--	--

Dear Sir / Madam,

Re: Bank of Baroda – Credit Rating - Disclosure under Regulation 30 of SEBI (LODR), 2015.

We advise that CRISIL Ratings has assigned its 'CRISIL AAA/Stable' rating to the Rs 10000 crore Infrastructure bonds of Bank of Baroda (BoB) and has reaffirmed its rating on the bank's existing debt instruments as 'CRISIL AAA/CRISIL AA+/Stable'.

The detailed report is enclosed.

We request you to take note of the above pursuant to Regulation 30 of SEBI (LODR) Regulations, 2015 and upload the information on your website.

Yours faithfully,

P K Agarwal  
Company Secretary

**Rating Rationale**

January 03, 2025 | Mumbai

**Bank of Baroda**

'CRISIL AAA/Stable' assigned to Infrastructure Bonds

**Rating Action**

<b>Rs.10000 Crore Infrastructure Bonds</b>	<b>CRISIL AAA/Stable (Assigned)</b>
<b>Rs.103 Crore (Reduced from Rs.3500 Crore) Tier I Bonds (Under Basel III)</b>	<b>CRISIL AA+/Stable (Reaffirmed)</b>
<b>Rs.2132 Crore Tier I Bonds (Under Basel III)</b>	<b>CRISIL AA+/Stable (Reaffirmed)</b>
<b>Rs.4500 Crore Tier I Bonds (Under Basel III)</b>	<b>CRISIL AA+/Stable (Reaffirmed)</b>
<b>Rs.5000 Crore Tier II Bonds (Under Basel III)</b>	<b>CRISIL AAA/Stable (Reaffirmed)</b>
<b>Rs.3500 Crore Tier II Bonds (Under Basel III)</b>	<b>CRISIL AAA/Stable (Reaffirmed)</b>
<b>Rs.10000 Crore Infrastructure Bonds</b>	<b>CRISIL AAA/Stable (Reaffirmed)</b>
<b>Rs.10000 Crore Infrastructure Bonds</b>	<b>CRISIL AAA/Stable (Reaffirmed)</b>

*Note: None of the Directors on CRISIL Ratings Limited's Board are members of rating committee and thus do not participate in discussion or assignment of any ratings. The Board of Directors also does not discuss any ratings at its meetings.*

*1 crore = 10 million*

*Refer to Annexure for Details of Instruments & Bank Facilities*

**Detailed Rationale**

CRISIL Ratings has assigned its '**CRISIL AAA/Stable**' rating to the Rs 10,000 crore Infrastructure bonds of Bank of Baroda (BoB) and has reaffirmed its rating on the bank's existing debt instruments at '**CRISIL AAA/CRISIL AA+/Stable**'.

CRISIL Ratings has also **withdrawn** its rating on Tier I bonds of Rs 3397 crore. This is in line with its rating withdrawal policy (See 'Annexure 'Details of Rating Withdrawn' for details). CRISIL Ratings has received independent confirmation that these instruments are fully redeemed.

The ratings on the debt instruments of BoB continue to factor in the expectation of strong support from majority owner, Government of India, established franchise and strong market position in the Indian banking sector, adequate capitalisation and resource profile. The ratings also factor in the improving asset quality metrics which, however, continue to be elevated in the micro, small and medium enterprises (MSME) and agriculture portfolios, as well as the bank's moderate profitability metrics.

*\*Tier I Bonds*

**Analytical Approach**

CRISIL Ratings has combined the business and financial risk profile of BoB and its subsidiaries. This is because of the majority shareholding, business and financial linkages and shared brand. The ratings on BoB's debt instruments continue to factor in the strong support expected from its majority owner, the Government of India (63.97% shareholding as on September 30, 2024). This is because the government is both the majority shareholder in public sector banks (PSBs) and the guardian of India's financial system. The stability of the banking sector is of prime importance to the government, given the criticality of the sector to the economy, the strong public perception of sovereign backing for PSBs, and the severe implications of any PSB failure in terms of political fallout, systemic stability, and investor confidence in public sector institutions.

*Please refer Annexure - List of entities consolidated, which captures the list of entities considered and their analytical treatment of consolidation.*

## **Key Rating Drivers & Detailed Description**

### **Strengths:**

- **Strong expectation of support from the government**

The ratings continue to factor in the expectation of strong government support, both on an ongoing basis and in the event of distress. This is because the government is both the majority shareholder in PSBs and the guardian of India's financial system. The stability of the banking sector is of prime importance to the government, given the criticality of the sector to the economy, the strong public perception of sovereign backing for PSBs and the severe implications of any PSB failure in terms of political fallout, systemic stability and investor confidence in public sector institutions.

