record high
EPFO net
enrollment
in May

FEE BUREAU
New Delhi, July 20

THE EMPLOYEES' PROVIDENT FUND ORGANISATION (EPFO) added 1.95 million net members in May, the highest since the first payroll data was issued in April 2018, a release issued by the labour ministry said.

The previous record-high net additions to the EPFO were in April, at 1.89 million.

On a year-on-year (YoY) basis, net member additions during May rose by 19.6%, which can be attributed to several factors, such as the availability of employment opportunities, a growing awareness of employee benefits, and the effectiveness of EPFO's outreach programmes," the ministry said.

During May, around 98,000 new members enrolled with EPFO, which is 1.16% more as compared to April 2024, and 11.5% higher than May 2023.

Within the new enrolments, 58% were from the age group of 18-25, indicating that most individuals joining the organised workforce are youth, primarily first-time job seekers, said the ministry.

Further, the data showed that of new members added during the month, around 248,000 were females, representing a 1.23% increase as against May 2023. Also, the net female member addition during the month stood at around 369,000, which was up 17.24% on-year.

The surge in female member additions is indicative of a broader shift towards a more inclusive and diverse workforce," the ministry said.

The net member addition was highest in these five states: Maharashtra, Karnataka, Tamil Nadu, Gujarat, and Haryana.
