, leading to change in the competitive scenario. Due to the expansive nature of our business, we face competition from various kinds of players including, players operating in retail, wholesale and e-commerce space. We compete with national and local department stores, independent retail stores and internet businesses that market similar lines of merchandise as us. Many of our competitors are, and many of our potential competitors may be, larger, and may have substantially greater financial, marketing and other resources and, therefore, may be able to adapt to changes in customer requirements more quickly and devote greater resources in marketing and sale of their products or adopt more aggressive pricing policies than we can. We face a variety of competitive challenges, including pricing our products to remain competitive while achieving a customer perception of comparatively higher value, anticipating and quickly responding to changing consumer demands. Similarly, some of our organized competitors may also have advantages over us on account of, more prominent locations of their stores, more efficient distribution networks, better trained employees, greater geographic reach, broader product ranges or access to a large pool of financial resources. As a result, we will need to put in efforts to create brands and propositions that will provide access to high value products and also create a customer connect to our brand identity.

Our business is subject to cyclical volatility due to which there may be fluctuation in the sales of products which could lead to higher closing inventory position, which may adversely affect our business.

We offer products at our stores that our consumers require, and our success is dependent on our ability to meet our consumers' requirements. The retail consumer spending is heavily dependent on the economy. Our revenue and profits may vary during different quarters of the financial year and certain periods may not be indicative of our financial position for a full financial year or future quarters or periods and may be below market expectations. Further, any unanticipated decrease in demand for our products during our peak selling period could result into higher closing inventory position, which may lead to sale and liquidation of inventory getting delayed against the trajectory under normal course of business, which could adversely affect our financial position and business operations. Fluctuations in the electronic retail market affect the inventory owned by electronic retailers, since merchandise usually must be manufactured in advance of the season and frequently before the trends are evidenced by customer purchases. In addition, the cyclical nature of the retail electronics business requires us to carry a significant amount of inventory, especially prior to peak selling periods when we build up our inventory levels.

Our Company's business relies on the reliable performance of its information technology systems and any interruption or abnormality in the same may have an adverse impact on our business operations and profitability.

Our Company utilises its information technology systems to monitor all aspects of its businesses and relies to a significant extent on such systems for the efficient operation of its business, including, the monitoring of inventory levels, the allocation of products to our stores and budget planning. Our Company also relies on third party providers for providing internet services. A downtime in services of any of these providers or if any of the softwares, hardware or applications become unavailable due to extended outages, interruptions or because they are no longer available on commercially reasonable terms, it could result in delays. Delays in order processing are reduced as our Company utilizes the physical billing procedure in case there is a downtime in the information technology systems. The physical billing procedure is subject to human errors and frauds, which may affect our reputation and profitability. Our Company's information technology systems may not always operate without interruption and may encounter temporary abnormality or become obsolete, which may affect its ability to maintain connectivity with our Stores and Distribution Centres. We cannot assure that we will be successful in developing, installing, running and migrating to new software systems or systems as required for its overall operations. Also, our Company cannot guarantee that the level of security it presently maintains is adequate or that its systems can withstand intrusions from or prevent improper usage by third parties.

Also, our computer networks may be vulnerable to unauthorised access, computer hackers, computer viruses, worms, malicious applications and other security problems caused by unauthorised access to, or improper use of, systems by third parties or employees. Although we have not experienced such attacks in the past, we cannot assure you that our security systems in place can prevent any such attacks in the future or that we will be able to handle such attacks effectively. Our Company's failure to continue its operations without interruption due to any of these reasons may adversely affect our Company's results of operations.

7. DETAILS OF SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS ALONGWITH EXPLANATION

In compliance with the requirement of the Listing Regulations, the key financial ratios of the Company alongwith explanation for significant changes are mentioned below (ie., for change of 25% or more as compared to the immediately previous financial year will be termed as 'significant changes').

7.1 Debt- Equity Ratio: Debt Equity Ratio: The company has availed a new Cash Credit Facility from ICICI Bank Limited during the year along with additional channel financing facilities from the same bank for the purchase of Inventory from various parties and because of this reason there is a variance in Debt Equity Ratio.

7.2 Return on Equity Ratio: The growth in supplier incentives has demonstrably improved the company's financial performance by boosting net profit and consequently, the Return on Equity ratio. This positive variance indicates a potentially successful strategy in supplier negotiations and cost management.

7.3 Net Profit Ratio: The growth in supplier incentives has demonstrably improved the company's financial performance by boosting net profit and consequently, the Net Profit Ratio. This positive variance indicates a potentially successful strategy in supplier negotiations and cost management.

7.4 Return on Capital Employed: The growth in supplier incentives has demonstrably improved the company's financial performance by boosting net profit and consequently, the Return on Capital Employed. This positive variance indicates a potentially successful strategy in supplier negotiations and cost management.

8. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company's internal control systems are commensurate with the nature and size of its business. These systems ensure that all assets of the Company are safeguarded and protected against any loss or damage and that all transactions are properly authorized, recorded and accounted for.

9. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/ INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

It is the Company's firm belief that its people constitute the primary source of its sustainable competitive advantage. Our success in the future will depend on our ability to continue to maintain a pool of experienced personnel. We aim at identifying fresh talent, training, grooming them and providing opportunities for growth. We have been successful in building a team of talented professionals and intend to continue placing special emphasis on managing attrition and attracting and retaining our employees. We also provide technical and functional training to our employees. We intend to further improve our training programmes to ensure that our employees have the skills to meet our customers' demands and provide quality customer service. We intend to continue to encourage our employees to be enterprising and help them to 'learn on the job' and grow within our organisation.

10. CAUTIONARY STATEMENT

Statement in this Management Discussion and Analysis describing the Company's objective, projects, estimates and expectations may be 'forward-looking statement' within the meaning of applicable laws and regulations.

Actual results may vary significantly from the forward-looking statements contained in this document due to various risks and uncertainties. Several factors could make a significant difference to the Company's operations.

These include economic conditions, government regulations and tax laws, political situation, natural calamities, among others, over which the Company does not have any direct control.

Future Directions for Logica in the Evolving Retail Sector

Retail - Current Situation

As of FY24, Logica Retail Stores operates a network of 30 retail outlets, strategically positioned across several key economic zones in India. The distribution of stores is as follows:

- **West Bengal:** Hosting the majority with 19 stores, indicating a strong focus on tapping into the commercial hubs and growing consumer markets within the region.
- **New Delhi:** 8 stores situated in the capital region, leveraging the high consumer density and affluence levels to maximize sales and brand visibility.
- **Uttar Pradesh and Haryana:** Together hosting 3 stores, strategically placed to explore the emerging markets and less saturated regions, potentially yielding higher growth margins as these areas develop economically.

These locations collectively achieved a significant revenue of **INR 113.94 crore** during the fiscal year, underscoring the brand's strong market presence.

Retail Expansion and Strategic Shift

Logica Retail Stores is poised to transition into a large format retailer by the end of FY25, aiming to operate a total of 50 stores. This expansion includes:

- **Exclusive Brand Outlets:** The introduction of specialized stores such as Samsung cafes and HP world stores will cater to niche markets and meet specific consumer demands for high-end electronics and personal computing products.
- **Enhanced Multi-Brand Outlets (MBOs):** The expansion of existing MBOs is designed to provide a diversified product offering, enhancing customer choice and improving service quality across multiple brand offerings in a single location.
- **Geographic Expansion:** With a focus on deepening market penetration in existing regions like West Bengal, Delhi-NCR, UP, and Haryana, and expanding into new territories, the strategy aims to leverage local market dynamics and consumer behavior to maximize retail coverage and sales efficiency.

The planned expansion is expected to increase the company's revenue by **75%**, targeting a revenue of **INR 200.00 crore** through retail stores by FY25.

Strategic Initiatives and Market Impact

The transition towards large-format retailing, combined with the aggressive geographic and format expansion, strategically positions Logica Retail Stores to capitalize on the burgeoning demand for IT and telecom products. This bold strategy is expected to significantly enhance the company's financial footprint and market dominance.

The company's clear focus on strategic growth, revenue enhancement, and market expansion offers a promising avenue for potential substantial returns on investment.

Future Outlook

The expansion to 50 stores and the strategic emphasis on expanding customer reach and enhancing retail formats are set to significantly transform Logica Retail Stores' position in the market. This ambitious growth strategy is aimed at securing a dominant market position and driving substantial returns for stakeholders, establishing the company as a leader in the technology retail sector.

Logica Retail Stores' comprehensive strategy underscores its commitment to not just growth, but also to innovating and adapting to the evolving retail landscape in the technology sector, ensuring robust returns and sustained growth for its investors.

INDEPENDENT AUDITOR'S REPORT

To The Members of LOGICA INFOWAY LIMITED (Erstwhile EASTERN LOGICA INFOWAY LIMITED),

Report on the Audit of the Standalone Financial Statements:

Opinion:

We have audited the financial statements of LOGICA INFOWAY LIMITED (Erstwhile EASTERN LOGICA INFOWAY LIMITED) ("the company"), which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit and its cash flows for the year ended on that date.

Basis for Opinion:

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements:

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2015.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and

design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements:

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we

are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluation the results of our work: and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements:

1. As required by the Companies (Auditor's Report) Order, 2020 issued by the Central Government of India in terms of sub-section (11) of section 143 of The Companies Act 2013, we give in the "Annexure A" statement on the matters specified in paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

- (c) Based on such audit procedures that were considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement;
- v) As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the company only w.e.f. April 1, 2024, reporting under this clause is not applicable;
- vi) The company has not declared or paid any dividend during the year.
- vii) Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF LOGICA INFOWAY LIMITED (ERSTWHILE EASTERN LOGICA INFOWAY LIMITED) FOR THE YEAR ENDED MARCH 31, 2024

Report on the Internal Financial control under clause (i) of Sub-section 3 of Section 143 of the Act, 2013 ("the Act")

To the members of Logica Infoway Limited (Erstwhile Eastern Logica Infoway Limited),

We have audited the internal financial controls over the financial reporting of LOGICA INFOWAY LIMITED (Erstwhile Eastern Logica Infoway Limited) ("the Company") as of March 31, 2024, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

R. RAMPURIA & COMPANY

Chartered Accountants

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