CRISIL Ratings believes the majority ownership creates a moral obligation on the government to support PSBs, including BoB. As a part of the 'Indradhanush' framework, government had pledged to infuse at least Rs 70,000 crore in PSBs during fiscal 2015-2019. Furthermore, in October 2017, the government had outlined a recapitalisation package of Rs 2.11 lakh crore over fiscals 2018-2019. The government allocated Rs 70,000 crore for capital infusion in fiscal 2020. BoB was allocated Rs 5,375 crore in fiscal 2018 and Rs 7,000 crore in fiscal 2020. In fiscal 2021, BoB had raised capital of Rs 4,500 crore via qualified institutional placements.

CRISIL Ratings believes the government will continue to provide distress support to all PSBs, including BoB, and will not allow any of them to fail. It will also support them in meeting Basel III capital regulations.

- **Established franchise and strong market position in the Indian banking sector**

BoB is currently among India's top five banks by asset size, with total assets of Rs 16,48,842 crore and total deposits of Rs 13,63,486 crore as on September 30, 2024. The bank's market share was over 6% both in terms of total assets and deposits as on March 31, 2024. It is a geographically diversified PSB with an international presence spanning 91 offices in 17 countries. The bank's international operations contributed 17% to the global business as on September 30, 2024 (15.2% as on March 31, 2023).

The bank's overall advances grew 11.6% on-year to Rs 11,43,039 crore as on September 30, 2024, and quarterly by 6.7% (Rs 10,90,506 crore as on March 31, 2024). As on September 30, 2024, corporate constituted 34% of overall advances and international advances comprised 17.9%.

The bank's increased focus on growth in retail (comprised 20% of overall advances as on September 30, 2024), agriculture (13%) and MSME (11%) (RAM) advances is reflected in its share in the overall advances increasing to 44% as on September 30, 2024, from 43% and 42% as on March 31, 2024, and March 31, 2023, respectively. Within retail, home loans, auto loans and personal loans are the key products, comprising 83% of retail advances.

- **Adequate capitalisation**

BoB remains adequately capitalised, with Tier I and overall CAR (under Basel III) at 14.18% and 16.26%, respectively, as on September 30, 2024 (14.1% and 16.3%, respectively, as on March 31, 2024). The bank's networth coverage for net NPA improved to 18.7 times as on September 30, 2024 (13 times as on March 31, 2024) from 3.5 times as on March 31, 2021. BoB had raised capital via QIP of Rs 4,500 crore during fiscal 2021. Capitalisation has been supported by infusion from the government in the past. The bank will be able to maintain adequate capitalisation over the medium term, backed by capital support from the government.

- **Stable resource profile**

BoB has a large, stable and diversified resource profile. Overall Deposit base was substantial at Rs 13,63,486 crore as on September 30, 2024, against Rs 13,26,958 crore as on March 31, 2024. Overall, on-year basis, the bank's domestic CASA deposits grew 7%, translating into CASA ratio of 39.84% as on September 30, 2024 (41.3% as on March 31, 2024). The bank's CASA ratio has declined but remained above 40% since March 2021. The bank has been actively focusing on growing its CASA deposits over the medium term.

The average cost of domestic deposits for the quarter ended September 30, 2024, was 5.16%. (4.97% for fiscal 2024). Retail deposits (savings account + retail term deposits) as a share of domestic deposits stood healthy at 74.4% as on September 30, 2024 (73.3% as on March 31, 2024).

Owing to strong international presence, BoB generates about 15.6% of its deposits from overseas, which adequately support and provide geographical diversity to resource profile. The cost of international deposits was lower at 4.84% in the second quarter of fiscal 2025 against 4.45% in the corresponding period previous fiscal (4.57% in fiscal 2024).

CRISIL Ratings believes BoB will maintain an adequate resource profile over the medium term given its well-spread branch network, diversified investor base and access to international deposits.

#### **Weaknesses:**

- **Improving yet average asset quality**

BOB has reported considerable improvement in the asset quality with gross non-performing assets (GNPA) improving to 2.5% (Rs 28,551 crore) as on September 30, 2024, from 2.92% (Rs 31,834 crore) as on March 31, 2024, and 3.8% (Rs 36,763 crore) as on March 31, 2023. The improvement has been across segments but especially in the corporate book, as evidenced by its GNPA reducing to 0.2% as on September 30, 2024 (0.6% as on March 31, 2024) from 1.1% as on March 31, 2023. International book GNPA also reduced to 2.5% as on September 30, 2024 (4.2% as on March 31, 2024) from 5.9% as on March 31, 2023.

Retail asset quality has marginally inched up to 1.8% as on September 30, 2024, from 1.5% as on March 31, 2024. Moreover, asset quality of MSMEs and agriculture advances, although improving, remain elevated at 8.7% and 5.3%, respectively, as on September 30, 2024. Overall slippage ratio (calculated as additions to NPA as a proportion of opening gross advances) was 1.1% in the second quarter of fiscal 2025 (annualised; 1.07% in fiscal 2024) from 136% in fiscal 2023. The net NPA ratio was 0.6% as on September 30, 2024 (0.68% as on March 31, 2024).

Collection efficiency (excluding agriculture) was 98.5% in the first quarter of fiscal 2025 (averaged at 98% in fiscal 2024). The SMA 1 and SMA 2 accounts, as a proportion to standard advances (with exposure above Rs 5 crore as per CRILC data), was 0.47% as on September 30, 2024 (0.15% as on March 31, 2024, and 0.32% as on March 31, 2023).

The bank's ability to further bring down GNPA, especially for the MSME and agriculture segments, will remain monitorable.

- **Improving, yet moderate profitability**

Profitability was impacted in the past owing to elevated GNPA metrics, leading to higher credit costs. However, in recent years, with improvement in the asset quality, BoB's earnings profile has improved with the bank reporting a profit after tax (PAT) of Rs 17,789 crore in fiscal 2024 against Rs 14,110 crore in fiscal 2023. The return on assets (ROA) stood at 1.17% and 1.03% in fiscals 2024 and 2023, respectively. In the first half of fiscal 2025, the ROA was 1.2%. Owing to increased cost of deposits, net interest margin (NIM<sup>A</sup>) contracted to 2.9% in fiscal 2024 from 3.0% in fiscal 2023, but remained stable at 2.9% in the first half of fiscal 2025. Improvement in bank's profitability will remain monitorable over the medium term over.

*^as per CRISIL Ratings calculations*

#### **Liquidity: Superior**

The liquidity coverage ratio stood at 123.7% (consolidated basis) as on September 30, 2024, against the statutory minimum of 100%. The liquidity also benefits from access to systemic sources of funds, such as the liquidity adjustment facility from the Reserve Bank of India (RBI) and access to the call money market.

#### **ESG profile**

CRISIL Ratings believes that the environment, social, and governance (ESG) profile of BoB supports its already strong credit risk profile.

The ESG profile for the financial sector entities typically factors in governance as a key differentiator. The sector has reasonable social impact because of its substantial employee and customer base and can play a key role in promoting financial inclusion. While the sector does not have a direct adverse environmental impact, the lending decisions may have a bearing on the environment.

The BoB has an ongoing focus on strengthening various aspects of its ESG profile.

#### **Key ESG highlights:**

- As a policy, the bank does not extend finance to borrowers for setting up new units producing/consuming ozone depleting substances, and small/medium scale units that manufacture aerosol units using chlorofluorocarbons, which reduces greenhouse effect.

- To reduce carbon footprint, 175 branches of the bank in rural/semi-urban areas are being run on solar energy only. As a result, there was a reduction of a total 2,400 tonne of carbon dioxide emission till fiscal 2023.
- Of the total workforce, around 26% comprised of women as on March 31, 2024. Furthermore, the bank has taken initiatives to promote gender equity within the organisation.
- About 42% of the board members are independent directors, and none of them have tenure exceeding 10 years. The bank also has a dedicated investor grievance redressal mechanism.
- ESG disclosures of the bank are evolving; and it is in the process of further strengthening the disclosures.

There is growing importance of ESG among investors and lenders. BoB's commitment to ESG will play a key role in enhancing stakeholder confidence, given shareholding by foreign portfolio investors and access to both domestic and foreign capital markets.

#### **Outlook: Stable**

The bank will maintain its strong market position in the financial services sector in India and will continue to benefit from strong government support.

#### **Rating sensitivity factors**

##### **Downward factors**

- Material change in shareholding and/or expectation of government support
- Substantial deterioration in asset quality metrics, thereby also impacting earnings profile
- Decline in capital adequacy ratios (CARs) below minimum regulatory requirements (including capital conservation buffer, which is Tier I of 9.5% and overall CAR of 11.5%) for an extended period
- Significant deterioration in the eligible reserves available with the bank
- Downward revision in rating of Tier-II bonds will result in corresponding change in rating of Tier-I bonds (under Basel III).

#### **About the Bank**

Incorporated in 1908 as a privately owned institution headquartered in Vadodara, BoB expanded its operations through mergers and acquisitions before being nationalised in 1969. The government shareholding in BoB stood at 63.97% as on September 30, 2024. Presently, BoB is among the five largest banks in India with a domestic network of 8,209 branches, of which 60% are in rural and semi-urban areas. BoB also has a large international presence, amongst Indian banks with 91 overseas offices across 17 countries

#### **Note on non-equity Tier 1 capital instruments (Under Basel III)**

The distinguishing features of non-equity Tier-I capital instruments (under Basel III) are the existence of coupon discretion at all times, high capital thresholds for likely coupon non-payment and principal write-down (on breach of a pre-specified trigger). These features increase the risk attributes of non-equity Tier-I instruments over those of Tier-II instruments under Basel III and capital instruments under Basel II. To factor in these risks, CRISIL Ratings notches down the rating on these instruments from the bank's corporate credit rating. The rating on BoB's tier-I bonds (under Basel III) has, therefore, been

labeled by one notch below the corporate credit rating to 'CRISIL AA+/Stable', in line with CRISIL Ratings' criteria (refer to 'CRISIL Ratings' rating criteria for BASEL III compliant instruments of banks').

Factors that could trigger a default event for non-equity Tier-I capital instruments (under Basel III), resulting in non-payment of coupon, include: i) the bank exercising coupon discretion, ii) inadequacy of eligible reserves to honour coupon payment if the bank reports low profit or a loss or iii) the bank breaching the minimum regulatory CET I, including capital conservation buffer, ratios. Moreover, given their additional risk attributes, the rating transition for non-equity Tier-I capital instruments (under Basel III) can potentially be higher than that for Tier-II instruments.

#### Note on Tier-II Instruments (under Basel III)

The distinguishing feature of Tier-II capital instruments under Basel II, is the existence of the point of non-viability (PONV) trigger, occurrence of which may result in loss of principal to the investors, and hence, to default on the instrument by the issuer. According to the Basel III guidelines, the PONV trigger will be determined by the RBI. CRISIL Ratings believes that the PONV trigger is a remote possibility in the Indian context, given the robust regulatory and supervisory framework and the systemic importance of the banking sector. The inherent risk associated with the PONV feature is adequately factored into the rating on the instrument.

#### Note on complexity levels of the rated instrument:

CRISIL Ratings' complexity levels are assigned to various types of financial instruments and are included (where applicable) in the 'Annexure - Details of Instrument' in this Rating Rationale.

CRISIL Ratings will disclose complexity level for all securities - including those that are yet to be placed - based on available information. The complexity level for instruments may be updated, where required, in the rating rationale published subsequent to the issuance of the instrument when details on such features are available.

For more details on the CRISIL Ratings' complexity levels please visit [www.crisilratings.com](http://www.crisilratings.com). Users may also call the Customer Service Helpdesk with queries on specific instruments.

Note for Media:

This rating rationale is transmitted to you for the sole purpose of dissemination through your newspaper/magazine/agency. The rating rationale may be used by you in full or in part without changing the meaning or context thereof but with due credit to CRISIL Ratings. However, CRISIL Ratings alone has the sole right of distribution (whether directly or indirectly) of its rationales for consideration or otherwise through any media including websites and portals.

### **About CRISIL Ratings Limited (A subsidiary of CRISIL Limited, an S&P Global Company)**

CRISIL Ratings pioneered the concept of credit rating in India in 1987. With a tradition of independence, analytical rigour and innovation, we set the standards in the credit rating business. We rate the entire range of debt instruments, such as bank loans, certificates of deposit, commercial paper, non-convertible/convertible/partially convertible bonds and debentures, perpetual bonds, bank hybrid capital instruments, asset-backed and mortgage-backed securities, partial guarantees and other structured debt instruments. We have rated over 33,000 large and mid-scale corporates and financial institutions. We have also instituted several innovations in India in the rating business, including ratings for municipal bonds, partially guaranteed instruments and infrastructure investment trusts (InvITs).

CRISIL Ratings Limited ('CRISIL Ratings') is a wholly-owned subsidiary of CRISIL Limited ('CRISIL'). CRISIL Ratings Limited is registered in India as a credit rating agency with the Securities and Exchange Board of India ("SEBI").

#### **DISCLAIMER**

This disclaimer is part of and applies to each credit rating report and/or credit rating rationale ('report') provided by CRISIL Ratings Limited ('CRISIL Ratings'). For the avoidance of doubt, the term 'report' includes the information, ratings and other content forming part of the report. The report is intended for use only within the jurisdiction of India. This report does not constitute an offer of services. Without limiting the generality of the foregoing, nothing in the report is to be construed as CRISIL Ratings provision or intention to provide any services in jurisdictions where CRISIL Ratings does not have the necessary licenses and/or registration to carry out its business activities. Access or use of this report does not create a client relationship between CRISIL Ratings and the user.

The report is a statement of opinion as of the date it is expressed, and it is not intended to and does not constitute investment advice within meaning of any laws or regulations (including US laws and regulations). The report is not an offer to sell or an offer to purchase or subscribe to any investment in any securities, instruments, facilities or solicitation of any kind to enter into any deal or transaction with the entity to which the report pertains. The recipients of the report should rely on their own judgment and take their own professional advice before acting on the report in any way.

CRISIL Ratings and its associates do not act as a fiduciary. The report is based on the information believed to be reliable as of the date it is published, CRISIL Ratings does not perform an audit or undertake due diligence or independent verification of any information it receives and/or relies on for preparation of the report. THE REPORT IS PROVIDED ON "AS IS" BASIS. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAWS, CRISIL RATINGS DISCLAIMS WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR OTHER WARRANTIES OR CONDITIONS, INCLUDING WARRANTIES OF MERCHANTABILITY, ACCURACY, COMPLETENESS, ERROR-FREE, NON-INFRINGEMENT, NON-INTERRUPTION, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE OR INTENDED USAGE. In no event shall CRISIL Ratings, its associates, third-party providers, as well as their directors, officers, shareholders, employees or agents be liable to any party for any direct, indirect, incidental, exemplary, compensatory, punitive, special or consequential damages, costs, expenses, legal fees or losses (including, without limitation, lost income or lost profits and opportunity costs) in connection with any use of any part of the report even if advised of the possibility of such damages.

The report is confidential information of CRISIL Ratings and CRISIL Ratings reserves all rights, titles and interest in the rating report. The report shall not be altered, disseminated, distributed, redistributed, licensed, sub-licensed, sold, assigned or published any content thereof or offer access to any third party without prior written consent of CRISIL Ratings.

CRISIL Ratings or its associates may have other commercial transactions with the entity to which the report pertains or its associates. Ratings are subject to revision or withdrawal at any time by CRISIL Ratings. CRISIL Ratings may receive compensation for its ratings and certain credit-related analyses, normally from issuers or underwriters of the instruments, facilities, securities or from obligors.

CRISIL Ratings has in place a ratings code of conduct and policies for managing conflict of interest. For more detail, please refer to: <https://www.crisil.com/en/home/our-businesses/ratings/regulatory-disclosures/highlighted-policies.html>. Public ratings and analysis by CRISIL Ratings, as are required to be disclosed under the Securities and Exchange Board of India regulations (and other applicable regulations, if any), are made available on its websites, [www.crisilratings.com](http://www.crisilratings.com) and <https://www.ratingsanalytica.com> (free of charge). CRISIL Ratings shall not have the obligation to update the information in the CRISIL Ratings report following its publication although CRISIL Ratings may disseminate its opinion and/or analysis. Reports with more detail and additional information may be available for subscription at a fee. Rating criteria by CRISIL Ratings are available on the CRISIL Ratings website, [www.crisilratings.com](http://www.crisilratings.com). For the latest rating information on any company rated by CRISIL Ratings, you may contact the CRISIL Ratings desk at [crisilratingdesk@crisil.com](mailto:crisilratingdesk@crisil.com), or at (0091) 1800 267 1301.

CRISIL Ratings uses the prefix 'PP-MLD' for the ratings of principal-protected market-linked debentures (PPMLD) with effect from November 1, 2011, to comply with the SEBI circular, "Guidelines for Issue and Listing of Structured Products/Market Linked Debentures". The revision in rating symbols for PPMLDs should not be construed as a change in the rating of the subject instrument. For details on CRISIL Ratings' use of 'PP-MLD' please refer to the notes to Rating scale for Debt Instruments and Structured Finance Instruments at the following link: <https://www.crisilratings.com/en/home/our-business/ratings/credit-ratings-scale.html>
